DEAR SHAREHOLDERS,

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

The problems in the U.S. financial system and the slowdown in global economic activity continue to create a very difficult environment for the U.S. economy. The administration, the Federal Reserve System and Congress have initiated a variety of programs directed at restoring liquidity to the financial markets, providing financial support for critical financial institutions and stimulating economic activity. There are encouraging signs that these initiatives are beginning to have a constructive impact. It is not possible to predict whether the actions taken to date will be sufficient to restore more normal conditions in the financial markets or enable the economy to stabilize and set a course toward recovery. However, the speed and scope of the government's actions are very encouraging and, more importantly, reflect a commitment to act decisively to meet the economic challenges we face.

The performance information in the attached report reflects the impact of many forces at work in the equity and fixed income markets. The comments by the portfolio managers describe the strategies being used to pursue your Fund's long-term investment goals. Parts of the financial markets continue to experience serious dislocations and thorough research and strong investment disciplines have never been more important in identifying risks and opportunities. I hope you will read this information carefully.

Your Board is particularly sensitive to our shareholders' concerns in these uncertain times. We believe that frequent and thorough communication is essential in this regard and encourage you to visit the Nuveen website: www.nuveen.com, for recent developments in all Nuveen funds. We also encourage you to communicate with your financial consultant for answers to your questions and to seek advice on your long-term investment strategy in the current market environment.

On behalf of myself and the other members of your Fund's Board, we look forward to continuing to earn your trust in the months and years ahead.

Sincerely,

/s/ Robert P. Bremner

Robert P. Bremner
Chairman of the Nuveen Fund Board

Nuveen Investments 3

Portfolio Managers' Comments

Nuveen Investments Municipal Closed-End Funds NUV, NUW, NMI

Portfolio managers Tom Spalding and Johnathan Wilhelm review key investment strategies and the six-month performance of NUV and NMI, and the initial investment period for NUW. With 33 years of investment experience at Nuveen, Tom has managed NUV since its inception in 1987. In February 2009, he added portfolio management responsibility for the newly introduced Nuveen Municipal Value Fund 2 (NUW). Johnathan, who came to Nuveen in 2001 with 19 years of industry experience, has served as co-portfolio manager of NMI since 2007, and assumed full portfolio management responsibility for this Fund in March 2009.

WHAT KEY STRATEGIES WERE USED TO MANAGE THE FUNDS DURING THE SIX-MONTH PERIOD ENDED APRIL 30, 2009?

During this time, the municipal market remained under pressure from price volatility, reduced liquidity, and fundamental economic concerns. After a very

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

difficult start to the period, market conditions began to show signs of improvement in mid-December 2008, and municipal bonds were on an improving trend during the first four months of 2009. In this environment, we continued to focus on finding bonds that offered relative value while seeking to invest for the long term.

Much of our investment activity during this period was driven by opportunities created by market conditions. We sought to capitalize on this environment by continuing to take a bottom-up approach to finding undervalued sectors and individual credits with the potential to perform well over the long term. This was true in both the new issuance and secondary markets. In the new issuance market, we found bonds with better structures (such as higher coupons or longer call protection) than we had seen in a long time, as market conditions required issuers to enhance offerings to make them more attractive to buyers. In the secondary markets, we were able to purchase bonds, especially lower-rated issues, at discounted prices as the result of selling by some municipal market participants, particularly in November and December 2008.

Our focus in both Funds was on bonds issued by essential service providers, including water and sewer, utilities, local public schools, hospitals and state and local general obligation and other tax-backed bonds. During the latter part of this period, NMI took advantage of attractive prices to add bonds that have been out of favor with the market, but which we believe have good performance potential over the next few years, such as community development district and tobacco bonds. In general, we focused our purchases on bonds with longer maturities. Overall, we kept the portfolio profile of NUV and NMI--in terms of maturity, credit and sector allocations--relatively unchanged.

CERTAIN STATEMENTS IN THIS REPORT ARE FORWARD-LOOKING STATEMENTS. DISCUSSIONS OF SPECIFIC INVESTMENTS ARE FOR ILLUSTRATION ONLY AND ARE NOT INTENDED AS RECOMMENDATIONS OF INDIVIDUAL INVESTMENTS. THE FORWARD-LOOKING STATEMENTS AND OTHER VIEWS EXPRESSED HEREIN ARE THOSE OF THE PORTFOLIO MANAGERS AS OF THE DATE OF THIS REPORT. ACTUAL FUTURE RESULTS OR OCCURRENCES MAY DIFFER SIGNIFICANTLY FROM THOSE ANTICIPATED IN ANY FORWARD-LOOKING STATEMENTS AND THE VIEWS EXPRESSED HEREIN ARE SUBJECT TO CHANGE AT ANY TIME, DUE TO NUMEROUS MARKET AND OTHER FACTORS. THE FUNDS DISCLAIM ANY OBLIGATION TO UPDATE PUBLICLY OR REVISE ANY FORWARD-LOOKING STATEMENTS OR VIEWS EXPRESSED HEREIN.

4 Nuveen Investments

In both NUV and NMI, some of the cash for new purchases was generated by bond calls and redemptions. In NMI, we also monitored the types of credits and bond structures that were attractive to the retail market and took advantage of strong bids to sell selected bonds, including pre-refunded bonds(1) and utilities issues, into relatively consistent retail demand. The bonds we sold tended to have shorter maturities, as these generally were in greater demand by retail buyers.

During this period, we continued to use inverse floating rate securities(2) in both NUV and NMI. We employed inverse floaters for a variety of reasons, including duration(3) management and income enhancement. NMI also invested in additional types of derivatives(4) intended to help manage its duration and net asset value (NAV) volatility without having a negative impact on its income stream or dividends over the short term. As of April 30, 2009, the inverse floaters remained in place in both Funds, while we had removed the derivative positions from NMI.

In February 2009, we introduced the Nuveen Municipal Value Fund 2 (NUW), which--like NUV--was established as an unleveraged Fund that invests in a diversified portfolio of tax-exempt municipal obligations. During the period

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

between the Fund's inception and April 30, 2009, we focused on the successful completion of the Fund's initial investment phase. By the period end, NUW was fully invested and had met and/or exceeded all of its targeted objectives in terms of individual credit quality, diversification, and yield expectations. Our purchases during the investment phase primarily focused on bonds that we believed would achieve the portfolio's objective of providing attractive monthly income exempt from federal taxes, including the alternative minimum tax (AMT), and attractive after-tax total returns over the long term. This included bonds that offered longer maturities, good call protection, and diversification in terms of credit quality and sector, such as general and limited tax obligations, health care, transportation, utilities, and other essential services bonds.

HOW DID THE FUNDS PERFORM?

Individual results for these Funds, as well as relevant index and peer group information, are presented in the accompanying table.

AVERAGE ANNUAL TOTAL RETURNS ON NET ASSET VALUE* FOR PERIODS ENDED 4/30/09

	SIX-MONTH	1-YEAR	5-YEAR	10-YEAR
NUV	6.69%	-3.61%	3.18%	3.96%
NUW**	3.59%	N/A	N/A	N/A
NMI	7.74%	-2.38%	3.48%	3.39%
Lipper General and Insured Unleveraged Municipal Debt Funds Average(5)	6.51%	-1.84%	3.17%	3.77%
Barclays Capital Municipal Bond Index(6)	8.20%	3.11%	4.11%	4.78%
S&P National Municipal Bond Index(7)	7.73%	1.14%	3.84%	4.61%

* Six-month returns are cumulative; returns for one-year, five-year, and ten-year are annualized.

** NUW's cumulative return represents the period from its inception on February 25, 2009, through April 30, 2009.

Past performance is not predictive of future results. Current performance may be higher or lower than the data shown. Returns do not reflect the deduction of taxes that shareholders may have to pay on Fund distributions or upon the sale of Fund shares.

For additional information, see the individual Performance Overview for your Fund in this report.

- (1) Pre-refundings, also known as advance refundings or refinancings, occur when an issuer sells new bonds and uses the proceeds to fund principal and interest payments of older existing bonds. This process often results in lower borrowing costs for bond issuers.
- (2) An inverse floating rate security, also known as inverse floaters, is a financial instrument designed to pay long-term tax-exempt interest at a rate that varies inversely with a short-term tax-exempt interest rate index. For the Nuveen Funds, the index typically used is the Securities Industry and Financial Markets (SIFM) Municipal Swap Index (previously

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

referred to as the Bond Market Association Index or BMA). Inverse floaters, including those inverse floating rate securities in which the Funds invested during the reporting period, are further defined within the Notes to Financial Statements and Glossary of Terms Used in this Report sections of this report.

- (3) Duration is a measure of a bond's price sensitivity as interest rates change, with longer duration bonds displaying more sensitivity to these changes than bonds with shorter durations.
- (4) Each Fund may invest in derivative instruments such as forwards, futures, options and swap transactions. For additional information on the derivative instruments in which each Fund was invested during and at the end of the reporting period, see the Portfolio of Investments, Financial Statements, and Notes to Financial Statements sections of this report.
- (5) The Lipper General and Insured Unleveraged Municipal Debt Funds Average is calculated using the returns of all closed-end funds in this category for each period as follows: six-months, 8 funds; one-year, 8 funds; five-year, 7 funds; and ten-year, 7 funds. Fund and Lipper returns assume reinvestment of dividends.
- (6) The Barclays Capital (formerly Lehman Brothers) Municipal Bond Index is an unlever-aged, unmanaged national index comprising a broad range of investment-grade municipal bonds. Results for the Barclays Capital index do not reflect any expenses.
- (7) The Standard & Poor's (S&P) National Municipal Bond Index is an unleveraged, market value-weighted index designed to measure the performance of the U.S. municipal bond market.

Nuveen Investments 5

For the six months ended April 30, 2009, the cumulative returns on net asset value (NAV) for NUV and NMI outperformed the average return for the Lipper General and Insured Unleveraged Municipal Debt Funds Average. The six-month return for NMI slightly exceeded the return on the Standard & Poor's (S&P) National Municipal Bond Index, while NUV lagged this return. Both Funds underperformed the Barclays Capital Municipal Bond Index for this period. As noted previously, NUW's return represents just the two-month period between its inception and April 30, 2009.

Key management factors that influenced the Funds' returns during this period included duration and yield curve positioning, the use of derivatives, credit and sector allocations and individual security selection.

Over this period, the municipal bond yield curve remained steep with longer-term yields significantly higher than shorter-term yields. Bonds in the Barclays Capital Municipal Bond Index maturing in ten years or more, especially bonds with maturities of approximately 15 years and 22 years and longer benefited the most from this interest rate environment. Both NUM and NMI had good exposure to the longer parts of the yield curve, which benefited their performances during this period.

As mentioned earlier, NUV and NMI continued to use inverse floating rate securities. During this six-month period these instruments generally had a positive impact on the Funds' performances, while also helping to support their income streams. In addition, NMI, which had a duration that was shorter than our strategic target, used derivative positions during part of this period to synthetically extend its duration closer to the target. These derivative

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

positions, which boosted the Fund's interest rate sensitivity, performed well and made a positive contribution to NMI's total return performance.

Credit quality exposure was also an important positive factor, although its impact was offset to a certain degree by other factors, such as duration and yield curve positioning, sector allocation, and security selection. During the six-month period, investors put a priority on higher quality investments. As a result, bonds with higher credit quality typically performed very well and bonds rated BBB or below and non-rated bonds generally posted poorer returns.

Sectors of the municipal bond market that generally contributed positively to the Funds' returns during this period included housing, water and sewer and education. Holdings in the transportation and utilities sectors were also helpful. Overall, general obligation bonds tended to outperform the general municipal market, while health care bonds, which had underperformed for some time, reversed course and generally performed in line with the market over the past six months.

6 Nuveen Investments

Holdings that generally detracted from the Funds' performances included industrial development revenue (IDR) and resource recovery bonds. Zero coupon bonds did poorly, and pre-refunded bonds, which had been the top-performing segment of the municipal market for some time, also underperformed. Although backed by U.S. Treasuries, the shorter effective maturities of pre-refunded bonds hurt their performances during this period. Lower-rated bonds backed by the 1998 master tobacco settlement agreement, also performed poorly.

NUV's returns also were negatively impacted by its holdings of Ambac-insured bonds issued for the Las Vegas monorail project, which links various casinos on the Las Vegas strip. The project has struggled to build ridership and turn a profit, and proposals to extend the monorail to McCarran International Airport remain on hold.

RECENT DEVELOPMENTS REGARDING BOND INSURANCE COMPANIES

Another factor that had an impact on the performance of these Funds was their positions in bonds backed by municipal bond insurers that experienced downgrades in their credit ratings. At the time this report was prepared, there were no bond insurers rated AAA by all three of the major rating agencies (Moody's Investor Service, S&P and Fitch) and at least one rating agency has placed each insurer on "negative credit watch," "credit watch evolving," "credit outlook developing," or "rating withdrawn," which may presage one or more rating reductions in the future. As concern increased about the balance sheets of insurers, prices on insured bonds - especially those bonds issued by weaker underlying credits - declined, detracting from the Funds' performances. By the end of this reporting period, most insured bonds were being valued according to their fundamentals as if they were uninsured. On the whole, the holdings of these Funds continued to be well diversified, and it is important to note that municipal bonds historically have had a very low rate of default.

Nuveen Investments 7

Dividend and Share Price Information

During the six-month period ended April 30, 2009, NMI had one monthly dividend increase, while the dividend of NUV remained stable throughout the period. On April 1, 2009, NUW, which was introduced in February 2009, declared its initial

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

monthly dividend distribution of \$0.0750 per share, payable on May 1, 2009.

Due to normal portfolio activity, common shareholders of NUV received an ordinary income distribution of \$0.0020 per share at the end of December 2008.

The Funds seek to pay stable dividends at rates that reflect each Fund's past results and projected future performance. During certain periods, each Fund may pay dividends at a rate that may be more or less than the amount of net investment income actually earned by the Fund during the period. If a Fund has cumulatively earned more than it has paid in dividends, it holds the excess in reserve as undistributed net investment income (UNII) as part of the Fund's NAV. Conversely, if a Fund has cumulatively paid dividends in excess of its earnings, the excess constitutes negative UNII that is likewise reflected in the Fund's NAV. Each Fund will, over time, pay all of its net investment income as dividends to shareholders. As of April 30, 2009, all of the Funds had positive UNII balances, based upon our best estimate, for tax purposes. NUV and NMI had positive UNII balances, while NUW had a negative UNII balance for financial statement purposes.

COMMON SHARE REPURCHASES AND SHARE PRICE INFORMATION

The Funds' Board of Directors/Trustees approved an open-market share repurchase program on July 30, 2008, for NUV and NMI under which each Fund may repurchase an aggregate of up to 10% of its outstanding common shares. Since the inception of this program, NUV and NMI have not repurchased any of their outstanding common shares. As noted previously, NUW commenced operations on February 25, 2009.

As of April 30, 2009, the Funds' share prices were trading at premiums or discounts to their NAVs as shown in the accompanying table:

	4/30/09 +PREMIUM/-DISCOUNT	SIX-MONTH AVERAGE PREMIUM
NUV	+2.69%	2.97%
NUW	-0.27%	3.63%
NMI	+4.93%	3.72%

- (1) The percentages shown in the foregoing chart may reflect the ratings on certain bonds whose insurer has experienced downgrades as of the end of the reporting period. Please see the Portfolio Managers' Commentary for an expanded discussion of the affect on the Fund of changes to the ratings of certain bonds in the portfolio resulting from changes to the ratings of the underlying insurers both during the period and after period end.
- (2) Taxable-Equivalent Yield represents the yield that must be earned on a fully taxable investment in order to equal the yield of the Fund on an after-tax basis. It is based on a federal income tax rate of 28%. When comparing the Fund to investments that generate qualified dividend income, the Taxable-Equivalent Yield is lower.

Total Short-Term Investments (cost \$11,875,000)

Total Investments (cost \$168,826,354) - 94.0%

Other Assets Less Liabilities - 6.0%

Net Assets - 100%

- (1) All percentages shown in the Portfolio of Investments are based on net assets.
- (2) Optional Call Provisions: Dates (month and year) and prices of the earliest optional call or redemption. There may be other call provisions at varying prices at later dates. Certain mortgage-backed securities may be subject to periodic principal paydowns.
- (3) Ratings: Using the higher of Standard & Poor's Group ("Standard & Poor's") or Moody's Investor Service, Inc. ("Moody's") rating. Ratings below BBB by Standard & Poor's or Baa by Moody's are considered to be below investment grade.

The Portfolio of Investments may reflect the ratings on certain bonds whose insurer has experienced downgrades as of the end of the reporting period. Please see the Portfolio Managers' Commentary for an expanded discussion of the affect on the Fund of changes to the ratings of certain bonds in the portfolio resulting from changes to the ratings of the underlying insurers both during the period and after the period end.

- (4) Investment has a maturity of more than one year but has variable rate and demand features which qualify it as a short-term investment. The rate disclosed is that in effect at the end of the reporting period. This rate changes periodically based on market conditions or a specified market index.

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

N/R Not rated.

WI/DD Purchased on a when-issued or delayed delivery basis.

(IF) Inverse floating rate investment.

| Notes to FINANCIAL STATEMENTS (Unaudited)

1. GENERAL INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

The funds covered in this report and their corresponding New York Stock Exchange symbols are Nuveen Municipal Value Fund, Inc. (NUV), Nuveen Municipal Value Fund 2 (NUW) and Nuveen Municipal Income Fund, Inc. (NMI) (collectively, the "Funds"). The Funds are registered under the Investment Company Act of 1940, as amended, as closed-end, diversified management investment companies.

Prior to the commencement of operations, Municipal Value Fund 2 (NUW) had no operations other than those related to organizational matters, the initial capital contribution of \$100,275 by Nuveen Asset Management (the "Advisor"), a wholly owned subsidiary of Nuveen Investments, Inc. ("Nuveen"), and the recording of the organization expense (\$15,000) and their reimbursement by Nuveen Investments, LLC, also a wholly owned subsidiary of Nuveen.

Each Fund's primary investment objective is to provide current income exempt from regular federal income tax by investing primarily in a portfolio of municipal obligations issued by state and local government authorities or certain US territories.

The following is a summary of significant accounting policies followed by the Funds in the preparation of their financial statements in accordance with US generally accepted accounting principles.

Investment Valuation

The prices of municipal bonds in each Fund's investment portfolio are provided by a pricing service approved by the Fund's Board of Directors/Trustees. Futures contracts are valued using the closing settlement price, or in the absence of such a price, at the mean of the bid and asked prices. When market price quotes are not readily available (which is usually the case for municipal securities), the pricing service or, in absence of a pricing service for a particular investment, the Board of Directors/Trustees of the Fund, or its designee, may

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

establish fair value using a wide variety of market data including yields or prices of investments of comparable quality, type of issue, coupon, maturity and rating, market quotes or indications of value from securities dealers, evaluations of anticipated cash flows or collateral, general market conditions and other information analysis, including the obligor's credit characteristics considered relevant. Temporary investments in securities that have variable rate and demand features qualifying them as short-term investments are valued at amortized cost, which approximates value.

Investment Transactions

Investment transactions are recorded on a trade date basis. Realized gains and losses from transactions are determined on the specific identification method. Investments purchased on a when-issued/delayed delivery basis may have extended settlement periods. Any investments so purchased are subject to market fluctuation during this period. The Funds have instructed the custodian to segregate assets with a current value at least equal to the amount of the when-issued/delayed delivery purchase commitments. At April 30, 2009, Municipal Value 2 (NUW) had outstanding when issued/delayed delivery purchase commitments of \$14,559,550. There were no such outstanding purchase commitments in either of the other Funds.

Investment Income

Interest income, which includes the amortization of premiums and accretion of discounts for financial reporting purposes, is recorded on an accrual basis. Investment income also includes paydown gains and losses, if any.

Income Taxes

Each Fund is a separate taxpayer for federal income tax purposes. Each Fund intends to distribute substantially all of its net investment income and net capital gains to shareholders and to otherwise comply with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies. Therefore, no federal income tax provision is required.

Nuveen Investments 39

| Notes to FINANCIAL STATEMENTS (continued) (Unaudited)

Furthermore, each Fund intends to satisfy conditions which will enable interest from municipal securities, which is exempt from regular federal and designated state income taxes, to retain such tax-exempt status when distributed to shareholders of the Funds. Net realized capital gains and ordinary income distributions paid by the Funds are subject to federal taxation.

For all open tax years and all major taxing jurisdictions, management of the Funds has concluded that there are no significant uncertain tax positions that would require recognition in the financial statements. Open tax years are those that are open for examination by taxing authorities (i.e., generally the last four tax year ends and the interim tax period since then). Furthermore, management of the Funds is also not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly change in the next twelve months.

Dividends and Distributions to Shareholders

Dividends from tax-exempt net investment income are declared monthly. Net realized capital gains and/or market discount from investment transactions, if any, are distributed to shareholders at least annually. Furthermore, capital

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

gains are distributed only to the extent they exceed available capital loss carryforwards.

Distributions to shareholders of tax-exempt net investment income, net realized capital gains and/or market discount, if any, are recorded on the ex-dividend date. The amount and timing of distributions are determined in accordance with federal income tax regulations, which may differ from US generally accepted accounting principles.

Inverse Floating Rate Securities

Each Fund is authorized to invest in inverse floating rate securities. An inverse floating rate security is created by depositing a municipal bond, typically with a fixed interest rate, into a special purpose trust created by a broker-dealer. In turn, this trust (a) issues floating rate certificates, in face amounts equal to some fraction of the deposited bond's par amount or market value, that typically pay short-term tax-exempt interest rates to third parties, and (b) issues to a long-term investor (such as one of the Funds) an inverse floating rate certificate (sometimes referred to as an "inverse floater") that represents all remaining or residual interest in the trust. The income received by the inverse floater holder varies inversely with the short-term rate paid to the floating rate certificates' holders, and in most circumstances the inverse floater holder bears substantially all of the underlying bond's downside investment risk and also benefits disproportionately from any potential appreciation of the underlying bond's value. The price of an inverse floating rate security will be more volatile than that of the underlying bond because the interest rate is dependent on not only the fixed coupon rate of the underlying bond but also on the short-term interest paid on the floating rate certificates, and because the inverse floating rate security essentially bears the risk of loss of the greater face value of the underlying bond.

A Fund may purchase an inverse floating rate security in a secondary market transaction without first owning the underlying bond (referred to as an "externally-deposited inverse floater"), or instead by first selling a fixed-rate bond to a broker-dealer for deposit into the special purpose trust and receiving in turn the residual interest in the trust (referred to as a "self-deposited inverse floater"). The inverse floater held by a Fund gives the Fund the right (a) to cause the holders of the floating rate certificates to tender their notes at par, and (b) to have the broker transfer the fixed-rate bond held by the trust to the Fund, thereby collapsing the trust. An investment in an externally-deposited inverse floater is identified in the Portfolio of Investments as "(IF) - Inverse floating rate investment." An investment in a self-deposited inverse floater is accounted for as a financing transaction in accordance with Statement of Financial Accounting Standards No. 140 (SFAS No. 140) "Accounting for Transfers and Servicing of Financial Assets and Extinguishment of Liabilities." In such instances, a fixed-rate bond deposited into a special purpose trust is identified in the Portfolio of Investments as "(UB) - Underlying bond of an inverse floating rate trust," with the Fund accounting for the short-term floating rate certificates issued by the trust as "Floating rate obligations" on the Statement of Assets and Liabilities. In addition, the Fund reflects in Investment Income the entire earnings of the underlying bond and the related interest paid to the holders of the short-term floating rate certificates is recognized as "Interest expense on floating rate obligations" on the Statement of Operations.

During the six months ended April 30, 2009, Municipal Value (NUV) and Municipal Income (NMI) invested in externally-deposited inverse floaters and/or self-deposited inverse floaters. During the period February 25, 2009 (commencement of operations) through April 30, 2009, Municipal Value 2 (NUW) invested in externally-deposited inverse floaters.

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

Each Fund may also enter into shortfall and forbearance agreements (sometimes referred to as a "recourse trust" or "credit recovery swap") (such agreements referred to herein as "Recourse Trusts") with a broker-dealer by which a Fund agrees to reimburse the broker-dealer, in certain circumstances, for the difference between the liquidation value of the fixed-rate bond held by the trust and the liquidation value of the floating rate certificates issued by the trust plus any shortfalls in interest cash flows. Under these agreements, a Fund's potential exposure to losses related to or on inverse floaters may increase beyond the value of a Fund's inverse floater investments as a Fund may potentially be liable to fulfill all amounts owed to holders of the floating rate certificates. At period end, any such shortfall is included as "Unrealized depreciation on Recourse Trusts" on the Statement of Assets and Liabilities.

At April 30, 2009, each Fund's maximum exposure to externally-deposited Recourse Trusts is as follows:

	MUNICIPAL VALUE (NUV)	MUNICIPAL VALUE 2 (NUW)	MUNICIPAL INCOME (NMI)
Maximum exposure	\$ 7,500,000	\$ 2,000,000	\$ 3,005,000

The average floating rate obligations outstanding and average annual interest rate and fees related to self-deposited inverse floaters during the six months ended April 30, 2009, were as follows:

	MUNICIPAL VALUE (NUV)	MUNICIPAL INCOME (NMI)
Average floating rate obligations	\$ 28,870,000	\$ 3,335,000
Average annual interest rate and fees	1.01%	0.95%

Futures Contracts

Each Fund is authorized to invest in futures contracts. Upon entering into a futures contract, a Fund is required to deposit with the broker an amount of cash or liquid securities equal to a specified percentage of the contract amount. This is known as the "initial margin." Subsequent payments ("variation margin") are made or received by a Fund each day, depending on the daily fluctuation of the value of the contract.

During the period the futures contract is open, changes in the value of the contract are recognized as an unrealized gain or loss by "marking-to-market" on a daily basis to reflect the changes in market value of the contract. When the contract is closed or expired, a Fund records a realized gain or loss equal to the difference between the value of the contract on the closing date and value of the contract when originally entered into. Cash held by the broker to cover initial margin requirements on open futures contracts, if any, is recognized on the Statement of Assets and Liabilities. Additionally, the Statement of Assets and Liabilities reflects a receivable or payable for the variation margin, when applicable. Municipal Income (NMI) invested in futures contracts during the six months ended April 30, 2009.

Risks of investments in futures contracts include the possible adverse movement of the securities or indices underlying the contracts, the possibility that there may not be a liquid secondary market for the contracts and/or that a change in the value of the contract may not correlate with a change in the value of the underlying securities or indices.

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

Zero Coupon Securities

Each Fund is authorized to invest in zero coupon securities. A zero coupon security does not pay a regular interest coupon to its holders during the life of the security. Tax-exempt income to the holder of the security comes from accretion of the difference between the original purchase price of the security at issuance and the par value of the security at maturity and is effectively paid at maturity. Such securities are included in the Portfolios of Investments with a 0.000% coupon rate in their description. The market prices of zero coupon securities generally are more volatile than the market prices of securities that pay interest periodically.

Organization and Offering Costs

Nuveen Investments, LLC has agreed to reimburse all organization expenses (\$15,000) and pay all offering costs (other than the sales load) that exceed \$.03 per share of Municipal Value 2 (NUW) share. Municipal Value 2's (NUW) share of offering costs (\$378,000) were recorded as reductions of the proceeds from the sale of shares.

Custodian Fee Credit

Each Fund has an arrangement with the custodian bank whereby certain custodian fees and expenses are reduced by net credits earned on each Fund's cash on deposit with the bank. Such deposit arrangements are an alternative to overnight investments. Credits for cash balances may be offset by charges for any days on which a Fund overdraws its account at the custodian bank.

Indemnifications

Under the Funds' organizational documents, their Officers and Directors/Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Funds. In addition, in the normal course of business, the Funds enter into contracts that provide general indemnifications to other parties. The Funds' maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts and expect the risk of loss to be remote.

Nuveen Investments 41

| Notes to FINANCIAL STATEMENTS (continued) (Unaudited)

Use of Estimates

The preparation of financial statements in conformity with US generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results may differ from those estimates.

2. FAIR VALUE MEASUREMENTS

During the current fiscal period, the Funds adopted the provisions of Statement of Financial Accounting Standards No. 157 (SFAS No. 157) "Fair Value Measurements." SFAS No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosure about fair value measurements. In determining the value of each

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

Fund's investments various inputs are used. These inputs are summarized in the three broad levels listed below:

Level 1 - Quoted prices in active markets for identical securities.

Level 2 - Other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).

Level 3 - Significant unobservable inputs (including management's assumptions in determining the fair value of investments).

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities. The following is a summary of each Fund's fair value measurements as of April 30, 2009:

MUNICIPAL VALUE (NUV)	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Investments	\$ --	\$ 1,760,126,193	\$ --	\$ 1,760,126,193

MUNICIPAL VALUE 2 (NUW)	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Investments	\$ --	\$ 174,933,293	\$ --	\$ 174,933,293

MUNICIPAL INCOME (NMI)	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Investments	\$ --	\$ 81,244,300	\$ --	\$ 81,244,300

3. FUND SHARES

On July 30, 2008, Municipal Value's (NUV) and Municipal Income's (NMI) Board of Directors approved a program under which each Fund may repurchase an aggregate of up to approximately 10% of its outstanding shares. Municipal Value (NUV) and Municipal Income (NMI) did not repurchase any of their shares during the six months ended April 30, 2009, or the fiscal year ended October 31, 2008.

Transactions in shares were as follows:

	MUNICIPAL VALUE (NUV)		MUNICIPAL VALUE 2 (NUW)
	SIX MONTHS ENDED 4/30/09	YEAR ENDED 10/31/08	FOR THE PERIOD 2/25/08 (COMMENCEMENT OF OPERATION) THROUGH 4/30/09
Shares sold	--	--	12,600,000
Shares issued to shareholders due to reinvestment of distributions	575,571	709,000	--

42 Nuveen Investments

4. INVESTMENT TRANSACTIONS

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

Purchases and sales (including maturities but excluding short-term investments and derivative transactions) during the six months ended April 30, 2009, were as follows:

	MUNICIPAL VALUE (NUV)	MUNICIPAL VALUE 2 (NUW)*	MUNICIPAL INCOME (NMI)
Purchases	\$ 65,614,492	\$ 156,774,187	\$ 4,661,629
Sales and maturities	35,834,760	5,000	4,301,570

* For the period February 25, 2009 (commencement of operations) through April 30, 2009.

5. INCOME TAX INFORMATION

The following information is presented on an income tax basis. Differences between amounts for financial statement and federal income tax purposes are primarily due to timing differences in recognizing taxable market discount, timing differences in recognizing certain gains and losses on investments transactions and the treatment of investments in inverse floating rate transactions subject to SFAS No. 140, if any. To the extent that differences arise that are permanent in nature, such amounts are reclassified within the capital accounts on the Statement of Assets and Liabilities presented in the annual report, based on their federal tax basis treatment; temporary differences do not require reclassification. Temporary and permanent differences do not impact the net asset values of the Funds.

At April 30, 2009, the cost of investments was as follows:

	MUNICIPAL VALUE (NUV)	MUNICIPAL VALUE 2 (NUW)	MUNICIPAL INCOME (NMI)
Cost of investments	\$ 1,825,540,903	\$ 168,741,438	\$ 82,625,454

Gross unrealized appreciation and gross unrealized depreciation of investments at April 30, 2009, were as follows:

	MUNICIPAL VALUE (NUV)	MUNICIPAL VALUE 2 (NUW)	MUNICIPAL INCOME (NMI)
Gross unrealized:			
Appreciation	\$ 91,324,135	\$ 6,673,784	\$ 3,547,550
Depreciation	(185,608,084)	(481,929)	(8,265,884)
Net unrealized appreciation (depreciation) of investments	\$ (94,283,949)	\$ 6,191,855	\$ (4,718,334)

The tax components of undistributed net tax-exempt income, net ordinary income and net long-term capital gains at October 31, 2008, the Funds' last tax year end, were as follows:

	MUNICIPAL VALUE (NUV)	MUNICIPAL INCOME (NMI)
Undistributed net tax-exempt income *	\$ 6,114,417	\$ 730,247
Undistributed net ordinary income **	394,292	3,695
Undistributed net long-term capital gains	--	--

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

* Undistributed net tax-exempt income (on a tax basis) has not been reduced for the dividend declared on October 1, 2008, paid on November 3, 2008.

** Net ordinary income consists of taxable market discount income and net short-term capital gains, if any.

The tax character of distributions paid during the Funds' last tax year ended October 31, 2008, was designated for purposes of the dividends paid deduction as follows:

	MUNICIPAL VALUE (NUV)	MUNICIPAL INCOME (NMI)
Distributions from net tax-exempt income	\$ 91,392,283	\$ 4,094,646
Distributions from net ordinary income **	333,473	--
Distributions from net long-term capital gains	5,504,256	--

Nuveen Investments 43

| Notes to FINANCIAL STATEMENTS (continued) (Unaudited)

At October 31, 2008, the Funds' last tax year end, the Funds had unused capital loss carryforwards available for federal income tax purposes to be applied against future capital gains, if any. If not applied, the carryforwards will expire as follows:

	MUNICIPAL VALUE (NUV)	MUNICIPAL INCOME (NMI)
Expiration:		
October 31, 2011	\$ --	\$ 6,864,744
October 31, 2012	--	916,759
October 31, 2013	--	165,764
October 31, 2016	2,828,731	164,175
 Total	 \$ 2,828,731	 \$ 8,111,442

6. MANAGEMENT FEES AND OTHER TRANSACTIONS WITH AFFILIATES

Each Fund's management fee is separated into components - a complex-level component, based on the aggregate amount of all fund assets managed by the Adviser and a specific fund-level component, based only on the amount of assets within each individual Fund, and for Municipal Value (NUV) a gross interest income component. This pricing structure enables Nuveen fund shareholders to benefit from growth in the assets within each individual fund as well as from growth in the amount of complex-wide assets managed by the Adviser.

Municipal Value's (NUV) annual fund-level fee, payable monthly, at the rates set forth below, are based upon the average daily net assets of the Fund as follows:

	MUNICIPAL VALUE (NUV) FUND-LEVEL FEE RATE
For the first \$500 million	.1500%
For the next \$500 million	.1250

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

For net assets over \$1 billion .1000

=====

In addition, Municipal Value (NUV) pays an annual management fee, payable monthly, based on gross interest income (excluding interest on bonds underlying a "self-deposited inverse floater" trust that is attributed to the Fund over and above the net interest earned on the inverse floater itself) as follows:

GROSS INTEREST INCOME	MUNICIPAL VALUE (NUV) GROSS INCOME FEE RATE

For the first \$50 million	4.125%
For the next \$50 million	4.000
For gross income over \$100 million	3.875
=====	

44 Nuveen Investments

Municipal Value 2's (NUW) annual fund-level fee, payable monthly, at the rates set forth below, are based upon the average daily managed assets of the Fund as follows:

AVERAGE DAILY MANAGED NET ASSETS (1)	MUNICIPAL VALUE 2 (NUW) FUND-LEVEL FEE RATE

For the first \$125 million	.4000%
For the next \$125 million	.3875
For the next \$250 million	.3750
For the next \$500 million	.3625
For the next \$1 billion	.3500
For net assets over \$2 billion	.3375
=====	

Municipal Income's (NMI) annual fund-level fee, payable monthly, at the rates set forth below, are based upon the average daily net assets of the Fund as follows:

AVERAGE DAILY NET ASSETS (1)	MUNICIPAL INCOME (NMI) FUND-LEVEL FEE RATE

For the first \$125 million	.4500%
For the next \$125 million	.4375
For the next \$250 million	.4250
For the next \$500 million	.4125
For the next \$1 billion	.4000
For the next \$3 billion	.3875
For net assets over \$5 billion	.3750
=====	

The annual complex-level fee, payable monthly, which is additive to the fund-level fee and Municipal Value's (NUV) gross interest income fee, for all Nuveen sponsored funds in the U.S., is based on the aggregate amount of total fund assets managed as stated in the following table. As of April 30, 2009, the complex-level fee rate was .1998%.

The complex-level fee schedule is as follows:

COMPLEX-LEVEL NET ASSET BREAKPOINT LEVEL (1)	EFFECTIVE RATE AT BREAKPOINT LEVEL

\$55 billion	.2000%

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

\$56 billion	.1996
\$57 billion	.1989
\$60 billion	.1961
\$63 billion	.1931
\$66 billion	.1900
\$71 billion	.1851
\$76 billion	.1806
\$80 billion	.1773
\$91 billion	.1691
\$125 billion	.1599
\$200 billion	.1505
\$250 billion	.1469
\$300 billion	.1445

=====

- (1) The complex-level fee component of the management fee for the funds is calculated based upon the aggregate daily managed net assets of all Nuveen funds, with such daily managed net assets defined separately for each fund in its management agreement, but excluding assets attributable to investments in other Nuveen funds. For the complex-level and fund-level fee components, daily managed net assets includes assets managed by the Adviser that are attributable to each fund's use of financial leverage. For these purposes, financial leverage includes the funds' use of preferred stock and borrowings and investments in the residual interest certificates (also called inverse floating rate securities) in tender option bond (TOB) trusts, including the portion of assets held by the TOB trust that has been effectively financed by the trust's issuance of floating rate securities, subject to an agreement by the Adviser to limit the amount of such assets for determining managed net assets in certain circumstances.

Nuveen Investments 45

| Notes to FINANCIAL STATEMENTS (continued) (Unaudited)

The management fee compensates the Adviser for overall investment advisory and administrative services and general office facilities. The Funds pay no compensation directly to those of its Directors/Trustees who are affiliated with the Adviser or to its Officers, all of whom receive remuneration for their services to the Funds from the Adviser or its affiliates. The Board of Directors/Trustees has adopted a deferred compensation plan for independent Directors/Trustees that enables Directors/Trustees to elect to defer receipt of all or a portion of the annual compensation they are entitled to receive from certain Nuveen advised funds. Under the plan, deferred amounts are treated as though equal dollar amounts had been invested in shares of select Nuveen advised funds.

7. NEW ACCOUNTING PRONOUNCEMENTS

Financial Accounting Standards Board Statement of Financial Accounting Standards No. 161 (SFAS No. 161) In March 2008, the FASB issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities." This standard is intended to enhance financial statement disclosures for derivative instruments and hedging activities and enable investors to understand: a) how and why a fund uses derivative instruments, b) how derivative instruments and related hedge items are accounted for, and c) how derivative instruments and related hedge items affect a fund's financial position, results of operations and cash flows. SFAS No. 161 is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. As of October 31, 2008, management does not believe the adoption of SFAS No. 161 will impact the

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

financial statement amounts; however, additional footnote disclosures may be required about the use of derivative instruments and hedging items.

Financial Accounting Standards Board Staff Position No. 157-4 (FSP No. 157-4)

On April 9, 2009, the Financial Accounting Standards Board issued FSP No. 157-4, "Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly." FSP No. 157-4 provides additional guidance for estimating fair value in accordance with SFAS No. 157, "Fair Value Measurements," when the volume and level of activity for the asset or liability have significantly decreased. FSP No. 157-4 also requires additional disaggregation of the current SFAS No. 157 required disclosures. FSP No. 157-4 is effective for interim and annual reporting periods ending after June 15, 2009, and shall be applied prospectively. At this time, management is evaluating the implications of FSP No. 157-4 and the impact it will have on the financial statement disclosures.

8. SUBSEQUENT EVENTS

Distributions to Shareholders

The Funds declared dividend distributions from their tax-exempt net investment income which were paid on June 1, 2009, to shareholders of record on May 15, 2009, as follows:

* Total Return Based on Market Value is the combination of changes in the market price per share and the effect of reinvested dividend income and reinvested capital gains distributions, if any, at the average price paid per share at the time of reinvestment. The last dividend declared in the period, which is typically paid on the first business day of the following month, is assumed to be reinvested at the ending market price. The actual reinvestment for the last dividend declared in the period takes place over several days, and in some instances may not be based on the market price, so the actual reinvestment price may be different from the price used in the calculation. Total returns are not annualized.

Total Return Based on Net Asset Value is the combination of changes in net asset value, reinvested dividend income at net asset value and reinvested capital gains distributions at net asset value, if any. The last dividend declared in the period, which is typically paid on the first business day of the following month, is assumed to be reinvested at the ending net asset value. The actual reinvest price for the last dividend declared in the period may often be based on the Fund's market price (and not its net asset value), and therefore may be different from the price used in the calculation. Total returns are not annualized.

** After custodian fee credit and legal fee refund, where applicable.

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

*** Annualized.

- (a) Interest expense arises from the application of SFAS No. 140 to certain inverse floating rate transactions entered into by the Fund as more fully described in Footnote 1 - Inverse Floating Rate Securities.
- (b) For the six months ended April 30, 2009.
- (c) For the period February 25, 2009 (commencement of operations) through April 30, 2009.

See accompanying notes to financial statements.

Nuveen Investments 49

Annual Investment Management Agreement Approval Process

The Board of Trustees (the "Board," and each Trustee, a "Board Member") of the Nuveen Municipal Value Fund 2 (the "Fund") is responsible for approving the Fund's advisory arrangements and, at a meeting held on January 27, 2009 (the "Meeting"), the Board Members, including the Board Members who are not parties to the investment management agreement or "interested persons" of any such party (the "Independent Board Members") considered and approved the investment management agreement (the "Investment Management Agreement") between the Fund and Nuveen Asset Management ("NAM").

To assist the Board in its evaluation of the Investment Management Agreement at the Meeting, the Independent Board Members had received, in adequate time in advance of the Meeting or at prior meetings, materials which outlined, among other things:

- o the nature, extent and quality of services expected to be provided by NAM;
- o the organization of NAM, including the responsibilities of various departments and key personnel;
- o the expertise and background of NAM with respect to the Fund's investment strategy;
- o the performance records of NAM and of a similar Nuveen fund (as described below);
- o the profitability of Nuveen Investments, Inc. ("Nuveen") (which incorporated Nuveen's wholly-owned affiliated sub-advisers);
- o the proposed management fees of NAM, including comparisons of such fees with the management fees of comparable, unaffiliated funds, as well as comparable, affiliated funds;
- o the advisory fees NAM assesses to other types of investment products or clients;
- o the expected expenses of the Fund, including comparisons of the Fund's expected expense ratio with the expense ratios of comparable, unaffiliated funds, as well as comparable, affiliated funds; and
- o the soft dollar practices of NAM, if any.

At the Meeting, NAM made a presentation to and responded to questions from the Board. During the Meeting, the Independent Board Members also met privately with

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

their legal counsel to review the Board's duties under the Investment Company Act of 1940 (the "1940 Act"), the general principles of state law in reviewing and approving advisory contracts, the standards used by courts in determining whether investment company boards of directors have fulfilled their duties, factors to be considered in voting on advisory contracts and an adviser's fiduciary duty with respect to advisory agreements and compensation. It is with this background that the Independent Board Members considered the advisory agreement with NAM for the Fund. As outlined in

50 NUVEEN INVESTMENTS

more detail below, the Independent Board Members considered all factors they believed relevant with respect to the Fund, including the following: (a) the nature, extent and quality of the services to be provided by NAM; (b) investment performance, as described below; (c) the profitability of Nuveen and its affiliates; (d) the extent to which economies of scale would be realized; and (e) whether fee levels reflect these economies of scale for the benefit of Fund investors.

A. NATURE, EXTENT AND QUALITY OF SERVICES

The Independent Board Members considered the nature, extent and quality of NAM's services, including advisory services and administrative services. As NAM already serves as adviser to other Nuveen funds overseen by the Board Members, the Board has a good understanding of NAM's organization, operations and personnel. As the Independent Board Members meet regularly throughout the year to oversee the Nuveen funds, including funds currently advised by NAM, the Independent Board Members have relied upon their knowledge from their meetings and any other interactions throughout the year of NAM and its services in evaluating the Investment Management Agreement.

At the Meeting and at prior meetings, the Independent Board Members reviewed materials outlining, among other things, Nuveen's organization and business; the types of services that NAM or its affiliates provide to the Nuveen funds and are expected to provide to the Fund; and NAM's experience with applicable investment strategies. The Independent Board Members further evaluated the professional experience, qualifications and credentials of NAM's investment personnel. In addition to advisory services, the Independent Board Members considered the quality of any administrative or non-advisory services to be provided. In this regard, NAM is expected to provide the Fund with such administrative and other services (exclusive of, and in addition to, any such services provided by others for the Fund) and officers and other personnel as are necessary for the operations of the Fund. In addition to investment management services, NAM and its affiliates will provide the Fund with a wide range of services, including, among other things, product management, fund administration, oversight of service providers, shareholder services, administration of Board relations, regulatory and portfolio compliance and legal support.

In addition to the foregoing services, the Independent Board Members also noted the additional services that NAM or its affiliates provide to closed-end funds, including, in particular, its secondary market support activities and the costs of such activities. The Independent Board Members have recognized Nuveen's continued commitment to supporting the secondary market for the common shares of its closed-end funds through a variety of programs designed to raise investor and analyst awareness and understanding of closed-end funds. These efforts include maintaining an investor relations program to timely provide information and education to financial advisers and investors; providing advertising and marketing for the closed-end funds; maintaining its closed-end fund website; and providing educational seminars.

Annual Investment Management Agreement
Approval Process (continued)

Based on their review, the Independent Board Members found that, overall, the nature, extent and quality of services expected to be provided to the Fund under the Investment Management Agreement were satisfactory.

B. INVESTMENT PERFORMANCE

The Fund is new and therefore does not have its own performance history. However, the Independent Board Members are familiar with NAM's performance record on other Nuveen funds. The Fund is expected to be similar to another national municipal closed-end fund launched by Nuveen in 1987. The Board Members had previously been provided with certain performance information for such fund, including net asset value (NAV) performance information for the quarter, year-to-date, one-year, three-year and five-year periods ending September 30, 2008.

C. FEES, EXPENSES AND PROFITABILITY

1. FEES AND EXPENSES

In evaluating the management fees and expenses that the Fund was expected to bear, the Independent Board Members considered, among other things, the Fund's proposed management fee structure and its expected expense ratios in absolute terms as well as compared with the fees and expense ratios of comparable, unaffiliated funds and comparable, affiliated funds. In this regard, the Independent Board Members noted that there are very few comparable, unaffiliated funds.

In addition, the Fund was not expected to issue preferred shares; however, the Board Members noted that it may make investments in inverse floating rate securities (including inverse floating rate securities representing interests in so-called "tender option bond trusts" formed by third-party sponsors for the purpose of holding municipal bonds). The Independent Board Members recognized that assets financed through the creation of tender option bond trusts in which the Fund may invest would be included in the amount of assets upon which the advisory fee is calculated. In this regard, the Independent Board Members noted that the advisory fee is based on a percentage of average daily "Managed Assets." "Managed Assets" generally means the total assets of the Fund (including proceeds from the Fund's use of financial leverage such as, but not limited to, proceeds from tender option bond trusts) minus the sum of accrued liabilities (other than Fund liabilities incurred for the express purpose of creating financial leverage). Accordingly, the advisory fees paid to NAM for investment advisory services will be higher if the Fund uses financial leverage, which may create a conflict of interest between NAM and Fund shareholders. This methodology is consistent with that used on Nuveen taxable leveraged funds. The Independent Board Members also considered the fund-level breakpoint schedule and the complex-wide breakpoint schedule (described in further detail below) and any applicable expense reimbursements to be provided. Based on their review of the fee and expense information provided, the Independent Board Members determined that the Fund's management fees and net total expense ratio were reasonable in light of the nature, extent and quality of services to be provided to the Fund.

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

2. COMPARISONS WITH THE FEES OF OTHER CLIENTS

Due to their experience with other Nuveen funds, the Board Members were familiar with the fees NAM assesses to other clients of Nuveen or its affiliates, including NAM's municipal separately managed accounts. In evaluating the comparisons of fees, the Independent Board Members have noted, at the Meeting or at prior meetings, that the fee rates charged to a fund (such as the Fund) and charged to other clients vary, among other things, because of the different services involved and the additional regulatory and compliance requirements associated with registered investment companies, such as the Fund. Accordingly, the Independent Board Members have considered the differences in the product types, including, but not limited to, the services to be provided, the structure and operations, product distribution and costs thereof, portfolio investment policies, investor profiles, account sizes and regulatory requirements. The Independent Board Members have noted, in particular, that the range of services as described above to be provided to a fund (such as the Fund) is much more extensive than that provided to separately managed accounts. Given the inherent differences in the products, particularly the extensive services to be provided to a fund, the Independent Board Members believe such facts justify the different levels of fees.

3. PROFITABILITY OF NUVEEN

In conjunction with its review of fees at prior meetings, the Independent Board Members have considered the profitability of Nuveen for its advisory activities (which incorporated Nuveen's wholly-owned affiliated sub-advisers) and its financial condition. At the Meeting or prior meetings, the Independent Board Members reviewed the revenues and expenses of Nuveen's advisory activities and the allocation methodology used in preparing the profitability data. The Independent Board Members have also considered, at the Meeting or at prior meetings, Nuveen's profitability compared with other fund sponsors prepared by two independent third party service providers as well as comparisons of the revenues, expenses and profit margins of various unaffiliated management firms with similar amounts of assets under management prepared by Nuveen.

In reviewing profitability, the Independent Board Members have recognized the subjective nature of determining profitability, which may be affected by numerous factors, including the allocation of expenses. Further, the Independent Board Members have recognized the difficulties in making comparisons as the profitability of other advisers generally is not publicly available and the profitability information that is available for certain advisers or management firms may not be representative of the industry and may be affected by, among other things, the adviser's particular business mix, capital costs, types of funds managed and expense allocations. Notwithstanding the foregoing, the Independent Board Members reviewed Nuveen's methodology and assumptions for allocating expenses across product lines to determine profitability. In reviewing profitability, the Independent Board Members recognized Nuveen's investment in its fund business. The Independent Board Members further received the Form 8-K of Nuveen for the quarter ending September 30, 2008. Based on its review, the Independent Board Members

NUVEEN INVESTMENTS 53

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

concluded that Nuveen's level of profitability for its advisory activities was reasonable in light of the services to be provided.

In evaluating the reasonableness of the compensation, the Independent Board Members also considered any other amounts expected to be paid to NAM as well as any indirect benefits (such as soft dollar arrangements, if any) NAM and its affiliates are expected to receive that are directly attributable to their management of the Fund, if any. See Section E below for additional information on indirect benefits NAM may receive as a result of its relationship with the Fund. Based on their review of the overall fee arrangements of the Fund, the Independent Board Members determined that the advisory fees and expected expenses of the Fund were reasonable.

D. ECONOMIES OF SCALE AND WHETHER FEE LEVELS REFLECT THESE ECONOMIES OF SCALE

With respect to economies of scale, the Independent Board Members recognized the potential benefits resulting from the costs of the Fund being spread over a larger asset base. The Independent Board Members therefore considered whether the Fund could be expected to benefit from any economies of scale. In considering economies of scale, the Independent Board Members have recognized that economies of scale are difficult to measure and predict with precision. Notwithstanding the foregoing, one method to help ensure that shareholders share in these benefits is to include breakpoints in the advisory fee schedule. Accordingly, the Independent Board Members received and reviewed the schedule of proposed advisory fees for the Fund, including fund-level breakpoints thereto. In this regard, given that the Fund is a closed-end fund, the Independent Board Members recognized that although the Fund may from time to time make additional share offerings, the growth in its assets will occur primarily through appreciation of its investment portfolio.

In addition to fund-level advisory fee breakpoints, the Board also considered the Fund's complex-wide fee arrangement. Pursuant to the complex-wide fee arrangement, the fees of the funds in the Nuveen complex, including the Fund, are reduced as the assets in the fund complex reach certain levels. In evaluating the complex-wide fee arrangement, the Independent Board Members have considered that the complex-wide fee arrangement seeks to provide the benefits of economies of scale to fund shareholders when total fund complex assets increase, even if assets of a particular fund are unchanged or have decreased. The approach reflects the notion that some of Nuveen's costs are attributable to services provided to all its funds in the complex and therefore all funds benefit if these costs are spread over a larger asset base. Based on their review, the Independent Board Members concluded that the breakpoint schedule and complex-wide fee arrangement were acceptable and desirable in providing benefits from economies of scale to shareholders of the Fund.

54 NUVEEN INVESTMENTS

E. INDIRECT BENEFITS

In evaluating fees, the Independent Board Members also considered information regarding potential "fall out" or ancillary benefits NAM or its affiliates may receive as a result of its relationship with the Fund. In this regard, the Independent Board Members considered the revenues received by affiliates of NAM for serving as agent at Nuveen's preferred trading desk and for serving as a co-manager in the initial public offering of new closed-end exchange traded funds.

In addition to the above, the Independent Board Members considered whether NAM will receive any benefits from soft dollar arrangements whereby a portion of the

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

commissions paid by the Fund for brokerage may be used to acquire research that may be useful to NAM in managing the assets of the Fund and other clients. The Independent Board Members noted that NAM does not currently have any soft dollar arrangements; however, to the extent certain bona fide agency transactions that occur on markets that traditionally trade on a principal basis and riskless principal transactions are considered as generating "commissions," NAM intends to comply with the applicable safe harbor provisions.

Based on their review, the Independent Board Members concluded that any indirect benefits received by NAM as a result of its relationship with the Fund were reasonable and within acceptable parameters.

F. APPROVAL

The Independent Board Members did not identify any single factor discussed previously as all-important or controlling. The Board Members, including a majority of the Independent Board Members, concluded that the terms of the Investment Management Agreement were fair and reasonable, that NAM's fees are reasonable in light of the services to be provided to the Fund and that the Investment Management Agreement should be and was approved on behalf of the Fund.

NUVEEN INVESTMENTS 55

Reinvest Automatically
Easily and Conveniently

Nuveen makes reinvesting easy. A phone call is all it takes to set up your reinvestment account.

NUVEEN CLOSED-END FUNDS DIVIDEND REINVESTMENT PLAN

Your Nuveen Closed-End Fund allows you to conveniently reinvest dividends and/or capital gains distributions in additional Fund shares.

By choosing to reinvest, you'll be able to invest money regularly and automatically, and watch your investment grow through the power of tax-free compounding. Just like dividends or distributions in cash, there may be times when income or capital gains taxes may be payable on dividends or distributions that are reinvested.

It is important to note that an automatic reinvestment plan does not ensure a profit, nor does it protect you against loss in a declining market.

EASY AND CONVENIENT

To make recordkeeping easy and convenient, each month you'll receive a statement showing your total dividends and distributions, the date of investment, the shares acquired and the price per share, and the total number of shares you own.

HOW SHARES ARE PURCHASED

The shares you acquire by reinvesting will either be purchased on the open market or newly issued by the Fund. If the shares are trading at or above net asset value at the time of valuation, the Fund will issue new shares at the greater of the net asset value or 95% of the then-current market price. If the shares are trading at less than net asset value, shares for your account will be purchased on the open market. If the Plan Agent begins purchasing Fund shares on the open market while shares are trading below net asset value, but the Fund's shares subsequently trade at or above their net asset value before the Plan

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

Agent is able to complete its purchases, the Plan Agent may cease open-market purchases and may invest the uninvested portion of the distribution in newly-issued Fund shares at a price equal to the greater of the shares' net asset value or 95% of the shares' market value on the last business day immediately prior to the purchase date. Dividends and distributions received to purchase shares in the open market will normally be invested shortly after the dividend payment date. No interest will

56 Nuveen Investments

be paid on dividends and distributions awaiting reinvestment. Because the market price of the shares may increase before purchases are completed, the average purchase price per share may exceed the market price at the time of valuation, resulting in the acquisition of fewer shares than if the dividend or distribution had been paid in shares issued by the Fund. A pro rata portion of any applicable brokerage commissions on open market purchases will be paid by Plan participants. These commissions usually will be lower than those charged on individual transactions.

FLEXIBLE

You may change your distribution option or withdraw from the Plan at any time, should your needs or situation change. Should you withdraw, you can receive a certificate for all whole shares credited to your reinvestment account and cash payment for fractional shares, or cash payment for all reinvestment account shares, less brokerage commissions and a \$2.50 service fee.

You can reinvest whether your shares are registered in your name, or in the name of a brokerage firm, bank, or other nominee. Ask your investment advisor if his or her firm will participate on your behalf. Participants whose shares are registered in the name of one firm may not be able to transfer the shares to another firm and continue to participate in the Plan.

The Fund reserves the right to amend or terminate the Plan at any time. Although the Fund reserves the right to amend the Plan to include a service charge payable by the participants, there is no direct service charge to participants in the Plan at this time.

Glossary of Terms Used in this Report

- o **AUCTION RATE BOND:** An auction rate bond is a security whose interest payments are adjusted periodically through an auction process, which process typically also serves as a means for buying and selling the bond. Auctions that fail to attract enough buyers for all the shares offered for sale are deemed to have "failed", with current holders receiving a formula-based interest rate until the next scheduled auction.
- o **AVERAGE ANNUAL TOTAL RETURN:** This is a commonly used method to express an investment's performance over a particular, usually multi-year time

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

period. It expresses the return that would have been necessary each year to equal the investment's actual cumulative performance (including change in NAV or market price and reinvested dividends and capital gains distributions, if any) over the time period being considered.

- o **AVERAGE EFFECTIVE MATURITY:** The average of the number of years to maturity of the bonds in a Fund's portfolio, computed by weighting each bond's time to maturity (the date the security comes due) by the market value of the security. This figure does not account for the likelihood of prepayments or the exercise of call provisions unless an escrow account has been established to redeem the bond before maturity. The market value weighting for an investment in an inverse floating rate security is the value of the portfolio's residual interest in the inverse floating rate trust, and does not include the value of the floating rate securities issued by the trust.
- o **INVERSE FLOATERS:** Inverse floating rate securities are created by depositing a municipal bond, typically with a fixed interest rate, into a special purpose trust created by a broker-dealer. This trust, in turn, (a) issues floating rate certificates typically paying short-term tax-exempt interest rates to third parties in amounts equal to some fraction of the deposited bond's par amount or market value, and (b) issues an inverse floating rate certificate (sometimes referred to as an "inverse floater") to an investor (such as a Fund) interested in gaining investment exposure to a long-term municipal bond. The income received by the holder of the inverse floater varies inversely with the short-term rate paid to the floating rate certificates' holders, and in most circumstances the holder of the inverse floater bears substantially all of the underlying bond's downside investment risk. The holder of the inverse floater typically also benefits disproportionately from any potential appreciation of the underlying bond's value. Hence, an inverse floater essentially represents an investment in the underlying bond on a leveraged basis.
- o **DURATION:** Duration is a measure of the expected period over which a bond's principal and interest will be paid, and consequently is a measure of the sensitivity of a bond's or bond Fund's value to changes when market interest rates change. Generally, the longer a bond's or Fund's duration, the more the price of the bond or Fund will change as interest rates change.

58 Nuveen Investments

- o **MARKET YIELD (ALSO KNOWN AS DIVIDEND YIELD OR CURRENT YIELD):** An investment's current annualized dividend divided by its current market price.
- o **NET ASSET VALUE (NAV):** A Fund's NAV per share is calculated by subtracting the liabilities of the Fund from its total assets and then dividing the remainder by the number of common shares outstanding. Fund NAVs are calculated at the end of each business day.
- o **TAXABLE-EQUIVALENT YIELD:** The yield necessary from a fully taxable investment to equal, on an after-tax basis, the yield of a municipal bond investment.
- o **ZERO COUPON BOND:** A zero coupon bond does not pay a regular interest coupon to its holders during the life of the bond. Tax-exempt income to the holder of the bond comes from accretion of the difference between the original purchase price of the bond at issuance and the par value of the bond at maturity and is effectively paid at maturity. The market prices of zero coupon bonds generally are more volatile than the market prices of

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

bonds that pay interest periodically.

NUVEEN FUNDS' QUARTERLY PORTFOLIO OF INVESTMENTS AND PROXY VOTING INFORMATION

You may obtain (i) each Fund's quarterly portfolio of investments, (ii) information regarding how the Funds voted proxies relating to portfolio securities held during the twelve-month period ended June 30, 2008, and (iii) a description of the policies and procedures that the Funds used to determine how to vote proxies relating to portfolio securities without charge, upon request, by calling Nuveen Investments toll-free at (800) 257-8787 or on Nuveen's website at www.nuveen.com.

You may also obtain this and other Fund information directly from the Securities and Exchange Commission ("SEC"). The SEC may charge a copying fee for this information. Visit the SEC on-line at <http://www.sec.gov> or in person at the SEC's Public Reference Room in Washington, D.C. Call the SEC at (202) 942-8090 for room hours and operation. You may also request Fund information by sending an e-mail request to publicinfo@sec.gov or by writing to the SEC's Public References Section at 100 F Street NE, Washington, D.C. 20549.

CEO CERTIFICATION DISCLOSURE

Each Fund's Chief Executive Officer has submitted to the New York Stock Exchange (NYSE) the annual CEO certification as required by Section 303A.12(a) of the NYSE Listed Company Manual.

Each Fund has filed with the SEC the certification of its Chief Executive Officer and Chief Financial Officer required by Section 302 of the Sarbanes-Oxley Act.

SHARE INFORMATION

Each Fund intends to repurchase shares of its own common stock in the future at such times and in such amounts as is deemed advisable. During the period covered by this report, the Funds did not repurchase any of their common shares.

Any future repurchases will be reported to shareholders in the next annual or semi-annual report.

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Not applicable to this filing.

ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

Not applicable.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

There have been no material changes to the procedures by which shareholders may recommend nominees to the registrant's Board of Directors or Trustees implemented after the registrant last provided disclosure in response to this Item.

ITEM 11. CONTROLS AND PROCEDURES.

- (a) The registrant's principal executive and principal financial officers, or persons performing similar functions, have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the "1940 Act") (17 CFR 270.30a-3(c))) are effective, as of a date within 90 days of the filing date of this report that includes the disclosure required by this paragraph, based on their evaluation of the controls and procedures required by Rule 30a-3(b) under the 1940 Act (17 CFR 270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the Securities Exchange Act of 1934, as amended (the "Exchange Act") (17 CFR 240.13a-15(b) or 240.15d-15(b)).
- (b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act (17 CFR 270.30a-3(d))) that occurred during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

ITEM 12. EXHIBITS.

File the exhibits listed below as part of this Form.

(a)(1) Any code of ethics, or amendment thereto, that is the subject of the disclosure required by Item 2, to the extent that the registrant intends to satisfy the Item 2 requirements through filing of an exhibit: Not applicable to this filing.

(a)(2) A separate certification for each principal executive officer and principal financial officer of the registrant as required by Rule 30a-2(a) under the 1940 Act (17 CFR 270.30a-2(a)) in the exact form set forth below: See Ex-99.CERT attached hereto.

(a)(3) Any written solicitation to purchase securities under Rule 23c-1 under the 1940 Act (17 CFR 270.23c-1) sent or given during the period covered by the report by or on behalf of the registrant to 10 or more persons: Not applicable.

(b) If the report is filed under Section 13(a) or 15(d) of the Exchange Act, provide the certifications required by Rule 30a-2(b) under the 1940 Act (17 CFR 270.30a-2(b)); Rule 13a-14(b) or Rule 15d-14(b) under the Exchange Act (17 CFR 240.13a-14(b) or 240.15d-14(b)), and Section 1350 of Chapter 63 of Title 18 of the United States Code (18 U.S.C. 1350) as an exhibit. A certification furnished pursuant to this paragraph will not be deemed "filed" for purposes of Section 18

Edgar Filing: NUVEEN MUNICIPAL VALUE FUND INC - Form N-CSRS

of the Exchange Act (15 U.S.C. 78r), or otherwise subject to the liability of that section. Such certification will not be deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Exchange Act, except to the extent that the registrant specifically incorporates it by reference: See Ex-99.906 CERT attached hereto.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
