PROXY STATEMENT

FOR THE 2017 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD MONDAY, FEBRUARY 27, 2017

These proxy materials are furnished in connection with the solicitation by the Board of Directors (the "Board" with individual members of the Board being referred to herein as a "director") of Great Western Bancorp, Inc., a Delaware corporation ("the Company"), of proxies to be voted at the 2017 Annual Meeting of Stockholders of the Company and at any adjournment of such meeting (the "Annual Meeting"). In accordance with rules and regulations of the Securities and Exchange Commission (the "SEC"), instead of mailing a printed copy of our proxy materials to each stockholder of record, we furnish proxy materials, which include this Proxy Statement (this "Proxy Statement"), and the accompanying proxy card, Notice of Annual Meeting, and Annual Report on Form 10-K for fiscal year ended September 30, 2016, to our stockholders by making such materials available on the Internet unless otherwise instructed by the stockholder. If you received a Notice of Internet Availability of Proxy Materials (the "Notice") by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice, which is first being mailed to stockholders on or about January 13, 2017. The Notice will also contain instructions for accessing our proxy materials on the Internet.

In connection with our initial public offering in October 2014 (the "Offering"), Great Western Bancorp, Inc. merged with Great Western Bancorporation, Inc., an Iowa corporation ("GWBI"), with Great Western Bancorp, Inc. continuing as the surviving corporation and succeeding to the business of GWBI. When used in this Proxy Statement, the terms "Great Western," "GWB," "we," "our," "us" and the "Company" refer, prior to the completion of the merger, to GWBI and, following the completion of the merger, to Great Western Bancorp, Inc. In addition, the term "our Bank" refers to Great Western Bank, a South Dakota banking corporation and our wholly owned subsidiary as a result of our merger with GWBI, and the term "fiscal year" refers to our fiscal year, which is based on a twelve-month period ending September 30 of each year (e.g., fiscal year 2016 refers to the twelve-month period ending September 30, 2016).

ABOUT THE MEETING

When and where is the Annual Meeting?

The Annual Meeting will be held on Monday, February 27, 2017 at 9:00 a.m. Mountain Standard Time, at the Hyatt Regency Scottsdale Resort & Spa at Gainey Ranch, 7500 East Doubletree Ranch Road, Scottsdale, Arizona.

What is the purpose of the Annual Meeting?

At the Annual Meeting, stockholders will act upon the matters described in the Notice of Annual Meeting that accompanies this Proxy Statement, including (i) the election of three (3) nominees for director named in this Proxy Statement; (ii) the approval, on an advisory (non-binding) basis, of the Company's executive compensation as described in this Proxy Statement; (iii) consideration of an advisory (non-binding) proposal to determine whether future stockholder advisory votes to approve executive compensation should occur every one (1), two (2) or three (3) years and (iv) the ratification of the Audit Committee's appointment of Ernst & Young LLP as Great Western's independent registered public accounting firm for fiscal year 2017.

Who may vote at the Annual Meeting?

Only record holders of our common stock, par value \$0.01 per share ("Common Stock"), as of the close of business on January 6, 2017 (the "Record Date"), will be entitled to vote at the Annual meeting. On the Record Date, the Company had outstanding 58,755,989 shares of Common Stock. Each outstanding share of Common Stock entitles the holder to one vote.

What constitutes a quorum?

The Annual Meeting will be held only if a quorum is present. A quorum will be present if a majority of the shares of Common Stock outstanding on the Record Date are represented, in person or by proxy, at the Annual Meeting. Shares represented by properly completed proxy cards either marked "abstain" or "withhold," or returned without voting instructions, are counted as present for the purpose of determining whether a quorum is present at the Annual Meeting. Also, if shares are represented by properly completed proxy cards, but are held by brokers who are prohibited from exercising discretionary authority for beneficial owners who have not

given voting instructions (“broker non-votes”), those shares will be counted as present for the purpose of determining whether a quorum is present at the Annual Meeting.

How do I submit my vote?

If you are a stockholder of record, you can vote by:

- attending the Annual Meeting and voting by ballot;
- signing, dating and mailing in your proxy card which may be obtained by calling 1-866-641-4276 or by emailing investorvote@computershare.com;
- using your telephone, according to the instructions on the Notice or proxy card; or
- visiting <http://www.investorvote.com/GWBI> and then following the instructions on the screen.

The deadline for voting by telephone or on the Internet is 1:00 a.m. Central Time on February 27, 2017.

How are votes counted?

Proposal 1: Election of Directors

A plurality of the votes cast for their election is required for the election of each of the three (3) nominees for director. This means that the three (3) nominees receiving the highest number of votes will be elected regardless of whether the number of votes received by any such nominee constitutes a majority of the number of votes cast. Abstentions, votes to withhold and broker non-votes will not be counted for purposes of this proposal and will not affect the result of the vote.

Proposal 2: Approval of an Advisory (Non-Binding) Proposal Approving the Company's Fiscal Year 2016 Executive Compensation as described in this Proxy Statement

The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on Proposal 2 is required for the approval of the advisory (non-binding) proposal on the Company's fiscal year 2016 executive compensation as described in this Proxy Statement. Abstentions will have the same effect as a vote against the proposal. Broker non-votes will have no effect on the outcome of this proposal.

Proposal 3: Advisory Approval of an Advisory (Non-Binding) Proposal With Respect to the Frequency of Future Stockholder Votes on the Compensation of Our Named Executive Officers

The highest number of votes cast by stockholders in person or represented by proxy and entitled to vote on Proposal 3 for the one (1), two (2) or three (3) year option will be considered by the Company as the stockholders' recommendation as to the frequency of future advisory votes to approve the Company's executive compensation. Neither abstentions nor broker non-votes have an effect on the frequency that is selected by the stockholders.

Proposal 4: Ratification of the Appointment of Ernst & Young LLP

The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on Proposal 4 is required for the ratification of the appointment of our independent registered public accounting firm. Abstentions will have the effect of voting against this proposal.

What do I do if I hold my shares through a broker, bank or other nominee?

If you hold your shares through a broker, bank or other nominee, that institution will instruct you as to how your shares may be voted by proxy, including whether telephone or Internet voting options are available. If you hold your shares through a broker, bank or other nominee and would like to vote in person at the Annual Meeting, you must first obtain a copy of the voting instruction card provided by your broker, bank or nominee or a copy of a brokerage statement showing your ownership of shares as of January 6, 2017.

Can I change or revoke my vote after I return my proxy card?

Yes. If you are a stockholder of record, you may change your vote by:

- voting in person by ballot at the Annual Meeting;
- returning a later-dated proxy card;
- entering a new vote by telephone or on the Internet (prior to 1:00 a.m. Central Time on February 27, 2017); or
- delivering written notice of revocation to the Company's Corporate Secretary by mail at 225 S. Main Ave., Sioux Falls, South Dakota 57104.

If you vote other than by phone or Internet, you may change your vote at any time before the actual vote takes place at the Annual Meeting. If you vote by phone or Internet, you may change your vote if you do so prior to 1:00 a.m. Central Time on February 27, 2017. If you hold your shares through a broker, bank or other nominee, that institution will instruct you as to how your vote may be changed.

Who will count the votes?

The Company's tabulator, Computershare, will count the votes.

Will my vote be kept confidential?

Yes. As a matter of policy, stockholder proxies, ballots and tabulations that identify individual stockholders are kept secret and are available only to the Company, its inspector and proxy solicitor, who are required to acknowledge their obligation to keep your votes confidential.

Who pays to prepare, mail and solicit the proxies?

The Company pays all of the costs of preparing, mailing and soliciting proxies in connection with this Proxy Statement. In addition to soliciting proxies through the mail by means of this Proxy Statement, we may solicit proxies through our directors, officers and employees in person and by telephone, facsimile or email. The Company asks brokers, banks, voting trustees and other nominees and fiduciaries to forward proxy materials to the beneficial owners and to obtain authority to execute proxies. The Company will reimburse the brokers, banks, voting trustees and other nominees and fiduciaries upon request. In addition to solicitation by mail, telephone, facsimile, email or personal contact by its directors, officers and employees, the Company has retained the services of Georgeson Inc., 1290 Avenue of the Americas, 9th Floor, New York, NY 10104, to solicit proxies for a fee of \$6,500 plus expenses.

What are the Board's recommendations as to how I should vote on each proposal?

The Board recommends a vote:

- **FOR** the election of each of the three (3) director nominees named in this Proxy Statement;
- **FOR** the advisory (non-binding) proposal approving the Company's fiscal year 2016 executive compensation as described in this Proxy Statement;
- **FOR** the approval of an advisory (non-binding) proposal to hold future advisory votes to approve the Company's executive compensation every year; and
- **FOR** the ratification of the Audit Committee's appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2017.

How will my shares be voted if I sign, date and return my proxy card?

If you sign, date and return your proxy card and indicate how you would like your shares voted, your shares will be voted as you have instructed. If you sign, date and return your proxy card but do not indicate how you would like your shares voted, your proxy will be voted:

- **FOR** the election of each of the three (3) director nominees named in this Proxy Statement;
- **FOR** the advisory (non-binding) proposal approving the Company's fiscal year 2016 executive compensation as described in this Proxy Statement;

• FOR the advisory (non-binding) proposal to hold future advisory votes to approve the Company's executive compensation every year; and

- FOR the ratification of the Audit Committee's appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2017.

With respect to any other business that may properly come before the Annual Meeting, or any adjournment of the Annual Meeting, that is submitted to a vote of the stockholders, including whether or not to adjourn the Annual Meeting, your shares will be voted in accordance with the best judgment of the persons voting the proxies.

How will broker non-votes be treated?

A broker non-vote occurs when a broker who holds its customer's shares in street name submits proxies for such shares, but indicates that it does not have authority to vote on a particular matter. Generally, this occurs when brokers have not received any voting instructions from their customers. In these cases, the brokers, as the holders of record, are permitted to vote on "routine" matters only, but not on other matters. In this Proxy Statement, brokers who have not received instructions from their customers would only be permitted to vote on the following proposal:

The ratification of the Audit Committee's appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2017.

Brokers who have not received instructions from their customers would not be permitted to vote on the following proposals:

• To elect the three (3) director nominees named in this Proxy Statement;

• The advisory (non-binding) proposal approving the Company's fiscal year 2016 executive compensation as described in this Proxy Statement; and

• The advisory (non-binding) proposal to hold future advisory votes to approve the Company's executive compensation every year.

We will treat broker non-votes as present to determine whether or not we have a quorum at the Annual Meeting, but they will not be treated as entitled to vote on the proposals, if any, for which the broker indicates it does not have discretionary authority.

What if other matters come up during the Annual Meeting?

If any matters other than those referred to in the Notice of Annual Meeting properly come before the Annual Meeting, the individuals named in the accompanying proxy card will vote the proxies held by them in accordance with their best judgment. The Company is not aware of any business other than the items referred to in the Notice of Annual Meeting that will be considered at the Annual Meeting.

Your vote is important.

Because many stockholders cannot personally attend the Annual Meeting, it is necessary that a large number be represented by proxy in order to satisfy the requirement that a quorum be present to conduct business at the Annual Meeting. Whether or not you plan to attend the meeting in person, prompt voting by proxy will be appreciated.

Stockholders of record can vote their shares via the Internet or by using a toll-free telephone number. Instructions for using these convenient services are provided on the proxy card. Of course, you may still vote your shares on the proxy card. To do so, we ask that you complete, sign, date and return the enclosed proxy card promptly in the postage-paid envelope.

BOARD OF DIRECTORS, COMMITTEES AND GOVERNANCE

Overview

The Board provides oversight with respect to our overall performance, strategic direction and key corporate policies. It approves major initiatives, advises on key financial and business objectives, and monitors progress with respect to these matters. Members of the Board are kept informed of our business by various reports and documents provided to them on a regular basis, including operating and financial reports made at Board and committee meetings by our Chief Executive Officer (our "CEO"), Chief Financial Officer ("CFO"), Chief Risk Officer ("CRO") and other officers. The Board has five standing committees, the principal responsibilities of which are described below under "Committees of Our Board of Directors." Additionally, the independent directors meet in regularly scheduled executive sessions, without Mr. Karels and the other Great Western management present, at each meeting of the Board.

Meetings

The Board met seven times in fiscal year 2016, consisting of five regular meetings and two special meetings. The Board also took action by written consent one time. Each member of the Board attended more than 75% of the total number of meetings of the Board and the committees on which he or she served. We strongly encourage, but do not require, our Board members to attend annual meetings of our stockholders. Each of the Directors then serving attended the 2016 Annual Meeting of Stockholders held on February 8, 2016.

Board Leadership Structure

We believe that our directors should have the highest professional and personal ethics and values. They should have broad experience at the policy-making level in business, government or banking. They should be committed to enhancing stockholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. Their service on boards of other companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly all director duties, but in no event will a director be permitted to serve on more than four (4) other public company boards (excluding the board of an organization by which he or she is employed). Each director must represent the interests of all stockholders. Our Board does not have a policy requiring the separation of the roles of Chief Executive Officer and Chairperson of the Board. The Corporate Governance and Nominating Committee (the "Governance Committee") and the Board believe it is in the best interest of the Company for the Board to have the flexibility to make that determination from time to time based on the position and direction of the Company and the membership of the Board. The Board believes that the selection of its Chairperson should be based upon the Board's assessment of the Company's current operating needs, the suitability of the person to effectively discharge the duties of the Chairperson and the leadership structure that will best serve the interests of the Company and its stockholders. In the event the Governance Committee and the Board determine to combine the roles of the Chairperson and the Chief Executive Officer, it is the policy of the Board to appoint a lead director. The Board recognizes that a Lead Independent Director selected by the other independent directors can facilitate the process and controls that support a strong and independent board and strengthen the cohesiveness and effectiveness of the board as a whole. The Lead Independent Director has the general responsibility to preside at all meetings of the Board when the Chairperson is not present and during executive sessions of the independent directors. The Lead Independent Director also, among other things, serves as a liaison between the independent directors and the Chairperson, and collaborates with the Chairperson to set meeting schedules and agendas. Our Board believes that this structure combines experience and accountability with effective oversight.

For fiscal year 2016, the Board determined to continue the practice of separating the roles of the Chief Executive Officer and the Chairperson, and appointed Mr. Hove, an independent director, as its Chairperson. With Mr. Hove not being eligible to stand for re-election at the Annual Meeting, the Governance Committee and the Board expect to appoint Mr. Karels as Chairperson of the Board at the first meeting of the Board after the Annual Meeting. The appointment of Mr. Karels will provide an efficient and effective leadership model by leveraging Mr. Karels' extensive knowledge of the Company and the banking industry, as well as his ability to foster communication between the Company's management and the Board. Mr. Karels will continue to serve as President and Chief Executive Officer of the Company. Combining the Chairperson and Chief Executive Officer positions fosters clear accountability, effective decision making, and alignment of corporate strategy. In addition, the independent directors are expected to appoint Mr. Henning as Lead Independent Director at the first meeting of the Board after the Annual Meeting. Mr.

Henning qualified as an independent director under the New York Stock Exchange ("NYSE") listing standards.

In addition, the members of our Board are also members of the Bank's board of directors, and as such are actively involved in the Bank's risk oversight activities and the policy approval function of the board of directors of the Bank.

Corporate Governance Guidelines

Our Board has adopted corporate governance guidelines, which are accessible on our website at www.greatwesternbank.com under the Investor Relations tab. These guidelines set forth a framework within which our Board, assisted by Board committees, directs the Company's affairs. These guidelines address among other things, the composition and functions of our Board, director independence, compensation of directors, management succession and review, Board committees and selection of new directors.

Board Oversight of Risk Management

Our Board believes that effective risk management and control processes are critical to our safety and soundness, our ability to predict and manage the challenges that we face and, ultimately, our long-term corporate success. Our Board, both directly and through its committees, is responsible for overseeing our risk management processes, with each of the committees of our Board assuming a different and important role in overseeing the management of the risks we face.

The Risk Committee of our Board oversees our enterprise-wide risk management framework, which establishes our overall risk appetite and risk management strategy and enables our management to understand, manage and report on the risks we face. The Audit Committee of our Board is responsible for overseeing risks associated with financial matters (particularly financial reporting, accounting practices and policies, disclosure controls and procedures and internal control over financial reporting). The Compensation Committee of our Board has primary responsibility for risks and exposures associated with our compensation policies, plans and practices, regarding both executive compensation and the compensation structure generally. The Governance Committee of our Board oversees risks associated with the independence of our Board and governance matters. See "Committees of Our Board of Directors" for additional information with respect to our Board committees.

Our senior management is responsible for implementing and reporting to our Board regarding our risk management processes, including by assessing and managing the risks we face, including strategic, operational, regulatory, investment and execution risks, on a day-to-day basis. Our senior management is also responsible for creating and recommending to our Board and Risk Committee for approval appropriate risk appetite metrics reflecting the aggregate levels and types of risk we are willing to accept in connection with the operation of our business and pursuit of our business objectives.

The role of our Board in our risk oversight is consistent with our leadership structure, with our President and Chief Executive Officer and the other members of senior management having responsibility for assessing and managing our risk exposure, and our Board and its committees providing oversight in connection with those efforts. We believe this division of risk management responsibilities presents a consistent, systemic and effective approach for identifying, managing and mitigating risks throughout our operations.

Independent Directors and Director Nominees

A director is independent if the Board affirmatively determines that he or she satisfies the independence standards set forth in Section 303A of the NYSE Listed Company Manual, has no material relationship with the Company that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, and is independent within the meaning of Rule 10A-3 of the Exchange Act. The Board has reviewed the independence of our current non-employee directors and nominees and has determined that Ms. Grieb and Messrs. Israel, Rykhus, Lacy, Henning, Brannen and Spies are each an independent director.

Committees of Our Board of Directors

The standing committees of our Board were organized in July 2014 and consist of an Audit Committee, a Corporate Governance and Nominating Committee, a Compensation Committee, a Risk Committee and an Executive Committee. The responsibilities of these committees are described below. Our Board may also establish various other committees to assist it in its responsibilities, including Special Committees as deemed appropriate for special purposes. The following table summarizes the membership of the Board and each of its regular committees as of the date of this Proxy Statement.

RELATED PARTY TRANSACTIONS

Director Independence

A director is independent if the Board affirmatively determines that he or she has no material relationship with the Company other than serving as a director of the Company and he or she otherwise satisfies the independence requirements of the NYSE listing standards. A director is "independent" under the NYSE listing standards if the Board affirmatively determines that the director has no material relationship with us directly or as a partner, stockholder or officer of an organization that has a relationship with us. Direct or indirect ownership of even a significant amount of our stock by a director who is otherwise independent will not, by itself, bar an independence filing as to such director. The Board has reviewed the independence of our current non-employee directors and nominees and found that each of them are independent under the applicable NYSE listing standards.

Related Party Transactions

We, our Bank or one of our subsidiaries may occasionally enter into transactions with certain “related persons.” Related persons include our executive officers, directors, nominees for director, 5% or more beneficial owners of our Common Stock, immediate family members of these persons and entities in which one of these persons has a direct or indirect material interest. We generally refer to transactions with these related persons as “related party transactions.”

Related Party Transaction Policy

Our Board has adopted a written policy governing the review and approval of transactions with related parties that will or may be expected to exceed \$120,000 in any fiscal year. The policy calls for the related person transactions to be reviewed and, if deemed appropriate, approved by our Audit Committee. Upon determination by the General Counsel of the Company that a transaction requires review under the policy, the material facts are to be presented to the Audit Committee. In determining whether or not to approve a related person transaction, our Audit Committee will take into account, among relevant other factors, whether the related person transaction is in our best interests, whether it involves a conflict of interest and the commercial reasonableness of the transaction. In the event a member of our Audit Committee is not disinterested with respect to the related person transaction under review, that member may not participate in the review, approval or ratification of that related person transaction.

Certain decisions and transactions are not subject to the related person transaction approval policy, including: (i) decisions on compensation or benefits relating to directors or executive officers and (ii) loans or other indebtedness owing to us made in the ordinary course of business, on substantially the same terms, including interest rate and collateral, as those prevailing at the time for comparable loans with persons not related to us and not presenting more than the normal risk of collectability or other unfavorable features.

Other Related Party Transactions

In the ordinary course of our business, we have engaged and expect to continue engaging in ordinary banking transactions with our directors, executive officers, their immediate family members and companies in which they may have a 5% or more beneficial ownership interest, including loans to such persons. Any loan to a related party was made on substantially the same terms, including interest rates and collateral, as those prevailing at the time such loan was made as loans made to persons who were not related to us. These loans do not involve more than the normal credit collection risk and do not present any other unfavorable features.

Relationship and Related Party Transactions with NAB

Prior to the completion of the Offering in October 2014, we were an indirect, wholly owned subsidiary of NAB. Following the Offering, NAB continued to be our majority stockholder through our secondary offering which closed on May 6, 2015. On July 31, 2015, NAB completed the divestiture of all of our Common Stock (the "NAB Divestiture"). NAB is a large financial institution incorporated in Australia and listed on the Australian Securities Exchange with operations in Australia, New Zealand, the United Kingdom, the United States and parts of Asia. In connection with the Offering, we and NAB entered into certain agreements that provided a framework for our ongoing relationship, including a Stockholder Agreement which governed NAB's rights as a stockholder, a Transitional Services Agreement pursuant to which NAB provided us with certain services for a transition period, and a Registration Rights Agreement which required that we register shares of our Common Stock beneficially owned by NAB under certain circumstances. NAB ceased control over us on August 2, 2015 (the "Non-Control Date") and the Stockholder Agreement and the Registration Rights Agreement terminated in accordance with their terms except for the following:

Information. Until August 2, 2025, subject to an extension of up to five (5) years upon the demonstration of a legal, tax or regulatory requirement for such extension, we and NAB have mutual rights with respect to any information and access each may require in connection with regulatory or supervisory reporting obligations or inquiries;

Indemnification. We and NAB each will indemnify the other and the other's subsidiaries for breaches of the Stockholder Agreement;

Non-Competition. Until August 2, 2017, neither NAB nor any of its subsidiaries will be permitted to control, for purposes of the Bank Holding Company Act, a bank or insured institution with a main office or one or more branches in any of our states in which we operate; or own, manage or operate, or participate in the ownership, management or

operation of, any business principally engaged in consumer lending to individuals or in lending to businesses in those states with total annual revenues of less than \$250 million. These restrictions are subject to certain exceptions and will not apply to any business or activity conducted by NAB New York Branch during the five (5) years preceding the date of the Stockholder Agreement; and

Non-Solicitation. Neither NAB nor any of its subsidiaries is permitted to solicit for employment or hire any of our officers or employees or any officer or employee of our subsidiaries. This restriction will remain in effect until the second anniversary of the Non-Control Date and is subject to certain customary exceptions, including exceptions for general solicitations, persons no longer employed by us or our subsidiaries and persons that approach NAB and its subsidiaries on an unsolicited basis.

The Transitional Services Agreement with NAB governed the continued provision of certain services to us by NAB for the applicable transition period, all of which were completed by January 31, 2016.

Prior to the Offering, NAB provided certain of our employees with restricted shares of NAB common stock in connection with the satisfaction of short-and long-term incentive goals. We record a liability in favor of NAB based on the value and vesting schedule of the issued shares. The aggregate amount of this liability was \$200,000 for fiscal year 2016. These restricted shares continue to vest in accordance with their terms, and we will provide NAB with any information NAB reasonably requests to permit vesting of these shares in accordance with their terms. NAB will also provide us with information regarding the value, vesting schedule and outstanding amount of restricted shares upon our reasonable request. During fiscal year 2016, we also paid NAB approximately \$20,000 in finalization of NAB ex-patriot employee expenses.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires directors, executive officers and greater than 10% beneficial owners of the Company's Common Stock to file reports concerning their ownership of and transactions in such Common Stock.

Based on a review of these reports filed by the Company's officers, directors and shareholders, the Company believes that its officers, directors and shareholders complied with all filing requirements under Section 16(a) of the Exchange Act during fiscal year 2016.

PROPOSAL NO. 1 — ELECTION OF DIRECTORS

Our Board is currently composed of nine (9) members. Each of our directors is elected for a three-year term, classified into three staggered classes (designated as Class I, II and III). At each annual meeting of stockholders, upon the expiration of the term of a class of directors, the successor to each such director in the class will be elected to serve from the time of election and qualification until the third annual meeting following his or her election and until his or her successor is duly elected and qualified. At the Annual Meeting, you will be asked to elect three (3) individuals to serve on the Board until the 2020 Annual Meeting of Stockholders and until a successor shall have been elected and qualified.

The Governance Committee seeks candidates for nomination to the Board who possess the background, skills and expertise to make a significant contribution to the Board, the Company and its stockholders. The Governance Committee uses a variety of methods to identify and evaluate nominees for director. The Governance Committee periodically assesses the appropriate size of the Board and whether any vacancies on the Board are expected. In the event that vacancies are anticipated or otherwise arise, the Governance Committee will seek to identify director candidates, subject to the restrictions described below, based on input provided by a number of sources, including Governance Committee members, other directors and our management and stockholders. The Governance Committee also has the authority to consult with or retain advisors or search firms to assist in the identification of qualified director candidates.

Although the Company has no formal policy regarding diversity, the Governance Committee and the Board believe that the Board should include directors with diverse experience and business knowledge and believes that the directors and director nominees bring a diverse range of perspectives to the Board’s deliberations. The Governance Committee considers director qualifications according to the particular areas of expertise being sought as a complement to the existing Board composition at the time. Qualifications include, among others, high-level leadership experience in business activities, breadth of knowledge about issues affecting the Company and our Bank, understanding of the customers served by our Bank, a willingness to promote the success and economic growth of the Company and our Bank and time available for meetings and consultation on matters of the Company and our Bank. When considering potential director candidates, our Governance Committee also considers the candidate’s character, judgment, diversity, skills, including financial literacy, and experience in the context of our needs and those of the Board. Additionally, no individual may be nominated for election or elected as a director if on the date of election the individual would be age 75 or older. Under the corporate governance guidelines adopted by the Board, all directors are expected to own Common Stock having a value of at least four (4) times the annual Board retainer fee, exclusive of any committee and chairperson fees, no later than five (5) years after the later of January 1, 2015 or the date such person became a director and to limit board service at other public companies to no more than four (4) other public company boards.

The Board, acting pursuant to the recommendation of the Governance Committee, has nominated each director standing for re-election. Each of the nominees currently serves as a director. In considering the nominees’ individual experience, qualifications, attributes and skills, the Governance Committee and the Board have concluded that when considered together with the directors continuing in office, the appropriate experience, qualifications, attributes and skills are represented for the Board as a whole and for each of the Board’s committees. There are no family relationships among any directors, director nominees and executive officers. Each nominee has indicated a willingness to serve, and the Board has no reason to believe that any of the nominees will not be available for election. However, if any of the nominees are not available for election, proxies may be voted for the election of other persons selected by the Board. Proxies cannot, however, be voted for a greater number of persons than the number of nominees named. Stockholders of the Company have no cumulative voting rights with respect to the election of directors.

The following table sets forth certain information regarding the Class III director nominees standing for re-election at the Annual Meeting. Additional background information on each of the nominees is included below under “Nominees for Election at the 2017 Annual Meeting of Stockholders.”

COMPENSATION DISCUSSION & ANALYSIS

This Compensation Discussion & Analysis section reviews the compensation program for our five current named executive officers ("NEOs"), which consists of our principal executive officer, principal financial officer and our three other most highly-compensated executive officers as of September 30, 2016.

2016 Business Highlights

During 2016, the Company's executive officers continued to provide strong management through the extended low interest rate environment and maintained the Company's long-term strategy of sound, conservative underwriting. The executive officers' steady leadership focused on taking a measured and balanced approach to sourcing alternative growth strategies and increasing stockholder value, while maintaining credit quality and appropriate reserves.

The Compensation Committee of our Board recognizes that the Company's executive officers have a key role in overseeing growth while appropriately managing risk. In that regard, the Compensation Committee considered the accomplishments of management in the following context:

- Successful acquisition of HF Financial Corp. ("HF"), and its integration of 23 offices across South Dakota, Minnesota and North Dakota;

- Continued focus on operating efficiency resulted in 11.2% growth in consolidated net income to \$121.3 million, return on equity of 7.9% and return on assets of 1.16% for fiscal year 2016;

- Strong efficiency ratio of 49.6% for fiscal year 2016;

Increased loan balances by \$1.36 billion, or 18.5%, compared to fiscal year 2015 (includes \$863.7 million of acquired loans from HF; organic growth of 6.7%);

Increased deposit balances by \$1.22 billion, or 16.5%, compared to fiscal 2015 (includes \$863.1 million of acquired deposits from HF; organic growth of 4.8%);

Asset quality remained stable with net charge-offs of 0.12% of average loans in fiscal year 2016 compared to 0.13% in fiscal 2015; and

Continued strong capital ratios.

Our Fiscal Year 2016 Executive Compensation Program

Overview

The Compensation Committee has responsibility for developing, implementing and monitoring executive officer compensation programs and policies as well as adherence with the Company's compensation philosophy. The Compensation Committee sets the compensation for our CEO and makes recommendations to the Board for all other NEOs. In administering the Company's executive compensation program, the Compensation Committee is mindful of our culture and history as well as the growth strategy of our Company and its business. Our compensation philosophy and programs are designed to attract and retain management capable of overseeing growth while appropriately managing risk.

The Compensation Committee believes the total direct compensation of our NEOs should be weighted toward incentive compensation rather than through fixed components such as base salary and benefits. This philosophy is intended to create and foster a pay-for-performance framework within defined risk parameters that drives stockholder value by aligning stockholder and NEO interests. Our STI Plan and LTI Plan are designed to provide a significant percentage of our NEOs' total compensation which is linked to performance and the interests of our stockholders.

Our Executive Compensation Practices

What We Do

We Pay-for-Performance: The majority of executive pay is not guaranteed. Our CEO and NEOs on average have a majority of their target total direct compensation tied to company performance.

We Set Aggressive Goals: Our performance hurdles are designed to require outstanding individual performance along with superior returns in order to receive target payout.

We Have a Clawback Policy: In the event of a material negative restatement we can claw back any payments made which were predicated on achieving certain financial results.

We Utilize External Compensation Expertise: The Compensation Committee has retained Willis Towers Watson, an external compensation consultant, to advise on the executive compensation programs and practices.

What We Don't Do

No Hedging or Short Selling: Our NEOs are prohibited from engaging in short selling of our Common Stock or engaging in hedging or offsetting transactions regarding our Common Stock.

No Pledging: Our NEOs are prohibited from pledging our securities.

No Undue Risk: We discourage excessive risk taking by having a balanced portfolio of short- and long-term incentive performance measures and a cap on final payouts.

No CIC Payment Absent a Double Trigger: Payments under our employment agreements and our long-term incentive programs generally require two events for vesting - both a change-in-control and a qualifying termination of employment.

Compensation Philosophy and Objectives

The philosophy underlying our executive compensation program is to promote a pay-for-performance environment and remain competitive with market practices in order to attract and retain key talent, which will support the long-term success of the Company and build value for our stockholders.

The compensation elements included in the pay of our NEOs vary and are reflective of different pay objectives. Base salaries are intended to pay executives competitively relative to their market peers and individual performance. Relevant performance elements that influence base pay include leadership, innovation, strategic contributions, customer service and talent management. Variable compensation (short-term and long-term incentives) is tied to financial measures (such as net income, deposit growth, loan growth, return on average assets, credit quality and return on tangible equity), achievement of specific business objectives, retention of the

executive, and increased stockholder value. It is also the Compensation Committee's philosophy to include retirement and health and welfare benefits to all employees on a non-discriminatory basis.

The Compensation Committee believes the executive compensation program should be designed to accomplish the following goals:

- Encourage the achievement of corporate financial objectives that create value for our stockholders;
- Align the interests of our executives with our stockholders; and
- Serve as a retention incentive for our executives.

Pay Mix

Reinforcing pay-for-performance is an important underpinning of our compensation framework. For fiscal year 2016, our CEO and the other NEOs average target variable-based compensation was 71% and 57%, respectively. As seen in the pie charts below, a majority of compensation for our CEO and other NEOs is performance based.

Program Design

In June 2014, the Compensation Committee first engaged an external compensation consultant, Willis, Towers Watson ("WTW"), as a compensation consultant. WTW provides the Compensation Committee with ongoing assessments of competitive market and best practices relating to executive compensation practices, including competitive benchmarks, research on regulatory and industry trends, and program design.

Peer Group Analysis. In identifying and constructing a competitive peer group, the Compensation Committee and WTW took into consideration which companies compete for customers, executive talent or investors, as well as the size of the peer companies. These factors were considered as the Compensation Committee sought to approximate the median of the peer group, and the structure of the Company as it competes in the marketplace. The Compensation Committee determined that for setting fiscal year 2016 compensation, it was appropriate for the peer group to be consistent with that used for fiscal year 2015 compensation decisions. The peer group was comprised of the 22 companies noted below, with assets between \$5 billion and \$23 billion as of their respective fiscal year-ends. Our assets of \$11.5 billion, as of September 30, 2016, were positioned at approximately the median of the combined peer group for 2016.

Fulton Financial Corporation	Umpqua Holdings Corporation
Glacier Bancorp, Inc.	United Bankshares Inc.

When making compensation decisions, the Compensation Committee reviews the compensation paid to our CEO and other NEOs relative to the compensation paid to similarly-situated executives, to the extent available, at our peer companies based on publicly available information reported in our peers' proxy statements and market data received from WTW.

WTW provided the Compensation Committee with background information regarding the Company's compensation structure as compared to market practices. The consultant provided the Compensation Committee with analysis with respect to each of the NEOs positions, including a comparison of actual total compensation, total direct compensation, target total direct compensation as well as each component of compensation on a comparative basis with the Company's peer group and market data where available.

Elements of Compensation

This section provides information and perspective regarding our 2016 executive compensation program and decisions for our executive officers generally, and more specifically, for our NEOs:

Name	Title
Kenneth Karels	President and CEO of the Company and Great Western Bank
Peter Chapman	Executive Vice President and CFO of the Company and Great Western Bank
Stephen Ulenberg	Executive Vice President and CRO of the Company and Great Western Bank
Doug Bass	Executive Vice President and Regional President of Great Western Bank
Bryan Kindopp	Executive Vice President and Regional President of Great Western Bank

The principal elements of our executive compensation program are:

- Base Salary;
- Short-Term Incentive Plan (Annual Cash Bonus);
- Long-Term Incentive Plan (Performance Shares and Restricted Shares); and
- Perquisites and Other Personal Benefits.

When setting the total compensation opportunity for our NEOs, the Compensation Committee uses data available from various sources, including peer group information, publicly available data and advice from WTW. The Compensation Committee also considers other relevant factors, such as Company and individual performance, internal equity and our compensation philosophy.

Base Salary

The Company provides NEOs with base salary to compensate them for services rendered during the fiscal year and to reflect each NEO's position, specific skills, tenure, experience, responsibility and performance. Annual base salary adjustments for our President and CEO for any given year are determined by the Compensation Committee and by the Board, upon the recommendation of the Compensation Committee, for our other NEOs at the beginning of the fiscal year. Increases or decreases in base salary on a given year-over-year basis are dependent on the Compensation Committee's assessment of the Company's and individual's performance.

The Compensation Committee has full discretion to set our CEO's salary and makes recommendations to the Board for other NEO salaries. As part of the process, the Compensation Committee solicits the recommendation of Mr. Karels with respect to the NEOs (other than himself). The Compensation Committee also considers peer data provided by WTW in evaluating recommendations.

In fiscal year 2016, the Compensation Committee made the following determinations relative to base salary.

Executive	2015 Base Salary	2016 Base Salary
Kenneth Karels	\$715,000	\$750,000
Peter Chapman	345,000	355,000
Stephen Ulenberg	285,000	290,000
Doug Bass	278,000	300,000
Bryan Kindopp	235,000	242,000

Annual Cash Incentive Compensation

For fiscal year 2016, our NEOs participated in the STI Plan that provides an opportunity for the payment of annual cash bonus based on business and individual performance during the year. The STI Plan rewards achievement of four key business drivers: financial and risk management; strategic projects; employees and culture; and customer and community. Each NEO's target short-term incentive, ("STI"), was established prior to the beginning of fiscal year 2016, and the actual STI earned reflects both individual and business performance.

Determination of Earned STI Award

Under our STI Plan, a pool is established with specific targets weighted equally for fiscal year return on equity and consolidated net income. The pool is subject to increase or decrease based upon the level at which the targets are achieved (the "Business STI Multiplier"). The Business STI Multiplier can range from 0% to 130%. The pool can be further adjusted taking into account a qualitative overlay reflecting management of business risks, stockholder expectations and the quality of financial results. For the 2016 fiscal year, after considering growth in earnings and achievement of return on total allocated equity (in accordance with GAAP), the Compensation Committee determined that a business STI multiple of 1.092, or 109.2%, was appropriate.

The individual STI multiple can range from 0% up to 200% for outstanding performance and was determined by the Compensation Committee after assessing individual performance against pre-established metrics. The following key achievements were considered in determining the individual STI multiple for fiscal year 2016 for each NEO as set forth in the Total Bonus Payout section of this Proxy Statement.

For Mr. Karels, he successfully led management in strong overall business performance with excellent risk management and strong balance sheet outcomes, successfully negotiated and led the integration of the acquisition of HF, and achieved and maintained good regulatory review outcome; for Mr. Chapman, strong overall Great Western Bank financial results and providing reporting and guidance through the acquisition of HF; for Mr. Ulenberg, successful management of Great Western Bank within risk appetite parameters and maintenance of a sound risk profile in connection with sustainable growth projections; for Mr. Bass, continued development and growth of his regional footprint including profitable growth of the loan and deposit portfolios, recruitment and retention of talent and adherence to the Bank's risk profile, policies and procedures to ensure the safety and soundness of the institution; and for Mr. Kindopp, successfully led the integration of the acquisition of HF, recruitment and retention of talent and adherence to the Bank's risk profile, policies and procedures to ensure the safety and soundness of the institution.

In addition, our NEOs were subject to a compliance gateway. Our NEOs are subject to a reduction in their STI, either in part or in full depending on the severity of the breach, if they do not pass the compliance expectations of their role. No such reduction was applied to the STI awards earned by our NEOs for fiscal year 2016.

Mandatory Deferral of Earned STI Award

Under the STI Plan, a portion of our NEOs earned STI awards were subject to mandatory deferral to instill an appropriate focus on business performance beyond the current year, allow for alignment with risk outcomes, support achievement of targets, and encourage an appropriate level of stockholding by senior executives. For Mr. Karels, 50% of his earned STI award was deferred into GWB

equity, of which half will vest in December 2017 and half in December 2018. For Messrs. Chapman, Ulenberg, Bass and Kindopp, 25% of each of their total award was deferred into GWB equity and will vest in December 2017.

Performance Results and Payouts

The Company-level objective for fiscal year 2016 was to achieve consolidated net income of \$119.7 million and return on equity of 7.8%. The Company's consolidated net income for the year ended September 30, 2016 was \$130.9 million and return on equity was 8.5%. Each of the Company-level objectives and the actual results exclude one-time acquisition costs incurred in integrating HF Financial Corp. In determining the actual annual bonus for each NEO associated with the achievement of Company-level objectives, the Compensation Committee considered a number of factors, including the following achievements:

- Company's achievement of the consolidated net income objective and growth in total assets;
- Continued delivery of results despite a sustained low interest environment; and
- Successful completion and integration of the acquisition of HF.

The Compensation Committee focused on the fact that the Company exceeded its targeted consolidated net income and return on equity goals, specifically noting the achievement of consolidated net income net of acquisition-related costs. Based upon these factors and related considerations, the Compensation Committee determined to use 109.2% as the Business STI Multiplier in determining annual bonuses.

Individual Performance Component: The Compensation Committee determined that each of the NEOs achieved certain prescribed levels of their individual performance objectives and were each eligible to receive between 75% and 200% for that component of the bonus.

Total Bonus Payout: The final determination of a NEOs actual bonus payment is based on the Compensation Committee's evaluation of Company and individual performance including consolidated net income, return on equity and discretionary factors. The Compensation Committee retains the discretion to determine the amount of any annual bonus awarded to our President and CEO and recommend to the Board the amount of any annual bonus awarded to the other NEOs. The final determination and recommendation of the Compensation Committee could result in no bonus being paid or a bonus in an amount more than the high bonus opportunity, when taking into effect the Business STI Multiplier. Based on this analysis, the Compensation Committee exercised its final discretion, and approved the annual bonus award for our CEO and made the recommendation to the Board for the other NEOs. The following table sets forth the total eligible annual cash bonus amounts at target and annual bonuses actually paid to each of our NEOs under the STI Plan for fiscal year 2016.

Name	Base Salary	STI Target Percentage	STI Target Amount	Business STI Multiple	Individual Multiple	Earned STI

Long-Term Incentive Compensation

The Compensation Committee believes that a substantial portion of each NEOs compensation should be in the form of long-term incentive compensation in order to further align the interests of our NEOs and stockholders. The framework is designed to:

- provide a competitive compensation opportunity;
- align the interests of management with the interests of stockholders;
- foster retention;
- allow the Company to compete effectively for talent;
- support the Company's long-term strategy and growth objectives;
- align management's long-term compensation with achievement of business goals;
- link pay and performance;
- create a long-term focus based on sustainable results; and
- create stock ownership.

Long-term incentive compensation opportunities are provided to the NEOs through the award of annual grants under the LTI Plan.

Award Mix

The Compensation Committee administers the LTI Plan and determines the mix of awards included in the annual grant. Historically the Compensation Committee has determined that the award vehicle mix should be comprised of the following:

Award Vehicle Mix	% of Award
Restricted Share Units	50%
Performance Based Share Units	50%

Restricted Share Units and Performance Share Units are designed to align management's long-term compensation with achievement of business goals, as well as link pay and performance. Restricted Share Unit awards vest annually in equal amounts over a three (3) year period. Performance-based awards under the LTI Plan are contingent upon the achievement of pre-established long-term goals set in advance by the Compensation Committee over a three (3) year period with overlapping performance cycles. Performance-based equity awards vest at the end of the applicable three (3) year period performance cycle based on the Company's performance against pre-established goals certified by the Compensation Committee. See the "2016 Grants of Plan-Based Awards Table" on page 32 of this Proxy Statement.

Perquisites and Other Benefits

Our NEOs receive various perquisites provided by or paid for by us that we believe are reasonable, competitive and consistent with the Company's overall compensation philosophy. In fiscal year 2016, these perquisites included: car expenses, transitional employment benefits and costs and club dues. Our NEOs were also eligible for a 401(k) employer match, profit sharing contribution and life insurance on the same terms as all other employees of the Company.

Attributed costs of the personal benefits described above for all NEOs for the fiscal year ended September 30, 2016 are included in the "2016 Summary Compensation Table, All Other Compensation" column on page 28 of this Proxy Statement.

Post-Termination Compensation

We have entered into employment agreements with each of our NEOs that provide for post-termination compensation. These agreements provide for payments and other benefits if the NEO's employment terminates for a qualifying event or circumstance. Additionally, the employment agreements provide for the payment of enhanced severance benefits if the NEO's employment is terminated within twenty-four (24) months of a "change-in-control" (as defined in the agreements). Additional information regarding the employment agreements, including a definition of key terms and a quantification of benefits that would have been received by

our NEOs had termination occurred on September 30, 2016, is found under the heading "Potential Payments Upon Termination or Change-in-Control" on page 35 of this Proxy Statement.

The Compensation Committee believes these employment arrangements are an important part of overall compensation for our NEOs and will help to secure the continued employment and dedication of our NEOs, prior to or following a change-in-control, notwithstanding any concern that they might have at such time regarding their own continued employment. These agreements also contain restrictive covenants, including non-compete and non-solicitation provisions, which protect the Company's interests in its client and employee relationships. The Compensation Committee also believes that these agreements are important as a recruitment and retention device, as nearly all of the companies with which we compete for executive talent have similar agreements in place for their senior employees.

Additional Information Regarding Compensation Policies

We have additional compensation policies that support our practices. These policies serve to further illustrate and provide context around our approaches to compensation.

Clawback Policy. Our clawback policy provides that the Company may recover any cash payment or equity awards made to a then current executive officer, or an individual who became a former executive officer following the adoption of such policy, if the payment or award was predicated upon achieving certain financial results that were subsequently the subject of a material negative restatement caused by the intentional misconduct of the executive officer. In such event, the Company may recover the amount by which any annual or long-term payments or awards made or granted exceeded what would have been awarded or granted based on restated financial statements. In addition, the Company may recover any profits realized on the sales of securities received by such executive officer pursuant to such awards.

In addition, the clawback provision of the Sarbanes-Oxley Act of 2002 also applies to our NEOs. This provision provides that if the Company is required to restate its financial statements as a result of misconduct, the NEOs are required to reimburse the Company for bonuses or other incentive-based or equity-based compensation and profits realized during the three (3) completed fiscal years immediately preceding the date on which the Company is required to prepare an accounting restatement.

Impact of Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended, (the "Code"), imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to the certain "covered employees." The "covered employees" generally consist of a company's Chief Executive Officer and the other NEOs (other than the Chief Financial Officer). This limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualifying performance-based" compensation. Although the Compensation Committee considers the deductibility of executive compensation, the Compensation Committee also recognizes the need to retain flexibility to make compensation decisions that may not meet the standards of Section 162(m) when necessary to enable the Company to continue to attract, retain and motivate highly-qualified executives. The Compensation Committee therefore reserves the authority to approve potentially non-deductible compensation as it deems appropriate.

Prohibition on Hedging and Short Selling. The Company's executive officers and directors are prohibited from engaging in short selling of the Common Stock or engaging in hedging or offsetting transactions regarding the Common Stock.

Prohibition on Pledging Stock. The Company's executive officers and directors are prohibited from pledging any of the Company's securities.

Compensation Process and Roles

Role of Management. The Compensation Committee made all fiscal year 2016 compensation decisions for our CEO and recommended to the Board all compensation decisions for all other NEOs. Mr. Karels annually reviews with the Compensation Committee the performance of each of the NEOs, except for himself, whose performance is reviewed by the Compensation Committee. The conclusions reached and the compensation recommendations based on these reviews, including with respect to salary adjustments and incentive award amounts, were presented to the Compensation Committee.

Committee Process. During fiscal year 2016, the Compensation Committee reviewed both the Company's compensation philosophy and the actual compensation being paid by the Company. The Compensation Committee met, including in executive sessions without any members of management present, to discuss, evaluate and set

executive officer compensation. In setting and making

recommendations for compensation for each of the NEOs, the Compensation Committee focused on the total compensation received by each NEO, as well as the allocation of each element of compensation in relation to those provided by the peer companies identified above. The Compensation Committee acted pursuant to a written charter that had been approved by our Board.

Compensation Consultant. The Compensation Committee has the sole authority to retain and dismiss its own outside compensation consultants and any other advisors it deems necessary. The role of a compensation consultant is to assist the Compensation Committee in analyzing executive compensation packages and to provide the Compensation Committee with information regarding market compensation levels, general compensation trends and best practices. The consultant also provides advice regarding the competitiveness of specific pay decisions and actions for the NEOs, as well as the appropriateness of the design of the Company's executive compensation programs. In fiscal year 2016, the Compensation Committee relied upon WTW to advise it on executive compensation-related issues and to provide advice relating to establishing bonus opportunities and target incentives for fiscal year 2016. WTW attended meetings of the Compensation Committee, including executive sessions, upon invitation. The Compensation Committee reviewed its relationship with WTW in 2016 and considered all relevant factors, including those set forth under the NYSE Listed Company Manual Section 303A.05(c)(iv)(A)-(F) and in Rule 10C-1(b)(4)(i) through (vi) under the Exchange Act and determined that the work performed by WTW does not raise a conflict of interest.

Current Employment Arrangements

We entered into an employment agreement with Mr. Karels on September 15, 2014, each of Messrs. Chapman and Ulenberg on September 12, 2014 and each of Messrs. Bass and Kindopp on August 27, 2014. The employment agreements became effective upon the completion of our Offering on October 20, 2014. The term of each employment agreement is for an unspecified duration and constitutes "at will" employment. During the term, the executives will continue to serve in their current positions as President and CEO for Mr. Karels; Executive Vice President and CFO for Mr. Chapman; Executive Vice President and CRO for Mr. Ulenberg; and Executive Vice President and Regional President for each of Messrs. Bass and Kindopp.

Each employment agreement provides for, among other things: (i) an annual base salary of \$715,000 for Mr. Karels, \$345,000 for Mr. Chapman and \$285,000 for Mr. Ulenberg, \$278,000 for Mr. Bass and \$235,000 for Mr. Kindopp (effective retroactive to August 1, 2014); (ii) an annual incentive bonus under the STI Plan with a target opportunity of 75% of base salary for Mr. Karels, 50% for Messrs. Chapman and Ulenberg and 30% for Messrs. Bass and Kindopp with the actual amount earned ranging from 0% to 200% of target based on actual achievement against performance; (iii) annual long-term incentive compensation awards under the LTI Plan with a value of \$670,000 for Mr. Karels, \$225,000 for Mr. Chapman, \$175,000 for Mr. Ulenberg and \$100,000 each for Messrs. Bass and Kindopp for the two (2) fiscal years, and eligibility to receive future annual long-term incentive compensation awards in form and amount determined in the sole discretion of our Board and (iv) participation in our employee benefit and welfare plans. The annual long-term incentive compensation awards for the 2015 fiscal year are 50% in the form of time-based restricted stock units that vest in three (3) equal annual installments on each of the first three (3) anniversaries of the grant date and 50% in the form of performance-based restricted stock units that cliff vest based on performance over a three (3) year performance period. Each of Messrs. Chapman and Ulenberg also received an additional \$10,000 per month for twelve (12) months as they transitioned from their international assignments, payments of which ceased December 31, 2015. The NEOs also received a special one-time grant of

performance-based restricted share units immediately following the completion of our Offering with a value of \$1,000,000 for Mr. Karels, \$225,000 for Mr. Chapman, \$175,000 for Mr. Ulenberg and \$100,000 each for Messrs. Bass and Kindopp. The grants vest on September 30, 2017 based on performance over a three (3) year performance period.

Upon a termination of any of the NEO's employment by the Company without "cause" or by such NEO for "good reason", subject to a general release of claims in favor of the Company, the NEO will be entitled to: (i) a prorated annual incentive bonus for the year of termination based on actual performance; (ii) a severance payment equal to two (2) times for Mr. Karels, and one (1) times for Messrs. Chapman, Ulenberg, Bass and Kindopp, the sum of (A) the NEO's then-current annual base salary and (B) the NEO's then-

current target annual incentive bonus, paid in fifty-two (52) or twenty-six (26) equal installments, respectively, in accordance with the Company's normal payroll practices; (iii) either (A) continued benefits under the Company's group healthcare, vision and dental plans through the second anniversary of termination of employment for Mr. Karels, and through the first anniversary for Messrs. Chapman, Ulenberg, Bass and Kindopp, or (B) a lump-sum payment (grossed up for applicable taxes) equal to twenty-four (24) times for Mr. Karels, and twelve (12) times for Messrs. Chapman, Ulenberg, Bass and Kindopp the monthly Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA") cost of continued health and medical coverage and (iv) continued vesting of any outstanding equity compensation awards as if the executive had remained employed through the applicable vesting dates. In the event that the NEO's employment is terminated by the Company without "cause" or by the executive for "good reason" within two (2) years following a "change-in-control", subject to a general release of claims in favor of the Company, the NEO will be entitled to the payments and benefits described above, except that (i) the severance payment will be paid in a lump sum and be equal to three (3) times for Mr. Karels, and two (2) times for Messrs. Chapman, Ulenberg, Bass and Kindopp, the sum of (A) the NEO's then-current annual base salary and (B) the NEO's then-current target annual incentive bonus, and (ii) in lieu of the benefits described in clause (iii) of the prior sentence, all executives will receive a lump-sum healthcare payment (grossed up for applicable taxes) equal to twenty-four (24) times the monthly COBRA cost. In addition, the employment agreements provide that, notwithstanding anything to the contrary, the Company will not be required to provide any payment or benefit that is prohibited by the Australian Corporations Act 2001 (Cth) in the absence of shareholder approval so long as NAB held shares of our Common Stock, or that would otherwise been a prohibited golden parachute payment within the meaning of Section 18(k) of the Federal Deposit Insurance Act ("FDIA"). "Cause" generally means the NEO's: (i) conviction of, or plea of guilty or no contest to, any felony or any crime involving fraud, dishonesty or moral turpitude; (ii) engagement in gross misconduct that causes material financial or reputation harm to the Company; (iii) repeated failure to substantially perform his duties and responsibilities to the Company; (iv) material violation of any contract or agreement between the executive and the Company or any written Company policy or (v) disqualification or bar by any governmental or self-regulatory authority from serving in the capacity required by the executive's job description, or loss of any governmental or self-regulatory license that is reasonably necessary for the executive to perform his duties or responsibilities.

"Good reason" generally means, in the absence of the NEO's written consent: (i) any material and adverse change in the executive's position or authority with the Company (ii) the transfer of the NEO's primary work site to a new location that is more than fifty (50) miles from that in effect immediately prior to such transfer (iii) a diminution of the NEO's base salary by more than 10%, unless such diminution applies to all other senior executives or (iv) a material breach of the employment agreement by the Company or our Bank.

"Change-in-control" generally means the occurrence of any of the following events: (i) during any period of less than thirty-six (36) months, individuals who constitute the Board as of the beginning of the period (which we refer to as the incumbent directors) cease to constitute at least a majority of the Board; (ii) any person is or becomes a beneficial owner, directly or indirectly, of 30% or more of the combined voting power of Great Western's then-outstanding securities eligible to vote for the election of the Board; (iii) the consummation of a merger, consolidation, statutory share exchange or similar form of corporate transaction involving the Company that requires the approval of the Company's stockholders (generally excluding such an event with NAB or any of its subsidiaries); (iv) the consummation of a sale of all or substantially all of the Company's assets (other than to NAB or any of its subsidiaries) or (v) the Company's stockholders approve a plan of complete liquidation or dissolution of Great Western.

Each employment agreement also contains confidentiality and non-disparagement provisions, which apply indefinitely, and non-competition as well as client and employee non-solicitation provisions that apply during the term of the employment agreement and for one (1) year following a termination of employment for any reason.

Potential Payments upon Termination or Change-in-Control

Other than the employment agreements described above, we do not currently have any agreements, plans or other arrangements that provide for payments to any of our NEOs upon termination or a change-in-control.

Savings Plans

We maintain the Great Western 401(k) Profit Sharing Plan and Trust, (the "401(k) Plan"), which is a tax-qualified defined contribution savings plan, for the benefit of all eligible U.S. employees of the Company (including the NEOs). Employee contributions, including after-tax contributions, are permitted by means of pay reduction. The 401(k) Plan

also provides for discretionary employer matching contributions and discretionary employer profit sharing contributions. During fiscal year 2016, the Company matched 100% of

employee contributions up to 2.5% of a participant's salary, cash portion of their short term incentive, commissions and other cash earnings ("Plan Compensation"), and made a discretionary profit sharing contribution of 4.25% (\$3.2 million) allocated proportionately to eligible participants based on their 2016 Plan Compensation. All employee contributions and earnings on employee contributions are at all times fully vested. Beginning with the second year of service, employer matching contributions and employer profit sharing contributions are vested at a rate of 25% per year of service and are completely vested after five (5) years of service.

In addition, during fiscal year 2016, NAB contributed to a defined contribution superannuation fund on behalf of Mr. Chapman, in an amount of \$3,027 (\$5,012 grossed up for inclusion in Mr. Chapman's compensation).

Pension Benefits Nonqualified Deferred Compensation

We do not currently offer any defined pension plans or any nonqualified deferred compensation plans to our NEOs.

(1) Amounts reflect the range of possible payouts under our STI Plan based on a combination of Company and individual performance. Company performance can result in a range of 0% to 130% and individual performance can earn results from 0% to 200%. For additional information, see "Compensation Discussion & Analysis - Annual Cash Incentive Compensation - Determination of Earned STI Award".

(2) Awards represent the range of estimated possible payouts granted in the form of performance share units issued to our NEOs as one-half of their LTI Plan award. The percentage of performance share units that will actually vest will range from 0% to 150% based on the achievement of the following two performance metrics: return of tangible assets and adjusted efficiency ratio. Performance share units are valued at the targeted performance level and a closing stock price on December 4, 2015 of \$30.78. The actual number of performance share units that vest will be determined at the end

of the three (3) year performance period. For additional information, see "Compensation Discussion & Analysis - Long-Term Incentive Compensation".

(3) Awards represent the restricted share units issued as one-half of the NEO's LTI Plan award. The restricted share units vest equally over a three (3) year period with 33-1/3% vesting each year. For additional information, see "Compensation Discussion & Analysis - Long-Term Incentive Compensation".

(4) The values reflect the aggregate grant date fair value under FASB ASC Topic 718 and is based on the closing price of the Common Stock on the grant date of \$30.78 per share.

Potential Payments Upon Termination or Change-in-Control

As noted under "Compensation Discussion & Analysis - Post-Termination Compensation" on page 26 of this Proxy Statement, we have entered into employment agreements with each of our NEOs that provide for payments in connection with such NEOs termination, whether in connection with a change-in-control or otherwise. The benefits to be provided to the current NEOs under the employment agreements upon various termination situations are described below, including a summary of payments that would have been required had a termination taken place on September 30, 2016.

Payments Made Upon Termination

The NEO's rights upon termination of his or her employment depend upon the circumstances of the termination. Central to an understanding of the rights of each NEO under the employment agreements is an understanding of the definitions of 'Cause' and 'Good Reason' that are used in those agreements. For purposes of the employment agreements:

The Company has Cause to terminate the NEO if the NEO has engaged in any of a list of specified activities, including refusing to perform duties consistent with the scope and nature of his or her position, committing an act of gross negligence or willful misconduct resulting in or potentially resulting in economic loss or damage to the Company's reputation, conviction of a felony or other actions specified in the definition.

The NEO may elect to terminate his employment for Good Reason (and thereby gain access to the benefits described below) if the Company (i) materially reduces the NEO's duties and responsibilities; (ii) transfers the NEO's primary work site to a new location that is more than fifty (50) miles from that in effect immediately prior to such transfer; (iii) diminishes the NEO's base salary by more than 10% unless such diminution applies to all other senior executives or (iv) materially breaches the agreement.

The employment agreements require, as precondition to the receipt of these payments, that the NEO sign a standard form of release in which he waives all claims that he might have against us and certain associated individuals and entities. The employment agreements also include non-compete and non-solicit provisions that would apply for one (1) year following the termination of employment, and confidentiality and non-disparagement provisions that will apply indefinitely following termination.

Payment Obligations for Termination with Cause

If an NEO is terminated for Cause, he or she is entitled to receive amounts earned during the term of employment. Such amounts include (i) unpaid base salary through the date of termination; (ii) accrued but unused paid time off and (iii) reimbursements of properly submitted business expenses.

Payment Obligations Upon Death, Disability or Retirement

In the event of death, disability or retirement:

Each NEO will be entitled to receive (i) unpaid base salary through the date of termination; (ii) accrued but unused paid time off; (iii) reimbursements of properly submitted business expenses and (iv) Earned Bonus and Prorated Bonus as defined in the Agreement. Such payments will be made no later than sixty (60) days following the termination date.

In the case of termination due to permanent disability, the Company will continue to pay 100% of the NEO's then-current base salary for a period of ninety (90) days following such termination.

In the case of death, each NEO will immediately vest in all outstanding awards under the Company's incentive plans. In the case of disability or retirement, outstanding LTI awards and the Offering grants will continue vesting on the vesting date(s) specified in the applicable award agreement, as if employment had not terminated and subject to continued compliance with the restrictive covenants within the Agreement.

Payment Obligations for Termination Without Cause or for Good Reason

In the event of termination without Cause or for Good Reason of an NEO, such NEO is entitled to the items listed above under "Payment Obligations for Termination with Cause" and "Payment Obligations Upon Death, Disability or Retirement" including:

the payment of (i) unpaid base salary; (ii) accrued but unused paid time off and (iii) reimbursements of business expenses will be made within 30 days of termination and (iv) all other accrued and vested benefits;

the payment of Earned Bonus and Prorated Bonus will be made at the time that such bonus would have otherwise been paid had employment not been terminated;

the cash severance payment equal to two (2) times current salary and current target STI Plan bonus opportunity will be paid in fifty-two (52) equal payments following termination date for Mr. Karels and one (1) times current salary and current target STI Plan bonus opportunity will be paid in twenty-six (26) payments following termination date for Messrs. Chapman, Ulenberg, Bass and Kindopp;

the continuation of benefits under the Company's group health insurance, vision and dental plans at the level provided immediately prior to termination date through the two-year anniversary date of such termination date, at which time the NEO may be eligible to elect to continue health care and dental coverage under COBRA, or the payment to the NEO of a lump-sum cash payment equal to twenty-four (24) times the monthly COBRA cost of continued health and medical coverage for Mr. Karels and twelve (12) times for Messrs. Chapman, Ulenberg, Bass and Kindopp and, as applicable, his or her covered spouse and/or dependents at the level provided immediately prior to the termination date, with such payment grossed up for applicable taxes; and

the continued vesting of outstanding awards under the LTI Plan and the performance based stock awards granted in connection with the Offering on the vesting date(s) specified in the applicable award agreement, as if employment had not terminated and subject to continued compliance with the restrictive covenants within the agreement.

Payment Obligations for Termination Without Cause Following a Change-in-Control

In the event of termination without Cause of an NEO within twenty-four (24) months of a change-in-control, which is defined below, such NEO shall be entitled to the same payments and items described above under "Payment Obligations for Termination Without Cause or for Good Reason" and will be paid on a date that is no later than sixty (60) days following the termination date. Additionally:

the severance payment will be paid in a lump-sum (instead of in installments) and equal to three (3) times the sum of current base salary plus current target STI Plan bonus opportunity for Mr. Karels and equal to two (2) times the sum

of current base salary plus current target STI Plan bonus opportunity for Messrs. Chapman, Ulenberg, Bass and Kindopp; and

in lieu of the continuation of benefits under the Company's group health insurance, vision and dental plans, a lump-sum cash payment equal to twenty-four (24) times the monthly COBRA costs of continued health and medical coverage for the NEO and, as applicable, covered spouse and/or dependents at the level provided immediately prior to termination, with such payment grossed up for applicable taxes.

The table below shows potential payments to current NEOs if terminated upon death, disability or retirement, for Cause or without Good Reason, or without Cause or for Good Reason in connection with a change-in-control. The amounts shown assume that termination was effective as of September 30, 2016, and are estimates of the amounts that would be paid to the NEOs upon termination. All equity awards have been calculated using the closing stock price of the Company's Common Stock on September 30, 2016 of \$33.32, as reported on NYSE. The actual amounts to be paid can only be determined at the actual time of an NEO's termination.
