-

SECTION 2 – FINANCIAL INFORMATION

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On September 29, 2010, Wild Prairie Wind, LLC (Wild Prairie Wind), an indirect wholly-owned subsidiary of NextEra Energy Resources, LLC (NextEra Energy Resources), borrowed approximately \$297 million under a limited-recourse senior secured variable rate term loan agreement. NextEra Energy Resources is an indirect wholly-owned subsidiary of NextEra Energy, Inc. Interest on the loan is based on the three-month London InterBank Offered Rate plus a specified margin. Interest on the loan is payable quarterly and principal on the loan is payable semi-annually. The loan matures in September 2028. Upon funding of the loan, Wild Prairie Wind entered into several interest rate swaps to hedge against interest rate movements with respect to interest payments on the loan. Substantially all of the loan proceeds were used to reimburse NextEra Energy Resources, in part, for its capital contribution related to the development and construction of wind generation facilities with a generating capability totaling 249 megawatts located in South Dakota and Iowa. The loan is secured by liens on those wind generating facilities, and certain other assets of, and the ownership interest in, Wild Prairie Wind and the entities that own the facilities, which are wholly-owned subsidiaries of Wild Prairie Wind. The loan agreement contains default and related acceleration provisions relating to the failure to make required payments, failure to meet certain covenants, certain events in bankruptcy, and other actions by Wild Prairie Wind or other parties as specified in the term loan agreement.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
