J. W. MAYS, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Accounting Records and Use of Estimates:

The accounting records are maintained in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The preparation of the Company's financial statements in accordance with GAAP requires management to make estimates that affect the reported consolidated statements of income and retained earnings, comprehensive income, and the consolidated balance sheets and related disclosures. Actual results could differ from those estimates. The rent expense paid to a related party is considered a significant estimate and may vary materially from the amount recorded in the financial statements.

The interim financial statements are prepared pursuant to the requirements for reporting on Form 10-Q. The July 31, 2007 balance sheet was derived from audited financial statements but does not include all disclosures required by GAAP. The interim financial statements and notes thereto should be read in conjunction with the financial statements and notes included in the Company's latest Form 10-K Annual Report for the fiscal year ended July 31, 2007. In the opinion of management, the interim financial statements reflect all adjustments of a normal recurring nature necessary for a fair statement of the results for interim periods. The results of operations for the current period are not necessarily indicative of the results for the entire fiscal year ending July 31, 2008.

2. Income Per Share of Common Stock:

Income per share has been computed by dividing the net income for the periods by the weighted average number of shares of common stock outstanding during the periods, adjusted for the purchase of treasury stock. Shares used in computing income per share were 2,015,780 for the six months ended January 31, 2008 and January 31, 2007.

3. Comprehensive Income:

Statement of Financial Accounting Standards (SFAS) No. 130, "Reporting Comprehensive Income", establishes standards for the reporting of comprehensive income and its components. It requires all items that are required to be recognized as components of comprehensive income be reported in a financial statement that is displayed with the same prominence as other income statement information. Comprehensive income is defined to include all changes in equity except those resulting from investments by and distributions to shareholders.

4. Marketable Securities:

The Company categorizes marketable securities as either trading, available-for-sale or held-to-maturity. Trading securities are carried at fair value with unrealized gains and losses included in income. Available-for-sale securities are carried at fair value with unrealized gains and losses recorded as a separate component of shareholders' equity. Held-to-maturity securities are carried at amortized cost. Dividends and interest income are accrued as earned.

Edgar Filing: MAYS J W INC - Form 10-Q

As of January 31, 2008, the Company's marketable securities were classified as follows:

| | Cost | Gross Unrealized Gains | Gross Unrealized Losses |
|------------------------|-------------|------------------------------|-------------------------------|
| Current: | | | |
| Held-to-maturity: | | | |
| Certificate of deposit | \$48,466 | \$- | \$- |
| Noncurrent: | | | |
| Available-for-sale: | | | |
| Equity securities | \$1,610,252 | \$96,288 | \$- |

Investment income consists of the following:

| | Three Months Ended January 31 | | Six Month Janua |
|-----------------|----------------------------------|----------|--------------------|
| | 2008 | 2007 | 2008 |
| Interest income | \$36,065 | \$3,378 | \$85,117 |
| Dividend income | 12,007 | 15,442 | 27,400 |
| Total | \$48,072 | \$18,820 | \$112,517 |

5. Financial Instruments and Credit Risk Concentrations:

Financial instruments that are potentially subject to concentrations of credit risk consist principally of marketable securities, cash and cash equivalents and receivables. Marketable securities, cash and cash equivalents are placed with high credit quality financial institutions and instruments to minimize risk.

The Company derives rental income from fifty-one tenants, of which one tenant accounted for 11.77% and another tenant accounted for 13.33% of rental income during the six months ended January 31, 2008. No other tenant accounted for more than 10% of rental income during the same period.

The Company has three irrevocable Letters of Credit totaling \$367,500 at January 31, 2008, provided by three tenants and two irrevocable Letters of Credit totaling \$137,500 at July 31, 2007, provided by two tenants. These Letters of Credit from the tenants are in lieu of security deposits.

| | | | | ===== | ===== |

(a) The Company, on September 11, 1996, closed a loan with a bank in the amount of \$4,000,000. The loan is secured by a first mortgage lien covering the entire leasehold interest of the Company, as tenant, in a certain ground lease and building in the Jamaica, New York property. In March 2007, the Company extended the loan for five years with an option for an additional five year period. The interest rate for the initial five years is 6.00% per annum. Interest and amortization of principal will be made in constant monthly amounts based on a fifteen year (15) payout period. The outstanding balance of the loan totaling \$1,036,602 will become due and payable on April 1, 2012.

(b) The Company, on December 13, 2000, closed a loan with a bank in the amount of \$3,500,000. The loan is secured by a second position leasehold mortgage covering the entire leasehold interest of the Company, as tenant, in a certain ground lease and building in the Jamaica, New York property. The outstanding balance of the loan, totaling \$2,739,452, became due and payable on October 1, 2006. The Company exercised its option to extend the loan for a additional five (5) years to October 1, 2011. The interest rate for the extended period is 6.81% per annum. At the end of the five year period there will be a balance due on the loan of \$2,077,680.

As additional collateral security, the Company conditionally assigned to the bank all leases and rents on the premises, or portions thereof, whether now existing or hereafter consummated. The Company has an option to prepay principal, in whole or in part, plus interest accrued thereon, at any time during the term, without premium or penalty. Other provisions of the loan agreement provide certain restrictions on the incurrence of indebtedness on the Jamaica property and the sale or transfer of the Company's ground lease interest in the premises.

(c) The Company, on May 7, 2004, closed a loan with an affiliated corporation owned by members, including certain directors of the Company, of the family of the late Joe Weinstein, former Chairman of the Board of Directors, in the amount of \$1,350,000. The term of the loan is for a period of five (5) years at an interest rate of 9.00% per annum. Interest and amortization of principal are paid quarterly based on a fifteen (15) year level amortization period. The constant quarterly payments of interest and principal are \$40,316. The outstanding balance of the loan, totaling \$1,056,007, will become due and payable on April 1, 2009. Interest paid for the six months ended January 31, 2008 and January 31, 2007 was \$51,762 and \$54,221, respectively.

Edgar Filing: MAYS J W INC - Form 10-Q

(d) On June 2, 1999, the existing first mortgage loan balance on the Fishkill, New York property was extended for a period of five years. Under the terms of the extension agreement, the annual interest rate was reduced from 9% to 8.25% and the interest and principal payments were made in constant monthly amounts based upon a fifteen (15) year payout period. On August 19, 2004 the Company extended the loan for an additional forty-two (42) months, with an option to convert the loan to a seven (7) year permanent mortgage loan. (See Note 6(e) below). The Company in February 2008 converted the loan to a seven (7) year permanent mortgage loan. The interest rate on conversion was 6.98%.

- 8 -

(e) The Company, on August 19, 2004, closed a loan with a bank for a \$12,000,000 multiple draw term loan. This loan finances seventy-five (75%) percent of the cost of capital improvements for an existing lease to a tenant and capital improvements for future tenant leases at the Company's Brooklyn, New York (Bond Street building) and Fishkill, New York properties. The loan will also finance \$850,000 towards the construction of two new elevators at the Company's Brooklyn, New York property (Bond Street building). The loan also refinanced the existing mortgage on the Company's Fishkill, New York property which matured on July 1, 2004 (see Note 6(d)). The Company will have three and one-half years to draw down amounts under this loan. The loan consists of: a) a permanent, first mortgage loan to refinance an existing first mortgage loan affecting the Fishkill Property (the "First Permanent Loan") (see Note 6(d)), b) a permanent subordinate mortgage loan in the amount \$1,870,000 (the "Second Permanent Loan"), and c) multiple, successively subordinate loans in the amount \$8,295,274 ("Subordinate Building Loans"). The loan is structured in two phases: 1) a forty-two (42) month loan with payments of interest only at the floating one-month LIBOR rate plus 2.25% per annum, but not less than 3.40%; and 2) after the forty-two month period, the loan would convert to a seven-year (7) permanent mortgage loan on a seventeen (17) year level amortization, plus interest, at the option of the Company. The interest rate on the permanent loan would be at a fixed rate equal to the Federal Home Loan Bank of New York's seven-year (7) fixed interest rate plus 2.25% per annum at the time of conversion. As of August 19, 2004, the Company refinanced the existing mortgage on the Company's Fishkill, New York property, which balance was \$1,834,726 and took down an additional \$2,820,000 for capital improvements for two tenants at the Company's Bond Street building in Brooklyn, New York. In fiscal 2006, 2007 and 2008, the Company drew down additional amounts totaling \$916,670, on its multiple draw term loan to finance tenant improvements and brokerage commissions for the leasing of 13,026 square feet for office use at the Company's Bond Street building in Brooklyn, New York. The total amount financed was \$916,670. The outstanding balance of the multiple draw term loan as of January 31, 2008 was \$5,571,396 which were for both the Bond Street and Fishkill properties. The interest rate at January 31, 2008 was 7.12% per annum. The Company in February 2008 converted the loan to a seven (7) year permanent mortgage loan. The interest rate on conversion was 6.98%. Since the loan has been converted to a permanent mortgage loan, the balance of the financing on this loan is for the new elevators at the Company's Bond Street building in Brooklyn, New York in the amount of \$850,000.

(f) On February 18, 2005, the Company secured financing in the amount of \$1,700,000, from a bank whose president is a director of the Company. The loan is a multiple draw loan, for a period of five (5) years, and is self-amortizing, at an interest rate of 6.50% per annum.

(g) The Company, on July 22, 2005, closed a loan with a bank for \$1,200,000. The loan will be used to finance the construction costs and

Edgar Filing: MAYS J W INC - Form 10-Q

brokerage commissions associated with the leasing of 15,000 square feet for office use to a tenant at the Company's Jowein building in Brooklyn, New York. The loan will be secured by the assignment of lease of 15,000 square feet. The loan is for a period of five (5) years and is self-amortizing, at a floating interest rate of prime plus 1.00% per annum. The interest rate at January 31, 2008 was 7.00% per annum.

8. Note Payable:

On December 15, 2004, the Company borrowed \$1,000,000 from a director of the Company, who is also a greater than 10% beneficial owner of the outstanding common stock of the Company. The term of the loan is for a period of three (3) years maturing on December 15, 2007, at an interest rate of 7.50% per annum. The loan is unsecured. The note is prepayable in whole or in part at any time without penalty. The constant quarterly payments of interest are \$18,750. The Company extended the note for an additional three (3) years maturing on December 15, 2010, at an interest rate of 7.50% per annum.

9. Unbilled Receivables and Rental Income:

Unbilled receivables represent the excess of scheduled rental income recognized on a straight-line basis over rental income as it becomes receivable according to the provisions of each lease.

10. Employees' Retirement Plan:

Edgar Filing: MAYS J W INC - Form 10-Q

The Company sponsors a noncontributory Money Purchase Plan covering substantially all of its employees. Operations were charged \$85,170 and \$160,875 as contributions to the Plan for the three and six months ended January 31, 2008, respectively, and \$69,111 and \$137,895 as contributions to the Plan for the three and six months ended January 31, 2007, respectively.

- 10 -

11. Cash Flow Information:

For purposes of reporting cash flows, the Company considers cash equivalents to consist of short-term highly liquid investments with maturities of six months or less, which are readily convertible into cash.

Supplemental disclosure:

| | Six Months Ended | |
|---|------------------|-------------|
| | January 31 | |
| | 2008 | 2007 |

| Income taxes paid | \$1,721,616 | \$1,042,755 |

12. Capitalization:

The Company is capitalized entirely through common stock with identical voting rights and rights to liquidation. Treasury stock is recorded at cost and consists of 162,517 shares at January 31, 2008 and at July 31, 2007.

13. Contingencies:

There are various lawsuits and claims pending against the Company. It is the opinion of management that the resolution of these matters will not have a material adverse effect on the Company's Consolidated Financial Statements.

In response to a termination notice that the Company received concerning its tenancy in a portion of the Jowain building, Brooklyn, New York, on April 25, 2007, the Company filed a lawsuit against its landlords in New York State Supreme Court, Kings County. In the lawsuit, the Company seeks a judgment declaring that the landlords' termination notice was improperly issued and that the Company is not required to correct or cure the purported defaults cited in the termination notice. In addition, the Company seeks an order temporarily, preliminarily and permanently enjoining the landlords from taking any action to terminate the lease or otherwise interfere with the Company's possession of the premises.

On May 16, 2007, the New York State Supreme Court granted the Company's motion for preliminary injunctive relief and enjoined the landlords, during the pendency of this action, from taking any action to evict the Company, terminate the Company's lease which is scheduled to expire on

Edgar Filing: MAYS J W INC - Form 10-Q

April 30, 2010, and/or commencing summary action adverse to the Company's rights or otherwise disturb the Company's possession of the premises. The landlords have answered the complaint denying the allegations and asserting counterclaims against the Company relating to the premises. Discovery is ongoing. Management of the Company is unable to predict the outcome of this matter or whether the Company will be required to expend significant amounts of money in order to correct any of the purported defaults.

J. W. MAYS, INC. MANAGEMENT'S DISCUSSION AND ANALYSIS OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION

Results of Operations:

Three months Ended January 31, 2008 Compared to the Three months Ended January 31, 2007:

In the three months ended January 31, 2008, the Company reported a net loss of (\$244,680), or (\$.12) per share. In the comparable three months ended January 31, 2007, the Company reported a net loss of (\$8,764), or (\$.00) per share.

Revenues in the current three months increased to \$3,735,444 from \$3,390,563 in the comparable 2007 three months. The increase in revenues was due to the Company's leasing to five additional tenants at the Company's Brooklyn, Jamaica and Levittown, New York properties, offset by the vacating of a tenant at the Company's Brooklyn, New York property in July 2007.

The recovery of real estate taxes in the current three months in the amount of \$91,043, net of legal expenses, represents prior years' real estate taxes from one of the Company's properties. The comparable 2007 three months did not have a recovery of real estate taxes.

Real estate operating expenses in the current three months increased to \$2,393,221 from \$2,094,811 in the comparable 2007 three months primarily due to increases in rental expense, utility costs, maintenance costs and lease commission expense, partially offset by decreases in real estate taxes.

Administrative and general expenses in the current three months increased to \$1,070,534 from \$696,128 in the comparable 2007 three months primarily due to increases in payroll costs, insurance costs, legal and professional costs, pension costs, and a bad debt expense due to a tenant vacating the premises at the Company's Jowein building in Brooklyn, New York.

Depreciation and amortization expense in the current three months increased to \$397,608 from \$393,871 in the comparable 2007 three months.

Interest expense and other expenses in the current three months exceeded investment income by \$181,761 and by \$237,517 in the comparable 2007 three months. The decrease in the excess of interest expense over investment income was due primarily to increased investment income and scheduled repayments of debt.

Six months Ended January 31, 2008 Compared to the Six months Ended January 31, 2007:

In the six months ended January 31, 2008, the Company reported a net loss of (\$280,818), or (\$.14) per share. In the comparable six months ended January 31, 2007, the Company reported a net loss of (\$186,660), or (\$.09) per share.

Edgar Filing: MAYS J W INC - Form 10-Q

Revenues in the current six months increased to \$7,212,651 from \$6,707,261 in the comparable 2007 six months. The increase in revenues was due to the Company's leasing to five additional tenants at the Company's Brooklyn, Jamaica and Levittown, New York properties, offset by the vacating of a tenant at the Company's Brooklyn, New York property in July 2007.

The recovery of real estate taxes in the current six months in the amount of \$91,043, net of legal expenses, represents prior years' real estate taxes from one of the Company's properties. The comparable 2007 six months had a recovery of real estate taxes in the amount of \$13,996.

Real estate operating expenses in the current six months increased to \$4,538,801 from \$4,220,702 in the comparable 2007 six months primarily due to increases in rental expense, utility costs, maintenance costs and lease commission expense, partially offset by decreases in real estate taxes.

- 12 -

Administrative and general expenses in the current six months increased to \$1,850,890 from \$1,427,268 in the comparable 2007 six months primarily due to increases in payroll costs, insurance costs, legal and professional costs, pension costs, and a bad debt expense due to a tenant vacating the premises at the Company's Jowein building in Brooklyn, New York.

Depreciation and amortization expense in the current six months increased to \$793,649 from \$788,803 in the comparable 2007 six months.

Interest expense and other expenses in the current six months exceeded investment income by \$357,129 and by \$471,148 in the comparable 2007 six months. The decrease in the excess of interest expense over investment income was due primarily to increased investment income and scheduled repayments of debt.

Liquidity and Capital Resources:

The Company has been operating as a real estate enterprise since the discontinuance of the retail department store segment of its operations on January 3, 1989.

Management considers current working capital and borrowing capabilities adequate to cover the Company's planned operating and capital requirements. The Company's cash and cash equivalents amounted to \$1,876,427 at January 31, 2008.

In October 2006, the Company entered into a lease agreement with a restaurant at the Company's Levittown premises. The restaurant intends to construct a new building. The tenant expects to open the restaurant in fiscal 2008. The tenant began paying partial rent in September 2007. This will replace the tenant that vacated the premises in September 2004. The annual rental income from this lease agreement will more than offset the annual rental income lost from the previous tenant.

In July 2007, a tenant who occupied 22,192 square feet of office space at the Company's Brooklyn, New York property, vacated the premises. The annual loss in rental income to the Company will be approximately \$470,000. The Company is actively seeking, through brokers, tenants to occupy the vacated space.

In May 2007, the Company entered into a lease agreement with a tenant for 15,900 square feet of office space at its Jowein building in Brooklyn, New York. Rent will commence in March 2008.

Edgar Filing: MAYS J W INC - Form 10-Q

Levitz Home Furnishings, Inc. whose lease was assigned to PLVTZ, LLC, d/b/a Levitz Home Furnishings ("Levitz") which occupies retail space at the Company's Jowein building in Brooklyn, New York and which accounted for 5.60% of the annual rental income of the Company for the fiscal year ended July 31, 2007, filed for Chapter 11 bankruptcy protection from creditors on November 8, 2007. Levitz vacated the premises on January 31, 2008 and informed the Company in February 2008, of its intentions to reject the lease. The annual rental income from Levitz was approximately \$800,000. The Company in March 2008, rented the premises to a tenant for the remaining term of the Levitz lease (through April 2010) at slightly less than half the Levitz rental.

As part of the \$12,000,000 multiple draw term loan, the bank agreed to finance the cost of two new elevators at the Company's Bond Street building in Brooklyn, New York. The amount to be financed will be \$850,000. (See Note 6(e) to the Consolidated Financial Statements). The total cost of the elevator project is estimated to be \$1,100,000 and is anticipated to be completed in fiscal 2008. In February 2008, the Company converted the multiple draw term loan to a permanent mortgage loan. The \$850,000 for elevators is the remaining amount of financing due under this loan.

Cash Flows From Operating Activities:

Payroll and Other Accrued Liabilities: The Company paid \$187,000 for commissions incurred in order to lease space at the Company's properties in the six months ended January 31, 2008. The original amount of the brokerage commissions was \$2,366,743. As of January 31, 2008, \$1,848,377 had been paid.

- 13 -

The Company has paid an additional \$672,300 in rent expense to its landlord for the period of August 1, 2006 through January 31, 2008, which is an affiliated Company, on its Jamaica, New York property. The rent expense is based upon a estimate. The final amount of rent expense has not yet been determined and may be submitted to an independent arbitrator for resolution.

Cash Flows From Investing Activities:

The Company had expenditures of \$285,242 in the six months ended January 31, 2008 for the renovation of 32,890 square feet for office space for a tenant at its Jamaica, New York building. The cost of the project was \$564,937 and was completed in December 2007.

The Company had expenditures of \$47,260 in the six months ended January 31, 2008 for the construction of two new elevators. The total cost of the project is approximately \$1,100,000, of which \$850,000 will be financed by a bank. The project is anticipated to be completed in fiscal 2008.

The Company had expenditures of \$89,000 in the six months ended January 31, 2008 for the installation of new heat, ventilation and air conditioning equipment along with the corresponding electrical service required at the Company's Jamaica, New York building. The cost of the project will be approximately \$900,000. The project is anticipated to be completed in May 2008.

Cash Flows From Financing Activities:

Borrowing: The Company drew down an additional \$41,955 on its multiple draw term loan, to finance tenant improvements and brokerage commissions for the leasing of 13,026 square feet for office use at the Company's Bond Street building in Brooklyn, New York. The total amount financed was \$916,670. (See

Edgar Filing: MAYS J W INC - Form 10-Q

Note 6(e) to the Consolidated Financial Statements).

Quantitative and Qualitative Disclosures About Market Risks:

The Company uses both fixed-rate and variable-rate debt to finance its capital requirements. These transactions expose the Company to market risk related to changes in interest rates. The Company does not use derivative financial instruments. At January 31, 2008, the Company had fixed-rate debt of \$12,440,352 and variable-rate debt of \$620,000. With regards to the Jowein building, Brooklyn, New York loan (presently with a balance of \$620,000), if interest rates were to change 100 basis points, the effect on net income from operations and future cash flows would be a decrease, should the rates increase, or an increase, should the rates decline, of \$6,200 for this loan.

Cautionary Statement Regarding Forward-Looking Statements:

This Quarterly Report on Form 10-Q may contain forward-looking statements which include assumptions about future market conditions, operations and financial results. These statements are based on current expectations and are subject to risks and uncertainties. They are made pursuant to safe harbor provisions of the Private Securities Litigation Reform Act of 1995. The Company's actual results, performance or achievements in the future could differ significantly from the results, performance or achievements discussed or implied in such forward-looking statements herein and in prior Securities and Exchange Commission filings by the Company. The Company assumes no obligation to update these forward-looking statements or to advise of changes in the assumptions on which they were based.

Factors that could cause or contribute to such differences include, but are not limited to, changes in the competitive environment of the Company, general economic and business conditions, industry trends, changes in government rules and regulations and environmental rules and regulations. Statements concerning interest rates and other financial instrument fair values and their estimated contribution to the Company's future results of operations are based upon market information as of a specific date. This market information is often a function of significant judgment and estimation. Further, market interest rates are subject to significant volatility.

Controls and Procedures:

The Company's management reviewed the Company's internal controls and procedures and the effectiveness of these controls. As of January 31, 2008, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including its Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Rules 13a-14(c) and 15d-14(c) of the Securities Exchange Act of 1934. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective in timely alerting them to material information relating to the Company required to be included in its periodic SEC filings.

There was no change in the Company's internal controls over financial reporting or in other factors during the Company's last fiscal quarter that materially affected, or are reasonably likely to materially affect, the Company's internal controls over financial reporting. There were no significant deficiencies or material weaknesses, and therefore there were no corrective actions taken.

Edgar Filing: MAYS J W INC - Form 10-Q

Our Accounting Department is comprised of four persons. Due to such a limited number of persons, a complete segregation of all of the duties as to which the department is responsible is not possible. In order to make sure that the inability to segregate all duties does not affect our timely and accurate financial reporting, we need to remain vigilant in maintaining compensating controls. These compensating controls will continue to be monitored in order to assure us that our internal controls over financial reporting remain at a high level despite the limited number of Accounting Department personnel.
