President's Letter

Dear Shareholder,

I am pleased to present this annual report for the Neuberger Berman Intermediate Municipal Closed-End Funds for the fiscal year ended October 31, 2009. The report includes portfolio commentary, listings of the Funds' investments, and their audited financial statements for the reporting period.

Each Fund's investment objective is to provide a high level of current income exempt from regular federal income tax and, for each state-specific fund, a high level of current income exempt from that state's personal income taxes (and, in the case of the New York Fund, New York City personal income tax).

We invest in intermediate-term municipal bonds because our experience and research indicate strongly that this maturity range has historically offered the best risk/reward profile on the yield curve, providing much of the return of longer-term bonds — with less volatility and risk. We believe that our conservative investment philosophy and disciplined investment process will benefit you with superior tax exempt current income over the long term.

We are pleased to report that the Funds increased their distributions effective in August 2009 and again in January 2010.

In addition, I would like to provide an update on the Funds' tender offer activity. In June 2009, each Fund completed its first tender offer and accepted for tender approximately 10% of its outstanding common shares. Additionally, during the fiscal year, each Fund announced the implementation of a semi-annual tender offer program consisting of up to four tender offers over a two-year period. Under its tender offer program, if a Fund's common shares trade at an average daily discount to net asset value per share (NAV) of greater than 10% during a 12-week measurement period, the Fund would conduct a tender offer for between 5% and 20% of its outstanding common shares at a price equal to 98% of its NAV determined on the day the tender offer expires.

The Funds' initial measurement periods commenced on June 5, 2009 and ended on August 28, 2009. Given the results of its measurement period, Neuberger Berman California Intermediate Municipal Fund Inc. conducted a tender offer and accepted for tender approximately 10% of its outstanding common shares in October 2009. The discounts to NAV of the other two Funds were low enough that, under the terms of their semi-annual tender offer programs, no tender offers were required. To offset the expenses associated with the tender offers, Neuberger Berman agreed to extend the management fee waiver currently in place for each Fund.

Thank you for your confidence in the Funds. We will continue to do our best to earn your confidence and trust in the years to come.

Sincerely,

Robert Conti

Intermediate Municipal Closed-End Funds Portfolio Commentaries

For the fiscal year ended October 31, 2009, on a net asset value (NAV) basis, all three of the Neuberger Berman closed-end intermediate municipal bond funds posted strong returns and outperformed the Barclays Capital 10-Year Municipal Bond Index.

As the fiscal year began in November 2008, the municipal market was slowly beginning to emerge from one of its most challenging periods in recent memory. Collectively, the turmoil in the financial markets, frozen credit conditions, forced selling into illiquid markets and the rapidly weakening economy had caused risk aversion to spike. With investors seeking shelter in short-term Treasuries, even high quality municipal bonds were shunned. This, in turn, caused municipal prices to fall and AAA tax-exempt yields to reach 125% to 150% of comparable maturity U.S. Treasury yields.

After largely treading water in November 2008, interest in what we considered attractively valued municipal securities picked up steam in December and demand remained strong for the remainder of the reporting period. Further supporting municipal bond prices were signs of stabilization in the financial markets, improved liquidity and sharply falling new issuance of tax-exempt bonds. The decline in the new issue calendar of traditional tax-exempt municipal bonds can be partially attributed, we believe, to the successful launch of the taxable Build America Bond program.

Demand for tax-exempt securities was robust as many investors were seeking better returns than were available in various money market options. In addition, toward the conclusion of the period, the end of the most severe recession since the Great Depression appeared to be at hand. With risk aversion being replaced with increased risk appetite, lower-rated municipal bonds outperformed their higher quality counterparts as the fiscal year progressed.

The Funds' outperformance versus the benchmark during the fiscal year was due to a variety of factors. For example, the Funds' exposure to a number of lower-tier investment grade municipal bonds and non-rated and below-investment-grade securities enhanced their results. Also positively contributing to results was exposure to somewhat longer-term municipal bonds, as they outperformed short-term securities over the reporting period. Finally, the use of leverage was beneficial, as it served to amplify the strong returns in the overall municipal market.

Looking ahead, we maintain our positive outlook for the long-term prospects of the municipal bond market. The economy appears to have turned the corner and we believe inflation should be well contained for the time being. While we believe valuations are not as compelling as they were when the fiscal year began, in our opinion, municipal bonds should remain appealing given their steady stream of tax-exempt income. In addition, the potential for higher tax rates in the future could support the asset class.

To be sure, it will take time for state and local municipalities to mend their balance sheets. Therefore, we believe an emphasis on higher quality securities is warranted. As always, we will continue to actively manage the Funds and conduct thorough in-house fundamental research on the underlying credit characteristics of our existing and potential holdings.

California Intermediate Municipal Fund Inc.

For the fiscal year ended October 31, 2009, on a NAV basis, California Intermediate Municipal Fund returned 17.12% compared to the Barclays Capital 10-Year Municipal Bond Index's 12.42%.

Closed-end funds, unlike open-end funds, are not continually offered. There is an initial public offering and, once issued, common shares of closed-end funds are sold in the open market through a stock exchange.

The composition, industries and holdings of the Funds are subject to change. Investment return will fluctuate. Past performance is no guarantee of future results.

Endnotes

- 1** Returns based on the net asset value (NAV) of the Funds.
- 2** Returns based on the market price of Fund shares on the NYSE Amex.
- 3** A portion of the income from each Fund may be a tax preference item for purposes of the Federal Alternative Minimum Tax for certain investors.
- 4** Neuberger Berman Management LLC ("Management") has contractually agreed to waive a portion of the management fees that it is entitled to receive from each Fund. Each undertaking lasts until October 31, 2011. Please see the notes to the financial statements for specific information regarding the rate of the management fees waived by Management. Absent such a waiver, the performance of each Fund would be lower.

Glossary

Barclays Capital 10-Year Municipal Bond Index: An unmanaged index that is the 10-year (8-12) component of the Barclays Capital Municipal Bond Index, which is a rules based, market-value-weighted index engineered for the long-term tax-exempt bond market. To be included in the index, bonds must have a minimum credit rating of Baa. They must have an outstanding par value of at least \$5 million and be issued as part of a transaction of at least \$50 million. The bonds must have a dated-date after December 31, 1990 and must be at least one year from their maturity date. Remarketed issues, taxable municipal bonds, bonds with floating rates, and derivatives, are excluded from the benchmark.

Please note that the index does not take into account any fees and expenses or any tax consequences of investing in the individual securities that it tracks and that individuals cannot invest directly in any index. Data about the performance of this index is prepared or obtained by Management and include reinvestment of all dividends and capital gain distributions. The Funds may invest in securities not included in the index.

Notes to Schedule of Investments

† Investments in securities by Neuberger Berman California Intermediate Municipal Fund Inc. ("California"), Neuberger Berman Intermediate Municipal Fund Inc. ("Intermediate"), and Neuberger Berman New York Intermediate Municipal Fund Inc. ("New York") (individually a "Fund", and collectively, the "Funds") is determined by Neuberger Berman Management LLC ("Management") primarily by obtaining valuations from independent pricing services based on readily available bid quotations, or if quotations are not available, by methods which include considerations such as: yields or prices of securities of comparable quality, coupon, maturity and type; indications as to values from dealers; and general market conditions. If a valuation is not available from an independent pricing service, the Funds seek to obtain quotations from principal market makers. If such quotations are not readily available, securities are valued using methods each Fund's Board of Directors has approved on the belief that they reflect fair value. Numerous factors may be considered when determining the fair value of a security, including available analyst, media or other reports, trading in futures or ADRs and whether the issuer of the security being fair valued has other securities outstanding. Short-term debt securities with less than 60 days until maturity may be valued at cost which, when combined with interest earned, is expected to approximate market value.

In accordance with Accounting Standards Codification ("ASC") 820 "Fair Value Measurements and Disclosures" ("ASC 820"), formerly known as Financial Accounting Standards Board ("FASB") Statement of Financial Accounting Standards No. 157, Fair Value Measurements, investments held by a Fund are carried at "fair value" as defined by ASC 820. Fair value is defined as the price that a fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market for the investment under current market conditions. Various inputs are used in determining the value of the Funds' investments some of which are discussed above.

In addition to defining fair value, ASC 820 established a three-tier hierarchy of inputs to establish a classification of fair value measurements for disclosure purposes. The three-tier hierarchy of inputs is summarized in the three broad Levels listed below.

- Level 1 – quoted prices in active markets for identical investments
- Level 2 – other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, amortized cost, etc.)
- Level 3 – significant unobservable inputs (including the Funds' own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing an investment are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary, by category of Level, of the inputs used to value the Funds' investments as of October 31, 2009:

[^] The Schedule of Investments provides information on the state categorization for the portfolio.

At October 31, 2009, selected fund information on a U.S. federal income tax basis was as follows:

Neuberger Berman (000's omitted)	Cost	Gross Unrealized Appreciation	Gross Unrealized Depreciation	Net Unrealized Appreciation (Depreciation)
California	\$ 136,142	\$ 3,261	\$ 1,753	\$ 1,508

@ At time of investment, municipal securities purchased by the Funds are within the four highest rating categories (with respect to at least 80% of total assets) assigned by a nationally recognized statistical rating organization ("NRSRO") such as Moody's Investors Service, Inc., Standard & Poor's, or Fitch Investors Services, Inc. or, where not rated, are determined by the Funds' investment manager to be of comparable quality. Approximately 69%, 59%, and 64% of the municipal securities held by California, Intermediate, and New York, respectively, have credit enhancement features backing them, which the Funds may rely on, such as letters of credit, insurance, or guarantees. Without these credit enhancement features the securities may or may not meet the quality standards of the Funds. Pre-refunded bonds are supported by securities in escrow issued or guaranteed by the U.S. Government, its agencies, or instrumentalities. The amount escrowed is sufficient to pay the periodic interest due and the principal of these bonds. Puttable bonds give the Funds the right to sell back the issue on the date specified.

ß Security is guaranteed by the corporate or non-profit obligor.

ñ These securities have been deemed by the investment manager to be illiquid. At October 31, 2009, these securities amounted to \$2,656,000 or 0.6% of net assets applicable to common shareholders for Intermediate.

µ Floating rate securities are securities whose yields vary with a designated market index or market rate. These securities are shown at their current rates as of October 31, 2009.

a Security is subject to a guarantee provided by Bayerische Landesbank, backing 100% of the total principal.

‡ Security is in default.

Ø All or a portion of this security was purchased on a when-issued basis. At October 31, 2009, these securities amounted to \$1,049,000 or 1.3% of net assets applicable to common shareholders for California, \$11,603,000 or 4.4% of net assets applicable to common shareholders for Intermediate and \$1,628,000 or 2.3% of net assets applicable to common shareholders for New York.

Restricted security subject to restrictions on resale under federal securities laws. These securities may be resold in transactions exempt from registration, normally to qualified institutional buyers under Rule 144A under the Securities Act of 1933, as amended, and have been deemed by the investment manager to be illiquid and restricted. At October 31, 2009, these securities amounted to approximately \$110 or 0.0% of net assets applicable to common shareholders for Intermediate and approximately \$66 or 0.0% of net assets applicable to common shareholders for New York.

Notes to Financial Statements Intermediate Municipal Closed-End Funds

Note A—Summary of Significant Accounting Policies:

1 General: The Funds were organized as Maryland corporations on July 29, 2002. California and New York are registered as non-diversified, closed-end management investment companies and Intermediate is registered as a diversified, closed-end management investment company under the Investment Company Act of 1940, as amended. Each Fund's Board of Directors may classify or re-classify any unissued shares of capital stock into one or more classes of preferred stock without the approval of shareholders.

The assets of each Fund belong only to that Fund, and the liabilities of each Fund are borne solely by that Fund and no other.

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires Management to make estimates and assumptions at the date of the financial statements. Actual results could differ from those estimates.

2 Portfolio valuation: Investment securities are valued as indicated in the notes following the Funds' Schedule of Investments.

3 Securities transactions and investment income: Securities transactions are recorded on trade date for financial reporting purposes. Interest income, including accretion of discount (adjusted for original issue discount, where applicable) and amortization of premium, where applicable, is recorded on the accrual basis. Realized gains and losses from securities transactions are recorded on the basis of identified cost and stated separately in the Statements of Operations.

4 Income tax information: Each Fund is treated as a separate entity for U.S. federal income tax purposes. It is the policy of each Fund to continue to qualify as a regulated investment company by complying with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its earnings to its shareholders. Therefore, no federal income or excise tax provision is required.

The Funds have adopted the provisions of ASC 740 "Income Taxes" ("ASC 740"), formerly known as FASB Interpretation No. 48 "Accounting for Uncertainty in Income Taxes—an interpretation of FASB Statement No. 109." ASC 740 sets forth a minimum threshold for financial statement recognition of the benefit of a tax position taken, or expected to be taken, in a tax return. The Funds recognize interest and penalties, if any, related to unrecognized tax benefits as an income tax expense in the Statements of Operations. The Funds are subject to examination by U.S. federal and state tax authorities for returns filed for the prior three fiscal years 2006—2008. As of October 31, 2009, the Funds did not have any unrecognized tax benefits.

Income distributions and capital gain distributions are determined in accordance with income tax regulations, which may differ from U.S. generally accepted accounting principles. These differences are primarily due to differing treatments of income and gains on various investment securities held by each Fund, timing differences and differing characterization of distributions made by each Fund as a whole.

As determined on October 31, 2009, there were no permanent differences resulting from different book and tax accounting reclassified at fiscal year-end for California. As determined on October 31, 2009, permanent differences resulting primarily from different book and tax accounting for defaulted bonds were reclassified at year-end for Intermediate and New York. These reclassifications had no effect on income, net asset value or net asset value per share for Intermediate and New York.

The tax character of distributions paid during the years ended October 31, 2009 and October 31, 2008 was as follows:

	Tax-Exempt Income		Distributions Paid From: Ordinary Income		Total	
	2009	2008	2009	2008	2009	2008
California	\$ 4,756,650	\$ 6,458,574	\$ 28,416	\$ 7,760	\$ 4,785,066	\$ 6,466,334
Intermediate	14,800,907	20,178,654	99,261	38,868	14,900,168	20,217,522
New York	3,956,547	5,304,908	11,613	6,228	3,968,160	5,311,136

As of October 31, 2009, the components of distributable earnings (accumulated losses) on a U.S. federal income tax basis were as follows:

	Undistributed Tax-Exempt Income	Undistributed Ordinary Income	Undistributed Long-Term Gain	Unrealized Appreciation (Depreciation)	Loss Carryforwards and Deferrals	Total
California	\$ 1,042,807	\$ —	\$ —	\$ 1,507,904	\$ (1,525,938)	\$ 1,024,773
Intermediate	4,517,274	—	—	5,096,161	(10,809,374)	(1,195,939)
New York	914,445	—	—	198,908	(1,861,396)	(748,043)

The differences between book basis and tax basis distributable earnings is attributable primarily to timing differences of distribution payments, capital loss carryforwards and, for Intermediate and New York, defaulted bond income adjustments.

To the extent each Fund's net realized capital gains, if any, can be offset by capital loss carryforwards, it is the policy of each Fund not to distribute such gains. As determined at October 31, 2009, each Fund had unused capital loss carryforwards available for federal income tax purposes to offset net realized capital gains, if any, as follows:

	2011	2012	2013	Expiring in: 2014	2015	2016	2017
California	\$ —	\$ 159,305	\$ 4,477	\$ —	\$ —	\$ —	\$ 1,362,156
Intermediate	509,968	328,363	58,816	—	126,780	232,566	9,552,881
New York	362,560	156,636	18,838	—	—	269,555	1,053,807

5 Distributions to shareholders: Each Fund earns income, net of expenses, daily on its investments. It is the policy of each Fund to declare and pay monthly distributions. Distributions from net realized capital gains, if any, are normally distributed in December. Distributions to common shareholders are recorded on the ex-date. Distributions to preferred shareholders are accrued and determined as described in Note A-7.

On November 16, 2009, each Fund declared a monthly distribution to common shareholders payable December 15, 2009, to shareholders of record on November 30, 2009, with an ex-date of November 25, 2009 as follows:

	Distribution per share
California	\$ 0.059
Intermediate	0.060
New York	0.059

On December 10, 2009, each Fund declared a monthly distribution to common shareholders payable January 15, 2010, to shareholders of record on December 31, 2009, with an ex-date of December 29, 2009 as follows:

	Distribution per share
California	\$ 0.068
Intermediate	0.070
New York	0.065

6 Expense allocation: Certain expenses are applicable to multiple funds. Expenses directly attributable to a Fund are charged to that Fund. Expenses borne by the complex of related investment companies, which includes open-end and closed-end investment companies for which Management serves as investment manager, that are not directly attributed to a Fund are allocated among the Funds and the other investment companies in the complex or series thereof on the basis of relative net assets, except where a more appropriate allocation of expenses to each investment company in the complex or series thereof can otherwise be made fairly.

7 Financial Leverage: On October 21, 2002, the Funds re-classified unissued shares of capital stock into several series of Auction Market Preferred Shares ("AMPS"), as follows:

	Series A Shares	Series B Shares
California	1,500	1,500
Intermediate	4,000	4,000
New York	1,500	1,500

On December 13, 2002, the Funds issued several series of AMPS, as follows:

	Series A Shares	Series B Shares
California	1,180	1,180
Intermediate	3,588	3,588
New York	965	965

All shares of each series of AMPS have a liquidation preference of \$25,000 per share plus any accumulated unpaid distributions, whether or not earned or declared by the Fund, but excluding interest thereon ("Liquidation Value"). Distributions to AMPS shareholders, which are cumulative, are accrued daily. It is the policy of each Fund to pay distributions every 7 days for each Fund's AMPS Series A and every 28 days for each Fund's AMPS Series B, unless in a special rate period.

In the absence of a special rate period, distribution rates are reset every 7 days for each Fund's AMPS Series A, based on the results of an auction. For the year ended October 31, 2009, distribution rates ranged from:

	Distribution Rate
California	0.38% – 2.99%
Intermediate	0.35% – 3.00%
New York	0.40% – 3.09%

In the absence of a special rate period, distribution rates are reset every 28 days for each Fund's AMPS Series B, based on the results of an auction. For the year ended October 31, 2009, distribution rates ranged from:

	Distribution Rate
California	0.38% – 2.99%
Intermediate	0.35% – 8.68%
New York	0.43% – 8.45%

The Funds declared distributions to AMPS shareholders for the period November 1, 2009 to November 30, 2009 for each series of the AMPS as follows:

	Series A Shares	Series B Shares
California	\$ 10,147	\$ 10,378
Intermediate	30,349	30,597
New York	8,416	8,269

Since February 2008, the market for auction rate preferred securities has experienced an unprecedented number of failed auctions. A failed auction occurs when sellers outnumber bidders, and as a result, sellers cannot sell all, and in many cases any, of their auction rate preferred securities. When a failed auction occurs, the distribution rate for auction rate preferred securities resets to a maximum rate, which is typically determined according to a formula applied to a "base" rate. Historically, if there were not a sufficient number of bids to purchase all the auction rate preferred securities submitted to be sold in an auction, one or more broker-dealers would voluntarily allocate their own capital to purchase the remaining auction rate preferred securities. In doing so, the broker-dealer(s) would prevent a failed auction and, therefore, payment of distributions at the maximum rate. In 2008, most broker-dealers ceased allocating their capital to auctions for auction rate preferred securities, resulting in the unprecedented number of failed auctions.

Beginning in February 2008, the auctions for the Funds' AMPS have consistently failed. Although the failed auctions have resulted in a lack of liquidity for preferred shareholders, they are not an event of default for the Funds nor have they affected the credit quality of the AMPS. The Funds have paid, and continue to pay, distributions on their AMPS that are set at the maximum rate, which is 110% of the base rate (the base rate is the greater of an "AA" rated composite commercial paper rate or the taxable equivalent of a short-term municipal bond rate) as a result of the failed auctions.

If auctions continue to fail and the maximum rate increases due to changes in short term interest rates, the Funds' returns for common shareholders could be adversely affected. The Funds continue to monitor the developments in the AMPS market to attempt to identify alternative financing arrangements that would enable the Funds to redeem their AMPS but continue using leverage. The Funds will consider the interests of the common and preferred shareholders when evaluating any potential solutions.

The Funds may redeem shares of each series of AMPS, in whole or in part, on the second business day preceding any distribution payment date at Liquidation Value.

The Funds are also subject to certain restrictions relating to the AMPS. Failure to comply with these restrictions could preclude the Funds from declaring any distributions to common shareholders or repurchasing common shares and/or could trigger the mandatory redemption of AMPS at Liquidation Value.

The holders of AMPS are entitled to one vote per share and will vote with holders of common shares as a single class, except that the AMPS will vote separately as a class on certain matters, as required by law or a Fund's charter. The holders of a Fund's AMPS, voting as a separate class, are entitled at all times to elect two Directors of the Fund, and to elect a majority of the Directors of the Fund if the Fund fails to pay distributions on AMPS for two consecutive years.

8 Concentration of risk: The ability of the issuers of the debt securities held by the Funds to meet their obligations may be affected by economic developments, including those particular to a specific industry or region. California and New York normally invest substantially all of their assets in municipal bonds of issuers located in the state of California and the state of New York, respectively. The value of each of these Funds' securities are more susceptible to adverse economic, political, regulatory or other factors affecting the issuers of such municipal bonds than a fund that does not limit its investments to such issuers.

9 Indemnifications: Like many other companies, the Funds' organizational documents provide that their officers and directors are indemnified against certain liabilities arising out of the performance of their duties to the Funds. In addition, both in some of their principal service contracts and in the normal course of their business, the Funds enter into contracts that provide indemnifications to other parties for certain types of losses or liabilities. Each Fund's maximum exposure under these arrangements is unknown as this could involve future claims against each Fund.

Note B—Management Fees, Administration Fees, and Other Transactions with Affiliates:

Each Fund retains Management as its investment manager under a Management Agreement. For such investment management services, each Fund pays Management a fee at the annual rate of 0.25% of its average daily Managed Assets. Managed Assets equal the total assets of the Fund, less liabilities other than the aggregate indebtedness entered into for purposes of leverage. For purposes of calculating Managed Assets, the Liquidation Value of any AMPS outstanding is not considered a liability.

Management has contractually agreed to waive a portion of the management fees it is entitled to receive from each Fund at the following annual rates:

Year Ended October 31,	% of Average Daily Managed Assets
2009	0.15
2010	0.10
2011	0.05

Management has not contractually agreed to waive any portion of its fees beyond October 31, 2011.

In connection with the May 2009 tender offer and the Tender Offer Program, more fully described in Note E, Management has agreed to voluntarily extend for one year the contractual fee waivers currently in place, so that the fee waiver as a percentage of average daily Managed Assets for each Fund would be:

Year Ended October 31,	% of Average Daily Managed Assets
2010	0.15
2011	0.10
2012	0.05

For the year ended October 31, 2009, such waived fees amounted to \$221,526, \$676,317, and \$179,683 for California, Intermediate, and New York, respectively.

Each Fund retains Management as its administrator under an Administration Agreement. Each Fund pays Management an administration fee at the annual rate of 0.30% of its average daily Managed Assets under this agreement. Additionally, Management retains State Street Bank and Trust Company ("State Street") as its sub-administrator under a Sub-Administration Agreement. Management pays State Street a fee for all services received under the agreement.

Neuberger Berman LLC (formerly known as Neuberger Berman, LLC) ("Neuberger") is retained by Management to furnish it with investment recommendations and research information without added cost to each Fund. Several individuals who are officers and/or Directors of each Fund are also employees of Neuberger and/or Management.

During the reporting period, the predecessor of Management, the investment manager of the Funds, and Neuberger, the sub-adviser of the Funds, were wholly owned subsidiaries of Lehman Brothers Holdings Inc. ("Lehman Brothers"), a publicly owned holding company. On September 15, 2008, Lehman Brothers filed a voluntary petition under Chapter 11 of the U.S. Bankruptcy Code. On December 3, 2008, NBSH Acquisition, LLC ("NBSH"), an entity organized by key members of Neuberger Berman's senior management, was selected as the successful bidder in the public auction to acquire a majority interest in Neuberger Berman's business and the fixed income and certain alternative asset management businesses of Lehman Brothers' Investment Management Division (together with Neuberger Berman, the "Acquired Businesses") (the "Acquisition"). On December 22, 2008, the bankruptcy court having jurisdiction over the Lehman Brothers matter approved the sale of the Acquired Businesses to NBSH (or its successor or assign), as the successful bidder.

The Acquisition closed on May 4, 2009. The Acquired Businesses are now indirectly owned by, among others, portfolio managers, Neuberger Berman's management team, and certain key members and senior professionals who are employed in various parts of the Neuberger Berman complex of companies, with a minority interest retained by Lehman Brothers and certain affiliates of Lehman Brothers.

The closing of the Acquisition resulted in an "assignment" of the Funds' Management Agreements and Sub-Advisory Agreements. Such an assignment, by law, would automatically terminate those agreements. Accordingly, prior to the closing, each Fund's Board, including the Directors who are not "interested persons" of the Funds' investment manager and its affiliates or the Fund, considered and approved a new Management Agreement and Sub-Advisory Agreement for the Fund. The new agreements, which are virtually identical to those previously in effect, were also approved by a vote of the Funds' shareholders in May 2009.

These events have not had a material impact on the Funds or their operations. Management and Neuberger continue to operate in the ordinary course of business as the investment manager and sub-adviser of the Funds.

Each Fund has an expense offset arrangement in connection with its custodian contract. For the year ended October 31, 2009, the impact of this arrangement was a reduction of expenses of \$1,062, \$4,820, and \$1,200 for California, Intermediate, and New York, respectively.

In connection with the settlement of each AMPS auction, each Fund pays, through the auction agent, a service fee to each participating broker-dealer based upon the aggregate liquidation preference of the AMPS held by the broker-dealer's customers. For any auction preceding a rate period of less than one year, the service fee is paid at the annual rate of 1/4 of 1% for each successful auction, and up to 3/20 of 1% if the auction fails; for any auction preceding a rate period of one year or more, the service fee is paid at a rate agreed to by each Fund and the broker-dealer.

In order to satisfy rating agency requirements, each Fund is required to provide each rating agency that rates its AMPS a report on a monthly basis verifying that each Fund is maintaining eligible assets having a discounted value equal to or greater than the Preferred Shares Basic Maintenance Amount, which is a minimum level set by each rating agency as one of the conditions to maintain its rating on the AMPS. "Discounted value" refers to the fact that a rating agency requires each Fund, in performing this calculation, to discount portfolio securities below their face value, at rates determined by the rating agency. Each Fund pays a fee to State Street for the preparation of this report which is reflected in the Statements of Operations under the caption "Basic maintenance expense."

Note C—Securities Transactions:

For the year ended October 31, 2009, there were purchase and sale transactions (excluding short-term securities) as follows:

(000's omitted)	Purchases	Sales
California	\$ 38,941	\$ 54,069
Intermediate	178,017	190,558
New York	39,019	43,423

Note D—Capital:

At October 31, 2009, the common shares outstanding and the common shares of each Fund owned by Neuberger were as follows:

	Common Shares Outstanding	Common Shares Owned by Neuberger
California	5,507,477	6,981
Intermediate	18,634,612	6,981
New York	5,023,997	6,981

Transactions in common shares for the years ended October 31, 2009 and October 31, 2008, were as follows:

	Redemption of Common Shares (Note E)		Net Decrease in Common Shares Outstanding	
	2009	2008	2009	2008
California	(1,291,877)	—	(1,291,877)	—
Intermediate	(2,070,512)	—	(2,070,512)	—
New York	(558,221)	—	(558,221)	—

Note E—Tender Offer Program:

Each Fund conducted a tender offer that commenced on May 1, 2009 and expired on May 29, 2009. Each Fund offered to purchase up to 10% of its outstanding common shares at a price equal to 98% of its NAV per share determined on the day the tender offer expired. Each Fund's tender offer was oversubscribed. In accordance with the terms of its tender offer, each Fund accepted all shares properly tendered by shareholders holding fewer than 100 common shares that tendered all their shares and that provided appropriate certification as part of the tender ("odd-lot adjustment"). Each Fund purchased the remainder of the common shares on a pro-rata basis, after making the odd-lot adjustment, based on the number of shares properly tendered. Under the terms of each tender offer, on June 5, 2009, California, Intermediate and New York accepted 679,935, 2,070,512 and 558,221 common shares, respectively, representing in each case approximately 10% of the Funds' then-outstanding common shares. Final payment was made at \$13.46, \$13.46 and \$13.33 per share for California, Intermediate and New York, respectively, in each case representing 98% of the Fund's NAV per share on May 29, 2009.

In addition, each Fund's Board authorized a semi-annual tender offer program consisting of up to four tender offers over a two-year period (each, a "Tender Offer Program"). Under each Tender Offer Program, if a Fund's common shares trade at an average daily discount to NAV per share of greater than 10% during a 12-week measurement period, the Fund would conduct a tender offer for between 5% and 20% of its outstanding common shares at a price equal to 98% of its NAV per share determined on the day the tender offer expires.

Each Fund's initial measurement period under the Tender Offer Program commenced June 5, 2009 and ended August 28, 2009 (the "Measurement Period"). During the Measurement Period, each of Intermediate and New York traded at an average daily discount to NAV of less than 10% and, therefore, in accordance with its Tender Offer Program, did not conduct a tender offer. California, however, traded at an average daily discount to NAV of greater than 10% for the Measurement Period and, therefore, conducted a tender offer that commenced September 18, 2009 and ended October 16, 2009. California offered to purchase up to 10% of its outstanding common shares at a price equal to 98% of its NAV per share determined on the day the tender offer expired. California's tender offer was oversubscribed. In accordance with the terms of the tender offer, California accepted all shares properly tendered by shareholders holding fewer than 100 common shares that tendered all their shares and that provided appropriate certification as part of the tender. California purchased the remainder of the common shares on a pro-rata basis, after making the odd-lot adjustment, based on the number of shares properly tendered. Under the terms of the tender offer, on October 23, 2009, California accepted 611,942 common shares, representing approximately 10% of its then-outstanding common shares. Final payment was made at \$14.15 per share, representing 98% of the NAV per share on October 16, 2009.

In connection with each Fund's May 2009 tender offer and Tender Offer Program, Management agreed to voluntarily extend for one year the contractual fee waivers currently in place for each Fund to offset some of the expenses associated with, or possible increases in each Fund's expense ratio resulting from, the tender offers (see Note B for additional disclosure). Each Board retains the ability, consistent with its fiduciary duty, to opt out of its Tender Offer Program should circumstances arise that the Board believes could cause a material negative effect on its Fund or its Fund's shareholders.

Note F—Recent Accounting Pronouncement:

In accordance with the provision set forth in ASC 855 "Subsequent Events" ("ASC 855"), formerly known as FAS 165, "Subsequent Events," Management has evaluated the possibility of subsequent events existing in the Funds' financial statements through December 17, 2009. Management has determined that there are no subsequent events that, in accordance with ASC 855, would need to be disclosed in the Funds' financial statements through this date.

Note G—Market Events:

During the past year, the U.S. and global economies and the financial markets experienced significant disruptions, the effects of which are continuing to work their way through the economy. Because these market events are widespread and unprecedented, it is difficult to predict their ultimate severity or duration or the way in which they will affect particular issuers or market sectors.

† Total return based on per share net asset value reflects the effects of changes in net asset value on the performance of each Fund during each fiscal period. Total return based on per share market value assumes the purchase of common shares at the market price on the first day and sale of common shares at the market price on the last day of the period indicated. Dividends and distributions, if any, are assumed to be reinvested at prices obtained under each Fund's distribution reinvestment plan. Results represent past performance and do not guarantee future results. Current returns may be lower or higher than the performance data quoted. Investment returns may fluctuate and shares when sold may be worth more or less than original cost. For each Fund, total return would have been lower if Management had not waived a portion of the investment management fee.

The Fund is required to calculate an expense ratio without taking into consideration any expense reductions related to expense offset arrangements.

‡ After waiver of a portion of the investment management fee by Management. Had Management not undertaken such action, the annualized ratios of net expenses to average daily net assets applicable to common shareholders would have been:

	Year Ended October 31,				
	2009	2008	2007	2006	2005
California	1.59%	1.34%	1.34%	1.32%	1.36%
Intermediate	1.33%	1.19%	1.18%	1.17%	1.20%
New York	1.62%	1.41%	1.40%	1.38%	1.41%

@ Calculated by subtracting the Fund's total liabilities (excluding accumulated unpaid distributions on AMPS) from the Fund's total assets and dividing by the number of AMPS outstanding.

†† Expense ratios do not include the effect of distributions to holders of AMPS. Income ratios include income earned on assets attributable to AMPS outstanding.

¢ Calculated based on the average number of shares outstanding during each fiscal period.

∅∅ The annualized ratios of preferred share distributions to average net assets applicable to common shareholders were:

	Year Ended October 31,

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of
Neuberger Berman California Intermediate Municipal Fund Inc.
Neuberger Berman Intermediate Municipal Fund Inc.
Neuberger Berman New York Intermediate Municipal Fund Inc.

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of Neuberger Berman California Intermediate Municipal Fund Inc., Neuberger Berman Intermediate Municipal Fund Inc., Neuberger Berman New York Intermediate Municipal Fund Inc. (the "Funds") as of October 31, 2009, and the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Funds' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Funds' internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Funds' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of October 31, 2009 by correspondence with the custodian and brokers or by other appropriate auditing procedures where replies from brokers were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Neuberger Berman California Intermediate Municipal Fund Inc., Neuberger Berman Intermediate Municipal Fund Inc., and Neuberger Berman New York Intermediate Municipal Fund Inc. at October 31, 2009, the results of their operations for the year then ended, the changes in their net assets for each of the two years in the period then ended, and financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

Distribution Reinvestment Plan

The Bank of New York Mellon ("Plan Agent") will act as Plan Agent for shareholders who have not elected in writing to receive dividends and distributions in cash (each a "Participant"), will open an account for each Participant under the Distribution Reinvestment Plan ("Plan") in the same name as their then current Shares are registered, and will put the Plan into effect for each Participant as of the first record date for a dividend or capital gains distribution.

Whenever the Fund declares a dividend or distribution with respect to the common stock of the Fund ("Shares"), each Participant will receive such dividends and distributions in additional Shares, including fractional Shares acquired by the Plan Agent and credited to each Participant's account. If on the payment date for a cash dividend or distribution, the net asset value is equal to or less than the market price per Share plus estimated brokerage commissions, the Plan Agent shall automatically receive such Shares, including fractions, for each Participant's account. Except in the circumstances described in the next paragraph, the number of additional Shares to be credited to each Participant's account shall be determined by dividing the dollar amount of the dividend or distribution payable on their Shares by the greater of the net asset value per Share determined as of the date of purchase or 95% of the then current market price per Share on the payment date.

Should the net asset value per Share exceed the market price per Share plus estimated brokerage commissions on the payment date for a cash dividend or distribution, the Plan Agent or a broker-dealer selected by the Plan Agent shall endeavor, for a purchase period lasting until the last business day before the next date on which the Shares trade on an "ex-dividend" basis, but in no event, except as provided below, more than 30 days after the payment date, to apply the amount of such dividend or distribution on each Participant's Shares (less their *pro rata* share of brokerage commissions incurred with respect to the Plan Agent's open-market purchases in connection with the reinvestment of such dividend or distribution) to purchase Shares on the open market for each Participant's account. No such purchases may be made more than 30 days after the payment date for such dividend or distribution except where temporary curtailment or suspension of purchase is necessary to comply with applicable provisions of federal securities laws. If, at the close of business on any day during the purchase period the net asset value per Share equals or is less than the market price per Share plus estimated brokerage commissions, the Plan Agent will not make any further open-market purchases in connection with the reinvestment of such dividend or distribution. If the Plan Agent is unable to invest the full dividend or distribution amount through open-market purchases during the purchase period, the Plan Agent shall request that, with respect to the uninvested portion of such dividend or distribution amount, the Fund issue new Shares at the close of business on the earlier of the last day of the purchase period or the first day during the purchase period on which the net asset value per Share equals or is less than the market price per Share, plus estimated brokerage commissions, such Shares to be issued in accordance with the terms specified in the third paragraph hereof. These newly issued Shares will be valued at the then-current market price per Share at the time such Shares are to be issued.

For purposes of making the reinvestment purchase comparison under the Plan, (a) the market price of the Shares on a particular date shall be the last sales price on the New York Stock Exchange (or if the Shares are not listed on the New York Stock Exchange, such other exchange on which the Shares are principally traded) on that date, or, if there is no sale on such Exchange (or if not so listed, in the over-the-counter market) on that date, then the mean between the closing bid and asked quotations for such Shares on such Exchange on such date and (b) the net asset value per Share on a particular date shall be the net asset value per Share most recently calculated by or on behalf of the Fund. All dividends, distributions and other payments (whether made in cash or Shares) shall be made net of any applicable withholding tax.

Open-market purchases provided for above may be made on any securities exchange where the Fund's Shares are traded, in the over-the-counter market or in negotiated transactions and may be on such terms as to price, delivery and otherwise as the Plan Agent shall determine. Each Participant's uninvested funds held by the Plan Agent will not bear interest, and it is understood that, in any event, the Plan Agent shall have no liability in connection with any inability to purchase Shares within 30 days after the initial date of such purchase as herein provided, or with the timing of any purchases effected. The Plan Agent shall have no responsibility as to the value of the Shares acquired for each Participant's account. For the purpose

of cash investments, the Plan Agent may commingle each Participant's funds with those of other shareholders of the Fund for whom the Plan Agent similarly acts as agent, and the average price (including brokerage commissions) of all Shares purchased by the Plan Agent as Plan Agent shall be the price per Share allocable to each Participant in connection therewith.

The Plan Agent may hold each Participant's Shares acquired pursuant to the Plan together with the Shares of other shareholders of the Fund acquired pursuant to the Plan in noncertificated form in the Plan Agent's name or that of the Plan Agent's nominee. The Plan Agent will forward to each Participant any proxy solicitation material and will vote any Shares so held for each Participant only in accordance with the instructions set forth on proxies returned by the Participant to the Fund.

The Plan Agent will confirm to each Participant each acquisition made for their account as soon as practicable but not later than 60 days after the date thereof. Although each Participant may from time to time have an undivided fractional interest (computed to three decimal places) in a Share, no certificates for a fractional Share will be issued. However, dividends and distributions on fractional Shares will be credited to each Participant's account. In the event of termination of a Participant's account under the Plan, the Plan Agent will adjust for any such undivided fractional interest in cash at the market value of the Shares at the time of termination, less the *pro rata* expense of any sale required to make such an adjustment.

Any Share dividends or split Shares distributed by the Fund on Shares held by the Plan Agent for Participants will be credited to their accounts. In the event that the Fund makes available to its shareholders rights to purchase additional Shares or other securities, the Shares held for each Participant under the Plan will be added to other Shares held by the Participant in calculating the number of rights to be issued to each Participant.

The Plan Agent's service fee for handling capital gains distributions or income dividends will be paid by the Fund. Participants will be charged their *pro rata* share of brokerage commissions on all open-market purchases.

Each Participant may terminate their account under the Plan by notifying the Plan Agent in writing. Such termination will be effective immediately if the Participant's notice is received by the Plan Agent not less than ten days prior to any dividend or distribution record date, otherwise such termination will be effective the first trading day after the payment date for such dividend or distribution with respect to any subsequent dividend or distribution. The Plan may be terminated by the Plan Agent or the Fund upon notice in writing mailed to each Participant at least 30 days prior to any record date for the payment of any dividend or distribution by the Fund.

These terms and conditions may be amended or supplemented by the Plan Agent or the Fund at any time or times but, except when necessary or appropriate to comply with applicable law or the rules or policies of the Securities and Exchange Commission or any other regulatory authority, only by mailing to each Participant appropriate written notice at least 30 days prior to the effective date thereof. The amendment or supplement shall be deemed to be accepted by each Participant unless, prior to the effective date thereof, the Plan Agent receives written notice of the termination of their account under the Plan. Any such amendment may include an appointment by the Plan Agent in its place and stead of a successor Plan Agent under these terms and conditions, with full power and authority to perform all or any of the acts to be performed by the Plan Agent under these terms and conditions. Upon any such appointment of any Plan Agent for the purpose of receiving dividends and distributions, the Fund will be authorized to pay to such successor Plan Agent, for each Participant's account, all dividends and distributions payable on Shares held in their name or under the Plan for retention or application by such successor Plan Agent as provided in these terms and conditions.

The Plan Agent shall at all times act in good faith and agrees to use its best efforts within reasonable limits to ensure the accuracy of all services performed under this Agreement and to comply with applicable law, but assumes no responsibility and shall not be liable for loss or damage due to errors unless such error is caused by the Plan Agent's negligence, bad faith, or willful misconduct or that of its employees.

These terms and conditions shall be governed by the laws of the State of Maryland.

Proxy Voting Policies and Procedures

A description of the policies and procedures that the Funds use to determine how to vote proxies relating to portfolio securities is available, without charge, by calling 1-800-877-9700 (toll-free) and on the website of the Securities and Exchange Commission at www.sec.gov. Information regarding how the Funds voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is also available, without charge, by calling 1-800-877-9700 (toll-free), on the website of the Securities and Exchange Commission at www.sec.gov, and on Management's website at www.nb.com.

Quarterly Portfolio Schedule

Each Fund files a complete schedule of portfolio holdings with the Securities and Exchange Commission for the first and third quarters of each fiscal year on Form N-Q. The Funds' Forms N-Q are available on the Securities and Exchange Commission's website at www.sec.gov and may be reviewed and copied at the Securities and Exchange Commission's Public Reference Room in Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330. The information on Form N-Q is available upon request, without charge, by calling 1-800-877-9700 (toll-free).

Notice to Shareholders (Unaudited)

In January 2010 you will receive information to be used in filing your 2009 tax returns, which will include a notice of the exact tax status of all distributions paid to you by each Fund during calendar 2009. Please consult your own tax advisor for details as to how this information should be reflected on your tax returns.

For the fiscal year ended October 31, 2009, the percentages representing the portion of distributions from net investment income, which are exempt from federal income tax, other than alternative minimum tax are as follows:

Neuberger Berman

California Intermediate Municipal Fund Inc.	99.41%
Intermediate Municipal Fund Inc.	99.33%
New York Intermediate Municipal Fund Inc.	99.71%

Report of Votes of Shareholders

An annual meeting of shareholders of each of Neuberger Berman California Intermediate Municipal Fund Inc., Neuberger Berman Intermediate Municipal Fund Inc. and Neuberger Berman New York Intermediate Municipal Fund Inc. was held on May 13, 2009. Upon completion of the acquisition of Neuberger Berman Management LLC ("Old Management") and Neuberger Berman, LLC ("NB, LLC") by NBSH Acquisition, LLC, an entity organized by key members of Neuberger Berman's senior management (the "Acquisition"), each Fund's management and sub-advisory agreements with Old Management and NB, LLC, respectively, automatically terminated. To provide for continuity of management, interim management and sub-advisory agreements became effective upon completion of the Acquisition on May 4, 2009. Shareholders voted to approve a new management agreement between each Fund and a newly-formed successor entity to Old Management ("New Management") and a new sub-advisory agreement with respect to each Fund, between New Management and Neuberger Berman LLC (formerly known as Neuberger Berman, LLC) ("Neuberger").

Each Fund's Shareholders also voted to elect six Class I Directors to serve until the annual meeting of shareholders in 2012, or until their successors are elected and qualified. Each Fund's Class II Directors (which include John Cannon, C. Anne Harvey, George W. Morriss, Tom D. Seip and Jack L. Rivkin) and Class III Directors (which include Joseph V. Amato, Martha C. Goss, Robert A. Kavesh, Howard A. Mileaf, Edward A. O'Brien and Candace L. Straight) continue to hold office until the annual meeting in 2010 and 2011, respectively.

Item 2. Code of Ethics

The Board of Directors (“Board”) of Neuberger Berman New York Intermediate Municipal Fund Inc. (“Registrant”) adopted a code of ethics that applies to the Registrant’s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions (“Code of Ethics”). For the period covered by this Form N-CSR, there were no amendments to the Code of Ethics and there were no waivers from the Code of Ethics granted to the Registrant’s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions.

A copy of the Code of Ethics is incorporated by reference to the Registrant’s Form N-CSR, Investment Company Act file number 811-21169 (filed on July 10, 2006). The Code of Ethics is also available, without charge, by calling 1-800-877-9700 (toll-free).

Item 3. Audit Committee Financial Expert

The Board has determined that the Registrant has two audit committee financial experts serving on its audit committee. The Registrant’s audit committee financial experts are Martha Goss and George Morriss. Ms. Goss and Mr. Morriss are independent directors as defined by Form N-CSR.

Item 4. Principal Accountant Fees and Services

Ernst & Young LLP (“E&Y”) serves as independent registered public accounting firm to the Registrant.

(a) Audit Fees

The aggregate fees billed for professional services rendered by E&Y for the audit of the annual financial statements or services that are normally provided by E&Y in connection with statutory and regulatory filings or engagements were \$37,250 and \$39,250 for the fiscal years ended 2008 and 2009, respectively.

(b) Audit-Related Fees

The aggregate fees billed to the Registrant for assurance and related services by E&Y that are reasonably related to the performance of the audit of the Registrant’s financial statements and are not reported above in Audit Fees were \$6,500 and \$6,500 for the fiscal years ended 2008 and 2009, respectively. The nature of the services provided involved agreed upon procedures relating to the Preferred Shares. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2008 and 2009, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

The fees billed to other entities in the investment company complex for assurance and related services by E&Y that are reasonably related to the performance of the audit that the Audit Committee was required to approve because the engagement related directly to the operations and financial reporting of the Registrant were \$0 and \$0 for the fiscal years ended 2008 and 2009, respectively.

(c) Tax Fees

The aggregate fees billed to the Registrant for professional services rendered by E&Y for tax compliance, tax advice, and tax planning were \$10,000 and \$10,000 for the fiscal years ended 2008 and

2009, respectively. The nature of the services provided comprised tax compliance, tax advice, and tax planning. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2008 and 2009, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

The fees billed to other entities in the investment company complex for professional services rendered by E&Y for tax compliance, tax advice, and tax planning that the Audit Committee was required to approve because the engagement related directly to the operations and financial reporting of the Registrant were \$0 and \$0 for the fiscal years ended 2008 and 2009, respectively.

(d) All Other Fees

The aggregate fees billed to the Registrant for products and services provided by E&Y, other than services reported in Audit Fees, Audit-Related Fees, and Tax Fees were \$0 and \$0 for the fiscal years ended 2008 and 2009, respectively.

The fees billed to other entities in the investment company complex for products and services provided by E&Y, other than services reported in Audit Fees, Audit-Related Fees, and Tax Fees, that the Audit Committee was required to approve because the engagement related directly to the operations and financial reporting of the Registrant were \$0 and \$0 for the fiscal years ended 2008 and 2009, respectively.

(e) Audit Committee's Pre-Approval Policies and Procedures

(1) The Audit Committee's pre-approval policies and procedures for the Registrant to engage an accountant to render audit and non-audit services delegate to each member of the Committee the power to pre-approve services between meetings of the Committee.

(2) None of the services described in paragraphs (b) through (d) above were approved by the Audit Committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X.

(f) Hours Attributed to Other Persons

Not applicable.

(g) Non-Audit Fees

Non-audit fees billed by E&Y for services rendered to the Registrant were \$16,500 and \$16,500 for the fiscal years ended 2008 and 2009, respectively.

Non-audit fees billed by E&Y for services rendered to the Registrant's investment adviser and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the Registrant were \$400,000 and \$100,000 for the fiscal years ended 2008 and 2009, respectively.

(h) The Audit Committee of the Board considered whether the provision of non-audit services rendered to the Registrant's investment adviser and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the Registrant that were not pre-approved by the Audit Committee because the engagement did not relate directly to the operations and financial reporting of the Registrant is compatible with maintaining E&Y's independence.

Item 5. Audit Committee of Listed Registrants

The Board has established a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (“Exchange Act”). Its members are Martha C. Goss, George W. Morriss, Cornelius T. Ryan (Chairman), Tom D. Seip, and Peter P. Trapp.

Item 6. Schedule of Investments

The complete schedule of investments for the Registrant is disclosed in the Registrant’s Annual Report, which is included as Item 1 of this Form N-CSR.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies

The Board has delegated to Neuberger Berman Management LLC (“NB Management”) the responsibility to vote proxies related to the securities held in the Registrant’s portfolio. Under this authority, NB Management is required by the Board to vote proxies related to portfolio securities in the best interests of the Registrant and its stockholders. The Board permits NB Management to contract with a third party to obtain proxy voting and related services, including research of current issues.

NB Management has implemented written Proxy Voting Policies and Procedures (“Proxy Voting Policy”) that are designed to reasonably ensure that NB Management votes proxies prudently and in the best interest of its advisory clients for whom NB Management has voting authority, including the Registrant. The Proxy Voting Policy also describes how NB Management addresses any conflicts that may arise between its interests and those of its clients with respect to proxy voting.

NB Management’s Proxy Committee is responsible for developing, authorizing, implementing and updating the Proxy Voting Policy, overseeing the proxy voting process and engaging and overseeing any independent third-party vendors as voting delegate to review, monitor and/or vote proxies. In order to apply the Proxy Voting Policy noted above in a timely and consistent manner, NB Management utilizes Glass, Lewis & Co. (“Glass Lewis”) to vote proxies in accordance with NB Management’s voting guidelines.

NB Management’s guidelines adopt the voting recommendations of Glass Lewis. NB Management retains final authority and fiduciary responsibility for proxy voting. NB Management believes that this process is reasonably designed to address material conflicts of interest that may arise between NB Management and a client as to how proxies are voted.

In the event that an investment professional at NB Management believes that it is in the best interests of a client or clients to vote proxies in a manner inconsistent with NB Management’s proxy voting guidelines or in a manner inconsistent with Glass Lewis recommendations, the Proxy Committee will review information submitted by the investment professional to determine that there is no material conflict of interest between NB Management and the client with respect to the voting of the proxy in that manner.

If the Proxy Committee determines that the voting of a proxy as recommended by the investment professional presents a material conflict of interest between NB Management and the client or clients with respect to the voting of the proxy, the Proxy Committee shall: (i) take no further action, in which case Glass Lewis shall vote such proxy in accordance with the proxy voting guidelines or as Glass Lewis recommends; (ii) disclose such conflict to the client or clients and obtain written direction from

the client as to how to vote the proxy; (iii) suggest that the client or clients engage another party to determine how to vote the proxy; or (iv) engage another independent third party to determine how to vote the proxy.

Item 8. Portfolio Managers of Closed-End Management Investment Companies

(a)(1) The following Portfolio Manager has day-to-day management responsibility of the Registrant's portfolio as of the date of the filing of this Form N-CSR.

James L. Iselin is a Senior Vice President of NB Management and Neuberger Berman LLC. Mr. Iselin joined Neuberger Berman LLC in 2006. Previously, Mr. Iselin was a portfolio manager for another investment adviser working in the Municipal Fixed Income group since 1993.

(a)(2) The table below describes the other accounts for which the Registrant's Portfolio Manager has day-to-day management responsibility as of October 31, 2009.

<u>Type of Account</u>	<u>Number of Accounts Managed</u>	<u>Total Assets Managed (\$ millions)</u>	<u>Number of Accounts Managed for which Advisory Fee is Performance-Based</u>	<u>Assets Managed for which Advisory Fee is Performance-Based (\$ millions)</u>
James L. Iselin				
Registered Investment Companies*	3	\$674	--	--
Other Pooled Investment Vehicles	1	\$197	--	--
Other Accounts**	1,060	\$8,663	--	--

*Registered Investment Companies include: Mutual Funds.

**Other Accounts include: Institutional Separate Accounts, Sub-Advised, and Managed Accounts (WRAP Accounts).

Conflicts of Interest

Actual or apparent conflicts of interest may arise when the Portfolio Manager has day-to-day management responsibilities with respect to more than one fund or other account. The management of multiple funds and accounts (including proprietary accounts) may give rise to actual or potential conflicts of interest if the funds and accounts have different or similar objectives, benchmarks, time horizons, and fees, as the Portfolio Manager must allocate his time and investment ideas across multiple funds and accounts. The Portfolio Manager may execute transactions for another fund or account that may adversely impact the value of securities held by the Registrant, and which may include transactions that are directly contrary to the positions taken by the Registrant. For example, the Portfolio Manager may engage in short sales of securities for another account that are the same type of securities in which the Registrant also invests. In such a case, the Portfolio Manager could be seen as harming the performance of the Registrant for the benefit of the account engaging in short sales if the short sales cause the market value of the securities to fall. Additionally, if the Portfolio Manager identifies a limited investment opportunity that may be suitable for more than one fund or other account, the Registrant may not be able to take full advantage of that opportunity. If one account were to buy or sell portfolio securities shortly before another account bought or sold the same securities, it could

affect the price paid or received by the second account. Securities selected for funds or accounts other than the Registrant may outperform the securities selected for the Registrant. Finally, a conflict of interest may arise if NB Management and the Portfolio Manager have a financial incentive to favor

one account over another, such as a performance-based management fee that applies to one account but not the Registrant or other accounts for which the Portfolio Manager is responsible.

NB Management, Neuberger Berman LLC and the Registrant have adopted certain compliance procedures which are designed to address these types of conflicts. However, there is no guarantee that such procedures will detect each and every situation in which a conflict arises.

(a)(3) Compensation (as of October 31, 2009)

A portion of the compensation paid to the Portfolio Manager for management of the mutual funds in the fund family is determined by comparisons to pre-determined peer groups and benchmarks, as opposed to a system dependent on a percent of management fees. The Portfolio Manager is paid a base salary that is not dependent on performance. The Portfolio Manager also has a "target bonus," which is set each year and can be increased or decreased prior to payment based in part on performance measured against the relevant peer group and benchmark. Performance is measured on a three-year rolling average in order to emphasize longer-term performance. There is also a subjective component to determining the bonus, which consists of the following factors: (i) the individual's willingness to work with the marketing and sales groups; (ii) his or her effectiveness in building a franchise; and (iii) client servicing. Senior management determines this component in appropriate cases. There are additional components that comprise the Portfolio Manager's compensation packages, including: (i) whether the Portfolio Manager was a partner/principal of Neuberger Berman LLC prior to Neuberger Berman Holdings LLC's initial public offering; (ii) for more recent hires, incentives that may have been negotiated at the time the Portfolio Manager joined the Neuberger Berman complex; and (iii) the total amount of assets for which the Portfolio Manager is responsible.

The Portfolio Manager may manage products other than mutual funds, such as high net worth separate accounts. For the management of these accounts the Portfolio Manager will generally receive a percentage of pre-tax revenue determined on a monthly basis less third party payouts (e.g., a "finder's fee" or "referral fee" paid to a third party). To determine the percentage of revenue the Portfolio Manager receives, the aggregate fees collected on the accounts for which the Portfolio Manager are responsible are compared to a predetermined benchmark of fees that is grown 4% per annum.

NB Management's Portfolio Managers have always had a degree of independence that they would not get at other firms that have, for example, investment committees. NB Management believes that its Portfolio Managers are retained not only through compensation and opportunities for advancement, but also by a collegial and stable money management environment.

NB Management believes the measurement versus the peer groups on a three-year rolling average basis creates a meaningful disincentive to try and beat the peer group and benchmark in any given year by taking undue risks in portfolio management. The incentive is to be a solid performer over the longer-term, not necessarily to be a short-term winner in any given year.

(a)(4) Ownership of Securities

Set forth below is the dollar range of equity securities beneficially owned by the Registrant's Portfolio Manager in the Registrant as of October 31, 2009.

Portfolio Manager James L. Iselin	Dollar Range of Equity Securities Owned in the Registrant A

* The Registrant conducted a tender offer from May 1, 2009 to May 29, 2009 (the "Tender Offer"). Under the terms of the Tender Offer, the Registrant offered to purchase up to 10% of its outstanding common stock at a price equal to 98% of its Net Asset Value ("NAV") per share determined on the day the Tender Offer expired. The Tender Offer expired on May 29, 2009. On June 5, 2009, the Registrant accepted for tender 558,221 common shares, representing approximately 10% of its then outstanding common shares. Final payment was made at \$13.33 per

share, representing 98% of the NAV per share on May 29, 2009.

Item 10. Submission of Matters to a Vote of Security Holders

There were no changes to the procedures by which stockholders may recommend nominees to the Board.

Item 11. Controls and Procedures

- (a) Based on an evaluation of the disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the “Act”)) as of a date within 90 days of the filing date of this document, the Chief Executive Officer and Treasurer and Principal Financial and Accounting Officer of the Registrant have concluded that such disclosure controls and procedures are effectively designed to ensure that information required to be disclosed by the Registrant on Form N-CSR and Form N-Q is accumulated and communicated to the Registrant’s management to allow timely decisions regarding required disclosure.
- (b) There were no significant changes in the Registrant’s internal controls over financial reporting (as defined in Rule 30a-3(d) under the Act) that occurred during the Registrant’s second fiscal quarter of the period covered by this report that have materially affected, or are reasonably likely to materially affect, the Registrant’s internal control over financial reporting.

Item 12. Exhibits

- (a)(1) A copy of the Code of Ethics is incorporated by reference to the Registrant’s Form N-CSR, Investment Company Act file number 811-21169 (filed July 10, 2006).
- (a)(2) The certifications required by Rule 30a-2(a) of the Act and Section 302 of the Sarbanes-Oxley Act of 2002 (“Sarbanes-Oxley Act”) are filed herewith.
- (a)(3) Not applicable to the Registrant.
- (b) The certifications required by Rule 30a-2(b) of the Act and Section 906 of the Sarbanes-Oxley Act are filed herewith.

The certifications provided pursuant to Rule 30a-2(b) of the Act and Section 906 of the Sarbanes-Oxley Act are not deemed “filed” for purposes of Section 18 of the Exchange Act, or otherwise subject to the liability of that section. Such certifications will not be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that the Registrant specifically incorporates them by reference.
