Corporate Governance

Board Independence

Messrs. Lyons, Neff and Nigro are "independent directors" under the rules of the NASDAQ Global Select Market ("NASDAQ") and the New York Stock Exchange ("NYSE"). NASDAQ and the NYSE rules require that a majority of the Board of Directors be independent, and we are in compliance with this requirement. The independent directors held separate executive sessions without senior management on at least four occasions in 2018, and neither the chairman, chief executive officer (the "CEO") nor any member of management, at any level, attended any of the executive sessions of the independent directors.

Board Meetings and Committees; Attendance at Annual General Meeting

The Board of Directors held nine meetings in 2018. Each director attended at least 75% of the aggregate of the total number of meetings held in 2018 of the Board and any committee on which he served. All directors are expected to make every effort to attend the 2019 Annual General Meeting, and each director attended the 2018 Annual General Meeting.

Board Committees

Our Board of Directors has established an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee, each comprised entirely of independent directors within the meaning of the rules of NASDAQ and NYSE.

Audit Committee

We have a separately-designated standing Audit Committee. The Audit Committee assists our Board of Directors in monitoring the integrity of our financial statements, the independent auditor's qualifications and independence, performance of our independent auditors and our internal audit function, the establishment and maintenance of proper internal accounting controls and procedures, the treatment of employees' concerns regarding accounting and auditing matters as reported to our whistleblower hotline, and our compliance with legal and regulatory requirements. The Audit Committee's responsibilities also include appointing (subject to shareholder ratification), reviewing, determining funding for and overseeing our independent auditors and their services. Further, the Audit Committee, to the extent it deems necessary or appropriate, among its several other responsibilities, shall:

- review and approve all related party transactions, as well as any subsequent modifications thereto, for actual or potential conflict of interest situations on an ongoing basis;
- review and discuss with appropriate members of our management and the independent auditors our audited financial statements, related accounting and auditing principles, practices and disclosures;
- review and discuss our audited annual and unaudited quarterly financial statements prior to the filing of such statements;
 - establish procedures for the receipt, retention and treatment of complaints we receive regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding our financial statements or accounting policies;
- review reports from the independent auditors on all critical accounting policies and practices to be used for our financial statements and discuss with the independent auditor the critical accounting policies and practices used in the financial statements;
- assist the Enterprise Risk Management Committee in its responsibility for oversight of risk management, including cybersecurity;
- obtain reports from our management and internal auditors that we and our subsidiaries are in compliance with the applicable legal requirements and our Code of Business Conduct and Ethics, and advise our Board of Directors about these matters; and
- monitor the adequacy of our operating and internal controls as reported by management and the independent or internal auditors.

We have adopted a policy that requires that all related party transactions be approved by our Audit Committee. In response to an annual questionnaire, we require directors, director nominees and executive officers to submit a description of any current or proposed related party transaction and provides updates during the year. In addition, we will provide the Audit Committee any similar available information with respect to any known transactions with beneficial owners of 5% or more of our voting securities. If management becomes aware of any potential transactions during the year, management presents such transactions for approval by the Audit Committee. In the event management becomes aware of any transaction that was not approved under the policy, management will present the transaction to the Audit Committee for its action as soon as reasonably practicable, which may include termination, amendment or ratification of the transaction. The Audit Committee will approve only those transactions that are in, or are not inconsistent with, the best interests of Maiden and our shareholders, as is determined in good faith in accordance with its business judgment. Unless otherwise indicated below, each of these related party transactions was approved by our Audit Committee.

Mr. Neff is the chairman of our Audit Committee and the other members are Messrs. Lyons and Nigro. All the members of the Audit Committee are independent both under SEC rules and as that term is defined in the listing standards of NASDAQ and NYSE. The Board of Directors has determined that Messrs. Lyons, Neff and Nigro are “audit committee financial experts.”

The Audit Committee has adopted a charter, which is currently available on our website at www.maiden.bm.

Information on our website is not incorporated by reference into this report and does not otherwise form a part of this report.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has discussed with the independent auditors the independent auditors' independence. The independent auditors and the Company's internal auditors had full access to the Audit Committee, including meetings without management present as needed. Based on the Audit Committee's review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2018 filed with the SEC on March 15, 2019.

Please refer to the Compensation Discussion and Analysis within this Amended Filing for additional discussion of our policies and procedures for determining and establishing executive compensation.

Mr. Nigro is the chairman of our Compensation Committee and the other members of our Compensation Committee are Messrs. Neff and Lyons. All the members of the Compensation Committee are independent both under SEC rules and as that term is defined in the listing standards of NASDAQ and NYSE.

The Compensation Committee has adopted a charter. The charter is currently available on our website at www.maiden.bm. Information on our website is not incorporated by reference into this report and does not otherwise form a part of this report.

During 2018, the Compensation Committee met two times.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee's responsibilities with respect to assisting our Board of Directors include, among other responsibilities:

- establishing the criteria for membership on our Board of Directors and certain subsidiaries;
 - reviewing periodically the structure, size and composition of our Board of Directors and making recommendations to the board as to any necessary adjustments;
- identifying individuals qualified to become directors for recommendation to our Board of Directors;
- identifying and recommending for appointment to our Board of Directors, directors qualified to fill vacancies on any committee of our Board of Directors;
 - having sole authority to select, retain and terminate any consultant or search firm to identify director candidates and having sole authority to approve the consultant or search firm's fees and other retention terms;

considering matters of corporate governance, developing and recommending to the board a set of corporate governance principles and our Code of Business Conduct and Ethics, as well as recommending to the board any modifications thereto;
considering questions of actual or possible conflicts of interest, including related party transactions, of members of our Board of Directors and of senior executives of our Company;

• developing and recommending to our Board of Directors for its approval an annual board and committee self-evaluation process to determine the effectiveness of their functioning; and
• exercising oversight of the evaluation of the board, its committees and management.

Mr. Lyons is the chairman of our Nominating and Corporate Governance Committee and the other members are Messrs. Neff and Nigro. All the members of the Nominating and Corporate Governance Committee are independent both under SEC rules and as that term is defined in the listing standards of NASDAQ and NYSE.

In carrying out its function to nominate candidates for election to our Board of Directors, the Nominating and Corporate Governance Committee considers the mix of skills, experience, character, commitment, and diversity of background, all in the context of the requirements of our Board of Directors at that point in time. The Nominating and Corporate Governance Committee interprets diversity to include viewpoints, background, expertise, industry knowledge and geography, as well as more traditional characteristics of diversity, such as race and gender. We believe that the commitment of the Board and the Committee to greater diversity in its governing committees is demonstrated by the current structure of the Board and the varied skills sets of our directors. The Nominating and Corporate Governance Committee believes that each candidate should be an individual who has demonstrated integrity and ethics in such candidate's personal and professional life, has an understanding of elements relevant to the success of a publicly-traded company and has established a record of professional accomplishment in such candidate's chosen field. Each candidate should be prepared to participate fully in Board of Directors activities, including attendance at, and active participation in, meetings of the Board of Directors, and not have other personal or professional commitments that would, in the Nominating and Corporate Governance Committee's judgment, interfere with or limit such candidate's ability to do so. Each candidate should also be prepared to represent the best interests of all of our shareholders and not just one particular constituency. Additionally, in determining whether to recommend a director for re-election, the Nominating and Corporate Governance Committee also considers the director's past attendance at Board of Directors and committee meetings and participation in and contributions to the activities of our Board of Directors.

The Nominating and Corporate Governance Committee considers recommendations for director candidates submitted by shareholders. In order for an individual recommended by a shareholder to be eligible for election as a director and considered by the Nominating and Corporate Governance Committee for the 2019 Annual General Meeting of Shareholders, the Corporate Secretary must receive the shareholder's recommendation pursuant to the requirements of our bye-laws as will be set forth in our Proxy to be filed later this year.

A shareholder recommending an individual for election as a director must provide the Nominating and Corporate Governance Committee with the candidate's name, age, principal occupation or employment, background and relationship with the proposing shareholder, share ownership, a brief statement outlining the reasons the candidate would be an effective director and information relevant to the considerations described above as well as a statement regarding the individual's willingness to serve as a director. Shareholders should send the required information to the Corporate Secretary, Ideation House, 2nd Floor, 94 Pitts Bay Road, Pembroke HM08, Bermuda. The Nominating and Corporate Governance Committee may require further information. Such recommendations must be sent via registered, certified or express mail (or other means that allow the shareholder to determine when the recommendation was received by us). The Corporate Secretary will send any shareholder recommendations to the Nominating and Corporate Governance Committee for consideration at a future committee meeting. Individuals recommended by shareholders in accordance with these procedures will receive the same consideration as other individuals evaluated by the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee has adopted a charter. The charter is currently available on our website at www.maiden.bm. Information on our website is not incorporated by reference into this report and does not otherwise form a part of this report.

During 2018, the Nominating and Corporate Governance Committee met four times.

Corporate Governance Guidelines and Code of Business Conduct and Ethics

We have adopted corporate governance guidelines and a code of business conduct and ethics that apply to all of our directors, officers and employees. These documents will be made available in print, free of charge, to any shareholder requesting a copy in writing to the Corporate Secretary, Maiden Holdings, Ltd., Ideation House, 2nd Floor, 94 Pitts

Bay Road, Pembroke HM08 Bermuda. A copy of our Corporate Governance Guidelines and our Code of Business Conduct and Ethics is available on our website at www.maiden.bm. Information on our website is not incorporated by reference into this report and does not otherwise form a part of this report.

Communications with the Board of Directors and Audit Committee

Shareholders and other interested parties may communicate with members of the Board of Directors (either individually or as a body) by addressing the correspondence to that individual or body to The Board of Directors, c/o Corporate Secretary, Maiden Holdings, Ltd., Ideation House, 2nd Floor, 94 Pitts Bay Road, Pembroke HM08, Bermuda or by calling (441) 298-4900.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires officers, directors and persons who own more than ten (10) percent of a class of equity securities registered pursuant to Section 12 of the Exchange Act to file reports of ownership and changes in ownership with both the SEC and the principal exchange upon which such securities are traded or quoted. Officers, directors and persons holding greater than ten (10) percent of the outstanding shares of a class of Section 12-registered equity securities (“Reporting Persons”) are also required to furnish copies of any such reports filed pursuant to Section 16(a) of the Exchange Act with the Company. Based solely on a review of the copies of such forms furnished to the Company and written representations that no other reports were required, the Company believes that from January 1, 2018 to December 31, 2018 all but one (Karen Schmitt) Section 16(a) filing requirements applicable to its Reporting Persons were complied with in a timely manner.

Risk Management Oversight

The Board of Directors has the ultimate oversight responsibility for the risk management function of the Company. The Company has implemented an enterprise-wide approach to risk management and has established an Enterprise Risk Management Committee (the “ERMC”) which consists of members of the Company's executive management. The members of the ERMC include senior executives, including our chief executive officer, chief financial officer/chief operating officer, chief actuary, chief risk officer, general counsel and senior compliance officer. The ERMC oversees the Company's framework for the identification, assessment, measurement, reporting of and management of exposure to the Company's risk on an enterprise-wide basis. Our Audit Committee receives a quarterly enterprise risk management overview from executive management, which includes updates on areas including operational/strategic risk, financial risk, legal/compliance risk, and emerging risks.

The Audit Committee assists the ERMC in its responsibility for oversight of risk management. In particular, the Audit Committee focuses on major financial risk exposures and the steps management has taken to monitor and control such risks, and discusses with our independent auditor the policies governing the process by which senior management and the various units of the Company assess and manage our financial risk exposure and operational/strategic risk.

The Company has separated the positions of Chief Executive Officer and Chairman of the Board. This separation enhances Board administration and communication, allows for consistent Board leadership and allows the Chief Executive Officer to focus on managing the Company.

Risks Related to Compensation Practices and Policies

Our Compensation Committee has reviewed our material compensation policies and practices applicable to our employees, including our named executive officers, and concluded that these policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. Our Compensation Committee assessed the Company's compensation and benefits programs to determine if the programs' provisions and operations create undesired or unintentional risk of a material nature. We do not have any programs where the ability of a participant may directly affect variability of payout. Rather, we support the use of base salary, performance based compensation, and retirement plans that are generally uniform in design and operation throughout the Company and with all levels of employees.

Based on the foregoing, we believe that our compensation policies and practices do not create inappropriate or unintended significant risk to the Company as a whole. We also believe that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond our Company's ability to effectively identify and manage significant risks, are compatible with our effective internal controls and our risk management practices, and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

ITEM 11. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The material elements of our executive compensation philosophy, strategy and plans covering our NEOs are discussed below. The Compensation Committee is responsible for establishing, implementing and monitoring our compensation programs, philosophy and objectives.

Overview

The objectives of our executive compensation philosophy are to retain those executives whom we believe will be essential to our growth, to attract other talented and dedicated executives and to motivate each of our executives to develop our overall profitability and drive shareholder value. To achieve these goals, we intend to offer each executive an overall compensation package that is competitive, and a substantial portion of which will be tied to the achievement of specific performance objectives. Our overall strategy is to compensate our NEOs with a mix of cash compensation, in the form of base salary and bonus, and equity compensation, in the form of share options, restricted share and restricted share unit awards.

Our Compensation Committee is responsible for establishing the compensation of the Company's NEOs. The CEO and CFO/COO participate in the review and refinement of our executive compensation program. The CEO and CFO/COO meet with the Compensation Committee to discuss compensation packages for the other NEOs and senior managers and to review the performance of the Company and each executive, other than themselves, and make recommendations with respect to the appropriate base salary, annual cash bonus and grants of long-term equity incentive awards. After considering these recommendations and other relevant considerations, the Compensation Committee determines the annual compensation package for each executive. The Compensation Committee, with input from the independent members of our Board of Directors, evaluates the performance of our CEO and CFO/COO to determine their appropriate compensation package. In setting annual compensation packages, the Compensation Committee was assisted by its independent compensation consultant who provided advice on market pay practices, pay design and mix and market pay levels.

For analysis and determination of 2018 compensation, the Company, and separately the Compensation Committee, utilized industry proxy competitive executive compensation data provided by our compensation consultant (Mercer) during 2017 as well as the reinsurance industry surveys of Willis Towers Watson Data Services, Property and Casualty Reinsurance Compensation Survey and the PWC Bermuda International Business Compensation Survey for the Insurance and Reinsurance Industry to analyze the competitive compensation elements of base salary, long term and annual incentives, total direct compensation and Bermuda benefits for our named executive officers and other company executives. Industry proxy peers selected and analyzed were based upon company mission, assets and percentage of premium categorized as reinsurance. Peers benchmarked for 2018 compensation analysis included: Everest Re Group, Ltd., Axis Capital Holdings, Ltd., Renaissance Re Holdings, Ltd., Aspen Insurance Holdings, Validus Holdings, Ltd., Argo Group International Holdings, Ltd., Third Point Reinsurance Ltd., Greenlight Capital Re Ltd. Reinsurance Group of American, Inc., Markel Corporation and Alleghany Corporation. Our compensation philosophy is to target the executive compensation elements of base salary and incentives at 50th percentile/median of industry.

Executive Compensation

We believe that our NEOs' overall compensation packages are market competitive and include reasonable pay elements that align the interests of our NEOs with those of our shareholders and are tied to the achievement of our business plan. Our executive compensation packages include both fixed and variable elements. Described below is each element of our NEOs compensation packages.

Fixed Compensation

Salary. The Company provides a competitive-level of base salaries to our NEOs for performance of day-to-day services. Each year, the Compensation Committee reviews each NEO's base salary to determine whether an adjustment is warranted or required. In determining base salaries for our NEOs, the Committee considers a number of factors, including:

Competitive market data derived from our compensation peer group and compensation surveys;

Past individual performance;

Past Company performance;

Internal pay equity;

Recommendations of Messrs. Metz and Haveron;

Feedback from each independent director on the Board of Directors; and

Advice from our independent compensation consultant.

Upon their respective appointments in September 2018 to President and Chief Executive Officer and Chief Financial Officer/Chief Operating Officer, the base salary of Mr. Metz was increased from \$461,900 to \$725,000, and the base salary of Mr. Haveron was increased from \$520,000 to \$600,000.

Variable Compensation

Annual Bonus Plan. Historically, payouts under our annual bonus plan were based upon achieved performance against pre-determined performance goals. However, for the 2018 performance year, the Compensation Committee determined that performance metrics set at the beginning of the year were no longer valid due to the substantial changes the Company underwent

during 2018 as a result of the Strategic Review initiated by our Board. Therefore, the Compensation Committee determined that 2018 annual bonus payouts would be made in its sole discretion, taking into account individual and corporate performance.

Determination of 2018 Cash Bonus Payouts to our CEO and CFO/COO

The Compensation Committee determined the CEO's and CFO/COO's 2018 annual bonus payout by taking into account the CEO's and CFO/COO's critical management and leadership accomplishments and their effectiveness in the following:

• Managing the Company's overall business and operating strategy;

• Successfully leading the Strategic Review process via a series of the following transformational transactions to improve the solvency of the Company, simplify the organizational structure of the Company and cure the ECR breach and position the Company for improved results in 2019 and beyond including the following:

• Renewal Rights Agreement with Transatlantic Reinsurance Company;

• Sale of Maiden Reinsurance North America, Inc. to Enstar Holdings (US) LLC;

• Sale of U.S. casualty facultative reinsurance team to Sompo Group;

• Sale of AVS Automotive Versicherungs Service GmbH and related European subsidiaries to Allianz Partners, including a three-year quota share reinsurance agreement with Allianz;

• Sale of Maiden Russia;

• Negotiating the partial termination of the AmTrust Quota Share Reinsurance Agreement on a cut-off basis effective January 1, 2019 and then negotiating the ultimate termination of both the remaining AmTrust Quota Share Reinsurance Agreement and European Hospital Liability Quota Share Agreement on a run-off basis effective January 1, 2019; and

• Negotiating Master Transaction Agreements with Enstar to protect the Company's loss reserve position and strengthen and stabilize its capital position and solvency ratios.

• Maintaining an effective working relationship and improving communication with the Board of Directors;

• Reducing operating expenses by more than \$50 million on an annualized basis; and

• Enhancing the risk management framework for the Company.

As a result of the foregoing accomplishments in 2018 and in early 2019, the Compensation Committee approved a cash bonus of \$250,000 for each of Messrs. Metz and Haveron.

Long-Term Equity Incentive Compensation. Long-term equity incentive compensation is designed to increase shareholder value, align the interests of our NEOs with those of our stockholders, and encourage retention of our NEOs over a sustained time period. We have designed our pay arrangements such that a majority of our CEO's and a significant portion of our other NEOs' total target compensation is comprised of long-term equity awards. This emphasis on long-term incentives reflects our desire to reward our NEOs for effective long-term management decisions that drive shareholder value and provide our NEOs the opportunity to accumulate a meaningful ownership position in the Company.

The Compensation Committee set each NEO's long-term incentive target value based on a number of factors, including internal pay equity considerations, peer group pay practices, advice from the compensation consultant and the NEO's scope of duties and responsibilities, tenure, experience, and performance expectations. Generally, the Compensation Committee sets each NEO's long-term equity awards target value at median of our peer group, subject to adjustment to reflect the foregoing factors.

For each NEO (other than the Retired CEO), the number of PSUs that may be earned is based on achieved performance against two equally weighted performance metrics (individual performance goals and corporate performance goals). The number of performance shares earned can range from 0% to 200% of target. Earned performance shares are settled in a like number of shares of common stock following the completion of the performance period. The descriptions and tables below show the Compensation Committee previously approved corporate performance goals and each goal's respective weight:

2018-2020 PSU Grants (excluding Retired CEO)

Each NEO's long-term target value was awarded in the form of performance share units ("PSUs") on February 19, 2018. The number of shares (at target performance) subject to each PSU grant was determined by dividing the grant's

target value by the Company's closing share price on the date of grant.

However, due to substantial changes to the Company's structure during 2018, the Compensation Committee determined that the performance metrics set at the beginning of 2018 were no longer appropriate given these changes. Therefore, the Compensation Committee determined it would be appropriate to terminate and settle the 2018-2020 PSUs as of December 31, 2018 based on achieved performance through the end of the truncated performance period and prorated to reflect the portion of the performance period that had elapsed through December 31, 2018. During that period, the Company did not achieve threshold performance with respect to the first three performance measures listed in the above table. The Company did achieve performance above threshold but below target performance goal for Expense Efficiency Ratio (i.e., 3.47%), which resulted in a payout equal to 7.66% of each NEO's target number of performance shares, subject to proration.

Business Performance Metric	Weight	2018-20 Target	2018-20 Actual as % of Target (1 year performance)		2018-20 Calculated Payout	
OROE	40.00 %	15.00 %	—	%	—	%
Combined Ratio	30.00 %	99.00 %	—	%	—	%

Operating Expenses	10.00 %	2.81 %	76.63	%	7.66	%
Total	100.00 %				7.66	%

2017-2019 PSU Grants

For the same reasons that the 2018-2020 PSU grants were terminated and settled at the end of 2018, the Compensation Committee approved the termination and settlement of the 2017-2019 PSUs based on actual performance through the end of the truncated performance period and prorated to reflect the portion of the performance period that had elapsed through December 31, 2018. The table below shows the Compensation Committee approved corporate performance goals, each goal's respective weight, achieved performance against the performance goals and the percentage of target earned:

Business Performance Metric	Weight	2017-19 Target	2017-19 Actual as % of Target (average 2 year performance)		2017-19 Calculated Payout	
OROE	40.00 %	14.50 %	—	%	—	%

Operating Expenses	10.00 %	2.75 %	91.51	%	9.15	%
Total	100.00 %				15.05	%

2016-2018 PSU Grants

With respect to the 2016-2018 PSU grants, the table below shows the Compensation Committee approved corporate performance goals, each goal's respective weight, achieved performance against the performance goals and the percentage of target earned:

Business Performance Metric	Weight	2016-18 Target	2016-18 Actual as % of Target		2016-18 Calculated Payout	
OROE	40.00 %	13.00 %	4.10	%	1.64	%
Combined Ratio	30.00 %	97.50 %	—	%	—	%
Revenue Growth	20.00 %	10.00 %	40.67	%	8.13	%
Operating Expenses	10.00 %	2.65 %	92.24	%	9.22	%
Total	100.00 %				18.99	%

With this final settlement, a total of 106,278 common shares were issued to a total of eight employees, which included the CEO, CFO/COO and other senior leaders in March 2019.

Promotion Awards

During 2018, the Compensation Committee approved the following promotion awards:

On August 8, 2018, the grant of restricted shares, with a grant date fair value of \$1,000,000, to Mr. Metz in recognition of his appointment to the position of President and CEO. These restricted shares vest one-third on each anniversary of the grant date.

On November 6, 2018, the grant of restricted shares, with a grant date fair value of \$405,965, to Mr. Haveron in recognition of his appointment to the position of CFO/COO. These restricted shares vest one-third on each anniversary of the grant date.

Other Compensation and Benefits

Benefits. The Company provides a competitive level of benefits to our employees, including our NEOs, in the form of life insurance coverage, 401(k) retirement plan, health care coverage and disability benefits. These health and welfare plans help ensure that the Company has a productive and focused workforce through reliable and competitive health and other benefits. The Company does not provide our NEOs with supplemental health care, disability or retirement benefits.

Perquisites. The Company provides limited perquisites to our NEOs, such as supplemental life insurance coverage, car allowance and executive physical. In addition, NEOs who reside and/or work in Bermuda receive allowances for housing/accommodations, commuting and tax gross-ups. These type of perquisites are commonly provided to executive officers who reside overseas as expatriates.

Change in Control and Severance Arrangements. We do not maintain change in control agreements with any of our named executive officers. We do not provide any severance benefits other than as may be provided in an executive's employment agreement.

At our 2018 Annual General Meeting of Shareholders, based on the response we received from our shareholders on the advisory votes regarding the compensation of our named executive officers and the frequency of voting on executive compensation (95.3% of the Company's shareholders voted in favor), the Board intends to continue its current compensation practices which link executive pay to Company performance and hold advisory votes on executive compensation every year.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with executive management. Based on its review, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Amended Filing.

Employment Agreements

Lawrence F. Metz, Patrick J. Haveron and William Jarman

We have entered into employment agreements for three year terms for Mr. Metz and Mr. Haveron effective November 11, 2011 and Mr. Jarman effective November 1, 2017. Each employment agreement is virtually the same for these three individuals except for salary and title. Below is a summary of the key terms of these employment agreements. We do not currently maintain key man life insurance policies with respect to any of our senior management. Messrs. Metz's and Haveron's agreements automatically renewed for three additional years in 2017 and were extended for one additional year through November 1, 2021. Mr. Jarman's agreement will expire on October 31, 2020 unless terminated earlier pursuant to the terms of the employment agreement. The employment agreements will automatically renew for successive three year periods unless the Company or the respective employee provide 90 days' notice of its or his/her intention not to renew the employment agreement. Messrs. Metz, Haveron and Jarman receive housing and/or accommodation allowances and commuting allowances regarding their working time in Bermuda.

Under the employment agreements, we are able to terminate each executive's employment at any time for "cause" and, upon such an event, we will have no further compensation or benefit obligation to such executive after the date of termination. Cause is defined in the agreement as (i) a material breach of the employment agreement by the executive, but only if such breach is not cured within 30 days following written notice by the Company to the executive of such breach, assuming such breach may be cured; (ii) conviction of any act or course of conduct involving moral turpitude; or (iii) engagement in any willful act or willful course of conduct constituting an abuse of office or authority that significantly and adversely affects our business or reputation. No act, failure to act or course of conduct on the executive's part will be considered willful unless done, or omitted to be done, by him not in good faith and without

reasonable belief that his action, omission or course of conduct was in our best interests.

Under the employment agreements, the executives have agreed to keep confidential all information regarding the Company received during the term of employment and thereafter. Each executive also agreed that during the term of employment and for a two-year period beginning upon termination of the employment, he or she will not solicit any of our customers with whom he had dealings or senior employees or solicit any entity that he knows has been contacted by us regarding a possible acquisition by us for purposes of acquiring that entity. Each executive has also agreed to a non-compete provision of one year from the date of termination of the agreement, and a non-solicitation of clients and employees for two years from the date of termination of the agreement.

Under the Plan, 25% of the options will become exercisable on the first anniversary of the grant date, with an (1) additional 6.25% of the options vesting each quarter thereafter based on the executive's continued employment over a four-year period.

(2) These restricted shares granted shall vest one-third annually on the each anniversary of the grant date over a three-year period. The restricted shares have both dividend and voting rights.

(3) To calculate the value in this column, the closing price of the Company's stock as per NASDAQ on December 31, 2018 of \$1.65 was used.

These restricted share units shall vest based upon the achievement of certain performance criteria relating to return on equity, combined ratio, revenue growth and operating expense during the respective performance period assigned to such grants (usually three years). The target award listed in this column represents 100% of the target award, and 0% to 200% of such target award may vest depending upon the degree to which the performance targets are met. The LTIP was retired at the end of 2018 and this grant, in addition to the 2017-2019 and 2018-2020 cycle (4) performance restricted share unit grants were vested for settlement in 2019 based on the pro-rated performance through 2018 and a partial portion of the original target for Mr. Metz and Mr. Haveron. Mr. Hight, who resigned on August 27, 2019, and Ms. Schmitt who retired on March 1, 2019 have forfeited their grants under the LTIP. For Mr. Metz, this represents \$230,950 granted under the LTIP and for Mr. Haveron this represents \$260,000 granted under the LTIP.

(5) Mr. Raschbaum retired from his position as President and Chief Executive Officer effective September 1, 2018. On September 30, 2018, Mr. Raschbaum signed a separation agreement with Maiden Holdings, Ltd, in which he

agreed to forfeit his remaining outstanding equity in exchange for a release payment of \$2,200,000 that he received in the fourth quarter 2018. Mr. Raschbaum's remaining outstanding equity that he forfeited included: 229,514 vested unexercised share options granted at \$3.28 with an expiration date of November 12, 2018; 333,333 vested unexercised share options granted at \$7.25 with an expiration date of November 12, 2019; and 333,333 vested unexercised share options granted at \$7.85 with an expiration date of November 12, 2020.

(6) In accordance with Mr. Raschbaum's separation agreement entered into on September 30, 2018, he forfeited 25,330 non-performance restricted stock units that were scheduled to vest on February 15, 2019.

(7) Ms. Schmitt retired from the Company on March 1, 2019. Upon her retirement, Ms. Schmitt forfeited the following three target grants of restricted share units: 29,635, 23,284 and 54,167. These restricted share units were to vest based upon the achievement of certain performance criteria relating to return on equity, combined ratio, revenue growth and operating expense during the respective performance period assigned to such grant (usually three years). The target grants listed above represent 100% of the target award, and 0% to 200% of such target awards could have vested depending upon the degree to which the performance targets were met.

(8) Mr. Hight resigned from the Company on August 29, 2018 upon the completion of the renewal rights transaction with TransAtlantic Reinsurance. Upon his resignation, Mr. Hight forfeited the following three target grants of restricted share units: 17,097, 13,433 and 32,639. These restricted share units were to vest based upon the achievement of certain performance criteria relating to return on equity, combined ratio, revenue growth and operating expense during the respective performance period assigned to such grants (usually three years). The target grants listed above represent 100% of the target award, and 0% to 200% of such target awards could have vested depending upon the degree to which the performance targets were met.

OPTION EXERCISES AND STOCK VESTED IN 2018

With respect to our named executive officers, this table shows the stock options exercised by such officers during 2018 (disclosed under the “Option Awards” columns). The dollar value reflects the total pre-tax value realized by such officers, not the grant-date fair value or recognized compensation expense disclosed elsewhere in this Amended Filing. Value from these option exercises were only realized to the extent our stock price increased relative to the stock price at grant (exercise price). This table also shows the stock awards paid out under the grants made by the Compensation Committee in February 2018.

CEO Pay Ratio. We are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of our CEO. For 2018, our last completed fiscal year:

the median of the annual total compensation of all employees of our company (other than our CEO) was \$154,156, and

the annual total compensation of our CEO, as reported in the Summary Compensation Table included on page 14 of this Amended Filing, was \$2,051,021.

Based on this information for fiscal year 2018, we reasonably estimate that the ratio of our CEO’s annual total compensation to the annual total compensation of our median employee was 13.3:1. Our pay ratio estimate has been calculated in a manner consistent with Item 402(u) of Regulation S-K using the data and assumptions summarized below.

To identify our median employee, we first determined our employee population as of December 31, 2018 (the “Determination Date”). We had 86 employees, representing all full-time, part-time, seasonal and temporary employees as of the Determination Date. This number does not include any employee identified as operating in countries for which data privacy restrictions apply nor independent contractors or “leased” workers, as permitted by the applicable SEC rules.

We then measured the employee population’s total target cash compensation for the period beginning on January 1, 2018 and ending on December 31, 2018. This compensation measurement was calculated by totaling, for each employee, his or her base salary and target annual cash incentive award for 2018. We annualized compensation for any employees who were employed for less than the full fiscal year, but we did not annualize the compensation for employees in temporary or seasonal positions.

Once we identified our median employee, we then determined that employee’s total compensation, including any perquisites and other benefits, in the same manner that we determine the total compensation of our named executive officers for purposes of the Summary Compensation Table disclosed above. For 2018, the total compensation of our median employee was determined to be \$135,177. This total compensation amount for our median employee was then compared to the 2018 total compensation of our CEO as reported in the Summary Compensation Table to determine

the pay ratio.

Given the different methodologies that various public companies will use to determine their pay ratio, the pay ratio disclosed above should not be used as a basis for comparison between or among companies.

PENSION BENEFITS AND NON-QUALIFIED DEFERRED COMPENSATION

We do not have any qualified or non-qualified defined benefit plans.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

We do not maintain change in control agreements with any of our named executive officers and none of our equity awards vest upon a change in control of the Company. We do not provide for severance benefits for any of our named executive officers.

DIRECTOR COMPENSATION FOR 2018

In 2018, we paid an annual cash retainer of \$100,000 to each non-employee director of the Company. We also reimbursed our directors for reasonable expenses they incur in attending meetings of the Board of Directors or any of its committees. Directors may also be eligible in the future for awards under the Plan. Employee directors received no compensation for service on the Board of Directors or any board committee. For his service as Lead Independent Director, Mr. Nigro received an additional annual cash retainer of \$20,000.

It is our intention that annually, on or around June 1, each non-employee director will receive a grant of 6,000 restricted share units which will vest on the first anniversary of the grant. Each non-employee director received a grant of 6,000 restricted share units on June 1, 2018. For his service as Lead Independent Director, Mr. Nigro received an additional annual grant of 1,000 restricted share units.

Mr. Zyskind has never accepted a retainer, any Board of Directors or committee fees or any options or other equity-based awards for his service as non-executive Chairman of our Board of Directors.

The following table provides the amount of compensation paid to the non-employee directors of the Company for 2018:

Name	Fees		Total
	Earned or Paid in Cash	Restricted Share Units (2)

Also, options which are currently exercisable or exercisable within 60 days of April 12, 2019 are considered outstanding and beneficially owned by the person holding the options for the purposes of computing beneficial ownership of that person, but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

Our Arrangements with AmTrust and Its Subsidiaries

Master Agreement and AmTrust Quota Share Reinsurance Agreement

Effective July 1, 2007, the Company and AmTrust entered into a master agreement, as amended (the "Master Agreement"), by which they caused Maiden Reinsurance Ltd. ("Maiden Bermuda"), a wholly owned subsidiary of the Company, and AmTrust's Bermuda reinsurance subsidiary, AmTrust International Insurance, Ltd. ("AII"), to enter into a quota share reinsurance agreement (the "Reinsurance Agreement") by which AII retrocedes to Maiden Bermuda an amount equal to 40% of the premium written by subsidiaries of AmTrust, net of the cost of unaffiliated inuring reinsurance and 40% of losses. The Master Agreement further provided that AII receives a ceding commission of 31% of ceded written premiums. On June 11, 2008, Maiden Bermuda and AII amended the Reinsurance Agreement to add Retail Commercial Package Business to the Covered Business. AII receives a ceding commission of 34.375% on Retail Commercial Package Business.

On December 31, 2018, Maiden Bermuda entered into, effective January 1, 2019, a Partial Termination Amendment (the "Partial Termination Amendment") with AmTrust, through its wholly owned subsidiary AII, by which the parties agreed to amend the Reinsurance Agreement that was currently in-force and was set to expire on June 30, 2019. The Partial Termination Amendment provided for the cut-off of the ongoing and unearned premium of AmTrust's Small Commercial Business (specifically workers' compensation, general liability, umbrella liability, professional liability and cyber liability insurance coverages) and U.S. Specialty Risk and Extended Warranty as of December 31, 2018, with the remainder of the Reinsurance Agreement remaining in place. The Partial Termination Amendment resulted in Maiden Bermuda returning approximately \$716,100,000 in unearned premium to AmTrust, or approximately \$480,000,000 net of applicable ceding commission and brokerage, subject to adjustment. In addition, Maiden Bermuda paid AmTrust five additional percentage points of ceding commission on the remaining unearned premium over the term of the remaining contract. Subsequently, on January 30, 2019, Maiden Bermuda and AII agreed to terminate the Reinsurance Agreement on a run-off basis effective as of January 1, 2019.

AmTrust European Hospital Liability Quota Share Agreement ("European Hospital Liability Quota Share")

Effective April 1, 2011, Maiden Bermuda entered into a quota share reinsurance contract with AmTrust Europe Limited ("AEL") and AmTrust International Underwriters DAC ("AIU DAC"), both wholly owned subsidiaries of AmTrust. Pursuant to the terms of the contract, Maiden Bermuda assumed 40% of the premiums and losses related to policies classified as European Hospital Liability, including associated liability coverages and policies covering physician defense costs, written or renewed on or after April 1, 2011. The contract also covered policies written or renewed on or before March 31, 2011, but only with respect to losses that occurred, accrued or arose on or after April 1, 2011. The maximum limit of liability attaching shall be €5,000,000 (€10,000,000 effective January 1, 2012) or currency equivalent (on a 100% basis) per original claim for any one original policy. Maiden Bermuda will pay a ceding commission of 5%.

Effective July 1, 2016, the contract was amended such that Maiden Bermuda assumes from AEL 32.5% of the premiums and losses of all policies written or renewed on or after July 1, 2016 until June 30, 2017 and 20% of all

policies written or renewed on or after July 1, 2017. On January 30, 2019, Maiden Bermuda and AEL and AIU DAC agreed to terminate the European Hospital Liability Quota Share on a run-off basis effective as of January 1, 2019. For the year ended December 31, 2018, the Company recorded approximately \$622,495,000 of commission expense as a result of both of these quota share arrangements with AmTrust.

Collateral provided to AmTrust

a) AmTrust Quota Share Reinsurance Agreement

In order to provide AmTrust's U.S. insurance subsidiaries with credit for reinsurance on their statutory financial statements, AII, as the direct reinsurer of the AmTrust's insurance subsidiaries, has established trust accounts ("Trust Accounts") for their benefit. Maiden Bermuda has agreed to provide appropriate collateral to secure its proportional share under the Reinsurance Agreement of AII's obligations to the AmTrust subsidiaries to whom AII is required to provide collateral. This collateral may be in the form of (a) assets loaned by Maiden Bermuda to AII for deposit into the Trust Accounts, pursuant to a loan agreement between those parties, (b) assets transferred by Maiden Bermuda for deposit into the Trust Accounts, (c) a letter of credit obtained by Maiden Bermuda and delivered to an AmTrust subsidiary on AII's behalf, or (d) premiums withheld by an AmTrust subsidiary at Maiden Bermuda's request in lieu of remitting such premiums to AII. Maiden Bermuda may provide any or a combination of these forms of collateral, provided that the aggregate value thereof equals Maiden Bermuda's proportionate share of its obligations under the Reinsurance Agreement with AII. Maiden Bermuda satisfied its collateral requirements under the Reinsurance Agreement with AII as follows:

by lending funds in the amount of \$167,975,000 at December 31, 2018 pursuant to a loan agreement entered into between those parties. Advances under the loan are secured by promissory notes. This loan was assigned by AII to AmTrust effective December 31, 2014 and is carried at cost. Effective December 18, 2017, interest is payable at a rate equivalent to the Federal Funds Effective Rate ("Fed Funds") plus 200 basis points per annum. Prior to that date, the interest was payable at a rate equivalent to one-month LIBOR plus 90 basis points per annum. On January 30, 2019, in connection with the termination of the reinsurance agreements described above, the Company and AmTrust entered into an amendment to the Loan Agreement between Maiden Bermuda, AmTrust and AII, originally entered into on November 16, 2007. Review, Approval or Ratification of Transactions with Related Persons

Conflicts of interest could arise with respect to business opportunities that could be advantageous to any or all of AmTrust or its subsidiaries, NGHC or its subsidiaries, and the Company or our subsidiaries. In addition, potential conflicts of interest may arise should the interests of AmTrust and/or NGHC and/or the Company diverge. From time to time, AmTrust and/or NGHC and/or the Company may be presented with opportunities to insure, reinsure or acquire the same book of business. Because of the overlaps between our and AmTrust's shareholders, the Company and AmTrust have agreed that in such cases, the opportunities will be referred to a committee of independent directors of each company to decide whether that company wishes to pursue the opportunity. Pursuant to its charter, our independent Audit Committee must review and approve in advance or ratify any transaction or relationship of any size in which we and any related party have a direct or indirect material interest. The Audit Committee will consider all of the relevant facts and circumstances including (if applicable), but not limited to, (i) the benefits to us; (ii) the impact on a director's independence in the event the related person is a director, a director's immediate family member or an entity in which a director is a partner, shareholder or executive officer; (iii) the availability of other sources for comparable products or services; (iv) the terms of the transaction; and (v) the terms available to unrelated third parties or to employees generally.
