Item 1.01 Entry into a Material Definitive Agreement.

On September 30, 2013, Art's-Way Manufacturing Co., Inc. (the "Company") entered into an Asset Purchase Agreement (the "Purchase Agreement") with Ohio Metal Working Products Company (d/b/a American Carbide Tool Company), pursuant to which the Company acquired substantially all of the assets of Ohio Metal Working Products Company, including inventory, equipment, real property located in Canton, Ohio, goodwill, and intangible assets (the "Assets"). Ohio Metal Working Products Company is a manufacturer and distributor of standard single point brazed carbide tipped tools, as well as PCD (polycrystalline diamond) and CBN (cubic boron nitride) inserts and tools. The ongoing business will be operated by a wholly-owned subsidiary of the Company, Ohio Metal Working Products/Art's-Way, Inc., which will be a separate reporting segment for financial statement purposes. In connection with the acquisition, all of the employees of Ohio Metal Working Products Company became employees of the Company. Certain of these employees were unionized and the Company expects to engage in future negotiations with their union regarding the terms of their employment with the Company.

The Agreement provided for a purchase price of \$3,150,000, subject to an adjustment for inventory and customer deposits. As a result of an adjustment for higher levels of inventory than expected, the Company paid approximately \$3,172,000 in cash at closing on September 30, 2013, drawing on the Company's existing \$8,000,000 line of credit with U.S. Bank (the "Line of Credit"). The Line of Credit is secured by real property and fixed asset collateral, and is scheduled to mature on May 1, 2014, but is renewable annually. The interest rate is U.S. Bank's prime interest rate, adjusted each time that the Federal prime rate changes, with a minimum rate of 3.50%. As of September 30, 2013, the interest rate was the minimum of 3.50%. Monthly interest-only payments are required and the unpaid principal is due on the maturity date. As of September 30, 2013, the balance on the Line of Credit was approximately \$3,172,000. For additional information on the Line of Credit, please see Item 5 of Part II of the Company's Quarterly Report on Form 10-Q for the quarter ended May 31, 2013, which is incorporated herein by reference.

The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the Purchase Agreement, a copy of which is attached hereto as Exhibit 2.1 and is incorporated herein by reference.

Certain statements found in this Current Report on Form 8-K may constitute forward-looking statements as defined in the U.S. Private Securities Litigation Reform Act of 1995. The forward-looking statements in this Current Report on Form 8-K include the Company's expectations regarding employment negotiations for employees represented by a union. Forward-looking statements cannot be guaranteed and are subject to risks and uncertainties, such as unexpected delays in negotiations or in integrating the employees of Ohio Metal Working Products Company into the operations of the Company.
