Item 1.01 Entry into a Material Definitive Agreement.

On July 20, 2016, Blueknight Energy Partners, L.P. (the “Partnership”) and certain of its affiliated entities entered into an underwriting agreement (the “Underwriting Agreement”) with Wells Fargo Securities, LLC (the “Underwriter”), with respect to the issuance and sale in an underwritten public offering by the Partnership of 3,300,000 common units representing limited partner interests of the Partnership (“Common Units”) at a price to the public of \$5.90 per Common Unit (the “Offering”). The Underwriter was also granted a 30-day option to purchase up to an additional 495,000 Common Units from the Partnership.

The offer and sale of the Common Units were registered under the Securities Act of 1933, as amended (the “Securities Act”), pursuant to a shelf registration statement on Form S-3, as amended (File No. 333-197796) (the “Registration Statement”), which was declared effective by the Securities and Exchange Commission on September 12, 2014. The Offering was made under the prospectus supplement dated July 20, 2016 (the “Prospectus Supplement”), and the accompanying prospectus, dated September 12, 2014, constituting a part of the Registration Statement.

The Underwriting Agreement contains customary representations, warranties and agreements of the parties, and customary conditions to closing, obligations of the parties and termination provisions. The Partnership and certain of its affiliates agreed to indemnify the Underwriter against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the Underwriter may be required to make because of any of those liabilities.

The Offering is expected to close on July 26, 2016, subject to customary closing conditions. The Partnership expects to receive proceeds (net of underwriting discounts and commissions and estimated offering expenses) from the Offering of approximately \$18.1 million. The Partnership intends to use the net proceeds from the Offering to fund a portion of the Partnership’s previously announced repurchase of its Series A preferred units from Blueknight Energy Holdings, Inc. and CB-Blueknight, LLC. If such transaction does not close, then the Partnership intends to use the net proceeds from the Offering for general partnership purposes, including, among other things, repayment of borrowings outstanding under its credit facility.

The underwriter and its affiliates have performed and may in the future perform various investment and commercial banking and advisory services for the Partnership and its affiliates from time to time for which they have received or will receive customary fees and expenses. The underwriter and its affiliates may, from time to time, engage in transactions with and perform services for the Partnership in the ordinary course of their business. In particular, an affiliate of the underwriter is a lender under the Partnership’s credit facility, and as such, may receive a portion of the net proceeds from the Offering pursuant to any repayment of borrowings under such facility.

The foregoing description is not complete and is qualified in its entirety by reference to the full text of the Underwriting Agreement, which is filed as Exhibit 1.1 to this Current Report on Form 8-K and incorporated herein by reference.
