PROSPECTUS SUMMARY

This summary description about us and our business highlights selected information contained elsewhere in this prospectus or incorporated in this prospectus by reference. The Company

Aehr Test was incorporated in the state of California on May 25, 1977. We develop, manufacture and sell systems which are designed to reduce the cost of testing and to perform reliability screening, or burn-in, of complex logic and memory devices. These systems can be used to simultaneously perform parallel testing and burn-in of packaged integrated circuits, or ICs, singulated bare die or ICs still in wafer form. Increased quality and reliability needs of the Automotive, Mobility and flash memory integrated circuit markets are driving additional testing requirements, capacity needs and opportunities for Aehr Test products in package and wafer level testing. Leveraging its expertise as a long-time leading provider of burn-in equipment, with over 2,500 systems installed worldwide, the Company has developed and introduced several innovative product families, including the ABTS™ and FOX™ systems, the WaferPak™ cartridge and the DiePak® carrier. The latest ABTS family of systems can perform test during burn-in of complex devices, such as digital signal processors, microprocessors, microcontrollers and systems-on-a-chip, and offers Individual Temperature Control for high-power advanced logic devices. The FOX systems are full wafer contact parallel test and burn-in systems designed to make contact with all pads of a wafer simultaneously, thus enabling full wafer parallel test and burn-in. The WaferPak cartridge includes a full-wafer probe card for use in testing wafers in FOX systems. The DiePak carrier is a reusable, temporary package that enables IC manufacturers to perform cost-effective final test and burn-in of singulated bare die. The mailing address and telephone number of Aehr Test's principal executive offices are 400 Kato Terrace, Fremont, CA 94539 and (510) 623-9400, respectively.

The Offering

We are registering for resale by the selling stockholders 2,540,540 shares of our common stock, par value \$0.01 per share. The shares are being registered pursuant to the Convertible Note Purchase and Credit Facility Agreement, dated April 10, 2015, by and among the selling stockholders and the Company (the "Purchase Agreement") and the related Registration Rights Agreement, dated April 10, 2015, by and among the selling stockholders and the Company (the "Registration Rights Agreement"). We are not offering any shares of common stock under this prospectus and will not receive any proceeds from the sale of shares offered by the selling stockholders. See "Selling Stockholders" beginning on page 4 of this prospectus.

RISK FACTORS

Investing in our common stock involves risks. Before deciding to invest in our common stock, please read carefully the risks and uncertainties described below and incorporated by reference in this prospectus or any prospectus supplement. These risks and uncertainties include those discussed in our Annual Report on Form 10-K for the fiscal year ended May 31, 2014 and in our Quarterly Reports on Form 10-Q for each of the fiscal quarters ended August 31, 2014, November 30, 2014, and February 28, 2015 and which may be updated, supplemented or superseded by the risks and uncertainties described in the reports we subsequently file with the Securities and Exchange Commission (the “SEC”). See “Information Incorporation by Reference” and “Where You Can Find More Information.” These risks are not the only risks that we may face. Additional risks and uncertainties that we are unaware of, or that we currently deem immaterial, may also become important factors that affect us. If any of the risks or uncertainties described in this prospectus or our SEC filings or any such additional risks and uncertainties actually occur, our business, financial condition or results of operations could be materially and adversely affected which could cause our actual operating results to differ materially from those indicated or suggested by forward-looking statements made in this prospectus or our SEC filings or presented elsewhere by management from time to time. In that case, the trading price of our common stock could decline and you could lose all or part of your investment. Please also see “Cautionary Statement Regarding Forward-Looking Statements” beginning on page 1.

The number of shares being registered for sale is significant in relation to our trading volume.

We have filed a registration statement of which this prospectus is a part to register the shares offered hereunder for sale into the public market by the selling stockholders. These shares represent a large number of shares of our common stock, and if sold in the market all at once or at about the same time, could depress the market price of our common stock during the period the registration statement remains effective and could also affect our ability to raise equity capital.

USE OF PROCEEDS

We will not receive any of the proceeds from the sale by the selling stockholders of the shares of common stock of the Company offered hereunder. All proceeds from the sale of the shares of common stock of the Company by the selling stockholders will be for the account of the selling stockholders, as described below. See “Selling Stockholders” and “Plan of Distribution” described below.

SELLING STOCKHOLDERS

Up to 2,540,540 shares of common stock are being offered by this prospectus, all of which are being offered for resale for the account of the selling stockholders. The selling stockholders may from time to time offer and sell pursuant to this prospectus all, some or none of the shares of our common stock being registered.

The shares of common stock being registered are those issued and issuable to the selling stockholders upon conversion of their 9.0% Convertible Secured Notes due 2017 (“Notes”) issued pursuant to the Purchase Agreement. The registration statement to which this prospectus relates is being filed pursuant to the Registration Rights Agreement and the Purchase Agreement. Subject to the terms and conditions of those agreements, we agreed to file the registration statement to cover the shares of the Company’s common stock offered by the selling stockholders and to keep the registration statement effective until the earlier of (i) the date on which all of the shares of common stock of the Company issued or issuable to the selling stockholders under the Purchase Agreement and the Notes have been sold by the selling stockholders and (ii) the date on which all such shares may be immediately sold by the selling stockholders to the public without registration or restriction under the Securities Act.

The following table sets forth certain information regarding the beneficial ownership of common stock by each of the selling stockholders and the shares being offered by the selling stockholders. Information with respect to beneficial ownership is based upon information obtained from the selling stockholders. Because the selling stockholders may sell, transfer or otherwise dispose of all, some or none of the shares of our common stock covered by this prospectus, we cannot determine the number of such shares that will be sold, transferred or otherwise disposed of by the selling stockholders, or the amount or percentage of shares of our common stock that will be held by the selling stockholders upon termination of any particular offering. See “Plan of Distribution.” For purposes of the table below, we assume that the selling stockholders will sell all of their shares of common stock covered by this prospectus.

The following table sets forth the names of the selling stockholders, their current beneficial ownership of our securities (subject to the qualifications (including the 9.99% Cap) set forth in the footnotes to the table below), the number of shares being registered for resale for each selling stockholder, and the amount and percentage of their beneficial ownership after this offering, assuming that the selling stockholders were to convert all of their Notes in full (subject to the qualifications (including the 9.99% Cap) set forth in the footnotes to the table below) and sell all of the offered shares. We have determined beneficial ownership in accordance with the rules of the SEC.

In computing the number of shares of common stock owned by the selling stockholders and the percentage ownership of the selling stockholders, we included outstanding shares of common stock to which the selling stockholders have a right to obtain beneficial ownership within sixty days through conversion of the Notes. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person.

Name of Selling Stockholder	Beneficial Ownership Prior to the Offering		Shares Beneficially Owned After Offering	
	Number of Shares ⁽¹⁾	Number of Shares Being Registered for Resale ⁽¹⁾	Number of Shares ⁽²⁾	Percentage of Outstanding Common Stock
QVT Fund LP ⁽³⁾	1,416,418	1,416,418	0	0
Quintessence Fund L.P. ⁽³⁾	145,234	145,234	0	0

The Notes prohibit each selling stockholder and its affiliates (and other persons with whom beneficial ownership of the Company's common stock could be aggregated for purposes of Section 13(d) of the Exchange Act) from converting Notes into the Company's common stock to the extent that their aggregate beneficial ownership of the Company's common stock would exceed 9.99% (the "9.99% Cap") of the Company's outstanding common stock after such conversion. The above amounts (a) assume that the Notes are converted by the selling stockholders in full on May 8, 2015 at \$2.65 per share of common stock of Aehr Test, the initial conversion price under the Notes, (b) are calculated as of May 8, 2015 and reflect the outstanding principal and accrued and unpaid interest under the Notes through such date, and (c) assume that the 9.99% Cap does not exist (although the 9.99% Cap does in fact exist). The conversion price under the Notes may decrease under certain events, including certain issuances by the Company of common stock at a price below the then current conversion price.

(2) Assumes the sale of all shares being offered pursuant to this prospectus.

(3) Management of each of Quintessence Fund L.P. ("Quintessence") and QVT Fund LP ("QVT Fund") is vested in its general partner, QVT Associates GP LLC, a Delaware limited liability company, which may be deemed to beneficially own the securities held by Quintessence and QVT Fund. QVT Financial LP, a Delaware limited partnership, is the investment manager of Quintessence and QVT Fund and shares voting and investment control

over the securities held by Quintessence and QVT Fund.

PLAN OF DISTRIBUTION

The selling stockholders may offer and sell the shares covered by this prospectus at various times. As used in this prospectus, the term “selling stockholders” includes donees, pledgees, transferees or other successors-in-interest selling shares received from a named selling stockholder as a gift, partnership distribution, or other non-sale-related transfer after the date of this prospectus. The selling stockholders will act independently of the Company in making decisions with respect to the timing, manner and size of each sale. The shares may be sold by or for the account of the selling stockholders in transactions on the NASDAQ Capital Market, the over-the-counter market, or otherwise. These sales may be made at fixed prices, at prevailing market prices at the time of sale, at varying prices determined at the time of the sale, or at negotiated prices. The shares may be sold by means of one or more of the following methods:

a block trade in which the broker-dealer so engaged will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by that broker-dealer for its account pursuant to this prospectus;

ordinary brokerage transactions in which the broker solicits purchasers;

privately negotiated transactions;

a combination of any of the above methods; or

any other method permitted pursuant to applicable law.

If required, we will distribute a supplement to this prospectus to describe material changes in the terms of the offering.

The selling stockholders may sell the shares described in this prospectus directly to purchasers or through broker-dealers, which may act as agents or principals. In effecting sales, broker-dealers engaged by the selling stockholders may arrange for other broker-dealers to participate in resales. Broker-dealers may receive compensation in the form of discounts, concessions or commissions from the selling stockholders or from the purchasers of the shares or from both. This compensation may exceed customary commissions. The selling stockholders may also transfer, devise, gift or pledge these shares by other means not described in this prospectus.

Edgar Filing: AEHR TEST SYSTEMS - Form S-3

The selling stockholders also may resell all or a portion of the shares covered by this prospectus that qualify for sale under Rule 144 of the Securities Act ("Rule 144") in open market transactions in reliance upon Rule 144.

The selling stockholders have not advised us of any specific plans for the distribution of the shares covered by this prospectus. When and if we are notified by the selling stockholders that any material arrangement has been entered into with a broker-dealer or underwriter for the sale of a material portion of the shares covered by this prospectus, we will file a prospectus supplement or post-effective amendment to the registration statement with the SEC. This supplement or amendment will include the following information:

the name of the participating broker-dealer(s) or underwriters;

the number of shares involved;

the price(s) at which the shares were sold;

the commissions paid or discounts or concessions allowed by the selling stockholders to the broker- dealers or underwriters, if any; and

other information material to the transaction.

The selling stockholders and any broker-dealers, agents or underwriters that participate with the selling stockholders in the distribution of the shares may be deemed to be “underwriters” within the meaning of the Securities Act. Any commissions paid or any discounts or concessions allowed to any of those persons, and any profits received on the resale of the shares purchased by them, may be deemed to be underwriting commissions or discounts under the Securities Act.

The selling stockholders will be subject to the applicable prospectus delivery requirements of the Securities Act unless subject to an exemption therefrom, including under Rule 172 thereunder.

In connection with the sale of the common stock or interests therein, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. The selling stockholders may also sell shares of the common stock short and deliver these securities to close out their short positions and to return borrowed shares in connection with such short sales, or loan or pledge the common stock to broker-dealers that in turn may sell these securities. The selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling stockholders may pledge or grant a security interest in some or all of the shares of common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of common stock from time to time pursuant to this prospectus or any amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act, amending, if necessary, the list of selling stockholder to include the pledgee, transferee or other successors in interest as selling shareholders under this prospectus. The selling stockholders also may transfer and donate the shares of common stock in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The selling stockholders and any other person participating in the sale of the shares of common stock will be subject to the Exchange Act. The Exchange Act rules include, without limitation, Regulation M, which may limit the timing of purchases and sales of any of the shares by the selling stockholders and any other person. In addition, Regulation M may restrict the ability of any person engaged in the distribution of the shares to engage in market-making activities with respect to the particular shares being distributed. This may affect the marketability of the shares and the ability of

any person or entity to engage in market-making activities with respect to the resale shares. We have advised the selling stockholders that the anti-manipulation rules promulgated under the Exchange Act, including Regulation M, may apply to sales of the shares offered by the selling stockholders.

The selling stockholders may agree to indemnify any agent, broker or dealer that participates in sales of common stock against liabilities arising under the Securities Act from sales of common stock.

We will not receive any proceeds from the sale of the shares of common stock by the selling stockholders. We have agreed to bear all expenses of registration of the shares other than fees and expenses, if any, of counsel or other advisors to the selling stockholders. Any commissions, discounts, concessions or other fees, if any, payable to broker-dealers in connection with any sale of the shares will be borne by the selling stockholders selling those shares.

There can be no assurances that the selling stockholders will sell all or any of the shares of common stock offered under this prospectus.

The registration statement to which this prospectus relates is being filed pursuant to the Registration Rights Agreement and the Purchase Agreement. The Registration Rights Agreement provides that we will indemnify the selling stockholders against certain liabilities, including liabilities under the Securities Act, or that they may be entitled to contribution. The Registration Rights Agreement further provides that the selling stockholders will indemnify us against certain liabilities, including liabilities under the Securities Act, or that we may be entitled to contribution. Subject to the terms and conditions of the Registration Rights Agreement and the Purchase Agreement, we agreed to file the registration statement to cover the shares of the Company's common stock offered by the selling stockholders and to keep the registration statement effective until the earlier of (i) the date on which all of the shares of common stock of the Company issued or issuable to the selling stockholders under the Purchase Agreement and the Notes have been sold by the selling stockholders and (ii) the date on which all such shares may be immediately sold by the selling stockholders to the public without registration or restriction under the Securities Act.

Once sold under the registration statement of which this prospectus forms a part, the shares of common stock will be freely tradable in the hands of persons other than our affiliates.

Part II

Information Not Required in the Prospectus

Item 14. Other Expenses of Issuance and Distribution

The following table sets forth an estimate of the registrant’s expenses in connection with the issuance and distribution of the securities being registered hereby. All amounts are estimates except the SEC registration fee.

Securities and Exchange Commission registration fee	\$756
Accounting fees and expenses	6,000
Legal fees and expenses	25,000
Miscellaneous	1,000
Total	\$32,756

Item 15. Indemnification of Directors and Officers

Section 317 of the California Corporations Code allows for indemnification of officers, directors, and other corporate agents in terms sufficiently broad to indemnify such persons under certain circumstances for liabilities (including reimbursement for expenses incurred) arising under the Securities Act. Article IV of the registrant’s Restated Articles of Incorporation (Exhibit 3.1(1) of the registrant’s Registration Statement on Form S-1 filed with the SEC on June 11, 1997) and Article VI of the registrant’s Amended and Restated Bylaws (Exhibit No. 3.1 previously filed with the Company’s Current Report on Form 8-K filed with the SEC on January 9, 2012) provide for indemnification of the registrant’s directors, officers, employees and other agents to the extent and under the circumstances permitted by the California Corporations Code. The registrant has also entered into agreements with its directors and executive officers that will require the registrant, among other things, to indemnify them against certain liabilities that may arise by reason of their status or service as directors and executive officers to the fullest extent not prohibited by law.

The above discussion of Section 317 of the California Corporations Code, our Restated Articles of Incorporation, our Amended and Restated Bylaws and our indemnification agreements is not intended to be exhaustive and is qualified in its entirety by the actual provisions of our Restated Articles of Incorporation and Amended and Restated Bylaws, the California Corporations Code and the indemnification agreements.

Item 16. Exhibits

A list of exhibits filed herewith is contained in the exhibit index that immediately precedes such exhibits and is incorporated herein by reference.

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

II-1

- To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
- (ii)
- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective (2) amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
- (i) If the registrant is relying on Rule 430B,
- (A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
- (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the

registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to the effective date; or

If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however,* that no statement made in a (ii) registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer and sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by

a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding), is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(d) The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
