SONDE RESOURCES CORP. ANNOUNCES APPROVAL EXTENSION OF NORTH AFRICA EXPLORATORY  
OBLIGATIONS

CALGARY, ALBERTA--(Marketwire – December 24, 2012) – Sonde Resources Corp. ("Sonde" or the "Company") (TSX: SOQ) (NYSE MKT LLC: SOQ) confirms that Joint Oil's Board and General Assembly have approved Sonde to enter the second Exploration Phase extending the exploration work program for the three exploratory wells obligation under the Exploration and Production Sharing Agreement ("EPSA") to December 2015.

The Amending Agreement to the EPSA provides for a Second Phase Work Program as follows:

One Exploratory well must be drilled by the end of each year beginning in 2013 or will be subject to a US \$15 million per well penalty; and

Sonde will acquire 200 sq. km. of 3D seismic in the "B" subcontract area offshore Libya.

The seismic work is an additional obligation, as permitting did not allow the acquisition to take place during our seismic acquisition in 2012. Sonde continues to provide a Corporate Guarantee for the US \$46.6 million potential penalty for noncompliance. The Corporate Guarantee declines by US \$15 million as each well is drilled and \$1.6 million when the 3D seismic is completed.

---

Jack Schanck, President and CEO, said, “Joint Oil has assisted Sonde by recognizing the increased costs and operational challenges in moving the Zarat Field development and exploratory effort forward by extending our obligations into the second phase of the exploration period. We are grateful to Joint Oil and its shareholders to allow us to move forward and develop the Block’s potential.”

Sonde Resources Corp. is a Calgary, Alberta, Canada based energy company engaged in the exploration and production of oil and natural gas. Its operations are located in Western Canada, and offshore North Africa. Forward Looking Information – This news release contains "forward-looking information" within the meaning of applicable Canadian securities laws and "forward looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Such forward-looking information or statements are based on a number of risks, uncertainties and assumptions which may cause actual results or other expectations to differ materially from those anticipated and which may prove to be incorrect. Assumptions have been made regarding, among other things, management's expectations regarding negotiations with foreign governments and commercial parties. Actual results could differ materially due to a number of factors, including, without limitation, market conditions; risks inherent in operating in foreign jurisdictions and negotiating with foreign governments and foreign commercial parties; delays or changes in plans with respect to exploration or development projects or capital expenditures; risks affecting Sonde’s ability to execute projects and market oil and natural gas; and the inability to raise additional capital to pursue projects. Additional assumptions and risks are set out in detail in the Company’s Annual Information Form, available on SEDAR at [www.sedar.com](http://www.sedar.com)., and the Company's annual reports on Form 40-F on file with the U.S. Securities and Exchange Commission. Although management believes that the expectations reflected in the forward-looking information or
