Item 4. Summary of Material Change

Canadian Superior successfully applied for an order under the Companies’ Creditors Arrangement Act (Canada) (“CCAA”).

Item 5. Full Description of Material Change

5.1

Full Description of Material Change

Canadian Superior’s application to the Court of Queen’s Bench of Alberta for an Order under the CCAA was successful, allowing Canadian Superior to prepare a plan of arrangement for its creditors, and staying all claims and actions against Canadian Superior and its assets. The Order was made under section 11 of the CCAA and it is in effect until March 25, 2009, at which time the matter will be reviewed by the Court.

While the Order is in effect, Canadian Superior will work with a court-appointed Monitor and it will continue to implement a plan of arrangement for its creditors, which includes its initiative to sell an undivided 25% or larger interest in its “Intrepid” Block 5(c) in Trinidad and Tobago. A successful sale of the Trinidad asset should allow Canadian Superior to re-structure in an organized manner and re-emerge from CCAA in due course.

Item 5. Full Description of Material Change

5.1

Full Description of Material Change

On February 12, 2009, upon the application of BG International Limited ("BG"), a wholly owned subsidiary of the BG Group plc, an interim Receiver of Canadian Superior's participating interest in "Intrepid" Block 5(c) was appointed. Pursuant to the Court Order, the Receiver, in conjunction with BG, will operate the property and conduct the flow testing of the "Endeavour" well which Canadian Superior believes will validate its operations to date. The Court Order allows the Receiver to charge Canadian Superior interest in Block 5(c) with an amount up to U.S. \$47 million to pay for Canadian Superior's share of the costs under the joint operating agreement with BG. Canadian Superior will continue with the monetization of its interest in Block 5(c) as previously announced and the proceeds from any sale will be applied to its share of the costs charged against Block 5(c) and to discharge the Receiver.

Canadian Superior Updates Shareholders

CALGARY, ALBERTA, CANADA--(Marketwire – February 12, 2009) - Canadian Superior Energy Inc. ("Canadian Superior", the "Company") (TSX:SNG) (NYSE Alternext US:SNG) announced today the appointment, upon the application of BG International Limited ("BG"), a wholly owned subsidiary of the BG Group plc, of an interim Receiver of its participating interest in "Intrepid" Block 5(c). Pursuant to the Court Order, the Receiver, in conjunction with BG, will operate the property and conduct the flow testing of the "Endeavour" well which Canadian Superior believes will validate its operations to date. The Court Order allows the Receiver to charge Canadian Superior interest in Block 5(c) with an amount up to U.S. \$47 million to pay for its share of the costs under the joint operating agreement with BG. Canadian Superior will continue with the monetization of its interest in Block 5(c) as previously announced and the proceeds from any sale will be applied to its share of the costs charged against Block 5(c) and to discharge the Receiver.

Canadian Superior questions the motives of BG given the fact that Canadian Superior has announced its intention to monetize all or a portion of its interests in Block 5(c). The Company has to date under its operatorship drilled and flow tested two (2) successful wells and is awaiting results of the flow testing on the third well which will validate our operations on the Block. Expenditures to date on this three (3) well program have totaled approximately U.S. \$290 million. Canadian Superior believes there is a significant surplus value in its interests well in excess of its obligations. Canadian Superior has instructed its legal counsel to pursue all available legal remedies including an appeal.

The "Intrepid" Block 5(c) is located approximately 60 miles off the east coast of Trinidad in the Columbus Basin and covers 80,041 gross acres. In 2008, Canadian Superior and its Joint Venture partners, BG and Challenger Energy Corp. announced two separate natural gas discoveries on the "Intrepid" Block 5(c); in the "Victory" well and in the "Bounty" well. Production test rates have been previously reported. The 3rd well, "Endeavour", has also discovered natural gas and final detailed results for the "Endeavour" well will be publicly released in due course.

Canadian Superior Energy Inc. is a Calgary, Alberta, Canada based diversified global energy company engaged in the exploration and production of oil and natural gas, and liquefied natural gas ("LNG") projects, with operations offshore Trinidad and Tobago, offshore Nova Scotia, Canada, in Western Canada, in the United States and in North Africa.
