The information contained in this Current Report on Form 8-K is being furnished pursuant to Item 2.02 and Item 7.01 of Form 8-K and shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liability of that section. The information contained in this Current Report on Form 8-K shall not be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, whether made before or after the date hereof, except as shall be expressly set forth by specific reference in such a filing.

On October 26, 2005, Harris Corporation ("Harris" or the "Company") issued a press release announcing, among other things, its results of operations and financial condition as of and for its first quarter of fiscal year 2006 and revised guidance regarding expected earnings for fiscal year 2006. In connection with the announcement, Harris hosted a conference call to discuss the press release and the earnings and results for the first quarter of fiscal year 2006 as well as earnings guidance for fiscal year 2006. During the conference call, management inadvertently stated that the Company expected fiscal year 2006 revenue growth for the RF Communications Division to be 35% to 45% when compared to fiscal year 2005. As a clarification, it is the Company's current expectation that revenue growth for the RF Communications Division for fiscal year 2006 will be 35% to 40% when compared to fiscal year 2005.

Forward-Looking Statements

Statements in this Current Report on Form 8-K that are not historical facts are forward-looking statements that reflect management's current expectations, assumptions, and estimates of future performance and economic conditions. Such statements are made in reliance upon the safe harbor provisions of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements in this Current Report on Form 8-K relate to expected rates of revenue growth for the Company's RF Communications Division. The Company cautions investors that any forward-looking statements are subject to risks and uncertainties that may cause actual results and future trends to differ materially from those matters expressed in or implied by such forward-looking statements. The Company's consolidated results and the forward-looking statements could be affected by many factors, including but not limited to: our participation in markets that are often subject to uncertain economic conditions which makes it difficult to estimate growth in our markets and, as a result, future income and expenditures; our dependence on the U.S. government for a significant portion of our revenues, and the loss of this relationship or a shift in U.S. government funding could have adverse consequences on our future business; potential changes in U.S. government or customer priorities due to program reviews or revisions to strategic objectives, including termination of or potential failure to fund U.S. government contracts; risks inherent with large long-term fixed-price contracts, particularly the ability to contain cost overruns; the performance of critical subcontractors or suppliers; financial and government and regulatory risks relating to international sales and operations, including fluctuations in foreign currency exchange rates and the effectiveness of our currency hedging program; our ability to continue to develop new products that achieve market acceptance; the consequences of future geo-political events, which may affect adversely the markets in which we operate, our ability to insure against risks, our operations or our profitability; strategic acquisitions and the risks and uncertainties related thereto, including our ability to manage and integrate acquired businesses; potential claims that we are infringing the intellectual property rights of third parties; the successful resolution of patent infringement claims and the ultimate outcome of other contingencies, litigation and legal matters; customer credit risk; the fair values of our portfolio of passive investments, which values are subject to significant price volatility or erosion; risks inherent in developing new technologies; the potential impact of hurricanes on our operations in Florida and the potential impact of earthquakes on our operations in California; the ability to recruit and retain qualified personnel; and general economic conditions in the markets in which we operate. Further information relating to factors that may impact the Company's results and forward-looking statements are disclosed in the Company's filings with the SEC. Harris disclaims any intention or obligation, other than imposed by law, to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.
