2. To ratify the selection of Grant Thornton LLP as our independent registered public accounting firm for 2015; and
3. To transact such other business as may properly come before the meeting or any adjournment thereof.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE
STOCKHOLDER MEETING TO BE HELD ON MAY 19, 2015.

We have elected to take advantage of the Securities and Exchange Commission’s rules that allow us to furnish our proxy materials to our stockholders over the Internet. We believe electronic delivery will expedite the receipt of materials and, by printing and mailing a smaller volume, will reduce the environmental impact of our annual meeting materials and help lower our costs. A Notice of Internet Availability of Proxy Materials (the “Notice of Internet Availability”) is being mailed concurrently to our stockholders. The Notice contains instructions on how to access the Notice of Annual Meeting, Proxy Statement and Annual Report to Stockholders online. You will not receive a printed copy of these materials, unless you specifically request one. The Notice of Internet Availability contains instructions on how to receive a paper copy of the proxy materials.

It is important that your shares be represented and voted at the meeting. You may vote your shares in person at the meeting, by internet, by telephone or by completing, signing, dating and returning a proxy card which will be mailed to you if you request delivery of a full set of proxy materials.

PROXY STATEMENT

This statement is furnished in connection with the solicitation by the Board of Directors of AAON, Inc., for proxies to be used at our Annual Meeting of Stockholders (the "Annual Meeting") to be held on May 19, 2015, at the time and place set forth in the Notice of Annual Meeting accompanying this Proxy Statement. Unless the context otherwise requires, references herein to "AAON", "we", "us", "our" or "ours" refers to AAON, Inc., a Nevada corporation.

Pursuant to provisions of our Bylaws and action of our Board of Directors, the close of business on March 24, 2015, has been established as the time and record date for determining the stockholders entitled to notice of and to vote at this Annual Meeting. The stock transfer books will not be closed.

The Directors nominated for election will be elected if, assuming a quorum exists, a majority of the stockholders voting, vote in favor of each Director.

Stockholders of record on the record date are entitled to cast their votes at the Annual Meeting in person or by internet, telephone or properly executed proxy. The presence, by any of these means, of thirty-three and one-third percent (33-1/3%) of the Common Stock outstanding on the record date is necessary to constitute a quorum at the Annual Meeting. Abstentions and broker non-votes are counted as shares present in determining whether the quorum requirement is satisfied. If a quorum is not present at the time the Annual Meeting is convened, we may adjourn or postpone the meeting.

Determination of whether a proposal specified in the Notice of 2015 Annual Meeting of Stockholders has been approved will be determined, assuming a quorum is present either in person or by proxy, as follows:

Proposal No. 1. A nominee for director will be elected if a majority of the stockholders voting on the nominee's election vote in favor such nominee's election. Accordingly, abstentions and broker non-votes will have no effect on the outcome of the vote on the director nominees.

- Proposal No. 2. The proposal to ratify Grant Thornton LLP as our independent registered public accounting firm for the year ending December 31, 2015 will require the affirmative vote of a majority of the shares of Common Stock present at the Annual Meeting in person or by proxy and entitled to vote on the proposal. An abstention will have the effect of a vote against this proposal. Brokers have discretionary authority and may vote on the proposal without having instructions from the beneficial owners or persons entitled to vote thereon.

You may vote in several different ways:

In person at the Annual Meeting

You may vote in person at the Annual Meeting. You may also be represented by another person at the meeting by executing a proxy properly designating that person. If you are the beneficial owner of shares held in "street name," you must obtain a legal proxy from your broker, bank or other holder of record and present it to the inspectors of election with your ballot to be able to vote at the meeting.

By telephone

You may vote by calling the toll-free telephone number indicated on the voting instructions you will receive. Easy-to-follow voice prompts allow you to vote your shares and confirm that your voting instructions have been properly recorded.

By Internet

You may vote by going to the Internet web site indicated on the voting instructions you will receive. Confirmation that your voting instructions have been properly recorded will be provided.

By mail

You may vote by completing, signing, dating and returning a proxy card which will be mailed to you if you request delivery of a full set of proxy materials. A postage-paid envelope will be provided along with the proxy card.

Telephone and Internet voting for stockholders of record will be available until 11:59 p.m. Central time on May 18, 2015. A mailed proxy card must be received by May 18, 2015, in order to be voted at the Annual Meeting. The availability of telephone and Internet voting for beneficial owners of other shares held in “street name” will depend on your broker, bank or other holder of record and we recommend that you follow the voting instructions on the Notice of Internet Availability that you receive from them.

If you are mailed a set of proxy materials and a proxy card or voting instruction card and you choose to vote by telephone or by Internet, you do not have to return your proxy card or voting instruction card. However, even if you plan to attend the Annual Meeting, we recommend that you vote your shares in advance so that your vote will be counted if you later decide not to attend the meeting.

Proxies received in advance of the meeting may be revoked at any time prior to the voting thereof, either by giving notice to the Secretary of AAON or by personal attendance at the meeting.

We have adopted a procedure approved by the SEC called “householding” pursuant to which stockholders of record who have the same address and last name and who request a written copy of our Annual Report and Proxy Statement will receive only one copy of such materials unless one or more of these stockholders notify us that they wish to receive individual copies. Stockholders who participate in householding will continue to receive separate proxy cards.

We will pay the costs of the solicitation of proxies. We may reimburse brokerage firms and other persons for expenses incurred in forwarding the proxy materials to their customers who are beneficial owners and obtaining their voting instructions. Stockholders electing to vote over the Internet should understand that there may be costs associated with electronic access (such as charges from their Internet access provider) and that these costs must be borne by the stockholder.

Stockholders currently receiving multiple copies of our Annual Report and Proxy Statement at their household can request householding by contacting our transfer agent at 1-801-277-1400 or writing to Progressive Transfer Company, 1981 East Murray-Holladay Road, Suite 200, Salt Lake City, Utah 84117. Stockholders now participating in householding who wish to receive a separate document in the future may do so in the same manner. Those owning shares through a bank, broker or other nominee may request householding by contacting the nominee.

This Proxy Statement, the Notice of Annual Meeting and accompanying proxy card, as well as our 2014 Annual Report (which includes our Annual Report on Form 10-K for the year ended December 31, 2014), can also be found at our website (www.aaon.com). Copies of exhibits omitted from the enclosed Annual Report on Form 10-K are available without charge upon written request to Kathy I. Sheffield, 2440 S. Yukon, Tulsa, Oklahoma 74107, or may also be obtained at the Securities and Exchange Commission's website at www.sec.gov.

BOARD, COMMITTEE MATTERS AND CORPORATE GOVERNANCE

Leadership Structure of the Board

The business of AAON is managed under the direction of our Board of Directors (“Board”). In accordance with our Bylaws, we do not have a “Chairman of the Board”; rather, the President, who is also the Chief Executive Officer, presides as “Chairman” at all meetings of the Board and stockholders.

The Board has determined that our current Board structure, having the Chief Executive Officer also serve as the presiding officer at all Board and stockholder meetings, is currently the most appropriate leadership structure for the Company and its stockholders. This fosters clear accountability, effective decision-making, alignment with corporate strategy, direct oversight of management, full engagement of the remaining directors and continuity of leadership. As the officer ultimately responsible for the day-to-day operation of the Company and for execution of its strategy, the Board believes that the President is the director best qualified to act in the capacity as “Chairman” of the Board and to lead Board discussions regarding the performance of the Company. We do not require the person filling the function of “Chairman of the Board” to be an independent director.

The Board’s Role in Risk Oversight

The Board has ultimate responsibility for oversight of our risk management processes. The Board discharges this oversight responsibility through regular reports received from and discussions with senior management on areas of material risk exposure to the Company. These reports and Board discussions include, among other things, operational, financial, legal, regulatory and strategic risks. Additionally, our risk management processes are intended to identify, manage and control risks so that they are appropriate considering our size, operations and business objectives. The full Board (or the appropriate committee in the case of risks in areas for which responsibility has been delegated to a particular committee) engages with the appropriate members of senior management to enable its members to understand and provide input to and oversight of our risk identification, risk management and risk mitigation strategies. In addition, each of our Board committees considers the risks within its areas of responsibility. For example, the Audit Committee reviews risks related to financial reporting; discusses material violations, if any, of Company ethics and compliance policies brought to its attention; considers the Company’s annual audit risk assessment which identifies internal control risks and drives the internal and external audit plan for the ensuing year; and considers the impact of risk on our financial position and the adequacy of our risk-related internal controls. The Compensation Committee reviews compensation and human resource risks. This enables the Board to coordinate risk oversight, particularly with respect to interrelated or cumulative risks that may involve multiple areas for which more than one committee has responsibility. The Board or applicable committee also has authority to engage external advisors as necessary.

The Board met five times during 2014, and each director participated in 75% or more of the total number of meetings of the Board.

Actions taken by the Board outside of Board meetings were consented to in writing by a memorandum of action in lieu of a meeting, to which all incumbent directors subscribed. Directors meet their responsibilities not only by attending Board and committee meetings but also through communication with members of management on matters affecting us.

A description of the fees paid to the directors and members of the Audit Committee, Compensation Committee and Governance Committee can be found under “Executive Compensation - Director Compensation”, herein.

Stockholders may communicate with the Board, including the non-management directors, by sending a letter to the Board of Directors of AAON, Inc., c/o Corporate Secretary, 2425 South Yukon, Tulsa, Oklahoma 74107. The Corporate Secretary has the authority to disregard any inappropriate communications. If deemed an appropriate communication, the Corporate Secretary will submit the correspondence to the Board or to any specific director to whom the correspondence is directed.

We encourage all of our directors to attend AAON's annual meetings of stockholders and all current Board members attended the 2014 annual meeting.

Committee Structure

Currently, the Board has a standing Audit Committee, Compensation Committee and Governance Committee to assist the Board in carrying out its functions. The Board has determined that each of the Chairmen, as well as all committee members are independent under applicable NASDAQ and SEC rules for committee memberships. The members of the committees are shown in the table below, followed by a brief description of each committee.

Director	Audit Committee	Compensation Committee	Governance Committee
Joseph E. Cappy	Member	Member	--
Paul K. Lackey, Jr.	Member	--	Chairman
A.H. McElroy II	--	Chairman	Member
Jack E. Short	Chairman	--	Member

The Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of our accounting, auditing and financial reporting practices. Among other things, the Audit Committee is responsible for: selecting and retaining our independent public accountants; preapproving the engagement of the independent accountants for all audit-related services and permissible, non-audit related services; reviewing in advance the scope and focus of the annual audit; and reviewing and discussing with management and the auditors our financial reports, the audited financial statements, the auditor's report, the management letter and the quality and adequacy of our internal controls. The Board has determined that the Chairman and the other Audit Committee members are independent under applicable NASDAQ and SEC rules for Audit Committee memberships. The Audit Committee is governed by a written charter, a copy of which is available on our website, at www.aaon.com. The "Audit Committee Report" for year 2014 is set forth below. The Audit Committee met a total number of four times during 2014 and the Chairman and each committee member participated in 75% or more of the total number of Audit Committee meetings.

The Board has determined that Mr. Short qualifies as an "audit committee financial expert" as defined by applicable SEC rules and that each member of the Audit Committee meets the additional criteria for independence of audit committee members set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

The responsibilities of the Compensation Committee, as set forth in its charter, include the direct responsibility and authority to review and approve our goals and objectives relevant to the compensation of our Chief Executive Officer and other executive officers, to evaluate the performance of such officers in accordance with the policies and principles established by the Compensation Committee and to determine and approve, either as a Committee, or (as directed by the Board) with the other “independent” Board members (as defined by the NASDAQ listing standards), the compensation level of the Chief Executive Officer and the other executive officers. The Compensation Committee is composed of the two non-employee directors, named in the table above, each of whom is “independent” as defined by applicable NASDAQ and SEC rules for committee memberships. The Compensation Committee is governed by a written charter, a copy of which is available on our website, at www.aaon.com. The Compensation Committee met a total of four times during 2014 and the Chairman and each committee member participated in 75% or more of the total number of Compensation Committee meetings.

The responsibilities of the Governance Committee include proposing to the Board a slate of nominees for election by the stockholders at the Annual Meeting, and maintaining a list of prospective director candidates in the event of the resignation, death, removal or retirement of directors or a change in the Board composition requirements. The Committee is also charged with reviewing with the Board the desired experience, mix of skills and other qualities to assure appropriate Board composition. The Board has determined that the Chairman and all Governance Committee members are independent under applicable NASDAQ and SEC rules for committee memberships. The Governance Committee met a total of four times during 2014 and the Chairman and each committee member participated in 75% or more of the total number of Governance Committee meetings.

Our Bylaws also provide that a stockholder may nominate a director for election at an annual meeting if written notice is given to us not less than 60 and not more than 90 days in advance of the anniversary date of the immediately preceding annual meeting.

If and when new vacancies occur in the future, the Board will consider director nominees recommended by stockholders, in accordance with our Bylaws. The Board does not have a formal policy regarding the consideration of, procedures to be followed by, minimum qualifications of or process for identifying or evaluating nominees recommended by stockholders.

Among the criteria developed by the Governance Committee for qualification for director nominees as well as director retention, a candidate must have demonstrated accomplishment in his or her chosen field, character and personal integrity, and the ability to devote sufficient time to carry out the duties of a director. The Governance Committee considers whether the candidate is independent under the standards described below under “Director Independence.” In addition, the Governance Committee considers all information relevant in their business judgment to the decision of whether to nominate a particular candidate, taking into account the then-current composition of the Board and assessment of the Board’s collective requirements. These factors may include: a candidate’s age, professional and educational background, reputation, industry knowledge and business experience and relevance to the Company and the Board (including the candidate’s understanding of markets, technologies, financial matters and international operations); whether the candidate will complement or contribute to the mix of talents, skills and other characteristics that are needed to maintain the Board’s effectiveness; and the candidate’s ability to fulfill responsibilities as a director and as a member of one or more of our standing Board committees. Although the Board does not have a formal diversity policy for Board membership, the Governance Committee considers whether a director nominee contributes or will contribute to the Board in a way that can enhance the perspective and experience of the Board as a whole through diversity in gender, ethnicity, geography and professional experience.

Nomination of a candidate is not based solely on the factors noted above. When current Board members are considered for nomination for re-election, the Governance Committee also takes into consideration their prior Board contributions, performance and meeting attendance records. The Governance Committee does not assign specific weights to particular criteria, and no particular criterion is a prerequisite for Board membership. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide an appropriate mix of experience, knowledge and abilities to allow the Board to fulfill its responsibilities. The effectiveness of the Board's skills, expertise and background is also considered as part of each Board annual self-assessment.

Code of Ethics

We have adopted a code of ethics that applies to our principal executive officer, principal financial officer and principal accounting officer or persons performing similar functions, as well as our other employees and directors. Our code of ethics can be found on our website at www.aaon.com. We will also provide any person without charge, upon request, a copy of such code of ethics. Requests may be directed to AAON, 2425 South Yukon Avenue, Tulsa, Oklahoma 74107, attention Kathy I. Sheffield, or by calling (918) 382-6204.

Transactions with Related Persons

In 2014, we did not enter into any new related party transactions and we do not have any preexisting related party transactions.

Our Code of Conduct guides the Board in its actions and deliberations with respect to related party transactions. Under the Code, conflicts of interest, including any involving the directors or any Named Executive Officers, are prohibited except under any guidelines approved by the Board. Only the Board may waive a provision of the Code of Conduct for a director or a Named Executive Officer, and only then in compliance with all applicable laws, rules and regulations.

Director Independence

The Board has adopted director independence standards that meet and/or exceed listing standards set by NASDAQ. NASDAQ has set forth six applicable tests and requires that a director who fails any of the tests be deemed not independent. The Board has affirmatively determined that Messrs Short, Lackey, McElroy, Levine and Cappy are independent, and that, if elected, Mr. Fields will also qualify as independent under the Company's guidelines and independence standards of NASDAQ and the SEC. Mr. Asbjornson does not qualify as independent under the standards set forth below. The Board has determined that Mr. Johnson should not be deemed independent, because he is a member of the law firm that serves as General Counsel to the Company.

Our director independence standards are as follows:

It is the policy of the Board that a majority of the members of the Board consist of directors independent of AAON and our management. For a director to be deemed "independent," the Board shall affirmatively determine that the director has no material relationship with AAON or its affiliates or any member of the senior management of AAON or his or her affiliates. In making this determination, the Board applies, at a minimum and in addition to any other standards for independence established under applicable statutes and regulations as outlined by the NASDAQ listing standards, the following standards, which it may amend or supplement from time to time:

A director who is, or has been within the last three years, one of our employees, or whose immediate family member is, or has been within the last three years a Named Executive Officer, cannot be deemed independent. Employment as an interim Chairman or Chief Executive Officer will not disqualify a director from being considered independent following that employment.

A director who has received, or who has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from us, other than director and committee fees and benefits under a tax-qualified retirement plan, or non-discretionary compensation for prior service (provided such compensation is not contingent in any way on continued service), cannot be deemed independent. Compensation received by a director for former service as an interim Chairman or Chief Executive Officer and compensation received by an immediate family member for service as a non-executive employee will not be considered in determining independence under this test.

A director who (A) is, or whose immediate family member is, a current partner of a firm that is our external auditor; (B) is a current employee of such a firm; or (C) was, or whose immediate family member was, within the last three years (but is no longer) a partner or employee of such a firm and personally worked on our audit within that time cannot be deemed independent.

A director who is, or whose immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of our present Named Executive Officers at the time serves or has served on that company's compensation committee cannot be deemed independent.

A director who is a current employee or general partner, or whose immediate family member is a current executive officer or general partner, of an entity that has made payments to, or received payments from us for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$200,000 or 5% of such other entity's consolidated gross revenues, other than payments arising solely from investments in AAON's securities or payments under non-discretionary charitable contribution matching programs, cannot be deemed independent.

For purposes of the independence standards set forth above, the terms:

"affiliate" means any consolidated subsidiary of AAON and any other company or entity that controls, is controlled by or is under common control with AAON;

"executive officer" means an "officer" within the meaning of Rule 16a-1(f) under the Exchange Act, as amended; and

"immediate family" means spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law and anyone (other than employees) sharing a person's home, but excluding any person who is no longer an immediate family member as a result of legal separation or divorce, death or incapacitation.

In addition to the director independence standards set forth above, the Board also requires the Chairs and all other committee members to satisfy the heightened independence standards set forth under applicable NASDAQ and SEC rules for committee memberships. In connection with its assessment of the independence of the directors as set forth above, the Board also determined that our Audit Committee Chair and all other Audit Committee members meet the additional independence standards of NASDAQ and the SEC applicable to members of the Audit Committee.

The Board undertakes an annual review of the independence of all non-employee directors. In advance of the meeting at which this review occurs, each non-employee director is asked to provide the Board with full information regarding the director's business and other relationships with us and our affiliates and with senior management and their affiliates to enable the Board to evaluate the director's independence.

Directors have an affirmative obligation to inform the Board of any material changes in their circumstances or relationships that may impact their designation by the Board as “independent”. This obligation includes all business relationships between, on the one hand, directors or members of their immediate family, and, on the other hand, AAON and our affiliates or members of senior management and their affiliates, whether or not such business relationships are subject to any other approval requirements by us.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discusses the material elements of compensation awarded to, earned by or paid to our Named Executive Officers, comprised of our principal executive and principal financial officers, and our other three most highly compensated executive officers.

For the 2014 fiscal year, our Named Executive Officers were:

Norman H. Asbjornson	President and Chief Executive Officer
Scott M. Asbjornson	Vice President, Finance and Chief Financial Officer
Kathy I. Sheffield	Senior Vice President, Administration and Treasurer
David E. Knebel	Senior Vice President, Sales and Technology through 6/30/2014
Robert G. Fergus	Vice President, Manufacturing
Rebecca A Thompson	Chief Accounting Officer

Mr. Norman Asbjornson and Mr. Scott Asbjornson are Named Executive Officers by reason of their positions as the principal executive officer ("PEO") and principal financial officer ("PFO"), respectively, of the Company during 2014. Ms. Sheffield, Mr. Fergus and Ms. Thompson are Named Executive Officers as they are our three most highly compensated executive officers (other than our PEO and PFO) who were serving at the end of 2014. Mr. Knebel is a Named Executive Officer for the reason that he would have been included among the three most highly compensated executive officers (other than our PEO and PFO) but he retired and was not serving in such capacity at the end of 2014.

Our executive compensation programs are determined and approved by our Compensation Committee, after consideration of recommendations by the principal executive officer, as to the other Named Executive Officers. None of the Named Executive Officers are members of the Compensation Committee. The Compensation Committee has the direct responsibility and authority to review and approve our goals and objectives relative to the compensation of the Named Executive Officers, and to determine and approve (either as a committee or with the other members of our Board who qualify as “independent” directors under applicable guidelines adopted by NASDAQ) the compensation levels of the Named Executive Officers.

Our historical executive compensation programs have intended to achieve two objectives. The primary objective is to enhance our profitability, and thus stockholder value. The second objective is to attract, motivate, reward and retain employees, including executive personnel, who contribute to our long-term success. As described in more detail below, the material elements of our historical executive compensation program for Named Executive Officers include a base salary, annual incentive bonuses, perquisites, our contributions to AAON’s 401(k) plan, discretionary stock options and restricted stock awards.

We believe that each element of the executive compensation program helps to achieve one or both of the compensation objectives outlined above. The table below lists each material element of our executive compensation program and the compensation objective or objectives that it is designed to achieve.

Compensation Element	Compensation Objectives Attempted to be Achieved
Base salary	Attract and retain qualified executives Motivate and reward executives' performance Stay competitive in the marketplace
Bonus compensation	Motivate and compensate executives' performance Stay competitive in the marketplace
Perquisites and personal benefits	Attract and retain qualified executives
Equity-based compensation – stock options and restricted stock awards	Enhance profitability of AAON and stockholder value by aligning long-term incentives with stockholders' long-term interests Attract and retain qualified executives
Retirement benefits – 401(k) and health savings account	Enhance profitability of AAON and stockholder value by aligning long-term incentives with stockholders' long-term interests

As illustrated by the table above, base salary, perquisites and retirement benefits are all primarily intended to attract and retain qualified executives. These are the elements of our historic executive compensation program where the value of the benefit in any given year is not wholly dependent on performance. Base salaries are intended to attract and retain qualified executives as well as being linked to performance by rewarding and/or motivating executives. Base salaries are reviewed annually and take into account: experience and retention considerations; past performance; improvement in historical performance; anticipated future potential performance; and other issues specific to the individual executive. Base salaries also take into account comparable salaries of similarly situated officers of industry peers, as well as the individual responsibilities of our Named Executive Officers. In an effort to attract and retain qualified executives, we emphasize the need to provide executives with predictable benefit amounts that reward the executive's continued service. Some of the elements are generally paid out on a short-term or current basis, e.g., base salary and perquisites, while retirement benefits are generally paid out on a long-term basis.

There are specific elements of the historic executive compensation program that are designed to reward performance and enhance profitability and stockholder value, and, therefore, the value of these benefits is based on performance. Our annual incentive bonus plan is primarily intended to motivate and reward Named Executive Officers' performance to achieve specific strategies and operating objectives, as well as improved financial performance. Other elements that satisfy the primary objective of executive compensation to enhance profitability and stockholder value are through a mix of short-term or current basis and long-term basis. The Long-Term Incentive Plan ("LTIP") and 401(k) savings and investment plan align performance to profitability and stockholder value over a longer term. This mix of short-term and long-term elements allows us to achieve dual goals of attracting and retaining executives, while motivating and rewarding executives to enhance profitability and stockholder value.

The Compensation Committee's philosophy is that we should continue to use long-term compensation to align stockholder and executives' interests and should allocate a portion of long-term compensation to the entire executive compensation package.

The Company has an “at risk” annual incentive bonus program directly tied to overall Company performance. However, even under this structure, we believe that there is little or no likelihood that this compensation program will incentivize any executive officer to take actions for his or her personal enhancement to the detriment or risk of the Company.

We have, from time to time, at the request and for the benefit of the Compensation Committee, retained independent third-party executive compensation consulting companies (which provide no other services to us) to provide general compensation expertise. We have previously utilized these consulting firms for a comprehensive analysis of compensation for all executive, engineering, sales, marketing, general and administrative positions. These consultants generally gather peer group information and provide the information to the Compensation Committee, which is then used for proper benchmarking of our compensation programs for executives and other employees.

In November 2013, the Compensation Committee engaged Towers Watson & Co. (“Towers Watson”) to perform an independent assessment of the compensation levels for our seven top executives, and to conduct a competitive assessment of the compensation arrangements for our non-employee directors. For executive compensation, the evaluation included an analysis of 2013 base salaries, target bonuses and long-term incentive equity awards for executive officers. For board compensation, the evaluation consisted of an analysis of average annual board compensation consisting of a combination of: (i) annual board retainer and/or meeting fees; (ii) annual equity awards; and (iii) committee chairperson retainer and/or meeting fees. The preliminary report of Towers Watson was received by the Committee in the first quarter of 2014 and was reviewed and assessed by the Committee in determining its recommendations to the Board concerning future compensation of our executive officers and non-employee directors.

In order to assist the Compensation Committee in assessing the competitiveness of our executive and outside director compensation programs, Towers Watson provided market data from proprietary surveys of all organizations (excluding financial services) and durable goods manufacturing. To better reflect a peer group for the Company, market data was regressed to the Company's 2012 revenues of \$303 million.

Our Compensation Committee plans to monitor the peer group to ensure that it remains aligned with our business activities. Towers Watson found:

- the 2013 base salaries for executive officers were significantly below the median of our peer group; and
- the long-term incentive awards for 2013 approximated the 25% percentile of our peer group.

Towers Watson did not express an opinion on actual bonus compensation, indicating that deviations from target bonus compensation are often made based on company and individual performance. The Compensation Committee will again engage an outside firm to fully evaluate the Company's compensation program for executive officers and non-employee directors during the fourth quarter of 2017.

We currently maintain an “at risk” incentive program. Under this program, bonuses for the Named Executive Officers are based on the Company achieving an annual budgeted goal of operating profit before “profit sharing” and income taxes, after bonus accrual.

At the recommendation of the Compensation Committee, the Board authorized Mr. Asbjornson, as the CEO, to provide further detailed recommendations on the incentive bonus plan and individual objectives within such plan with respect to each other Named Executive Officer, and the CEO will, with the Compensation Committee's approval, have the authority to increase or decrease the individual annual incentive awards (up to 15%) for each other Named Executive Officers based upon his evaluation of such officer's annual objectives.

We provide our stockholders the opportunity to cast an advisory vote (currently once every three years) to approve the compensation of our Named Executive Officers as disclosed pursuant to the SEC's compensation disclosure rules. The results of this advisory vote (commonly known as a "say-on-pay proposal") are taken into account by the Compensation Committee in its determination to continue the key components, design and implementation of our executive compensation program.

At our 2014 Annual Meeting of Stockholders, the ballot included our say-on-pay proposal. The vote was not binding on the Company, the Board of Directors or the Compensation Committee. Of the votes cast, including abstentions, an overwhelming 89.92% were "FOR" the compensation of the Named Executive Officers. The Compensation Committee was cognizant of this result in its determinations to continue the key components, design and implementation of our executive compensation program.

The ballot for our 2014 Annual Meeting of Stockholders also included an advisory vote as to the frequency of future advisory say-on-pay votes. Of the votes cast, including abstentions, 46.90% were "For" say-on-pay votes every three years. At a meeting of the Board of Directors immediately following our 2014 Annual Meeting of Stockholders, the Board determined, in light of such advisory vote, to continue including an advisory stockholder say-on-pay proposal every three years. As a result, our next say-on-pay proposal will be included on the ballot for our 2017 Annual Meeting of Stockholders.

2014 Executive Compensation Program Elements

The following discussion, as well as the historical information contained in the tables below, are based upon our historical and current compensation plans as in effect in 2014 and the prior reported years.

Base Salaries

Similar to most companies within the industry, our policy is to pay Named Executive Officers' base salaries in cash. A significant portion of the executive compensation package is through base salaries. Below is a summary of 2014 base salaries for our Named Executive Officers:

Named Executive Officer	Base Salary
Norman H. Asbjornson	\$449,670
Scott M. Asbjornson	\$232,895
Kathy I. Sheffield	\$229,782
David E. Knebel ⁽¹⁾	\$112,710
Robert G. Fergus	\$192,565
Rebecca A Thompson	\$164,711

(1) Mr. Knebel retired as Sr. Vice President, Sales and Technology effective June 30, 2014.

In approving these executives' salary levels, the Committee took into account certain factors including, recommendations of the principal executive officer (except for himself), each executives' individual experience and responsibilities and the Company's performance.

Annual Cash Incentive Bonuses

The Compensation Committee maintained the authority to reduce or increase the size of the payout for each individual Named Executive Officer in its discretion. Cash bonuses have not historically been a significant portion of the executive compensation package. The annual discretionary bonus is reported in the “Bonus” column of the “Summary Compensation Table” for each Named Executive Officer.

As previously discussed, in 2011 the Board of Directors instituted a new “at risk” annual incentive bonus which replaced the annual discretionary bonus and is intended to facilitate alignment of management with corporate objectives and stockholder interests in order to achieve outstanding performance and to meet specific AAON financial goals by:

• providing the employees designated by the Committee, incentive compensation tied to stockholder goals for the Company;

• providing competitive compensation (base salary and incentive bonus, based, in part, on salary) to attract, motivate, reward and retain employees who achieve outstanding performance;

• fostering accountability and teamwork throughout the Company; and

• contributing to the long term success of the Company.

We believe that the annual incentive should be a substantial component of total compensation and be based upon achievement of AAON’s annual budgeted net income before “profit sharing” and income taxes, but after bonus accrual.

For the fiscal year ended December 31, 2014 the opportunity budget (targeted net income before profit sharing and income taxes but after bonus accrual) was set at \$60.0 million; whereas, actual results were \$69.8 million (116% of the opportunity budget). Incentive compensation opportunities are expressed as a percentage of the executive officer’s base salary multiplied by a bonus factor. The bonus factor is calculated using a formula determined by the Compensation Committee that results in a multiple of the amount by which the Company exceeded the opportunity budget. The rounded bonus factor for 2014 was 1.82. The eligible bonus amount for Norman H. Asbjornson and the other Named Executive Officers in 2014 are shown in the chart below:

Name	Eligible % of Base salary
Norman H. Asbjornson	75%
Scott M. Asbjornson	35%
Kathy I. Sheffield	35%
David E. Knebel ⁽¹⁾	35%
Robert G. Fergus	35%
Rebecca A. Thompson	35%

(1) Mr. Knebel retired as Sr. Vice President, Sales and Technology effective June 30, 2014.

For example, Norman H. Asbjornson's base salary for 2014 was \$449,670. Since the Company was at 116% of the opportunity budget, the bonus factor was 1.82 as noted above. Norman H. Asbjornson's bonus was 75% of his base salary times the 1.82 bonus factor to arrive at a preliminary bonus of \$612,283 (subject to adjustment as discussed immediately below).

In the event the Company's performance exceeds the level necessary for our Named Executive Officers to earn a bonus under the annual cash incentive bonus plan, the Board has the discretion (with the advice of the Compensation Committee) in the case of Norman H. Asbjornson, and Mr. Asbjornson has the discretion in the case of the other Named Executive Officers, to increase or decrease the bonus amount earned by each Named Executive Officer up to 15% based on how such individual has performed in relation to his or her annual objectives. Continuing the example from above, for 2014, Norman H. Asbjornson received an increase of approximately 6% of his preliminary bonus amount, (which equals \$37,717), in addition to the annual incentive of \$612,283 for a total bonus amount of \$650,000.

For the year ended December 31, 2014 cash bonuses were accrued as of December 31, 2014 and paid March 6, 2015 to all of our Named Executive Officers as follows:

Name	Bonus Amount
Norman H. Asbjornson	\$650,000
Scott M. Asbjornson	\$170,186
Kathy I. Sheffield	\$156,960
David E. Knebel	\$—
Robert G. Fergus	\$122,361
Rebecca A. Thompson	\$120,361

(1) Mr. Knebel retired as Sr. Vice President, Sales and Technology effective June 30, 2014.

Perquisites

We provide some Named Executive Officers with certain perquisites and personal benefits, including automobile related expenses. We utilize certain tax advantages associated with perquisites and personal benefits as a way to provide additional annual compensation that supplements base salaries and bonus opportunities granted to Named Executive Officers. Perquisites are reported in the "All Other Compensation" column of the "Summary Compensation Table" for each Named Executive Officer if applicable and if reporting threshold requirements were met.

Equity-Based Compensation

Our policy is that the Named Executive Officers' long-term compensation should be directly linked to enhancing profitability and value provided to our stockholders. Accordingly, the Compensation Committee grants equity awards under our LTIP designed to link an increase in stockholder value to compensation. Such grants are largely based upon the recommendation of the principal executive officer (except as to himself) based on the Named Executive Officer's performance in the prior year and his or her expected future contribution to our performance.

Historically, the Company has not based executive officer equity compensation decisions on pre-established performance targets or other quantitative criteria, as many of the applicable operational and financial performance measures which affect Company profitability (and stockholder value) are contingent upon a combination of general economic factors, e.g., raw material prices, which are beyond the control of any individual. However, positive overall Company performance (from both a financial as well as stock price stand point) is a primary element associated with the grant of equity-based compensation to the executive officers as a group. When determining the total value of compensation provided to our executive officers, our Compensation Committee, with the advice of our CEO, evaluates various aspects of Company performance in light of general economic conditions, as well as comparison of the Company performance against similar competitors in the industry. Performance elements considered may include cost containment initiatives, product and marketing development, risk management, or successful completion of major capital projects including production line enhancements. These elements have not been specifically weighted in determining the amount of the equity incentive awards because the relative importance of each element may change from time to time and the responsibilities of each executive officer, as they contribute to the achievement of any particular objective, may vary.

Factors considered when determining any specific equity-based award include:

- the responsibilities of the executive officer;
- the scope, level of expertise and experience required for the executive officer's position and the period during which the officer has performed these responsibilities;
- the strategic impact of the officer's position; and
- the potential future contribution of the officer.

For financial statement purposes, stock option and restricted stock award grants are valued using the Black-Scholes Model in accordance with Financial Accounting Standards Board Codification Topic 718, Compensation - Stock Compensation ("FASB ASC Topic 718") and are calculated as a part of the executive compensation package for the year based on the amount of requisite service period served. The "grant date fair value" of the options as determined under generally accepted accounting principles is shown in the "Summary Compensation Table" below. Non-qualified stock options and restricted stock awards for Named Executive Officers and other key employees generally vest ratably over five years. The Compensation Committee believes that these awards encourage Named Executive Officers to continue to use their best professional skills and to retain Named Executive Officers for longer terms.

Awards are granted to new key employees on their hire date. Other grant date determinations are made by the Compensation Committee, which are based upon the date the Committee met and proper communication was made to the Named Executive Officer or key employee as defined in the definition of grant date by FASB ASC Topic 718. Stock option exercise prices are equal to the value of AAON stock on the close of business on the determined grant date. We have no program or practice to coordinate timing of grants with release of material, nonpublic information.

The aggregate amount of stock compensation expense as determined under ASC Topic 718, Compensation - Stock Compensation, for 2014, 2013 and 2012 with respect to outstanding options and restricted stock awards granted to the Named Executive Officers is shown in the "Summary Compensation Table" below. The grant date fair value of the options and restricted stock awards granted to the Named Executive Officers in 2014, 2013 and 2012 as determined under FASB ASC Topic 718 for purposes of our financial statements is shown in the "Grants of Plan-Based Awards Table" below. The "Grants of Plan-Based Awards Table" below provides additional detail regarding the options and restricted stock awards granted to Named Executive Officers in 2014, 2013 and 2012, including the vesting and other terms that apply to the options and restricted stock awards.

Retirement Benefits - Defined Contribution Plan, 401(k) and Health Savings Account

We sponsor a defined contribution plan (the “Contribution Plan”). Eligible employees may make contributions in accordance with the Contribution Plan and IRS guidelines. In addition to the traditional 401(k), eligible employees have the option of making an after-tax contribution to a Roth 401(k) or a combination of both. The Contribution Plan provides for automatic enrollment and for an automatic increase to the deferral percentage at January 1st of each year and each year thereafter, unless the employee elects to decline the automatic increase and enrollment. Effective October 1, 2013, and each year thereafter, eligible employees are automatically enrolled in the Contribution Plan at a 6% deferral rate and employees contributing prior to the effective date will have their deferral rates increased to 6% unless their existing rate is above 6% or the employee elects to decline the automatic enrollment or increase.

Under the Contribution Plan, through September 30, 2013, we contributed a specified percentage of each eligible employee’s compensation. In addition, from 2010 through September 30, 2013, we contributed 1.5% of each eligible employee’s pre-tax earnings to the 401(k). Effective October 1, 2013, we now contribute 3% of each eligible employee’s pre-tax earnings to the Contribution Plan and match 100% up to 6% of employee contributions of eligible compensation. Our contributions are in the form of cash and we direct the investment committee to use these funds to purchase shares of our common stock. We believe that investment in our stock encourages retention and increases the value to the employee and stockholder as our performance increases. We maintain a stock repurchase arrangement by which employee-participants in our Contribution Plan are entitled to have shares of AAON stock in their accounts sold to us to provide diversification of their investments. Eligible employees are 100% vested in salary deferral contributions and vest 20% per year at the end of years two through six of employment in employer matching contributions. The additional 3% Company contribution vests over two years.

The amounts contributed by us to each Named Executive Officer under the 401(k) plan are based on actual contributions and the base salary of the employee, and are reported in the “All Other Compensation” column of the “Summary Compensation Table” for each Named Executive Officer, if applicable, and if the threshold reporting requirements were met. Our employees participate in a high-deductible health savings plan wherein they open a Health Savings Account. We previously provided a match of approximately 25% for employee contributions to their Health Savings Account. Effective October 1, 2014, we changed our matching and now match 100% of employee contributions to their Health Savings Account.

The “Grants of Plan-Based Awards Table”, and the description of the material terms of the nonqualified options and restricted stock awards granted in 2014, 2013 and 2012 that follows it, provide information regarding the long-term equity incentives awarded to Named Executive Officers in 2014, 2013 and 2012 that are also reported in the “Summary Compensation Table”. The “Outstanding Equity Awards at Fiscal Year End Table” and “Option Exercises and Stock Vesting Table” provide further information on the Named Executive Officers’ potential realizable value and actual value realized with respect to their equity awards.

We did not have any pension plans, non-qualified deferred compensation plans or severance, retirement, termination, written or unwritten constructive termination or change in control arrangements for any of our Named Executive Officers for the year ended December 31, 2014.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

A discussion of 2014 salaries, bonuses and long-term incentive awards is included in “Executive Compensation”.

Named Executive Officers are not separately entitled to receive dividend equivalent rights with respect to each stock option, however, dividends are paid for restricted stock awards (retroactively upon vesting). Each nonqualified stock option award described in the “Grants of Plan-Based Awards Table” above expires on the tenth anniversary of its associated grant date and vests in equal installments over the course of three years for Board members and five years for executives. Restricted stock awards vest in equal installments over the course of three years for Board members and five years for executives. Norman H. Asbjornson’s awards vest over a three-year or five-year period depending on which of his capacities (officer or director) the award relates to.

The following table presents information regarding outstanding equity awards as of December 31, 2014. All share numbers and prices have been adjusted to reflect stock splits.

Director Compensation

Prior to and including the annual meeting held May 20, 2014, our directors were paid quarterly fees of \$5,000 and attendance fees of \$1,500 if present in person at Board meetings or \$950 if participating by conference telephone call. In addition, our Directors were paid attendance fees of \$1,250 per meeting for service on our Audit Committee and \$1,000 per meeting for service on the Compensation Committee and the Governance Committee (up to a maximum of five meetings per committee per year) and the Chairman of the Audit Committee was paid an additional fee of \$2,250 per quarter and the Chairman of the Compensation Committee and the Chairman of the Governance Committee were paid an additional fee of \$1,250 per quarter.

Effective for the quarterly Board meetings subsequent to May 20, 2014, our directors are paid according to the following plan, with all amounts paid on a quarterly basis:

Name	Annual Retainer (\$)	Chair Fee (\$)	Audit (\$)	Compensation (\$)	Governance (\$)	Total (\$)

Joseph E. Cappy	40,000	—	10,000	7,000	—	57,000

Under the new director compensation plan, the annual retainer is inclusive of meetings.

In 2007, following the adoption of our LTIP, we adopted a policy of annually granting each of our directors shares of restricted stock. We made our annual grants of restricted stock awards in May 2014, at which time Messrs. N. Asbjornson, Johnson, Short, Lackey, McElroy, Levine and Cappy received restricted stock awards for 3,375 (5,062 following our 3-for-2 stock split on July 16, 2014) shares of stock, which vest ratably over three years.

All Other Fees. No other fees were billed by GT to us during 2014 or 2013.

The Audit Committee of the Board of Directors has determined that the provision of services by GT described above is compatible with maintaining GT's independence as our registered public accounting firm.

OVERVIEW OF PROPOSALS

This Proxy Statement contains two proposals requiring stockholder action. Proposal No. 1 requests the election of three directors to the Board of Directors. Proposal No. 2 requests that stockholders vote to ratify the selection of Grant Thornton LLP as our independent registered public accounting firm for the year ending December 31, 2015.

PROPOSAL NO. 1

Election of Directors

The names of Norman H. Asbjornson and John B. Johnson, Jr., current members of the Class III Directors, whose terms expire at the 2015 Annual Meeting, have been placed in nomination for re-election to the Board for terms ending in 2018, and Gary D. Fields has been nominated for election to the Board for a term ending in 2018 and the persons named in the proxy will vote for their election. Each of Mr. Asbjornson, Mr. Johnson and Mr. Fields have consented to being named in this Proxy Statement and to serve if elected.

The Board of Directors, after review and discussion, has concluded that Mr. Fields is qualified to serve as a director as a result of his extensive experience in the HVAC industry with substantial HVAC sales and management experience and expertise. The biographical information for all director nominees is contained in the "Directors" section above.

If any nominee becomes unavailable for any reason, the shares represented by the proxies will be voted for such other person, if any, as may be designated by the Board of Directors. However, management has no reason to believe that any nominee will be unavailable.

Recommendation of the Board:

The Board unanimously recommends that stockholders vote "FOR" the election of directors Asbjornson, Johnson and Fields.

PROPOSAL NO. 2

Ratification of Appointment of Our Independent Registered Public Accounting Firm

The Audit Committee has selected the firm of Grant Thornton LLP as the independent registered public accounting firm of the Company for the year ending December 31, 2015. The Board is submitting the selection of Grant Thornton LLP for ratification at the Annual Meeting. The submission of this matter for approval by stockholders is not legally required, but the Board and the Audit Committee believe the submission provides Stockholders an opportunity to communicate with the Board and Audit Committee concerning an important component of corporate governance. If the stockholders do not ratify the selection of Grant Thornton LLP, the Audit Committee will reconsider the selection of that firm as the Company's auditors.

Recommendation of the Board:

The Audit Committee and Board unanimously recommend a vote "FOR" the ratification of Grant Thornton LLP as the Company's independent registered public accounting firm for the year ending December 31, 2015.

However, a stockholder who otherwise intends to present business at the 2016 Annual Meeting of stockholders, including nominations of persons to our Board of Directors, must also comply with the requirements set forth in our Bylaws. The Bylaws state, among other things, that to bring business before an annual meeting or to nominate a person for our Board of Directors, a stockholder must give written notice that complies with the Bylaws to the Secretary of AAON not less than 60 days nor more than 90 days in advance of the anniversary date of the immediately preceding annual meeting. Thus, a notice of a stockholder proposal or nomination for the 2016 Annual Meeting of stockholders, submitted other than pursuant to Rule 14a-8 of the Exchange Act, as amended, will be untimely if given before February 19, 2016, or after March 20, 2016. As to any such proposals, the proxies named in management's proxy for that meeting will be entitled to exercise their discretionary authority on that proposal unless we receive notice of the matter to be proposed between February 19, 2016 and March 20, 2016. Even if proper notice is received on a timely basis, the proxies named in management's proxy for that meeting may nevertheless exercise their discretionary authority with respect to such matter by advising stockholders of such proposal and how they intend to exercise their discretion to vote on such matter to the extent permitted under Rule 14a-4(c)(2) of the Exchange Act.

OTHER MATTERS

The Board knows of no business to be brought before the 2015 Annual Meeting other than as set forth above. If others matters properly become before the stockholders at the Annual Meeting, it is the intention of the persons named on the proxy to vote the shares represented thereby on such matters in accordance with their judgment.
