Questions and Answers

1. What is a proxy statement, what is a proxy and how does it work?

A proxy statement is a document that the U.S. Securities and Exchange Commission requires us to give you when we ask you to sign a proxy card designating someone other than you to vote the stock you own. The written document you sign indicating who may vote your shares of common stock is called a proxy card and the person you designate to vote your shares is called a proxy. The Board of Directors is asking to act as your proxy. By signing and returning to us the proxy card enclosed you are designating us as your proxy to cast your votes at the 2015 Annual Meeting of Stockholders. We will cast your votes as you indicate on the enclosed proxy card.

Our employees, officers and directors may solicit proxies. We will bear the cost of soliciting proxies and will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation material to the owners of our common stock.

2. Who is entitled to vote at the 2015 Annual Meeting of Stockholders?

Only stockholders who were Payment Data Systems, Inc. stockholders of record at the close of business on May 8, 2015 (the "Record Date") may vote at the 2015 Annual Meeting of Stockholders. As of the close of business on the Record Date, there were 183,539,547 shares of our common stock outstanding. Each stockholder is entitled to one vote for each share of our common stock held as of the Record Date.

3. What is the difference between a stockholder of record and a beneficial owner?

If your shares are registered directly in your name with Payment Data's transfer agent, American Stock Transfer and Trust Company, LLC, you are considered, with respect to those shares, a stockholder of record. As a stockholder of record, a Proxy Statement, Annual Report and proxy card have been sent directly to you by us.

If your shares are held in a brokerage account or by a bank or other nominee, you are considered the beneficial owner of your shares of common stock. The Proxy Statement and Annual Report have been forwarded to you by your broker, bank or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote your shares by using the voting instruction form included in the mailing.

4. What does it mean if I receive more than one proxy card?

If you hold your shares in multiple registrations, or in both registered and street name, you will receive a proxy card for each account. Please mark, sign, date, and return each proxy card you receive. If you choose to vote by telephone or Internet, please vote each proxy card you receive.

5. What proposals will be voted on at the 2015 Annual Meeting of Stockholders?

The following five proposals will be voted on at the 2015 Annual Meeting of Stockholders:

The election of one Class I director, nominated by the Board of Directors, to serve until the 2018 Annual Meeting of Stockholders or until his or her successor is duly elected and qualified;

The Say-on-Pay Proposal, to approve on an advisory basis, the compensation paid to our Named Executive Officers;

The approval of our 2015 Equity Incentive Plan;

The ratification of the appointment of Akin, Doherty, Klein & Feuge, P.C. as our independent public accounting firm for the fiscal year ending December 31, 2015;

The approval of a reverse-stock split of our common capital stock at a whole number ratio in the range of 1:12 to 1:15.

6. What are the Board's recommendations?

Our Board recommends that you vote:

“FOR” Proposal No. 1 to elect the Class I director nominee, Louis A. Hoch;

“FOR” Proposal No. 2, the Say-on-Pay Proposal, to approve on an advisory basis, the compensation paid to our Named Executive Officers;

“FOR” Proposal No. 3 to approve the Company's 2015 Equity Incentive Plan;

“FOR” Proposal No. 4 to ratify the appointment of Akin, Doherty, Klein & Feuge, P.C. as our independent registered public accounting firm for the fiscal year ending December 31, 2015;

“FOR” Proposal No. 5 to effect a reverse-stock split of our common capital stock at a whole number ratio in the range of 1:12 to 1:15.

7. Will there be any other items of business on the agenda?

We do not expect any other items of business because the deadline for stockholder proposals and nominations has already passed. Nonetheless, in case there is an unforeseen need, the accompanying proxy gives discretionary authority to the persons named on the proxy with respect to any other matters that might be brought before the meeting. Those persons intend to vote that proxy in accordance with their best judgment.

8. How will my shares be voted?

To designate how you would like to vote, fill out the proxy card indicating how you would like your votes cast.

If you sign and return the enclosed proxy, but do not specify how to vote, we will vote your shares as follows:

“FOR” Proposal No. 1 to elect the Class I director nominee, Louis A. Hoch;

“FOR” Proposal No. 2, the Say-on-Pay Proposal, to approve on an advisory basis, the compensation paid to our Named Executive Officers;

“FOR” Proposal No. 3 to approve the Company’s 2015 Equity Incentive Plan;

“FOR” Proposal No. 4 to ratify the appointment of Akin, Doherty, Klein & Feuge, P.C. as our independent registered public accounting firm for the fiscal year ending December 31, 2015;

“FOR” Proposal No. 5 to effect a reverse-stock split of our common capital stock at a whole number ratio in the range of 1:12 to 1:15.

9. Can I change my vote or revoke my proxy?

You may change your vote or revoke your proxy at any time prior to the vote at the 2015 Annual Meeting. If you submitted your proxy by mail, you must file with our Secretary, at Payment Data Systems, Inc., 12500 San Pedro, Ste. 120, San Antonio, TX 78216, a written notice of revocation or deliver a valid, later-dated proxy. If you submitted your proxy by telephone or the Internet, you may change your vote or revoke your proxy with a later telephone or Internet proxy, as the case may be. Attendance at the 2015 Annual Meeting will not have the effect of revoking a proxy unless you give written notice of revocation to the Secretary before the proxy is exercised or you vote by written ballot at the 2015 Annual Meeting.

10. What is a broker non-vote and what is the impact of not voting?

A broker “non-vote” occurs when a nominee holding shares of common stock for a beneficial owner, such as a bank or broker, does not vote on one or more proposals because the nominee does not have discretionary voting power on that matter, which is also referred to as holding shares in street name. Your bank or broker does not have discretion to vote uninstructed shares on the proposals in this Proxy Statement, except for Proposals No. 4 to ratify the appointment of our independent registered public accounting firm, and No. 5 to effect a reverse-stock split of our common capital shares. As a result, if you hold your shares in street name it is critical that you provide instructions to your bank or broker, if you want your vote to count in the election of directors and the advisory votes related to executive compensation.

11. What constitutes a quorum?

A quorum is the minimum number of stockholders necessary to conduct the Annual Meeting. The presence at the 2015 Annual Meeting, in person or by proxy, of the holders of a majority of common stock outstanding on the Record Date will constitute a quorum. As of the close of business on the Record Date, there were 183,539,547 shares of our common stock outstanding. Votes withheld from any nominee, abstentions and broker “non-votes” are counted as present or represented for the purpose of determining the presence of a quorum.

12. Is cumulative voting permitted for the election of directors?

No. Stockholders may not cumulate votes in the election of directors, which means that each stockholder may vote only the number of shares he or she owns for a single director candidate.

13. What is the vote required for a proposal to pass?

Proposal No. 1—Election of Director: The affirmative vote of a plurality of the shares of common stock present or represented by proxy and entitled to vote at the 2015 Annual Meeting, in person or by proxy, is required for the election of each of the nominees. Thus, assuming a quorum is present at the 2015 Annual Meeting, the nominee who receives the most affirmative votes will be elected as Class I director. Abstentions and broker “non-votes” will have no effect on the voting outcome with respect to the election of directors.

Proposal No. 2—Say-on-Pay: Because this proposal asks for a non-binding, advisory vote, there is no required vote that would constitute approval. We value the opinions expressed by our stockholders in this advisory vote, and our Compensation Committee, which is responsible for overseeing and administering our executive compensation programs, will consider the outcome of the vote when designing our compensation programs and making future compensation decisions for our Named Executive Officers. Abstentions and broker “non-votes,” if any, will not have any impact on this advisory vote.

Proposal No. 3—Approval of our 2015 Equity Incentive Plan: The affirmative vote of the holders of a majority of shares of common stock present in person or represented by proxy and entitled to vote at the 2015 Annual Meeting, is required to approve our 2015 Equity Incentive Plan. A properly executed proxy marked “ABSTAIN” with respect to this proposal will not be voted, although it will be counted for purposes of determining the number of shares of common stock entitled to vote. Accordingly, an abstention will have the effect of a negative vote.

Proposal No. 4—Ratification of the selection of our independent registered public accounting firm: The affirmative vote of the holders of a majority of shares of common stock present in person or represented by proxy and entitled to vote at the 2015 Annual Meeting, is required to ratify our selection of Akin, Doherty, Klein & Feuge, P.C. as our independent registered public accounting firm for the fiscal year ending December 31, 2015. A properly executed proxy marked “ABSTAIN” with respect to this proposal will not be voted, although it will be counted for purposes of determining the number of shares of common stock entitled to vote. Accordingly, an abstention will have the effect of a negative vote. Because Proposal No. 4 is a routine proposal on which a broker or other nominee is generally empowered to vote, broker “non-votes” likely will not result from this Proposal. Thus, if you are a beneficial owner holding shares through a broker, bank or other holder of record and you do not vote on this Proposal, your broker may cast a vote on your behalf for this Proposal.

Proposal No. 5—Reverse stock split: The affirmative vote of a majority of the holders of a majority of shares of common stock present in person or represented by proxy and entitled to vote at the 2015 Annual Meeting is required to (i) approve an amendment to our Amended and Restated Articles of Incorporation, as amended, and to authorize our Board of Directors, if in their judgment it is necessary, to effect a reverse stock split of our outstanding common stock, \$0.001 par value per share, at a whole number ratio in the range of 1:12 to 1:15, such ratio to be determined in the discretion of our Board of Directors, and (ii) authorize our Board of Directors to file such amendment, if in their judgment it is necessary, that would effect the foregoing. A properly executed proxy marked “ABSTAIN” with respect to this proposal will not be voted, although it will be counted for purposes of determining the number of shares of common stock entitled to vote. Accordingly, an abstention will have the effect of a negative vote. Because Proposal No. 5 is a routine proposal on which a broker or other nominee is generally empowered to vote, broker “non-votes” likely will not result from this Proposal. Thus, if you are a beneficial owner holding shares through a broker, bank or other holder of record and you do not vote on this Proposal, your broker may cast a vote on your behalf for this

Proposal.

Governance

Proposal No. 1 – Election of Directors

Election of the Class I director nominee. The Board believes that the nominee’s knowledge, skills, and abilities would positively contribute to the function of the Board as a whole. Accordingly, your proxy holder will vote your shares FOR the election of the Board’s nominee named below unless you instruct otherwise.

Directors and Nominees

As established by our Bylaws, our Directors are divided into three classes serving staggered three-year terms. Our Board currently consists of five directors:

	Name	Position with the Company	Director Since	Term Expires
Class I				
	Louis A. Hoch	President, COO and Class I Director	1998	2018
Class II				
	Michael R. Long	Chairman of the Board, CEO and Class II Director	1998	2016
	Peter G. Kirby	Class II Director	2001	2016
Class III				
	Kirk E. Taylor	Class III Director	2015	2017
	Miguel A. Chapa	Class III Director	2015	2017

With regard to the election of directors, votes may be cast “FOR” or “WITHHOLD.” Provided that a quorum is present, the affirmative vote by the holders of a plurality of the shares of common stock present and voting at the 2015 Annual Meeting is required to elect each of the nominees for director.

What am I voting on?

Shareholders are being asked to elect the Class I Director Nominee for a three-year term. The following sections include information about all Directors, including Louis A. Hoch. Louis A. Hoch is the Nominee for this year’s election.

Required Vote

The affirmative vote of a plurality of the shares of common stock present or represented by proxy and entitled to vote at the 2015 Annual Meeting, in person or by proxy, is required for the election of each of the nominees. Thus, assuming a quorum is present at the 2015 Annual Meeting, the nominee who receives the most affirmative votes will be elected as Class I director. Abstentions and broker “non-votes” will have no effect on the voting outcome with respect to the election of directors.

Voting Recommendation

The Board of Directors recommends a vote FOR the election of Class I Director, Louis A. Hoch.

Our Board of Directors held five meetings during 2014, and in addition, took action from time to time by unanimous written consent. Each director attended at least 75% of the aggregate number of meetings of the Board of Directors held during the period for which such Director served on our Board of Directors and of the Committees on which such director served.

We do not have a policy that requires the attendance of directors at our Annual Meetings of Stockholders.

Committees of the Board of Directors

Our Board of Directors is responsible for establishing broad corporate policies and reviewing our overall performance rather than day-to-day operations. The Board's primary responsibility is to oversee management of our Company and, in so doing, serve the best interests of our Company and our stockholders.

Audit Committee

We have a separately designated audit committee, and its membership during 2014 consisted solely of our independent director, Dr. Peter Kirby. The Audit Committee did not have a written charter. The Audit Committee met with our auditors four times in relation to the year ending December 31, 2014.

Effective April 24, 2015, our Board of Directors appointed Kirk Taylor and Miguel Chapa as independent directors. On May 19, 2015 our Board established our new committee structure and appointed Mr. Taylor (chairperson), Dr. Peter Kirby and Mr. Chapa to our Audit Committee all of whom meet the independence standards for independent directors under the rules of the NASDAQ Stock Market published in the NASDAQ Marketplace Rules. Mr. Taylor meets the standard of "audit committee financial expert," as defined in Item 407(d)(5)(ii) of Regulation S-K.

The Audit Committee's purpose is to assist the Board of Directors in its general oversight of our financial reporting, internal control and audit functions. Management is responsible for the preparation, presentation and integrity of our financial statements, accounting and financial reporting principles and internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Akin, Doherty, Klein & Feuge, P.C., our independent auditing firm, is responsible for performing an independent audit of the consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board.

The Audit Committee is not made up of professional accountants or auditors, and its function is not intended to duplicate or to certify the activities of management and the independent auditor, nor can the Audit Committee certify that the independent auditor is "independent" under applicable rules. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Audit Committee's members in business, financial and accounting matters.

Among other matters, the Audit Committee monitors the activities and performance of our external auditors, including the audit scope, external audit fees, auditor independence matters and the extent to which the independent auditor may be retained to perform non-audit services. The Audit Committee and the Board of Directors have ultimate authority and responsibility to select, evaluate and, when appropriate, replace our independent auditor. The Audit Committee also reviews the results of the internal and external audit work with regard to the adequacy and appropriateness of our financial, accounting and internal controls. Management and independent auditor presentations to and discussions with the Audit Committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent auditor. In addition, the Audit Committee generally oversees our internal compliance programs.

In overseeing the preparation of our financial statements, the Audit Committee has had access to our management to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that all financial statements were prepared in accordance with U.S. generally accepted accounting principles. The Audit Committee has met with our independent auditors with regard to our audited financial statements for the year ending December 31, 2014. For the year ended December 31, 2014, the Audit Committee did receive the independent auditor's letter and written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

Director Independence and Related Person Transactions

Independent Directors

Standard for Independence—we determine independence using the definitions set forth in the NASDAQ listing rules and the rules under the Securities Exchange Act of 1934. These definitions define independence based on whether the director or a family member of the director has been employed by the Company in the past three years, how much compensation the director or family member of a director received, how much stock the director or a family member of the director owns in the Company and whether the director or a family member of the director is associated with the Company's independent auditor. During the fiscal year ended December 31, 2014, Messrs. Michael R. Long, Louis A. Hoch, and Peter G. Kirby served on our Board of Directors. The Board has determined Dr. Kirby was our sole independent board member as determined as defined by Rule 5605(a)(2) of the NASDAQ Listing Rules.

Effective on April 24, 2015, our Board of Directors appointed Mr. Kirk Taylor and Mr. Miguel Chapa as independent directors.

Related Person Transactions

It is our policy that all employees, officers and directors must avoid any activity that is or has the appearance of conflicting with the interests of our Company. We conduct a review of all related party transactions for potential conflict of interest situations on an ongoing basis and all such transactions relating to executive officers and directors must be approved by the Board. In carrying out this responsibility, the Board has determined that we have the following related party transactions. On May 19, 2015, we established a new Audit Committee that will, going forward, be responsible for reviewing all related party transactions.

Michael R. Long and Louis A. Hoch

As previously disclosed, in 2002, we recognized a loss on margin loans we guaranteed for Michael R. Long, then Chairman of the Board of Directors and Chief Executive Officer, and our current Chief Executive Officer and, at the time of the transaction, our Chief Financial Officer; and Louis A. Hoch, our President and Chief Operating Officer, in the amounts of \$535,302 and \$449,371, respectively. In February 2007, we signed employment agreements with Mr. Long and Mr. Hoch that required each to repay his respective obligation to us in four equal annual payments of cash or stock or any combination thereof. In December 2007, we accepted common stock and stock options valued at \$133,826 and \$112,343 from Mr. Long and Mr. Hoch, respectively, in satisfaction of their annual payments for 2007 as provided for under their respective employment agreements.

In December 2008, Mr. Long and Mr. Hoch did not pay us the second annual installment pursuant to their respective employment agreements. They each withheld payment of the installment due because we had deferred payment of their salary increases for 2008 called for under their respective employment agreements. At December 31, 2008, we owed Mr. Long and Mr. Hoch deferred salaries of \$110,000 and \$100,000, respectively, and Mr. Long and Mr. Hoch owed us \$133,825 and \$112,343, respectively, for the second installment of their loan repayments. The total amount owed to us for the second installment was \$246,168 and is classified as "Related Party Receivable" on our balance sheet at December 31, 2008. On March 30, 2009, we accepted 680,715 shares of our common stock valued at \$23,825 and 352,658 shares of our common stock valued at \$12,343 from Mr. Long and Mr. Hoch, respectively, in partial satisfaction of their annual payments due to us for 2008 as provided for under their employment agreements. The partial payments of \$23,825 and \$12,343 made to us by Mr. Long and Mr. Hoch, respectively, equaled the difference between the amount each owed to us for the second installment of their loan repayments and the amount we owed to each executive as deferred salary. The common stock accepted from Mr. Long and Mr. Hoch was valued at \$0.035 per share, which was the closing price of the common stock on March 30, 2009. The common stock accepted from Mr.

Long and Mr. Hoch was recorded as treasury stock with a total cost of \$36,168.

On November 12, 2009, we executed amendments to the employment agreements with Mr. Long and Mr. Hoch. Under the terms of their respective amended employment agreements, Mr. Long and Mr. Hoch agreed to reduce their annual base salaries for 2009 to \$190,000 and \$175,000, respectively, from \$375,000 and \$350,000, respectively.

In December 2009, Mr. Long and Mr. Hoch did not pay us the third annual installment pursuant to their respective employment agreements. They each withheld payment of the installment due because we had partially deferred payment of their salary for 2009 called for under their respective employment agreements. At December 31, 2009, we owed Mr. Long and Mr. Hoch deferred salaries for 2009 of \$162,385 and \$141,808, respectively, and Mr. Long and Mr. Hoch owed us \$133,825 and \$112,343, respectively, for the third installment of their loan repayments. The total amount owed to us for the unpaid installments was \$456,168 and was classified as "Related Party Receivable" on our balance sheet at December 31, 2009.

On April 12, 2010, we executed a second amendment to the employment agreements with Mr. Long and Mr. Hoch. Under the terms of the second amendment to their respective amended employment agreements, Mr. Long and Mr. Hoch agreed to reduce their annual base salaries for 2010 to \$24,000 each from \$375,000 and \$350,000, respectively, and to change their annual bonus limit from 100% of current salary to 100% of the highest salary received in any year of the agreement.

In December 2010, Mr. Long and Mr. Hoch did not pay us the fourth and final annual installment pursuant to their respective employment agreements. They each withheld payment of the installment due to our continued inability to pay the deferred salaries that were called for under their respective employment agreements. At December 31, 2010, we owed Mr. Long and Mr. Hoch deferred salaries of \$147,368 and \$126,915, respectively, in regards to their 2009 deferred salary balances. As of December 31, 2010, Mr. Long and Mr. Hoch owed us \$133,825 and \$112,343, respectively, for the fourth and final installment of their loan repayments. The total amount owed to us for the unpaid installments was classified as "Related Party Receivable" on our balance sheet and was \$702,337 and \$703,060 at December 31, 2011 and 2010, respectively.

On January 14, 2011, we executed a third amendment to the employment agreements with Mr. Long and Mr. Hoch. Under the terms of the third amendment to their respective employment agreements, Mr. Long and Mr. Hoch agreed to reduce their annual base salaries for 2011 to \$24,000 and \$24,000, respectively, from \$375,000 and \$350,000, respectively.

At December 31, 2011, we owed Mr. Long and Mr. Hoch a total of \$23,473 and \$3,300, respectively, in regards to their 2010 deferred salary balances, which were included in accrued expenses on our balance sheet. We paid the obligations in the first quarter of 2012 and thus, our balance sheet at December 31, 2012 did not reflect any such amounts owed at December 31, 2012.

On July 2, 2012, we executed a fourth amendment to the employment agreements with Mr. Long and Mr. Hoch. Under the terms of the fourth amendment to their respective employment agreements, Mr. Long and Mr. Hoch agreed to amend their annual base salaries for 2012 to \$255,000 and \$235,000, respectively, from \$375,000 and \$350,000, respectively.

As of December 31, 2012, Mr. Long owed us \$377,651 and Mr. Hoch owed us \$324,686.

On March 11, 2013, in accordance with our respective employment agreements with Mr. Long and Mr. Hoch, we accepted shares of our common stock owned by Mr. Long and Mr. Hoch as satisfaction in full for the remaining amounts owed to us as annual payments due to the loss on margin loans guaranteed by us for Mr. Long and Mr. Hoch.

On March 11, 2013, we also agreed to purchase additional shares of our common stock owned by Mr. Long and Mr. Hoch, valued at \$156,852 and \$144,403, respectively, in lieu of the issuances of cash bonuses to Mr. Long and Mr. Hoch. Such bonuses were intended to compensate the executives for their service. As a result, we incurred a one-time reduction in cash of \$301,255.

Accordingly, on March 11, 2013, we accepted an aggregate of 2,969,459 shares of our common stock valued at \$534,503, and an aggregate of 2,606,051 shares of our common stock valued at \$469,089 from Mr. Long and Mr. Hoch, respectively, as satisfaction in full of their aggregated outstanding amounts of \$702,337 owed to us and aggregated compensation of \$301,255 paid to Mr. Long and Mr. Hoch in lieu of cash bonuses. The common stock accepted from Mr. Long and Mr. Hoch was valued at \$0.18 per share, which was the closing price of the common stock on March 1, 2013. The common stock accepted from Mr. Long and Mr. Hoch was recorded as treasury stock and we no longer carry a "Related Party Receivable" on our balance sheet.

Accordingly, following the completion of these transactions we have no remaining receivables or payables related to Mr. Long, Mr. Hoch or any other officer of Payment Data.

Herb Authier

During the years ended December 31, 2014 and 2013, we paid Herb Authier a total of \$35,400 and \$35,400 in cash, respectively, for services related to network engineering and administration that he provided to us. Mr. Authier is the father-in-law of Louis Hoch, our President and Chief Operating Officer.

The level of compensation should also allow us to attract, motivate, and retain talented executive officers that contribute to our long-term success. Potential Payments Upon Termination or Change of Control

The employment agreements we entered into with Mr. Long, Mr. Hoch, Mr. Frost and Mr. Yunus, respectively, provide for potential payments upon termination or a change of control. Mr. Long's and Mr. Hoch's employment agreements contain similar terms and provide that upon termination of the executive's employment with us due to death or disability, involuntary termination without cause, termination for good reason or default by us, termination due to non-renewal of the agreement, or a change of control, the executive is entitled to deferred compensation. The amount of deferred compensation shall consist of the amount which is calculated as the greater of the base salary payments that the executive would have received had his employment continued for the remaining term of the agreement (including yearly increases, if any, calculated at the maximum increase for the prior two years), or an amount equal to 2.95 times the higher annual compensation earned by him in the past two years. In addition to this compensation, the executive shall be entitled to all of the benefits otherwise provided in the agreement during that period of time which is the greater of the remaining term of the agreement, or one year, and an amount equal to the pro rata portion of his bonus compensation for the year in which his employment is terminated. In addition, all stock options and restricted stock granted to the executive shall become fully vested upon his termination for any of the aforementioned reasons. Also, in consideration of the executive's obligations for a period of two years after the termination of his employment under a non-competition clause set forth in the employment agreement, he shall be paid an amount equal to 2 times the base salary paid to him in the year prior to the expiration of the agreement.

Mr. Frost's and Mr. Yunus' employment agreements contain similar terms and provide that upon termination of the executive's employment with us due to termination by us without cause, termination by the executive upon our default or after a change of control or for good reasons, the executive is entitled to deferred compensation. The amount of deferred compensation consists of the amount which is calculated as the base salary payments that the executive would have received had his employment continued for the remaining term of this Agreement (including yearly increases calculated at the maximum increase for the prior two years). In addition to this base deferred compensation, the executive shall be entitled to all of the benefits otherwise provided in the agreement during that period of time which is the remaining term of this agreement, and an amount equal to the pro rata portion of the bonus compensation for the year in which his employment is terminated determined on the basis of the number of days elapsed in such year prior to such termination. In addition, all stock options and restricted stock granted to the executive shall become fully vested upon a change of control or termination for any of the aforementioned reasons.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers and persons who own more than 10% of a registered class of our securities to file reports of beneficial ownership and changes in beneficial ownership with the Securities and Exchange Commission on Forms 3 (Initial Statement of Beneficial Ownership), 4 (Statement of Changes of Beneficial Ownership of Securities) and 5 (Annual Statement of Beneficial Ownership of Securities). Officers, directors and greater than 10% beneficial owners are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. To our knowledge, based solely on a review of copies of such reports furnished to us by our officers and directors, we believe that, during the fiscal year ended December 31, 2014, no person required to file reports under Section 16(a) of the Securities Exchange Act of 1934 failed to file such reports on a timely basis during such fiscal year, except as noted in the following: Mr. Hoch filed two Form 4s late by one day and one Form 4 late by two days. All trades were executed under a 10(b)5-1 trading plan in which Mr. Hoch did not specify any specific trading days or trading conditions that would give him knowledge of when a trade should occur. As a result, Mr. Hoch was not aware of trade executions in a timely manner. Also, Mr. Kirby, a director, filed one Form 4 seven days late because Mr. Kirby's EDGAR codes had expired and he had to get a new passphrase issued to regenerate new EDGAR codes. Also, Mr. Keller, Senior Vice President and Chief Technology Officer, filed two Form 4s twenty-three months late, two Form 4s twenty-two months late, two Form 4s twenty-one months late, one Form 4 fifteen months late and one Form 4 twelve months late.

Compensation

Proposal No. 2 – Advisory Vote to Approve Executive Compensation

The Dodd-Frank Wall Street Reform and Consumer Protection Act added Section 14A to the Securities Exchange Act of 1934. As required pursuant to Section 14A of the Exchange Act, Proposal No. 2 is a non-binding, advisory proposal on the compensation that we paid to our Named Executive Officers for the fiscal year ended December 31, 2014. The Board of Directors is providing stockholders with the opportunity to cast an advisory vote on the compensation of our Named Executive Officers. This proposal, commonly known as a “say-on-pay” proposal, gives you, as a stockholder, the opportunity to endorse or not endorse our fiscal 2014 executive compensation programs and policies and the compensation paid to our Named Executive Officers for the fiscal year ended December 31, 2014.

We believe in the power of open disclosure and know the only way to build and strengthen our reputation and our Company is through honesty and trust. In connection with that belief and as required by SEC rules, we are asking our stockholders to approve, on an advisory basis, the compensation that we paid to our Named Executive Officers.

As discussed under the heading “Executive Compensation—Compensation Overview” in this Proxy Statement, our compensation objectives are to: attract and retain highly qualified individuals with a demonstrated record of achievement; reward past performance; provide incentives for future performance; and align the interests of the Named Executive Officers with the interests of our stockholders. The Board is asking stockholders to support this proposal based on the disclosure set forth in these sections of this Proxy Statement, which, among other things, demonstrates:

our commitment to ensuring executive compensation is aligned with our corporate strategies and business objectives and competitive with those of other companies in our industry;

the design of our compensation programs is intended to reward our Named Executive Officers for the achievement of key strategic and financial performance measures by linking short- and long-term cash and equity incentives to the achievement of measurable corporate and individual performance goals; and

our strong emphasis on the alignment of the incentives of our Named Executive Officers with the creation of increased stockholder value.

Required Vote

Because this proposal asks for a non-binding, advisory vote, there is no required vote that would constitute approval. We value the opinions expressed by our stockholders in this advisory vote, and our Compensation Committee, which is responsible for overseeing and administering our executive compensation programs, will consider the outcome of the vote when designing our compensation programs and making future compensation decisions for our Named Executive Officers. Abstentions and broker “non-votes,” if any, will not have any impact on this advisory vote.

Voting Recommendation

The Board of Directors is asking stockholders to cast a non-binding, advisory vote FOR the following resolution:

"RESOLVED, the shareholders of Payment Data Systems, Inc. approve on an advisory basis, the compensation paid to our Named Executive Officers as disclosed pursuant to the compensation disclosure rules of the SEC, including the compensation tables and accompanying narrative disclosure under the heading “Executive Compensation” included in this Proxy Statement."

Proposal No. 3 – Approval of the 2015 Equity Incentive Plan

The following is a general summary of the 2015 Equity Incentive Plan and is qualified in its entirety by the full text of the 2015 Equity Incentive Plan attached to this Proxy Statement as Appendix B. Capitalized terms not defined herein have the meanings ascribed to such terms in the plan document.

General

The 2015 Equity Incentive Plan is to be administered by the Compensation Committee. The 2015 Equity Incentive Plan provides for the grant of incentive stock options as defined in Section 422 of the Internal Revenue Code and the grant of Stock Options, Restricted Stock, Stock Units, Performance Awards, or other Awards to employees, non-employee directors, and consultants.

The Board of Directors has authorized 75,000,000 shares of our common capital stock for issuance under the 2015 Stock Incentive Plan, including automatic increases provided for in the 2015 Equity Incentive Plan through fiscal year 2025. The number of shares of our common stock reserved for issuance under the 2015 Equity Incentive Plan will automatically increase, with no further action by the stockholders, on the first business day of each fiscal year during the term of the Plan, beginning January 1, 2016, in an amount equal to 5% of the issued and outstanding shares of Stock on the last day of the immediately preceding year, or such lesser amount if so determined by the Board or the Administrator.

Purpose of the 2015 Equity Incentive Plan

The purpose of the 2015 Equity Incentive Plan is to promote the success of the Company and the creation of stockholder value by (a) encouraging officers, Employees, outside directors, Consultants, and other key persons (including prospective Employees, officers or outside directors) of the Company and its Affiliates to focus on long-term objectives, (b) encouraging the attraction and retention of officers, Employees, outside directors and Consultants with exceptional qualifications, and (c) linking Employees, outside directors, consultants and other key persons directly to stockholder interests through increased stock ownership.

Stockholder approval of the 2015 Equity Incentive Plan has certain tax benefits. Our 2015 Equity Incentive Plan allows us to award “incentive stock options,” which receive favorable tax treatment under the Internal Revenue Code.

The stock option grants under the 2015 Equity Incentive Plan cannot qualify as incentive stock options unless the Plan is approved by our stockholders.

Additionally, the 2015 Equity Incentive Plan is also specifically designed to preserve our ability to deduct the compensation we pay certain executive officers for income tax purposes. Section 162(m) of the Internal Revenue Code generally prevents us from deducting more than \$1.0 million in compensation each year for our chief executive officer and our three most highly compensated executive officers other than the chief executive officer or chief financial officer. Compensation treated as “qualified performance-based compensation” under Section 162(m) is not subject to this limitation. Any awards granted under the 2015 Stock Incentive Plan may be treated as “qualified performance-based compensation” only if the plan is approved by a majority vote of our stockholders.

Administration

The 2015 Equity Incentive Plan will be administered by our Board of Directors, except that the Board may delegate (i) to one or more of its members such of its duties, powers and responsibilities as it may determine; (ii) to such Employees or other persons as it determines such ministerial tasks as it deems appropriate; and (iii) to the compensation committee of the Board, if the Board shall have constituted such a committee, some or all of its powers with respect to the Plan, in which event, except as the context otherwise clearly requires, all references in this Plan to the Board shall be deemed to refer to the compensation committee.

The Administrator has discretionary authority, subject only to the express provisions of the Plan, to construe and interpret the Plan; determine eligibility for and grant Awards; determine, modify or waive the terms and conditions of any Award; prescribe forms, rules and procedures; and otherwise do all things necessary to carry out the purposes of the Plan. In the case of any Award intended to be eligible for the performance-based compensation exception under Section 162(m) of the Code, the Administrator will exercise its discretion consistent with qualifying the Award for that exception. Determinations of the Administrator made under the Plan will be conclusive and will bind all parties.

Participants

Participants of the 2015 Equity Incentive Plan will include certain employees of our Company, officers, non-employee members of the Board who perform services for us, and certain consultants or advisors as designated by the Administrator.

Available Shares

Subject to adjustment (for example, in the event of recapitalization, stock split, stock dividend, merger, reorganization or similar event), the maximum number of shares of common stock that may be issued under the 2015 Equity Incentive Plan is 75,000,000 shares. Additionally, the 2015 Equity Incentive Plan permits an annual increase on the first business day of each fiscal year during the term of the Plan, beginning January 1, 2016, in an amount equal to 5% of the issued and outstanding shares of Stock on the last day of the immediately preceding year, or such lesser amount if so determined by the Board or the Administrator. During the term of the Plan, we intend to at all times reserve and keep available sufficient shares to satisfy the requirements of the 2015 Equity Incentive Plan. The maximum number of shares of common stock that may be issued under the 2015 Equity Incentive Plan is subject to adjustment pursuant to the Reverse Stock Split discussed in Proposal No. 5.

Awards

Awards under the 2015 Equity Incentive Plan may consist of grants of (i) Stock Options, (ii) Restricted Stock, (iii) Stock Units, (iv) Performance Awards, and (v) Awards. The terms and features of the various forms of awards are described more fully in the 2015 Equity Incentive Plan itself, attached as Appendix B.

Reorganization

In the event that we are a party to a merger or other corporate transaction, outstanding Awards shall be subject to adjustment. The Administrator may provide for the assumption of some or all outstanding Awards or for the grant of new awards in substitution therefor by the acquiror or survivor or an affiliate of the acquiror or survivor. If the transaction is one in which holders of Stock will receive a payment upon consummation, the Administrator may provide for payment (a "cash-out"), with respect to some or all Awards or portions thereof, equal in the case of each affected Award or portion thereof to the excess, if any, of (A) the Fair Market Value of one share of Stock times the number of shares of Stock subject to the Award or such portion, over (B) the aggregate exercise or purchase price, if

any, under the Award or such portion, in each case on such payment terms (which need not be the same as the terms of payment to holders of Stock) and other terms, and subject to such conditions, as the Administrator determines; provided, that the Administrator shall not exercise its discretion under this section with respect to an Award providing for “nonqualified deferred compensation” subject to Section 409A of the Code in a manner that would constitute an extension or acceleration, or other change in payment terms if such change would be inconsistent with the requirements of Section 409A of the Code. If the transaction (whether or not there is an acquiring or surviving entity) is one in which there is no assumption, substitution or cash-out, each Award requiring exercise will become fully exercisable, and the delivery of shares of Stock deliverable under each outstanding Award of Stock Units (including Restricted Stock Units and Performance Awards to the extent consisting of Stock Units) will be accelerated and such shares will be delivered, prior to the transaction, in each case on a basis that gives the holder of the Award a reasonable opportunity, as determined by the Administrator, following exercise of the Award or the delivery of the shares, as the case may be, to participate as a stockholder in the transaction; provided, that to the extent acceleration of an Award subject to Section 409A of the Code would cause the Award to fail to satisfy the requirements of Section 409A of the Code, the Award shall not be accelerated and the Administrator in lieu thereof shall take such steps as it deems necessary or appropriate to ensure that payment of the Award is made in a medium other than Stock and on terms that as nearly as possible, but taking into account adjustments required or permitted, mirror the prior terms of the Award. Each Award will terminate upon consummation of the transaction, other than the following: (i) Awards assumed; (ii) Awards converted into an ongoing right to receive payment other than Stock; and (iii) outstanding shares of Restricted Stock (which shall be treated in the same manner as other shares of Stock).

Termination and Amendment

If approved, the 2015 Equity Incentive Plan shall terminate on July 2, 2025 the date which is ten years from the date of its approval by the shareholders of the Company. The Administrator may at any time or times amend the Plan or any outstanding Award for any purpose which may at the time be permitted by law, and may at any time terminate the Plan as to any future grants of Awards; provided, that except as otherwise expressly provided in the Plan the Administrator may not, without the Participant's consent, alter the terms of an Award so as to affect adversely the Participant's rights under the Award, unless the Administrator expressly reserved the right to do so at the time of the Award. Any amendments to the Plan shall be conditioned upon stockholder approval only to the extent, if any, such approval is required by Applicable Laws, as determined by the Administrator.

Required Vote

The affirmative vote of the holders of a majority of shares of common stock present in person or represented by proxy and entitled to vote at the 2015 Annual Meeting, is required to approve our 2015 Equity Incentive Plan. A properly executed proxy marked "ABSTAIN" with respect to this proposal will not be voted, although it will be counted for purposes of determining the number of shares of common stock entitled to vote. Accordingly, an abstention will have the effect of a negative vote.

Voting Recommendation

Your Board of Directors recommends a vote FOR the approval of the 2015 Equity Incentive Plan.

Audit Matters

Report of the Audit Committee

The Audit Committee was comprised of our independent director Dr. Peter Kirby during the year ended December 31, 2014.

The Audit Committee's purpose is to assist the Board of Directors in its general oversight of our financial reporting, internal control and audit functions. Management is responsible for the preparation, presentation and integrity of our financial statements, accounting and financial reporting principles and internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Akin, Doherty, Klein & Feuge, P.C., our independent registered auditing firm, is responsible for performing an independent audit of the consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board.

In overseeing the preparation of our financial statements, the Audit Committee has had access to our management to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that all financial statements were prepared in accordance with U.S. generally accepted accounting principles. The Audit Committee has met with our independent auditors with regard to our audited financial statements for the year ending December 31, 2014. For the year ending December 31, 2014, the Audit Committee did receive the independent auditor's letter and written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

In reliance on the reviews and discussion with management and the independent registered public accounting firm referred to above, the Audit Committee recommended to the Board of Directors, and the Board approved, the inclusion of the audited financial statements in Payment Data Systems' Annual Report on Form 10-K for the year ended December 31, 2014, for filing with the SEC. The Audit Committee recommended, and the Board has appointed

Akin, Doherty, Klein & Feuge, P.C. to serve as Payment Data Systems' independent registered public accounting firm for the fiscal year ending December 31, 2015.

Proposal No. 4 – Ratification of the Appointment of Akin, Doherty, Klein & Feuge, P.C.

The Audit Committee has recommended and the Board has appointed Akin, Doherty, Klein & Feuge, P.C. as our independent registered public accounting firm for the fiscal year ending December 31, 2015. Representatives of Akin, Doherty, Klein & Feuge, P.C. are expected to be present at the 2015 Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions. Although stockholder ratification of our independent registered public accounting firm is not required by our Bylaws or otherwise, we are submitting the selection of Akin, Doherty, Klein & Feuge, P.C. to our stockholders for ratification to permit stockholders to participate in this important corporate decision.

Principal Accountant Fees and Services

Akin, Doherty, Klein & Feuge, P.C. has audited our financial statements since 2003. The aggregate fees billed to us for professional accounting services, including the audit of our annual consolidated financial statements by our independent registered public accounting firm for the fiscal years ended December 31, 2014 and 2013 as included in our annual report on Form 10-K, are set forth in the table below.

	Year Ended December 31,	
	2014	2013
Audit fees	\$55,000	\$55,000
Tax fees	\$3,500	\$6,070
Total fees	\$58,500	\$61,070

For purposes of the preceding table, the professional fees are classified as follows:

Audit Fees. This column includes fees for professional services billed for the audit of the consolidated financial statements included in our annual report on Form 10-K filing, the review of consolidated financial statements included in our quarterly reports on Form 10-Q filings, comfort letters, consents and assistance with and review of documents filed with the SEC. The fees include amounts billed to us during each respective calendar year.

Tax Fees. This column includes fees for professional services rendered by our independent registered public accounting firm for tax compliance, tax planning and tax advice. Tax compliance involves preparation of original and amended tax returns. Tax planning and tax advice encompass a diverse range of subjects, including assistance with tax audits and appeals, tax advice related to dispositions, and requests for rulings or technical advice from taxing authorities. The fees include amounts billed to us during each respective calendar year.

Audit Committee Pre-Approval Policies and Procedures

We may not engage our independent registered public accounting firm to render any audit or non-audit service unless our Audit Committee approves the service in advance. 100% of the services performed by our independent registered public accounting firm described above were approved in advance by our Audit Committee.

Required Vote

Ratification of the appointment of Akin, Doherty, Klein & Feuge, P.C. requires the affirmative vote of a majority of the shares present and voting at the 2015 Annual Meeting in person or by proxy. Unless marked to the contrary, proxies received will be voted “FOR” ratification of the appointment. A properly executed proxy marked “ABSTAIN” with respect to this proposal will not be voted, although it will be counted for purposes of determining the number of shares of common stock entitled to vote. Accordingly, an abstention will have the effect of a negative vote. Because

Proposal No. 4 is a routine proposal on which a broker or other nominee is generally empowered to vote, broker “non-votes” likely will not result from this Proposal. Thus, if you are a beneficial owner holding shares through a broker, bank or other holder of record and you do not vote on this Proposal, your broker may cast a vote on your behalf for this Proposal. In the event ratification is not obtained, the Audit Committee and the Board will review its future selection of our independent registered public accounting firm but will not be required to select a different independent registered public accounting firm.

Voting Recommendation

Your Board of Directors recommends a vote FOR the ratification of Akin, Doherty, Klein & Feuge, P.C. as our independent registered public accounting firm for the fiscal year ending December 31, 2015.

Other Matters

Proposal No. 5 – Reverse Stock Split

To approve an amendment to our Amended and Restated Articles of Incorporation, as amended, and to authorize the Board of Directors, if in their judgment it is necessary, to effect a reverse stock split of our common capital stock, \$0.001 par value per share, at a whole number ratio in the range of 1:12 to 1:15, such ratio to be determined in the discretion of our Board of Directors.

General

Our Board of Directors has unanimously adopted a resolution approving, declaring advisable and recommending to the stockholders for their approval, a proposal to amend our Amended and Restated Articles of Incorporation, as amended, and to authorize our Board of Directors, if in their judgment it is necessary, to effect a reverse stock split of our outstanding common stock, \$0.001 par value per share, at any whole number ratio not less than 1-for-12 (every twelve shares would be combined into one share) and not greater than 1-for-15 (every fifteen shares would be combined into one share), with the exact ratio to be set within such range in the discretion of our Board of Directors (the “Reverse Stock Split”). The total number of authorized shares which the Company will have the authority to issue will remain the same at 200,000,000 shares of common capital stock, \$0.001 par value per share, and 10,000,000 preferred capital shares, \$0.01 par value per share.

Approval of this proposal will grant the Board the authority, without further action by the stockholders, to carry out the amendment to our Amended and Restated Articles of Incorporation, as amended, after the date stockholder approval for the amendment is obtained but before our 2016 Annual Meeting of Stockholders, with the exact timing and Reverse Stock Split ratio within such timeframe to be determined in the sole discretion of the Board and within the range approved by our stockholders. If the Reverse Stock Split is not effectuated before our 2016 Annual Meeting of Stockholders, the Reverse Stock Split cannot be effectuated unless again approved by our stockholders. Upon such action of the Board, the Reverse Stock Split will become effective upon the filing of a certificate of change to our Amended and Restated Articles of Incorporation, as amended, with the Secretary of State of the State of Nevada (the “Certificate of Change”), whereby each share of common stock outstanding at the effective time of the Reverse Stock Split, will, without any action on the part of the holder thereof, become equal to no less than 1/12 of a share of our common stock and no greater than 1/15 of a share of our common stock.

The Board of Directors reserves the right, even after stockholder approval, to abandon or postpone the filing of the Certificate of Change if the Board of Directors determines that the action is not in the best interests of the Company and our stockholders. If the amendment effecting the Reverse Stock Split proposal subsequently approved by the stockholders is not implemented by the Board of Directors before our 2016 Annual Meeting of Stockholders, the proposal will be deemed abandoned, without any further effect. In that case, the Board of Directors may again seek stockholder approval at a future date for a reverse stock split if it deems a reverse stock split to be advisable at that time.

Certain of our officers and directors have an interest in this Reverse Stock Split as a result of their ownership of shares of stock of the Company, as discussed in further detail in the section entitled “Security Ownership of Certain Beneficial Owners” set forth below.

Effective Date of Reverse Stock Split

The Reverse Stock Split will become effective upon the filing of the Certificate of Change with the Secretary of State of the State of Nevada, which states that, upon the filing of the Certificate of Change, each share of common stock

then issued and outstanding would automatically become and be converted into not less than 1/12 and not greater than 1/15 of a share of common stock, as determined in the sole discretion of our Board of Directors, and approval of the Reverse Stock Split by FINRA.

It is anticipated that the Reverse Stock Split will be effectuated before our 2016 Annual Meeting of Stockholders (unless the Board exercises its authority to abandon the Reverse Stock Split), with the exact date and time before such meeting to be determined by the Board in its sole discretion. If the Reverse Stock Split is not effectuated before our 2016 Annual Meeting of Stockholders, the Reverse Stock Split cannot be effectuated unless again approved by the stockholders.

The text of the form of the Certificate of Change relating to this proposal, which we would file with the Secretary of State of the State of Nevada to effect the Reverse Stock Split, is attached to this Proxy Statement as Appendix C.

Background and Reasons for the Reverse Stock Split

The Board recommends the Reverse Stock Split for the following reasons:

The Board believes that the Reverse Stock Split is the most effective means of increasing the per-share market price of our common stock in order to satisfy the minimum closing price of \$3.00 for listing on the NASDAQ;

The Board believes that the Reverse Stock Split is advisable to maintain the Company's financing and capital raising ability. Accordingly, it is the Board's opinion that the Reverse Stock Split will better position the Company to continue and/or expand operations; and

The Board believes that a higher per-share market price of our common stock could encourage investor interest in our Company and promote greater liquidity for our stockholders.

Our common stock is currently quoted on the OTCBB, the OTC market tier for companies that are reporting with the SEC, and on the OTC Bulletin Board, or OTCBB, under the ticker symbol "PYDS." We believe that a listing on the NASDAQ stock market would better support and maintain the liquidity of our common stock and Company recognition for our stockholders.

The Board of Directors' primary objective in proposing the Reverse Stock Split is to increase the per-share market price of our common stock in order to qualify for listing on the NASDAQ Capital Market. Effecting the Reverse Stock Split would reduce our total shares of common stock outstanding, which the Board believes will increase the price per share of our common stock and therefore, better enable us to qualify for the NASDAQ Capital Market. While there are other requirements for listing on the NASDAQ Capital Market, a closing price of \$3.00 must be achieved before we may be able to qualify. However, the effect of the Reverse Stock Split on the market value of our common stock cannot be predicted with any certainty, and there can be no assurance that the market price per post-split share will either exceed or remain in excess of the \$3.00 closing price for a sustained period of time. The Reverse Stock Split itself does not affect our market value, and the market price of our common stock may also be based on other factors that are unrelated to the number of shares outstanding, including our future performance.

Determination of Reverse Stock Split Ratio

The Board of Directors believes that stockholder approval of a range of potential exchange ratios (rather than a single exchange ratio) is in the best interests of our Company and stockholders because it provides the Board of Directors with the flexibility to achieve the desired results of the Reverse Stock Split and because it is not possible to predict market conditions at the time the Reverse Stock Split would be implemented. The ratio to be selected by the Board of Directors in its sole discretion will be a whole number ratio not less than 1:12 and not more than 1:15. In determining the Reverse Stock Split ratio, the Board of Directors will consider, among other factors:

the historical and projected performance of our common stock;

prevailing market conditions;

general economic and other related conditions in our industry and in the marketplace;

the projected impact of the selected Reverse Stock Split ratio on trading liquidity in our common stock;

the desire to satisfy the minimum closing price of \$3.00 for listing on the NASDAQ;

our capitalization (including the number of shares of our common stock issued and outstanding);

the prevailing trading price for our common stock and the volume level thereof; and

potential devaluation of our market capitalization as a result of a Reverse Stock Split.

The purpose of asking for authorization to implement the Reverse Stock Split at a ratio to be determined by our Board of Directors, as opposed to a ratio fixed in advance, is to give the Board of Directors the flexibility to take into account then-current market conditions and changes in price of our common stock and to respond to other developments that may be deemed relevant when considering the appropriate ratio.

Material Effects of Proposed Reverse Stock Split

The Board believes that the Reverse Stock Split will increase the per-share market price of common stock in order to, among other things, satisfy the minimum closing price of \$3.00 for listing on the NASDAQ Capital Market and generate interest in our Company among investors. The Board cannot predict, however, the effect of the Reverse Stock Split upon the market price for our common stock, and the history of similar reverse stock splits for companies that have effected reverse stock splits is varied. The market price per share of our common stock after the Reverse Stock Split may not rise in proportion to the reduction in the number of shares of common stock outstanding resulting from the Reverse Stock Split, which would reduce our market capitalization. The market price per post-split share may not remain in excess of the \$3.00 minimum closing price as required by NASDAQ, or we may not otherwise meet the additional requirements for listing on NASDAQ. The market price of our common stock may also be based on our performance and other factors, the effect of which the Board cannot predict.

The Reverse Stock Split will affect all of our stockholders uniformly and will not affect any stockholder's percentage ownership interests or proportionate voting power, except to the extent that the Reverse Stock Split results in any of the stockholders owning a fractional share. In lieu of issuing fractional shares, we will round up each fractional share to the nearest whole post-split share.

The principal effects of the Reverse Stock Split will be that (i) each outstanding share of common stock issued and outstanding will automatically be changed into not less than 1/12 and not greater than 1/15 of a share of common stock, as determined in the discretion of our Board of Directors; (ii) the number of shares of common stock subject to our outstanding options and warrants entitling the holders thereof to purchase shares of common stock will be reduced by a factor not less than 1/12 and not greater than 1/15 of common stock, as determined in the discretion of our Board of Directors and any applicable exercise price will be appropriately adjusted, resulting in the same aggregate price being required to be paid upon exercise thereof immediately preceding the Reverse Stock Split; and (iii) the number of shares reserved for issuance pursuant to our 2015 Equity Incentive Plan will be reduced by a factor not less than 1/12 and not greater than 1/15 of a share of common stock, as determined in the discretion of our Board of Directors, of the number of shares currently included in such plan.

The Reverse Stock Split will not change the terms of our common stock. After the Reverse Stock Split, the par value of our common stock will remain unchanged at \$0.001 per share and shares of common stock will have the same voting rights and will be identical in all other respects to the common stock currently authorized. Each stockholder's percentage ownership of the new common stock will not be altered except for the effect of eliminating fractional shares. The common stock issued pursuant to the Reverse Stock Split will remain fully paid and non-assessable. The Reverse Stock Split is not intended as, and will not have the effect of, a "going private transaction" covered by Rule 13e-3 under the Exchange Act. Following the Reverse Stock Split, we will continue to have the same number of stockholders and we will still be subject to the periodic reporting requirements of the Exchange Act.

The Reverse Stock Split would result in some stockholders owning "odd-lots" of less than 100 shares of our common stock. Brokerage commissions and other costs of transactions in odd-lots are generally higher than the costs of transactions in "round-lots" of even multiples of 100 shares.

Potential Advantages of the Reverse Stock Split

Satisfy the minimum closing price of \$3.00 for listing on the NASDAQ. We believe the listing of our common stock on NASDAQ would be desirable for our stockholders and potentially beneficial to our business. It is the Board's opinion that the NASDAQ Capital Market has a higher trading volume and is much more efficient than the OTCQB and OTCBB. As a result, investors may find it easier to trade, or to obtain frequent quotations, as to the market value of our common stock. Trading on other markets can therefore positively impact the liquidity and marketability of our common stock and our ability to obtain future financing on favorable terms. We believe that a Reverse Stock Split would result in an increase in the price per share of our common stock, and thereby help us meet the minimum closing price of \$3.00 per share for our common stock as required by the NASDAQ Listing Rules.

Increase our Common Stock Price to a Level More Appealing for Investors. The Board believes an increase in the stock price of our common stock as a result of the Reverse Stock Split may enhance the appeal of our common stock to the financial community, including institutional investors and the general investing public, and improve our Company's marketability, thus enhancing our liquidity. We believe that a number of institutional investors and investment funds are reluctant to invest in lower-priced securities and that brokerage firms may be reluctant to recommend lower-priced stock to their clients, which may be due in part to a perception that lower-priced securities are less promising as investments, are less liquid, or are less likely to be followed by institutional securities research firms. We believe that the anticipated increased stock price immediately following and resulting from the Reverse Stock Split may encourage further interest in our common stock.

Facilitate Potential Future Financings. By listing on NASDAQ, we can continue to consider and pursue future financing options to support our business that would not likely be available to us if our common stock was not listed on a national exchange. We believe being listed on a national securities exchange is valued highly by many long-term and institutional investors. A listing on a national securities exchange also has the potential to create better liquidity and reduce volatility for buying and selling shares of our stock, which benefits our current and future stockholders.

Potential Disadvantages of the Reverse Stock Split

The Reverse Stock Split May Not Increase our Stock Price over the Long-Term. As noted above, the principal purpose of the Reverse Stock Split is to increase the per-share market price of our common stock above the \$3.00 per share minimum closing price requirement under the NASDAQ Listing Rules. We cannot assure you, however, that the Reverse Stock Split will accomplish this objective for any meaningful period of time. While we expect that the reduction in the number of outstanding shares of common stock will proportionally increase the market price of our common stock, we cannot assure you that the Reverse Stock Split will increase the market price of our common stock by a multiple of the Reverse Stock Split ratio chosen by our Board of Directors in its sole discretion, or result in any permanent or sustained increase in the market price of our stock, which is dependent upon many factors, including our business and financial performance, general market conditions, and prospects for future success. Thus, while our stock price might meet the listing requirements for NASDAQ initially, we cannot assure you that it will continue to do so.

The Reverse Stock Split May Lead to a Decrease in our Overall Market Capitalization. Should the market price of our common stock decline after the Reverse Stock Split, the percentage decline may be greater, due to the smaller number of shares outstanding, than it would have been prior to the Reverse Stock Split. A reverse stock split is often viewed negatively by the market and, consequently, can lead to a decrease in our overall market capitalization. If the per share market price does not increase in proportion to the Reverse Stock Split ratio, then the value of our Company, as measured by our stock capitalization, will be reduced. In some cases, the per-share stock price of companies that have effected reverse stock splits subsequently declined back to pre-reverse split levels, and accordingly, we cannot assure you that the total market value of your shares will remain the same after the Reverse Stock Split is effected, or that the Reverse Stock Split will not have an adverse effect on our stock price due to the reduced number of shares outstanding

after the Reverse Stock Split.

The Reverse Stock Split May Decrease the Liquidity of the Common Stock. Although the Board believes that the anticipated increase in the market price of our common stock could encourage interest in our common stock and possibly promote greater liquidity for our stockholders, such liquidity could also be adversely affected by the reduced number of shares outstanding after the Reverse Stock Split. Our outstanding shares will be reduced by a factor of 1:12 to 1:15, such ratio to be determined in the sole discretion of our Board of Directors, which may lead to reduced trading and a smaller number of market makers for our common stock.

Dilution to Existing Shareholders, in Case the Company Issues New Shares of Common Stock. Although the Reverse Stock Split will not in itself cause dilution to our existing stockholders, the number of authorized shares the Company will be authorized to issue will not be decreased proportionally. Thus, should the Company decide to issue new shares of common stock in the future to raise capital existing shareholders' ownership will be diluted.

Potential Consequences that the Reverse Stock Split Will Fail to Achieve the Desired Effects

Stockholders should note that the effect of the Reverse Stock Split upon the market price of our common stock cannot be accurately predicted. In particular, we cannot assure you of the per-share market price for shares of our common stock after the Reverse Stock Split. Furthermore, we cannot assure you that the market price of our common stock immediately after the proposed Reverse Stock Split will be maintained for any period of time. Even if an increased per-share price can be maintained, the Reverse Stock Split may not achieve the desired results that have been outlined above. Moreover, because some investors may view the Reverse Stock Split negatively, we cannot assure you that the Reverse Stock Split will not adversely impact the market price of our common stock or, alternatively, that the market price following the Reverse Stock Split will either exceed or remain in excess of the current market price.

We would also need to satisfy additional criteria to continue to have our common stock eligible for listing on NASDAQ. These criteria require, in addition to the requirement of the minimum closing price of \$3.00 per share for our common stock, that:

we have stockholders' equity of at least \$2.5 million or a market value of listed securities of \$35 million, or net income from continuing operations (in the latest fiscal year or in 2 of the last 3 fiscal years) of \$500,000;

our public float must consist of at least 500,000 shares with a market value of at least \$1 million (public float defined under NASDAQ's rules as the shares held by persons other than officers, directors and beneficial owners of greater than 10% of our total outstanding shares);

there be at least 400 public holders of our common stock;

there be at least two market makers for our common stock; and

we comply with certain corporate governance requirements.

We believe that we satisfy all of these other listing requirements of NASDAQ as of the mailing date of this Proxy Statement. However, we cannot assure you that we will be successful in continuing to meet all requisite continued listing criteria.

If the Reverse Stock Split is implemented, some stockholders may consequently own less than 100 shares of common stock. A purchase or sale of less than 100 shares (an "odd lot" transaction) may result in incrementally higher trading costs through certain brokers, particularly "full service" brokers. Therefore, those stockholders who own less than 100 shares following the Reverse Stock Split may be required to pay higher transaction costs if they sell their shares in us.

We believe that the Reverse Stock Split may result in greater liquidity for our stockholders. However, it is also possible that such liquidity could be adversely affected by the reduced number of shares outstanding after the Reverse Stock Split.

Procedure for Effecting Reverse Stock Split and Exchange of Stock Certificates

If the Reverse Stock Split is approved by our stockholders, and if at such time the Board determines it is in the best interests of our Company and our stockholders to effect the Reverse Stock Split, the Board will determine the whole number ratio, within the range approved by our stockholders, of the Reverse Stock Split to be implemented. We will file the Certificate of Change with the Secretary of State of the State of Nevada at such time as the Board of Directors deems appropriate to effect the Reverse Stock Split. The Board of Directors may delay effecting the Reverse Stock Split without re-soliciting stockholder approval. The Reverse Stock Split would become effective at such time as the Certificate of Change is filed with the Secretary of State of the State of Nevada. Upon the filing of the Certificate of Change, all of our existing common stock will be converted into new common stock as set forth in the amendment.

As soon as practicable after the effective date of the Reverse Stock Split, stockholders will be notified that the Reverse Stock Split has been effected. American Stock Transfer & Trust Company, our transfer agent, will act as exchange agent for purposes of implementing the exchange of stock certificates. Holders of pre-split shares will be asked to surrender to the exchange agent certificates representing pre-split shares in exchange for certificates representing post-split shares in accordance with the procedures to be set forth in a letter of transmittal that will be delivered to our stockholders. No new certificates will be issued to a stockholder until the stockholder has surrendered to the exchange agent his, her or its outstanding certificate(s) together with the properly completed and executed letter of transmittal. **STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATES AND SHOULD NOT SUBMIT ANY CERTIFICATES UNTIL REQUESTED TO DO SO.** Stockholders whose shares are held by their stockbroker do not need to submit old share certificates for exchange. These shares will automatically reflect the new quantity of shares based on the Reverse Stock Split ratio. Beginning on the effective date of the Reverse Stock Split, each certificate representing pre-split shares will be deemed for all corporate purposes to evidence ownership of post-split shares.

Fractional Shares

We will not issue fractional certificates for post-split shares in connection with the Reverse Stock Split. In lieu of issuing fractional shares, we will round up each fractional share to the nearest whole post-split share.

Discretionary Authority of the Board to Abandon Reverse Stock Split

If the proposed Reverse Stock Split is approved by our stockholders, our Board of Directors may, in its sole discretion, at any time prior to our 2016 Annual Meeting of Stockholders, authorize a reverse stock split at a whole number ratio not less than 1:12 and not greater than 1:15, with the exact ratio to be set within such range in the discretion of our Board of Directors, and file the Certificate of Change with the Secretary of State of the State of Nevada. The Board reserves the right to abandon the Reverse Stock Split without further action by our stockholders at any time before the effectiveness of the Certificate of Change, even if the Reverse Stock Split has been authorized by our stockholders. By voting in favor of the Reverse Stock Split, you are expressly also authorizing our Board to determine not to proceed with, and abandon, the Reverse Stock Split if it should so decide.

Criteria to be Used for Decision to Apply the Reverse Stock Split

If the stockholders approve the Reverse Stock Split, the Board will be authorized to proceed with the Reverse Stock Split. In determining whether to proceed with the Reverse Stock Split, the Board will consider a number of factors, including market conditions, existing and expected trading prices of our common stock, the NASDAQ listing requirements, our additional funding requirements, and the amount of our authorized but unissued common stock.

Material United States Federal Income Tax Consequences of the Reverse Stock Split

The following discussion describes the material United States Federal income tax consequences to “U.S. holders” (as defined below) of our common stock relating to the Reverse Stock Split. This discussion is based upon the Internal Revenue Code of 1986, as amended (the “Code”), Treasury Regulations, judicial authorities, published positions of the Internal Revenue Service (“IRS”), and other applicable authorities, all as currently in effect and all of which are subject to change or differing interpretations (possibly with retroactive effect). We have not obtained a ruling from the IRS or an opinion of legal or tax counsel with respect to the tax consequences of the Reverse Stock Split. The following discussion is for informational purposes only and is not intended as tax or legal advice. Each holder should seek advice based on the holder’s particular circumstances from an independent tax advisor.

For purposes of this discussion, the term “U.S. holder” means a beneficial owner of our common stock that is for United States Federal income tax purposes:

an individual citizen or resident of the United States;

a corporation (or other entity treated as a corporation for United States Federal income tax purposes) organized under the laws of the United States, any state, or the District of Columbia;

an estate with income subject to United States Federal income tax regardless of its source; or

a trust that (a) is subject to primary supervision by a United States court and for which United States persons control all substantial decisions or (b) has a valid election in effect under applicable Treasury Regulations to be treated as a United States person.

This discussion assumes that a U.S. holder holds our common stock as a capital asset within the meaning of Code Section 1221. This discussion does not address all of the tax consequences that may be relevant to a particular stockholder of our Company or to stockholders of our Company that are subject to special treatment under United States Federal income tax laws including, but not limited to, banks, financial institutions, tax-exempt organizations, insurance companies, regulated investment companies, real estate investment trusts, persons that are broker-dealers, traders in securities who elect the mark-to-market method of accounting for their securities, certain former citizens or long-term residents of the United States, or stockholders holding their shares of our common stock as part of a “straddle,” “hedge,” “conversion transaction,” or other integrated transaction. This discussion also does not address the tax consequences to our Company, or to stockholders that own 5% or more of our common stock, are affiliates of our Company, or are not U.S. holders. In addition, this discussion does not address other United States Federal taxes (such as gift or estate taxes or alternative minimum taxes), the tax consequences of the Reverse Stock Split under state, local, or foreign tax laws or certain tax reporting requirements that may be applicable with respect to the Reverse Stock Split. No assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any of the tax consequences set forth below.

If a partnership (or other entity treated as a partnership for United States Federal income tax purposes) is a Company stockholder, the tax treatment of a partner in the partnership, or any equity owner of such other entity will generally depend upon the status of the person and the activities of the partnership or other entity treated as a partnership for United States Federal income tax purposes.

Tax Consequences of the Reverse Stock Split Generally

We believe that the Reverse Stock Split will qualify as a “reorganization” under Section 368(a)(1)(E) of the Code, with the following consequences:

A U.S. holder will not recognize any gain or loss as a result of the Reverse Stock Split.

A U.S. holder’s aggregate tax basis in the U.S. holder’s post-split shares will be equal to the aggregate tax basis in the U.S. holder’s pre-split shares exchanged therefor.

A U.S. holder’s holding period for the post-split shares will include the period during which such stockholder held the pre-split shares surrendered in the Reverse Stock Split.

No Dissenter’s Rights

Under the Nevada Revised Statutes, stockholders will not be entitled to dissenter’s rights with respect to the proposed amendment to our Restated Certificate of Incorporation, as amended, to effect the Reverse Stock Split, and we do not intend to independently provide stockholders with any such right.

Required Vote

The affirmative vote of a majority of the holders of a majority of shares of common stock present in person or represented by proxy and entitled to vote at the 2015 Annual Meeting is required to (i) approve an amendment to our Amended and Restated Articles of Incorporation, as amended, and to authorize our Board of Directors, if in their judgment it is necessary, to effect a reverse stock split of our outstanding common stock, \$0.001 par value per share, at a whole number ratio in the range of 1:12 to 1:15, such ratio to be determined in the discretion of our Board of Directors, and (ii) authorize our Board of Directors to file such amendment, if in their judgment it is necessary, that would effect the foregoing. A properly executed proxy marked “ABSTAIN” with respect to this proposal will not be voted, although it will be counted for purposes of determining the number of shares of common stock entitled to vote. Accordingly, an abstention will have the effect of a negative vote. Because Proposal No. 5 is a routine proposal on which a broker or other nominee is generally empowered to vote, broker “non-votes” likely will not result from this Proposal. Thus, if you are a beneficial owner holding shares through a broker, bank or other holder of record and you do not vote on this Proposal, your broker may cast a vote on your behalf for this Proposal.

Board Recommendation

Our Board of Directors unanimously recommends a vote FOR the proposal to approve an amendment to our Restated Certificate of Incorporation, as amended, and authorize our Board of Directors to effect a reverse stock split of our outstanding common stock, \$0.001 par value per share, at a whole number ratio in the range of 1:12 to 1:15, such ratio to be determined in the discretion of our Board of Directors, and to authorize our Board of Directors to file such amendment, if in their judgment it is necessary, that would effect the foregoing.

“Householding” of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially provides extra convenience for stockholders and cost savings for us. Under this procedure, multiple stockholders who share the same last name and address will receive only one copy of the annual proxy materials, unless they notify us that they wish to continue receiving multiple copies. We have undertaken householding to reduce our printing costs and postage fees.

If you wish to opt-out of householding and continue to receive multiple copies of the proxy materials at the same address, you may do so at any time prior to thirty days before the mailing of proxy materials, which will typically be mailed in June of each year, by notifying us in writing at: Secretary, Payment Data Systems, Inc., 12500 San Pedro, Ste. 120, San Antonio, TX 78216, or by contacting us at (210) 249-4100. You also may request additional copies of the proxy materials by notifying us in writing at the same address or contacting us at (210) 249-4100, and we will undertake to deliver such additional copies promptly. If you share an address with another stockholder and currently are receiving multiple copies of the proxy materials, you may request householding by notifying us at the above referenced address or telephone number.

Other Matters

Your Board of Directors does not know of any other business that will be presented at the 2015 Annual Meeting. If any other business is properly brought before the 2015 Annual Meeting, your proxy holders will vote on it as they think best unless you direct them otherwise in your proxy instructions.

Whether or not you intend to be present at the 2015 Annual Meeting, we urge you to submit your signed proxy promptly.

By Order of the Board of Directors.

For purposes of Awards that are intended to qualify for the performance-based compensation exception under Section 162(m) of the Code, a Performance Criterion will mean an objectively determinable measure of performance relating to any or any combination of the following (measured either absolutely or by reference to an index or indices and determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof): sales; revenues; assets; expenses; earnings before or after deduction for all or any portion of interest, taxes, depreciation, or amortization, whether or not on a continuing operations or an aggregate or per share basis; return on equity, investment, capital or assets; one or more operating ratios; borrowing levels, leverage ratios or credit rating; market share; capital expenditures; cash flow; stock price; stockholder return; sales of particular products or services; customer acquisition or retention; acquisitions and divestitures (in whole or in part); joint ventures and strategic alliances; spin-offs, split-ups and the like; reorganizations; or recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings. To the extent consistent with the requirements for satisfying the performance-based compensation exception under Section 162(m) of the Code, the Administrator may provide in the case of any Award intended to qualify for such exception that one or more of the Performance Criteria applicable to such Award will be adjusted in an objectively determinable manner to reflect events (for example, but without limitation, acquisitions or dispositions) occurring during the performance period that affect the applicable Performance Criterion or Criteria.

“Stock Unit”: An unfunded and unsecured promise, denominated in shares of Stock, to deliver Stock or cash measured by the value of Stock in the future.

3. ADMINISTRATION

The Administrator has discretionary authority, subject only to the express provisions of the Plan, to construe and interpret the Plan; determine eligibility for and grant Awards; determine, modify or waive the terms and conditions of any Award; prescribe forms, rules and procedures; and otherwise do all things necessary to carry out the purposes of the Plan. However, if the Administrator intends to satisfy such exemption requirements, with respect to Awards to any Covered Employee and with respect to any insider subject to Section 16 of the Exchange Act, the Administrator shall be a compensation committee of the Board that at all times consists solely of two or more non-employee directors who are also outside directors. In the case of any such exempt Awards the compensation committee will exercise its discretion consistent with qualifying the Award for that exception. Determinations of the Administrator made under the Plan will be conclusive and will bind all parties.

4. LIMITS ON AWARDS UNDER THE PLAN

(a) Number of Shares. The number of shares of Stock available for delivery in satisfaction of Awards under the Plan shall be determined in accordance with this Section 4(a)

(1) Subject to adjustment in accordance with Section 7, the maximum aggregate number of shares of Stock that may be delivered in satisfaction of Awards under the Plan shall be 75,000,000 plus an automatic annual increase on the first business day of each fiscal year during the term of the Plan, beginning January 1, 2016, in an amount equal to 5% of the issued and outstanding shares of Stock on the last day of the immediately preceding year, or such lesser amount if so determined by the Board or the Administrator. During the terms of the Awards, the Company shall keep available at all times the number of shares of Stock required to satisfy such Awards.

Any shares of Stock granted in connection with Stock Options and Stock Appreciation Rights shall be counted against this limit as one (1) share for every one (1) Stock Option or Stock Appreciation Right awarded. Any shares of Stock granted in connection with Awards other than Stock Options and Stock Appreciation Rights shall be counted against this limit as two (2) shares of Stock for every one (1) share of Stock granted in connection with such Award.

(2) To the extent consistent with the requirements of Section 422 of the Code and Applicable Laws, Stock issued under awards of an acquired company that are converted, replaced, or adjusted in connection with the acquisition shall not reduce the number of shares available for Awards under the Plan.

(b) Type of Shares. Stock delivered by the Company under the Plan may consist, in whole or in part, of authorized and unissued Stock, treasury Stock or Stock reacquired by the Company in any manner. No fractional shares of Stock will be delivered under the Plan.

(c) Section 162(m) Limits. Subject to adjustment in accordance with Section 7, the maximum number of shares of Stock for which Stock Options and Stock Appreciation Rights may be granted to any person in any calendar year will be 3,000,000. The maximum number of shares subject to other Awards granted to any person in any calendar year will be 5,000,000 shares. The foregoing provisions will be construed in a manner consistent with Section 162(m) of the Code.

(d) Award Cancellations. Any shares of Stock subject to an Award that is canceled, forfeited or expires prior to exercise or realization, either in full or in part, shall again become available for issuance under the Plan. Notwithstanding anything to the contrary contained herein: shares subject to an Award under the Plan shall not again be made available for issuance or delivery under the Plan if such shares are (a) shares tendered in payment of a Stock Option, (b) shares delivered or withheld by the Company to satisfy any tax withholding obligation, or (c) shares covered by a stock-settled Stock Appreciation Right or other Awards that were not issued upon the settlement of the Award.

5. ELIGIBILITY AND PARTICIPATION

The Administrator, in its sole discretion, will select Participants from among those key Employees, officers and directors of, and Consultants and advisors to, the Company or its Affiliates who, in the opinion of the Administrator, are in a position to make a significant contribution to the success of the Company and its Affiliates. Notwithstanding the foregoing, the Administrator may authorize the grant of an Award to a person not then an Employee, director, Consultant or advisor of the Company or its Affiliates; provided, however, that the actual grant of such Award shall be conditioned upon such person becoming eligible to become a Participant at or prior to the execution of an agreement evidencing such Award. A person who owns (or is deemed to own pursuant to Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of outstanding stock of the Company or of an Affiliate shall not be eligible for a grant of a Stock Option, unless such grant satisfies the requirements of Section 422(c)(5) of the Code.

6. RULES APPLICABLE TO AWARDS

(a) All Awards

(1) Award Provisions. The Administrator, in its sole discretion, will determine the terms of all Awards, subject to the limitations provided herein. By accepting (or, under such rules as the Administrator may prescribe, being deemed to have accepted) an Award, the Participant (or Permitted Transferee or beneficiary claiming under or through Participant) agrees to the terms of the Award and the Plan and any action taken thereunder. Notwithstanding any provision of this Plan to the contrary, awards of an acquired company that are converted, replaced or adjusted in connection with the acquisition may contain terms and conditions that are inconsistent with the terms and conditions specified herein, as determined by the Administrator. Each Award granted under the Plan shall be evidenced by an Award Agreement.

(2) Transferability. Awards may be assigned or transferred, in whole or in part, only (i) by will or by the laws of descent and distribution, or (ii) during a Participant's lifetime only on a gratuitous basis and then only to the extent, if any, determined and approved by the Administrator, in its sole discretion.

(3) Vesting, etc. The Administrator may determine the time or times at which an Award will vest or become exercisable and the terms on which an Award requiring exercise will remain exercisable. Without limiting the foregoing, the Administrator may, in its sole discretion, at any time accelerate the vesting or exercisability of an Award, regardless of any adverse or potentially adverse tax consequences resulting from such acceleration. However, unless the Administrator expressly provides otherwise, the following rules will apply: immediately upon the cessation of the Participant's Employment, each Award requiring exercise that is then held by the Participant or by the Participant's Permitted Transferees, if any, will cease to be exercisable and will terminate, and all other Awards that are then held by the Participant or by the Participant's Permitted Transferees, if any, to the extent not already vested will be forfeited, except that:

(A) subject to (B) and (C) below, all Stock Options held by the Participant or the Permitted Transferees, if any, immediately prior to the cessation of the Participant's Employment, to the extent then exercisable, will remain exercisable for the lesser of (i) a period of three months or (ii) the period ending on the latest date on which such Stock Option could have been exercised without regard to this Section 6(a)(3) , and will thereupon terminate;

(B) all Stock Options held by a Participant or the Permitted Transferees, if any, immediately prior to the Participant's death, to the extent then exercisable, will remain exercisable for the lesser of (i) the one year period ending with the first anniversary of the Participant's death or (ii) the period ending on the latest date on which such Stock Option could have been exercised without regard to this Section 6(a)(3) and will thereupon terminate; and

(C) all Stock Options held by a Participant or the Permitted Transferees, if any, immediately prior to the cessation of the Participant's Employment will immediately terminate upon such cessation if the Administrator in its sole discretion determines that such cessation of Employment has resulted for reasons which cast such discredit on the Participant as to justify immediate termination of the Award.

(4) Taxes. The Administrator will make such provision for the withholding of taxes as it deems necessary. The Administrator may, but need not, hold back shares of Stock from an Award or permit a Participant to tender previously owned shares of Stock in satisfaction of tax withholding requirements (but not in excess of the minimum withholding required by law).

(5) Dividend Equivalents, etc. The Administrator may provide for the payment of amounts in lieu of cash dividends or other cash distributions with respect to Stock subject to an Award. Any entitlement to dividend equivalents or similar entitlements shall be established and administered consistent either with exemption from, or compliance with, the requirements of Section 409A of the Code to the extent applicable.

(6) Rights Limited. Nothing in the Plan will be construed as giving any person the right to continued employment or service with the Company or its Affiliates, or any rights as a stockholder except as to shares of Stock actually issued under the Plan. The loss of existing or potential profit in Awards will not constitute an element of damages in the event of termination of Employment for any reason, even if the termination is in violation of an obligation of the Company or Affiliate to the Participant.

(7) Section 162(m). This Section 6(a)(8) applies to any Performance Award intended to qualify as performance-based for the purposes of Section 162(m) of the Code other than a Stock Option. In the case of any Performance Award to which this Section 6(a)(8) applies, the Plan and such Award will be construed to the maximum extent permitted by law in a manner consistent with qualifying the Award for such exception. With respect to such Performance Awards, the Administrator will pre-establish, in writing, one or more specific Performance Criteria no later than 90 days after the commencement of the period of service to which the performance relates (or at such earlier time as is required to qualify the Award as performance-based under Section 162(m) of the Code). Prior to grant, vesting or payment of the Performance Award, as the case may be, the compensation committee of the Board will certify whether the applicable

Performance Criteria have been attained and such determination will be final and conclusive. No Performance Award to which this Section 6(a)(8) applies may be granted after the first meeting of the stockholders of the Company held in 2015 until the listed performance measures set forth in the definition of "Performance Criteria" (as originally approved or as subsequently amended) have been resubmitted to and reapproved by the stockholders of the Company in accordance with the requirements of Section 162(m) of the Code, unless such grant is made contingent upon such approval.

(8) Section 409A. Except as the Administrator expressly determines in any case, each Award shall contain such terms, and shall be construed and administered, such that the Award either (i) qualifies for an exemption from the requirements of Section 409A of the Code, or (ii) satisfies such requirements.

(9) Certain Requirements of Law. Awards shall be granted and administered consistent with Applicable Laws.

(b) Awards Requiring Exercise

(1) Time and Manner of Exercise. Unless the Administrator expressly provides otherwise, an Award requiring exercise by the holder will not be deemed to have been exercised until the Administrator receives a written notice of exercise (in form acceptable to the Administrator) signed by the appropriate person and accompanied by any payment required under the Award. If the Award is exercised by any person other than the Participant, the Administrator may require satisfactory evidence that the person exercising the Award has the right to do so.

(2) Exercise Price. The exercise price (or the base value from which appreciation is to be measured) of each Award requiring exercise shall be not less than 100% of the Fair Market Value of the Stock subject to the Award, determined as of the date of grant. No such Award, once granted, may be repriced other than in accordance with the applicable stockholder approval requirements of NASDAQ, if, at such time, the Company's Stock is listed on a NASDAQ market.

(3) Payment Of Exercise Price. Where the exercise of an Award is to be accompanied by payment, payment shall be made by delivery of cash or check acceptable to the Administrator, or, if so permitted by the Administrator and if legally permissible, (i) through the delivery of shares of Stock that have been outstanding for at least six months (unless the Administrator approves a shorter period) and that have a fair market value equal to the exercise price, (ii) through a broker-assisted exercise program acceptable to the Administrator, (iii) by other means acceptable to the Administrator, or (iv) by any combination of the foregoing permissible forms of payment. The delivery of shares in payment of the exercise price under clause (i) above may be accomplished either by actual delivery or by constructive delivery through attestation of ownership, subject to such rules as the Administrator may prescribe.

7. EFFECT OF CERTAIN TRANSACTIONS

(a) Mergers, etc. Except as otherwise provided in an Award, the following provisions shall apply in the event of a Covered Transaction:

(1) Assumption or Substitution. If the Covered Transaction is one in which there is an acquiring or surviving entity, the Administrator may provide for the assumption of some or all outstanding Awards or for the grant of new awards in substitution therefor by the acquiror or survivor or an affiliate of the acquiror or survivor. Any substitution or assumption of a Stock Option exempt from the requirements of Section 409A of the Code shall be accomplished on a basis that preserves such exemption.

(2) Cash-Out of Awards. If the Covered Transaction is one in which holders of Stock will receive a payment upon consummation, the Administrator may provide for payment (a “cash-out”), with respect to some or all Awards or portions thereof, equal in the case of each affected Award or portion thereof to the excess, if any, of (A) the Fair Market Value of one share of Stock times the number of shares of Stock subject to the Award or such portion, over (B) the aggregate exercise or purchase price, if any, under the Award or such portion, in each case on such payment terms (which need not be the same as the terms of payment to holders of Stock) and other terms, and subject to such conditions, as the Administrator determines; provided, that the Administrator shall not exercise its discretion under this Section 7(a)(2) with respect to an Award providing for “nonqualified deferred compensation” subject to Section 409A of the Code in a manner that would constitute an extension or acceleration or, or other change in, payment terms if such change would be inconsistent with the requirements of Section 409A of the Code.

(3) Acceleration of Certain Awards. If the Covered Transaction (whether or not there is an acquiring or surviving entity) is one in which there is no assumption, substitution or cash-out, each Award requiring exercise will become fully exercisable, and the delivery of shares of Stock deliverable under each outstanding Award of Stock Units (including Restricted Stock Units and Performance Awards to the extent consisting of Stock Units) will be accelerated and such shares will be delivered, prior to the Covered Transaction, in each case on a basis that gives the holder of the Award a reasonable opportunity, as determined by the Administrator, following exercise of the Award or the delivery of the shares, as the case may be, to participate as a stockholder in the Covered Transaction; provided, that to the extent acceleration pursuant to this Section 7(a)(3) of an Award subject to Section 409A of the Code would cause the Award to fail to satisfy the requirements of Section 409A of the Code, the Award shall not be accelerated and the Administrator in lieu thereof shall take such steps as it deems necessary or appropriate to ensure that payment of the Award is made in a medium other than Stock and on terms that as nearly as possible, but taking into account adjustments required or permitted by this Section 7, mirror the prior terms of the Award.

(4) Termination of Awards Upon Consummation of Covered Transaction. Each Award will terminate upon consummation of the Covered Transaction, other than the following: (i) Awards assumed pursuant to Section 7(a)(1) above; (ii) Awards converted pursuant to the proviso in Section 7(a)(3) above into an ongoing right to receive payment other than Stock; and (iii) outstanding shares of Restricted Stock (which shall be treated in the same manner as other shares of Stock, subject to Section 7(a)(5) below).

(5) Additional Limitations. Any share of Stock delivered pursuant to Section 7(a)(2) or Section 7(a)(3) above with respect to an Award may, in the discretion of the Administrator, contain such restrictions, if any, as the Administrator deems appropriate to reflect any performance or other vesting conditions to which the Award was subject. In the case of Restricted Stock, the Administrator may require that any amounts delivered, exchanged or otherwise paid in respect of such Stock in connection with the Covered Transaction be placed in escrow or otherwise made subject to such restrictions as the Administrator deems appropriate to carry out the intent of the Plan.

(b) Change in and Distributions With Respect to Stock

(1) Basic Adjustment Provisions. In the event of a stock dividend, stock split or combination of shares (including a reverse stock split), recapitalization or other change in the Company’s capital structure, the Administrator shall make appropriate adjustments to the maximum number of shares specified in Section 4(a) that may be delivered under the Plan and to the maximum share limits described in Section 4(c), and shall also make appropriate adjustments to the number and kind of shares of stock or securities subject to Awards then outstanding or subsequently granted, any exercise prices relating to Awards and any other provision of Awards affected by such change.

(2) Certain Other Adjustments. The Administrator may also make adjustments of the type described in Section 7(b)(1) above to take into account distributions to stockholders other than those provided for in Section 7(a) and 7(b)(1), or any other event, if the Administrator determines that adjustments are appropriate to avoid distortion in the

operation of the Plan and to preserve the value of Awards made hereunder, having due regard for the requirements of Section 409A of the Code, and the performance-based compensation rules of Section 162(m) of the Code, where applicable.

(3) Continuing Application of Plan Terms. References in the Plan to shares of Stock will be construed to include any stock or securities resulting from an adjustment pursuant to this Section 7.

8. LEGAL CONDITIONS TO DELIVERY OF STOCK

The Company will not be obligated to deliver any shares of Stock pursuant to the Plan or to remove any restriction from shares of Stock previously delivered under the Plan until: (i) the Company is satisfied that all legal matters in connection with the issuance and delivery of such shares have been addressed and resolved; (ii) if the outstanding Stock is at the time of delivery listed on any stock exchange or national market system, the shares to be delivered have been listed or authorized to be listed on such exchange or system upon official notice of issuance; and (iii) all conditions of the Award have been satisfied or waived. If the sale of Stock has not been registered under the Securities Act of 1933, as amended, the Company may require, as a condition to exercise of the Award, such representations or agreements as counsel for the Company may consider appropriate to avoid violation of such Act. The Company may require that certificates evidencing Stock issued under the Plan bear an appropriate legend reflecting any restriction on transfer applicable to such Stock, and the Company may hold the certificates pending lapse of the applicable restrictions. The Company shall be relieved from any liability for failure to issue shares of Stock upon exercise of Awards.

9. AMENDMENT AND TERMINATION

The Administrator may at any time or times amend the Plan or any outstanding Award for any purpose which may at the time be permitted by law, and may at any time terminate the Plan as to any future grants of Awards; provided, that except as otherwise expressly provided in the Plan the Administrator may not, without the Participant's consent, alter the terms of an Award so as to affect adversely the Participant's rights under the Award, unless the Administrator expressly reserved the right to do so at the time of the Award. Any amendments to the Plan shall be conditioned upon stockholder approval only to the extent, if any, such approval is required by Applicable Laws, as determined by the Administrator.

10. OTHER COMPENSATION ARRANGEMENTS

The existence of the Plan or the grant of any Award will not in any way affect the Company's right to Award a person bonuses, awards or other compensation in addition to Awards under the Plan.

11. MISCELLANEOUS

(a) Effect of Change in Control. In the event of a Participant's termination of continuous service without cause or for good reason during the 12-month period following a Change in Control, notwithstanding any provision of the Plan or any applicable Award Agreement to the contrary, all Stock Options and Stock Appreciation Rights shall become immediately exercisable with respect to 100% of the shares subject to such Stock Options or Stock Appreciation Rights, and/or the restricted period shall expire immediately with respect to 100% of the shares of Restricted Stock or Restricted Stock Units as of the date of the Participant's termination of continuous service. In addition, in the event of a Change in Control, the Administrator may in its discretion and upon at least 10 days' advance notice to the affected persons, cancel any outstanding Awards and pay to the holders thereof, in cash or stock, or any combination thereof, the value of such Awards based upon the price per share of Stock received or to be received by other shareholders of the Company in the event. In the case of any Stock Option or Stock Appreciation Right with an exercise price (or SAR exercise price in the case of a Stock Appreciation Right) that equals or exceeds the price paid for a share of Stock in connection with the Change in Control, the Administrator may cancel the Stock Option or Stock Appreciation Right without the payment of consideration therefore. The obligations of the Company under the Plan shall be binding upon any successor corporation or organization resulting from the merger, consolidation or other reorganization of the Company, or upon any successor corporation or organization succeeding to all or substantially all of the assets and business of the Company and its Affiliates, taken as a whole.

(b) Clawback. Notwithstanding any other provisions in this Plan, any Award which is subject to recovery under any law, government regulation or stock exchange listing requirement, will be subject to such deductions and clawback as may be required to be made pursuant to such law, government regulation or stock exchange listing requirement (or any policy adopted by the Company pursuant to any such law, government regulation or stock exchange listing requirement).

(c) Waiver of Jury Trial. By accepting an Award under the Plan, each Participant waives any right to a trial by jury in any action, proceeding or counterclaim concerning any rights under the Plan and any Award, or under any amendment, waiver, consent, instrument, document or other agreement delivered or which in the future may be delivered in connection therewith, and agrees that any such action, proceedings or counterclaim shall be tried before a court and not before a jury. By accepting an Award under the Plan, each Participant certifies that no officer, representative, or attorney of the Company has represented, expressly or otherwise, that the Company would not, in the event of any action, proceeding or counterclaim, seek to enforce the foregoing waivers.

(d) Limitation of Liability. Notwithstanding anything to the contrary in the Plan, neither the Company, any Affiliate, nor the Administrator, nor any person acting on behalf of any of them, shall be liable to any Participant or to the estate or beneficiary of any Participant or to any other holder of an Award by reason of any acceleration of income, or any additional tax, asserted by reason of the failure of an Award to satisfy the requirements of Section 409A or by reason of Section 4999 of the Code; provided, that nothing in this Section 11(b) shall limit the ability of the Administrator or the Company to provide by separate express written agreement with a Participant for a gross-up payment other payment in connection with any such tax or additional tax.

(e) Governing Law. This Plan, and all actions taken hereunder, and all Awards shall be governed by, and construed in accordance with, the laws of the State of Nevada, applied without regard to the conflict of law principles.

12. EFFECTIVE DATE OF THE PLAN

This Plan shall become effective upon approval by the Company's Board, subject to shareholder approval. No grants of Stock Options and other Awards may be made hereunder after the tenth (10th) anniversary of the Effective Date.
