Item 2.02. Results of Operations and Financial Condition.

On January 31, 2006, Banta Corporation (the Company) issued a press release (the Press Release) announcing the Company's fourth quarter and full year financial results for the periods ended December 31, 2005. A copy of the Press Release is being furnished as Exhibit 99.1 to this Current Report.

Use of Non-GAAP Measures

Edgar Filing: BANTA CORP - Form 8-K

The Company reports its financial results of operations in accordance with generally accepted accounting principles (GAAP). The Company has also provided non-GAAP financial information to complement its consolidated financial statements presented in accordance with GAAP. The non-GAAP financial measures included in the Press Release include the Company s 2005 fourth quarter and full year earnings from continuing operations and diluted earnings per share from continuing operations excluding a tax expense associated with the Company s repatriation of accumulated foreign earnings. The Company has also provided in the Press Release an estimate of the effect that the expensing of stock options would have had on diluted earnings per share from continuing operations in 2005 had the Company expensed stock options in 2005. Management believes it is useful for investors to understand how its core operations performed without the effects of these expenses.

In the Company s judgment, excluding the these expenses from the Company s 2005 financial results allows investors to trend, analyze and benchmark in a meaningful manner the performance of the Company s core operations. In addition, the Company believes that providing earnings from continuing operations and diluted earnings per share from continuing operations excluding these expenses provides another useful comparison of the Company s operational performance in 2005 to the comparable periods in 2004 and expected performance in 2006. Many of the Company s internal performance measures exclude these expenses to enable meaningful trending of core operating metrics over an extended period of time. The Company has provided within the Press Release a reconciliation of the non-GAAP financial measures to the most directly comparable GAAP financial measures.

The non-GAAP financial measures included in the Press Release are intended to supplement the reader s overall understanding of the Company s current financial performance and its prospects for the future. However, the non-GAAP financial measures are not intended to supersede or replace the Company s GAAP results or expectations.

Item 9.01. Financial Statements and Exhibits.
