Item 2.02 Results of Operations and Financial Condition

Information contained in Item 8.01 below with respect to the fourth quarter ended December 31, 2017, incorporated by reference in this Item 2.02.

Item 8.01 Other Events

On December 22, 2017, H.R.1, known as the "Tax Cuts and Jobs Act," was signed into law. Among other things, the Tax Cuts and Jobs Act permanently lowers the corporate tax rate to 21 percent from the existing maximum rate of 35 percent, effective for tax years including or commencing January 1, 2018. As a result of the reduction of the corporate tax rate to 21 percent, U.S. generally accepted accounting principles require companies to revalue their deferred tax assets and liabilities with resulting tax effects accounted for in the reporting period of enactment.

We will record a revaluation of our deferred tax assets and liabilities as of December 31, 2017, at the new rate of 21 percent, based upon balances in existence at the date of enactment. We are in the process of evaluating the impact of the new law and currently estimate that our net deferred tax assets will be written down by \$13.4 million in the fourth quarter of 2017 recorded as an increase to our income tax expense. This noncash, one-time charge is expected to decrease our fourth quarter earnings per share by \$0.38 per share based on our estimated fourth quarter average diluted shares outstanding.

This estimate is based upon a review and analysis of our net deferred tax assets, as well as expected adjustments to various deferred tax assets and liabilities in the fourth quarter, including those accounted for in accumulated other comprehensive income. Our actual write-down may vary materially from the estimate due to a number of uncertainties and factors, including the completion of our consolidated financial statements as of and for the year ending December 31, 2017, and is subject to further clarification of the new law that cannot be reasonably estimated at this time. This document may contain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements involve risks and uncertainties that could cause actual results to differ materially from the results discussed in these statements. These risks are detailed in the company's latest form 10-K filed with the Securities and Exchange Commission and any subsequently filed reports containing updates to these risks. Any such forward-looking statement or other information herein speaks only as of the particular dates referenced or the date such information or statement is made, and S&T undertakes no obligation to update any such information.
