PROPOSAL I

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM

At the meeting we will ask our stockholders to ratify the appointment of Urish Popeck & Co., LLC (“Urish Popeck”) as our independent registered public accounting firm to audit our consolidated financial statements as of and for the year ending December 31, 2018. A representative of Urish Popeck may be present at the meeting, and will have the opportunity to make a statement if he or she desires to do so and to respond to appropriate questions.

Stockholder ratification of the selection of Urish Popeck as our independent registered public accounting firm is not required by our bylaws or other applicable legal requirements. However, our Board is submitting the selection of Urish Popeck to the stockholders for ratification as a matter of good corporate governance. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether to retain Urish Popeck as our independent registered public accounting firm. Even if the selection is ratified, the Audit Committee, in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and in the best interests of our stockholders.

Approval of the proposal to ratify the appointment of Urish Popeck to serve as our independent registered public accounting firm for the year ending December 31, 2018 requires that the votes cast in favor of the proposal at the meeting must exceed the votes cast against the proposal.

The Board recommends a vote “FOR” the proposal to ratify the appointment of Urish Popeck as our independent registered public accounting firm for the year ending December 31, 2018.

AUDIT COMMITTEE REPORT

In accordance with the Audit Committee Charter adopted by our Board on March 23, 2004 and amended and restated on August 9, 2006, the Audit Committee is responsible for reviewing and discussing our audited financial statements with management, discussing information with our independent registered public accounting firm relating to such firm's judgments about the quality of our accounting policies and practices, recommending to our Board that the audited financials be included in our Annual Report on Form 10-K and overseeing compliance with the Securities and Exchange Commission requirements for disclosure of such firm's services and activities. Currently the Audit Committee is comprised of Goergen, Puri and Williams. Our Board has determined that each of these persons is independent. The Audit Committee Charter is in compliance with all regulatory requirements, and is published on our website.

Our management has the primary responsibility for our financial statements as well as our financial reporting process, policies and internal controls. Our independent registered public accounting firm is responsible for performing an audit of our financial statements and expressing an opinion as to the fair presentation of such financial statements in accordance with U.S. generally accepted accounting principles. Our Audit Committee is responsible for, among other things, reviewing the results of the audit engagement with our independent registered public accounting firm; reviewing the adequacy, scope and results of the internal accounting controls and procedures; reviewing the degree of independence of our independent registered public accounting firm; reviewing the fees of such firm; and recommending the engagement of our independent registered public accounting firm to the full Board.

In this context, the Audit Committee reviewed and discussed our audited financial statements as of and for the year ended December 31, 2017 with management and our independent registered public accounting firm. The Audit Committee discussed with our independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended. In addition, the Audit Committee received written confirmation, in accordance with standards of the Public Company Accounting Oversight Board, and discussed with our independent registered public accounting firm their independence from our company. The Audit Committee has also considered whether such firm's provision of non-audit services to us is compatible with maintaining such firm's independence.

The members of the Audit Committee are not engaged in the accounting or auditing profession. In the performance of their oversight function, the members of the Audit Committee necessarily relied upon the information, opinions, reports and statements presented to them by our management of and by our independent registered public accounting firm. As a result, the Audit Committee's oversight and the review and discussions referred to above do not assure that management has maintained adequate financial reporting processes, policies and internal controls, that our financial statements are accurate, that the audit of such financial statements has been conducted in accordance with the standards of the Public Company Accounting Oversight Board or that our independent registered public accounting firm meets the standards for auditor independence.

Based on the review and discussions above, the Audit Committee recommended that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2017. The Audit Committee also selected Urish Popeck as Crexendo's independent registered public accounting firm for the fiscal year ending December 31, 2018. The Board of Directors is recommending that the stockholders ratify this selection at the Annual Meeting.

In the course of reviewing potential director candidates, the Nominating Committee considers nominees recommended by our shareholders. When considering a potential candidate for service as a director, the Nominating Committee may consider, in addition to the minimum qualifications and other criteria approved by our Board, all facts

and circumstances that the Nominating Committee deems appropriate or advisable, including, among other things, the skills of the proposed director candidate, his or her availability, depth and breadth of business experience or other background characteristics, his or her independence and the needs of our Board. At a minimum, each nominee, whether proposed by a stockholder or any other party, is expected to have the highest personal and professional integrity, demonstrate sound judgment and possesses the ability to effectively interact with other members of our Board to serve the long-term interests of our company and shareholders. In addition, the Nominating Committee may consider whether the nominee has direct experience in our industry or in the markets in which we operate and whether the nominee, if elected, assists in achieving a mix of Board members that represent a diversity of background and experience. The procedures to be followed by shareholders in submitting such recommendations are described below in the section entitled “Submission of Securities Holder Recommendations for Director Candidates.”

Independence of our Board of Directors

Under the OTCQX Marketplace listing standards, a majority of the members of a listed company's board of directors must qualify as "independent," as affirmatively determined by its board of directors. Our Board consults with our legal counsel to ensure that our Board's determinations are consistent with relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in pertinent listing standards of the OTCQX Marketplace, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and our company, our senior management and our independent auditors, our Board has affirmatively determined that the following four directors are independent directors within the meaning of the applicable rules of the OTCQX Marketplace: Mr. Goergen, Mr. Bash, Dr. Puri, and Mr. Williams. In making this determination, our Board found that none of the directors had a material or other disqualifying relationship with the Company.

Leadership Structure

Our Chief Executive Officer serves as the Chairman of the Board. We believe that this leadership structure is appropriate due to the nature of our business. Mr. Mihaylo's experience in leadership positions throughout our company during his tenure, as well as his role in developing and executing the strategic plan, is critical to our future results. Mr. Mihaylo was able to utilize his in-depth knowledge and perspective gained in running our company to effectively and efficiently guide the full Board by recommending Board and committee meeting agendas, leading Board discussions on critical issues and creating a vital link among the Board, management and shareholders. Our Board believes this structure serves our shareholders by ensuring the development and implementation of our company's strategies.

Risk Oversight

Our primary risk consists of managing our operations within the current environment of being a start-up hosted telecom service provider. Our Telecommunication Services segment products and services are sold nationwide and our success is dependent on that being managed effectively. In general, our Board, as a whole and also at the committee level, oversees our risk management activities. Our Board annually reviews management's long-term strategic plan and the annual budget that results from that strategic planning process. Using that information, our Compensation Committee establishes both the short-term and long-term compensation programs that include all our executives (including the named executive officers). These compensation programs are ratified by our Board, as a whole. The compensation programs are designed to focus management on the performance metrics underlying the operations of the Company, while limiting risk exposure to our company. Our Board receives periodic updates from management on the status of our operations and performance (including updates outside of the normal Board meetings). Finally, as noted below, our Board is assisted by our Audit Committee in fulfilling its responsibility for oversight of the quality and integrity of our accounting, auditing and financial reporting practices. Thus, in performing its risk oversight our Board establishes the performance metrics, monitors on a timely basis the achievement of those performance metrics, and oversees the mechanisms that report those performance metrics.

Code of Business Conduct

We have adopted a Code of Business Conduct and Ethics applicable to our directors, officers and employees. A copy of this code is posted on our website at www.crexendo.com. In the event that we amend or waive any of the provisions of the Code of Business Conduct and Ethics applicable to our Chief Executive Officer, Chief Financial Officer, we intend to satisfy our disclosure obligations under Item 5.05 of Form 8-K by posting such information on

our website.

Certain Relationships and Related Transactions

Our Audit Committee is responsible for review and, as it determines appropriate, approval or ratification of “related-party transactions” between our company and related persons or entities, other than executive compensation decisions which are addressed by our Compensation Committee. We have adopted policies and procedures that apply to any transaction or series of transactions in which our company or a subsidiary is a participant, the amount involved exceeds \$10,000, and a related person or entity has a direct or indirect material interest. Our Audit Committee has determined that, barring additional facts or circumstances, a related person or entity does not have a direct or indirect material interest in any of the following categories of transactions:

any transaction with another company for which a related person’s only relationship is as an employee (other than an executive officer), director, or beneficial owner of less than 10% of that company’s shares, if the amount involved does not exceed \$10,000;

any charitable contribution, grant, or endowment by the company to a charitable organization, foundation, or university for which a related person’s only relationship is as an employee (other than an executive officer) or a director, if the amount involved does not exceed \$10,000;

compensation to directors, for service as directors, determined by our Board;

transactions in which all securities holders receive proportional benefits; or

banking-related services involving a bank depository of funds, transfer agent, registrar, trustee under a trust indenture, or similar service.

Transactions involving related persons or entities that are not included in one of the above categories are reviewed by our Audit Committee. Our Audit Committee determines whether the related person or entity has a material interest in a transaction and may approve, not approve or take other action with respect to the transaction in its discretion.

DIRECTOR COMPENSATION

The annual pay package for non-employee directors is designed to attract and retain highly qualified professionals to represent our shareholders. We also reimburse our directors for travel, lodging and related expenses they incur on company-related business, including Board and committee meetings. In setting director compensation, we consider the amount of time that directors spend in fulfilling their duties to the Company as well as the skill level required by our directors. Directors who are also employees receive no additional compensation for serving on our Board. For the years ended December 31, 2017 and 2016, non-employee director compensation consisted of the following.

Cash Compensation. For the year ended December 31, 2017, our non-employee directors received quarterly cash compensation of \$2,500 per quarter following completion of the quarterly meetings, beginning with the first quarter of 2017. For the year ended December 31, 2016, our non-employee directors did not receive any cash compensation or option awards.

Stock Options and Restricted Shares. On March 7, 2017, we granted to each non-employee director an option to purchase 10,000 shares of common stock at an exercise price of \$1.56, which price was not less than 100% of the fair market value of an underlying share of common stock on the date of grant. Each such option was fully vested and exercisable on the date of grant. In conformity with accounting guidance, the option awards to our non-employee directors were valued using the Black-Scholes option-pricing model on the date of grant, which were valued at \$0.76 per share.

The following table summarizes the compensation earned by and paid to our non-employee directors for the year ended December 31, 2017:

Director	Fees Earned or Paid in Cash	Option Awards (1)	All Other Compensation	Total
Todd Goergen	\$7,500	7,631	(2) -	\$15,131

EXECUTIVE COMPENSATION AND OTHER MATTERS

Compensation Discussion and Analysis

The overall objective of our executive compensation program is to help create long-term value for our shareholders by attracting and retaining talented executives, rewarding superior operating and financial performance, and aligning the long-term interests of our executives with those of our shareholders. Accordingly, our executive compensation program incorporates the following principles:

We believe that retaining experienced, competent, goal-oriented executives and minimizing executive turnover is in our shareholders' best interests;

We believe that a portion of our executives' compensation should be tied to measures of performance of our business as a whole and that such measures of performance should be non-discretionary;

We believe that a portion of our executives' compensation should be tied to measures of performance within each executive's specific job responsibilities and that those measures should be as non-discretionary as possible;

We believe that the interests of our executives should be linked with those of our shareholders through the risks and rewards of owning our common stock;

We believe that a meaningful portion of each executive's long-term incentives, and merit increases will vary based upon individual performance;

We believe that each executive's performance against corporate and individual objectives for the previous year should be periodically reviewed, and that the difficulty of achieving desired results in any particular year must be considered; and

We believe that we should consider the ability of each executive to support our long-term performance goals; as well as each executive's ability to fulfill his or her management responsibilities and his or her ability to work with and contribute to our executive management team.

Executive Compensation Procedures

In conjunction with our efforts to achieve the executive compensation objectives and implement the underlying compensation principles described above, we follow the procedures described below:

Role of the Compensation Committee

The Compensation Committee periodically requests and receives survey data from our human resource department on the compensation levels and practices of companies that need executive officers with skills and experience similar to what we require, companies that are in the same or similar industries as us, and companies with market capitalizations and revenues similar to us. The Compensation Committee uses this broad based survey information as a check on whether our compensation packages are consistent with current industry practices and are at a level that will enable us to attract and retain capable executive officers. We did not retain the services of a compensation consulting firm in 2017 or 2016.

With respect to executives other than the Chief Executive Officer, the Compensation Committee seeks and receives recommendations from the Chief Executive Officer with respect to performance and appropriate levels of compensation. The Committee does not request or accept recommendations from the Chief Executive Officer concerning his own compensation.

The Compensation Committee's conclusions and recommendations on the compensation packages for our executive officers are based on the total mix of information from the sources described above, as well as the Committee Members' general knowledge of executive compensation practices and their personal evaluations of the likely effects of compensation levels and structure on the attainment of our business and financial objectives.

Each year, our senior management prepares a business plan and establishes goals for our company. The Compensation Committee reviews, modifies (if necessary), occasionally sets, and ultimately approves these goals, which are then incorporated into the company's business plan. Periodically throughout the year, the Compensation Committee compares Company goals against actual circumstances and accomplishments. The Compensation Committee may revise the Company's goals and business plan if they determine that circumstances warrant.

The Compensation Committee relies on its judgment in making compensation recommendations and decisions after reviewing our company's overall performance and evaluating each executive's performance against established goals, leadership ability, responsibilities within the company, and current compensation arrangements. The compensation program for NEOs and the Compensation Committee assessment process are designed to be flexible so as to better respond to the evolving business environment and individual circumstances.

The Compensation Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee of the Compensation Committee consisting of one or more members of the committee. In particular, the Compensation Committee may delegate the approval of certain transactions to a subcommittee consisting solely of members of the committee who are (a) "Non-Employee Directors" for the purpose of Rule 16b-3 under the Securities Exchange Act of 1934, as in effect from time to time, and (b) "outside directors" for the purposes of Section 162(m) of the Internal Revenue Code, as in effect from time to time.

Elements of our Compensation Programs: What our Compensation Programs are Designed to Award and Why We Choose Each Element

Elements of Compensation. We implement the executive compensation objectives and principles described above through the use of the following elements of compensation, each of which is described in greater detail below:

Base Salary

Stock Option Awards

Retirement Benefits

Other Personal Benefits

The Compensation Committee evaluates overall compensation levels for each NEO in relation to other executives within our company and in relation to the NEO's prior year compensation. The Compensation Committee also considers competing offers made to NEOs, if any. The Compensation Committee considers each element of compensation collectively with the other elements when establishing the various forms and levels of compensation for each NEO. The Compensation Committee approves compensation programs which it believes are competitive with our peers, such that the combination of base pay and performance-based bonuses results in an aggregate rate of cash salary, bonus compensation, equity awards and other benefits for our NEOs within competitive market standards.

In determining long-term equity awards to executives, the Compensation Committee considers total equity awards available under the Plan, the number of equity awards to be granted to each executive in relation to other executives, the overall compensation objective for each executive, and the number and type of awards to executives in prior years.

Base Pay. Base salaries of the NEOs are set at levels that the Compensation Committee believes are generally competitive with our market peers so as to attract, reward, and retain executive talent. The Compensation Committee may opt to pay higher or lower amounts depending on individual circumstances. The Compensation Committee sets the base pay of the Chief Executive Officer and the other NEOs. Annual adjustments are influenced by growth of our operations, revenues and profitability, individual performance, changes in responsibility, and other factors. The table below summarizes base pay for our NEOs as of December 31, 2017:

Name	Base Pay	Position
Steven G. Mihaylo	\$-	Chief Executive Officer and Chairman of the Board
Doug Gaylor	\$210,000	Chief Operating Officer and President
Ron Vincent	\$157,500	Chief Financial Officer

Stock Option Awards. The Compensation Committee grants discretionary, long-term equity awards to our NEOs under the Plan. These awards have historically been in the form of stock options. The Compensation Committee believes that stock option awards align the interests of NEOs with the interests of our shareholders and will incentivize the NEOs to provide stockholder value. The Compensation Committee believes that such grants provide long-term performance-based compensation, help retain executives through the vesting periods, and serve to align management and stockholder interests. In making awards under the Plan, the Compensation Committee considers grant size. Options vest only to the extent that the NEO remains a company employee through the applicable vesting dates, typically monthly over three - four years. We believe the three - four year vesting schedule assists in retaining executives and encourages the NEOs to focus on long-term performance.

We have granted stock options to our NEOs with an exercise price equal to the closing price per share on the date of the grant. We do not grant options with an exercise price below 100% of the trading price of the underlying shares of our common stock on the date of grant. Stock options only have a value to the extent the value of the underlying shares on the exercise date exceeds the exercise price. Accordingly, stock options provide compensation only if the underlying share price increases over the option term and the NEO's employment continues with us until the vesting date.

In granting stock options to the NEOs, we also consider the impact of the grant on our financial performance, as determined in accordance with accounting guidance. For share-based equity awards, we record expense in accordance with accounting guidance. The amount of expense we record pursuant to accounting guidance may vary from the corresponding compensation value we use in determining the amount of the awards.

Retirement and Other Personal Benefits. All of our NEOs receive similar retirement and other personal benefits. We sponsor the Crexendo, Inc. Retirement Savings Plan (the "401(k) Plan") for eligible employees. Our NEOs participate in the 401(k) Plan. The 401(k) Plan is a broad-based, tax-qualified retirement plan under which eligible employees, including the NEOs, may make annual pre-tax salary reduction contributions, subject to the various limits imposed under the Internal Revenue Code of 1986, as amended (the "Code"). We make matching contributions under the 401(k) Plan on behalf of eligible participants, including the NEOs, at the rate of 100% of the first one percent and 50% of each additional percentage of each participating NEO's salary up to a six percent deferral, with a two-year vesting schedule for the matched portion. Matching contributions are not subject to non-discrimination requirements imposed by the Code. The 401(k) Plan is intended to help us attract and retain qualified executives through the offering of competitive employee benefits. We do not maintain any other pension or retirement plans for the NEOs.

We provide other traditional benefits and limited perquisites to our NEOs in order to achieve a competitive pay package as detailed in the Summary Compensation Table. The Compensation Committee believes that these benefits, which are detailed in the Summary Compensation Table under the heading "All Other Compensation", are reasonable, competitive, appropriate, and consistent with our overall executive compensation program. Other than our company's contributions to the 401(k) Plan, these benefits consist principally of employer-paid premiums on health insurance, personal automobile reimbursements, and mobile phone communications charges.

Compensation of Steven G. Mihaylo, Chief Executive Officer.

Mr. Mihaylo is primarily responsible for

investor relations activities and the general management of our NEOs. Mr. Mihaylo receives a small base salary to cover personal insurance premiums. Mr. Mihaylo does not participate in any non-equity incentive plans, but is eligible to receive stock option awards or other equity compensation. The Compensation Committee believes Mr. Mihaylo's interests are directly aligned with the interests of our shareholders because of Mr. Mihaylo's significant equity holdings in our company and his eligibility to participate in stock option awards or other equity compensation similar to Messrs. Gaylor and Vincent.

Compensation of Ronald Vincent, Chief Financial Officer. Mr. Vincent has general responsibility for our accounting, finance, and human resource functions. Mr. Vincent receives a base salary similar to the other NEOs. Mr. Vincent also receives retirement and other personal benefits similar to the other NEOs. Mr. Vincent receives stock options or other equity compensation similar to Messrs. Gaylor and Mihaylo.

Compensation of Doug Gaylor, President and Chief Operating Officer. Mr. Gaylor has general responsibility for our operations. Mr. Gaylor receives a base salary similar to the other NEOs. Mr. Gaylor also receives retirement and other personal benefits similar to the other NEOs. Mr. Gaylor receives stock options or other equity compensation similar to Messrs. Mihaylo and Vincent.

Deductibility of Executive Compensation. Section 162(m) of the Code imposes a \$1 million annual limit on the amount that a public company may deduct for compensation paid to its chief executive officer during a tax year or to any of its three other most highly compensated executive officers who are still employed at the end of the tax year. The limit does not apply to compensation that meets the requirements of Code Section 162(m) for “qualified performance-based” compensation (i.e., compensation paid only if the executive meets pre-established, objective goals based upon performance criteria approved by the shareholders).

The Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code. In certain situations, the Compensation Committee may approve compensation that will not meet the requirements of Code Section 162(m) in order to ensure competitive levels of total compensation for our executive officers. We do not have a stockholder approved non-equity incentive compensation plan. As a result, all bonus amounts paid to the NEOs do not constitute qualified performance-based compensation for purposes of Code Section 162(m). For the years ended December 31, 2017 and 2016, the compensation paid to the NEOs did not exceed the limitations imposed by Code Section 162(m).

Potential Payments upon Termination or Change-in-Control

Acceleration of Vesting of Options and Other Stock Awards upon Change in Control. All outstanding stock options awarded to the NEOs become fully vested upon a “change in control,” without regard to whether the NEO terminates employment in connection with or following the change in control.

If a change in control results in acceleration of vesting of an NEO’s otherwise unvested stock options and other stock awards, and if the value of such acceleration exceeds 2.99 times the NEO’s average W-2 compensation from employment with the company for the five taxable years preceding the year of the change in control (the “Base Period Amount”), the acceleration would result in an excess parachute payment under Code Section 280G equal to the value of such acceleration which is in excess of the NEO’s average W-2 compensation from employment with the company for the five taxable years preceding the year of the change in control. An NEO would be subject to a 20% excise tax under Code Section 4999 on any such excess parachute payment and we would be unable to deduct the excess parachute payment.
