Whether or not you plan to attend the Annual Meeting of Stockholders, we encourage you to read this Proxy Statement and submit your proxy as soon as possible. For specific instructions on how to vote your shares, please refer to the instructions on the Notice of Internet Availability of Proxy Materials you received in the mail and if you receive or request to receive printed proxy materials, the proxy card. The Company's annual report to stockholders and its Annual Report on Form 10-K for the recently completed fiscal year, which includes the consolidated financial statements of the Company, have been made available with this Proxy Statement.

The Company is a diversified financial services company which serves the financial needs of central Illinois. The Company owns all of the outstanding capital stock of First Mid-Illinois Bank & Trust, N.A., a national banking association ("First Mid Bank"); Mid-Illinois Data Services, Inc., a data processing company ("Data Services"); and The Checkley Agency, Inc. doing business as First Mid Insurance Group, an insurance agency ("Insurance Group").

Only holders of record of the Company's common stock ("Common Stock") at the close of business on March 1, 2018 (the "Record Date") will be entitled to vote at the annual meeting or any adjournments or postponements of such meeting. On the Record Date, the Company had 12,673,998 shares of Common Stock issued and outstanding. In the election of directors, and for any other matters to be voted upon at the annual meeting, each issued and outstanding share of Common Stock is entitled to one vote.

A quorum of stockholders is necessary to take action at the annual meeting. The presence, in person or by proxy, of the holders of a majority of the shares of Common Stock of the Company entitled to vote at the meeting will constitute a quorum. Votes cast by proxy or in person at the meeting will be tabulated by the inspector of election appointed for the meeting and will be counted as present for purposes of determining whether a quorum is present. PROPOSAL 1 - ELECTION OF DIRECTORS

The directors of the Company are divided into Classes I, II and III having staggered terms of three years. For this year's annual stockholders meeting, upon the recommendation of the Board of Director's independent directors, the Board of Directors has nominated for re-election as Class II directors, for a term expiring in 2021, Holly A. Bailey and Joseph R. Dively. Because William S. Rowland is retiring from the Board of Directors at the annual meeting, he was not nominated as a Class II director. The Board of Directors has adopted a mandatory retirement age for all directors of 70, provided directors are permitted to serve for the full term in which they reach age 70. Mr. Rowland reached age 70 during his term expiring at the annual meeting. Ms. Bailey and Mr. Dively have served as directors of the Company since 2012 and 2004, respectively. The two individuals receiving the highest number of votes cast will be elected as directors of the Company and will serve as Class II directors for a three-year term. Broker non-votes, because they are not considered votes cast, will not be counted in the vote totals. The Company has no knowledge that any of the nominees will refuse or be unable to serve, but if any of the nominees becomes unavailable for election, the holders of the proxies reserve the right to substitute another person of their choice as a nominee when voting at the meeting. Following Mr. Rowland's retirement, the number of directors will be eight, comprised of three Class I directors, two Class II directors and three Class III directors.

The following table sets forth as to each nominee and director continuing in office, his or her name, age, principal occupation and the year he or she first became a director of the Company. BOARD OF DIRECTORS LEADERSHIP

Mr. Dively has served as President and Chief Executive Officer and Chairman of the Board of Directors of the Company since January 1, 2014. The Board of Directors believes that having the Chief Executive Officer and Chairman positions held by the same individual allows that individual to have multiple perspectives about the Company and its operations while optimizing the ability of the Board of Directors to communicate with Company management. Also, because the members of the Board of Directors other than Mr. Dively are independent, the knowledge of the Company that Mr. Dively brings to the Board of Directors helps to enhance the Board of Directors' leadership of the Company. The Board of Directors has no fixed policy with respect to combining or separating the roles of the Chief Executive Officer and the Chairman of the Board of Directors and will continue to review the Board of Directors' leadership structure from time to time in order to ensure that the leadership is optimal for the Company at that time.

At any time that the Chief Executive Officer and Chairman of the Board positions are held by the same individual, the Board of Directors may, in its discretion, appoint a lead independent director. At its meeting on January 28, 2014, the Board of Directors appointed Mr. Sparks as its lead independent director. Prior to Mr. Sparks' appointment, the Board of Directors did not have a lead independent director. The responsibilities of the lead independent director include the following: acting as a liaison between the Chairman and the independent members of the Board of Directors; advising the Chairman on the quality, quantity and timeliness of the flow of information from management; serving as a resource to the members of the Board of Directors on corporate governance practices and policies; and coordinating and moderating executive sessions of the independent members of the Board of Directors.

BOARD OF DIRECTORS ROLE IN RISK OVERSIGHT

The Board of Directors oversees the risk management of the Company through its committees, management committees and the Chief Executive Officer. The Board of Directors' audit committee monitors risks related to (1) the effectiveness of the Company's disclosure controls and internal controls over financial reporting, (2) the integrity of its Consolidated Financial Statements, (3) compliance with laws and regulations, (4) risks and exposures relating to financial reporting, particularly disclosure and SEC reporting, (5) internal and independent auditors and (6) tax, investment, credit and liquidity matters. In addition, the audit committee oversees the internal audit function and communicates with the independent registered public accountant. The compensation committee is also involved in risk management through its review of risks in the Company's compensation policies and practices for employees. The Board of Directors' recognition of the importance of risk management oversight and their role in representing the interests of stockholders is enhanced as a result of the Board of Directors members' collective beneficial ownership of approximately 17% of the outstanding shares of Common Stock of the Company.

At its monthly meetings, the Board of Directors receives the minutes from each of the Company's management committee meetings, as well as various reports from executive management, including the senior Risk Management officer. The Board of Directors reviews and discusses these reports with each of the executive managers. The Board of Directors reviews the status of all classified assets and trends in loan delinquency and reviews the allowance for loan losses each quarter. The senior loan committee approves all loan underwriting decisions in excess of \$4 million and up to \$15 million. The Board of Directors approves all underwriting decisions in excess of \$15 million.

The Board of Directors also reviews the policies and practices of the Company on a regular basis. In addition, the Board of Directors reviews corporate strategies and objectives, evaluates business performance and reviews the annual business plan.

NOMINATIONS FOR DIRECTOR

The Company does not maintain a standing nominating committee but has adopted a Director Nomination Policy. The Board of Directors' independent directors (the "Independent Directors") perform the functions of a nominating committee, and considers and acts on all matters relating to the nomination of individuals for election as directors. Pursuant to the Director Nomination Policy, the Independent Directors review and make recommendations regarding the composition and size of the Board of Directors in order to ensure that it has the requisite expertise and that its membership consists of persons with sufficiently diverse backgrounds and satisfies NASDAQ's listing requirements regarding independent directors. The Company believes the diverse backgrounds and perspectives of its current directors, as described above under "Board Director Qualifications," are appropriate to the oversight of the Company's management team and performance. The Board of Directors does not believe it needs a separate nominating committee because the Independent Directors have the time and resources to perform the function of selecting director nominees. Also, all but one of the directors satisfies the independence requirements of the NASDAQ Stock

Exchange. The Independent Directors act in accordance with the Company's Director Nomination Policy and the Company's Certificate of Incorporation when performing their nominating function.

In the consideration of director nominees, the Independent Directors consider, at a minimum, the following factors for new directors, or the continued service of existing directors: (1) the ability of the prospective nominee to represent the interests of the stockholders of the Company; (2) the prospective nominee's standards of integrity, commitment and independence of thought and judgment; (3) the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties; (4) the extent to which the prospective nominee contributes to the diversity of talent, skill and expertise appropriate for the Board of Directors; and (5) the prospective nominee's contributions to the Board of Directors as a whole.

Any stockholder who wishes to recommend a director candidate for consideration by the Independent Directors should submit such recommendation in writing to the Board of Directors at the address set forth below under "Communications with Directors." A candidate recommended for consideration must be highly qualified and must be willing and able to serve as director. Director candidates recommended by stockholders will receive the same consideration given to other candidates and will be evaluated against the criteria above.

NOTICE PROVISIONS FOR STOCKHOLDER NOMINATIONS OF DIRECTORS

Any stockholder wishing to nominate an individual for election as a director at the Annual Meeting must comply with certain provisions in the Company's Certificate of Incorporation. The Company's Certificate of Incorporation establishes an advance notice procedure with regard to the nomination, other than by or at the direction of the Board of Directors, of candidates for election as directors. If the notice is not timely and in proper form, the proposed nomination will not be considered at the Annual Meeting. Generally, such notice must be delivered to or mailed to and received by the Secretary of the Company not fewer than 14 days nor more than 60 days before a meeting at which directors are to be elected. To be in proper form, each written nomination must set forth: (1) the name, age business address and, if known, the residence address of the nominee, (2) the principal occupation or employment of the nominee for the past five years, and (3) the number of shares of stock of the Company beneficially owned by the nominee and by the nominating stockholder. The stockholder must also comply with certain other provisions set forth in the Company's Certificate of Incorporation relating to the nomination of an individual for election as a director. For a copy of the Company's Certificate of Incorporation, which includes the provisions relating to the nomination of an individual for election as a director, an interested stockholder should contact the Secretary of the Company at 1421 Charleston Avenue, P.O. Box 499, Mattoon, Illinois 61938.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis explains the objectives and philosophy underlying the Company's executive compensation program and the material elements of the compensation paid to the Company's executive officers, including the executive officers named in the Summary Compensation Table of this proxy statement (the "named executive officers"). The named executive officers for 2017 were:

Joseph R. Dively: President, Chairman & Chief Executive Officer

Matthew K. Smith: Executive Vice President & Chief Financial Officer

Michael L. Taylor: Senior Executive Vice President & Chief Operating Officer

Eric S. McRae: Executive Vice President & Chief Credit Officer

Bradley L. Beesley: Executive Vice President & Chief Trust and Wealth Management Officer

Executive Compensation Objectives

It is the policy of the Company to compensate its executives in a manner that is equitable and competitive based on their responsibilities, performance and market conditions. The Company's compensation objectives with respect to its named executive officers are to:

• Provide incentive to maximize stockholder value by aligning the executives' interests with those of the stockholders.

• Enable the Company to attract and retain the best available executive talent.

• Reward individual performance and contributions to the Company.

Setting Executive Compensation

The compensation committee attempts to meet these objectives by providing a mix of key compensation elements that include base salary, annual cash incentives and equity-based compensation. In setting aggregate compensation for each of the named executive officers, the compensation committee first establishes appropriate levels of base salary for the executives, and then establishes the opportunity for the executives to earn additional compensation through annual cash incentives and longer-term equity compensation. (Actual grants of equity compensation are approved by the Board of Directors pursuant to the compensation committee's recommendation.) The amount of such additional compensation varies with position and, in the case of annual and long-term incentives, is also conditioned on attainment of corporate or individual performance measures. The Company also provides retirement benefits, severance and change in control benefits, and a limited number of perquisites and other personal benefits in order to ensure a complete and competitive compensation plan.

The compensation committee uses the key elements of compensation to meet the objectives of its executive compensation program as follows:

• Provide incentive to maximize stockholder value by aligning the executives' interests with those of the stockholders. Since 2011, the compensation committee has granted performance awards under its executive long term incentive plan that consist of restricted stock awards and/or restricted stock units. The compensation committee also bases a significant portion of an executive's cash incentive on attainment of certain corporate performance metrics, which encourages the executive to work to increase the Company's profitability and in turn, its stock value.

The compensation committee believes that the components of the long term incentive plan align key executive compensation with the Company's performance goals. The long term incentive plan includes multiple year goals which ensure that the executives are focused on longer term sustainability of earnings and growth in the book value of the Company.

Enable the Company to attract and retain the best available talent. In order to achieve this objective, the compensation committee believes it must pay compensation that is competitive. As described below, the compensation committee reviews and monitors the compensation paid by companies that are comparable to the Company to ensure that compensation packages are competitive.

Reward individual performance and contributions to the Company. The compensation committee's evaluation of the individual performance of each executive affects his or her compensation. Individual performance is an important factor in determining base salary, which in turn affects the amount of cash incentive compensation that can be earned and equity compensation that is granted. Individual performance is also a component of the cash incentive compensation and, when awarded, equity compensation.

The compensation committee makes all compensation decisions for the CEO and all other executive officers of the Company. The CEO annually reviews the performance of each executive officer (other than himself) and makes recommendations to the compensation committee. The compensation committee considers the CEO's recommendations when making its final compensation decisions for all executives other than the CEO. Although the compensation committee has the discretion to make all final decisions, the recommendation of the CEO is an important factor. The compensation committee believes that its ability to exercise discretion in setting the elements of compensation for its executives provides flexibility to establish appropriate overall compensation levels and achieve the Company's objectives.

Key Elements of Compensation

Each year the compensation committee reviews compensation data of the most highly paid executives of other comparable banking institutions. For 2017, the data consisted of a compensation survey, prepared by the Company's human resources director, of publicly traded banks in non-urban markets in the upper Midwest who directly compete with the Company or who have market capitalization comparable to that of the Company. (The banks included in the 2017 analysis ranged in size from approximately \$1 billion to \$5 billion in assets). Because these institutions frequently recruit individuals for senior executive positions requiring similar skills and backgrounds to the individuals recruited by the Company, the compensation committee uses this information as a general guide in establishing the base salaries, cash incentives and equity compensation of the named executive officers. The compensation committee generally aligns compensation components with those used by the peer institutions and attempts to maintain a comparable level of total compensation (i.e., salary, annual cash incentives and equity compensation). However, the compensation committee does not rely solely on this information and does not benchmark its decisions regarding total compensation or elements of compensation to any particular percentile range of the comparator groups of companies.

In addition, the compensation committee considers each executive's current salary, his or her individual performance, the financial performance of the Company, the anticipated difficulty of replacing the executive with a person of comparable experience and skill and the recommendation of the CEO. The compensation committee also may periodically engage the services of independent consultants with knowledge and experience in such matters, although it did not do so in setting 2017 compensation. In April 2017, the compensation committee retained the services of Blanchard Consulting to conduct an in-depth review of the Company's executive compensation program. The compensation committee considered various factors bearing upon Blanchard Consulting's independence and determined that the firm is independent and that its engagement did not present any conflicts of interest. Blanchard Consulting provides no other services to the Company. With the consultant's assistance, the compensation committee selected a peer group of eight publicly traded bank holding companies in non-urban areas in the Midwest of similar size to the Company, consisting of the following companies:

Stock Yards Bancorp, Inc.
QCR Holdings, Inc.
Mercantile Bank Corporation
Horizon Bancorp
German American Bancorp, Inc.
Farmers National Banc Corp.
Ames National Corporation

Southern Missouri Bancorp, Inc.

The peer group information, as well as the data from the general market surveys discussed above, formed the basis for making changes to the current compensation program. Total compensation for the named executive officers was initially targeted at the 25th to 50th percentile of the peer group for similar executive positions, then adjusted based on various factors, including the market survey data, individual performance and the experience level of the executive. As a result of the consultant's review, the compensation committee approved changes to the current compensation program beginning with 2018 pay decisions, including (i) salary increases for certain executives, (ii) an increase in the maximum annual bonus opportunity in 2018 from 50% to 75% for the CEO and from 35% to 40% for the other named executive officers, and (iii) a change to the long term equity compensation component such that awards in 2018 are subject to three-year service-based

vesting, and awards in subsequent years will be subject to a one-year performance period, then service-based vesting. In connection with the redesign of the equity component, the compensation committee approved the acceleration of the vesting of outstanding equity awards, effective as of December 15, 2017. (See "Equity Compensation" in this Compensation Discussion and Analysis for more information.)

Base Salary

Executives are paid an annual salary. The compensation committee reviews salaries annually in the beginning part of each year. Based on the guidelines and factors described above, the compensation committee, in early 2017, concluded that adjustments to base salaries for certain named executive officers were necessary in order to keep compensation for named executive officers competitive. In addition to the factors noted above, the compensation committee considered the level of the executive's accomplishment of individual goals for the prior year, the number of individuals the executive supervises, the level of duties and responsibilities assumed by the executive and the strategic implications of the decisions the executive is required to make. The compensation committee established the 2017 base salary for the named executive officers as follows (salary increases were effective as of February 13, 2017, except for Mr. Smith, whose salary increase was effective July 25, 2017 in connection with his promotion):

Executive	2017 Salary Rate	\$ Increase from 2016 Salary Rate
Mr. Dively	\$378,344	\$21,416
Mr. Smith	\$205,000	\$10,000
Mr. Taylor	\$279,083	\$13,290
Mr. McRae	\$252,040	\$11,993
Mr. Beesley	\$167,493	\$0

The actual salaries paid to the named executive officers in 2017 are set forth in the "Salary" column of the Summary Compensation Table of this proxy statement.

Annual Cash Incentives

The named executive officers are eligible to participate in the Company's Incentive Compensation Plan (the "Plan"), which is designed to reward executives in increasing Company profitability which creates stockholder value.

In January 2017, the compensation committee determined the target cash incentive opportunity for each named executive officer, expressed as a percentage of his base salary rate in effect for 2017. This amount was based on individual performance during the previous year, as well as the level of duties and responsibilities assumed by the executives in their respective positions. The percentage of salary payable as cash incentive was consistent with the amounts in each named executive officer's employment agreement and did not change from 2016.

Since successful execution of the Company's strategic plan requires that members of the executive management team work closely together and because senior management has the potential greatest influence on Company profitability, the compensation committee determined that incentive opportunity for 2017 would continue to be based 70% on the Company's net income (exclusive of non-recurring costs associated with acquisitions) and 30% on the Company's asset quality (adversely classified loans and repossessed assets as a percent of total loans) for Messrs. Dively, Smith, Taylor and McRae. The compensation committee also determined that incentive opportunity for 2017 would continue to be based 70% on the Company's net income (exclusive of non-recurring costs associated with acquisitions) and 30% on the profitability of the Wealth Management group ("WM") for Mr. Beesley. The compensation committee utilizes the asset quality goal, in addition to the net income goal, based on the premise that asset quality has a strong correlation to future loan losses and therefore, future profitability, while net income represents current profitability. The compensation committee believes the combination of these two metrics represents the best measures of stockholder

value for the near term.

The target cash incentive opportunity for each named executive officer established for 2017 was based on a percentage of the executive's salary rate in effect beginning February 13, 2017 (July 25, 2017 for Mr. Smith), as follows:

Executive	% of Salary Payable as Cash Incentive	% of Cash Incentive Tied to Net Income	% of Cash Incentive Tied to Asset Quality	% of Cash Incentive Tied to WM Profitability
Mr. Dively	50%	70%	30%	
Mr. Smith	35%	70%	30%	
Mr. Taylor	35%	70%	30%	
Mr. McRae	35%	70%	30%	
Mr. Beesley	35%	70%		30%

At the same time, the compensation committee established the criteria for measurement of these goals. The net income target was determined using the current year budgeted net income. The asset quality target was determined based on a percentage of the current balance of total loans outstanding (which was \$1.9 billion) at December 31, 2017. The WM profitability target was determined using the budgeted profitability for 2017. Using these as a base line, the compensation committee determined the following 2017 goal criteria:

	Performance	Net Income	Asset Quality	WM Profitability	% of Opportunity
Threshold:	85% of current year budgeted net income, adversely classified assets of 3.0% of current year loan balance and 85% of 2017 WM budget	\$22.2 million	3.0%	\$1.5 million	25%
Target:	100% of current year budgeted net income, adversely classified assets of 2.8% of current year loan balance and 100% of 2017 WM budget	\$26.1 million	2.8%	\$1.8 million	60%
Superior:	105% of current year budgeted net income, adversely classified assets of 2.5% of current year loan balance and 105% of 2017 WM budget	\$27.4 million	2.5%	\$2.0 million	100%

The compensation committee has the discretion to pay a prorated portion of the cash incentive opportunity for attainment of levels between threshold, budget and superior, or for attainment of levels above superior. Operations for 2017, adjusted upward by \$1.4 million for the net impact of adjustments due to changes in tax law, resulted in net income of \$28.1 million, which was above the superior level. Adversely classified assets on December 31, 2017 totaled \$39.9 million or 2.09% of the current year loan balance, which was also above the superior level. Wealth Management profitability for 2017 was \$2.4 million, which was above the superior level. Based on these results, the compensation committee approved a payout at 100% of the superior level. The cash incentive awards were based on performance achievement as follows:

	% of Incentive		% of attainment		% of opportunity (1)		% of opportunity (2)	
Net Income	70	%	100	%	70	%	70	%
Asset Quality	30	%	100	%	30	%		
WM Profitability	30	%	100	%			30	%
					100	%	100	%

(1) represents opportunity for Messrs. Dively, Smith, Taylor and McRae

(2) represents opportunity for Mr. Beesley

Based on the above levels of attainment, the following bonuses were paid for 2017:

Executive	Cash Incentive
Mr. Dively	\$189,172
Mr. Smith	\$71,750
Mr. Taylor	\$97,679
Mr. McRae	\$88,217
Mr. Beesley	\$58,623

Mr. Beesley maintains ongoing responsibilities for managing a portfolio of brokerage customers that includes providing investment advice and completing investment trades. Pursuant to the terms of his employment agreement, and consistent with standard practice in the brokerage industry, Mr. Beesley is entitled to 30% of net revenues he generates on his individual book of business through First Mid Bank's broker/dealer. Accordingly, the compensation committee approved an additional annual cash incentive for Mr. Beesley for 2017 of \$107,353.

Equity Compensation

The compensation committee grants long-term equity compensation in order to motivate executives to increase stockholder value over the long term and more closely link the financial interests of the Company's executives with those of its stockholders. (Actual grants of equity compensation are approved by the Board of Directors pursuant to the compensation committee's recommendation.)

Since 2011, the compensation committee has made awards pursuant to the Executive Long-Term Incentive Program (LTIP), which provides a framework for granting awards of restricted stock and restricted stock units (RSUs) under the Company's Stock Incentive Plan. The compensation committee believes that the components of the LTIP more closely align key executive compensation with the Company's performance goals than the stock options granted in prior years and ensures that the executives are focused on longer term sustainability of earnings and growth in the value of the Company. The LTIP also gives the compensation committee the ability to change the types and weightings of the metrics used for the performance goals to which the awards are subject. Prior to 2015, the LTIP included annual and three-year goals. In January 2015, the compensation committee restructured the LTIP to reduce its complexity while retaining the long-term component and the overall equity value awarded to participants. The LTIP grants made in January 2017 followed this methodology, so the awards were still performance-based and subject to the same performance criteria, but, (i) the awards were entirely in the form of RSUs (no restricted stock); (ii) the annual award component was eliminated, so all of the RSUs (as adjusted for performance) vest at the end of a three-year performance period; and (iii) at the end of the performance period the units are settled entirely in shares of stock (no 50% cash payment).

Under the LTIP in January 2017, the compensation committee set an aggregate target value of the awards to be made to each executive. In determining these values, the compensation committee did not use a formulaic approach, but took into account historic grants, Company performance and individual levels of responsibility. The value of equity awarded to each executive was intended to be proportionate to the individual's responsibility to influence the strategic direction of the Company and create stockholder value. Each award was granted with a three-year performance period ending December 31, 2019 and consisted entirely of RSUs. The number of RSUs subject to each Award was determined by dividing the target value by the closing price of the common stock on the date of grant.

The compensation committee also set performance goals to which each award was subject. The target number of RSUs subject to each award is adjusted by the compensation committee at the end the performance period, and the adjusted number of RSUs vest as of such date. Vested awards are settled entirely in stock. Until an executive's award vests or is forfeited, it is credited with dividend equivalents which are paid to the executive only to the extent the award vests. The awards granted to named executive officers in January 2017 were based on a percentage of the executive's salary in effect beginning February 13, 2017, as follows:

Executive	Percentage of Salary (1)	Target Value	Stock Unit Award
Mr. Dively	30%	\$113,503	3,339
Mr. Smith	13%	\$25,350	746
Mr. Taylor	20%	\$55,817	1,642

Mr. McRae 20%	\$50,410 1,483
Mr. Beesley 13%	\$21,774 641

(1) The percentages in this column are the same as those used for the named executive officers in 2016.

At the same time, the compensation committee established the 2017 performance goals for the performance period based on historical and expected performance. These goals were established using two performance metrics: return on assets (calculated as net income divided by year-to-date average assets) and tangible book value per share (calculated as total common equity less goodwill and other intangible assets divided by common shares outstanding). The compensation committee believes use of these metrics shifts the dependency of incentive compensation from the measure of net income used in cash incentives and encourages growth and increased value for the Company's stockholders. Based on historical and 2017 budgeted metrics, the compensation committee set the following 2017 goals:

Performance	Performance
Level	Goal

Return on Assets (50% goal weighting):

< Threshold 0%

Threshold	70%	0.90%
-----------	-----	-------

Target	100%	0.96%
--------	------	-------

Maximum	125%	1.04%
---------	------	-------

Tangible Book Value per Share

(50% goal weighting):

< Threshold 0%

Threshold	70%	\$20.00
-----------	-----	---------

Target	100%	\$21.70
--------	------	---------

Maximum	125%	\$23.45
---------	------	---------

The number of shares subject to each award is adjusted by the percentage multiplier that results from the actual achievement level of the performance goals. For achievement of levels between threshold and target and between target and maximum, the percentage multiplier is adjusted on the basis of straight line interpolation. Fractional shares are rounded up.

Change to Equity Compensation Program

In April, 2017, the compensation committee retained Blanchard Consulting, as an independent compensation consultant to review the Company's executive compensation program, including the equity compensation component. Based on the consultant's recommendation, the long-term equity component was redesigned for 2018. In connection with the redesign, on December 15, 2017, the compensation committee approved the accelerated vesting of all of the outstanding restricted stock unit awards held by the executive officers, including the named executive officers. The outstanding awards were granted in January 2015, 2016 and 2017 and generally would have vested at the end of the three year performance periods ending on December 31, 2017, 2018 and 2019, respectively, based on the level of attainment of the pre-established performance goals. In settlement of the outstanding awards, each holder received 90% of the number of shares that would have been issued if the performance had been attained at the maximum level for the award.

Following this acceleration, the number of shares issued pursuant to the vested RSUs, by year originally granted, were as follows:

Executive	2015	2016	2017	Total
Mr. Dively	5,844	5,844	3,756	15,444
Mr. Smith	—	—	839	839
Mr. Taylor	2,874	2,874	1,847	7,595
Mr. McRae	1,694	1,694	1,668	5,056
Mr. Beesley	1,221	1,221	721	3,163

Beginning in 2018, equity grants will be made in the form of restricted stock, with the shares vesting at a rate equal to 1/3 on each of December 15, 2018, 2019 and 2020. Equity grants in future years will be made in the form of RSUs, and be subject to a one-year performance period with a performance goal based on targeted net income. If the target goal is attained, the executives will receive a restricted stock award for the target number of shares, and the award will then be subject to further service-based vesting. If the target goal is not met, no shares will be earned and the award will be forfeited. The compensation committee has the discretion to increase the number of shares earned if the performance goal is attained at higher than target level.

Retirement Plans

The Company sponsors various retirement plans that cover eligible employees, including the named executive officers. The Company believes that these benefits are a valuable incentive for attracting and retaining top executives.

401(k) Plan. The Company's 401(k) plan is a tax-qualified retirement plan that covers all employees generally, including the named executive officers. An employee can elect to defer a percentage of his or her compensation on a pre-tax and/or post-tax basis, up to a maximum in 2017 of \$18,000, or \$24,000 if age 50 or over, and the Company contributes a matching contribution of up to 4% of the employee's deferral contributions. The Company also provides a discretionary annual contribution up to 2% of each eligible employee's compensation, whether or not the employee makes elective deferral contributions. (Amounts paid to the plan reflect the Internal Revenue Code's limit on the amount of compensation that can be taken into account in determining contributions, which was \$270,000 in 2017). The Company's contributions under the Plan on behalf of each named executive officer are included in the "All Other Compensation" column of the Summary Compensation Table of this proxy statement.

Deferred Compensation Plan. The Deferred Compensation Plan is a non-qualified retirement plan that covers selected employees, including the named executive officers. The plan provides higher paid employees with the opportunity to defer compensation in addition to compensation that can be deferred under the 401(k) plan. For each calendar year, each executive can defer a portion of his or her salary and cash incentive opportunity. The deferred amounts are invested in Company common stock and are paid to the executive in shares of common stock after termination of employment. The Company does not contribute to this plan. The Deferred Compensation Plan is described in greater detail in the "Non-Qualified Deferred Compensation" section of this proxy statement.

Employment Agreements

The Company has employment agreements with certain of its executives, including each named executive officer. The agreements, which are generally for three-year terms, provide for a minimum base salary which cannot be reduced, and a maximum cash incentive opportunity. The agreements also provide for severance benefits upon certain terminations of employment. If the named executive officer's employment is terminated by the Company without cause, he or she is entitled to continued payment of base salary for 12 months and continued health coverage for the severance period. If following a change in control of the Company, either the named executive officer's employment is terminated by the Company without cause, or the named executive officer terminates his or her employment for good reason, the named executive officer is entitled to continued payment of base salary for 24 months (12 months for Mr. Beesley), a lump sum payment equal to the cash incentive paid for the prior year and continued health coverage for the severance period. The agreements contain restrictive covenants that prohibit the named executive officers from disclosing confidential information and from competing with the Company. The employment agreements are described in greater detail in the "Potential Payments Upon Termination or Change in Control of the Company" section of this proxy statement.

The compensation committee believes these severance benefits reflect market levels of benefits when they were negotiated and represent fair and appropriate consideration for the executive's agreement to the post-termination restrictive covenants. The Company believes that the protections afforded by the agreements are a valuable incentive for attracting and retaining top executives. The Company also believes that in the event of an extraordinary corporate transaction, the agreements could prove important to the Company's ability to retain top management through the transaction process and to provide motivation to the executives to act in the best interests of the Company and its stockholders before, during and after the transaction.

Perquisites and Other Benefits

The Company provides limited perquisites and other benefits to its executives. During 2017, Messrs. Dively, Taylor, McRae and Beesley received a monthly auto allowance. The determination as to whether an auto allowance is appropriate for an executive is based on the amount of business travel undertaken by the executive and the relative cost involved. The Company paid for annual country club membership dues for Messrs. Dively, Taylor and Beesley. All of the named executives received communication device allowances. These perquisites and other benefits are reported in the “All Other Compensation” column of the Summary Compensation Table of this proxy statement.

Incentive Compensation Recoupment Policy

In January 2015, the compensation committee adopted an Incentive Compensation Recoupment Policy. The Policy permits the Board to recoup from an executive cash or equity-based compensation granted on or after January 1, 2015 in the event that there is a restatement of the Company's financial statements or the executive engages in misconduct that results in a material loss or damage to the Company. Recoupment covers any incentive compensation (including annual cash bonuses and awards under LTIP) that is awarded or paid or vests within 36 months preceding the restatement or 36 months following the occurrence of misconduct. Misconduct includes an act of fraud, dishonesty or gross negligence, the material breach of a fiduciary duty, a knowing violation of a Company policy, or a violation of a confidentiality, non-solicitation or non-competition covenant.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code as in effect for 2017 limited the deductibility of executive compensation paid to the CEO and to each of the three other most highly compensated officers (other than the chief financial officer) of a public company to \$1 million per year, but contained an exception for "performance-based compensation." Annual salary, by its nature, does not qualify as performance-based compensation under Section 162(m), and the Company's annual cash incentive payments and grants of restricted stock and restricted stock units did not qualify as performance-based compensation. Stock options previously granted by the Company do qualify as performance based compensation. Due to the amounts and forms of compensation currently paid to the Company's executive officers, the tax deductibility of such compensation under Section 162(m) was not an important factor in making compensation decisions.

Other Compensation Decisions

At the 2017 Annual Meeting of Stockholders, the "Advisory Vote on Executive Compensation" proposal (the "say on pay" vote) received support from approximately 96% of the votes cast. The Board of Directors considered these results and, based on the overwhelming support from stockholders, determined to not make any major changes to the executive compensation plans and programs already in place for 2017, except for the acceleration of all unvested restricted stock units in conjunction with the change in the long-term incentive plan structure for years 2018 and forward.

Bradley L. Beesley	01/24/17	14,656	35,174	58,623	449	641	801	21,794

(1) Estimated Possible Payouts Under Non-Equity Incentive Plan Awards. Payouts under the Company's Incentive Compensation Plan were based on performance in 2017, which has now occurred. Thus, the information in the "Threshold," "Target" and "Maximum" columns reflect the range of potential payouts when the performance goals were set in January 2017. The amounts actually paid under the Company's Incentive Compensation Plan for 2017 appear in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table. A description of the plan can be found in the "Compensation Discussion and Analysis" section of this Proxy Statement.

(2) The Compensation Committee has the discretion to pay a prorated portion (based on straight-line interpolation) if performance is between the threshold, target or superior level, or if performance is above superior level.

(3) Estimated Future Payouts Under Equity Incentive Plan Awards. The target amounts represent the number of RSUs granted on January 24, 2017 under the 2007 Stock Incentive Plan. The threshold and maximum amounts represent the potential adjustment to the target number of RSUs that could have resulted based on the level of attainment of performance goals for the three-year performance period that ends on December 31, 2019. Effective December 15, 2017, the vesting of these RSU awards was accelerated and each named executive officer received 90% of the maximum number of shares represented by the award. A description of the 2017 awards can be found in the "Compensation Discussion and Analysis" section of this Proxy Statement.

(4) The grant date fair value is based on the probable outcome of the performance conditions at the time of the grant.

Brad L. Beesley	16,986	—	21,661	—	156,916

(1) The contributions reported in this column are reported in the Summary Compensation Table, in either the Salary or Non-Equity Incentive Compensation Plan columns.

(2) The earnings reported in this column are not reported on the Summary Compensation Table.

(3) The amounts in this column have previously been reported as compensation on the Summary Compensation Tables for prior years, except for the following amounts of earnings or deferrals included in the account balances: Mr. Dively: \$772,859 (includes earnings and deferrals of director fees which were not previously reported on the Summary Compensation Table); Mr. Smith: \$1,065; Mr. McRae: \$62,947; Mr. Beesley: \$72,073.

Non-Qualified Deferred Compensation. The DCP is a nonqualified defined contribution plan that covers certain eligible employees and directors, including the named executive officers. For each calendar year, the named executive officers can defer 5%, 10% or 15% of their base salary and/or 25% increments of their cash incentive compensation, and non-employee directors can elect to defer their director fees. The deferred amounts are deposited into a rabbi trust and credited to a DCP account established for the participant as soon as practicable after the date they would otherwise have been paid to the participant. Such amounts are invested in the Northern Institutional U.S. Government Select Portfolio until the next quarterly window trading period established by the Company, at which point each participant's account balance is invested in shares of common stock of the Company. Dividends paid on Common Stock are credited to the participant's DCP account and invested in additional shares. The Northern Institutional U.S. Government Select Portfolio had an annual return for 2017 of 0.73%. The Company's common stock had an annual return for 2017 of 15.3%.

A participant is 100% vested in his or her DCP account at all times. A participant's DCP account is paid to him or her in five annual installments beginning on the March 15 following the date the participant terminates employment, provided that the Board of Directors in its sole discretion can decide to pay the portion of the DCP account earned as of December 31, 2004 in a lump sum payment. An participant may also request at any time a distribution from the DCP account of an amount necessary to satisfy an unforeseeable emergency. In the case of the death of a participant, the DCP account will be paid to his or her designated beneficiary in a single payment. Upon a Change in Control of the Company (as defined in the Plan), each participant's DCP account will be paid in an immediate lump sum. All distributions are in full shares of common stock, and cash for fractional shares.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL OF THE COMPANY

The Company provides certain benefits to eligible employees, including the named executive officers, upon certain terminations of employment or a change in control of the Company. These benefits are in addition to the benefits to which the executive would be entitled upon a termination of employment generally (i.e., vested retirement benefits accrued as of the date of termination, stock-based awards that are vested as of the date of termination and the right to elect continued health coverage pursuant to COBRA).

Employment Agreements

The employment agreements with the named executive officers provide benefits to them upon certain types of termination of employment during the term of the agreement. The incremental benefits payable to the named executive officers in effect at December 31, 2017 include the following:

If the executive's employment is terminated by the Company for other than "cause" (and a Change in Control of the Company, as defined in the Stock Incentive Plan, has not occurred), the executive is entitled to the following:

i. Continued payment of the executive's then current base salary for 12 months.

Continued coverage of the executive under the Company's health plan for the 12 month severance period at active employee rates if the executive elects COBRA (the full COBRA rate applies for the remainder of the COBRA period and with respect to coverage for the executive's spouse and dependents).

If following a Change in Control of the Company (as defined in the 2017 Stock Incentive Plan), the executive's employment is terminated by the Company for other than "cause," or the executive terminates his or her employment due to good reason, the executive is entitled to the following:

i. For Messrs. Dively, Smith, Taylor and McRae, payment equal to two times the executive's then current base annual salary. For Mr. Beesley, continued salary for one year.

ii. An immediate lump sum payment equal to the incentive compensation earned by or paid to the executive for the immediately preceding fiscal year.

Continued coverage of the executive under the Company's health plan for the first 24 months (12 months for Mr. Beesley) following termination at active employee rates if the executive elects COBRA (the full COBRA rate applies for the remainder of the COBRA period and with respect to coverage for the executive's spouse and dependents).

"Cause" means the executive's (i) conviction (or guilty or no contest plea) for a felony or any crime involving fraud, dishonesty or breach of trust; (ii) performance that would materially and adversely affect the Company's business; (iii) act or omission that results in a regulatory body to demand the executive to be suspended or removed; (iv) substantial nonperformance of his or her duties; (v) misappropriation or intentional material damage to the Company's property or business; or (vi) violation of the agreement's restrictions with respect to confidential information, noncompetition and nonsolicitation.

"Good reason" means a decrease in the executive's then current salary or a substantial diminution in his or her position and responsibilities.

The agreements in effect for 2017 contain restrictive covenants that prohibit the executive from (i) disclosing confidential information; (ii) becoming involved with a business similar to that of the Company within any county in which the Company conducts business; and (iii) soliciting for sale or selling competing products or services to any person or entity who was a customer or client of the Company during the last year of the executive's employment. The restrictive covenants regarding confidential information are indefinite. The restrictive covenants regarding noncompetition and nonsolicitation continue in effect until one year following termination of employment.

Stock Incentive Plans

The stock option agreements that set forth the terms and conditions of stock options provide that upon a termination of employment for any reason other than death, disability or retirement, an executive's outstanding and then vested stock options can be exercised for three months following termination, and upon a termination of employment due to death, disability or retirement (as defined in the Plan) an executive's outstanding and then vested stock options can be exercised for 12 months following such termination. (All outstanding stock options are fully vested.)

The agreements that set forth the terms and conditions of the restricted stock and RSUs awards provide that an executive will not become vested in any restricted stock or RSUs if the executive does not remain continuously employed from the grant date until the last day of the applicable performance period, except that upon a voluntary termination of employment due to termination after attaining age 66, an executive will vest in the target number of outstanding shares or RSUs and upon a termination of employment due to death or disability (as defined in the Plan), an executive will vest in a pro rata portion of the target number of outstanding shares or RSUs. If an executive with time-based restricted stock or RSUs terminates after the end of the one-year performance period but prior to the end of the vesting period when he has attained age 66 or due to death or disability, he will vest in the remaining shares or units subject to the award.

Upon a Change in Control of the Company (as defined in the Plan), the compensation committee has the discretion to determine how outstanding awards are treated on a Change in Control. The current RSU award agreements provide for full vesting at the target or higher level as determined by the compensation committee. In connection with a redesign of the Company's equity compensation program, the award agreements for all outstanding awards were amended to provide for accelerated vesting as of December 15, 2017, such that holders of the awards received 90% of the number of shares that would have been issued had the applicable performance goals been attained at the maximum level.

2017 Potential Severance Payments

Pay Ratio

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, the SEC has adopted a final rule requiring annual disclosure of the ratio of the median employee's annual compensation to the annual compensation of the CEO. As required, we are including this disclosure beginning with this Proxy Statement.

The median employee was identified from all full-time and part-time employees, excluding the CEO, who were employed by the Company and its consolidated subsidiaries on December 31, 2017. All of our employees are located in the United States. A total of 602 employees were included. Compensation was measured over the 12 month period beginning on January 1, 2017 and ending on December 31, 2017.

The median employee compensation was determined using 2017 W-2 (Box 5) compensation. Wages were annualized for our employees who did not work the entire calendar year.

Mr. Dively had 2017 annual total compensation of \$712,330 as reflected in the Summary Compensation Table included in this Proxy Statement. The median employee's annual total compensation for 2017 that would be reportable in the Summary Compensation Table was \$35,255. As a result, the CEO pay ratio is 20:1.

DIRECTOR COMPENSATION

Non-employee directors of the Company received a \$5,000 quarterly retainer, paid at the start of each calendar quarter, for their services in 2017. The lead independent director received an additional quarterly retainer of \$1,250 for his services in 2017. The non-employee directors of the Company were not granted any form of stock-based compensation in 2017. During 2017:

Audit committee members received a \$625 quarterly retainer for their audit committee meeting services. The audit committee chairman also received an additional \$625 quarterly retainer and the audit committee financial expert received an additional \$500 quarterly retainer.

Compensation committee members received a \$250 quarterly retainer for their compensation committee meeting services and the compensation committee chairman also received an additional \$375 quarterly retainer.

Non-employee directors who were members of the Company's trust investment committee received a \$250 quarterly retainer for their trust investment committee meeting services.

Non-employee directors who also served on the board of directors of First Mid Bank received a \$2,500 quarterly retainer fee for such services. Non-employee directors who also served on the board of directors of First Clover Leaf Bank, Data Services or Insurance Group each received a \$500, \$250 and \$250 quarterly retainer, respectively, for such services.

**PROPOSAL 2 -- APPROVAL OF AMENDMENT TO CERTIFICATE OF INCORPORATION
TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK**

On January 23, 2018, the Board of Directors of the Company voted to approve, subject to the approval of the Company's stockholders, an amendment to the Company's Certificate of Incorporation, as amended, that, if approved by the stockholders, would increase the number of authorized shares of our Common Stock from 18,000,000 to 30,000,000 (the "Charter Amendment"). No change is proposed to the number of authorized shares of preferred stock of the Company.

If the Charter Amendment is approved by the stockholders, the text of the first paragraph of Article IV of the Certificate of Incorporation would be amended and restated in its entirety to read as follows:

"A. The total number of shares of all classes of stock which the Corporation shall have the authority to issue is 30,000,000 shares of Common Stock, par value \$4.00 per share, and 1,000,000 shares of Preferred Stock, no par value per share."

The additional authorized shares of Common Stock will have the same powers, preferences and rights as the shares of Common Stock now authorized, including the right to cast one vote per share and to receive dividends. There are no preemptive rights with respect to shares of Common Stock. Under Delaware law, stockholders will not have any dissenters' or appraisal rights in connection with the Charter Amendment.

If the stockholders approve the Charter Amendment, it will become effective upon the filing of a Certificate of Amendment with the Delaware Secretary of State, which we intend to file shortly after receiving stockholder approval of the Charter Amendment.

Reasons Why Stockholders Should Approve the Charter Amendment

As of February 1, 2018, of the 18,000,000 authorized shares of Common Stock, 12,673,998 shares were outstanding and 128,828 shares were reserved for issuance under stock incentive plans. If Proposal 3 is approved, an additional 600,000 shares of Common Stock will be reserved for issuance pursuant to the First Mid-Illinois Bancshares, Inc. Employee Stock Purchase Plan. Additionally, the Company expects to issue approximately 1,662,840 shares of Common Stock upon completion of the Company's pending acquisition of First BancTrust Corporation. As of February 1, 2018, no shares of preferred stock of the Company are outstanding.

The Board of Directors of the Company believes the Charter Amendment is advisable and in the best interests of the stockholders in order to maintain the Company's flexibility with respect to financing and capital-raising opportunities, to facilitate future stock splits, to have sufficient shares available for future acquisitions, employee benefit plans and other corporate purposes, and to generally maintain the Company's flexibility in today's competitive, fast-changing environment. There are no present agreements, understandings or plans to issue any of the additional shares that would be authorized by this Amendment.

Adoption of the Charter Amendment would enable the Board of Directors of the Company from time to time to issue additional shares of Common Stock for such purposes and such consideration as the Board of Directors may approve without further approval of the Company's stockholders, except as may be required by law, rule or regulation. Because our common stock is traded on the Nasdaq Stock Market, stockholder approval must be obtained, under applicable Nasdaq rules, prior to the issuance of shares for certain purposes, including the issuance of greater than 20% of the then outstanding shares of Common Stock or voting power in connection with a private financing or an acquisition or merger.

Although the issuance of additional shares of Common Stock could, depending on the circumstances, make more difficult, or discourage, an attempt to acquire control of the Company, the Charter Amendment is not being proposed with the intent of using the additional shares for anti-takeover purposes and we do not view the proposed increase as a special anti-takeover measure. We are not at this time aware of any currently pending or threatened efforts to acquire control of the Company, and we are not proposing this increase in response to any third-party effort to acquire control of the Company or any third-party effort to accumulate the Company's Common Stock. As is true for presently authorized shares, issuance of shares of Common Stock authorized by the Charter Amendment may, among other things, have a dilutive effect on earnings per share and on the equity and voting power of existing holders of Common Stock.

The Board of Directors of the Company recommends a vote "FOR" the approval of the Charter Amendment (Proposal 2 on the proxy card). The affirmative vote of the holders of a majority of the shares of Common Stock outstanding is required to approve the Charter Amendment. Abstentions and broker non-votes will count as votes "AGAINST" Proposal 2.

PROPOSAL 3 - APPROVAL OF THE FIRST MID-ILLINOIS BANCSHARES, INC. EMPLOYEE STOCK PURCHASE PLAN

On January 23, 2018, the Board of Directors of the Company approved the First Mid-Illinois Bancshares, Inc. Employee Stock Purchase Plan (the “Plan”), subject to the approval of the Company’s stockholders. The Plan is intended to promote the interests of the Company by providing eligible employees with the opportunity to purchase shares of common stock of the Company at a 5% discount through payroll deductions. The Plan is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code.

Description of the Plan

The following is a summary of the key terms of the Plan. It is qualified in its entirety by reference to the full text of the Plan, which is attached as Exhibit A to this proxy statement.

Plan Administration. The Plan is administered by a committee consisting of the Board of Directors, or if the Board so delegates, a sub-committee of the Board. The Committee has full authority to interpret the Plan, adopt rules and regulations pertaining to the Plan and make all other determinations necessary to administer the Plan.

Number of Shares of Common Stock. The number of shares of our common stock available for purchase under the Plan is 600,000. Shares issuable under the Plan may be authorized but unissued shares, treasury shares or shares purchased on the open market.

The number of shares issuable under the Plan is subject to adjustment in the event of any reorganization, recapitalization, stock split, stock distribution, special or extraordinary dividend, merger, consolidation, split-up, spin-off, combination, subdivision or any similar corporate transaction. In each case, the Committee will make adjustments it deems necessary to preserve the intended benefits under the Plan.

Eligibility. All employees of the Company and its subsidiaries are eligible to participate in the Plan after 90 days of employment. As of February 1, 2018, approximately 584 employees were eligible to participate in the Plan.

Enrollment/Share Purchase and Delivery. To participate in the Plan, an eligible employee must complete an enrollment form. Participation is effective as of the first day of the next calendar quarter that begins after the enrollment form is submitted (provided that if the form is not delivered at least 10 days prior to the beginning of such calendar quarter, participation will be effective as of the next following calendar quarter). The participant’s enrollment form must authorize a payroll deduction from each payroll in a whole dollar amount (subject to a minimum of \$5.00 per pay period). No interest will accrue on the participant’s payroll deductions.

On the last business day of each calendar quarter, the accumulated payroll deductions of each participant will be used to purchase whole and fractional shares of common stock. The purchase price of each share is 95% of the closing price of the common stock on the NASDAQ Stock Market, on either the first day of the quarterly purchase period or the last business day of the quarterly purchase period, whichever is less.

Shares purchased for each participant will be allocated to the participant’s Plan account. (Dividends paid on shares held under the Plan will not be reinvested in the Plan. They will be paid to each participant in cash unless the participant enrolls in the Company’s Dividend Reinvestment Plan.) A participant may at any time request a distribution of shares held in his or her Plan account. Share delivery will be via certificated shares or on a non-certificated basis evidenced by book entry in the records of the Company’s transfer agent.

Termination of Participation

A participant must give written notice to terminate Plan participation. If notice is given at least 10 business days prior to the quarterly stock purchase date, no further payroll deductions will occur. If notice is given less than 10 business days prior to the quarterly stock purchase date, payroll deductions will continue until the next following quarterly stock purchase date. Any payroll deduction amounts remaining in the participant’s account after the effective date of Plan withdrawal will be returned to the participant. If a participant’s employment terminates for any reason, Plan

participation will end immediately, and any amounts remaining in the participant's Plan account will be returned to the participant.

Plan Limitations. The Plan imposes certain limitations upon a participant's right to acquire shares of common stock, including the following:

- A participant cannot purchase more than \$25,000 worth of shares (based on the fair market value of the shares at the beginning of each quarterly purchase period) for each calendar year.

- A participant cannot purchase stock under the Plan if the participant owns stock possessing five percent or more of the total combined voting power or value of all classes of stock of the Company or any of its affiliates.

Stockholder Rights. No participant will have any stockholder rights with respect to shares purchasable under the Plan until the shares are actually purchased on the participant's behalf. No adjustment will be made for dividends, distributions or other rights for which the record date is prior to the date of such purchase.

Transferability. The right to purchase shares under the Plan is not assignable or transferable and may be exercised only by the participant during his or her lifetime.

Amendment or Termination of Plan

The Committee or the Board can amend the Plan at any time, provided that stockholder approval is required for an amendment that changes the number of shares available under the Plan or changes the classification of employees who are eligible to participate in the Plan.

The Board may terminate the Plan at any time, in which case all payroll deductions will stop, and all accumulated payroll deductions held in Plan accounts will be returned to the participants. The Plan will terminate by its terms on January 23, 2028.

Plan Benefits

No payroll deductions will be made and no shares of common stock will be purchased under the Plan unless the Plan is approved by stockholders. Once approved, the first quarterly stock purchase period will begin as soon as practicable thereafter. It is not possible to determine the benefits that will be received by employees in the future under the Plan. On February 1, 2018, the last reported sales price for the common stock was \$38.45.

Federal Tax Consequences

The following is a summary of the federal income tax consequences of the Plan. It is based on the federal tax laws and regulations currently in effect and existing administrative rulings of the Internal Revenue Service. Participants may also be subject to state and local taxes in connection with the purchase of common stock under the Plan. Participants should consult with their individual tax advisers to determine the tax consequences associated with purchases of common stock under the Plan.

The Plan is intended to be an employee stock purchase plan within the meaning of Section 423 of the Code. Under a plan which so qualifies, no taxable income will be recognized by a participant, and no deductions will be allowable to the Company, upon the purchase of shares for the participant's Plan account. Taxable income will not be recognized by the participant until there is a sale or other disposition of the shares acquired under the Plan or in the event the participant should die while still owning the purchased shares.

If the participant sells or otherwise disposes of the purchased shares of common stock within two years after the first day of the quarterly purchase period in which such shares were acquired or within one year after the purchase date of such shares, the participant will recognize ordinary income in the year of the sale or disposition equal to the amount by which the fair market value of the shares on the purchase date exceeds the purchase price paid for those shares, and the Company will be entitled to an income tax deduction for the taxable year in which the sale or disposition occurs, equal in amount to such excess. The participant's basis in those shares will be increased by the amount of ordinary income recognized on the sale or disposition. The participant will recognize capital gain (or loss) on the disposition or sale of those shares to the extent the amount realized by the participant on the sale or disposition exceeds (or is less than) the participant's basis in those shares.

If the participant sells or disposes of the purchased shares of our common stock more than two years after the first day of the quarterly purchase period in which the shares were acquired and more than one year after the purchase date of those shares, then the participant will recognize ordinary income in the year of sale or disposition equal to the lesser of (a) the amount by which the fair market value of the shares on the sale or disposition date exceeds the purchase price paid for those shares, or (b) the amount by which the fair market value of the shares on the first day of the quarterly purchase period in which the shares were acquired exceeds the purchase price paid for the shares. Any additional gain upon the disposition will be taxed as a long-term capital gain. The Company will not be entitled to an income tax deduction with respect to such disposition.

If the participant still owns the purchased shares at the time of death, the lesser of (a) the amount by which the fair market value of the shares on the date of death exceeds the purchase price, or (b) the difference between the fair market of the shares on the first day of the quarterly purchase period in which the shares were acquired and the purchase price paid for the shares will constitute ordinary income in the year of death.

The Board of Directors of the Company recommends a vote “FOR” the approval of the First Mid-Illinois Bancshares, Inc. Employee Stock Purchase Plan (Proposal 3 on the proxy card). The affirmative vote of the holders of a majority of the shares of Common Stock present in person or by proxy at the annual meeting is required to approve the Plan. Abstentions will count as votes “AGAINST” Proposal 3. Broker non-votes will have no effect on the outcome of the vote.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On December 17, 2013, the audit committee adopted a written Related Person Transactions Policy, which provides for procedures for review and oversight of transactions involving the Company and “related persons.” The policy covers any related person transaction that would be required to be disclosed in our proxy statement under applicable Securities and Exchange Commission rules (generally, transactions in which the Company is a participant, the amount involved exceeds \$120,000 and in which a “related person” has a direct or indirect material interest). Certain transactions are not subject to specific review under the policy by virtue of being exempt from the set of related person transactions that must be disclosed pursuant to applicable Securities and Exchange Commission rules (“exempt transactions”). In addition, the audit committee has approved in the policy extensions of credit to a related person that are (1) made in the ordinary course of business, (2) are made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with unrelated persons and (3) do not involve more than the normal risk of collectability or present other unfavorable feature.

The policy requires, prior to a party entering into any related person transaction (other than an exempt transaction), to provide, to the extent practicable, notice to the Company of the proposed related person transaction. The audit committee or its chair may approve only those related person transactions that are in, or are not inconsistent with, the best interests of the Company and its stockholders, as the audit committee or its chair, as applicable, determines in good faith. In the event the Company becomes aware of a related person transaction that has not been previously approved or previously ratified under the policy that is pending or ongoing, it will be submitted to the audit committee or its chair, as applicable, which shall evaluate all options, including but not limited to ratification, amendment or termination of the related person transaction, and (if appropriate) any disciplinary actions recommended. No member of the audit committee may participate in the consideration, approval or ratification of any related person transaction with respect to which such member or any of his or her immediate family members is the “related person” or in which he, she or they otherwise have an interest. All of the transactions described below were considered and approved or ratified by the audit committee or its chair.

Directors, executive officers, principal stockholders, members of their immediate families, and entities in which one or more of them have a material interest had extensions of credit from First Mid Bank during 2017. All such extensions of credit were on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with unrelated persons, and did not involve more than the normal risk of collectability or present other unfavorable features. In addition, directors, executive officers, principal stockholders, members of their immediate families and entities in which one or more of them have a material interest obtained in 2017, and may in the future be expected to obtain, depositary or other banking services, trust, custody or investment management services, individual retirement account services or insurance brokerage services from the Company and its subsidiaries, on terms no less favorable to the Company and its subsidiaries than those prevailing at the time for comparable transactions involving persons unrelated to the Company.

INCLUSION OF STOCKHOLDER PROPOSALS IN PROXY MATERIALS

In order to be eligible for inclusion in the Company's proxy materials for next year's Annual Meeting of Stockholders, any stockholder proposal to take action at such meeting must be received at the Company's main office at 1421 Charleston Avenue, P.O. Box 499, Mattoon, Illinois 61938, no later than November 20, 2018. Any such proposal shall be subject to the requirements of the proxy rules adopted under the Securities Exchange Act of 1934.

In addition, if the Company does not receive notice of a stockholder proposal for the Annual Meeting of Stockholders at least 45 days before the one-year anniversary of the date that the Company's proxy statement was released to the stockholders for its previous year's annual meeting, proxies solicited by the management of the Company will confer discretionary authority upon the management of the Company to vote upon any such proposal.

OTHER MATTERS

The Board of Directors of the Company does not intend to present any other matters for action at the annual meeting, and the Board of Directors has not been informed that other persons intend to present any other matters for action at the annual meeting. However, if any other matters should properly come before the annual meeting, the persons named in the accompanying proxy intend to vote thereon, pursuant to the proxy, in accordance with the recommendation of the Board of Directors of the Company.

The Committee’s determinations on the matters referred to in this Section shall be conclusive.

Section 4. Shares Subject to Plan.

(a)The maximum number of Shares that shall be available for purchase under the Plan shall be 600,000, subject to adjustment as provided in Section 11. The Shares to be sold under the Plan may at the election of the Committee be either treasury Shares, authorized but unissued Shares or Shares purchased on the open market.

(b)No Participant may purchase Shares under the Plan as of any Purchase Date that would result in the aggregate Fair Market Value (determined as of each applicable Purchase Date) of all Shares purchased under the Plan by the Participant in any calendar year to exceed \$25,000.

(c)In the event that, as of any Purchase Date, Participants would purchase more Shares than are currently available under Section 4(a), the maximum number of Shares that any Participant shall be permitted to purchase on such Purchase Date shall be reduced until the total number of Shares that all Participants purchase in the aggregate equals the number of Shares available under Section 4(a). The reduction shall be made proportionately based upon by each Participant’s accumulated payroll deductions.

Section 5. Eligibility.

(a)Employees of an Employer shall be eligible to participate in the Plan following the completion of 90 days of employment.

(b)Notwithstanding anything in the Plan to the contrary, no employee shall be entitled to participate in the Plan if such employee, immediately after a purchase of Shares, would own (within the meaning of Code Section 423(b)(3)) Shares possessing five percent or more of the total combined voting power or value of all classes of stock of the Company or its Subsidiaries actually issued and outstanding immediately after such purchase.

Section 6. Enrollment and Share Purchase.

(a) An eligible employee of an Employer may become a Participant in the Plan by completing an enrollment form in accordance with procedures established by the Committee. The Participant's enrollment shall be effective as of the first Purchase Period that begins after the enrollment form is submitted; provided that if the enrollment form is not delivered at least 10 business days prior to the beginning of such Purchase Period, enrollment shall be effective as of the next following Purchase Period. The Participant's enrollment form shall remain in effect until changed or revoked by the Participant in accordance with procedures established by the Committee.

(b) The Participant's enrollment form shall authorize a payroll deduction from each payroll during the Purchase Period. A Participant shall elect to have deducted from payroll a stated whole dollar amount, provided that the minimum dollar amount deducted each payroll period must be at least \$5.00. Subject to the reductions provided in Sections 4(b) and (c), the total amount of payroll deductions shall be credited to an account established for the Participant and used to purchase Shares. No interest will accrue or be paid on Participants' payroll deductions.

(c) On each Purchase Date, the accumulated payroll deductions held in each Participant's Plan account shall be used to purchase whole and fractional Shares for the Participant, the number of such Shares to be determined by dividing the Participant's accumulated payroll deductions by the Purchase Price. Purchased Shares shall be credited to the Participant's account.

Section 7. Issuance and Delivery of Shares.

A Participant may request a distribution of the Shares credited to the Participant's Plan account at any time, with such distribution made to the Participant or to any other account as the Participant may direct. In such case, the Company shall either (a) issue stock certificates representing the total number of Shares, or (b) in lieu of issuing stock certificates, reflect the issuance of Shares to the Participant on a non-certificated basis, with the ownership of such Shares by the Participant evidenced solely by book entry in the records of the Company's transfer agent.

Section 8. Withdrawal; Termination of Employment.

(a) A Participant may terminate Plan participation at any time by giving written notice in accordance with procedures established by the Committee. If notice is given at least 10 business days prior to a Purchase Date, withdrawal will be effective for such current Purchase Period and no further payroll deductions shall be made for the purchase of Shares for such Purchase Period. If notice is given less than 10 business days prior to a Purchase Date, payroll deductions will continue with respect to such Purchase Period, amounts credited to the Participant's account shall be used to purchase Shares, and the withdrawal shall be effective with respect to the next following Purchase Period. Any payroll deduction amounts remaining in the Participant's Plan account after the effective time of withdrawal shall be returned to the Participant as soon as practicable. Payroll deductions shall not resume until the Participant delivers a new enrollment form in accordance with Section 6.

(b) Upon the Participant's termination of employment with the Company and all Subsidiaries for any reason, payroll deductions shall cease and any amounts held in the Participant's Plan account shall be returned to the Participant (or the Participant's beneficiary in the case of death) as soon as practicable.

Section 9. Rights not Transferable.

The right to purchase Shares under the Plan shall not be transferable by any Participant or exercisable, during the Participant's lifetime, by any person other than the Participant.

Section 10. Changes Affecting the Shares.

(a) In the event of any reorganization, recapitalization, stock split, stock distribution, special or extraordinary dividend, merger, consolidation, split-up, spin-off, combination, subdivision, consolidation or exchange of Shares, any change in the capital structure of the Company or any similar corporate transaction, the Committee shall make such adjustments as it deems appropriate, in its sole discretion, to preserve the benefits or intended benefits of the Plan and the Shares available and/or purchased under the Plan.

(b) Upon dissolution or liquidation of the Company, or a merger or consolidation in which the Company is not the surviving corporation, the Company or its designee shall pay each Participant the amount of the Participant's accumulated payroll deductions that have not been used to purchase Shares.

Section 11. Rights of a Stockholder.

No Participant shall have the rights or privileges of a stockholder of the Company with respect to Shares purchasable under the Plan unless and until the Participant becomes the holder of record of the Shares.

Section 12. Amendment of the Plan.

The Board or the Compensation Committee may at any time, and from time to time, amend the Plan in any respect, except that, without the approval of the stockholders of the Company, no amendment may be made that changes the number of Shares reserved for issuance under the Plan (other than as provided in Section 11) or that changes the classification of employees eligible to participate in the Plan.

Section 13. Termination of the Plan.

The Board may terminate the Plan at any time in its discretion. Upon termination of the Plan, the current Purchase Period shall terminate immediately without additional purchases of Shares, the Company shall terminate payroll deductions, and the Company shall refund to the Participants any accumulated payroll deductions that have not been used to purchase Shares.

Section 14. Postponement.

The Committee may postpone the purchase of Shares for such time as the Committee in its sole discretion may deem necessary in order to permit the Company: (a) to effect, amend or maintain any necessary registration of the Plan or the Shares purchased under the Plan under the Securities Act of 1933, as amended, or the securities laws of any applicable jurisdiction; or (b) to permit any action to be taken in order to (i) list such Shares on a stock exchange if Shares are then listed on such exchange or (ii) comply with restrictions or regulations incident to the maintenance of a public market for its Shares, including any rules or regulations of any stock exchange on which the Shares are listed.

Section 15. Choice of Law.

All questions concerning the construction, validity and interpretation of the Plan shall be governed by and construed in accordance with the internal laws of the State of Delaware, without giving effect to any choice of law or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.

Section 16. Term of the Plan. The Plan shall continue in effect until 10 years from the date the Board approved the Plan, or January 23, 2028.
