PROXY STATEMENT

GENERAL

We are providing these proxy materials in connection with the solicitation of proxies by our Board of Directors, or Board, to be voted at our 2003 Annual Meeting of Stockholders. You are cordially invited to attend the annual meeting, which will be held on Thursday, May 22, 2003, at 10:00 a.m., local time. The annual meeting will take place at our corporate headquarters, which are located at 600 Citadel Drive, Commerce, California 90040. The approximate mailing date of this proxy statement, notice and the accompanying proxy is April 18, 2003. (Throughout this proxy statement, we refer to Smart & Final Inc. and its subsidiaries collectively as *we*, *our* and *us*.)

Proxy Information

We will vote the shares represented by a properly signed proxy that we receive before or at the annual meeting in accordance with the specifications made on the proxy. Proxies that we receive with no specification will be voted, as recommended by our Board, to elect the three nominees for director named in this proxy statement.

You may revoke your proxy at any time before it is voted at the annual meeting. You may revoke your proxy by giving written notice of such revocation to the Secretary at our corporate headquarters, which are located at 600 Citadel Drive, Commerce, California 90040. You may also give notice by filing a properly executed proxy bearing a later date or by voting in person at the annual meeting.

Under the rules of the New York Stock Exchange, Inc., or NYSE, if you hold your shares through a bank or broker, your broker is permitted to vote your shares on the election of the directors even when your broker does not receive instructions from you.

Record Date and Voting

If you are a stockholder of record at the close of business on March 28, 2003, you are entitled to one vote, for each share of our common stock you hold, on each matter submitted to a vote of stockholders. As of March 28, 2003, there were 29,893,679 shares of our common stock, par

Edgar Filing: SMART & FINAL INC/DE - Form DEF 14A

value \$0.01 per share, outstanding.

Holders of a majority of the voting interest of our common stock, present in person or by proxy, will constitute a quorum for the holding of the annual meeting for the election of directors. The inspectors of election we appoint will tabulate the votes cast in person or by proxy at the annual meeting. The inspectors of election will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but as unvoted for purposes of determining the approval of any matter submitted to the stockholders for a vote. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote by the inspectors of election with respect to that matter.

You may either vote for or withhold your vote for each of the directors identified below. The three director nominees receiving the greatest number of votes will be elected to our Board. If you mark your vote withheld or you do not vote in the election (including abstentions and broker non-votes), this will have no impact on the election of directors, because these votes will not be included in the total number of votes present at the annual meeting.

ELECTION OF DIRECTORS

Nominees

Three directors will be elected to our Board at the annual meeting. Once elected, these directors will hold office until our 2006 annual meeting and until their successors are elected and qualified. Our Board is currently divided into three classes serving staggered terms normally of three years each. The term of office of one class of directors expires each year. At each annual meeting the successors to the directors of the class whose term is expiring that year are elected to hold office for a term of three years and until their successors are elected and qualified. Three of our directors whose terms expire this year, Messrs. Couvreur, Gold and Guichard have been nominated for re-election to a term expiring in 2006. Unless properly instructed otherwise, the proxy holders intend to vote for the election of those nominees. It is not anticipated that any of the nominees will decline or be unable to serve as a director. If, however, that should occur, the proxy holders will vote the proxies in their discretion for any nominee designated to fill the vacancy by our present Board.

For purposes of reference below, as of March 28, 2003 Casino USA, Inc., or Casino USA, owned 55.8% of our outstanding common stock. Committees of the Board and Attendance at Meetings

We have established three standing committees of our Board, an Audit Committee, a Compensation Committee and a Corporate Governance Committee. Each of these committees is responsible to the full Board and the activities of each committee are therefore generally subject to the approval of the Board.

The Audit Committee is comprised of Messrs. Plaskett (as Chairman), Crull and McLaughlin. The Audit Committee adopted a written charter that was attached as an appendix to our proxy statement filed with the SEC in April 2001. This charter was revised and approved by our Board in February 2003 and is attached to this proxy statement as Appendix A. The Audit Committee's functions are more fully described below under the heading *Report of the Audit Committee*. During fiscal 2002, our Board re-examined the Audit Committee's composition and confirmed that all members of the Audit Committee are independent within the meaning of the NYSE's listing standards. During fiscal 2002, there were five regular meetings and four telephonic meetings of the Audit Committee.

The Compensation Committee is comprised of Messrs. Crull (as Chairman), Gold, McLaughlin, Plaskett and Snollaerts. The Compensation Committee approves salary practices and base salary amounts for our executive personnel. The Compensation Committee also approves the structure of and determines awards under our annual incentive bonus plan for our executive officers, and under our Long-Term Equity Compensation Plan. The Compensation Committee approves the strategy and structure of our other employee plans and benefits, and makes recommendations to our Board with respect to base salary and incentive compensation of our Chief Executive Officer. During fiscal 2002, there were five regular meetings of the Compensation Committee and two telephonic meetings.

The Corporate Governance Committee is comprised of Messrs. Roeder (as Chairman), Couvreur, Plaskett and Snollaerts. This committee acts as a nominating committee, seeking out, evaluating and recommending to

our Board qualified nominees for election as directors on our Board. This committee also considers other matters pertaining to the size and composition of our Board and its committees. The Corporate Governance Committee gives appropriate consideration to qualified individuals recommended by stockholders for nomination as directors, provided that such recommendations are accompanied by information sufficient to enable the Corporate Governance Committee to evaluate the qualifications of such individuals. The Corporate Governance Committee is also responsible for developing and recommending to our Board the corporate governance principles under which we operate. The Corporate Governance Committee also makes awards under our Non-Employee Director Stock Plan. During fiscal 2002, the Corporate Governance Committee had two regular meetings.

In June 2002, our Board appointed a special committee to explore certain management succession planning issues including the position of our Chief Executive Officer. Mr. Plaskett chairs the special committee, the other committee members are Messrs. Gold and McLaughlin. During fiscal 2002, the special committee held 11 regular meetings and six telephonic meetings.

During fiscal 2002, our Board held eight regular meetings. Each director with the exception of Messrs. Bouchut and Guichard attended more than 85% of the aggregate of (a) the total number of Board meetings and (b) the total number of committee meetings held by all committees of the Board on which he served.

Compensation of Directors

During fiscal 2002, all of our non-employee directors served for an entire fiscal year. Both cash payments and shares of our common stock were used to compensate each non-employee director. For the cash component of their compensation, our non-employee directors are paid an annual fee of \$15,000. This annual fee is paid in quarterly installments in advance at the beginning of each calendar quarter. Our non-employee directors also received \$1,000 in cash for each Board meeting and each committee meeting attended in person and \$500 in cash for each meeting attended by telephone. We also reimburse our directors for the expenses they incur in attending meetings in person. Our director(s) that are also our employees are not compensated for their service as members of our Board or any committee of the Board.

In addition to the cash payments described above, on May 1 of each year our non-employee directors receive an automatic award of shares under our Non-Employee Director Stock Plan, as amended and restated. This award of our common stock is valued at approximately \$15,000 on the date of the award, as required by the Non-Employee Director Stock Plan. Each non-employee director who is serving as a director on the award date receives these shares. For purposes of the Non-Employee Director Stock Plan, an eligible non-employee director is one who is a member of our Board, who is not and has not been our employee and who is paid an annual cash retainer fee for service as a director. For the May 1, 2002 grant, Messrs. Bouchut, Couvreur, Crull, Gold, Guichard, McLaughlin, Ornstein, Plaskett and Snollaerts were all eligible non-employee directors under the Non-Employee Director Stock Plan. Each of these individuals received 1,641 shares of common stock. Each share award is comprised of that number of shares equal to the quotient of \$15,000 divided by the fair market value of a share on the award date as defined in the plan. Cash is paid in lieu of fractional shares. Our non-employee directors must hold any shares awarded for at least six months after the award date. Our non-employee directors also receive an option grant, as determined by our Board. In February 2003, our Board approved a grant of 8,000 options for each of our nine non-employee directors. One third of these stock options will become exercisable each year on February 18, 2005, 2006, and 2007. The exercise price for these options is \$4.40 per share. These options will expire, if not exercised, by February 18, 2013.

At the July 2002 annual meeting, our stockholders approved an amended and restated Non-Employee Director Stock Plan that increased the number of stock options and restricted stock from 125,000 shares to 375,000 shares. The amended and restated Non-Employee Director Stock Plan also provides that the number of shares available under the plan will be increased each year by the number of awards exercised. No awards were exercised in 2002, thus the number of shares available for grant is still 375,000.

Our Stock Incentive Plan, as amended, expired in June 2001 as to new grants. This plan provided that any elected or appointed non-employee director serving prior to 1998 received an automatic grant of options to purchase 22,500 shares of our common stock, as of the date of initial appointment or election. Such options are nonqualified stock options. These options have exercise prices equal to the fair market value of our common stock at the date of grant. In addition, these options have an exercise term of ten years after the date of grant and are subject to early termination in the event the option holder ceases to be a director, becomes permanently disabled or dies. One-third of these options become exercisable two years after the date of grant and each year thereafter, so that 100% would be exercisable four years after the date of grant. There are 40,000 unexercised options outstanding that have been granted to non-employee directors under our Stock Incentive Plan. These options will expire, if not exercised, on or before June 18, 2006.

We also have a Directors Deferred Compensation Plan. This plan allows our non-employee directors to defer on a pre-tax basis up to 100% of their cash fees (with a minimum annual deferral of \$2,500), as well as any shares of our common stock received as compensation for services as a director. Participation in this plan is voluntary on an annual basis. Deferrals of cash amounts are credited to a special bookkeeping account in the non-employee director's name, and earnings on deferrals are indexed to certain investment fund options. Deferrals of shares of our common stock are held within the plan, for the benefit of the deferring director's account and are not redeemable for cash. We pay all benefits and costs from our general assets. We have created a non-qualified grantor trust whose assets will be used to pay benefits and defray expenses, however, the assets of the trust are subject to the claims of our general creditors in the event of our insolvency or bankruptcy. In general, participants will receive benefits under the Directors Deferred Compensation Plan after retirement. Benefits are paid in one lump-sum payment or a stream of five, ten or 15 annual payments, depending on a director's pre-elected payment option. The plan permits limited withdrawals prior to retirement. The Directors Deferred Compensation Plan also provides additional death benefits in the event of death prior to retirement. During 2002, four directors participated in this plan.

Compensation Committee Report on Executive Compensation

The Compensation Committee's basic philosophy is to provide competitive levels of compensation to motivate, retain and attract management. This philosophy includes providing incentives linked to the company's financial performance, enhanced stockholder value and personal performance. This philosophy applies to compensation for all of our management, including the Chief Executive Officer.

Generally, compensation for the executives consists of a base salary, an annual incentive bonus and an opportunity to receive stock options, stock appreciation rights or other performance-based compensation under the Long-Term Equity Compensation Plan.

Chief Executive Officer Compensation. The Compensation Committee has established a formal process for evaluating the Chief Executive Officer's performance. This process generally begins at the last scheduled Compensation Committee meeting of the fiscal year. This meeting is typically held in late November or early December. Mr. Roeder is the company's Chief Executive Officer. He assumed this position in January 1999. Mr. Roeder's Employment Agreement establishes a minimum base salary of \$600,000, which was subsequently increased by the Compensation Committee to \$650,000 during 2000 and \$700,000 in 2001. Mr. Roeder's salary remained at \$700,000 for 2002. Mr. Roeder's Employment Agreement also provides that he is eligible to receive a bonus of up to 100% of his base salary if certain performance targets are met. For fiscal 2002, these performance targets were not met. Mr. Roeder did not receive a bonus for fiscal 2002.

Base Salaries. Base salaries for the executive officers are reviewed annually. Executive salaries are designed to be competitive with salaries paid at other companies of comparable size and complexity in the retail and wholesale food distribution business. These salaries are also designed to be competitive with salaries paid in other comparable businesses including, for example, certain non-food, multi-unit retail companies. The Compensation Committee uses these companies for comparative purposes because it believes that the company competes with these companies in attracting and maintaining management. The Compensation Committee collects information on these companies from published industry surveys and from competitor's proxy statements. It is the policy of the Compensation Committee to adjust salaries in a way that recognizes executive performance and responsibilities and enables us to attract and retain highly qualified executives. In fiscal 2002, executive base salaries (other than for the company's Chief Executive Officer) were increased an average of 6.2% (ranging from 2.9% to 15%), which is consistent with the company's Compensation Committee's policy objectives. These increases were at median levels among the comparison companies.

Edgar Filing: SMART & FINAL INC/DE - Form DEF 14A

Annual Incentive Bonus Plan. The Compensation Committee believes that the annual incentive bonus plan is an integral part of the overall compensation package offered to the executive officers. The committee specifically approves bonus amounts for executive officers. The committee also determines the bonus amount for the Chief Executive Officer, consistent with the terms of his Employment Agreement. (See Chief Executive Officer Compensation , above.) From approximately 1993 through fiscal 2000, the Compensation Committee primarily used corporate earnings per share to determine corporate performance goals.

During fiscal 2000, the Compensation Committee decided to link the annual incentive bonus plan to specific financial objectives as a means of encouraging improvements in financial performance. These objectives range

from the company's total financial performance, which is the only objective for determining the bonus awarded to the Chief Executive Officer, to performance of particular operating units. The objectives also include individual targets to help reach certain tactical objectives. Accordingly in fiscal 2002, the bonuses awarded to the executives, depending on the person's position, were based upon financial objectives and key strategic goals. These objectives and goals were tied to our overall performance at the corporate, regional and divisional levels, as well as to specified personal objectives.

We determine actual bonus amounts after the fiscal year end. At that time, the Chief Executive Officer meets with the Compensation Committee to review the performance of the executive officers (other than his performance) and presents his recommendations for their actual bonus amounts. For fiscal 2002, the Compensation Committee determined that, in general, management had not met their profit objectives. As a result, the company did not award any bonuses, except to one executive officer.

Stock Incentive Plan. The Stock Incentive Plan authorized the issuance of options covering up to 2,450,000 shares of the company's common stock. This plan expired in June 2001 as to new grants. Accordingly, no awards of stock were made under this plan during fiscal 2002. As of March 28, 2003, there were 465,364 unexercised options outstanding under this plan. These options will expire on or before June 18, 2006, if not exercised before that date.

Long-Term Equity Compensation Plan. Under guidelines set by the Compensation Committee, incentive-based compensation constitutes a greater portion of executives' potential long-term pay. A portion of this incentive-based compensation is made through stock-based awards under the Long-Term Equity Compensation Plan. The primary objectives of this plan are to optimize the company's profitability and growth through incentives. These incentives are designed to be consistent with the company's goals, and to link the personal interests of plan participants to those of the stockholders.

At our May 2001 annual meeting, the stockholders approved an amendment to the Long-Term Equity Compensation Plan increasing the stock-based awards allowed under this plan from 2,470,000 shares to 3,600,000 shares. The stockholders also extended the plan's expiration date from December 31, 2006 to December 31, 2010. At the July 2002 annual meeting, our stockholders approved an amended and restated Long-Term Equity Compensation Plan that increased the stock-based awards allowed under this plan from 3,600,000 shares to 5,100,000 shares. The amended and restated Long-Term Equity Compensation Plan also provides that the number of shares available under the plan will be increased each year by the number of awards exercised. Stock awards for 1,392 shares of common stock were exercised in fiscal 2002, thus the total stock-based awards available for grant is now 5,101,392 shares.

Certain Other Benefits. We provide health, welfare and pension benefits to the company's executive officers. These benefits are also generally available to all of the company's full-time employees. In addition, we provide certain perquisites to the executive officers including, depending upon the executive officer, reimbursement of tax preparation and/or financial planning expenses, club dues, moving expenses, car allowances, supplemental executive retirement plan, life insurance policies, long-term disability plans and executive medical coverage.

Other Matters. The Compensation Committee has reviewed the compensation plans with regard to the deductibility limitation contained in Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Internal Revenue Code. The Compensation Committee has decided at present not to alter the compensation plans to comply with the deductibility requirements of Section 162(m). The Compensation Committee will continue to review the issue and monitor whether the compensation plans should be amended in the future to meet the deductibility requirements. Our Long-Term Equity Compensation Plan provides that at all times when Internal Revenue Code Section 162(m) is applicable, all awards granted under the plan shall comply with the requirements of that Section. However, the Compensation Committee may determine that such compliance is not desired with respect to any particular award.

Performance Graph

The graph below compares the cumulative total stockholder return on our common stock over a five year period with the cumulative total return on the Dow Jones Equity Market Index and the Dow Jones Food Retailers and Wholesalers Index over the same period. The graph assumes an initial investment of \$100 on December 31, 1997 and the reinvestment of all dividends.

Compensation Committee Interlocks and Insider Participation

Our Compensation Committee generally makes decisions on compensation of our executive officers and our Chief Executive Officer. All such decisions relating to the compensation of executive officers are reviewed, and in fiscal 2002 were approved without change, by our full Board. During fiscal 2002, our Compensation Committee consisted of Messrs. Crull, Gold, McLaughlin, Plaskett and Snollaerts.

Mr. Snollaerts is an employee of Groupe Casino, our majority stockholder. However, no member of our Compensation Committee is now or ever has been our employee. Mr. Gold is a Managing Director with Lazard Frères & Co. LLC, an investment-banking firm. In the past, Lazard Frères has provided services to Groupe Casino and to us and may, in the future, provide such services.

Relationship between Smart & Final Inc. and Casino USA. Casino France, acting through Casino USA, acquired our then parent company in 1984. Groupe Casino owns 58.8% of the shares of our outstanding common stock. Our common stock does not have cumulative voting rights. Thus, the holders of shares having more than 50% of the voting power may elect all of our directors. The holders of the remaining shares would not be able to elect any directors.

Casino France owns approximately 99% of the outstanding shares of Casino USA's capital stock. There is no agreement between Casino USA and any other party that would prevent Casino USA from acquiring additional shares of our common stock or from disposing of shares of our common stock it owns. Our Board currently includes individuals who are either directors of Casino USA or affiliates of Groupe Casino. These individuals are Messrs. Bouchut, Couvreur, Guichard, Ornstein and Snollaerts. In October 2001, Mr. Delolmo was appointed Senior Vice President of Business Development for our subsidiary, Smart & Final Stores, and in December 2002, he became the Senior Vice President of Operations for Smart & Final Stores. Mr. Delolmo holds this position in addition to his position as President of Casino USA. Since his appointment as Senior Vice President for Smart & Final Stores, Mr. Delolmo has devoted substantially all of his efforts to Smart & Final Stores.

Certain Transactions between Smart & Final Inc. and Casino USA. Together with Casino USA, we are party to a 1991 intercompany agreement, or the Intercompany Agreement. Under this agreement we provide various administrative services for Casino USA and Casino USA in turn provides various administrative services for us. Neither Casino USA nor Smart & Final Inc. are obligated to use such services. The costs of these services include the estimated allocable costs of management and other employees performing the services, computer system resources, allocable overhead and out-of-pocket expenses. Cost, for purposes of management and employees, is based on an estimated allocation of time based on a study of the actual time spent in past periods. Any fees for such services cannot exceed \$100,000 in any three-month period without the written consent of the user of such services. The Intercompany Agreement also provides that Casino USA will not, and will cause its affiliates that it controls or any corporation of which either holds more than 5% of the capital stock not to, engage in our business. The initial term of the Intercompany Agreement was two years. The term has been renewed from time to time as provided in the agreement.

Since 1986, we have performed a variety of services for Casino USA and its former subsidiary. These services include accounting, human resources and systems development services. The cost of these services has been charged to the benefited affiliated company. These charges amounted to approximately \$302,000 for fiscal 2002. We have agreed to continue to provide these administrative services to Casino USA at our cost. It is anticipated that the levels of future services will not vary significantly from the fiscal 2002 charges.

We are a party to a tax sharing arrangement with Casino USA. This agreement covers income tax obligations for the State of California. Under the terms of this arrangement, we make tax sharing payments to or receive tax sharing benefits from Casino USA. Payments are based upon pre-tax income for financial reporting purposes adjusted for certain agreed upon items. We made tax sharing payments to Casino USA aggregating \$348,000 in fiscal 2002.

In November 2001, we entered into an \$87,100,000 Operating Lease Agreement, or the Lease Agreement. Several financial institutions and Casino USA are all participants in the Lease Agreement. Casino USA's share of participation in the Lease Agreement is \$16,100,000.

Option Grants Table. The table below summarizes options granted during fiscal 2002 to the persons listed in the Summary Compensation Table above:

OPTION GRANTS IN LAST FISCAL YEAR

Name	Individual Grants				
	Number of Securities Underlying Options Granted (#)(1)	% of Total Options Granted to Employees in Fiscal Year	Exercise Price Per Share (\$/sh)	Expiration Date	Grant Date Present Value of Stock Options \$(2)
Ross E. Roeder	-0-	N/A	N/A	N/A	N/A
Dennis L. Chiavelli	-0-	N/A	N/A	N/A	N/A

Zeke Duge	22,000	5.34%	\$ 9.80	2/19/12	\$ 86,589
Richard N. Phegley	25,000	6.07%	\$ 9.80	2/19/12	\$ 98,397

- (1) Options granted are nonqualified stock options granted under our Long-Term Equity Compensation Plan, and may be exercised up to ten years after the date of the grant. These options are subject to early termination in the event the option holder ceases to be an employee, becomes permanently disabled or dies. No option can be granted at an option price of less than the fair market value of our common stock at the time the option is granted. For the grants made in 2002, one-third of the options become exercisable two years after the date of grant and each year thereafter so that 100% are exercisable four years after the date of grant. Unvested options will vest immediately upon a change in control.
- (2) We used the Black-Scholes model of option valuation to determine the present values at the grant dates. We do not advocate or necessarily agree that the Black-Scholes model can properly determine the value of an option. Calculations for Messrs. Schofield, Duge and Phegley are based on the following assumptions: individual option terms of up to ten years, volatility of 37.43%, no dividends, and interest rates of 4.875%, which corresponds to the weighted average of the ten year Treasury note rates with a maturity date corresponding to the option term for each of the grants. The real value of the options in this table depends upon the actual performance of our common stock during the applicable period and also upon the date the options are exercised.

Aggregated Option Exercises Table. The following table summarizes option exercises during fiscal 2002, and the number of all options and the value of all in-the-money options held at the end of fiscal 2002, by the executive officers named in the above Summary Compensation Table.

- (1) Amounts shown are for employees hired on January 1, 2003 and assume retirement at age 65 after employment for the indicated number of years. Estimated annual retirement benefits are based on the plan in effect on January 1, 2003 and assume that no other offsets or grandfathered benefits are applied.

- (2) The maximum compensation that can be included in the determination of the retirement benefit is \$200,000 for 2003. This limit is adjusted annually for cost-of-living. For purposes of this illustration, it is assumed to remain at \$200,000 for all future years.

We maintain our Pension Plan for the benefit of our Smart & Final Stores employees who meet certain age and service requirements. Our Pension Plan is designed to provide benefits in the event of normal, early or disability retirement, or in the event of death. Our Smart & Final Stores employees who are covered by a collective bargaining agreement are not covered by our Pension Plan. The benefits are calculated on the basis of the participant's years of service, and the participant's qualifying average pay. The minimum benefits for certain qualifying participants are at least equal to the accrued benefit they would have received under our prior pension plan. The qualifying average pay on which benefits are based includes bonuses, overtime and other compensation but does not include amounts to be paid under our Pension Plan or any other employee benefit plan. A participant becomes 100% vested in the retirement benefit at the end of the fifth year of service. Under our Pension Plan, at the end of fiscal 2002, Messrs. Roeder, Chiavelli, Schofield, Duge and Phegley had credited approximately four, 17, three, two and six actual years of service, respectively, and would have been entitled to minimum annual benefits of approximately \$7,000, \$35,968, \$5,400, \$3,700, and \$10,124, respectively.

Our 401(k) Savings Plan is a defined contribution plan. It is intended to satisfy the tax qualification requirements of Section 401(k) of the Internal Revenue Code. All of our employees (other than those covered by our Smart & Final Foodservice and Henry Lee employee benefit plans described below) who meet certain age and service requirements are eligible to participate in our 401(k) Savings Plan. This plan allows participants to contribute, for fiscal 2002, up to 15% of their compensation or \$11,000, whichever was lower. In fiscal 2001, we increased our match from 25% to 33% of each dollar contributed up to 6% of each participant's eligible compensation. In addition, in fiscal 2001, we made a discretionary 8% match with respect to contributions made in fiscal 2000. This discretionary match was made to adjust that year's match from 25% to 33%. Participants' contributions to our 401(k) Savings Plan, which are deemed to be our contributions for tax purposes, are deducted from the participants' compensation prior to the calculation of federal and state income taxes. This decreases the amount of a participant's taxable compensation.

Participants are currently entitled to direct their contributions to one or more of thirteen investment options. None of a participant's account balance in our 401(k) Savings Plan may be withdrawn prior to termination of employment or attainment of age 70, whichever occurs earlier. There are exceptions to the restriction on withdrawals for qualified financial hardships and loans. Distribution of a participant's account balance, if less than \$5,000, will generally be made in a lump sum payment in the year following the termination of employment. Distribution of a participant's account balance in excess of \$5,000 will be made in accordance with the participant's election following the termination of employment. A participant's contributions to our 401(k) Savings Plan will vest immediately. Twenty-five percent (25%) of our contributions on behalf of a participant will vest each year beginning after the second year of the participant's service with us. Contributions we make on behalf of a participant are 100% vested after five years of service with us.

Henry Lee and Smart & Final Foodservice each maintain a defined contribution plan which is intended to satisfy the tax qualification requirements of Section 401(k) of the Internal Revenue Code. The Henry Lee 401(k) Plan is similar to our 401(k) Savings Plan with respect to the tax advantages, loan features and hardship withdrawal provisions. However, the Henry Lee 401(k) Plan differs from our 401(k) Savings Plan in several respects. These differences include eligibility requirements, the Henry Lee automatic match of 50% of each dollar contributed up to 6% of the participant's contribution, and immediate vesting of all employer contributions. Participants are entitled to direct their contributions to eight different investment options. Our Smart & Final Foodservice Plan is similar to our 401(k) Plan, but also calls for a 50% automatic match of each dollar contributed up to 6% of the participant's contribution. There is a five-year vesting schedule at a rate of 20% per year commencing the first year of eligible employment. Participants are entitled to direct their contributions to five different investment options. For those Smart & Final Foodservice employees that are part of a collective bargaining unit, our contribution to our 401(k) Plan is based upon the terms of their agreement.

Supplemental Executive Retirement Plan. Since 1998, we have provided a Supplemental Executive Retirement Plan, or SERP, to certain key executives and other highly compensated employees. The SERP provides for a single life annuity to be payable monthly commencing at age 65 or upon the participant's early retirement or disability as those terms are defined in the SERP document. A participant may be entitled to receive benefits under the SERP in the event of a change in control. In addition, in the event the participant dies prior to his or her retirement, disability or termination of employment, his or her survivor also may be entitled to receive benefits under the SERP. The amount of the annuity benefit is determined by multiplying the standard benefit percentage assigned to each participant according to his or her title and position by the average of the final five calendar years of a participant's compensation. Our Board selects the participants in the SERP. The SERP is administered by a third party administrator. At the end of fiscal 2002, there were 20 participants in the SERP, including all of the executive officers listed in the Summary Compensation Table.

Deferred Compensation Plan. We also have a Supplemental Deferred Compensation Plan. Under this plan our employees who earned annual base compensation of at least \$90,000 in 2002 are eligible to defer pre-tax up to 100% of their base compensation and cash bonus. There is a \$2,500 minimum annual deferral requirement under the terms of the plan. Employees eligible for the SERP, may also defer shares of restricted stock. Participation is voluntary on an annual basis. Deferrals are credited to a special bookkeeping account in the participant's name, and earnings on deferrals are indexed to certain investment fund options. We pay all benefits and costs from our general assets. We have created a non-qualified grantor trust whose assets will be used to pay benefits and defray expenses, however, the assets of the trust are subject to the claims of our general creditors in the event of our insolvency or bankruptcy. In general, participants will receive benefits under the Supplemental Deferred Compensation Plan after retirement. Benefits are paid in one lump-sum payment or a stream of five, ten or 15 annual payments, depending on a participant's pre-elected payment option. The plan permits limited withdrawals prior to retirement. In addition to the general death benefits provided to all of our employees, the plan provides its own death benefits in the event of the death, prior to retirement, of a participating employee.

Executive Severance Agreement. Our officers and certain designated officers of our subsidiaries are eligible to participate in the 2001 Executive Severance Plan, or our Executive Severance Plan. This plan provides a minimum severance of 12 months base salary, or a month's base salary for each year of service, whichever is greater. Severance is not available to executives who are terminated for cause or who voluntarily terminate their employment. All the welfare benefits received by the officer during employment are continued during the severance period. Following a change of control, the executives can resign for "good reason" and be eligible for the benefits available under the Executive Severance Plan. "Good reason" is defined as a reduction in duties and/or compensation, or being asked to relocate. Under a "good reason" resignation, executive vice presidents are eligible for a two year severance period. Our Compensation Committee selects participants in the Executive Severance Plan. At the end of fiscal 2002 there were 18 participants in the plan.

Roeder Employment Agreement. In early 1999, we entered into an employment agreement with Mr. Roeder. Under the terms of the agreement, Mr. Roeder agreed to serve as our Chairman and Chief Executive Officer through December 31, 2001. In May 2001, the agreement was amended to extend the term of Mr. Roeder's employment through December 31, 2004. The agreement provides that during 2004, the last year of the agreement, Mr. Roeder will serve as the Chairman of our Board but not as our Chief Executive Officer. However, if the Board gives Mr. Roeder notice by June 30, 2003 of its intention to extend the agreement by another year, then he will serve as the Chairman of our Board and Chief Executive Officer during 2004 and as the Chairman of our Board, only, in 2005. As of this date, that notice has not been given.

Mr. Roeder's base salary is determined from time to time by our Board, but may not be less than \$600,000 per year on an annualized basis. Once increased, the base salary may not be decreased. At present, Mr. Roeder's annual base salary is \$700,000. Mr. Roeder's employment agreement with us provides that he has the opportunity to earn an annual cash bonus. The minimum target annual bonus opportunity is at least 100% of Mr. Roeder's annual base salary. The bonus payment is subject to meeting financial targets. Mr. Roeder did not receive a bonus for fiscal 2002. Mr. Roeder has the opportunity to earn long-term incentive awards and to participate in our

qualified retirement plans, group term life insurance, comprehensive health and major medical insurance, short and long-term disability and all other benefits and perquisites in which our other executives and employees are eligible to participate. This includes participation in our SERP in an amount not less than \$125,000 per year, an automobile allowance, retiree medical coverage and financial planning services. Mr. Roeder is entitled to certain tax gross-up benefits relating to his bonus and restricted stock awards which are discussed in greater detail below. Mr. Roeder is also entitled to a minimum of five weeks paid vacation per year.

On September 27, 2001, Mr. Roeder received a grant of 300,000 options from our Long-Term Equity Compensation Plan. This grant has a ten year term and vests as to 100,000 shares on September 27, 2003, September 27, 2004 and September 27, 2005. In fiscal 2000, Mr. Roeder received a grant of 20,000 shares of restricted stock under our Long-Term Equity Compensation Plan. All of these shares vested in February 2001 in accordance with Mr. Roeder's employment agreement. Mr. Roeder voluntarily elected, pursuant to Section 83(b) of the Internal Revenue Code, to be taxed on the fair market value of these shares on the date they were transferred to Mr. Roeder. Pursuant to his employment agreement with us, we contemporaneously provided Mr. Roeder with a loan in the principal amount of \$61,951. The loan was evidenced by a promissory note bearing interest at 6.35%. The principal amount of the loan is equal to the amount of income and payroll taxes payable by Mr. Roeder on the compensation recognized as a result of the issuance of shares of restricted stock and the Section 83(b) election. In fiscal 1999, Mr. Roeder also made a voluntary election pursuant to Section 83(b) of the Internal Revenue Code with respect to a grant of 50,000 shares of restricted stock. As provided under the terms of our employment agreement with Mr. Roeder, we contemporaneously provided Mr. Roeder with a loan in the principal amount of \$273,149. This loan is also evidenced by a promissory note, which bears interest at 4.84%. In fiscal 2002, in accordance with the Mr. Roeder employment agreement with us, Mr. Roeder received additional compensation and gross-up on the compensation in the amount of \$619,866. This compensation represented the aggregate principal amount of the two loans and the personal tax gross-up on the compensation (\$609,889) plus the net amount of the interest (\$9,977). In fiscal 2001 and 2000, Mr. Roeder received additional compensation of \$23,946 and \$20,756, respectively. This additional compensation was in recognition of interest due under the two loans described above and the net amount of personal tax gross-up on the compensation.

In December 2000, Mr. Roeder received 4,421 shares of restricted stock as part of the Voluntary Exchange Program. As part of the exchange, Mr. Roeder surrendered approximately 15,000 stock options of approximately equal value. These shares will not vest until December 7, 2003. Our Board also granted Mr. Roeder 50,000 options from our Long-Term Equity Compensation Plan on February 15, 2000. These options have a ten year term. One-third of these shares vested on February 15, 2002 and another one-third vested on February 15, 2003. The remaining 16,666 shares will vest on February 15, 2004. In the event of a change in control, termination of his employment agreement with us due to his death or disability, or our termination of the agreement without cause or with good reason, all outstanding options will immediately vest and will remain exercisable for the two-year period following the date of termination. However, in no event will the options remain exercisable beyond the expiration of the maximum ten-year term. Mr. Roeder's employment agreement with us also provides that, during its term, Mr. Roeder will receive an annual grant of options in an amount at least equal to 1.5 times the number of options granted to any other of our executive officers.

In June 1999, Mr. Roeder received a loan from us in the amount of \$47,101. The proceeds of this loan were used to purchase shares of our common stock in our equity offering. This loan bears interest at 4.84% and must be repaid when Mr. Roeder sells the stock purchased with this loan or upon termination of his employment.

In the event we terminate Mr. Roeder's employment without cause or if Mr. Roeder terminates his agreement with us for good reason, Mr. Roeder is entitled to receive his then current monthly base salary for a severance period of 24 months. However, if Mr. Roeder's employment or service is terminated during 2004 or 2005, then the payment of his base salary shall continue for a severance period of 12 months. Mr. Roeder would also receive a monthly amount equal to his annual bonus target for our last fiscal year completed prior to the date of termination divided by 12. In addition, Mr. Roeder would continue to receive payment for continuation of his and his spouse's medical insurance coverage through COBRA for a period equal to 18 months or until

Mr. Roeder ceases to be eligible for COBRA coverage. If Mr. Roeder becomes eligible to receive comparable coverage through another employer, then the COBRA payment will cease. We will also continue to provide Mr. Roeder with his long-term disability policy for a period of 24 months commencing on the termination date. Mr. Roeder would also receive additional service and compensation credit under the SERP until he reaches age 65, and continued payment of financial planning services through the severance period, plus all other amounts in which he is vested or otherwise entitled under our retirement and employee benefit plans. This includes retiree medical insurance coverage as described above, at the time such amounts are normally payable. Our employment agreement with Mr. Roeder defines disability as Mr. Roeder's inability to perform his duties due to illness or mental infirmity for a period of more than 180 consecutive days. Good reason is defined as a diminution in Mr. Roeder's title and authority, relocation of our principal office without his consent, our failure to pay his salary or any other material breach by us, or the failure of Mr. Roeder to be elected to our Board or be appointed Chairman of our Board during the employment term.

Upon the effective date of a qualifying termination due to a change in control, we have agreed to continue to pay Mr. Roeder any accrued obligations and a lump-sum payment equal to three times his annual base salary then in effect. We have also agreed to pay Mr. Roeder a lump-sum cash payment equal to three times the greater of the highest annual bonus paid by us in the prior three fiscal years or his annual bonus target for the fiscal year of termination. Mr. Roeder would also receive continuation of health and welfare benefits for three years (subject to termination if Mr. Roeder obtains employment that offers substantially similar benefits) as well as three additional years of service and compensation credit under our SERP. In the event any of the payments in connection with a change in control cause an excise tax to be imposed upon Mr. Roeder under Section 4999 of the Internal Revenue Code, we have agreed to pay Mr. Roeder, in cash, an additional amount so that the net amount retained by Mr. Roeder after deduction for any tax and payments made by us, will be equal to the amount Mr. Roeder would have retained had no such tax been imposed.

Finally, our employment agreement with Mr. Roeder contains a covenant that Mr. Roeder agrees not to compete with us during the term and for the longer of 12 months following the expiration of the agreement or any period during which he is paid under the agreement. The agreement also provides that for a period of 12 months following its expiration, Mr. Roeder will not attempt to induce our other employees to terminate employment with us or to interfere in a similar manner with our business.

INDEPENDENT AUDITORS

Our Board had appointed Arthur Andersen LLP, or Andersen, as our independent auditors for the fiscal year ending December 29, 2002. After careful review of certain circumstances regarding Andersen's future availability to continue as independent auditors, on June 7, 2002, our Audit Committee unanimously recommended that we retain Ernst & Young LLP, or E&Y, as our independent auditors for the fiscal year ending December 29, 2002. Our Board unanimously approved this recommendation and effective June 7, 2002, E&Y became our new independent auditors.

The reports of Andersen on our financial statements for each of the fiscal years ended December 30, 2001 and December 31, 2000 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. For the fiscal years ended December 30, 2001 and December 31, 2000 and the interim period from December 31, 2001 through June 7, 2002, there were no disagreements with Andersen on any matter of accounting principles or practices, financial statement disclosure or audit scope or procedure which, if not resolved to the satisfaction of Andersen, would have caused it to make reference to the subject matter of such disagreement in its reports on the financial statements for such fiscal years.

We expect a representative of E&Y to appear at the annual meeting and be available to respond to any questions concerning our Annual Report on Form 10-K filed with the SEC on March 14, 2003.

Audit Fees

The aggregate fees billed by E&Y for professional services rendered for the audit of our financial statements for the fiscal year ended December 29, 2002 and for the reviews of the financial statements included in our Quarterly Reports on Form 10-Q for the second and third quarters of fiscal year 2002 were \$404,000.

Financial Information Systems Design and Implementation Fees

We were not billed any fees for professional services described in Paragraph (c)(4)(ii) of Rule 2-01 of Regulation S-X rendered by E&Y for the fiscal year ended December 29, 2002.

All Other Fees

The aggregate fees billed for services rendered by E&Y, other than the services described above under the headings "Audit Fees" and "Financial Information Systems Design and Implementation Fees," for the fiscal year ended December 29, 2002 were \$70,000.

Edgar Filing: SMART & FINAL INC/DE - Form DEF 14A

Our Audit Committee has considered whether the provision of services other than those described above under the heading "Audit Fees" are compatible with maintaining the independence of our principal accountants.

The stockholder's notice must be delivered to, or mailed and received not less than 60 days nor more than 90 days prior to the annual meeting, provided such annual meeting is held within 30 days before or after the anniversary date of the immediately preceding annual meeting of stockholders. Our Bylaws also specify certain requirements for a stockholder's notice to be in proper written form. If we do not receive timely notice of any such proposed business, the proxy holders may not exercise discretionary authority with respect to that proposal. If we do receive timely notice of any such proposed business, the proxy holders may exercise discretionary authority with respect to that proposal but only to the extent permitted by the regulations of the Securities and Exchange Commission.
