SANTO MINING CORP.

(A DEVELOPMENT STAGE COMPANY)

NOTES TO FINANCIAL STATEMENTS

(Unaudited)

NOTE 1. – BASIS OF PRESENTATION

The accompanying unaudited interim financial statements of Santo Mining Corp. (“Santo Mining” or the “Company”) have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission (“SEC”), and should be read in conjunction with the audited financial statements and notes thereto contained in Santo Mining’s Annual Report filed with the SEC on Form 10-K for the year ended July 31, 2012. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of the financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which substantially duplicate the disclosure contained in the audited financial statements for fiscal 2012 as reported in the Form 10-K have been omitted.

NOTE 2. – GOING CONCERN

These financial statements have been prepared on a going concern basis, which implies Santo Mining will continue to meet its obligations and continue its operations for the next fiscal year. As of October 31, 2012, Santo Mining has not generated revenues and has accumulated losses of \$487,712 since inception. Santo mining has not commenced operations. The Company’s sole officer and director is unwilling to loan or advance any additional capital to the Company, except for the costs associated with the preparation and filing of reports with the SEC. These factors raise substantial doubt regarding Santo Mining’s ability to continue as a going concern. The continuation of Santo Mining as a going concern is dependent upon financial support from its stockholders, the ability of Santo Mining to obtain necessary equity financing to continue operations, and the attainment of profitable operations. Realization value may be substantially different from carrying values as shown and these financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should Santo Mining be unable to continue as a going concern .

The Company intends to continue seeking and investigating potentially revenue producing projects through its mining operations. No assurances can be given as to the likelihood of it obtaining any revenue producing projects.

NOTE 3. – MINERAL CLAIMS

When this report uses the word “property” or “claim” it refers to a “concession application” which according to the Dominican Mining Law grants the holder with certain preferential rights including future exclusive rights to prospect, explore and exploit metallic minerals within its designated boundaries.

F-4

On July 30, 2012, under the Acquisition Agreement, Ms. Rosa agreed to transfer 6,456,600 shares of the Company's common stock she owned to GEXPLO, a company owned by Mr. Alain French, the Company's new President, Chief Executive Officer and Director, for a mineral right previously owned by GEXPLO. The Company recorded \$4,142 (original costs incurred by GEXPLO to obtain the claim) for the mineral right and the same amount in paid-in capital for the shares transferred as the result of this related party transaction.

On September 17, 2012, the Company exercised its right of first refusal to purchase two additional mineral properties, the Walter Claim and the Maria Claim, from Gexplo, SRL pursuant to the Acquisition Agreement. In exchange for the Walter Claim and the Maria Claim, Rosa Habeila Feliz Ruiz, the Secretary of the Company, transferred 13,181,460 of her shares of the Company's common stock to the Vendor. The Vendor is owned by Alain French, our President, Chief Executive Officer and Director.

On October 12, 2012, the Company amended the Acquisition Agreement with Gexplo, SRL and Rosa Habeila Feliz Ruiz, an officer and director of the Company. Pursuant to the Amendment, the Company would no longer have right of first refusal to purchase the Shalee and Daniel claims and instead would have right of first refusal to purchase the Henry, Francesca, Eliza, and Nathaniel claims.

On October 12, 2012, the Company exercised its right of first refusal to purchase four additional mineral properties, the Henry Claim, the Francesca Claim, the Eliza Claim and the Nathaniel Claim, from the Vendor pursuant to the Acquisition Agreement. In exchange for the Claims, Rosa Habeila Feliz Ruiz transferred 12,644,943 of her shares of the Company's common stock to the Vendor. The Vendor is owned by Alain French, our President, Chief Executive Officer and Director.

During the quarter ended October 31, 2012, the Company recorded \$6,654 (original costs incurred by GEXPLO to obtain the claims) for the mineral right and the same amount in paid-in capital for the shares transferred as the result of this related party transaction.

NOTE 4. – RELATED PARTY TRANSACTIONS

As of October 31, 2012 and July 31, 2012, the Company had payable of \$79,696 to Ms. Ruiz for the advances she made to the Company to cover incorporation costs of the Company and ongoing legal and accounting fees related to the Company's SEC reporting obligations. These advances bear no interest, are unsecured and are due on demand.

On May 31, 2012, the Company entered into a promissory note with GEXPLO, SRL, a company owned by the Company's then corporate secretary, Mr. Alain French. The total amount loaned was \$59,770 as of May 31, 2012 for exploration expenses that the Company paid on GEXPLO's behalf for Alexia Claim which was acquired by the

Company in July 2012. The loan is non-interest bearing and matures on December 31, 2012. The loan was cancelled by the Company as consideration in the Acquisition Agreement, on July 30, 2012. See Note 3 for the shares transferred between Ms. Ruiz and GEXPLO.

On November 19, 2012, the Company declared a 1 for 2 forward stock split.

On December 7, 2012, the Company filed a Certificate of Change with the Nevada Secretary of State to cancel the Certificate of Amendment originally filed on November 19, 2012 declaring a forward split of the Company's shares of common stock.

On December 14, 2012, Rosa Habeila Feliz Ruiz submitted a letter of resignation to the board of directors of the company, pursuant to which she resigned as Secretary and Director, effective immediately. Ms. Ruiz's resignation was not as a result of any disagreement with the Company. The Company appointed Alain French, our Chief Executive Officer, President, Treasurer and Director as Secretary of the Company.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The following provides information which management believes is relevant to an assessment and understanding of our results of operations and financial condition. The discussion should be read along with our financial statements and notes thereto. The following discussion and analysis contains forward-looking statements, which involve risks and uncertainties. Our actual results may differ significantly from the results, expectations and plans discussed in these forward-looking statements. See "Cautionary Note Regarding Forward Looking Statements."

Overview

Santo Mining Corp. (the "Company") is a company which acquires and also applies for metallic mining concessions in the Dominican Republic for the purpose of exploration and ultimately the extraction of precious and base metal mineral ores. We target near-term production opportunities in areas geologically similar to Pueblo Viejo, one of the largest sulfide gold deposits in the Western Hemisphere. Our vision is to define deposits and extract metals from both alluvial deposits that require minimal processing and bulk-tonnage, open-pit oxide and sulfide gold deposits where poly-metallic ores with economic concentrations of precious and base metals may be extracted and transported to local or offshore processing plants and refineries.

The Company plans to combine rapid exploration methodology with innovative operational and logistical approaches to ensure the efficient and effective extraction of gold and other metals in the future.

Our exploration projects create an alternative opportunity for investors. Each of our claim areas lie within high-potential geology—with the same characteristics as Pueblo Viejo, one of the world's largest sulfide gold deposit. Each claim is ideally situated for our geology team approach to exploration.

This swift mobilization and on-site sampling analysis capability was developed to drive growth and value in the near and long terms. Our claims are 100% owned, and lie in the core of the mineral rich Hispaniola Gold-Copper Back-Arc.

We are a development stage company and have not yet generated or realized any revenues from our business operations.

There is a going concern as to whether we can continue as an on-going business for the next twelve months unless we obtain additional capital to pay our bills. Our independent auditor has raised substantial doubt regarding our ability to continue as a going concern. This is because we have not generated any revenues and no revenues are anticipated until we are able to go into production of gold. Accordingly, we must raise cash from sources other than operations. Our only other source for cash at this time is investments by others. We must raise cash to implement our project and begin our operations.

To meet our need for cash, we raised \$150,000 in a private placement offering which closed on March 2, 2012 with an additional \$51,000 private placement which closed on July 19, 2012 and another private placement offering that closed on September 17, 2012, which raised \$300,000. Even with these funds, we cannot guarantee that we will stay in business after twelve months. If we are unable to secure any favorable mineral results from testing and sampling and if mineral prices continue to be higher than the price we have negotiated with our suppliers, we may quickly use up the proceeds from the offerings and will need to find alternative sources, like a second public offering, further private placement of securities, or loans from our officers or others in order for us to maintain our operations. At the present time, we have not made any arrangements to raise additional cash, other than from our private offering. If we need additional cash and cannot raise it, we will either have to suspend operations until we do raise the cash, or cease operations entirely. However, our President and CEO is willing to fund the initial operations of the Company until sufficient funds are available. These initial operations specifically refer to the fees associated with the filing of the company's periodic and annual reporting requirements to maintain compliance with the SEC, and all applicable legal and accounting fees that we expect to be incurred by the Company in that regard. We anticipate these fees to total approximately \$60,000 to \$85,000.

From July 8, 2009 through to the date of the acquisition of our first Claim, we were a designated shell company with minimal operations. As described below, on July 30, 2012, we entered into an acquisition agreement and began operations and ceased to be a shell.

On March 2, 2012, the Company sold 337,500 shares of common stock for \$150,000 in a private placement transaction. The shares were issued pursuant to Regulation S of the Exchange Act of 1933.

On March 19, 2012, the Company filed a Certificate of Amendment to our Articles of Incorporation (the "Amendment") to change our name from "Santo Pita Corporation" to "Santo Mining Corp." and to increase the authorized shares of our common stock from 100,000,000 to 450,000,000.

On March 26, 2012, we effected a 1 for 4.5 forward stock split of our common stock. On July 9, 2012, a 4 for 1 reverse stock split of our common stock was effective decreasing our issued and outstanding common stock from 253,199,996 to 63,300,005. All share and per share amounts have been restated retroactively for the impact of the splits.

On July 19, 2012, the Company sold 102,000 shares of common stock for \$51,000.

On July 30, 2012 (the "Closing Date"), we entered into a mineral property acquisition agreement (the "Acquisition Agreement") with Gexplo, SRL (the "Vendor") and Rosa Habeila Feliz Ruiz, an officer and director of the Company, whereby the Company agreed to acquire from the Vendor an undivided one hundred percent (100%) interest in and to a mineral claim known as Alexia, which is located in the province of Dajabon, in the municipalities of Dajabon and Partido, specifically in the sections Chaucey, La Gorra and Partido Arriba, covering Los Indios, Pueblo Nuevo, Hatico Viejo, El Junco, La Gallina, Tahuique and Charo located in the Dajabon 5874-I (11) and Loma de Cabrera

5874-II (19) topographical sheets, complying with the terms of mining law No. 146 and its regulations (the “Alexia Claim”) as described in the Acquisition Agreement (the “Acquisition”).

Pursuant to the terms of the Acquisition Agreement, in consideration of an undivided 100% interest in and to the Alexia Claim, the Vendor received 6,456,600 shares of the Company’s common stock transferred from Ms. Ruiz and the cancellation of the promissory note for \$59,770 from the Company to the Vendor dated May 31, 2012.

On September 17, 2012, the Company sold 600,000 shares of common stock for \$300,000.

In September 2012, 116,665 shares were issued to a third-party vendor for services. These shares were valued at their fair value of \$23,333.

On September 17, 2012, the Company exercised its right of first refusal to purchase two additional mineral properties, Walter (the "Walter Claim") and Maria (the "Maria Claim"), from Gexplo, SRL pursuant to the "Acquisition Agreement". In exchange for the Walter Claim and the Maria Claim, Rosa Habeila Feliz Ruiz, the Secretary of the Company, transferred 13,181,460 of her shares of the Company's common stock to the Vendor. The Vendor is owned by Alain French, our President, Chief Executive Officer and sole Director.

On October 12, 2012, the Company amended the Acquisition Agreement (the "Amendment") with Gexplo, SRL and Rosa Habeila Feliz Ruiz, an officer and director of the Company. Pursuant to the Amendment, the Company would no longer have right of first refusal to purchase the Shalee and Daniel claims and instead would have right of first refusal to purchase the Henry, Francesca, Eliza, and Nathaniel claims.

On October 12, 2012, the Company exercised its right of first refusal to purchase four additional mineral properties, Henry (the "Henry Claim"), Francesca (the "Francesca Claim"), Eliza (the "Eliza Claim") and Nathaniel (the "Nathaniel Claim"), from the Vendor pursuant to the Acquisition Agreement. In exchange for the Claims, Rosa Habeila Feliz Ruiz transferred 12,644,943 of her shares of the Company's common stock to the Vendor. The Vendor is owned by Alain French, our President, Chief Executive Officer and Director.

On November 19, 2012, the Company declared a 1 for 2 forward stock split.

On December 7, 2012, the Company filed a Certificate of Change with the Nevada Secretary of State to cancel the Certificate of Amendment originally filed on November 19, 2012 declaring a forward split of the Company's shares of common stock.

On December 14, 2012, Rosa Habeila Feliz Ruiz submitted a letter of resignation to the board of directors of the company, pursuant to which she resigned as Secretary and Director, effective immediately. Ms. Ruiz's resignation was not as a result of any disagreement with the Company. The Company appointed Alain French, our Chief Executive Officer, President, Treasurer and Director as Secretary of the Company.

Plan of Operations

Since we entered into the Acquisition Agreement, we have changed our plan of operations to focus on the exploration of our Claims in the Dominican Republic. We are also hopeful on closing additional Claims in the near future as laid out in the Acquisition Agreement. Concurrently, we plan to undertake exploration on the Properties already acquired. Our exploration plan is detailed in the “Item 2: Properties” section of our Annual Report, filed on Form 10-K for the period ended July 31, 2012 filed with the SEC on November 13, 2012.

Limited operating history; need for additional capital

There is no historical financial information about us upon which to base an evaluation of our performance. We are a development stage company and have not generated any revenues to date. We cannot guarantee we will be successful in our business operations. Our business is subject to risks inherent in the establishment of a new business enterprise, including limited capital resources and possible cost overruns due to price and cost increases in services and products.

We have no assurance that future additional financing will be available to us on acceptable terms. If financing is not available on satisfactory terms, we may be unable to continue, develop or expand our operations. Equity financing could result in additional dilution to our existing stockholders.

Results of operations

From Inception on July 8, 2009 to October 31, 2012

As of the date of this report, we have yet to generate any revenues from our business operations.

On July 30, 2012, we entered into the Acquisition Agreement and as a result of the transfer of title to the Claim to us, we began operations and ceased to be a shell.

Our net loss since inception is \$487,712 as a result of incurring expenses of \$130,560 for accounting and legal fees, \$241,881 for consulting fees, \$93,969 for other general and administrative expenses, amortization expense of \$5,147, interest income of \$4, foreign currency translation loss of \$173, and \$15,986 for transfer agent fees.

On December 1, 2011, we entered into a consulting agreement (the "Agreement") with an independent consulting firm ("Firm"). Pursuant to the Agreement, the Firm will evaluate the business of the Company as well as coordinate the Company's SEC reporting requirements and filings. The Company will pay the Firm \$4,000 a month and will issue the Consultant 350,000 shares at the end of the third month from the date the agreement was signed. The 233,335 shares were issued as of July 31, 2012 and the remaining shares were issued in September, 2012. The Agreement terminated on December 1, 2012, however, the Company and the Firm are in discussions to renew the agreement.

On May 31, 2012, we entered into a promissory note with GEXPLO, SRL, a company owned by our corporate President, Mr. Alain French.
