Item 8.01 Other Events.

Issuance of New 5.875% Senior Notes due 2025

On December 8, 2017, Platform completed a private offering of \$250 million aggregate principal amount of 5.875% senior notes due 2025 (the "New Notes"). The New Notes were issued as additional notes under a certain indenture dated as of November 24, 2017 among Platform, the guarantors named therein and Computershare Trust Company, N.A., as Trustee (the "Indenture"), which is the same indenture pursuant to which Platform's \$550 million aggregate principal amount of 5.875% senior notes due 2025 were issued on November 24, 2017 (the "Existing Notes"). Accordingly, the New Notes have the same terms as, and are fungible and form a single series with, the Existing Notes, except for the issue date and the issue price.

A summary description of the Existing Notes and the Indenture was previously included in Platform's Current Report on Form 8-K filed with the Securities and Exchange Commission on November 27, 2017, and is incorporated by reference herein.

Cash Tender Offer and Redemption

On December 8, 2017, Platform issued a press release announcing the final tender results of its previously announced cash tender offer (the "Tender Offer") and related consent solicitation (the "Consent Solicitation") for any and all of its outstanding \$500,000,000 aggregate principal amount of 10.375% senior notes due 2021, issued on November 10, 2015 (the "2021 Notes"). The Tender Offer expired at midnight, New York City time, at the end of December 7, 2017 (the "Expiration Time").

As previously announced, holders of 2021 Notes had previously validly tendered a total of \$332,358,000 aggregate principal amount of 2021 Notes, or 66.47% of the total outstanding 2021 Notes, at or prior to 5:00 p.m., New York City time, on November 22, 2017, pursuant to the Tender Offer. As a result, Platform received the requisite consents in the Consent Solicitation to adopt amendments to the indenture governing the 2021 Notes (the "2021 Indenture") to, among other things, eliminate substantially all of the restrictive covenants and certain events of default contained in the 2021 Indenture.

At the Expiration Time of the Tender Offer, holders of no additional Notes had validly tendered their Notes after the Early Tender Time.

As previously announced, Platform issued a conditional notice of redemption of all outstanding 2021 Notes (the "Redemption") at the redemption price of 100% of the principal amount thereof plus the Applicable Premium (as defined in, and determined in

accordance with, the 2021 Indenture), plus accrued and unpaid interest, if any, to, but not including, the redemption date. As a result of the completed Redemption, the remaining \$167,642,000 aggregate principal amount of 2021 Notes not tendered in the Tender Offer were redeemed pursuant to the Redemption on December 8, 2017.

A copy of the press release announcing the final tender results and completion of the Redemption is attached to this Current Report on Form 8-K as Exhibit 99.2 and is incorporated by reference herein.
