## INFORMATION TO BE INCLUDED IN THE REPORT

### Item 1.01. Entry into a Material Definitive Agreement.

On March 28, 2014, OrSarulla, Inc. ("OrSarulla"), an indirect wholly-owned subsidiary of Ormat Technologies, Inc. (the "Company"), jointly and severally with Kyuden Sarulla Pte. Ltd., PT Medco Geopower Sarulla, Sarulla Operations Ltd., Sarulla Power Asset Limited (together, the "Sarulla Consortium") entered into financing agreements dated as of March 28, 2014 with a consortium of lenders comprised of Japan Bank for International Cooperation ("JBIC"), Asian Development Bank ("ADB") in its own capacity as well as in its capacity as an implementing entity of the Clean Technology Fund and the Canadian Climate Fund, The Bank of Tokyo-Mitsubishi UFJ, Ltd. ("BTMU"), ING Bank N.V., Tokyo Branch ("ING"), Mizuho Bank, Ltd. ("MIZUHO"), National Australia Bank Limited ("NAB"), Societe Generale, Tokyo Branch ("SOCGEN"), Sumitomo Mitsui Banking Corporation ("SMBC") (BTMU, ING, MIZUHO, NAB, SOCGEN, & SMBC together being the "Covered Lenders"), (all together the "Lenders Consortium"), to provide limited-recourse senior secured debt financing in an aggregate principal amount of up to approximately \$1.17 billion (the "Sarulla Loan") for the financing of the Sarulla Consortium's geothermal power project in Indonesia.

The Sarulla Loan is comprised of the following tranches:

JBIC's Tranche, in an aggregate principal amount of up to \$492,000,000.

ADB's direct Tranche, in an aggregate principal amount of up to \$250,000,000.

ADB's Clean Technology Fund's Tranche in an aggregate principal amount of up to \$80,000,000.

ADB's Canadian Climate Fund's Tranche in an aggregate principal amount of up to \$20,000,000.

Covered Lenders Tranche in an aggregate principal amount of up to \$328,095,178.

The Sarulla Consortium will also enter into hedging arrangements with the Covered Lenders in their capacity as hedging counterparties, covering up to 90% of the Sarulla Loan.

The Sarulla Consortium has a right to make voluntary prepayments of all or a portion of the Sarulla Loan subject to prior notice, minimum prepayment amounts, payment of customary breakage costs, accrued interest and

corresponding hedging termination sums. In addition, the Sarulla Loan is subject to customary mandatory prepayment, including from insurance and condemnation proceeds and from asset sales above certain thresholds.

The Sarulla loan is secured by a security interest over substantially all of the project's assets and by a pledge of all of the equity interests in the project.

The Financing Agreements contain customary representations and warranties, and customary affirmative and negative covenants applicable to the Sarulla Consortium, including among other affirmative covenants, a historic ratio of cash flow to debt service of 1.05:1.0, maintenance of business, corporate existence, insurance, property rights, and books and records, and including, among other negative covenants, restrictive covenants that limit, subject to certain exceptions, Sarulla Consortium's ability to incur other indebtedness, pay dividends, make repurchases of equity, merge or consolidate with another person, or grant liens on the collateral securing the Sarulla Loan.

The Financing Agreements include customary events of default, including failure to pay any principal, interest or other amounts when due, failure to comply with covenants, breach of representations and warranties, non-payment or acceleration of other debt of the Sarulla Consortium, bankruptcy of each of the entities comprising the Sarulla Consortium or certain of their affiliates, judgments rendered against the Sarulla Consortium, expropriation, change of control, and revocation or early termination of security documents or certain project-related agreements, subject to various exceptions and notice, cure and grace periods.

As part of the financing agreements for the Sarulla Loan, the Company, through a wholly owned subsidiary, has provided equity and contingent equity commitments, on a pro-rata basis with all other investors in the Sarulla Consortium, reflecting its 12.75% ownership position, which are capped in the aggregate at \$48.5 million and which will be made available to the Sarulla Consortium based on an agreed drawdown schedule.
