PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS ON MAY 12, 2016

This proxy statement is being made available to stockholders on or about April 1, 2016 via the Internet or by delivering printed copies by mail, and is furnished in connection with the solicitation of proxies by the Board of Directors of Franklin Street Properties Corp., which we refer to as Franklin Street Properties or the Company, for use at the 2016 Annual Meeting of Stockholders of Franklin Street Properties, which we refer to as the annual meeting, to be held on Thursday, May 12, 2016, at 11:00 a.m., local time, at the Four Points by Sheraton Wakefield Boston Hotel & Conference Center, One Audubon Road, Wakefield, Massachusetts 01880, and at any adjournments or postponements thereof.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Why did I receive a notice in the mail regarding the Internet availability of the proxy materials instead of a paper copy of the proxy materials?

As permitted by rules adopted by the Securities and Exchange Commission, or the SEC, we are making this proxy statement and our 2015 annual report, which includes a copy of our annual report on Form 10-K and financial statements for the year ended December 31, 2015, available to our stockholders electronically via the Internet. On or about April 1, 2016, we will begin mailing a Notice of Internet Availability, referred to as the Notice, to our stockholders containing instructions on how to access this proxy statement and our 2015 annual report online, as well as instructions on how to vote. Also on or about April 1, 2016, we will begin mailing printed copies of these proxy materials to stockholders who have requested printed copies. If you receive a Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you request a copy. Instead, the Notice instructs you on how to access the documents online to review all of the important information contained in the proxy statement and annual report. The Notice also instructs you on how you may vote via the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions included in the Notice for requesting such materials. Our 2015 annual report is not part of the proxy solicitation material. To request a printed copy of our Annual Report on Form 10-K, which we will provide to you free of charge, or to obtain directions to be able to attend the annual meeting and vote in person, write to Investor Relations, Franklin Street Properties Corp., 401 Edgewater Place, Wakefield, Massachusetts 01880.

Table of Contents

What is the purpose of the annual meeting?

At the annual meeting, stockholders will be asked to vote upon the matters set forth in the accompanying notice of annual meeting:

- Proposal 1: Election of two Class I directors, each to serve for a term expiring at the 2019 annual meeting of stockholders and until his respective successor is duly elected and qualified;
- Proposal 2: Ratification of the appointment of Ernst & Young LLP as our Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2016; and
- Proposal 3: The approval, by non-binding vote, of our executive compensation.

What is the voting recommendation of the Board of Directors?

Your Board of Directors recommends that you vote your shares as follows:

“FOR” Proposal 1, Proposal 2 and Proposal 3.

Proposal 1 is for the election of two members to our Board of Directors. It is a binding vote and, if approved, the nominees will be elected to serve another term on our Board of Directors.

Proposal 2 is for the ratification of the appointment of our independent registered public accounting firm. It is a non-binding vote and is not required by law or our by-laws, but our Audit Committee will carefully consider the outcome of this vote in determining its next selection of our independent registered public accounting firm.

Proposal 3 is a vote on our executive compensation and under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and related SEC regulations, it is an advisory, or non-binding, vote. Our Board of Directors will carefully consider the outcome of this vote.

Who can vote at the annual meeting and what are the voting rights of such stockholders?

Our Board of Directors has fixed March 4, 2016 as the record date for the annual meeting. If you were a stockholder of record on the record date, you are entitled to vote (in person or by proxy) all of the shares that you held on that date at the annual meeting and at any postponement, or adjournment thereof.

Franklin Street Properties has only one class of common stock outstanding. Each share of Franklin Street Properties' common stock outstanding as of the close of business on the record date is entitled to one vote at the annual meeting. As of the record date, Franklin Street Properties had 100,187,405 shares of common stock outstanding and entitled to vote at the annual meeting.

Can I vote if my shares are held in “street name”?

All Franklin Street Properties shares owned by you as of March 4, 2016, which is referred to in this proxy statement as the “record date,” may be voted by you. These shares include those (1) held directly in your name as a stockholder of record and (2) held for you as the beneficial owner through a broker, bank or other nominee.

Table of Contents

Most of the stockholders of Franklin Street Properties hold their shares in “street name” through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between being a “record” holder and being a “beneficial” holder of our shares.

Stockholder of Record

If your shares are registered directly in your name with Franklin Street Properties’ transfer agent, American Stock Transfer & Trust Company, you are considered the stockholder of record of those shares, and the Notice or set of printed proxy materials, as applicable, is being sent directly to you. As the stockholder of record, you have the right to grant your voting proxy directly to the persons named in the proxy card or to vote in person at the annual meeting. If you request a paper copy of the materials as described in the Notice, a proxy card will be sent to you with those materials.

Beneficial Owner

If your shares are held in a brokerage account by a broker, bank or other nominee, you are considered the beneficial owner of shares held on your behalf in “street name”, and the Notice or set of printed proxy materials, as applicable, is being forwarded to you by your broker, bank or other nominee who is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote the shares held in your account or to vote in person at the annual meeting. You should receive information from your broker, bank or other nominee on how you can direct the voting of your shares. In addition, since you are not the stockholder of record, in order to vote in person at the annual meeting, you will need to obtain a “legal proxy” from the broker, bank or other nominee that holds your shares of common stock of record. If you request a paper copy of the proxy materials as indicated in the Notice, your broker, bank or other nominee will provide a voting instruction card for you to use to direct the voting of your shares.

May I attend the meeting?

All stockholders of record of shares of common stock of Franklin Street Properties at the close of business on the record date, or their designated proxies, are authorized to attend the annual meeting. Each stockholder and proxy may be asked to present a valid government-issued photo identification, such as a driver’s license or passport, before being admitted.

If you are not a stockholder of record but hold shares through a broker, bank or other nominee (i.e., if you hold your shares in “street name”), you will need to provide proof of beneficial ownership as of the record date, such as an account statement reflecting your stock ownership as of the record date, a copy of the voting instruction card provided by your broker, or other similar evidence of ownership. We reserve the right to determine the validity of any purported proof of beneficial ownership. If you do not have proof of ownership, you may not be admitted to the annual meeting.

Attendees are not permitted to bring cameras, recording devices and other electronic devices to the annual meeting, and attendees may be subject to security inspections and other security precautions. You may obtain directions to the annual meeting by visiting the hotel’s website at: <http://www.fourpointswakefieldboston.com/>. Please note that this website is not part of this proxy statement and is not incorporated by reference in this proxy statement.

Table of Contents

How do I vote?

Voting in Person at the Meeting. If you are a stockholder of record and attend the annual meeting, you may vote in person at the meeting either by delivering your proxy in person or using a ballot, which will be available at the meeting. If your shares of common stock are held in street name and you wish to vote in person at the meeting, prior to the annual meeting, you will need to obtain a “legal proxy” from the broker, bank or other nominee that holds your shares of common stock as stockholder of record.

Voting by Proxy for Shares Registered Directly in the Name of the Stockholder. If you are a stockholder of record, you may instruct the proxy holders named in the proxy card how to vote your shares of common stock in one of the following ways:

- Vote by Internet. You may vote via the Internet by following the instructions provided in the Notice or, if you received printed materials, on your proxy card. The website for Internet voting is www.proxyvote.com and is also printed on the Notice and on your proxy card. Please have your Notice or proxy card in hand. Internet voting is available 24 hours per day until 11:59 p.m., Eastern Time, on May 11, 2016. You will receive a series of instructions that will allow you to vote your shares of common stock. You will also be given the opportunity to confirm that your instructions have been properly recorded. **IF YOU VOTE VIA THE INTERNET, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.**
- Vote by Telephone. If you received printed copies of the proxy materials, you also have the option to vote by telephone by calling the toll-free number listed on your proxy card. Telephone voting is available 24 hours per day until 11:59 p.m., Eastern Time, on May 11, 2016. When you call, please have your proxy card in hand. You will receive a series of voice instructions that will allow you to vote your shares of common stock. You will also be given the opportunity to confirm that your instructions have been properly recorded. If you did not receive printed materials and would like to vote by telephone, you must request printed copies of the proxy materials by following the instructions on your Notice. **IF YOU VOTE BY TELEPHONE, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.**
- Vote by Mail. If you received printed materials and would like to vote by mail, then please mark, sign and date your proxy card and return it promptly in the postage-paid envelope provided with your printed materials. If you did not receive printed materials and would like to vote by mail, you must request printed copies of the proxy materials by following the instructions on your Notice.

Voting by Proxy for Shares Registered in Street Name. If your shares of common stock are held in street name, you will receive instructions from your broker, bank or other nominee that you must follow in order to have your shares of common stock voted as you direct. Those instructions may have accompanied these printed materials.

What are the quorum and voting requirements for the proposals?

The presence, in person or by proxy, of holders of at least a majority of the total number of outstanding shares of common stock entitled to vote is necessary to constitute a quorum for the transaction of business at the annual meeting. As of the record date, there were 100,187,405 shares of common stock

Table of Contents

outstanding and entitled to vote at the annual meeting. Abstentions and broker non-votes (described below), if any, will be considered present for the purpose of determining the presence of a quorum.

The affirmative vote of a majority of the total votes cast for and affirmatively withheld as to each nominee for director is required to approve the election of each nominee for director in Proposal 1. In addition, a majority of the votes cast at the annual meeting is required for approval of the ratification of the appointment of the independent registered public accounting firm (Proposal 2) and approval of the advisory vote on executive compensation (Proposal 3), each of which is a non-binding vote.

Broker non-votes occur when brokers, banks or other nominees do not receive voting instructions from their customers on how to vote the customers' shares on a proposal and the broker, bank or other nominee does not have discretionary voting authority or chooses not to exercise it with respect to a proposal. If you hold shares in street name and you do not give instructions as to how to vote your shares, your broker, bank or other nominee may have authority to vote your shares on certain routine matters but not on non-routine matters. Proposal 2 is a routine proposal, and your broker, bank or other nominee has discretionary voting authority to vote on that proposal. Your broker, bank or other nominee does not have discretionary voting authority with respect to any of the other proposals on the ballot: the election of directors (Proposal 1) and the advisory vote on executive compensation (Proposal 3).

What if I change my mind after I have voted?

You may revoke your proxy and change your vote at any time before it is voted at the annual meeting by (1) sending a written notice of revocation to our Secretary at the Company's address set forth in this proxy statement that is received prior to the time at which your proxy is voted at the annual meeting and submitting a new written proxy bearing a date later than the date of the proxy being revoked; (2) voting again on the Internet or by telephone prior to 11:59 p.m. Eastern Time on Wednesday, May 11, 2016; or (3) attending the annual meeting and voting in person. Attendance at the annual meeting will not, in itself, constitute revocation of a previously granted proxy.

If you hold your shares in street name, then you may submit new voting instructions by contacting your broker or nominee. You may also vote in person at the annual meeting if you obtain a legal proxy as described above.

How will my shares be voted if I do not return my proxy or do not provide specific voting instructions in the proxy card that I submit?

If you are a stockholder of record, your shares will not be voted if you do not vote over the Internet, by telephone, by returning your proxy or by ballot at the annual meeting. If you submit a proxy card without giving specific voting instructions on one or more proposals listed in the notice for the meeting, your shares will be voted as recommended by our Board of Directors on such proposals, and as the proxyholders may determine in their discretion how to vote with respect to any other proposals properly presented for a vote at the annual meeting.

If your shares are held in street name at a broker, your broker may under certain circumstances vote your shares on routine proposals, including Proposal 2, if you do not timely provide voting instructions in accordance with the instructions provided by them. However, if you do not provide timely instructions, your broker does not have the authority to vote on non-routine proposals, including Proposals 1 and 3, at the annual meeting and a "broker non-vote" would occur.

Table of Contents

Where do I find the voting results of the annual meeting?

We will announce preliminary voting results at the annual meeting. We will also publish preliminary or, if available, final voting results within four business days of the annual meeting in a Current Report on Form 8-K to be filed with the SEC. If necessary, we will publish final voting results within four business days after the final voting results are known in an amendment to Current Report on Form 8-K to be filed with the SEC. Copies of the Current Report on Form 8-K and any amendments thereto to be filed with the SEC will be available on our website at: <http://www.franklinstreetproperties.com> and on the SEC's website at <http://www.sec.gov>.

Will other matters be voted on at the annual meeting?

We are not currently aware of any other matters to be presented at the annual meeting other than those described in this proxy statement. If any other matters not described in the proxy statement are properly presented at the meeting, any proxies received by us will be voted in the discretion of the proxy holders.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

Introduction

Our common stock trades on NYSE MKT under the symbol “FSP”. We began trading on the American Stock Exchange in June 2005. The exchange’s name was changed to NYSE Amex after it was acquired by NYSE Euronext on October 1, 2008 and its name is now NYSE MKT.

Board of Directors and its Committees

Board of Directors. Franklin Street Properties is currently managed by an eight member Board of Directors, which is divided into three classes (Class I, Class II and Class III). Our Board of Directors is currently composed of three Class I directors (Brian N. Hansen, Dennis J. McGillicuddy and Janet P. Notopoulos), three Class II directors (John N. Burke, Kenneth A. Hoxsie and Kathryn P. O’Neil and) and two Class III directors (George J. Carter and Georgia Murray). The members of each class of our Board of Directors serve for staggered three-year terms. The terms of our current Class I, Class II and Class III directors expire upon the election and qualification of directors at the annual meetings of stockholders to be held in 2016, 2018 and 2017, respectively, where directors will be elected or re-elected for a full term of three years to succeed those directors whose terms are expiring. On February 9, 2016, we announced that effective at the close of business on May 12, 2016, Ms. Notopoulos would retire from Franklin Street Properties and resign her positions as Executive Vice President and President of FSP Property Management LLC. In addition, on February 9, 2016, we announced that Ms. Notopoulos would not stand for re-election to our Board of Directors upon the conclusion of her term as a Class I director at the annual meeting. On February 5, 2016, our Board of Directors approved a decrease in the number of directors constituting the entire Board of Directors from eight members to seven and the number of Class I directors from three to two, effective as of the annual meeting.

Director Independence. Under the NYSE MKT corporate governance standards, set out in the NYSE MKT LLC Company Guide (the “NYSE MKT Rules”), at least a majority of the Board of Directors must be “independent directors” as defined in Section 803A of the NYSE MKT Rules. According to Section 803A, “independent director” means a person other than an executive officer or employee of Franklin Street Properties. In addition, to qualify as an “independent director,” the Board of Directors must affirmatively determine that the director does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Section 803A of the NYSE MKT Rules also includes the following non-exclusive list of persons who shall not be considered independent:

- a. a director who is, or during the past three years was, employed by us, other than prior employment as an interim executive officer (provided the interim employment did not last longer than one year);
- b. a director who accepted or has an immediate family member who accepted any compensation from us in excess of \$120,000 during any period of twelve consecutive months within the three years preceding the determination of independence, other than the following:
 - i. compensation for Board or Board committee service,

Table of Contents

- ii. compensation paid to an immediate family member who is an employee (other than an executive officer) of Franklin Street Properties,
 - iii. compensation received for former service as an interim executive officer (provided the interim employment did not last longer than one year), or
 - iv. benefits under a tax-qualified retirement plan, or non-discretionary compensation;
 - v. a director who is an immediate family member of an individual who is, or at any time during the past three years was, employed by us as an executive officer;
- c. a director who is, or has an immediate family member who is, a partner in, or a controlling shareholder or an executive officer of, any organization to which we made, or from which we received, payments (other than those arising solely from investments in our securities or payments under non-discretionary charitable contribution matching programs) that exceed 5% of the organization's consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the most recent three fiscal years;
- d. a director who is, or has an immediate family member who is, employed as an executive officer of another entity where at any time during the most recent three fiscal years any of our executive officers serve on the compensation committee of such other entity; or
- e. a director who is, or has an immediate family member who is, a current partner of our outside auditor, or was a partner or employee of our outside auditor who worked on our audit at any time during any of the past three years. For purposes of Section 803A of the NYSE MKT Rules, "immediate family member" includes a person's spouse, parents, children, siblings, mother-in-law, father-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, and anyone who resides in such person's home (other than domestic employees).

Because Mses. Murray and O'Neil and Messrs. Burke, Hansen, Hoxsie, and McGillicuddy do not have any relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, our Board of Directors has determined that they are "independent directors" for purposes of the NYSE MKT. Our Board of Directors also determined that Barry Silverstein, a former director, was an "independent director" prior to his resignation from the Board of Directors on May 14, 2015.

Board Leadership Structure. At the present time, our Board of Directors has chosen to combine the Chairman and Chief Executive Officer positions. Our Board of Directors believes that George J. Carter is best suited to serve as both Chairman and Chief Executive Officer because he is most familiar with Franklin Street Properties' business and industry and is most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. Mr. Carter has served as Chief Executive Officer and Chairman since he founded Franklin Street Properties, originally Franklin Street Partners Limited Partnership. Our Board of Directors believes that independent directors and management have different perspectives and roles in our strategy development. Our independent directors bring experience, oversight and expertise from outside Franklin Street Properties and its industry, while the Chief Executive Officer brings company-specific experience and expertise. Our Board of Directors believes that, at the present time, the combined role of Chairman and Chief

Table of Contents

Executive Officer is in the best interest of Franklin Street Properties and our stockholders and is consistent with good corporate governance. The combined role promotes strategy development and execution and facilitates information flow between management and the Board of Directors, which are essential to effective governance.

In addition, on February 7, 2014, our Board of Directors appointed Georgia Murray as Lead Independent Director. The Lead Independent Director's duties include: coordinating the activities of our independent directors, coordinating the agenda for and chairing sessions of our independent directors, serving as the principal liaison for consultation and communication between our independent directors and our stockholders, facilitating communications between our independent directors, the other members of our Board of Directors and our management, and performing such other duties as our Board of Directors may from time to time delegate. In performing the duties described above, the Lead Independent Director is expected to consult with the chairs of the appropriate Board committees and solicit their participation in order to avoid diluting the authority or responsibility of such committee chairs.

Board Role in Risk Oversight. Our Board of Directors has the primary responsibility for overseeing the Company's risk management processes. A portion of this responsibility has been delegated by the Board of Directors to the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee, each with respect to the assessment of the risks and risk management in their respective areas of oversight. In general, our Board of Directors oversees risk management activities relating to business strategy, acquisitions, capital allocation, organizational structure and certain operational risks. Our Audit Committee oversees risk management activities related to financial controls and legal and compliance risks; our Compensation Committee oversees risk management activities relating to our compensation policies and practices; and our Nominating and Corporate Governance Committee oversees risks relating to our nominating and corporate governance policies and practices. Each committee reports to the full Board of Directors on a regular basis, including reports with respect to the committee's risk oversight activities as appropriate. These committees and the full Board of Directors focus on the most significant risks facing the Company and the Company's general risk management strategy, and also ensure that risks undertaken by the Company are consistent with the Board of Directors' appetite for risk. While the Board of Directors oversees the Company's risk management, the Company's management is responsible for day-to-day risk management processes. We believe this division of responsibilities is the most effective approach for addressing the risks facing the Company and that the leadership structure of our Board of Directors supports this approach. The Board of Directors and each of our committees regularly discusses with management our major risk exposures, their potential financial impact on Franklin Street Properties, and the steps we take to manage them.

Meetings. Our Board of Directors met five times during 2015. Each director attended at least 75% of the combined total of the meetings of our Board of Directors and committee meetings on which that director served. Directors are expected to attend annual meetings of our stockholders in person unless doing so is impracticable due to unavoidable conflicts. Each director attended the 2015 annual meeting of stockholders in person.

Each director has the right to call an executive session without management participation after each regularly scheduled meeting of the entire Board of Directors and at such other times that the directors deem such a meeting to be appropriate. Similarly, each independent director has the right to call an executive session with only independent directors present after each regularly scheduled meeting of

Table of Contents

the entire Board of Directors and at such other times that an independent director deems appropriate. At a minimum, the independent directors meet in executive session at least annually without the presence of non-independent directors and management.

Committees. Our Board of Directors has the following three standing committees: (1) Audit, (2) Compensation and (3) Nominating and Corporate Governance. The membership and the function of each of these committees are described below.

Audit	Compensation	Nominating and Corporate Governance
John N. Burke, Chair	Georgia Murray, Chair	Brian N. Hansen, Chair
Brian N. Hansen	John N. Burke	John N. Burke
Dennis J. McGillicuddy	Brian N. Hansen	Georgia Murray
Kenneth A. Hoxsie	Kathryn P. O’Neil	Kenneth A. Hoxsie
		Kathryn P. O’Neil

Audit Committee. Our Board of Directors has established an Audit Committee which operates pursuant to a charter approved by our Board of Directors and that is reviewed and reassessed at least annually. Director Nomination Process

The process followed by the Nominating and Corporate Governance Committee to identify and evaluate director candidates includes requests to our directors and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by our directors. in recommending candidates to our Board of Directors. The Nominating and Corporate Governance Committee is responsible for reviewing with our Board of Directors, on an annual basis, the appropriate characteristics, skills and experience required for our Board of Directors as a whole and its individual members. In evaluating the suitability of individual candidates (both new candidates and current members of our Board of Directors), the Nominating and Corporate Governance Committee, in recommending candidates for election, and our Board of Directors, in approving the nomination (and, in the case of vacancies, electing) such candidates, may take into account a variety of subjective factors, including, without limitation:

- (1) personal and professional integrity, ethics and values;
- (2) experience in corporate management, such as serving as an officer or former officer of a publicly-held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly-traded company in today's business environment;
- (3) experience in our industry and/or in an industry or industries that may be beneficial to us;
- (4) experience as a board member of another publicly-held company;
- (5) academic expertise in an area of our operations;
- (6) practical and mature business judgment, including ability to make independent analytical inquiries; and
- (7) any relationships, financial, professional or social in nature, that a candidate may have with members of management or other board members in so far as they may affect the independence of such candidate.

Although our Board of Directors does not have a formal diversity policy, the Nominating and Corporate Governance Committee and our Board of Directors also consider diversity of our Board of Directors in its evaluation of candidates for board membership. The Nominating and Corporate Governance Committee and our Board of Directors believe that diversity with respect to viewpoint, skills and experience should be an important factor in board composition. The Nominating and Corporate Governance Committee and our Board of Directors discuss diversity considerations in connection with each potential nominee, as well as on a periodic basis in connection with the composition of our Board of Directors as a whole. The Nominating and Corporate Governance Committee and our Board of Directors do not assign specific weight to particular factors, and no particular factor is a prerequisite for each prospective nominee. The Nominating and Corporate Governance Committee and our Board of Directors believe that the backgrounds and qualifications of its directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow our Board of Directors to fulfill its responsibilities. Our Board of Directors evaluates each individual in the context of our Board of Directors as a whole, with the objective of assembling a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas. In determining whether to recommend a director for re-election, the Nominating and Corporate Governance Committee also considers the director's past attendance at meetings and participation in and contributions to the activities of our Board of Directors.

Stockholders may recommend individuals to our Nominating and Corporate Governance Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials to our principal office, 401 Edgewater Place, Wakefield, Massachusetts 01880, Attn: Scott H. Carter, Secretary. Assuming that appropriate biographical and background material has been provided on a timely basis, our Nominating and Corporate Governance will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others. If our Board of Directors determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in our proxy card for the next annual meeting.

Stockholders also have the right under our bylaws to directly nominate director candidates, without any action or recommendation on the part of our Nominating and Corporate Governance Committee or Board of Directors, by following the procedures set forth below under “Stockholder Proposals.” Candidates nominated by stockholders in accordance with the procedures set forth in the bylaws would be presented as a nominee at the next annual meeting of stockholders but would not be included in our proxy card for the next annual meeting.

Communicating with our Board of Directors

Our Board of Directors will give appropriate attention to written communications that are submitted by stockholders and will respond if and as appropriate. The Secretary of Franklin Street Properties is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he or she considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the Secretary considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we may receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to our Board of Directors should address such communications to Board of Directors, Franklin Street Properties Corp., 401 Edgewater Place, Wakefield, Massachusetts 01880, Attn: Scott H. Carter, Secretary.

PROPOSAL 1: ELECTION OF DIRECTORS

Introduction

Our Board of Directors is divided into three classes, with members of each class holding office for staggered three-year terms. There are currently three Class I directors, whose terms expire at this annual meeting, two Class III directors, whose terms expire at our 2017 annual meeting, and three Class II directors, whose terms expire at our 2018 annual meeting (in all cases subject to the election and qualification of their successors or to their earlier death, resignation or removal). On February 9, 2016, we announced that Ms. Janet P. Notopoulos would not stand for re-election to our Board of Directors upon the conclusion of her term as a Class I director at the annual meeting.

Accordingly, at the annual meeting, two Class I directors will be elected to serve for a term expiring at our 2019 annual meeting and until their respective successors are duly elected and qualified. Following the recommendation of the Nominating and Corporate Governance Committee, our Board of Directors has nominated Mr. Brian N. Hansen and Mr. Dennis J. McGillicuddy for election as Class I directors. Each nominee is currently serving as a Class I director of Franklin Street Properties. Our Board of Directors anticipates that, if elected, the nominees will serve as directors. However, if any person nominated by our Board of Directors is unable to serve or for good cause will not serve, the proxies will be voted for the election of such other person(s) as our Board of Directors may recommend.

Vote Required

The affirmative vote of a majority of the total votes cast for and affirmatively withheld as to each nominee for director is required to approve the election of each nominee for director in this Proposal 1. Votes may be cast FOR or WITHHELD with respect to each nominee. If you own shares in street name, in the absence of your voting instructions, your broker may not use its discretion to vote your shares with respect to the election of directors. Those broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum.

Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR ITS NOMINEES, BRIAN N. HANSEN AND DENNIS J. MCGILLICUDDY. PROPERLY AUTHORIZED PROXIES SOLICITED BY THE BOARD WILL BE VOTED FOR EACH OF THE NOMINEES UNLESS INSTRUCTIONS TO THE CONTRARY ARE GIVEN. PROXIES MAY NOT BE VOTED FOR A GREATER NUMBER OF PERSONS THAN THE NUMBER OF NOMINEES CONTAINED HEREIN.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

It is critical that we be able to attract, motivate and retain highly talented individuals at all levels of the organization. We believe that compensation levels should be competitive enough to attract and retain experienced and capable leaders and motivate those individuals to achieve exceptional results and reward them for being instrumental in reaching our strategic goals. At the same time, we believe in simplicity and maintaining compensation at responsible levels. For 2015, the compensation of executives consisted of the same five components as were provided to all of our employees: (1) base salary; (2) the potential for a cash bonus; (3) matching for individual 401(k) plan contributions; and (4) the potential for a payment or payments under our change-in-control program. Although our executives are eligible to be granted awards of common stock under our 2002 stock incentive plan, we have not made any awards under the plan since our initial listing on the American Stock Exchange (now NYSE MKT) in June 2005. In addition, we do not offer stock options, restricted stock awards, deferred compensation, non-equity incentive plan compensation or perquisites. None of our employees have employment agreements and we do not have any policies that require any of our employees to own our common stock.

Our executive officers consist of the Chief Executive Officer, the Chief Financial Officer, the Chief Investment Officer, the General Counsel and the president of FSP Property Management LLC. For the fiscal year ended December 31, 2015, our Named Executive Officers were George J. Carter, our Chief Executive Officer, John G. Demeritt, our Chief Financial Officer, Janet P. Notopoulos, Executive Vice President and President of FSP Property Management LLC, Jeffrey B. Carter, our Chief Investment Officer and Scott H. Carter, our General Counsel.

We have reviewed our compensation policies and practices for all employees and concluded that any risks arising from our policies and programs are not reasonably likely to have a material adverse effect on Franklin Street Properties.

The objectives of our compensation programs

Our Compensation Committee bases our executive compensation programs on the same core objectives that guide us in establishing all of our compensation programs:

- Compensation should promote the achievement of our business goals and maximize corporate performance and shareholder returns.
- Compensation should be based on the principles of competitive and fair compensation and sustained performance.
- Compensation should be based on the level of job responsibility, individual performance and corporate performance. As employees advance to higher levels within the organization, an increasing proportion of their compensation should be linked to corporate performance and enhancing shareholder value.

Table of Contents

- Compensation should reflect the value of the job in the marketplace. Compensation should be competitive with other employers that compete with us for talent so that we continue to be able to attract and retain highly talented employees.
- Compensation should reward performance. Our compensation programs should deliver competitive compensation for excellent individual and corporate performance. Similarly, our compensation programs should deliver less compensation, including the possibility of no cash bonus, in the event that individual and/or corporate performance fall short of expectations.
- Compensation should be equitable. We strive to achieve equitable distributions both for compensation of individual officers and between officers and other employees throughout the organization.
- Compensation and benefit programs should be designed to attract, motivate and retain highly talented employees who are interested in building a career with us.

What the compensation programs are designed to reward and how we determine the amount (and, where applicable, the formula) for each element to pay

Decisions regarding compensation are based on various subjective performance criteria, including corporate and individual performance.

Our Compensation Committee has established a number of processes to assist it in ensuring that our executive compensation program achieves its objectives. Among those are:

- Consideration of various measures of corporate performance, including reviewing the extent to which strategic and business plan goals are met, levels of property acquisitions, performance of properties in our portfolio, gains or losses on property dispositions, levels of earnings, funds from operations, or FFO, dividends and maintaining shareholder value. Our Compensation Committee does not apply a formula or assign these performance measures relative weights. Instead, it makes a subjective determination after considering such measures collectively.
- Consideration of individual performance. The members of the Compensation Committee meet with the Chief Executive Officer annually at the beginning of the year to discuss both individual and corporate priorities for the current year. At that same meeting, the members of the Compensation Committee meet to conduct a review of the Chief Executive Officer's performance over the past year based on various subjective performance criteria, including his contributions to individual and corporate priorities, his contribution to corporate performance, the degree to which teamwork and corporate values are fostered and other leadership accomplishments. This evaluation is shared with the Chief Executive Officer and is considered by the Compensation Committee in establishing the Chief Executive Officer's compensation. With respect to the other Named Executive Officers, the members of the Compensation Committee receive a performance assessment and compensation recommendation from the Chief Executive Officer. In establishing the compensation for each of the other Named Executive Officers, the Compensation Committee is not required to give specific weight to any particular criterion or performance metric. The Compensation Committee considers the performance assessment and compensation recommendation from the Chief Executive Officer and also exercises its own judgment based on various subjective performance criteria,

Table of Contents

including contributions to corporate performance, the degree to which teamwork and corporate values were fostered and other leadership accomplishments.

· Comparison of our executive compensation programs as a whole and also a comparison of total executive compensation for each individual with the compensation practices of other companies in the real estate industry. Historically, the Compensation Committee has used the NAREIT Annual Compensation Survey for comparison purposes. To ensure that total compensation is competitive, the Compensation Committee uses the results of the comparison to establish general compensation guidelines. Our Compensation Committee does not apply a formula or assign the survey data relative weight. Instead, it makes a subjective determination for that individual after considering such results collectively.

Each element of compensation and why we choose to pay each element

(a) Base Salary

Executive officers are paid a base salary. We believe that a competitive base salary provides an important guaranteed element to compensation. We also believe that the payment of a competitive base salary is consistent with the compensation practices of other comparable companies.

(b) Cash Bonus

Executive officers are eligible for a cash bonus based on various subjective performance criteria, including corporate and individual performance. The payment of a cash bonus is purely discretionary based upon overall performance and in some years there could be no cash bonus payments. We believe that the opportunity to earn a competitive cash bonus provides a monetary incentive that encourages both corporate and individual performance. We also believe that the payment of a competitive cash bonus is consistent with the compensation practices of other comparable companies.

(c) 401(k) Matching

Executive officers are eligible to participate in our 401(k) plan. We offer all employees a 401(k) plan that, in 2015, allowed for salary deferrals of up to \$18,000 per year (indexed for inflation). We matched up to 3% of an employee's compensation (up to a compensation cap of \$200,000) for plan year 2015 and will match up to 3% of employee compensation (up to a compensation cap of \$200,000) for plan year 2016. Employees make their 401(k) contributions through payroll deductions with pretax dollars. All employees are eligible to participate in the plan immediately upon hiring. The employee's elective deferrals are immediately vested upon contribution to the 401(k) plan, and the employee has sole decision making authority as to the investment of funds. We believe that our 401(k) plan provides a vehicle for our employees to plan for their long-term security and that such a plan ultimately leads to improved job performance. We also believe that our 401(k) plan is consistent with the compensation practices of other comparable companies.

(d) Change-in-Control Program

Except in the case of a change-in-control of Franklin Street Properties, we are not obligated to pay severance or other enhanced benefits to Named Executive Officers upon termination of their employment.

Table of Contents

In February 2006, we adopted a change-in-control program for all our employees, including our executive officers. The program was adopted in response to merger and consolidation activity within the real estate/real estate investment trust industry and is intended to preserve employee morale and productivity and encourage retention in the event of an actual or rumored change-in-control of Franklin Street Properties. The program is also intended to align employee and shareholder interests by enabling employees to consider corporate transactions that are in the best interests of the shareholders and other constituents of Franklin Street Properties without undue concern over whether the transaction or transactions may jeopardize the employee's own employment.

Although there are some differences in payment amounts depending on the employee's job level, the basic elements of the program are comparable for all employees:

- The program consists of two components: a fixed payment pursuant to a retention agreement between the employee and Franklin Street Properties and the potential for an additional discretionary payment pursuant to a discretionary plan.
 - The triggering event for both components is a change-in-control of Franklin Street Properties. A change-in-control of Franklin Street Properties, as defined in the plan, generally refers to a change in ownership or effective control of Franklin Street Properties or a change in ownership of a substantial portion of the assets of Franklin Street Properties.
 - Under the retention agreement component of the program, employees would receive a payment as soon as practicable following the closing of the change-in-control, but in no event more than thirty days following the closing of the change-in-control. Executive officers would receive payments equal to three years of their base salaries plus a bonus opportunity payment equal to three years of their base salaries. For purposes of the retention agreement component of the program, base salary refers to the base salary of the employee in effect at the time of the closing of the change-in-control. Payments under the retention agreements are subject to a possible reduction, if any, after the tax consequences of the payment are determined.
 - Under the discretionary plan component of the program, immediately prior to the closing of the change-in-control, our Board of Directors may (but is not obligated to) establish a discretionary pool of funds equal to 1% of the market capitalization of Franklin Street Properties immediately prior to the closing of the change-in-control less the total amount of payments to all employees under the retention agreement component of the program. Our Board of Directors would have complete discretion to award all, a portion or none of the discretionary plan pool of funds to any employees of Franklin Street Properties, including the executive officers. Payments under the discretionary plan component are subject to a possible reduction, if any, after the tax consequences of the payment are determined.
- Prior to adopting our change-in-control program, management reviewed plans similar to our retention agreement component offered by approximately ten other publicly-traded real estate investment trusts and concluded that our triggering event was generally consistent with the peer group. Management did not review any plans that were comparable to our discretionary plan but concluded that, on balance, the total potential payout amounts under our change-in-control program are generally consistent with the range offered by the peer group.

(e) Awards of Common Stock under our 2002 Stock Incentive Plan

Executive officers are eligible for awards of common stock under our 2002 stock incentive plan. The 2002 stock incentive plan permits our Board of Directors to award up to 2,000,000 shares of our common stock to eligible participants. Prior to our listing on the American Stock Exchange (now the NYSE MKT) in June 2005, our employees were not able to purchase our common stock. We determined that it was necessary and appropriate to be able to compensate our employees with stock awards as a means of attracting, retaining and motivating key personnel and to align the interests of management and all personnel with those of our stockholders. All of our employees, officers and directors are eligible to participate in the plan. There have been no awards of common stock under the 2002 stock incentive plan since we started listing our common stock on a stock exchange in June 2005, as employees are now able to purchase common stock in the open market. As of March 4, 2016, 1,944,428 shares of our Common Stock were available under the plan. Although we have not made any awards under the 2002 stock incentive plan since 2005, we may determine in the future to grant stock awards under the 2002 stock incentive plan or a new stock plan in order to attract, retain, or motivate our executives.

How each compensation element and our decisions regarding that element fit into our overall compensation objectives and affect decisions regarding other elements

Overview

Franklin Street Properties' overall results for 2015 were positive. The Compensation Committee believes that the executive officers of Franklin Street Properties worked diligently during 2015 to execute the Company's initiative to dispose of our smaller, suburban office assets and to replace them with larger, urban infill and central business district office assets located primarily in our top five markets of Atlanta, Dallas, Denver, Houston and Minneapolis. During 2015, we sold four suburban assets that resulted in a \$23.7 million gain on sale and acquired an urban infill office asset in Atlanta for \$78 million. As we execute this strategy, our short term operating results could be adversely impacted. However, once complete, we believe that the transformed portfolio has the potential to provide higher profit and asset value growth over a longer period of time. In fact, 2015 was the first year in the last five that saw a decrease in our total profits, as represented by FFO. For the full year 2015, our FFO totaled approximately \$106.9 million, or \$1.07 per share, a 5% decrease in FFO from the 2014 level of approximately \$112.5 million, or \$1.12 per share. The Company had anticipated this decrease primarily due to the ongoing portfolio transformation initiative. Our actual 2015 FFO of \$1.07 per share was within our initial full year 2015 FFO guidance range of \$1.03 to \$1.08 per share. Based upon its review of the compensation practices of other comparable companies, the Compensation Committee believes that total compensation for the executive officers is within the range of total compensation paid to executive officers with comparable qualifications, experience and responsibilities in the same or similar businesses and of comparable size and success.

(a) Base Salary

In reviewing base salaries for 2015, the members of the Compensation Committee applied the principles described above under "What the compensation programs are designed to reward and how

Table of Contents

we determine the amount (and, where applicable, the formula) for each element to pay.” Based upon the recommendation of the Chief Executive Officer, the Compensation Committee approved annualized base salary increases of approximately 3% for each of the executive officers other than the Chief Executive Officer. The annualized base salary levels for these positions had a similar increase for 2014. The annualized base salary increases were effective on January 25, 2015. With respect to the Chief Executive Officer, the Compensation Committee recommended an increase in annualized base salary from \$225,000 to \$300,000 to our Board of Directors. Our Board of Directors accepted the recommendation of the Compensation Committee and the annualized base salary increase was also effective on January 25, 2015. The Compensation Committee determined this increase was appropriate based in part on the fact that the salary of our Chief Executive Officer had not been increased for approximately twelve years, as the last time that our Chief Executive Officer accepted a base salary increase was on February 1, 2003. Our base salary amounts are generally lower than industry standard levels. Accordingly, compensation of these positions will be weighted proportionately greater towards year-end bonus amounts based upon corporate and individual performance.

(b) Cash Bonus

In awarding cash bonuses for 2015, the members of the Compensation Committee applied the principles described above under “What the compensation programs are designed to reward and how we determine the amount (and, where applicable, the formula) for each element to pay.” Based upon the recommendation of the Chief Executive Officer, on February 5, 2016, the Compensation Committee approved cash bonuses for each of the executive officers other than the Chief Executive Officer in the amounts recommended by the Chief Executive Officer. In making his recommendations, the Chief Executive Officer noted, and the Compensation Committee agreed, that each officer’s area of responsibility and accountability (i.e., business unit) contributed to the Company’s performance during 2015, as a result of each person’s leadership and direction. It was further noted that each of these individuals was considered to be integral to the daily operations of Franklin Street Properties and of great value to Franklin Street Properties and firmly committed to doing what is in the best interests of our stockholders. The Chief Executive Officer also noted, and the Compensation Committee agreed, that each of the executive officers meaningfully contributed to the Company’s portfolio transformation strategy and that the 2015 execution of that plan was positive.

The cash bonus amounts are higher than those paid for 2014, but are generally consistent with prior years. The Compensation Committee believes that the cash bonus amounts properly reflect Franklin Street Properties’ overall financial performance within the industry for 2015 and that, when combined with the base salary amounts, are within the range of total compensation paid to executive officers with comparable qualifications, experience and responsibilities in the same or similar businesses and of comparable size and success. For the year ended December 31, 2015, Franklin Street Properties’ overall results were positive and included: the strategic dispositions and acquisition described above; an increase in net income of approximately \$21.9 million to \$35 million in 2015 compared to \$13.1 million in 2014; maintaining overall occupancy in our portfolio at approximately 91.6%; and the execution of strategic leasing renewals ahead of lease expirations in future periods. In addition, Franklin Street Properties was able to maintain a strong balance sheet throughout 2015, which as of December 31, 2015 included approximately a 46.7% debt to total market capitalization ratio, \$210 million available on our \$500 million revolving line of credit, \$18.1 million in cash, \$935 million of stockholders’ equity and no permanent mortgage indebtedness on any of the properties in our portfolio. The Compensation Committee believes that Franklin Street Properties’ overall and

Table of Contents

relative performance for 2015 is a direct consequence of the dedication and hard work of these individuals and their staffs.

The Compensation Committee also reviewed and evaluated the performance of the Chief Executive Officer during 2015 by applying the principles described above under “What the compensation programs are designed to reward and how we determine the amount (and, where applicable, the formula) for each element to pay.” As previously stated, Franklin Street Properties achieved positive overall results for 2015. The Compensation Committee felt that the combined business units performed well under the leadership, focus and discipline of the Chief Executive Officer. For the reasons discussed above and based upon an evaluation of other more subjective performance measurements, the Compensation Committee determined that Franklin Street Properties had a positive year relative to the broader macroeconomic environment in which we found ourselves and in light of our ongoing portfolio transformation initiative. The Chief Executive Officer’s overall performance in that relative context was considered excellent by the Compensation Committee. However, at the request of the Chief Executive Officer, on February 5, 2016, the Compensation Committee recommended, and our Board of Directors accepted, a reduction to the Chief Executive Officer’s cash bonus from \$500,000 for 2014 performance to \$350,000 for 2015 performance. Although Franklin Street Properties’ results during 2015 were positive, the price of our common stock decreased over the course of the year. The opening price per share on January 2, 2015 was \$12.35 and the closing price per share on December 31, 2015 was \$10.35. Our Chief Executive Officer believes that the Chief Executive Officer has the ultimate responsibility for the stock price and that, as part of that responsibility, the Chief Executive Officer’s compensation should reflect the stock’s relative performance in the marketplace.

(c) 401(k) Matching

There were no proposals made to modify our 401(k) plan program in 2015.

(d) Change-in-Control Program

Because we determined that our change-in-control program continues to satisfy its original intended purpose, there were no proposals made to modify the program in 2015.

(e) Awards of Common Stock under our 2002 Stock Incentive Plan

Because we determined that we were able to adequately compensate the executive officers who make up the corporate management team with salary and cash bonuses in 2015, no common stock awards were made in 2015.

Potential Payments Upon Termination or Change in Control

In February 2006, we adopted a change-in-control program for all our employees, including our executive officers. We adopted the program in response to merger and consolidation activity within the real estate/real estate investment trust industry, to preserve employee morale and productivity and to encourage retention in the event of an actual or rumored change-in-control of the Company. The program is also intended to align employee and shareholder interests by enabling employees to consider corporate transactions that are in the best interests of the shareholders and other constituents of the Company without undue concern over whether the transaction or transactions may jeopardize the employee's own employment. For an overview of our change-in-control program, please refer to the discussion included under the heading "Compensation Discussion and Analysis – Each element of compensation and why we choose to pay each element – (d) Change-in-Control Program."

Assuming that the closing of a change-in-control occurred on December 31, 2015, the last business day of the fiscal year ended December 31, 2015, our Named Executive Officers would be entitled to payment of the following amounts under the retention agreement component of our change-in-control program:

Name and Principal Position	Potential Payment due under the Retention Agreement	
George J. Carter, Chief Executive Officer (PEO)	N/A	(1)
	\$	
John G. Demeritt, Chief Financial Officer and Treasurer (PFO)	1,490,358	(2)
	\$	
Janet P. Notopoulos, Executive Vice President	1,409,184	(2)(3)
	\$	
Scott H. Carter, General Counsel	1,295,964	(2)
	\$	
Jeffrey B. Carter, Chief Investment Officer	1,262,334	(2)
	\$	
TOTAL	5,457,840	

NOTES

- (1) George J. Carter has voluntarily elected not to participate in the retention agreement component of our change-in-control program.
- (2) These are lump-sum payments equal to three years of base salaries plus a bonus opportunity payment equal to three years of base salaries. The payment amounts are subject to a possible reduction, if any, after the tax consequences are determined.
- (3) On February 9, 2016, we announced that, effective at the close of business on May 12, 2016, Ms. Notopoulos would retire from Franklin Street Properties and resign her positions as Executive Vice President and President of FSP Property Management LLC.

Under the discretionary plan component of our change-in-control program, our Board of Directors has the right, but not the obligation, to establish a discretionary pool of funds equal to 1% of our market capitalization immediately

prior to the closing of the change-in-control. On December 31, 2015, there were 100,187,405 shares of our common stock outstanding, and the closing price per share of our common stock was \$10.35. Accordingly, on December 31, 2015, our market capitalization was

Table of Contents

\$1,036,939,641, and 1% of our market capitalization equaled \$10,369,396. This \$10,369,396 amount would then be reduced by the total amount of payments due and payable to all of our employees (including our Named Executive Officers) under the retention agreement component of our change-in-control program. Our Board of Directors would then have complete discretion to award all, a portion or none of the remaining balance to any of our employees, including our Named Executive Officers. As is the case with the retention agreement component of our change-in-control program, any payments under the discretionary plan component are subject to a possible reduction, if any, after the tax consequences are determined.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended December 31, 2015, Ms. Murray (Chair) and Messrs. Burke and Hansen served as members of the Compensation Committee. No executive officer of Franklin Street Properties has served as a director or member of the compensation committee (or other committee serving an equivalent function, or in the absence of any such committee, the entire board of directors) of any other entity that has one of its executive officers serving or having served as a member of our Board of Directors or Compensation Committee.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this proxy statement. Based on this review and these discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015.
