REGULATION MA DISCLOSURE

This investor presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, statements about the benefits of the merger between JPMorgan Chase and Bank One, including future financial and operating results, the new company's plans, objectives, expectations and intentions and other statements that are not historical facts. Such statements are based upon the current beliefs and expectations of Bank One's and JPMorgan Chase's management and are subject to significant risks and uncertainties. Actual results may differ from those set forth in the forward-looking statements.

The following factors, among others, could cause actual results to differ from those set forth in the forward-looking statements: the ability to obtain governmental approvals of the merger on the proposed terms and schedule; the failure of JPMorgan Chase and Bank One stockholders to approve the merger; the risk that the businesses will not be integrated successfully; the risk that the cost savings and any revenue synergies from the merger may not be fully realized or may take longer to realize than expected; disruption from the merger making it more difficult to maintain relationships with clients, employees or suppliers; increased competition and its effect on pricing, spending, third-party relationships and revenues; the risk of new and changing regulation in the U.S. and internationally. Additional factors that could cause JPMorgan Chase's and Bank One's results to differ materially from those described in the forward-looking statements can be found in the 2002 Annual Reports on Forms 10-K of JPMorgan Chase and Bank One, and in the Quarterly Reports on Form 10-Q of JPMorgan Chase and Bank One, filed with the Securities and Exchange Commission and available at the Securities and Exchange Commission's internet site (<http://www.sec.gov>).
