ABOUT THE 2004 ANNUAL MEETING AND VOTING AT THE MEETING

Why am I being furnished this Proxy Statement?

This Proxy Statement is furnished by the Company's Board of Directors in connection with its solicitation of proxies for use at the Annual Meeting of Stockholders to be held March 5, 2004 and at any adjournments thereof. The Company's Annual Report to Stockholders, including financial statements, accompanies this Notice and Proxy Statement, but is not incorporated as part of the Proxy Statement and is not to be regarded as part of the proxy solicitation material.

What are the items of business for the meeting?

The items of business for the meeting are as follows:

To elect two members to the Board of Directors for three-year terms.

To transact any other business properly coming before the meeting.

Who is soliciting my proxy?

The Board of Directors is soliciting your proxy in order to provide you an opportunity to vote on all matters scheduled to come before the meeting, whether or not you attend the meeting in person.

Who is entitled to vote?

You may vote if you owned shares of the Company's common stock as of the close of business on January 12, 2004. Each share of common stock is entitled to one vote. As of January 12, 2004, we had 112,230,512 shares of common stock outstanding.

How do I vote before the meeting?

You have three options for voting and submitting your proxy before the meeting:

Over the Internet We encourage you to vote and submit your proxy over the Internet. If you have Internet access, you may vote at the Internet address shown on your proxy card.

By telephone You may vote and submit your proxy by calling the number shown on your proxy card.

By mail You may vote by completing, signing and returning the enclosed proxy card.

If you hold your shares through an account with a bank or broker, your ability to vote by telephone or the Internet depends on the voting procedures of the bank or broker. Please follow the directions that your bank or broker provides.

What shares can I vote?

You may vote all shares owned by you as of the close of business on January 12, 2004, which is the Record Date. These shares include:

Shares held directly in your name as the stockholder of record.

Shares of which you are the beneficial owner but not the stockholder of record. These are shares that are held for you through a broker, trustee or other nominee such as a bank. These include shares purchased through any 401(k) plan as well as the AmerisourceBergen 2002 Employee Stock Purchase Plan.

May I vote at the meeting?

You may vote your shares at the meeting if you attend in person. If you hold your shares through an account with a bank or broker, you must obtain a legal proxy from the bank or broker in order to vote at the meeting. Even if you plan to attend the meeting, we encourage you to vote your shares by proxy. You may vote by proxy through the Internet, by telephone or by mail.

Can I change my mind after I vote?

You may change your vote at any time before the polls close at the meeting. You may change your vote by:

Signing another proxy card with a later date and returning it to us prior to the meeting.

Voting again by telephone or over the Internet prior to 2:00 p.m., Eastern Time, on March 5, 2004.

Voting at the meeting if you are the stockholder of record.

Voting at the meeting if you are the beneficial owner and have obtained a legal proxy from your bank or broker.

What if I return my proxy card but do not provide voting instructions?

Proxies that are signed and returned but do not contain instructions will be voted

For the election of the nominees for director named on pages 4 and 5 of this Proxy Statement.

In accordance with the best judgment of the named proxies on any other matters properly brought before the meeting.

What does it mean if I receive more than one proxy card or instruction form?

It means that you have multiple accounts with our transfer agent and/or banks or brokers. Please vote all of your shares.

We recommend that you consolidate as many accounts as possible under the same name and address. For assistance you may contact our transfer agent, The Bank of New York, at 1-800-524-4458.

Will my shares be voted if I do not provide my proxy?

If you are a registered stockholder and do not provide a proxy, you must attend the meeting in order to vote your shares.

If you hold shares through an account with a bank or broker, your shares may be voted even if you do not provide voting instructions on your instruction form. Brokerage firms have the authority under the New York Stock Exchange (NYSE) rules to vote shares for which their customers do not provide voting instructions on certain routine matters. The election of directors is considered a routine matter for which brokerage firms may vote without specific instructions.

May stockholders ask questions at the meeting?

Yes. Representatives of the Company will answer stockholders' questions of general interest at the end of the meeting.

How many votes must be present to hold the meeting?

In order for us to conduct our meeting, a majority of our outstanding shares of common stock as of January 12, 2004 must be present in person or by proxy at the meeting. This is referred to as a quorum. Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy by Internet, telephone or mail. Abstentions and broker non-votes will be counted for purposes of establishing a quorum at the meeting.

How many votes are needed to elect the nominees for director?

The nominees for director receiving the highest number of For votes will be elected as directors. This number is called a plurality. Because directors are elected by a plurality, abstentions and broker non-votes will not affect their election.

Any other proposal that might properly come before the meeting will require the affirmative vote of the holders of a majority of the shares of common stock present in person or by proxy at the meeting in order to be approved. On any such proposal, abstentions would be counted in the tabulation of the votes cast by stockholders as negative votes. Broker non-votes would not be counted in the tabulation of the votes cast on the proposal.

How will proxies be voted on other items or matters that properly come before the meeting?

If any other items or matters properly come before the meeting, the proxies received will be voted on those items or matters in accordance with the discretion of the proxy holders.

Is the Company aware of any other item of business that will be presented at the meeting?

The Company is not aware of any other business to be presented at the 2004 Annual Meeting of Stockholders. However, if any other matter should properly come before the Annual Meeting, the enclosed proxy confers discretionary authority with respect thereto.

Will there be any further solicitation of proxies for the meeting?

Our directors, officers and associates may solicit proxies by telephone or in person. In addition, we have hired Morrow & Co., Inc. to assist us in soliciting proxies, if necessary. Morrow may solicit proxies by telephone or in person. We anticipate paying Morrow & Co., Inc. a fee of \$6,500, plus expenses, for providing such services.

Will we reimburse any expenses of brokers, nominees and fiduciaries?

We will reimburse the expenses of brokers, nominees and fiduciaries who send proxies and proxy materials to our stockholders.

Will the directors be in attendance at the meeting?

We currently expect all of our directors to be in attendance at the 2004 Annual Meeting of Stockholders. It has been customary for our directors to attend our annual meetings of stockholders. All of the directors attended the 2003 Annual Meeting of Stockholders.

ELECTION OF DIRECTORS

(Item 1 on the Proxy Card)

How often are directors elected?

The Company's directors are divided into three classes - Class I, Class II and Class III - with each class being as nearly equal in number as possible. The directors of each class serve for terms of three years. The terms of office of the classes are staggered so that only one class of directors is elected at each annual meeting of stockholders.

Who are this year's nominees?

The term of office of the current Class III directors will expire at the 2004 Annual Meeting. Two Class III directors are to be elected at the 2004 Annual Meeting.

The current Class III directors are Messrs. Edward E. Hagenlocker, Robert E. Martini and Francis G. Rodgers. Mr. Hagenlocker has been nominated to stand for reelection as a Class III director. Messrs. Martini and Rodgers will not stand for reelection as Class III directors and will retire as directors as of the date of the 2004 Annual Meeting. Mr. Kurt J. Hilzinger has been nominated to stand for election as a Class III director.

Which of this year's nominees are independent?

Mr. Hagenlocker is independent (as independence is defined in Section 303A of the NYSE Listed Company Manual). Mr. Hilzinger, if elected as a Class III director at the 2004 Annual Meeting, will not be independent.

What is the term of office for which this year's nominees are to be elected?

The two nominees are to be elected for a three-year term and are expected to hold office until the 2007 Annual Meeting of Stockholders and until their successors are elected.

What if a nominee is unwilling or unable to serve?

Each nominee for director has consented to his nomination and, so far as the Board of Directors and management are aware, will serve a full term as a director if elected. However, if any of the nominees should become unavailable prior to the election, the shares represented by proxies may be voted for the election of substitute nominees selected by the Board of Directors.

Committee chairpersons receive \$2,000 for attendance in person at each Committee meeting and other Committee members receive \$1,000 for attendance in person at each Committee meeting. Each director receives 50% of the in-person meeting fee for telephonic Board and Committee meetings.

During fiscal 2003, each non-employee director also received 5,441 non-qualified stock options.

At the election of the directors, the annual retainer is payable in cash, restricted Company common stock or options exercisable for Company common stock, or credited to a deferred compensation account. At the election of the directors, the meeting fees are payable in cash or credited to a deferred compensation account.

AmerisourceBergen Corporation 2001 Deferred Compensation Plan. A director may elect to defer all or any part of the annual retainer compensation and meeting fees received and have the deferred amount credited to an account under the AmerisourceBergen Corporation 2001 Deferred Compensation Plan (the "Deferred Compensation Plan"). Deferred accounts will be credited with interest at one percentage point higher than the prime rate as in effect from time to time. Payment under the Deferred Compensation Plan will be made or commence on the first day of the month after the non-employee director ceases being a director of the Company. A director may elect to receive a deferred benefit (i) over annual periods ranging from three to fifteen years and payable in quarterly installments or (ii) in a single distribution. The Company pays all costs and expenses incurred in the administration of the Deferred Compensation Plan.

AmerisourceBergen Corporation 2001 Non-Employee Directors' Restricted Stock Plan. A director may elect to forego 50% or more of the annual retainer compensation received and, in lieu thereof, receive a grant of restricted stock having a value equal to 125% of the amount of compensation foregone, provided the director has not elected to have the foregone amount credited in the form of stock options under the AmerisourceBergen Corporation 2001 Non-Employee Directors' Stock Option Plan. In most cases, all restrictions on the stock will lapse three years from the grant date. A director who retires prior to three years from the date of grant could receive a pro rata distribution of such stock at the discretion of the Board. A director may also elect to defer the receipt of shares subject to restrictions to a date certain or to death, disability or termination of service by electing to defer the receipt of shares at least one year in advance of the vesting date. In general, restricted stock granted will be treated as granted in advance on or about the date of the Annual Meeting of Stockholders, based on the closing price of Company stock on the immediately preceding business day.

AmerisourceBergen Corporation 2001 Non-Employee Directors' Stock Option Plan. A director may elect to forego 50% or more of the annual retainer compensation received and, in lieu thereof, receive a grant of non-qualified stock options having a Black-Scholes value equal to 150% of the amount of foregone compensation, provided the director has not elected to have the foregone amount credited in the form of restricted stock under the AmerisourceBergen Corporation 2001 Non-Employee Directors' Restricted Stock Plan. In most cases, options will vest and become exercisable in three equal annual installments on each

anniversary of the grant date, subject to continued service on the Board. In general, options granted will be granted in advance on or about the date of the Annual Meeting of Stockholders, with a strike price based on the closing price of Company stock on the immediately preceding business day.

The NYSE Listed Company Manual requires that the Company have a majority of independent directors. The Company's Corporate Governance Principles require that the Board maintain a minimum of 70% independent directors.

If the two nominees for director (described above under Election of Directors) are elected at the Annual Meeting, all of the directors then serving will be independent with the exception of Messrs. Hilzinger and Yost. At that time, more than 70% of the directors will be independent.

The members of the Audit and Corporate Responsibility, Compensation and Succession Planning, and Governance and Nominating Committees are required to be independent by Section 303A of the NYSE Listed Company Manual and by their respective charters. All of the current members of each of these Committees are independent (as independence is defined in Section 303A of the NYSE Listed Company Manual).

Where can stockholders find our corporate governance documents?

We have reproduced our Corporate Governance Principles and the charters of the Audit and Corporate Responsibility, Compensation and Succession Planning, and Governance and Nominating Committees in Appendix A to this Proxy Statement. In addition, these documents have been posted on the Company's Internet website. The Company's Internet address is www.amerisourcebergen.com.

**PROCESS FOR IDENTIFYING AND EVALUATING DIRECTOR NOMINEES AND FOR
SUBMITTING RECOMMENDATIONS**

How does the Governance and Nominating Committee identify and evaluate director nominees?

Director nominees should possess the highest personal and professional ethics, integrity and values, and must be committed to representing the long-term interests of the stockholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. The Governance and Nominating Committee seeks to identify candidates representing diverse experience at policy-making levels in business, management, marketing, finance, technology, human resources, communications, education, government, healthcare and in other areas that are relevant to our activities. Additionally, director nominees should have sufficient time to effectively carry out their duties. Director nominees who also serve as the Chief Executive Officer or the Chief Operating Officer of the Company may serve on the board of no more than one other public company. Other director nominees may serve on the boards of no more than four other public companies.

What process should a stockholder follow to propose nominees for consideration by the Governance and Nominating Committee?

Stockholders may propose nominees for consideration by the Governance and Nominating Committee by submitting the names, appropriate biographical information and qualifications in writing to: William D. Sprague, Corporate Secretary, AmerisourceBergen Corporation, 1300 Morris Drive, Chesterbrook, PA 19087-5594.

In considering any nominee proposed by a stockholder, the Governance and Nominating Committee will reach a conclusion based on the criteria described above. After full consideration, the stockholder proponent will be notified of the decision of the Committee.

In order to be considered for inclusion in the proxy statement and form of proxy for the annual meeting of stockholders to be held in 2005, the name of the proposed nominee and the supporting documentation must be received before September 30, 2004.

What efforts are being undertaken by the Governance and Nominating Committee to identify additional independent directors for the future?

The Governance and Nominating Committee has commenced efforts to identify candidates who meet our qualification criteria and are independent. As part of its efforts, the Committee has engaged a nationally-recognized search firm to help identify such candidates.

The Board of Directors has determined that Mr. Hagenlocker is an audit committee financial expert as defined in Item 401(h) of Regulation S-K.

Report of the Audit and Corporate Responsibility Committee

The Audit and Corporate Responsibility Committee consists of the five directors named below. All of the Committee members are independent (as independence is defined in Section 303A of the NYSE Listed Company Manual).

The Committee reviewed and discussed with the Company's management and the independent auditor the audited financial statements contained in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2003 and the reporting process. The Committee discussed with the independent auditor, which is responsible for expressing an opinion on the conformity of the audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles, the reasonableness of significant judgments reflected in the financial statements and the clarity of disclosures in the financial statements as well as such other matters as are required to be discussed with the Committee under generally accepted auditing standards.

The Committee discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended. In addition, the Committee discussed with the independent auditor the auditor's independence from the Company and its management, including the matters in the written disclosures and letter which were received by the Committee from the independent auditors as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as amended.

The Audit and Corporate Responsibility Committee's policy is to pre-approve all audit services and all non-audit services that the Company's independent auditor is permitted to perform for the Company under applicable federal securities regulations. Specific pre-approval is mandatory for the annual financial statement audit engagement, among others.

The pre-approval policy was implemented effective as of May 6, 2003, as required by the applicable regulations. All engagements of the independent auditor to perform any audit services and non-audit services since that date have been pre-approved by the Committee in accordance with the pre-approval policy. The policy has not been waived in any instance.

COMPENSATION MATTERS**Report of the Compensation and Succession Planning Committee on Executive Compensation**

The Compensation and Succession Planning Committee consists of the five directors named below. All of the members of the Committee are independent (as independence is defined in Section 303A of the NYSE Listed Company Manual).

The Committee reviews and approves all compensation for the Chief Executive Officer and the other executive officers of the Company. The Committee periodically compares the Company's executive compensation levels with those of companies with which the Company believes that it competes in recruitment and retention of senior executives. The Committee also reviews and makes recommendations with respect to succession planning and management development.

Objectives of the Company's Compensation Program for Executive Officers

The objectives of the Company's executive compensation program are:

- to align individual contributions with business objectives and performance,
- to enable the Company to attract, retain and reward executive officers who contribute to the long-term success of the Company and
- to motivate those executives to advance the interests of stockholders.

Compensation Policies for the Company's Executive Officers

The Company's compensation program for executive officers consists of three primary components: base salary, annual incentives (e.g., annual bonus) and long-term incentives (e.g., stock options).

In furtherance of the objectives of the Company's compensation program, the Committee believes that the executive officers of the Company should have a greater portion of their compensation at risk than other employees. The Company's compensation program for executive officers is designed to deliver base salary below the median of the companies with which the Company competes for senior executives and base plus annual incentive compensation in the range of the median.

Base Salary. The Committee reviews the base salaries of the executive officers of the Company annually and makes adjustments based on past performance, changed job duties, scope and responsibilities, competitive pay data and expected future contributions of each executive. The Committee reviewed and determined the base salaries paid to the Company's executive officers for fiscal 2003 based on consideration of these factors.

Annual Incentives. All executive officers participate in the Company's annual incentive program. The program is designed to motivate and reward the executive officers of the Company by aligning pay primarily with the achievement of measurable Company or business group financial performance objectives and, in some instances, the achievement of specific individual non-financial objectives. The objectives are established for each executive officer at the beginning of each fiscal year.

In fiscal 2003, financial performance measures were the primary determinant of each executive officer's annual incentive payment. The financial performance measures included operating revenue, earnings before interest and taxes and return on capital committed at the Company or business group level. At the end of fiscal 2003, the performance of each executive officer was evaluated against the financial and non-financial objectives established for that executive officer for the year and annual incentive payments were determined. In fiscal 2003, the target incentive level for each of the executive officers was 100% of base salary. The annual incentive payments to the executive officers for fiscal 2003 ranged from 98.6% of the target incentive levels to 100% of the target incentive levels, reflecting the attainment by the executive officers of all or substantially all of their respective performance objectives for fiscal 2003.

Long-Term Incentives. The Company currently provides long-term incentive compensation to the executive officers of the Company through annual non-qualified stock option grants under the Company's 2002 Management Stock Incentive Plan (the "2002 Plan"). The Committee is responsible for overseeing the administration of the 2002 Plan and for making grants of stock options under the 2002 Plan. Stock options granted under the 2002 Plan must have an exercise price equal to the fair market value of the Company's stock on the date of grant. Generally, stock options vest 25% per year beginning on the first anniversary of the grant date and may be exercised over a term of ten years from the date of grant. The number of options granted to each executive officer of the Company is determined by the Committee and is based on position within the Company, job performance, future potential, awards made to executives at comparable companies and other factors.

Options to purchase a total of 305,000 shares of Common Stock were granted pursuant to the 2002 Plan to the Named Executive Officers (as defined below), who comprised all of the executive officers of the Company in fiscal 2003. The options granted to the Named Executive Officers represented approximately 13% of the options granted to the Company's management and other employees. No other types of awards were granted to the executive officers or any other person.

Chief Executive Officer's Compensation for Fiscal 2003

Each year Mr. Yost and the Committee agree to performance objectives (which include both financial and non-financial objectives). The Committee reviews Mr. Yost's performance against those objectives. In addition, the Committee may consider individual factors such as Mr. Yost's leadership ability, ability to execute the business strategy and the Company's relationship with customers and the investment community.

Mr. Yost's annual incentive opportunity for fiscal year 2003 was tied primarily to the financial performance of the Company. The Committee determined at the beginning of fiscal 2003 that Mr. Yost would be eligible to receive annual incentive payments at a target level of 100% of his base salary if the Company met a level of financial performance based 25% on operating revenue, 25% on earnings before interest and taxes, 25% on return on capital committed and 25% on capture of merger synergies. In addition, the Committee determined that Mr. Yost's target incentive level would be subject to reduction of 5% per quarter if the Company failed to meet specific earnings per share objectives at the end of any quarter of fiscal 2003. At the end of fiscal 2003, the Committee evaluated the financial performance of the Company and the individual performance of Mr. Yost during fiscal 2003 and the Committee determined that Mr. Yost was entitled to receive 100% of his target incentive level. As a result, Mr. Yost received an annual incentive payment in the amount of 100% of his base salary.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), imposes a \$1 million limit on the deductibility of compensation paid to certain executive officers of public companies, unless the compensation meets certain requirements for performance-based compensation. The Committee has not taken action to date to structure the elements of cash compensation payable to the Company's executive officers so as to comply specifically with Section 162(m) of the Code. The compensation paid to the Company's executive officers for fiscal year 2003 that is not considered performance-based for purposes of Section 162(m) of the Code exceeded the \$1 million limit per officer for Messrs. Yost and Hilzinger.

The Committee will continue to consider and evaluate all the Company's compensation programs in light of Section 162(m) of the Code and related regulations. However, the Company may continue to pay compensation that is not deductible in certain circumstances if sound business judgment so requires.

(1) Includes any amounts deferred under the AmerisourceBergen Corporation 2001 Deferred Compensation Plan (the "Deferred Compensation Plan"). Eligible executive officers may elect to defer a specified amount of cash compensation and have the deferred amount credited in an account under the Deferred Compensation Plan. Deferred accounts will be credited with interest at one percentage point higher than the prime rate as in effect from time to time. Election forms must be filed for each year an executive officer wishes to defer compensation and each form shall specify the method of payment of benefits and the time such payment is to commence. The deferred benefits will be distributed by the Company in accordance with the terms of the Deferred Compensation Plan and payment will be made at the times elected by the executive officer in accordance with the election form. An executive officer may elect to receive a deferred benefit (i) over annual periods ranging from three to fifteen years and payable in quarterly installments or (ii) in a single distribution. The Company pays all costs and expenses incurred in the administration of the Deferred Compensation Plan.

(2) Bonuses for fiscal 2003 were determined by applying the bonus percentage established by the Compensation and Succession Planning Committee to the base salary of each named executive officer as in effect at the time of the bonus payment. The amounts shown for 2003 and 2001 consist of bonuses earned in the

fiscal year identified but paid in full in the subsequent fiscal year. The amounts shown for 2002 consist of bonuses earned in the fiscal year identified but paid in part in the subsequent fiscal year.

- (3) Does not include perquisites and other personal benefits, securities or property to the extent the aggregate amount of any such compensation paid in any fiscal year to any individual was less than \$50,000 or, if lower, 10% of the total of salary and bonus paid in such fiscal year to such individual.
 - (4) Does not include certain change in control and other payments made to Mr. Collis as described under Agreements with Employees.
 - (5) Does not include forgiveness of certain loans to Mr. Collis in 2001 as described under Certain Transactions.
- Options Granted and Exercised in Fiscal 2003**

The following tables sets forth certain information with respect to options granted to and exercised by the Named Executive Officers during fiscal 2003. The information set forth in these tables relates to options granted to and exercised by the Named Executive Officers of the Company to purchase shares of Common Stock under the 2002 Management Stock Incentive Plan.

Option Grants in Fiscal 2003

Name	Number of Securities Underlying Options/SARs Granted(#)(1)	Individual Grants		Expiration Date	Grant Date Present Value\$(2)

Terrance P. Haas	30,000	1.3	55.35	02/27/13	601,800

- (1) The options vest 25% one year after the date of grant and then 25% per year thereafter.
- (2) Present values were calculated using the Black-Scholes option valuation method. The actual value, if any, that an executive officer may receive is dependent on the excess of the stock price as of the date of exercise over the exercise price. Use of this model should not be viewed as a forecast of the future performance of the Company's stock price. The estimated grant date present value of the stock options was \$20.06 based on the following defined option terms and assumptions: (i) a grant price of \$55.35; (ii) an exercise price of \$55.35; (iii) an expected life of five years; (iv) a risk-free interest rate of 2.51%, which represents the yield on Treasury Bonds with maturity dates corresponding to that of the options; (v) a dividend yield of 0.14%, representing the stock's current yield; and (vi) a stock price volatility rate of .375.

Pension Plans

AmerisourceBergen Drug Corporation Participating Companies Pension Plan. The Company maintains a qualified defined benefit pension plan providing pension benefit coverage for employees of AmerisourceBergen Drug Corporation who meet the plan's eligibility requirements (the Pension Plan). The Pension Plan was frozen as to new participants shortly after the merger on August 29, 2001 of AmeriSource Health Corporation and Bergen Brunswig Corporation that resulted in the formation of the Company (the Merger). Thus, employees first hired after September 14, 2001 are not eligible to participate in the Pension Plan, unless pursuant to the terms of a collective bargaining agreement with the Company that provides for such participation.

Under the Pension Plan, executive officers and other participants are entitled to annual pension benefits at age 65 equal to the number of years of credited service multiplied by 1% of average annual compensation earned during the three consecutive years within the last ten years of participation in the Pension Plan which yield the highest average.

All Pension Plan costs are paid by the Company and the plan and benefits are funded on an actuarial basis. Compensation earned by executive officers for purposes of the plan includes salaries and bonuses set forth in the cash compensation table under the Summary Compensation Table above, except that compensation recognized under the plan may not exceed certain limits, as required by the Employee Retirement Income Security Act of 1974, as amended (ERISA), and the Code. For 2003, the compensation limit was \$200,000.

As of October 1, 2003, the years of credited service under the Pension Plan for the named executive officers of the Company were as follows: R. David Yost, 29.08 years; Kurt J. Hilzinger, 12.58 years; Michael D. DiCandilo, 13 years; and Terrance P. Haas, 14.33 years. As required by ERISA and the Code, the Pension Plan limits the maximum annual benefits payable at Social Security retirement age as a single life annuity to the lesser of \$160,000 or 100% of a plan participant's average total taxable earnings during his highest three consecutive calendar years of participation, subject to certain exceptions for benefits which accrued prior to September 30, 1988.

AmerisourceBergen Drug Corporation Supplemental Retirement Plan. The Company also maintains a Supplemental Retirement Plan (the Supplemental Plan). Coverage under the Supplemental Plan is limited to certain participants in the Pension Plan whose benefits under the Pension Plan are limited due to (i) restrictions imposed by the Code on the amount of benefits to be paid from a tax-qualified plan, (ii) restrictions imposed by the Code on the amount of an employee's compensation that may be taken into account in calculating benefits to be paid from a tax-qualified plan, or (iii) any reductions in the amount of

compensation taken into account under the Pension Plan due to an employee's participation in certain deferred compensation plans sponsored by the Company or one of its subsidiaries.

The Supplemental Plan provides for a supplement to the annual pension benefit paid under the Pension Plan to certain individuals who are pension participants and who have been employed by the Company or one of its subsidiaries for five continuous years or who suffer a total and permanent disability while employed by the Company or one of its subsidiaries, and to the pre-retirement death benefits payable under the Pension Plan on behalf of such participants who die with a vested interest in the Pension Plan. The amount of the supplement will be the difference, if any, between the pension or pre-retirement death benefit paid under the Pension Plan and that which would otherwise have been payable but for the restrictions imposed by the Code and any reduction in the participant's compensation for purposes of the Pension Plan due to his participation in certain deferred compensation plans of the Company or one of its subsidiaries.

The following table shows estimated aggregate annual retirement benefits that would be payable to participants under the Pension Plan and, if applicable, the Supplemental Plan, upon normal retirement at age 65 under various assumptions as to final average annual compensation and years of credited service and on the assumption that benefits will be paid in the form of a single life annuity. The benefit amounts listed are not subject to any deduction for Social Security benefits.

Bergen Brunswig Corporation Supplemental Executive Retirement Plan. The Company maintains a non-qualified executive retirement plan (the SERP) providing benefits to former Bergen executives in specified compensation and years of service classifications. The Company intends to phase out the SERP over a roughly five-year period beginning July 1, 2002, as discussed below. Additionally, benefits remain payable under Bergen's Capital Accumulation Plan (the CAP), which was the predecessor plan to the SERP and which was frozen to all participants on October 7, 1987.

On July 27, 2001 Mr. Collis entered into a letter agreement (as discussed below under Agreements with Employees) pursuant to which he released all his claims to benefits under the SERP. Although the SERP is still in effect, Mr. Collis has not accrued any benefits under the SERP since July 27, 2001. Messrs. Yost, Hilzinger, DiCandilo and Haas will not at any time be eligible to receive benefits under the SERP.

Under the SERP, no benefits are vested until the participant has been employed by the Company or one of its subsidiaries for a continuous five full years. Compensation for a particular year as used for the calculation of retirement benefits under the SERP includes base salary and bonuses received during the year (including salary deferred under a salary reduction arrangement) and excludes all other compensation. Benefits, which

are designed to be a certain percentage of the participant's average monthly compensation over the three calendar years in which the participant received his or her highest earnings during the participant's last five years of service, are reduced by the following approximate amounts: (i) the participant's primary insurance amount payable under the Social Security Act at retirement age, (ii) the participant's benefit under the CAP, (iii) an annuitized amount of the employer's contribution toward the AmerisourceBergen Employee Investment Plan (as successor to Bergen's PIRA Plus Plan), and (iv) any amounts owed by a participant to the Company (except to the extent that such amount owed is under a program that expressly provides that there will not be an offset).

Effective as of July 1, 2002, the SERP was amended to provide, in general, that (i) compensation earned for calendar years after December 31, 2001 will not be considered in determining benefits under the plan, and (ii) service earned after September 30, 2003 will not be considered in determining benefits under the plan. To help minimize the impact of these changes, the SERP provides for a phase-out of benefits that will affect benefits for various participants differently depending on when a participant's age and years of service first equal 80 or more under the SERP. Additionally, 401(k) plan contributions that are or could have been made by the Company, as well as any increases in Social Security benefits to which a participant is entitled, with respect to periods after December 31, 2001, will not be considered in determining benefits under the SERP.

Benefits are payable under the SERP in the form of a joint and survivor annuity, consisting of monthly payments to each participant for his or her life and, upon his or her death, a specified percentage of his or her monthly benefit to his or her surviving beneficiary for the beneficiary's remaining life. In the alternative, a participant may elect to receive his or her benefit in a lump sum. The Company may direct that any vested benefit of a participant be paid in a lump sum upon the death of the participant. A \$5,000 funeral benefit is available to a participant's estate. Generally, the CAP benefit is a monthly retirement benefit paid over a specified number of months that, at the election of a participant, may be paid in a lump sum. In addition, a master trust (the assets of which are subject to the claims of the Company's general creditors) for certain executive officer deferral plans has been established to preserve these executive benefits.

The following table shows the estimated annual benefits payable under the SERP to eligible participants at age 62, based on a joint and 50 percent survivor annuity form of retirement income. The table also includes benefits payable to participants under the CAP.

AGREEMENTS WITH EMPLOYEES

AmerisourceBergen Employment Agreements

Effective October 1, 2003, the Company entered into employment agreements (each, an Employment Agreement and collectively, the Employment Agreements) with Messrs. Yost, Hilzinger, DiCandilo and Haas. Mr. Yost's Employment Agreement specifies that he shall serve as Chief Executive Officer of the Company and shall report to the Board of Directors. Mr. Hilzinger's Employment Agreement specifies that he shall serve as President and Chief Operating Officer of the Company and shall report to the Chief Executive

Officer. Mr. DiCandilo's Employment Agreement specifies that he shall serve as the Senior Vice President and Chief Financial Officer of the Company and shall report to the Chief Executive Officer. Mr. Haas' Employment Agreement specifies that he shall serve as the Senior Vice President Operations of the Company, or in any other capacity with the Company or any subsidiary as may be determined from time to time by the Company, so long as he is compensated at a salary grade level that is substantially the same as or greater than his salary grade level as of October 1, 2003.

With the exception of the foregoing, the Employment Agreements are substantially similar in form and substance. Each Employment Agreement provides for the following, among other things:

Two-year term of employment, with an automatic two-year extension on each two-year anniversary date.

Continuation of annual base salary at the rate in effect for the executive as of October 1, 2003, subject to increase in accordance with the Company's prevailing practices from time to time.

Incentive compensation, bonuses and benefits in accordance with the Company's prevailing practices from time to time.

Customary rights on the part of the Company to terminate for cause (which includes, among other things, conviction of a crime of moral turpitude).

Rights on the part of the executive to terminate for good reason (which includes notice by the Company of non-renewal of the Employment Agreement upon the end of any two-year term or a reduction in the salary grade of the executive).

Each Employment Agreement obligates the Company to continue to pay the executive base salary and bonus (based on average of annual bonuses paid in the prior three years), and to reimburse the costs incurred by the executive to continue health coverage pursuant to COBRA, for two years after termination in the event that the executive is terminated without cause or the executive terminates for good reason. Good reason is defined to include, among other things, reduction in base salary and notice of non-renewal by the Company at the end of the initial two-year term or any renewal term.

Each Employment Agreement indicates that payments to be made to the executive are intended not to constitute excess parachute payments within the meaning of Section 280G of the Internal Revenue Code of 1986 and provides for reduction of the amount of the payments, if necessary, to ensure that they do not constitute excess parachute payments.

Each Employment Agreement obligates the executive to refrain for a period of two years after any termination of the executive's employment from competing, directly or indirectly, with any business in which the Company or its subsidiaries engages and from soliciting any other employees.

All of the Employment Agreements are attached as exhibits to the Company's Annual Report on Form 10-K for fiscal 2003. The foregoing description is qualified in its entirety by reference to such exhibits.

Bergen Employment Agreement

In September 2000, Bergen entered into a written employment agreement (the Bergen Employment Agreement) with Mr. Collis. The form of this agreement is substantially the same as the forms of such agreements that were entered into with other executive officers of Bergen starting in 1994.

The Bergen Employment Agreement provided for an initial term of three years. The Bergen Employment Agreement automatically extended on a monthly basis so that the outstanding term was always three years, subject to the option of either party to terminate the automatic extension provisions at any time. That

evergreen provision of the Bergen Employment Agreement was terminated on August 29, 2001, the effective date of the Merger and the agreement now has a maximum remaining term of three years after the effective date of the Merger. Under the Bergen Employment Agreement, Mr. Collis is entitled to receive base salary, a bonus that shall be equal to that paid to other executive officers at the same level, but in no event less than 50% of the average of his previous three annual bonuses, and other benefits and allowances.

The Bergen Employment Agreement may be terminated by:

Mr. Collis with or without good reason upon written notice of termination delivered to the Company.

mutual agreement between Mr. Collis and the Company.

the Company for cause.

If the Bergen Employment Agreement is terminated by the Company for any reason other than cause, or if Mr. Collis terminates his employment for good reason, he will be entitled to specified damages. The Merger constituted good reason for Mr. Collis to terminate his Bergen Employment Agreement. In the event of termination by Mr. Collis for good reason, he is entitled to termination damages of three years of salary and bonuses and the value of three years of benefits, which damages are subject to mitigation if Mr. Collis obtains other employment during the three years after termination.

By letter agreement dated July 27, 2001 (the Letter Agreement), the Company and Mr. Collis agreed to a method for calculating the termination damages payable under the Bergen Employment Agreement as follows:

Salary in effect at the time of employment termination is deemed to continue at that rate until the immediately following September 30 and to increase thereafter on each October 1 by 4%.

Bonus is to be calculated as the average of the three highest bonuses paid over the preceding five years, which amount will then increase at 4% per annum during the three year period used to calculate damages.

Value of all other benefits and perquisites will be deemed to be \$25,000 per year.

The amount so determined is then reduced to present value using a discount rate equal to 120% of the then applicable federal rate determined under Section 1274 of the Internal Revenue Code of 1986, compounded semiannually.

The Bergen Employment Agreement and the Letter Agreement are attached as exhibits to, or incorporated as exhibits by reference into, the Company's Annual Report on Form 10-K for fiscal 2003. The foregoing description is qualified in its entirety by reference to such exhibits.

Bergen Severance Agreement

At the time Mr. Collis entered into the Bergen Employment Agreement in September 2000, he also entered into a severance agreement (the Severance Agreement), the form of which was substantially the same as the forms of such agreement that had been entered into with other executive officers of Bergen starting 1994. The Severance Agreement required payment of cash and other benefits in the event of a voluntary or involuntary termination of employment within three years following, but only upon, a change in control of Bergen. The Severance Agreement provided for payment of 2.99 times the average annual W-2 compensation paid by Bergen for the most recent five taxable years ending before the date of the change in control, if, following the change of control, the executive was terminated for any reason within 180 days after the change in control, was terminated without cause or terminated his employment for good reason (including, but not limited to, an adverse change in his position from his position at the time of the change of control). The Severance Agreement continued until three years and one day after a change in control or until the

executive received the severance payment and other benefits he was entitled to under his Severance Agreement. Mr. Collis also was entitled to a lump sum payment of enhanced benefits under the SERP, in the event of a change in control.

Pursuant to the certain additional terms of the Letter Agreement, Mr. Collis agreed to terminate the Severance Agreement and release his claim to benefits under the SERP, at the effective time of the Merger, in exchange for a lump sum cash payment. He also agreed to release the Company from all claims under his Severance Agreement and the SERP upon receipt of such payment. Pursuant to the Letter Agreement and the accompanying release, Mr. Collis was paid \$997,128 in fiscal 2001 on account of his Severance Agreement and \$2,673,884 in settlement of his SERP benefits.

If any payment or acceleration of any benefits extended to Mr. Collis upon the completion of the Merger were to be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986, then he is entitled to receive an additional gross up in an amount necessary to provide him with sufficient after income tax funds to fully pay all such excise taxes on both the payment and the gross up.

CERTAIN TRANSACTIONS

Bergen Deferred Compensation Loan Program

In April 1990, Bergen's board of directors approved an unfunded deferred compensation loan program available to Bergen's executive officers (the ELP) for the purpose of providing them with an incentive to remain with Bergen. Under the ELP, loans were available to certain Bergen executive officers, except those serving on Bergen's board of directors. Under the original terms of the ELP, (i) each outstanding loan bore no interest, matured upon the officer's termination of employment unless extended by Bergen's board and was evidenced by a secured promissory note in the principal amount of the loan, (ii) an executive officer could borrow up to 125% of his or her annual salary in effect on the date of any request, and (iii) the value of collateral securing the loan amount was required to equal at least 125% of the principal loan amount. Although no interest was charged, the employee was deemed by the Internal Revenue Service to have compensation in the amount of interest calculated according to a formula prescribed by the Internal Revenue Service. The employee was also deemed to have paid interest in a like amount to Bergen.

Under the ELP, Bergen made a loan in the amount of \$375,000 to Mr. Collis. This loan was forgiven by Bergen in August 2001. Bergen then made an additional loan in the amount of \$170,000 to Mr. Collis in order to enable him to pay the income tax he incurred as a result of the forgiveness of the ELP loan. As of September 30, 2003, the principal amounts outstanding under the tax assistance loan to Mr. Collis was \$170,000. Such loan amount is due and payable upon the later to occur of August 7, 2004 or the termination of Mr. Collis' employment with the Company. The tax assistance loan to Mr. Collis is non-interest bearing and is secured by a pledge of either real property or securities having a market value of at least 125% of the amount of the loan.

Mr. Martini, the Chairman of the Board of the Company, had an outstanding tax assistance loan from Bergen in the principal amount of \$675,000, which was due and payable in August 2004 but which he voluntarily prepaid in full during fiscal 2002. Bergen made this loan to Mr. Martini August 2001 to assist him in paying taxes he incurred as a result of the forgiveness by Bergen in August 2001 of an earlier loan of \$1.4 million made to him under the ELP.

What is the Company's current policy with regard to loans to directors or officers?

The Company does not have any programs under which it extends loans either to its directors or to its officers. Accordingly, no loans have been extended to any director or officer of the Company subsequent to the Merger.

Bergen Brunswig Corporation Retired Officer Medical Plan

The Company maintains the Bergen Brunswig Corporation Retired Officer Medical Plan (the ROM Plan), an unfunded, non-qualified plan under which medical and other benefits are being and will be provided to a limited group of former officers of Bergen and their spouses and/or eligible dependents (each being a covered person). Benefit coverage commences under the ROM Plan upon termination of employment (as defined in the ROM Plan) of the former Bergen officer, following the satisfaction of certain eligibility requirements. The duration of the benefit coverage is for the lifetime of the former officer and the lifetime of the former officer's spouse, if any. The ROM Plan provides for the payment of 100% of the covered person's eligible expenses with respect to specified medical, dental, vision and prescription services without any required contribution from the covered person. However, if the covered person is eligible for Medicare or for coverage under other governmental or private plans, then the coverage provided by the ROM Plan is secondary to the amounts paid by such other plans. Mr. Martini, the Chairman of the Board of the Company, is among the former officers of Bergen entitled to receive benefits under the ROM Plan.

Directors, executive officers and greater than ten percent stockholders are required to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the copies of these reports furnished to the Company or written representations that no other reports were required, we believe that during fiscal 2003, all our directors and executive officers complied with these requirements. We had no stockholders during fiscal 2003 who held more than ten percent of our outstanding common stock.

AMERISOURCEBERGEN CORPORATION

CORPORATE GOVERNANCE PRINCIPLES

Governance Principles

The following principles have been approved by the Board of Directors and, along with the charters and key practices of the Board committees, provide the framework for the governance of AmerisourceBergen Corporation (ABC). The Board recognizes that there is an ongoing and energetic debate about corporate governance, and it will review these principles and other aspects of ABC governance annually, or more often if deemed necessary.

1. Role of Board and Management. ABC's business is conducted by its employees, managers and officers, under the direction of the Chief Executive Officer (CEO) and the oversight of the Board, to enhance the long-term value of the Company for its shareholders. The Board of Directors is elected by the shareholders to oversee management and to assure that the long-term interests of the shareholders are being served. Both the Board of Directors and the management recognize that the long-term interests of shareholders are advanced by responsibly addressing the concerns of other shareholders and interested parties including employees, recruits, customers, suppliers, ABC communities, government officials and the public at large.

2. Functions of Board. The Board of Directors has five scheduled meetings a year at which it reviews and discusses reports by management on the performance of the Company, its plans and prospects, as well as immediate issues facing the Company. Directors are expected to make every effort to attend all scheduled Board and committee meetings. In addition to its general oversight of management, the Board also performs a number of specific functions, including:

- a. selecting, evaluating and compensating the CEO and overseeing CEO succession planning;
- b. providing counsel and oversight on the selection, evaluation, development and compensation of senior management;
- c. reviewing, approving and monitoring fundamental financial and business strategies and major corporate actions;
- d. assessing major risks facing the Company and reviewing options for their mitigation; and
- e. ensuring processes are in place for maintaining the integrity of the Company the integrity of the financial statements, the integrity of compliance with law and ethics, the integrity of relationships with customers and suppliers, and the integrity of relationships with other shareholders.

3. Qualifications. Directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the shareholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. We endeavor to have a board representing diverse experience at policy-making levels in business, management, marketing, finance, technology, human resources, communications, education, government, healthcare and in other areas that are relevant to the Company's activities.

Directors must be willing to devote sufficient time to carrying out their duties and responsibilities effectively, and should be committed to serve on the Board for an extended period of time and at least for their elected term. Directors who experience material changes in employment or career responsibilities should notify the Chairman of the Board.

Directors who also serve as CEO or COO of ABC should not serve on more than one board of a public company in addition to the ABC Board, and other directors should not serve on more than four other boards of public companies in addition to the ABC Board. Current positions in excess of these limits may be maintained unless the Board determines that doing so would impair the director's service on the ABC Board.

The Board does not believe that arbitrary term limits on directors' service are appropriate, nor does it believe that directors should expect to be automatically renominated. The Board self-evaluation process described below will be an important determinant for Board tenure. Directors will resign at the Annual Meeting following their 75th birthday.

4. Independence of Directors. A majority of the directors will be independent directors as provided in the New York Stock Exchange (NYSE) Corporate Governance Rules (the "NYSE Rules").

ABC will seek to have and maintain a minimum of 70% independent directors. Directors who do not meet the NYSE's independence standards also make valuable contributions to the Board and to the Company by reason of their experience and knowledge of the Company.

To be considered independent under the NYSE Rules, the Board shall affirmatively determine that a director has no direct or indirect material relationship with ABC. In addition, a director shall not be independent if, within the preceding three years:

- a. the director was an employee, or whose immediate family member was an executive officer, of the Company;
 - b. the director, or whose immediate family member, received more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);
 - c. the director was affiliated with or employed by, or whose immediate family member was affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company;
 - d. the director was employed, or whose immediate family member was employed, as an executive officer of another company where any of the Company's present executives serve on that company's compensation committee;
 - e. the director was an executive officer or an employee, or whose immediate family member was an executive officer, of a company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.
- In implementing the provisions of this Section 4, the NYSE Rules will be followed.

The following eight directors are independent under the foregoing guidelines: Rodney H. Brady, Charles H. Cotros, Richard C. Gozon, Edward E. Hagenlocker, Jane E. Henney, M.D., James R. Mellor, Francis G. Rodgers and J. Lawrence Wilson.

The Company will not make any personal loans or extensions of credit to directors or executive officers. No director or family member may provide personal services for compensation to the Company.

5. Size of Board and Selection Process. The directors are elected for a three-year term by the shareholders at an annual meeting of shareholders. Shareholders may propose nominees for consideration by the Governance and Nominating Committee by submitting the names and supporting information to: Secretary, AmerisourceBergen Corporation, 1300 Morris Drive, Chesterbrook, PA 19087-5594. The Board proposes a

slate of nominees to the shareholders for election to the Board. The Board also determines the number of directors on the Board, provided that there are at least ten. Between annual shareholder meetings, the Board may elect directors to serve until the next annual meeting. The Board believes that the size of the Board should be in the range of 10-12 directors.

6. Board Committees. The Board has established the following committees to assist the Board in discharging its responsibilities: (i) Audit and Corporate Responsibility; (ii) Compensation and Succession Planning; (iii) Governance and Nominating; and (iv) Executive and Finance. The current charters and key practices of these committees are published on the ABC website, and will be mailed to shareholders upon written request. The committee chairs report on the results of their meetings to the full Board at its next scheduled meeting.

7. Independence of Committee Members. In addition to the requirement that a majority of the Board satisfy the independence standards discussed in Section 4 above, members of the Audit and Corporate Responsibility Committee, the Compensation and Succession Planning Committee and the Governance and Nominating Committee must also satisfy an additional NYSE independence requirement. Specifically, they may not directly or indirectly receive any compensation from the Company other than their directors' compensation.

8. Meetings of Non-Employee Directors. The Board will meet without management directors present at the end of each of its regularly scheduled meetings. The directors have determined that the Chairman will preside at such meeting. If the Chairman is not present, the chairs of the committees will preside on a rotating basis.

The non-employee directors may meet without management directors present at such other times as determined by the Board.

9. Self-Evaluation. The Board and each of the committees will perform an annual self-evaluation. Each September, each director will be requested to provide his/her assessment of the effectiveness of the Board and the committees on which he/she serve. The individual assessments will be organized and summarized by an independent corporate governance expert for discussion at the October meeting of the Board.

10. Setting Board Agenda. The Chairman and the CEO shall be responsible for setting the agenda. At the October Board meeting, the CEO will propose for the Board's approval key issues of strategy, risk and compliance to be scheduled and discussed during the course of the next calendar year. Before that meeting, the Board will be invited to offer its suggestions. As a result of this process, a schedule of major discussion items for the following year will be established. Prior to each Board meeting, the CEO will discuss the other specific agenda items for the meeting with the Chairman. The CEO and the Chairman, or committee chair as appropriate, shall determine the nature and extent of information that shall be provided regularly to the directors before each scheduled Board or committee meeting. Directors are urged to make suggestions for agenda items, or additional pre-meeting materials, to the CEO, the Chairman, or appropriate committee chair at any time.

11. Ethics and Conflicts of Interest. The Board expects ABC directors, as well as officers and employees, to act ethically at all times and to acknowledge their adherence to the policies comprising ABC's Code of Ethics and Business Conduct. Any request for a waiver of the application of the Code of Ethics and Business Conduct to executive officers or directors of the Company shall be made in writing to the Board. The Board shall respond to all such requests for waivers within thirty (30) days. All waivers shall be promptly disclosed to the shareholders of the Company.

12. Reporting of Concerns to Non-Employee Directors or the Audit and Corporate Responsibility Committee. Anyone who has a concern about ABC's conduct, or about the Company's accounting, internal accounting controls or auditing matters, may communicate that concern directly to the Network system established by ABC. Such report will also be communicated directly to the chair of the Audit and Corporate Responsibility Committee. Such communications may be confidential or anonymous, and may be e-mailed,

submitted in writing, or reported by phone to special addresses and a toll-free phone number that are published on the Company's website. The chair of the Audit and Corporate Responsibility Committee may direct that certain matters be presented to the Audit and Corporate Responsibility Committee or the full Board and may direct special treatment, including the retention of outside advisors or counsel, for any concern addressed to them.

13. Compensation of Board. The Governance and Nominating Committee shall have the responsibility for recommending to the Board compensation and benefits for non-employee directors. In discharging this duty, the Governance and Nominating Committee shall be guided by three goals: compensation should fairly pay directors for work required in a company of ABC's size and scope; compensation should align directors' interests with the long-term interests of shareholders; and the structure of the compensation should be simple, transparent and easy for shareholders to understand. It is the desire of the Board to attract and retain qualified members that satisfy the requirements set forth in these corporate governance policies. Each year prior to the Annual Meeting, the Governance and Nominating Committee shall review non-employee director compensation and benefits.

14. Succession Plan. The Board shall approve and maintain a succession plan for the CEO and senior executives, based upon recommendations from the Compensation and Succession Planning Committee.

15. Strategic Plan. At each of its quarterly meetings, the Board will review the status of the strategic planning process of ABC.

16. Annual Compensation Review of Senior Management. The Compensation and Succession Planning Committee shall annually approve the goals and objectives for compensating the CEO.
