CHECKERS DRIVE-IN UPDATES GUIDANCE

- Same-Store Sales Trend Stronger Than  
Expected

TAMPA, FL - June 11, 2003 - CHECKERS DRIVE-IN  
RESTAURANTS, INC.

(CHKR: NASDAQ) announced today that it expects  
earnings per share for the quarter ended  
June 16, 2003 to range from \$0.26 to \$0.28 on a  
fully diluted basis.

As part of these preliminary results,  
the Company also expects to report second quarter  
revenues in the range of \$45 million to \$45.4  
million versus \$42.7 million for the comparable  
quarter last year. The second quarter revenue  
increase is primarily due to improved same  
stores sales which will likely range from 9% to  
10%  
driven by our successful advertising plan  
and reducing our average drive-thru service time  
to the customer.

Checkers expects to release final second quarter  
results on July 10, 2003.

Keith Sirois, President and Chief Executive  
Officer,  
stated, "We are very pleased with our  
preliminary results for the second quarter. In my  
view,  
it's a byproduct of our ongoing  
investments in people, technology, and marketing,  
which converge to deliver a great product  
at the right price. We look forward to announcing

our actual results for the second quarter and addressing the investment community in the coming weeks."
