Voting

The specific proposals to be considered and acted upon at our Annual Meeting are summarized in the accompanying notice and are described in more detail in this proxy statement. On March 30, 2001, the record date for determination of stockholders entitled to notice of, and to vote at, the Annual Meeting, we had outstanding 10,165,208 shares of our common stock. Each stockholder is entitled to one vote for each share of common stock held by such stockholder on March 30, 2001. Stockholders may not cumulate votes in the election of directors.

All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions will be counted towards the tabulations of votes cast on proposals presented to the stockholders and will have the same effect as negative votes, whereas broker non-votes will not be counted for purposes of determining whether a proposal has been approved.

Mr. Maples serves on the boards of directors of Lexmark International Inc., Mission Critical Software and J.D. Edward and Company. Mr. Maples holds a master's degree from Oklahoma City University and a bachelor's degree in electrical engineering from the University of Oklahoma.

Board Meetings and Committees

In 2000, our board of directors met nine times and acted a number of times by written consent. Each of the incumbent directors attended at least 75% of the aggregate of (i) the total meetings of the board and (ii) the total number of meetings held by all committees of the board on which they served.

Compensation Committee

The current members of the compensation committee are Messrs. Saadi Ateyeh, and King. The compensation committee of the board of directors determines the salaries and incentive compensation of our officers and provides recommendations for the salaries and incentive compensation of our employees and the

consultants. The compensation committee also administers various incentive compensation, stock and benefit plans. The compensation committee had no meetings in 2000 but acted a number of times by written consent.

Audit Committee

Edgar Filing: CONCERO INC - Form DEF 14A

The audit committee currently consists of three non-employee directors, Messrs. Herring, Kurtzman and Maples. The audit committee reviews, act on and reports to the board of directors with respect to various auditing and accounting matters, including the selection of our independent accountants, the scope of the annual audits, fees paid to the independent accountants, the performance of our independent accountants and our accounting practices. The Board has adopted and approved a charter for the audit committee, a copy of which is attached hereto as Appendix A. During 2000, the audit committee held four meetings.

The board has determined that Messrs. Herring and Maples are "independent" as that term is defined in Rule 4200 of the listing standards of the National Association of Securities Dealers (the "NASD"). The board has been unable to affirmatively determine that Mr. Kurtzman is "independent" as that term is defined in Rule 4200. Mr. Kurtzman is currently the Chief Financial Officer of Pencom Systems Incorporated, a privately held corporation. Prior to October 1996, we conducted our business and operations as the software division of Pencom. In October 1996, Pencom distributed all of the capital stock of Concerco to Pencom's stockholders at that time. As a result of this transaction, the three largest stockholders of Pencom, Edward C. Ateyeh, Jr., Wade E. Saadi and Edgar G. Saadi, received shares of our common stock and, as of March 30, 2001, collectively owned approximately 48.73% of the outstanding shares of our common stock. In addition, Messrs. Ateyeh and Wade Saadi serve as directors. Due to the significant stock ownership of Messrs. Ateyeh, Saadi and Saadi in both Pencom and Concerco and the service of Messrs. Ateyeh and Wade Saadi as directors of Concerco, the NASD may find that Pencom and Concerco are under the common control of Messrs. Ateyeh, Saadi and Saadi and, as a result, may deem that Pencom and Concerco are affiliates. If such determination were made, Mr. Kurtzman's position as Chief Financial Officer of Pencom would preclude him from being considered "independent" under the NASD rules.

Although Mr. Kurtzman may not qualify as "independent" under the NASD listing standards, the board has determined that Mr. Kurtzman's membership on the audit committee is required by the best interests of Concerco and its stockholders. Mr. Kurtzman has significant experience with financial statements and financial reporting matters. In addition to his experience as the Chief Financial Officer of Pencom from July 1997 to the present, Mr. Kurtzman was a partner with Margolin, Winer & Evans LLP, a certified public accounting firm, which he joined in 1972 as well as a member of the Executive Committee. Mr. Kurtzman is also a former officer and director of CPA Associates International. Mr. Kurtzman has an in-depth knowledge of our financial reporting matters due to his involvement with our audit committee since October, 1996. Consequently, the board has determined that Mr. Kurtzman shall serve on the audit committee pursuant to the exception provided in Rule 4350(d)(2)(B) of the NASD listing standards.

We do not have a standing nominating committee or any other committee performing similar functions. Such matters are considered at meetings of the full board of directors.

Director Compensation and Indemnification Agreements

We pay each of our non-employee directors \$3,750 per calendar quarter, which may be in the form of cash or, at the discretion of each eligible director, may be applied to the acquisition of an option to purchase common stock pursuant to the Director Fee Option Grant Program in effect under our 1996 Stock Option/Stock Issuance Plan. Under the Automatic Option Grant Program each individual who first becomes a non-employee director after June 15, 1997 automatically receives, at the time of such initial election or appointment, a stock option grant for 10,000 shares of common stock. In addition, on the date of each annual stockholders meeting, each individual who is re-elected as a non-employee director is eligible to receive an option

Edgar Filing: CONCERO INC - Form DEF 14A

grant for 4,000 shares of common stock, provided such individual has served on the board for at least six months. Each option grant will

4

have an exercise price equal to the fair market value of the option shares on the grant date and will have a maximum term of ten years, subject to earlier termination upon the optionee's cessation of board service. Non-employee directors are members of the board of directors who are not employees of Concero.

On May 1, 2000, each of Messrs. Saadi, Ateyeh, Herring, King, Kurtzman, and Maples received a stock option grant to purchase 4,000 shares of our common stock at an exercise price of \$3.50. Following this year's Annual Meeting, each of Messrs. Saadi, Ateyeh, Herring, King, Kurtzman and Maples will receive an option to purchase 24,000 shares of our common stock at an exercise price equal to the fair market value per share (closing selling price) of our common stock on the date of the Annual Meeting.

Our certificate of incorporation limits the liability of our directors to us and our stockholders for breaches of the directors' fiduciary duties to the fullest extent permitted by Delaware law. In addition, our certificate of incorporation and bylaws provide for mandatory indemnification of directors and officers to the fullest extent permitted by Delaware law. We also maintain directors' and officers' liability insurance and enter into indemnification agreements with all of our directors and executive officers.

The board of directors unanimously recommends that the stockholders vote FOR the election of all of the nominees listed above.

PROPOSAL 2

APPROVAL OF AMENDMENT TO THE AMENDED AND RESTATED 1996 STOCK OPTION/STOCK ISSUANCE PLAN

You are being asked to approve an amendment to our Amended and Restated 1996 Stock Option/Stock Issuance Plan (the "Plan") that will affect the following changes:

1. increase the number of shares of our common stock subject to initial option grants under the Automatic Option Grant Program from 10,000 shares to 20,000 shares; and
2. provide for additional option grants of 20,000 shares under the Automatic Option Grant Program to each non-employee board member on the date of the first annual meeting of stockholders following such board member's completion of each four-year period of service after joining our board.

The board of directors adopted the amendment on April 18, 2001, subject to stockholder approval at this Annual Meeting.

The board believes the amendment is necessary to assure that the option grants to our non-employee board members are more in line with industry standards and those granted to non-employee board members of comparable companies. We rely significantly on equity incentives in the form of stock option grants in order to attract and retain highly qualified individuals to serve on our board and believes that such equity incentives are necessary for us to remain competitive in the marketplace for executive talent.

The following is a summary of the principal features of the Plan, as most

Edgar Filing: CONCERO INC - Form DEF 14A

recently amended. Any stockholder of Concero who wishes to obtain a copy of the actual plan document may do so upon written request to the us at 6300 Bridgepoint Parkway, Building 3, Suite 200, Austin, Texas 78730.

Equity Incentive Programs

The Plan consists of four separate equity incentive programs: (i) the Discretionary Option Grant Program, (ii) the Stock Issuance Program, (iii) the Automatic Option Grant Program for non-employee board members and (iv) the Director Fee Option Grant Program for such board members. The principal features of each program are described below. The compensation committee of our board has the exclusive authority to administer the Discretionary Option Grant and Stock Issuance Programs with respect to option grants and stock issuances made to our executive officers and non-employee board members and also has the authority to make option grants and

5

stock issuances under those programs to all other eligible individuals. However, our board may at any time appoint a secondary committee of one or more board members to have separate but concurrent authority with the compensation committee to make option grants and stock issuances under those two programs to individuals other than our executive officers and non-employee board members.

The term Plan Administrator, as used in this summary, will mean the compensation committee and any secondary committee, to the extent each such entity is acting within the scope of its administrative jurisdiction under the Plan. However, neither the compensation committee nor any secondary committee exercises any administrative discretion under the Automatic Option Grant and Director Fee Option Grant Programs. All grants under those programs are made in strict compliance with the express provisions of such programs.

Share Reserve

At present, there is a total of 5,028,009 shares of common stock reserved in the aggregate for issuance over the term of the Plan. Such share reserve consists of (i) the 1,715,000 shares initially reserved for issuance under the Plan, (ii) 2,500,000 shares of common stock, of which 1,000,000 shares, 500,000 shares and 1,000,000 shares were each added to the Plan as previously approved by the board and our stockholders in connection with the 1998, 1999 and 2000 annual meeting of stockholders, respectively, plus (iii) the additional 813,009 shares of common stock added to the reserve on January 2, 2001 pursuant to the automatic share increase provisions of the Plan. In addition, on the first trading day of each calendar year during the term of the Plan, the number of shares of common stock available for issuance under the Plan will automatically increase by an amount equal to eight percent (8%) of the total number of shares of common stock outstanding on the last trading day in December of the preceding calendar year, but in no event will any such annual increase exceed 2,000,000 shares of common stock.

No participant in the Plan may receive option grants, separately exercisable stock appreciation rights or direct stock issuances for more than 750,000 shares of common stock in the aggregate per calendar year. Stockholder approval of this Proposal will also constitute a reapproval of the 750,000-share limitation for purposes of Internal Revenue Code Section 162(m).

The shares of common stock issuable under the Plan may be drawn from shares of our authorized but unissued shares of common stock or from shares of common stock reacquired by us, including shares repurchased on the open market.

Edgar Filing: CONCERO INC - Form DEF 14A

In the event any change is made to the outstanding shares of common stock by reason of any recapitalization, stock dividend, stock split, combination of shares, exchange of shares or other change in corporate structure effected without our receipt of consideration, appropriate adjustments will be made to the securities issuable (in the aggregate and per participant) under the Plan and the securities and the exercise price per share in effect under each outstanding option.

Eligibility

Officers and employees, non-employee board members and independent consultants in the service of Concerro or our parent and subsidiaries (whether now existing or subsequently established) are eligible to participate in the Discretionary Option Grant and Stock Issuance Programs. Non-employee members of the board are also eligible to participate in the Automatic Option Grant and Director Fee Option Grant Programs.

As of March 31, 2001, eight executive officers, six non-employee board members and approximately 353 other employees and consultants were eligible to participate in the Discretionary Option Grant and Stock Issuance Programs. The six non-employee board members were also eligible to participate in the Automatic Option Grant and Director Fee Option Grant Programs.

Valuation

The fair market value per share of common stock on any relevant date under the Plan will be deemed to be equal to the closing selling price per share on that date on the Nasdaq National Market. On March 31, 2001 the fair market value per share determined on such basis was \$1.66.

6

Discretionary Option Grant Program

The Plan Administrator has complete discretion under the Discretionary Option Grant Program to determine which eligible individuals are to receive option grants, the time or times when those grants are to be made, the number of shares subject to each such grant, the status of any granted option as either an incentive stock option or a non-statutory option under the federal tax laws, the vesting schedule (if any) to be in effect for the option grant and the maximum term for which any granted option is to remain outstanding.

Each granted option will have an exercise price per share no less than the fair market value of the option shares on the grant date unless otherwise determined by the Plan Administrator. No granted option will have a term in excess of ten (10) years, and the option will generally become exercisable in one or more installments over a specified period of service measured from the grant date. However, one or more options may be structured so that they will be immediately exercisable for any or all of the option shares. However, the shares acquired under those options will be subject to repurchase by us, at the exercise price paid per share, if the optionee ceases service with us prior to vesting in those shares.

Upon cessation of service, the optionee will have a limited period of time in which to exercise any outstanding option to the extent exercisable for vested shares. The Plan Administrator has complete discretion to extend the period following the optionee's cessation of service during which his or her outstanding options may be exercised and/or to accelerate the exercisability or vesting of such options in whole or in part. Such discretion may be exercised at any time while the options remain outstanding, whether before or after the optionee's actual cessation of service.

Edgar Filing: CONCERO INC - Form DEF 14A

The Plan Administrator is authorized to issue tandem stock appreciation rights under the Discretionary Option Grant Program, which provide the holders with the right to surrender their options for an appreciation distribution from us equal to the excess of (i) the fair market value of the vested shares of common stock subject to the surrendered option over (ii) the aggregate exercise price payable for such shares. Such appreciation distribution may, at the discretion of the Plan Administrator, be made in cash or in shares of common stock.

The Plan Administrator also has the authority to effect the cancellation of any or all options outstanding under the Discretionary Option Grant Program and to grant, in substitution therefor, new options covering the same or a different number of shares of common stock but with an exercise price per share based upon the fair market value of the option shares on the new grant date.

Stock Issuance Program

Shares of common stock may be issued under the Stock Issuance Program at a price per share no less than fair market value unless otherwise determined by the Plan Administrator. Shares will be issued and for such valid consideration as the Plan Administrator deems appropriate, including cash and promissory notes. The shares may also be issued as a bonus for past services without any cash outlay required of the recipient. The shares issued may be fully vested upon issuance or may vest upon the completion of a designated service period or the attainment of pre-established performance goals. The Plan Administrator has, however, the discretionary authority at any time to accelerate the vesting of any and all unvested shares outstanding under the Stock Issuance Program.

Automatic Option Grant Program

Grants

Under the Automatic Option Grant Program, eligible non-employee board members receive a series of option grants over their period of board service. Each non-employee board member will, at the time of his or her initial election or appointment to the board, receive an option grant for 20,000 shares of common stock, provided such individual has not previously been in our employ. On the date of the first annual stockholders meeting following the fourth anniversary of the date on which a non-employee board member joined our board and

7

following each four-year period of board service thereafter, he or she will receive an option for 20,000 shares of common stock, provided he or she will continue to serve as a non-employee board member. In addition, on the date of each Annual Meeting, each individual who is to continue to serve as a non-employee board member will automatically be granted an option to purchase 4,000 shares of common stock, provided he or she has served as a non-employee board member for at least six months. There will be no limit on the number of 4,000-share option grants any one eligible non-employee board member may receive over his or her period of continued board service.

Stockholder approval of this Proposal will also constitute pre-approval of each option granted under the Automatic Option Grant Program after the date of the Annual Meeting and the subsequent exercise of that option in accordance with the terms of the program summarized below.

Edgar Filing: CONCERO INC - Form DEF 14A

Each automatic grant will have an exercise price per share equal to the fair market value per share of common stock on the grant date and will have a maximum term of 10 years, subject to earlier termination following the optionee's cessation of board service. Each automatic option will be immediately exercisable for all of the option shares; however, any unvested shares purchased under such option will be subject to our repurchase, at the exercise price paid per share, should the optionee cease board service prior to vesting in those shares. The shares subject to each initial 20,000-share automatic option grant and each subsequent 20,000-share automatic grant will vest in a series of four successive equal annual installments upon the optionee's completion of each year of board service over the four-year period measured from the grant date. The shares subject to each annual 4,000-share automatic grant will vest upon the optionee's completion of one-year of board service measured from the grant date. However, the shares subject to each outstanding automatic option grant will immediately vest in full upon certain changes in control or ownership of Concerco or upon the optionee's death or disability while a board member. Following the optionee's cessation of board service for any reason, each option will remain exercisable for a 12-month period and may be exercised during that time for any or all shares in which the optionee is vested at the time of such cessation of board service.

Director Fee Option Grant Program

Each non-employee board member has the right to apply all or a portion of his total retainer fee otherwise payable in cash each year (currently \$3,750 a calendar quarter) to the acquisition of a special option grant under the Director Fee Option Grant Program. The grant will automatically be made on the first trading day in January following the filing of the option-in-lieu-of-cash election and will have an exercise price per share equal to the fair market value of the option shares on the grant date. The number of option shares will be such that the value of the option (as determined by using the Black-Scholes option valuation model) will be equal to the amount of the retainer fee applied to the program.

Stockholder approval of this Proposal will constitute pre-approval of each option granted pursuant to the provisions of the Director Fee Option Grant Program after the date of the Annual Meeting and the subsequent exercise of that option in accordance with its terms.

The option will become exercisable for fifty percent (50%) of the option shares upon the optionee's completion of six months of board service during the calendar year of the option grant, and the balance of the option will become exercisable in a series of six successive equal monthly installments upon the optionee's completion of each additional month of board service during that calendar year. In the event the optionee ceases board service for any reason (other than death or permanent disability), the option will immediately terminate with respect to any unvested shares subject to the option at the time. However, the option will remain exercisable for the vested shares subject to the option until the earlier of (i) the expiration of the ten-year option term or (ii) the end of the three-year period measured from the date of the optionee's cessation of board service. Should the optionee's service as a board member cease by reason of death or permanent disability, then the option will immediately become exercisable for all the shares of common stock subject to the option and may be exercised for any or all of those shares until the earlier of (i) the expiration of the ten-year option term or (ii) the end of the three-year period measured from the date of the optionee's cessation of board service.

Limited Stock Appreciation Rights

Edgar Filing: CONCERO INC - Form DEF 14A

Each option granted under the Automatic Option Grant or Director Fee Option Grant Program will include a limited stock appreciation right. Upon the successful completion of a hostile tender offer for more than fifty percent (50%) of our outstanding voting securities or a change in a majority of the board as a result of one or more contested elections for board membership, each outstanding option under the Automatic Option Grant or Director Fee Option Grant Program may be surrendered to us in return for a cash distribution from us. The amount of the distribution per surrendered option share will be equal to the excess of (i) the fair market value per share at the time the option is surrendered or, if greater, the tender offer price paid per share in the hostile take-over over (ii) the exercise price payable per share under such option. In addition, the Plan Administrator may grant such rights to our officers, as part of their option grants under the Discretionary Option Grant Program.

Stockholder approval of this Proposal will also constitute pre-approval of each limited stock appreciation right granted under the Automatic Option Grant or Director Fee Option Grant Program and the subsequent exercise of that right in accordance with the foregoing terms.

General Provisions

Acceleration

In the event that we are acquired by merger or asset sale, each outstanding option under the Discretionary Option Grant Program that is not to be assumed or replaced by the successor corporation or otherwise continued in effect will automatically accelerate in full, and all unvested shares outstanding under the Discretionary Option Grant and Stock Issuance Programs will immediately vest, except to the extent our repurchase rights with respect to those shares are to be assigned to the successor corporation or otherwise continued in effect.

The Plan Administrator has authority under the Discretionary Option Grant Program to provide that those options will automatically vest in full (i) upon an acquisition of Concerco, whether or not those options are assumed or replaced, (ii) upon a hostile change in control of Concerco effected through a tender offer for more than 50% of our outstanding voting stock or by proxy contest for the election of board members, or (iii) in the event the individual's service is terminated, whether involuntarily or through a resignation for good reason, within a designated period (not to exceed 18 months) following an acquisition in which those options are assumed or replaced upon a hostile change in control. The vesting of outstanding shares under the Stock Issuance Program may be accelerated upon similar terms and conditions. The options granted under the Automatic Option Grant Program and the Director Fee Option Grant Program will automatically accelerate and become exercisable in full upon any acquisition or change in control transaction.

The acceleration of vesting in the event of a change in the ownership or control of Concerco may be seen as an anti-takeover provision and may have the effect of discouraging a merger proposal, a takeover attempt or other efforts to gain control of Concerco.

Financial Assistance

The Plan Administrator may institute a loan program to assist one or more participants in financing the exercise of outstanding options under the Discretionary Option Grant Program or the purchase of shares under the Stock Issuance Program through full-recourse interest-bearing promissory notes. However, the maximum amount of financing provided any participant may not exceed the cash consideration payable for the issued shares plus all

Edgar Filing: CONCERO INC - Form DEF 14A

applicable taxes incurred in connection with the acquisition of those shares.

Special Tax Election

The Plan Administrator may provide one or more holders of non-statutory options or unvested share issuances under the Plan with the right to have us withhold a portion of the shares otherwise issuable to such individuals in satisfaction of the withholding taxes to which such individuals become subject in connection with

9

the exercise of those options or the vesting of those shares. Alternatively, the Plan Administrator may allow such individuals to deliver previously acquired shares of common stock in payment of such withholding tax liability.

Amendment and Termination

The board may amend or modify the Plan at any time, subject to any required stockholder approval pursuant to applicable laws and regulations. Unless sooner terminated by the board, the Plan will terminate on the earliest of (i) October 1, 2006, (ii) the date on which all shares available for issuance under the Plan have been issued as fully-vested shares or (iii) the termination of all outstanding options in connection with certain changes in control or ownership of Concerco.

Stock Awards

The table below shows, as to our Chief Executive Officer, the four other most highly compensated executive officers of Concerco (with base salary and bonus for the past fiscal year in excess of \$100,000) and the other individuals and groups indicated, the number of shares of common stock subject to option grants made under the Plan from January 1, 2000 through March 30, 2001, together with the weighted average exercise price payable per share. We have not made any direct stock issuances to date under the Plan.

Federal Income Tax Consequences

Option Grants

Options granted under the Plan may be either incentive stock options which satisfy the requirements of Section 422 of the Internal Revenue Code or non-statutory options which are not intended to meet such requirements. The Federal income tax treatment for the two types of options differs as follows:

Incentive Options. No taxable income is recognized by the optionee at the time of the option grant, and no taxable income is generally recognized at the time the option is exercised. The optionee will, however, recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of a taxable disposition. For Federal tax purposes, dispositions are divided into two categories: (i) qualifying and (ii) disqualifying. A qualifying disposition occurs if the sale or other disposition is made after the optionee has held the shares for more than two (2) years after the option grant date and more than one (1) year after the exercise date. If either of these two holding periods is not satisfied, then a disqualifying disposition will result.

Non-Statutory Options. No taxable income is recognized by an optionee upon the grant of a non-statutory option. The optionee will in general recognize ordinary income, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and the optionee will be required to satisfy the tax withholding requirements applicable to such income.

If the shares acquired upon exercise of the non-statutory option are

Edgar Filing: CONCERO INC - Form DEF 14A

unvested and subject to repurchase by us in the event of the optionee's termination of service prior to vesting in those shares, then the optionee will not recognize any taxable income at the time of exercise but will have to report as ordinary income, as and when our repurchase right lapses, an amount equal to the excess of (i) the fair market value of the shares on the date the repurchase right lapses over (ii) the exercise price paid for the shares. The optionee may, however, elect under Section 83(b) of the Internal Revenue Code to include as ordinary income in the year of exercise of the option an amount equal to the excess of (i) the fair market value of the purchased shares on the exercise date over (ii) the exercise price paid for such shares. If the Section 83(b) election is made, the optionee will not recognize any additional income as and when the repurchase right lapses.

We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the optionee with respect to the exercised non-statutory option. The deduction will in general be allowed for the taxable year of Concerco in which such ordinary income is recognized by the optionee.

If the optionee makes a disqualifying disposition of the purchased shares, then we will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal to the excess of (i) the fair market value of such shares on the option exercise date over (ii) the exercise price paid for the shares. If the optionee makes a qualifying disposition, we will not be entitled to any income tax deduction.

Stock Appreciation Rights

No taxable income is recognized upon receipt of a stock appreciation right. The holder will recognize ordinary income, in the year in which the stock appreciation right is exercised, in an amount equal to the appreciation distribution. We will be entitled to an income tax deduction equal to the appreciation distribution in the taxable year in which such ordinary income is recognized by the optionee.

Direct Stock Issuances

The tax principles applicable to direct stock issuances under the Plan will be substantially the same as those summarized above for the exercise of non-statutory option grants.

11

Deductibility of Executive Compensation

We anticipate that any compensation deemed paid by us in connection with the disqualifying dispositions of incentive stock option shares or the exercise of non-statutory options with exercise prices equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation for purposes of Code Section 162(m) and will not have to be taken into account for purposes of the \$1 million limitation per covered individual on the deductibility of the compensation paid to certain of our executive officers. Accordingly, all compensation deemed paid with respect to those options will remain deductible by us without limitation under Code Section 162(m).

Accounting Treatment

Option grants under the Discretionary Option Grant and Automatic Option Grant Programs with exercise prices equal to the fair market value of the option shares on the grant date will not result in any direct charge to our reported earnings. However, the fair value of those options is required to be

Edgar Filing: CONCERO INC - Form DEF 14A

disclosed in the notes to our financial statements, and we must also disclose, in footnotes to our financial statements, the pro-forma impact those options would have upon our reported earnings were the fair value of those options at the time of grant treated as a compensation expense. In addition, the number of outstanding options may be a factor in determining our earnings per share on a fully-diluted basis.

Option grants or stock issuances made under the Plan with exercise or issue prices less than the fair market value of the shares on the grant or issue date will result in a direct compensation expense to us in an amount equal to the excess of such fair market value over the exercise or issue price. The expense must be amortized against our earnings over the period that the option shares or issued shares are to vest.

On March 31, 2000, the Financial Accounting Standards board issued Interpretation No. 44, which is an interpretation of APB Opinion No. 25 governing the accounting principles applicable to equity incentive plans. Under the Interpretation, option grants made to consultants (but not non-employee board members) after December 15, 1998 will result in a direct charge to our reported earnings based upon the fair value of the option measured initially as of the grant date and then subsequently on the vesting date of each installment of the underlying option shares. Such charge will accordingly include the appreciation in the value of the option shares over the period between the grant date of the option (or, if later, the July 1, 2000 effective date of the Interpretation) and the vesting date of each installment of the option shares. In addition, if the proposed interpretation is adopted, any options which are repriced after December 15, 1998 will also trigger a direct charge to our earnings measured by the appreciation in the value of the underlying shares over the period between the grant date of the option (or, if later, the July 1, 2000 effective date of the Interpretation) and the date the option is exercised for those shares.

Should one or more individuals be granted tandem stock appreciation rights under the Plan, then such rights would result in a compensation expense to be charged against our reported earnings. Accordingly, at the end of each fiscal quarter, the amount (if any) by which the fair market value of the shares of common stock subject to such outstanding stock appreciation rights has increased from the prior quarter-end would be accrued as compensation expense, to the extent such fair market value is in excess of the aggregate exercise price in effect for those rights.

New Plan Benefits

Upon stockholder approval of this Proposal, on the date of the Annual Meeting, Messrs. Saadi, Ateyeh, Herring, King, Kurtzman and Maples will each receive an option grant for 20,000 shares and for 4,000 shares, each at an exercise price equal to the fair market value per share of the common stock on that date.

Stockholder Approval

The affirmative vote of at least a majority of the outstanding shares of common stock present in person or by proxy at the Annual Meeting and entitled to vote is required for approval of the amendment to the Plan.

Should such stockholder approval not be obtained, then the initial grants under the Automatic Option Grant Program will continue to be for 10,000 shares of common stock, and no subsequent 20,000-share automatic grant will be made in connection with the completion of each four-year period of board service.

Edgar Filing: CONCERO INC - Form DEF 14A

The Plan will continue in effect, and option grants and direct stock issuances may continue to be made under the Plan until all the shares available for issuance under the Plan has been issued pursuant to such option grants and direct stock issuances.

The board of directors deems this proposal to be in the best interests of Concerco and our stockholders and recommends a vote "FOR" approval of such proposal. Unless authority to do so is withheld, the person(s) named in each proxy will vote the shares represented thereby "FOR" the approval of the Amendment to the Amended and Restated 1996 Stock Option/Stock Issuance Plan.

PROPOSAL 3

Our board of directors appointed the firm of Ernst & Young LLP, as independent auditors for the year ended December 31, 2000 and has appointed Ernst & Young LLP to serve in the same capacity for the year ended December 31, 2001. The board is asking the stockholders to ratify this appointment.

In the event that the stockholders fail to ratify the appointment, the board of directors will reconsider its selection. Even if the selection is ratified, the board of directors, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if the board of directors believes that such change would be in Concerco's and the stockholders' best interests.

Fees billed to Company by Ernst & Young LLP during the year ended December 31, 2000

Audit Fees: During the year ended December 31, 2000, Ernst & Young LLP billed us \$131,640 for audit of our annual financial statements and for review of the financial statements included in our quarterly reports on Form 10-Q and other SEC filings.

Financial Information Systems Design and Implementation Fees: We did not engage Ernst & Young LLP to provide us with advice regarding financial information systems design and implementation during the year ended December 31, 2000.

All Other Fees: During the year ended December 31, 2000, for all Ernst & Young billed us \$101,721 other non-audit services rendered to us, including tax related service.

The Audit Committee, as stated in its Audit Committee Report included elsewhere in this proxy statement, has considered whether the provision of the services described in the preceding paragraphs is compatible with maintaining the independence of Ernst & Young LLP.

A representative of Ernst & Young is expected to be present at the annual meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

The affirmative vote of a majority of the outstanding shares represented and entitled to vote at the Annual Meeting is required to ratify the selection of Ernst & Young LLP.

The board of directors unanimously recommends that the stockholders vote "FOR" the ratification and approval of the selection of Ernst & Young LLP as our independent auditors.

- (1) The option will become exercisable in 4 successive equal annual installments upon the optionee's completion of each year of service measured from the grant date. The option will become exercisable on an accelerated bases upon a liquidation or dissolution of Concerco or a merger or consolidation in which there is a change in ownership of securities possessing more than 50% of the total combined voting power of Concerco's outstanding securities, unless the option is assumed by the surviving entity, and will become exercisable following such events upon termination of employment under certain circumstances. In addition, the compensation committee of the board of directors may accelerate the vesting of the option in the event (i) there is a change in the composition of the board of directors over a period of two years or less such that those individuals serving as directors at the beginning of the period cease to represent a majority of the board or (ii) change of ownership of securities possessing more than 50% of the total combined voting power of Concerco's outstanding securities to a hostile tender offer.
- (2) The compensation committee has the authority to effect the cancellation of the options and to grant, in substitution thereof, new options covering

Edgar Filing: CONCERO INC - Form DEF 14A

the same or a different number of shares of common stock but with an exercise price based upon the fair market value of the option shares on the new grant date.

- (3) Based on an aggregate of 1,638,385 options granted to employees in 2000, including options granted to the Named Executive Officers.
- (4) The exercise price may be paid in cash or in shares of common stock valued at fair market value on the exercise date. Alternately, the option may be exercised through a cashless exercise procedure pursuant to which the optionee provides irrevocable instructions to a brokerage firm to sell the purchased shares and to remit to Concero, out of the sales proceeds, an amount equal to the exercise price plus all applicable withholding taxes. The compensation committee may also assist an optionee in the exercise of an option by authorizing a loan from Concero in a principal amount not to exceed the aggregate exercise price plus any tax liability incurred in connection with the exercise.
- (5) Amounts represent hypothetical gains that could be achieved for the respective options at the end of the 10-year option term. The assumed 5% and 10% rates of stock appreciation are mandated by rules of the Securities and Exchange Commission and do not represent our estimate of the future market price of the common stock. These amounts do not take into account any other appreciation in the price of the common stock from the date of grant to the current date.

No options were exercised by the Named Executive Officers in 2000. The following table sets forth for each of the Named Executive Officers certain information concerning the value of unexercised options at the end of 2000:

 (1) Value is determined by subtracting the exercise price from the market value of our common stock at December 31, 2000 (\$3.00 per share based upon the closing price of our common stock on the Nasdaq National Market on such date) and multiplying by the number of shares underlying the options.

Employment Contracts and Change of Control Arrangements

We have entered into an employment agreement with Timothy D. Webb dated August 28, 1998. Pursuant to the agreement, we have agreed to pay Mr. Webb an annual base salary of \$325,000 with an annual increase of four percent and to provide customary fringe benefits. In addition, we issued to Mr. Webb options to purchase an aggregate of 500,000 shares of common stock at \$3.50 per share. The options vest over six (6) years with 100,000 vesting upon Mr. Webb's

Edgar Filing: CONCERO INC - Form DEF 14A

completion of six months of employment, an additional 100,000 vesting upon the completion of two years of employment, an additional 100,000 vesting upon the completion of three years of employment, 25,000 vesting upon the completion of four years of employment, 75,000 vesting upon the completion of five years of employment, and 100,000 vesting upon the completion of six years of service. The options shall be incentive stock options up to the permitted limitation as of the hire date. Accordingly, 199,997 options were classified as incentive stock options. The agreement terminates August 28, 2004.

We have entered into employment agreements with no defined termination dates with each of Messrs. Velasquez, Fernandez, Downey and Thatcher, dated January 25, 1999, January 18, 1999, December 3, 1999 and October 1996, respectively. Pursuant to these agreements, we have agreed to pay Messrs. Velasquez, Fernandez, Downey, and Thatcher annual base salaries of \$225,000, \$200,000, \$190,000 and \$150,000, respectively, and to provide customary fringe benefits.

The agreements contain provisions which, among others, prohibit the employee from disclosing or otherwise using certain confidential information, assign inventions or ideas conceived by the employee during his employment to us, prohibit solicitation by the employee of our clients and other employees and prohibit the employee from accepting any opportunity (whether by contract or full-time employment) with our clients. Pursuant to the terms of the agreements, either party may terminate the employment relationship without cause upon two weeks' prior written notice to the other party. We may terminate the employment relationship in our sole discretion without cause, effective immediately, upon payment of two weeks' salary to the employee or immediately for cause upon written notice.

We have entered into written agreements with our officers whereby in the event of the officer's involuntary termination within 18 months following an acquisition of Concerco or change in control of Concerco either through a change of control of our Board of Directors or a tender offer made directly to our shareholders, any unvested options assumed or replaced in connection with the acquisition or otherwise outstanding will automatically accelerate so that the option shall become immediately exercisable.

19

The compensation committee as Plan Administrator of the 1996 Plan has the authority to provide for the accelerated vesting of outstanding options held by the Chief Executive Officer and any other executive officer or the shares of common stock subject to direct issuances held by such individual, in connection with certain changes in control of Concerco or the subsequent termination of the officer's employment following the change in control event.

Key-Person Life Insurance

We do not maintain key-person life insurance policies on the lives of any of our executive officers.

Compensation Committee Interlocks and Insider Participation

Executive compensation decisions are made by the compensation committee of the board of directors, which consists of Messrs. Saadi, Ateyeh and King. None of these individuals was an officer or employee of Concerco at any time during the 2000 fiscal year or at any other time. During 2000, no current executive officer of Concerco served as a member of the board of directors or compensation committee of any other entity that has or has had one or more executive officers serving as a member of our board of directors or compensation committee.

Compensation Committee Report on Executive Compensation

It is the duty of the compensation committee to review and determine the salaries and incentive compensation of our officers, including the President and Chief Executive Officer, and provide recommendations for the salaries and incentive compensation of our other employees and consultants. The Compensation Committee also administers various incentive compensation, stock and benefit plans.

The compensation committee believes that the compensation programs for our executive officers should reflect our performance and the value created for our stockholders. In addition, the compensation programs should support our short-term and long-term strategic goals and values and should reward individual contribution to our success. The market for system integration and software development services is very competitive, and our success depends upon its ability to attract and retain qualified executives through the competitive compensation packages it offers to such individuals.

General Compensation Policy. The compensation committee's policy is to provide our executive officers with compensation opportunities which are based upon their personal performance, our financial performance and their contribution to that performance and which are competitive enough to attract and retain highly skilled individuals. Each executive officer's compensation package is comprised of three elements: (1) base salary that is competitive with the market and reflects individual performance, (2) annual variable performance awards payable in cash or stock options and tied to our achievement of annual financial performance goals and (3) long-term stock based incentive awards designed to strengthen the mutuality of interests between the executive officers and our stockholders. As an officer's level of responsibility increases, a greater proportion of his or her total compensation will be dependent upon our financial performance and stock price appreciation rather than base salary.

Compensation decisions were made by the compensation committee. The principal factors that were taken into account in establishing each executive officer's compensation package for 2000 are described below. However, the compensation committee may in its discretion apply entirely different factors, such as different measures of financial performance, for future fiscal years.

Base Salary. The base salary for each officer reflects the salary levels for comparable positions in similar companies, such as systems integrators and software companies, as well as the individual's personal performance and internal alignment considerations. The relative weight given to each factor varies with each individual in the sole discretion of the compensation committee. Each executive officer's base salary is subject to minimums set forth in their respective employment agreements and is adjusted each year on the basis of (1) the compensation

20

committee's evaluation of the officer's personal performance for the year and (2) the competitive marketplace for persons in comparable positions. Our performance and profitability may also be a factor in determining the base salaries of executive officers.

Annual Incentives. We maintain a cash incentive to reward executive officers and other key employees for attaining defined performance targets. For most executive officers and other key employees, bonuses are based primarily on company-wide performance targets. For some management personnel, company-wide performance is a factor, however significant weight is also given

Edgar Filing: CONCERO INC - Form DEF 14A

to individual performance and performance of an operating group. Upon achievement of a performance target, an employee is entitled to a cash payment.

In setting performance targets, we considered our historical performance and underlying business model, and external as well as internal expectations related to 2000 revenue and operating profits. The financial factors were derived directly from the our 2000 operating plan.

Long Term Incentives. Generally, stock option grants for our executive officers are reviewed twice annually by the compensation committee. Each grant is designed to maintain a significant unvested position to provide incentives to create stockholder value and allows the officer to acquire shares of our common stock at a fixed price per share (the fair value on the grant date) over a specified period of time (up to ten years). Options are immediately exercisable, but option shares that are purchased subject to vesting restrictions are repurchasable by us at the exercise price if the officer's employment is terminated prior to the vesting date.

The size of the option grant to each executive officer, including the Chief Executive Officer, is set by the compensation committee at a level that is intended to create a meaningful opportunity for stock ownership based upon the individual's current position with us, the individual's personal performance in recent periods and his or her potential for future responsibility and promotion over the option term. The relevant weight given to each of these factors varies from individual to individual. The compensation committee has established certain guidelines with respect to the option grants made to the executive officers, but has the flexibility to make adjustments to those guidelines at its discretion.

CEO Compensation. The total compensation payable to Mr. Webb, our President and Chief Executive Officer, for 2000 and continuing until August 27, 2004, is governed by the terms of his employment agreement dated August 28, 1998. The agreement provides for an annual base salary of \$325,000 with an annual increase equal to four percent.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers, to the extent that such compensation exceeds \$1 million per covered officer in any fiscal year. The limitation applies only to the compensation which is not considered to be performance-based. Non-performance based compensation paid to our executive officers for 2000 did not exceed the \$1 million limit per officer, and the compensation committee does not anticipate that the non-performance based compensation to be paid to our executive officers for 2001 will exceed that limit. Our 1996 Stock Option/Stock Issuance Plan has been structured so that any compensation deemed paid in connection with the exercise of option grants made under the plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation, which will not be subject to the \$1 million limitation. Because it is unlikely that the cash compensation payable to any of our executive officers in the foreseeable future will approach the \$1 million limit, the compensation committee has decided at this time not to take any action to limit or restructure the elements of cash compensation payable to our executive officers. The compensation committee will reconsider this decision should the individual cash compensation of any executive officer ever approach the \$1 million level.

Edgar Filing: CONCERO INC - Form DEF 14A

compensation policies and plans provide the necessary total remuneration program to properly align our performance and the interests of our stockholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long-term.

Audit Committee Report

The following is the report of the audit committee with respect to our audited financial statements for the year ended December 31, 2000, included in our Annual Report on Form 10-K for that year. The audit committee has reviewed and discussed these audited financial statements with management of Concerco. The audit committee has discussed with Concerco's independent auditors, Ernst & Young LLP, the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU Section 380) as amended, which includes, among other items, matters related to the conduct of the audit of the financial statements. The audit committee has received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1 ("Independence Discussions with Audit Committees") as amended, and has discussed with Ernst & Young LLP the independence of Ernst & Young LLP from Concerco. The audit committee has also considered whether the provision of services by Ernst & Young LLP to Concerco as described under the caption "Proposal to Ratify Independent Accountants" is compatible with maintaining the independence of Ernst & Young LLP.

Based on the review and discussions referred to above in this report, the audit committee recommended to the board of directors that the audited financial statements be included in Concerco's Annual Report on Form 10-K for the year ended December 31, 2000 for filing with the Securities and Exchange Commission.
