REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Administrative Committee
PS 401(k) Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of PS 401(k) Profit Sharing Plan as of December 31, 2007 and 2006, and the related statement of changes in net assets available for benefits for the year ended December 31, 2007. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2007 and 2006, and the changes in its net assets available for benefits for the year ended December 31, 2007, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets

Edgar Filing: Public Storage - Form 11-K

(held at end of year) as of December 31, 2007, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

PS 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2007

1. Description of the Plan

General

The PS 401(k) Profit Sharing Plan (the "Plan") encompasses Public Storage, PS Business Parks, Inc. and certain of their majority owned subsidiaries, collectively, (the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan documentation for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan for the benefit of all permanent employees of the Company who have completed at least 30 days of service and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Although it has not expressed the intention to do so, the Company has the right to terminate the Plan subject to ERISA provisions. The Plan allows interim allocations of Company contributions and earnings or losses of trust fund assets among participants.

The Company appoints a committee to administer the Plan. At December 31, 2007, the Plan Administrative Committee is comprised of seven officers of the Company with Wells Fargo Bank acting as Trustee (the "Trustee").

Prior to January 1, 2007, Union Bank of California served as Plan trustee.

On August 22, 2006, Public Storage merged with Shurgard Storage Centers, Inc. ("Shurgard"). Shurgard was the plan sponsor and administrator of the Shurgard Employee Retirement Savings Plan (the "Shurgard Plan"). Effective January 1, 2007, pursuant to an amendment of the Plan, the Shurgard Plan was merged into the Plan and all participants active in the Shurgard Plan as of that date became eligible employees of the Plan on that date. Through December 31, 2006, Fidelity Management Trust Company served as trustee of the Shurgard Plan. On January 1, 2007, net assets of the Shurgard Plan of \$26,319,279 were merged into the Plan.

The Shurgard Plan allowed that loans may be granted to active participants of the Shurgard Plan for any reason and are limited to 50% of their vested account balance, not to exceed \$50,000. The interest rate charged on the loans is prime plus 1%. Such loans must be repaid over a period of five years; however, loans for the purchase of a primary residence can be repaid over a period not longer than 30 years. The entire loan balance must be repaid within 60 days of termination of the participant's employment. Effective January 1, 2007, no new loans were permitted. At December 31, 2007, the loans outstanding earn interest at fixed rates ranging from 5.0% to 8.75%. Payments on loans outstanding are due through October 2015. Principal and interest are received through payroll deductions.

Other significant provisions of the Plan are as follows:

Contributions

Edgar Filing: Public Storage - Form 11-K

Employee contributions to the Plan (voluntary contributions) are deferrals of the employee's compensation made through a direct reduction of compensation in each payroll period. During 2007, each eligible participant could elect a pretax contribution rate from 1% to 100% of their compensation, as defined in the Plan document, subject to the maximum annual elective deferral amount set by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans.

The Company contributes one dollar (\$1.00) for each dollar deferred by a participant up to three percent (3%) of compensation, as defined and subject to certain limitations as described in the Plan document. The Company also contributes an additional fifty cents (\$.50) for each

PS 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2007

dollar that each participant defers in excess of three percent (3%) of compensation up to five percent (5%) of compensation. The Company's aggregate contributions are limited to four percent (4%) of compensation, as defined and subject to certain limitations as described in the Plan document. Additional amounts may be contributed at the discretion of the Company. No such additional contributions were made in 2007.

Vesting

Since January 1, 2005, employee deferrals and the Company's matching contribution are 100% vested and non-forfeitable. With respect to Company contributions before January 1, 2005, each participant's account became 10 percent vested (non-forfeitable) after two years of service (as defined), 20 percent after three years of service and an additional 20 percent for each additional year of service thereafter.

Participants in the Shurgard Plan were always 100% vested in both their contributions and Shurgard's and the Company's matching contributions.

Participants in the Shurgard Plan vest in the Shurgard profit sharing contributions in accordance with the following schedule:

| Years of Service | Vesting Percentage |
|------------------------------|-----------------------|
| Less than 1 year..... | -% |
| 1 year, but less than 2..... | 33-1/3 |
| 2 year, but less than 3..... | 66-2/3 |
| 3 or more years..... | 100 |

Shurgard employees terminated as a result of the merger between Shurgard and Public Storage had their vesting in the Shurgard profit sharing contributions accelerated to 100%.

Edgar Filing: Public Storage - Form 11-K

Effective January 1, 2007, pursuant to an amendment of the Plan, future non-elective employer contributions will become 20 percent vested (non-forfeitable) after two years of service (as defined), 40 percent after three years of service and an additional 20 percent for each additional year of service thereafter. No such contributions were made in 2007.

Upon death, severance by reason of disability, or the attainment of the participant's sixty-fifth birthday, a participant automatically becomes fully vested to the extent of the balance in their account. In the event the Plan is terminated or contributions are completely discontinued, each participant becomes fully vested.

Investment Options

Since December 19, 2005, upon enrollment in the Plan, a participant may direct their contributions and holdings in any of the following investment options:

22. Individually Directed Account

Prior to December 19, 2005, participants had the option to direct contributions to the Company's securities. Effective December 19, 2005, participants no longer have that option. Existing holdings of the Company's securities on December 19, 2005, were either held or transferred to other Plan investment alternatives at the option of each participant (see Note 5).

Distributions from the Trust Fund

Edgar Filing: Public Storage - Form 11-K

Distributions of each participant's vested account balance upon severance or death are made in a single lump sum payment; however, upon severance if the participant's vested account balance exceeds \$5,000, payment may be deferred at the election of the participant until April 1st of the calendar year in which the participant reaches 70 1/2 years of age.

Additionally, the Plan provides for hardship distributions (as defined) at the discretion of the Plan Administrative Committee.

Generally, distributions are made no later than 60 days after the close of the Plan year in which the participant becomes eligible for such distributions. Under certain circumstances, participants enrolled in the Plan prior to and including December 31, 1983 may elect alternative distribution methods.

Forfeited Accounts

Forfeitures of profit sharing contributions may be used (i) as a non-elective allocation to all eligible Plan participants, (ii) to reduce the Company's safe harbor matching contribution or (iii) reduce Plan expenses. During 2007, a total of \$168,000 in non-vested amounts was forfeited, of which \$26,000 was used to restore amounts previously forfeited by former Shurgard employees. The remaining \$142,000 in non-vested forfeiture amounts from 2007 is expected to be used to reduce to Plan administrative fees for eligible Plan participants during 2008 and 2009.

During 2007, forfeitures of profit sharing contributions totaling \$106,000 were allocated to eligible Plan participants based upon the

6

PS 401(k) PROFIT SHARING PLAN NOTES TO FINANCIAL STATEMENTS December 31, 2007

extent an individual participant's compensation bears to the total eligible compensation of all such eligible participants in the Plan year the amounts were forfeited. These amounts represent forfeitures during 2006.

2. Summary of Significant Accounting Principles

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and are in conformity with U.S. generally accepted accounting principles.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the amounts

Edgar Filing: Public Storage - Form 11-K

reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 13, 2003, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended and restated is qualified and the related trust is tax exempt. The Company has indicated it will take the necessary steps, if any, to maintain the Plan's qualified status.

Recently Issued Accounting Standards

In December 2005, the Financial Accounting Standards Board (FASB) issued FASB Staff Position AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP). The FSP defines the circumstances in which an investment contract is considered fully benefit responsive and provides certain reporting and disclosure requirements for fully benefit-responsive investment contracts in defined contribution health and welfare and pension plans. The financial statement presentation and disclosure provisions of the FSP were effective for financial statements issued for annual periods ending after December 15, 2006. The Plan adopted the provisions of the FSP at December 31, 2006.

As required by the FSP, investments in the accompanying Statements of Net Assets Available for Benefits include fully benefit responsive investment contracts recognized at fair value. SOP 94-4-1, Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined Contribution Pension Plans, as amended, requires fully benefit-responsive investment contracts to be reported at fair value in the Plan's Statement of Net Assets Available for Benefits with a corresponding adjustment to reflect these investments at contract value.

In 2006, the FASB issued Statement of Financial Accounting Standards No. 157, Fair Value Measurement (SFAS No. 157). SFAS No. 157 provides guidance for using fair value to measure assets and liabilities. The standard expands required disclosures about the extent to which the Plan measures assets and liabilities at fair value, the information used to measure fair value, and the effect of fair value measurement on earnings. SFAS No. 157 applies whenever other standards require (or permit) assets or liabilities to be measured at fair value. SFAS No. 157 does not expand the use of fair value in any new circumstances. SFAS No. 157 will be effective for the Plan's financial statements for the year ending December 31, 2008. The Company does not expect the adoption of SFAS No. 157 to have a material impact on the Plan's financial statements.

Investment Valuation and Income Recognition

The Plan's investments in Company common stock and mutual funds are recorded at fair value as determined by the quoted market price on the last business day of the plan year. Common collective trusts are recorded at fair value based on the fair values of the underlying investments. The fair value of fully benefit-responsive investment contracts included in common collective trust funds is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Participant loans are recorded at their outstanding balance which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the payment date.

3. Investments

Effective January 1, 2007, Wells Fargo Bank has custody of the investments under a non-discretionary trust agreement with the Plan.

The following presents the fair value of investments at December 31, 2007 and 2006 that represent five percent (5%) or more of the Plan's net assets available for benefits:

The Company directly paid for all other Trustee fees and all other expenses related to the Plan.

6. Risks and Uncertainties

The Plan provides for investment in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
