PROXY STATEMENT

This proxy statement is furnished to the shareholders of Peapack-Gladstone Financial Corporation (“Peapack-Gladstone” or the “Company”) in connection with the solicitation by the Board of Directors of Peapack-Gladstone of proxies for use at the Annual Meeting of Shareholders to be held on the first floor of our headquarters building at 500 Hills Drive, Bedminster, New Jersey on Tuesday, April 30, 2019 at 10:00 a.m., local time. This proxy statement is first being made available to shareholders on approximately March 20, 2019.

VOTING INFORMATION

Outstanding Securities and Voting Rights

The record date for determining shareholders entitled to notice of, and to vote at, the meeting is March 6, 2019. Only shareholders of record as of the record date will be entitled to notice of, and to vote at, the meeting.

On the record date 19,349,230 shares of Peapack-Gladstone’s common stock, no par value, were outstanding and eligible to be voted at the meeting. Each share of Peapack-Gladstone’s common stock is entitled to one vote.

Delivery of Proxy Materials

The 2019 notice of annual meeting of shareholders, this proxy statement, the Company’s 2018 annual report on Form 10-K and the proxy card or voting instruction form are referred to as our “proxy materials.” Pursuant to the rules of the Securities and Exchange Commission (the “SEC”), we are furnishing our proxy materials to certain shareholders over the Internet. Most shareholders are receiving by mail a Notice of Internet Availability of Proxy Materials (an “E-Proxy Notice”), which provides general information about the annual meeting, the matters to be voted on at the annual meeting, the website where our proxy statement and annual report are available for review, downloading and printing, and instructions on how to submit proxy votes. The E-Proxy Notice also provides instructions on how to request a paper copy of the proxy materials and how to elect to receive either a paper copy or an electronic copy of the proxy materials for future meetings.

Shareholders that have previously elected to receive proxy materials via electronic delivery will receive an e-mail with the proxy statement, annual report and instructions on how to vote. Shareholders who previously elected to receive paper copies of the proxy materials will receive the proxy statement, annual report and instructions on how to vote by mail or via telephone or the internet.

Householding

When more than one holder of our common stock shares the same address, we may deliver only one E-Proxy Notice or set of proxy materials, as applicable, to that address unless we have received contrary instructions from one or more of those shareholders. Similarly, brokers and other intermediaries holding shares of our common stock in “street name” for more than one beneficial owner with the same address may deliver only one E-Proxy Notice or set of proxy materials, as applicable, to that address if they have received consent from the beneficial owners of the stock.

We will deliver promptly upon written demand or oral request a separate copy of the E-Proxy Notice or set of proxy materials, as applicable, to any shareholder of record at a shared address to which a single copy of those documents was delivered. To receive additional copies, you may write to or call Todd M. Poland, Corporate Secretary of Peapack-Gladstone, 500 Hills Drive, Suite 300, P.O. Box 700, Bedminster, New Jersey 07921 or (908) 443-5386. If your shares are held in "street name," you should contact the broker or other intermediary who holds the shares on your behalf to request an additional copy of the E-Proxy Notice or proxy materials.

If you are a shareholder of record and are either receiving multiple E-Proxy Notices or multiple paper copies of the proxy materials, as applicable, and wish to request future delivery of a single copy or are receiving a single E-Proxy Notice or copy of the proxy materials, as applicable, and wish to request future delivery of multiple copies, please contact Todd M. Poland, Corporate Secretary at the address or telephone number above. If your shares are held in "street name," you should contact the broker or other intermediary who holds the shares on your behalf.

## Required Vote

The presence, in person or by proxy, of a majority of the shares entitled to vote is necessary to constitute a quorum at the meeting. Abstentions and broker non-votes are counted to determine a quorum. A broker non-vote occurs when a broker holding shares for a beneficial holder does not vote on a particular proposal because the broker does not have discretionary power to vote with respect to that item and has not received voting instructions from the beneficial owner.

The election of directors requires the affirmative vote of a plurality of Peapack-Gladstone's common stock voted at the meeting, whether voted in person or by proxy. This means that the nominees receiving the greatest number of votes will be elected. Abstentions and broker non-votes will have no impact on the election of directors.

The approval of each (1) on a non-binding basis, of the compensation of the Company's named executive officers and (2) of the ratification of the appointment of Crowe LLP requires the affirmative vote of a majority of the votes cast at the meeting, whether voted in person or by proxy. Abstentions and broker non-votes will have no impact on the approval of these proposals.

All shares represented by valid proxies received pursuant to this solicitation will be voted as follows, unless the shareholder specifies a different choice by means of the proxy or revokes the proxy prior to the time it is exercised:

• Proposal 1 – FOR the election of the 13 nominees for director;

• Proposal 2 – FOR the approval, on a non-binding basis, of the compensation of the Company's named executive officers; and

• Proposal 3 – FOR the ratification of the appointment of Crowe LLP as the Company's independent registered public accounting firm for the year ending December 31, 2019.

Should any other matter properly come before the meeting, the persons named as proxies will vote upon such matters in their discretion.

## Voting

We are offering you four alternative ways to vote your shares:

**Internet.** If you wish to vote using the Internet, you can access the webpage at [www.envisionreports.com/PGC](http://www.envisionreports.com/PGC) and follow the on-screen instructions or scan the QR code on your E-Proxy Notice or proxy card with your smartphone. Have your proxy card available when you access the webpage.

**Telephone.** If you wish to vote by telephone, call toll free 1-800-652-VOTE(8683) and follow the instructions. Have your proxy card available when you call.

**Mail.** If you wish to vote by mail, please sign your name exactly as it appears on your proxy card, date and mail your proxy card in the envelope provided as soon as possible.

**In Person.** The method by which you vote will not limit your right to vote at the meeting if you decide to attend in person. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy executed in your favor from the holder of record to be able to vote at the meeting. If you submit a proxy and then wish to change or vote in person at the meeting, you will need to revoke the proxy that you have submitted, as described below.

## Revocability of Proxy

Any shareholder giving a proxy has the right to attend and to vote at the meeting in person. A proxy may be revoked prior to the meeting by submitting a later-dated proxy or a written revocation to Todd M. Poland, Corporate Secretary, Peapack-Gladstone, 500 Hills Drive, Suite 300, P.O. Box 700, Bedminster, New Jersey, 07921. A proxy may be revoked at the meeting by filing a later-dated proxy or a written revocation with the Secretary of the meeting prior to the voting of such proxy or by voting in person at the meeting.

#### Solicitation of Proxies

This proxy solicitation is being made by the Board of Peapack-Gladstone and the costs of the solicitation will be borne by Peapack-Gladstone. In addition to the use of the mails, proxies may be solicited personally or by telephone, e-mail or facsimile transmission by directors, officers and employees of Peapack-Gladstone and its subsidiaries or Laurel Hill Advisory Group LLC, a proxy solicitor firm. Directors, officers and employees will not be compensated for such solicitation

activities. Peapack-Gladstone will pay \$5,500 plus certain out of pocket costs to Laurel Hill Advisory Group LLC for its proxy solicitation services. Peapack-Gladstone will also make arrangements with brokers, dealers, nominees, custodians and fiduciaries to forward proxy soliciting materials to the beneficial owners of shares held of record by such persons, and Peapack-Gladstone will reimburse them for their reasonable expenses incurred in forwarding the materials.

#### Annual Meeting Attendance

Only shareholders or their proxy holders and Peapack-Gladstone guests may attend the annual meeting. Please bring your E-Proxy Notice to be admitted to the meeting.

If your shares are held in “street name,” to attend the meeting you must bring to the meeting evidence of your stock ownership indicating that you beneficially owned the shares on the record date and a valid form of photo identification. If you wish to vote at the meeting, you must bring a proxy executed in your favor from the holder of record.

### CORPORATE GOVERNANCE

#### General and Corporate Governance Principles

The business and affairs of Peapack-Gladstone are managed under the direction of the Board of Directors. Members of the Board are kept informed of Peapack-Gladstone’s business through discussions with our President and CEO and Peapack-Gladstone’s other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees. All members of the Board also served as directors of Peapack-Gladstone’s subsidiary bank, Peapack-Gladstone Bank (the “Bank”), during 2018. The Board of Directors of Peapack-Gladstone and Peapack-Gladstone Bank each held 11 meetings during 2018. During 2018, each director of Peapack-Gladstone attended no fewer than 75% of the total number of meetings of Peapack-Gladstone’s Board and meetings of committees on which such director served. It is Peapack-Gladstone’s policy to encourage director attendance at the Annual Meeting absent a compelling reason such as illness. Last year, all but two directors attended the Annual Meeting.

The Board has adopted Corporate Governance Principles, which are intended to provide guidelines for the governance of Peapack-Gladstone, including: the qualification and selection of the Board of Directors and its committees; convening executive sessions of independent directors; the Board of Directors’ interaction with management and third parties; director compensation, orientation and continuing education and the evaluation of the performance of the CEO. The Corporate Governance Principles are available in the Government Documents portion of the Investor Relations section of Peapack-Gladstone’s website located at [www.pgbank.com](http://www.pgbank.com). We periodically review these governance principles, the rules and listing standards of the NASDAQ Stock Market (“NASDAQ”) and SEC regulations.

#### Board Leadership Structure and Role in Risk Oversight

Our Board of Directors is comprised of 13 directors, all of whom are independent directors under applicable NASDAQ rules, except for Douglas L. Kennedy, our Chief Executive Officer. The Company maintains a Risk Committee, which, along with our Board of Directors, is responsible for overseeing the Company’s risk management. Our full Board receives and reviews a company-wide risk assessment annually. While the Risk Committee and the full Board oversee the Company’s risk management, management is responsible for day-to-day risk management processes. We believe this division of responsibilities is an appropriate approach for addressing the risks facing our Company. Our independent directors conduct separate executive sessions to discuss Company affairs on at least a

semi-annual basis and more frequently as necessary. The Chair of the Board, who is independent, presides over these sessions. If in the future our Board Chair is not independent, our bylaws provide for the appointment of an independent lead director.

We believe that having a separate Chair and CEO, independent chairs and membership for each of our Audit, Compensation and Nominating Committees and holding executive sessions of independent directors provides the right form of leadership for our Company. Separating the Chair and CEO positions allows the CEO to better focus on his responsibilities of running the Company, enhancing shareholder growth and better positioning the Company for future growth, while our experienced independent director majority provides oversight of Company operations and provides different perspectives based on the directors' experience, oversight and expertise from outside our Company.

#### Director Independence

The Board has determined that a majority of the directors and all current members of the Nominating, Compensation, and Audit Committees are "independent" in accordance with NASDAQ rules and Peapack-Gladstone's internal independence standards provided in our Corporate Governance Principles. The Board has determined that the members of the Audit Committee are also "independent" for purposes of the heightened standards of independence under NASDAQ rules and Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and that the members of the Compensation Committee are also "independent" for purposes of the heightened standard of independence under the NASDAQ rules. The Board's conclusion follows a review by the Nominating Committee and management of the

responses of the directors and executive officers to questions regarding employment history, transactions with the Bank, affiliations and family and other relationships.

To assist it in making determinations of independence, the Board has concluded that the following relationships are immaterial and that a director whose only relationships with Peapack-Gladstone fall within these categories is independent absent any other relationship that would interfere with the director's exercise of independent judgment in carrying out the responsibilities of a director:

- A loan made by the Bank to a director, his or her immediate family member or an entity affiliated with a director or his or her immediate family member, or a loan personally guaranteed by such persons, if such loan (1) complies with state and federal regulations on insider loans, where applicable; (2) is not classified by the Bank's credit committee or by any bank regulatory agency that supervises the Bank as substandard, doubtful or loss; and (3) is on customary and usual market terms and conditions.
- A deposit, trust, insurance brokerage, securities brokerage or similar customer relationship between Peapack-Gladstone or its subsidiaries and a director, his or her immediate family member or an affiliate of his or her immediate family member if such relationship is on customary and usual market terms and conditions.
- The employment by Peapack-Gladstone or its subsidiaries of any immediate family member of the director if the employee serves below the level of senior vice president.
- Annual contributions by Peapack-Gladstone or its subsidiaries to any charity or non-profit corporation with which a director is affiliated if the contributions do not exceed an aggregate of \$20,000 in any calendar year and the contribution is made in the name of Peapack-Gladstone.
- Purchases of goods or services by Peapack-Gladstone or any of its subsidiaries from a business in which a director or his or her immediate family member is a partner, shareholder or officer, if the director or his or her immediate family member owns five percent or less of the equity interests of that business and does not serve as an executive officer of the business.
- Purchases of goods or services by Peapack-Gladstone, or any of its subsidiaries, from a director of a business in which the director or his or her immediate family member is a partner, shareholder or officer if the annual aggregate purchases of goods or services from the director, his or her immediate family member or such business in the last calendar year does not exceed the greater of \$60,000 or two percent of the gross revenues of the business.
- Fixed retirement benefits paid or payable to a director either currently or on retirement.

The following categories or types of transactions, relationships or arrangements were considered by the Board in determining that each listed director is independent in accordance with the NASDAQ rules and Peapack-Gladstone's Corporate Governance Principles.

The Corporate Secretary will maintain a log of, and copies of, all communications, for inspection and review by the Chair, and will regularly review all such communications with the Chair at the next meeting.

Committees of the Board of Directors

\*\* Mr. Kass will become Chairperson of the Audit Committee and will become a member of the Executive Committee effective April 1, 2019.

#### Audit Committee

The Board of Directors has determined that at least two members of the Audit Committee, Messrs. Consi and Kass, meet the NASDAQ standard of being financially sophisticated. The Board of Directors has also determined that Messrs. Consi and Kass meet the SEC criteria of an “audit committee financial expert.”

The charter provides the Audit Committee the authority and responsibility for the appointment, retention, compensation and oversight of our independent auditors, including pre-approval of all audit and non-audit services to be performed by our independent auditors. Other responsibilities of the Audit Committee include: reviewing the scope and results of the audit with our independent auditors; reviewing with management and our independent auditors Peapack-Gladstone’s interim and year-end operating results including earnings releases; considering the appropriateness of the internal accounting and auditing procedures of Peapack-Gladstone; considering our outside auditors’ independence; reviewing examination reports by bank regulatory agencies; reviewing audit reports prepared by the Internal Audit Department of Peapack-Gladstone; reviewing audit reports prepared by any outside firm that may conduct internal audit functions for Peapack-Gladstone; and reviewing the response of management to those reports. The Audit Committee reports to the full Board pertinent matters coming before it.

#### Compensation Committee

The Compensation Committee recommends to the independent members of the Board the CEO’s compensation, sets specific compensation for executive officers (other than the CEO) and ratifies general compensation levels for all other officers and employees. It also administers our long-term stock incentive plans and makes awards under those plans. The Compensation Committee also recommends Board compensation. In setting compensation levels, the Compensation Committee undertakes a thorough analysis and consideration of overall Company performance, individual job performance, the overall need of the Company to attract, retain and incent executive talent, the total cost of the compensation programs, and peer compensation.

The Compensation Committee has the authority to and responsibility for the appointment, retention, compensation and oversight of compensation consulting and advisory firms as it deems appropriate to its role. In 2018, the Compensation Committee engaged the services of McLagan, an Aon Hewitt Company (“McLagan”), an independent compensation consulting firm specializing in executive compensation, which provided an updated competitive market analysis. McLagan reports directly to the Compensation Committee and carries out its responsibilities to the Compensation Committee in coordination with the Human Resources Department as requested by the Compensation Committee.

#### Nominating Committee

The Nominating Committee reviews the qualifications of and recommends to the Board candidates for election as directors of Peapack-Gladstone and the Bank, recommends committee assignments, and discusses management succession for the Chair and the CEO positions. The Nominating Committee is also charged with reviewing the Board’s adherence to the Corporate Governance Principles and the Code of Business Conduct and Conflict of Interest Policy. The Nominating Committee reviews recommendations from shareholders regarding director candidates and any shareholder proposals. The procedure for submitting recommendations of director candidates is set forth below under the caption “Nomination of Directors.”

#### Risk Committee

The Risk Committee provides oversight and guidance for the Bank’s Enterprise Risk Management initiatives, including risk governance structure, risk management and risk assessment guidelines and policies regarding policies,

procedures and market, credit, operational, liquidity and reputational risks, and the Bank's risk tolerance. Risk assessment and risk management are the responsibility of the Bank's management. The Committee's responsibility in this regard is one of oversight and review.

#### Nomination of Directors

Nominations for director may be made only by the Board of Directors, a committee of the Board or by a shareholder of record entitled to vote. The Board of Directors has established minimum criteria for members of the Board, which include:

- Stock ownership in compliance with the Company's stock ownership guidelines.
- Being respected members of their communities and of high ethical and moral standards and having sound personal finances.
- Not serving on the board of directors of any other bank that serves the same market area as Peapack-Gladstone.

6

---

- An appropriate mix of educational background, professional background and business experience to make a significant contribution to the overall composition of the Board.
- If the Committee deems it applicable, whether the candidate is able to read and understand fundamental financial statements and considered to be financially sophisticated as described in the NASDAQ rules, or considered to be an audit committee financial expert as defined pursuant to the Sarbanes-Oxley Act of 2002.
- Whether the candidate would be considered independent under the NASDAQ rules and the Board's additional independence guidelines set forth in Peapack-Gladstone's Corporate Governance Principles.
- Demonstrated character and reputation, both personal and professional, consistent with that required for a bank director.
- Willingness to apply sound and independent business judgment.
- Ability to work productively with the other members of the Board.
- Availability for the substantial duties and responsibilities of a Peapack-Gladstone director.
- Meets the additional criteria set forth in the Peapack-Gladstone's Corporate Governance Principles.

The Nominating Committee considers diversity of experience, both of the individual under consideration and of the Board as a whole, as a factor in identifying nominees for director. In accordance with the Company's Corporate Governance Principles, in assessing candidates for nomination, the Nominating Committee considers, among other factors, the candidate's independence, diversity, skills and experience in the context of the needs of the Board.

The Nominating Committee has adopted a policy regarding consideration of director candidates recommended by shareholders. Shareholders wishing to submit a director candidate for consideration by the Committee must submit such director candidate recommendations to the Committee, c/o the Corporate Secretary, 500 Hills Drive, Suite 300, P.O. Box 700, Bedminster, New Jersey 07921, in writing, not less than 120 nor more than 150 days prior to the first anniversary date of the prior year's annual meeting. For our annual meeting in 2019, we must have received this notice between December 10, 2018 and January 9, 2019. To ensure that a shareholder wishing to propose a candidate for consideration by the Committee has a significant stake in the Company, to qualify for consideration by the Committee, the shareholder submitting the candidate must demonstrate that he or she has been the beneficial owner of at least 1% of the Company's outstanding shares for a minimum of one year prior to the submission of the request. In addition, the Committee has the right to require any additional background or other information from any director candidate or the recommending shareholder as it may deem appropriate. Shareholders who wish to nominate a director must also follow the requirements in our bylaws. For information regarding shareholder nominations of director candidates, see "Shareholder Proposals" below.

You can obtain a copy of our policy regarding shareholder recommendations for director candidates by writing to Todd M. Poland, Corporate Secretary, Peapack-Gladstone Financial Corporation, 500 Hills Drive, Suite 300, P.O. Box 700, Bedminster, New Jersey 07921.

#### Code of Business Conduct and Conflict of Interest Policy

Peapack-Gladstone has adopted a Code of Business Conduct and Conflict of Interest Policy, which applies to all of Peapack-Gladstone's directors, officers and employees. The Code of Business Conduct and Conflict of Interest Policy is available in the Government Documents portion of the Investor Relations section of Peapack-Gladstone's website located at [www.pgbank.com](http://www.pgbank.com). Peapack-Gladstone will disclose any substantive amendments to or waiver from provisions of the Code of Business Conduct and Conflict of Interest Policy on our website as may be required and within the time period specified under applicable SEC and NASDAQ rules.

#### Stock Ownership Guidelines

In 2018, the Board of Directors updated the Company's Stock Ownership Guidelines. The Stock Ownership Guidelines apply to the Board of Directors, the Chief Executive Officer and the executive officers of the Company and impose the following requirements:

- All new members elected to the Board must own a minimum of \$10,000 in Company stock at the time of his or her appointment;
- Directors must maintain five times the amount of the annual Company Board retainer for service on the Board;
- The Chief Executive Officer must maintain three times his or her base salary in Company stock; and
- Executive officers must maintain one time his or her base salary in Company stock.

Individuals can count shares owned in a Company benefit plan towards the stock ownership requirement. There is no set compliance period to meet the guidelines, with the exception of the minimum ownership requirement applicable to new Board members, which must be met at the time of a new Board member's appointment. However, until the guidelines are achieved, individuals will be required to retain 100% of any net shares received through a Company grant under the 2012 Long-Term Incentive Plan.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF CROWE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2019.

#### Audit Committee Pre-Approval Procedures

The Audit Committee maintains a policy concerning the pre-approval of audit and non-audit services to be provided by the independent registered public accounting firm to Peapack-Gladstone. The policy requires that all services to be performed by Peapack-Gladstone’s independent registered public accounting firm, including audit services, audit-related services and permitted non-audit services, be pre-approved by the Audit Committee. Specific services being provided by the independent registered public accounting firm are regularly reviewed in accordance with the pre-approval policy. At subsequent Audit Committee meetings, the Audit Committee receives updates on the services actually provided by the independent registered public accounting firm, and management may present additional services for approval. All services rendered by Crowe LLP are permissible under applicable laws and regulations. Each new engagement of Crowe LLP in 2018 was approved in advance by the Audit Committee.

#### Audit Committee Report

To the Board of Directors of Peapack-Gladstone Financial Corporation:

The Company’s management is responsible for the Company’s internal control over financial reporting. The Company’s independent registered public accounting firm is responsible for performing an independent audit of the Company’s consolidated financial statements and issuing an opinion on the conformity of those financial statements with U.S. generally accepted accounting principles. The independent registered public accounting firm is also responsible for issuing an opinion on the Company’s internal control over financial reporting based on criteria issued by the Committee on Sponsoring Organizations of the Treadway Commission. The Audit Committee oversees the Company’s internal control over financial reporting on behalf of the Board of Directors.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accounting firm. Management represented to the Audit Committee that the Company’s consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the Company’s independent registered public accounting firm.

We have discussed with the independent auditors the matters required to be discussed by Auditing Standard No. 1301, adopted by the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the Audit Committee concerning independence, and have discussed with the independent accountant the independent accountant’s independence. In concluding that the independent registered public accounting firm is independent, the Audit Committee considered, among other factors, whether the non-audit services provided by the firm were compatible with its independence.

The Audit Committee discussed with the Company’s independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of the Company’s internal control over financial reporting and the overall quality of the Company’s financial reporting process.

In performing these functions, the Audit Committee acts only in an oversight capacity. In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent registered public accounting firm that, in its report, expresses an opinion on the conformity of the Company's financial statements with U.S. generally accepted accounting principles. The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal control over financial reporting designed to ensure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions with management and the independent registered public accounting firm do not ensure that the Company's financial statements are presented in accordance with U.S. generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board (United States) or that the Company's independent registered public accounting firm is "independent."

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the audited financial statements referred to above be included in Peapack-Gladstone's Annual Report on Form 10-K for the year ended December 31, 2018.

## COMPENSATION DISCUSSION AND ANALYSIS

The following is a discussion and analysis of our compensation programs as they apply to our Chief Executive Officer (“CEO”), our Chief Financial Officer (“CFO”), and the other three highest compensated individuals who were serving as executive officers at the end of 2018 (collectively, the “named executive officers”).

Named Executive Officer	Position
Douglas L. Kennedy	President and Chief Executive Officer
Jeffrey J. Carfora	Senior EVP and Chief Financial Officer
Robert A. Plante	EVP and Chief Operating Officer
John P. Babcock	Senior EVP and President- Private Wealth Management
Lisa P. Chalkan	EVP and Chief Credit Officer

## Executive Summary

## 2018 Financial Highlights and Company Performance

The Compensation Committee of the Board of Directors (the “Committee”) believes that the Company, under the leadership and guidance of its CEO and other named executive officers, has been successful in executing its Strategic Plan – “Expanding Our Reach.”

In particular, the Committee noted the following factors, which it believes demonstrated the success of the Company and of the CEO and other named executive officers individually in 2018:

For the year ended December 31, 2018, the Company reflected year over year improvement in profitability as shown in the table below:

(Dollars in millions, except EPS)	2018 as reported(A)	2018 as adjusted(A)	2017	2018 as adjusted vs. 2017	
Pretax income	\$ 57.72	\$ 60.18	\$54.31	\$5.87	11 %
Net income	\$ 44.17	\$ 45.31	\$36.50	\$8.81	24 %
Diluted earnings per share (EPS)	\$ 2.31	\$ 2.37	\$2.03	\$0.34	17 %
Total revenue	\$ 159.36	\$ 160.75	\$145.77	\$14.98	10 %
Return on average assets	1.02 %	1.05 %	0.89 %	0.16 %	18 %
Return on average equity	10.13 %	10.39 %	10.12 %	0.27 %	3 %

(A) The 2018 year as reported included a \$4.39 million loss on sale of multifamily loans; \$3.00 million of life insurance proceeds related to the December 31, 2018 passing of the founder and managing principle of MCM; \$319,000 of severance expense related to the elimination of select positions; a \$405,000 write-down of intangible assets related to MCM; and \$340,000 of professional fees related to investment banking and other fees associated with the Lassus Wherley acquisition. These five items reduced pretax income by \$2.46 million, net income by \$1.14 million, EPS by \$0.06, ROAA by 0.03%, and ROAE by 0.26%. 2018 as adjusted excludes these items.

At December 31, 2018, the market value of AUM/AUA at the Private Wealth Management Division of Peapack-Gladstone Bank (the “Bank”) increased \$319 million to \$5.8 billion from \$5.5 billion at December 31, 2017.

While new business and the Lassus Wherley acquisition accounted for significant growth, negative market action (particularly in the fourth quarter of 2018) offset much of that growth.

Loans at December 31, 2018 totaled \$3.93 billion. This reflected net growth of \$227 million, or 6%, when compared to the \$3.71 billion at December 31, 2017. This loan growth was principally funded by “customer” deposit growth (defined as deposits excluding brokered CDs and brokered “overnight” interest-bearing demand deposits).

Deposits totaled \$3.90 billion at December 31, 2018. This reflected net growth of \$197 million (5%) when compared to \$3.70 billion at December 31, 2017.

•Asset quality metrics continued to be strong at December 31, 2018. Nonperforming assets at December 31, 2018 were \$25.7 million, or 0.56% of total assets. Total loans past due 30 through 89 days and still accruing were \$3.48 million, or 0.09% of total loans at December 31, 2018.

•The Company's and Bank's capital ratios at December 31, 2018 all increased significantly compared to the December 31, 2017 levels. And, such ratios remain well above regulatory well capitalized standards.

#### 2018 Executive Performance Plan Results

Return on average equity	10.39	% 9.95	% 0.44	% 4 %

(A) See table and footnote on prior page for calculation of 2018 as adjusted.

For purposes of the Company's Executive Performance Plan (the "EPP"), Company performance was measured as follows:

- Threshold – 85% of "2018 Budget achievement";
- Target – 100% of "2018 Budget achievement"; and
- Maximum – 110% and above of "2018 Budget achievement."

2018 Budget achievement is based on pretax income, net income and EPS, which when averaged were 3.5% over budget.

After consideration of 2018's results to budget, we considered Company's performance to be at 103.5% of budgeted earnings and to be rated at this level under the Executive Performance Plan, as shown in the table on page 24.

#### Compensation Philosophy and Program Objectives

The fundamental objective of the Company's executive compensation program, the elements of which are summarized in the table below, is to fairly compensate our named executive officers at levels appropriate in our market and grant equity compensation to align the interests of our named executive officers with those of our shareholders. Our compensation program is designed to retain and attract qualified executives and motivate such executives to achieve short- and long-term strategic and operational goals that strengthen our franchise value and ultimately deliver shareholder value. We believe in a pay-for-performance philosophy that appropriately aligns our executives' total compensation with the performance and value of their contributions and the Company's ultimate success.

Element	Purpose	Link to Performance	Fixed/Performance Based
Annual Cash Bonus (STI)	Encourages achievement of short-term strategic and financial performance metrics that create long-term shareholder value	Based on achievement of short-term, pre-defined corporate performance objectives and an assessment of individual performance	Performance Based
Equity (LTI)	Encourages achievement of short-term strategic and financial performance metrics that create long-term shareholder value	In 2018, the Committee adopted a new LTI Plan design intended to further interlace executive pay with Company performance. The grant value was based on prior year performance, while the vesting for the CEO and SEVPs is 50% based on performance of a 3-year EPS growth metric and 50% time-based (25% performance-based and 75% time-based for EVPs)	Performance Based

#### 2018 CEO Compensation Decisions

The Company made the following key decisions regarding Mr. Kennedy's compensation package for 2018:

• **Salary:** After receiving no salary increases between 2012 and 2016, the Company provided an increase in 2017 and an increase in April 2018 to \$695,000. This increase is based on an analysis of Mr. Kennedy's compensation compared to the compensation peer group as well as Mr. Kennedy's and the Company's performance for 2017. Mr. Kennedy did not receive an increase in 2019 related to 2018 performance.

• **Cash Incentive:** The cash incentive was based on Company and individual performance in 2018:

o **2018 Company Performance (75% weighting):** Company performance for 2018 was achieved at 103.5% of budget. Based on the cash incentive plan calculation, 103.5% of budget calculates to the Company performance portion of the cash incentive plan as discussed previously.

o **2018 Individual Performance (25% weighting):** Individual performance for 2018 was rated at the target level. The following includes the significant objectives considered in determining Mr. Kennedy's individual performance, all of which were met or exceeded: continue to expand our wealth business; continue to expand our C&I lending business; continue to enhance the client experience; continue to drive risk management excellence; continue migration to a private banking model; continue to focus on expanding fee based revenue; continue to enhance communications with shareholders; and deliver financial results.

o **2018 Payout:** Based on the Company and individual results outlined above, the cash incentive award calculated and paid to Mr. Kennedy was \$463,913.

o **Change in weighting for 2019 performance and beyond:** For the 2019 performance year and beyond, Mr. Kennedy's cash incentive will be based solely on Company performance (100% weighting).

• **Equity Incentive:** The 2018 long-term incentive award granted to Mr. Kennedy was based on 2017 performance:

o **2017 Company Performance (75% weighting):** Company performance for 2017 was achieved at 118% of budget. Based on the incentive plan calculation, 118% of budget corresponds to a maximum incentive payout.

o **2017 Individual Performance (25% weighting):** Individual performance for 2017 was rated at the maximum level.

o **2018 Grant:** The 2018 grant for Mr. Kennedy was made at the maximum level (165% of salary or \$989,947). The grant was divided into two equal pieces:

50% Performance-Vested: Half of the award will cliff vest based on 3-year EPS growth relative to the compensation peer group.

50% Time-Vested: Half of the award will vest equally over three years.

#### 2019 Compensation Changes

The compensation plans are continually re-assessed to ensure a strong pay for performance link. For 2019, the Committee has made the following decisions regarding the compensation program in order to continue to more strongly align our performance with compensation:

• For the annual incentive plan, the CEO's and CFO's awards will be 100% based on Company performance.

• For the equity incentive, all equity awards to proxy officers will be at least 50% performance vested.

• No salary increases were given to any of the proxy officers for 2019.

## Roles and Decision Process

The Compensation Committee is responsible for establishing and overseeing policies governing annual and long-term compensation programs for our executives, and for determining executive compensation levels in line with our philosophy. Details of the Committee's functions are more fully described in its charter, which has been approved by the Board of Directors and is available on our website. The Chair of the Committee regularly reports on Committee actions at the Company's Board of Directors meetings.

The Committee reviews all compensation components for the Company's CEO and other named executive officers, including base salary, annual cash and equity incentives, benefits and contracts/arrangements.

Although the Committee makes independent determinations on all matters related to compensation of the named executive officers, certain members of management may be requested to attend or provide input to the Committee. The CEO provides advice to the Committee relative to the compensation of the other named executive officers. The CEO is not present for the discussion by the Committee of his compensation. Other senior officers, such as the Head of Human Capital, General Counsel, and/or the CFO may provide information and perspective to the Committee as appropriate and/or as requested. The Committee's independent compensation consultant (McLagan) also provides market data and advice as appropriate. The Committee makes all of its determinations based on an assessment of the Company's performance and individual performance and on data provided by management and its independent compensation consultant.

The Committee has the sole authority to retain, terminate, obtain advice from, oversee and compensate its outside advisors, including its independent compensation consultant. The Committee has determined that it has the funding it needs to retain the advisors necessary to carry out its duties effectively. In 2013, the Committee first retained McLagan as an independent outside compensation consultant. McLagan was retained again for 2018. McLagan's services included peer group development and market benchmarking studies, assisting with the design and subsequent review of the incentive program, and providing insight and best practices with respect to the compensation of our named executive officers as well as the implementation of employment agreements and change in control agreements.

While the Committee seeks independent external perspective, the Committee makes all decisions regarding the compensation of Peapack-Gladstone's named executive officers.

The Committee reviewed its relationship with McLagan and considered McLagan's independence in light of all relevant factors, including those set forth in Rule 10C-1(b)(4)(i) through (vi) under the Securities Exchange Act of 1934 and under the applicable NASDAQ listing rules. The Compensation Committee received a report from McLagan addressing its independence, including the following factors: (1) there were no services provided to the Company, other than compensation related to consulting services provided by McLagan; (2) fees paid by the Company as a percentage of total revenue of AON, McLagan's parent company; (3) policies or procedures maintained by McLagan that are designed to prevent a conflict of interest; (4) any business or personal relationships between the senior advisors of McLagan and a member of the Compensation Committee; (5) any Company stock owned by the

senior advisors of McLagan; and (6) any business or personal relationships between the executives and the senior advisors of McLagan. The Compensation Committee discussed these considerations and concluded that the work performed by McLagan and McLagan's senior advisors involved in the engagements did not raise any conflict of interest.

#### Compensation Review

Understanding the competitive landscape is a key element the Committee considers in making compensation decisions. Each year, the Committee commissions a compensation review by its independent compensation consultant. The purpose of this review is to provide an independent and objective analysis of our total compensation relative to a peer group and industry practices. The Committee utilizes the market data and best practices information for ongoing monitoring of executive pay relative to market practices and to determine executive compensation.

The foundation for the review is data from a peer group of banks. In late 2017, the Committee reviewed benchmarking information provided by McLagan that the Committee used to set 2018 compensation. The peer group for this

study consisted of 18 commercial banks selected by the Committee after considering recommendations from McLagan. The selection criteria generally included: eastern U.S. commercial banks in metro areas with total revenue between \$70 million and \$300 million, non-interest income to total revenue greater than 12.5% or trust and investment revenue greater than \$2 million; and nonperforming assets to total assets less than or equal to 2%. This peer group of 18 banks had median total assets of \$4.5 billion (comparable to the Company's \$4.3 billion at December 31, 2017 and \$4.6 billion at December 31, 2018), and median revenue of \$156 million (comparable to the Company's \$146 million for 2017 and \$159 million for 2018).

The peer group consisted of the following 18 banks:

- |                                  |                                  |
|----------------------------------|----------------------------------|
| • Arrow Financial Corp.          | • First of Long Island Corp.     |
| • Bryn Mawr Bank Corp.           | • Lakeland Bancorp               |
| • Cambridge Bancorp              | • Peoples Financial Services     |
| • Century Bancorp Inc.           | • Republic First Bancorp Inc.    |
| • Chemung Financial Corp.        | • Sandy Spring Bancorp Inc.      |
| • Customers Bancorp Inc.         | • Tompkins Financial Corporation |
| • Dime Community Bancshares Inc. | • TriState Capital Holdings Inc. |
| • Eagle Bancorp Inc              | • Univest Corp. of Pennsylvania  |
| • Enterprise Bancorp Inc.        | • Washington Trust Bancorp Inc.  |

The Committee uses competitive compensation data from the annual total compensation study of peer companies to inform its decisions about overall compensation opportunities and specific compensation elements. Additionally, the Committee uses multiple reference points when establishing targeted compensation levels. The Committee does not benchmark specific compensation elements or total compensation to any specific percentile relative to the peer companies or the broader U.S. market. Instead, the Committee applies judgment and discretion in establishing targeted pay levels, taking into account not only competitive market data, but also factors such as Company, business and individual performance, scope of responsibility, critical needs and skill sets, leadership potential and succession planning.

#### Say on Pay Consideration

The Committee also considers feedback from our shareholders in making compensation determinations. At the 2018 Annual Meeting, over 89% of votes cast were in favor of the say-on-pay proposal. We view this as a positive endorsement of pay practice. Notwithstanding this strong support, we continue to monitor our pay alignment and seek ways to improve our compensation program. As a result, the Committee has decided to restructure the long-term incentive plan for 2019 and beyond to provide for a greater percentage of awards, the vesting of which is linked to the performance of the Company. More detail on the specifics of that plan can be found in the Executive Performance Plans section below.

#### Elements of Compensation and Decisions

We target our total compensation in a way that is fair and appropriate considering market conditions, peer group comparisons, Company performance, individual performance, as well as our long-term strategic goals. We believe our compensation policies and practices appropriately balance risk against our desire to award competitive compensation and are unlikely to have an adverse effect on our Company. The elements of our compensation include base salary and short-term incentive awards, long-term incentive awards and long-term strategic plan awards under our EPP as highlighted below.

## Base Salary

Our named executive officers' base salaries are set to reflect a combination of factors, including but not limited to, level of responsibility, being competitive in the market, experience, skill-set, and individual performance, as well as the Company's compensation philosophy and overall performance. We design our base salaries in significant part to retain and attract talented executives who can help drive long-term shareholder value. We believe we must keep our base salaries competitive, within the context of our compensation culture, or risk losing executive talent because the markets in which we operate present current and potential executives with higher-paying alternatives. Given our rapid revenue and asset growth, the market analysis showed our executives significantly behind our desired positioning relative to the peer group. Based on such market analysis, along with individual and Company performance, including the named executive officer's performance, leadership, operational effectiveness and experience in the industry, we made significant adjustments to our named executive officer's salaries in 2018.

The following summarizes the 2017 and 2018 salaries for the Company's named executive officers:

Named Executive Officer	2017	2018	Increase	
	Base	Base		
	Salary	Salary		
	Rate	Rate		
Douglas L. Kennedy				
President and Chief Executive Officer Jeffrey J. Carfora	\$600,000	\$695,000	16	%
Senior EVP and Chief Financial Officer Robert A. Plante	\$316,000	\$376,000	19	%
EVP, Chief Operating Officer John P. Babcock	\$300,000	\$365,000	22	%
Senior EVP, President- Private Wealth Management Lisa P. Chalkan	\$500,000	\$545,000	9	%
EVP Chief Credit Officer	\$270,000	\$325,000	20	%

The increases in 2018 were based upon peer group data, as well as performance in 2017. There were no salary increases in 2019 relative to 2018 performance.

#### Executive Performance Plans

The EPP consisted of the following two components, as previously described:

- Short-term incentive awards ("STI Awards") that provided an annual cash incentive opportunity based on achievement of pre-defined Company and individual performance goals;
- Long-term incentive awards ("LTI Awards") that provided annual restricted stock awards, with three-year vesting, with vesting partially performance-based and partially time-based.

The amount of STI Awards and LTI Awards earned by each named executive officer is dependent on the achievement of both Company goals and individual goals. The following chart depicts the potential for awards granted to each named executive officer under the EPP. The percentages referenced in the chart with respect to the STI Awards (Cash) and LTI Awards (Restricted Stock) refer to percentages of base salary.

For the 2019 performance year and beyond, Messrs. Kennedy’s and Carfora’s goals and objectives weighting will be 100% Company, and for Mr. Plante, Mr. Babcock, and Ms. Chalkan will be 75% Company and 25% individual.

In formulating the EPP, the Committee also considered internal policies and relevant guidance from bank regulatory authorities that direct the Committee to ensure that compensation incentive programs do not jeopardize the safety and soundness of the Company or the Bank. To that end, the Committee believes that the EPP and the Company’s other incentive compensation policies:

- appropriately balance risk and reward;
- are compatible with effective controls and procedures; and
- are supported by strong corporate governance, including active oversight by the Committee.

The Committee has the absolute discretion to make awards that are less than or greater than awards calculated by the EPP. The Committee also may change, modify or discontinue the EPP at any time, including during the course of a particular year. The Committee may take into account the following factors:

- the safety and soundness of the Company;
- unexpected events that occur during the year;
- the Company’s performance relative to its peer group;
- regulatory changes; and
- extraordinary efforts in achieving financial and/or non-financial, but important strategic goals.

While the Committee had the discretion to modify awards, this discretion was not utilized and is not expected to be utilized with the exception of extraordinary circumstances.

#### Short Term Incentive Awards - Company Performance Calculation

The following table shows the income targets at various levels compared to the actual performance of the Company and the corresponding Company performance achievement as it relates to payouts for the annual STI (cash) awards in the EPP.

	Threshold (85% of Budget)	Target 2018 Budget	Max (110% of Budget)	2018 as adjusted (A)	Company Performance - 2018 as adjusted as % of Budget

				Average	103.5%	

(A) See explanation on page 16.

As noted previously, the Committee concluded Company performance was achieved at 103.5% of budget level for 2018, as calculated and at the weighting related to Company performance (Messrs. Kennedy's and Carfora's goals and objectives weighting was 75% Company and for the other three named executive officers was 50%).

After reviewing these measures, the Committee concluded Company performance was achieved at 103.5% of budget level for 2018, as calculated. Based on the table below, the 2018 actual company performance result equated to a 115% of target payout for the executives.

#### Short Term Incentive Awards (Cash)

We paid short-term incentive awards (cash) to our named executive officers based on 2018 Company performance and 2018 individual performance. As described previously, Company performance for 2018 was 103.5% of budget. Individual 2018 performance was rated at the target level for the CEO and for the CFO and at maximum for each of the other three named executive officers that received an award. The individual performance of the four named executive officers was determined by the CEO and the Compensation Committee (solely the Compensation Committee in the case of the CEO). Among other things, the CEO considered performance relative to: specifics relative to each individual's responsibilities as included in the budget, wherever applicable; specifics relative to each individual's responsibilities as included in prior year results, wherever applicable; and various goals and targets previously set by the CEO and the individual at the beginning of the fiscal year, including personal accountability for critical performance with respect to standard banking industry company metrics, such as deposit growth, loan growth, credit quality, efficiency ratio, and other such goals. The use of individual goals represents the clear assignment by the Compensation Committee of direct personal accountability for specific financial, organizational, operational and

risk management objectives, the attainment of which contribute significantly to the Company's performance. We believe the assignment of personal accountability in the form of individual goals has strengthened the effectiveness of our executive compensation program and has a positive impact on the performance of our named executive officers.

The Committee awarded the short-term incentives (STI) (cash) detailed below.

Named Executive Officer	Company Weighting Company Performance as % of Budget	Individual Weighting Individual Performance Rating	Company Weighted STI	Individual Weighted STI	Total STI		Base Salary	% of Target

Long Term Incentive Awards (Restricted Stock)

In 2017, the Committee approved an amended long-term portion of the EPP, which took effect in 2018. The new LTI plan is split between performance-vested and time-vested shares. The LTI portion of the plan provides annual restricted stock awards, with the shares or units granted anywhere from a threshold amount to a maximum amount, considering Company as well as individual performance. The performance-based shares will vest at the conclusion of a three-year period provided that certain EPS growth targets relative to the compensation peer group have been achieved. The time-based shares vest over these years ratably. This grant is intended to motivate executives to focus on the achievement of the Company's high-performing long-term strategic planning goals and to further align Company executives with shareholders.

LTI Plan	% of Grant		Performance Metric	Vesting Length	Vesting Type	Grant Value Determination	# of shares vested
	CEO & SEVPs	EVPs					
Time-Vested Shares	50%	75%	n/a	3 years	Ratable	Granted based on prior year's performance	100% of shares granted
							Threshold
							Target 50 <sup>th</sup>
							Maximum
Performance-Vested Shares	50%	25%	3-yr relative EPS Growth	3 years	Cliff	Granted based on prior year's performance	25 <sup>th</sup> percentile of peer EPS growth = approximately 55% of grant
							percentile of peer EPS growth = 100% of grant
							75 <sup>th</sup> percentile of peer EPS growth = approximately 165% of grant

Our long-term incentive awards are designed to focus our executives on long-term performance and shareholder value. We granted long-term incentive awards to Messrs. Kennedy, Carfora, Plante, Babcock, and Ms. Chalkan in March 2018. The grant values were based on 2017 Company performance and 2017 individual performance. Company performance for 2017 was at the maximum level. Individual performance was rated at the maximum for 2017. The individual performance of those other four named executive officers was determined by the CEO and agreed to by the Compensation Committee. Among other things, the CEO considered performance relative to: specifics relative to each individual's responsibilities as included in the budget, wherever applicable; specifics relative to each individual's responsibilities as included in prior year results, wherever applicable; and various goals and targets previously set by the CEO and the individual at the beginning of the fiscal year, including personal accountability for critical performance with respect to standard banking industry company metrics, such as deposit growth, loan growth, credit quality, efficiency ratio, and other such goals. The use of individual goals represents the clear assignment by the Compensation Committee of direct personal accountability for specific financial, organizational, operational and risk management objectives, the attainment of which contribute significantly to the Company's performance.

The following table shows the income targets at various levels compared to the actual 2017 performance of the Company and the corresponding Company performance achievement as it relates to payouts for the annual LTI (restricted stock) awards.

	Threshold	2017	Target	Max	Company Performance

Net Income (in millions)	\$25.41	\$29.89	\$32.88	\$36.50	122%
				Average	118% (= Max)

The Committee concluded Company performance was achieved at maximum for 2017, as calculated. The following table shows how the grant value for the 2018 LTI award was calculated for each officer based on 2017 performance.

#### Deferred Compensation Retention Award

In 2017, Peapack instituted a retention tool for three of the NEOs (Mr. Kennedy, Mr. Carfora and Mr. Babcock). The Deferred Compensation Retention Award (“DCRA”) is a cash-based retention award with contributions made to the plan over a five-year period. Beginning with the third quarter of 2017, quarterly contributions of \$50,000 for Mr. Kennedy and \$25,000 for Messrs. Carfora and Babcock will be made assuming the executive is employed and the Company has generated

EPS of at least 60% of budget for the previous 12 months. Vesting occurs ratably over three years. The account balance receives interest crediting based on the Wall Street Journal prime rate, provided that the rate shall not exceed 7.5%.

	2018
Named Executive Officer	Contribution
Douglas L. Kennedy	
President and Chief Executive Officer	\$ 200,000
Jeffrey J. Carfora	
Senior EVP and Chief Financial Officer	\$ 100,000
Robert A. Plante	
EVP and Chief Operating Officer	\$ -
John P. Babcock	
President of Private Wealth Management	\$ 100,000
Lisa P. Chalkan	
EVP and Chief Credit Officer	\$ -

The Committee determined a retention award based in cash instead of stock was appropriate because of the substantial stock ownership of the top executives. The current equity ownership of these executives is well in excess of the Company's ownership guidelines.

#### Benefits/Other Compensation

The Company provides bank-sponsored insurance and retirement benefit plans for our named executive officers. The benefit packages are designed to assist named executive officers in providing for their financial security.

The Company provides retirement benefits to named executive officers through a combination of plans that are qualified and nonqualified under the Internal Revenue Code of 1986, as amended (the "Code"). The Company has established a qualified defined contribution plan under Section 401(k) of the Code, covering substantially all salaried employees over the age of 21 with at least twelve months of service and whose participation is not prohibited by the 401(k) Plan. Under the savings portion of the 401(k) Plan, employees may contribute up to 15% of their base pay (up to a maximum of \$18,000 in 2018). Annually, the Company makes a matching contribution equal to 50% of the first 6% of an employee's salary, plus up to an additional 3% employer contribution for all employees, on a discretionary basis. The Committee believes that employees require 401(k) plans, and that to attract and retain able employees the Company must offer these benefits to its employees, including its named executive officers.

The named executive officers receive the same employer-provided health and welfare insurance available to all full-time employees, which includes health, dental, vision, disability and basic group life insurance.

The Company has also purchased bank-owned life insurance and entered into a split-dollar plan with the named executive officers and certain other employees to provide current and post-employment life insurance in an amount that ranges from \$25,000 to 2.5 times the participant's annual base salary. A life insurance benefit of 2.5 times a named executive officer's annual base salary vests if prior to the termination of employment there is a change in control or the named executive officer becomes disabled. A benefit of 2.5 times the named executive officer's salary is paid if the participant dies while employed by the Company. Named executive officers are also entitled to a vested post-employment life insurance benefit based on years of service and age as of the date of termination of employment. This vested benefit ranges from a minimum of 1.0 times base annual salary at age 50 to a maximum of 2.5 times annual base salary at age 60, in each case after completion of 15 years of service. There is a minimum benefit of \$25,000 if the participant does not reach the vesting levels. Bank-owned life insurance assists the Company in offsetting the rising costs of employee benefits by providing the Company with current income prior to the death of an insured, and a lump-sum payment upon the death of an insured. The Company owns the cash surrender value of the policies and records the increases in the cash surrender value as income. Upon the death of an insured the Company will receive cash equal to the cash surrender value of the policy and excess life insurance over the amount paid to the insured's beneficiary. The Committee believes that bank-owned life insurance is primarily a good investment for the Company, and secondarily a supplementary life insurance benefit for many of our officers, including our named executive officers.

#### Change in Control Agreements

We maintain individual change in control agreements with Mr. Kennedy, Mr. Carfora, Mr. Plante, Mr. Babcock and Ms. Chalkan. The agreements each provide for the employment of the named executive officer for a Contract Period (defined

in the table below) commencing on the day prior to a change in control (as defined in the agreement). During the Contract Period, the executives will each be provided with (1) the same base salary that existed prior to the change in control, (2) an opportunity for a bonus equal to at least the bonus opportunity in effect immediately prior to the change in control, and (3) benefits and perquisites at levels generally available to the executive prior to the change in control. If, during the Contract Period, the executive resigns for good reason (as defined in the agreement) or is terminated other than for cause (as defined in the agreement) he/she will be entitled to a lump-sum payment equal to the multiple defined in the table below times his/her then base salary and the greater of his/her average bonus amount for the three preceding fiscal years or the bonus paid during the most recent fiscal year. Each named executive officer will also be entitled to receive payments from the Company equal to the costs to continue health insurance coverage for a period defined in the table below following termination of employment. In the event that the total benefits payable under the agreements and other arrangements following a change in control would require the executive to pay an excise tax under the Code, then the total payments paid to the executive will be the greater of (1) a reduced payment equal to the amount that would not result in the payment of an excess parachute payment under Section 280G of the Internal Revenue Code and an excise tax by the executive under the Code, and (2) a payment equal to the greatest after tax amount payable to the executive after taking into account any excise tax imposed under the Code. The agreements also prohibit the executives from competing against the Company and soliciting the Company's customers and employees for a one-year period following termination of employment. The Committee feels these agreements are necessary to encourage our named executive officers to approach an advantageous merger or acquisition transaction without regard to immediate loss of salary and benefits. The Committee also believes that, given the high degree of consolidation within the banking business, these agreements are necessary to retain and attract talented named executive officers.

#### Employment Contracts

We are also a party to employment agreements that give the named executive officers certain benefits. These agreements provide, among other things, for eligibility with Messrs. Kennedy, Carfora and Babcock for (1) participation during the employment term in all compensation and employee benefits plans for which any salaried employees of the Company are eligible, (2) an annual base salary and (3) bonus payments with respect to each calendar year within the Committee's discretion. Under these agreements, if a named executive officer's employment is terminated without cause (at any time preceding the date prior to a change in control), the Company shall pay the executive's base salary for two years from the effective date of such termination. In the event that the Company terminates a named executive officer's employment for cause or in the event of the named executive officer's retirement, permanent disability or death, the Company shall pay the named executive officer any earned but unpaid base salary as of the date of termination of employment. The employment agreements also include certain non-compete and non-solicitation provisions. The Committee believes the employment agreements, which are customary in the Company's competitive market, are important in order to retain and attract talented senior executives.

#### Income Tax Considerations

Under 162(m) of the Internal Revenue Code, as amended by the Tax Cuts and Jobs Act (the "Tax Act") on December 22, 2017, publicly-held corporations are subject to limits on the deductibility of executive compensation. Deductible compensation is limited to \$1 million per year for each covered employee, defined as the publicly-held corporation's principal executive officer, principal financial officer and three additional highest compensated officers during any taxable year of the corporation beginning after December 31, 2016. The Tax Act provides "grandfathered" treatment for

certain compensation in excess of the \$1 million deductibility limitation, including compensation that is “qualified performance-based compensation” within the meaning of Section 162(m) prior to the Tax Act, if payable pursuant to a written binding contract in effect as of November 2, 2017 that is not modified in any material respect thereafter.

In 2018 and in prior years, the Committee monitored the effect of Section 162(m) on the deductibility of the Company’s compensation. The Committee weighed the benefits of full deductibility with the other objectives of the executive compensation program and, accordingly, may have paid compensation subject to the deductibility limitations of Section 162(m). A number of requirements must be met for particular compensation to qualify for tax deductibility under Section 162(m), so there can be no assurance that the incentive compensation awarded will be fully deductible in all circumstances.

The Committee has historically attempted to structure its compensation arrangements to achieve deductibility under Section 162(m), unless the benefit of such deductibility is considered by the Committee to be outweighed by the need for flexibility or the attainment of other objectives. As was the case prior to the enactment of the Tax Act, the Committee will continue to monitor issues concerning the deductibility of executive compensation. Since corporate objectives may not always be consistent with the requirements for tax deductibility, the Committee is prepared, when it deems appropriate, to enter into compensation arrangements under which payments will not be deductible under Section 162(m). Thus, deductibility will be one of many factors considered by the Committee in designing our executive compensation program.

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis and based on such review and discussions the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in Peapack-Gladstone’s Annual Report on Form 10-K and the Proxy Statement.

## Option Exercises and Stock Vested

The following table represents the vesting of restricted stock during 2018. There were no stock options exercised by any named executive officers in 2018.

(1) The value realized upon vesting is equal to the closing market price of the Company's common stock on the date of vesting multiplied by the number of shares acquired. In each case, the amount reported is the aggregate of shares vesting from more than one grant of restricted stock.

## CEO Pay Ratio

As required by Item 402(u) of SEC Regulation S-K, we are providing the following information:

For fiscal 2018, our last completed fiscal year:

The median of the annual total compensation of all employees of our Company was \$60,703; and The annual total compensation of Mr. Kennedy, our Chief Executive Officer, was \$2,353,561. Based on this information, the ratio for 2018 of the annual total compensation of our Chief Executive Officer to the median of the annual total compensation of all employees is 39 to 1.

We completed the following steps to identify the median of the annual total compensation of all our employees and to determine the annual total compensation of our median employee and CEO:

1. As of December 31, 2018, our employee population consisted of approximately 528 individuals, including any full-time, part-time, temporary, or seasonal employees employed on that date.
2. To find the median of the annual total compensation of all our employees, we used wages from our payroll records as reported to the Internal Revenue Service on Form W-2 for 2018. In making this determination, we annualized the compensation of full-time and part-time permanent employees who were employed on December 31, 2018, but did not work for us the entire year. No full-time equivalent adjustments were made for part-time employees.

3. We identified a median cohort of seven employees using this compensation measure and methodology. For the median cohort, we added together all of the elements of such employees' compensation for 2018 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K.
4. Based on the total compensation calculation outlined in Step 3, we selected the employee within the median cohort with the median total compensation.
5. With respect to the annual total compensation of our CEO, we used the amount reported in the "Total" column of our 2018 Summary Compensation Table.

Potential Payments Upon Termination or Change in Control

Peapack-Gladstone and the Bank have entered into employment agreements with the named executive officers, which set forth the terms of employment of the officers and provide for benefits in the event of termination without "cause."

Peapack-Gladstone and the Bank have also entered into change in control agreements with the named executive officers, each of which provide for benefits in the event a termination without “cause” or for “good reason” during a specified period following a merger or acquisition of Peapack-Gladstone. A detailed description of the employment agreements and change-in-control agreements may be found in the Compensation Discussion and Analysis section of this proxy under “Employment Contracts” and “Change in Control Agreements.”

The following table shows the potential payments under each named executive officer’s change-in-control or employment agreement if he or she had terminated employment with the Company effective December 31, 2018, under each of the following retirement or termination circumstances: (1) death or disability; (2) voluntary resignation or dismissal for cause; (3) retirement; (4) dismissal without cause; and (5) dismissal without cause or resignation for good reason following a change-in-control of Peapack-Gladstone. These payments are considered estimates as they contain some assumptions regarding stock price, life expectancy, salary and non-incentive compensation amounts and income tax rates and laws.
