2014 Annual Incentive Awards

On February 12, 2014, the Compensation Committee (the “Committee”) of the Board of Directors (the “Board”) of MDU Resources Group, Inc. (the “Company”) established 2014 annual incentive award opportunities for the executive officers including those officers who were the named executive officers in the Company’s proxy statement for the 2013 Annual Meeting of Stockholders, and those who will be named executive officers in the proxy statement for the 2014 Annual Meeting of Stockholders (the “NEOs”). The Board approved the award opportunities at its meeting on February 13, 2014. The 2014 annual incentive award opportunities for the NEOs are set forth in the 2014 Annual Incentive Award Opportunity Chart, which is filed as Exhibit 10.1 and incorporated herein by reference.

The 2014 awards for David L. Goodin, President and Chief Executive Officer of the Company, J. Kent Wells, Vice Chairman of the Company and President and Chief Executive Officer of the exploration and production segment, and Jeffrey S. Thiede, President and Chief Executive Officer of the construction services segment, were made pursuant to the Long-Term Performance-Based Incentive Plan (the “LTIP”). The form of Annual Incentive Award Agreement under the LTIP is filed as Exhibit 10.2 hereto. The 2014 awards for Doran N. Schwartz, Vice President and Chief Financial Officer of the Company, Steven L. Bietz, President and Chief Executive Officer of the pipeline and energy services segment, and Paul K. Sandness, General Counsel and Secretary of the Company, were made pursuant to the MDU Resources Group, Inc. Executive Incentive Compensation Plan (the “EICP”). Terry D. Hildestad, the Company’s former President and Chief Executive Officer, and William E. Schneider, the Company’s former Executive Vice President - Bakken Development, received no awards because of their respective retirements on January 3, 2013 and June 18, 2013.

Except as the Committee may otherwise determine, in order to be eligible to receive an annual incentive award payment under the LTIP, participants must remain employed by the Company through December 31, 2014. The Committee has full discretion to determine the extent to which goals have been achieved, the payment level, whether any final payment will be made and whether to adjust awards downward based upon individual performance. Unless otherwise determined and established in writing by the Committee within 90 days of the beginning of the performance period, no adjustment shall be made to the performance goals if the adjustment would increase the annual incentive award payment. The Committee may use negative discretion and adjust any annual incentive award payment downward, using any subjective or objective measures as it shall determine. The application of any reduction, and the methodology used in determining any such reduction, is in the sole discretion of the Committee.

With respect to annual incentive awards granted pursuant to the EICP, participants who retire during the year at age 65 pursuant to their employer’s bylaws remain eligible to receive an award. Subject to the Committee’s discretion, participants who terminate employment for other reasons are not eligible for an award, except that a prorated award may be paid to participants

who transfer between their employer at the time the award is granted and MDU Resources Group, Inc. or any of its business segments, divisions or subsidiaries. The Committee has full discretion to determine the extent to which performance measures have been achieved, the payment level and whether any final payment will be made. Once performance measures are approved by the Committee for EICP awards, the Committee generally does not modify the measures. However, if major unforeseen changes in economic and environmental conditions or other significant factors beyond the control of management substantially affected management's ability to achieve the specified performance targets, the Committee, in consultation with the chief executive officer, may modify the performance targets. Such modifications will only be considered in years of unusually adverse or favorable external conditions.

Payments are based upon achievement relative to established annual performance measures. The target incentive awards were established based upon the officers' positions and base salaries as follows:

| Name | Position | 2014 Annual Incentive Target (as % of Base Salary) |
|-------------------|--|--|
| David L. Goodin | President and Chief Executive Officer of the Company | 150 |
| Doran N. Schwartz | Vice President and Chief Financial Officer of the Company | 50 |
| J. Kent Wells | Vice Chairman of the Company and President and Chief Executive Officer of Exploration and Production segment | 125 |
| Steven L. Bietz | President and Chief Executive Officer of Pipeline and Energy Services segment | 65 |
| Jeffrey S. Thiede | President and Chief Executive Officer of Construction Services segment | 85 |
| Paul K. Sandness | General Counsel and Secretary of the Company | 60 |

Payment will range (i) from zero to 200% of the target for Messrs. Bietz and Wells, (ii) from zero to approximately 207% of the target for Messrs. Goodin, Schwartz and Sandness and (iii) from zero to 237.5% of the target for Mr. Thiede based upon achievement of the performance measures. The 2014 performance measures and goal weightings for Messrs. Bietz, Wells and Thiede are:

| Name | Business Segment | Business Segment Goal Weighting | | | Company Goal Weighting |
|-------------------|------------------------------|---------------------------------|-------------------|--------------|------------------------|
| | | Budgeted Allocated EPS (%) | Budgeted ROIC (%) | Earnings (%) | EPS (%) |
| Steven L. Bietz | Pipeline and Energy Services | 37.5 | 37.5 | – | 25 |
| J. Kent Wells | Exploration and Production | – | – | 75 | 25 |
| Jeffrey S. Thiede | Construction Services | – | – | 75 | 25 |

Company EPS will be adjusted to (i) reflect earnings, as adjusted, at the exploration and production segment, as discussed below, and (ii) exclude the effects on earnings at the Company level of intersegment eliminations. Intersegment eliminations are intercompany balances and transactions that will be eliminated in consolidation (to be reported in the notes to the Company's financial statements for the fiscal year ending December 31, 2014), except for certain transactions related to the Company's regulated operations in accordance with GAAP.
