**Item 1.02 Termination of a Material Definitive Agreement.**

On February 22, 2010, Macatawa Bank Corporation's wholly-owned subsidiary, Macatawa Bank (the "Bank"), entered into a Consent Order with the Federal Deposit Insurance Corporation ("FDIC") and the Michigan Office of Financial and Insurance Regulation ("OFIR"), the primary banking regulators of the Bank. The Bank agreed to the terms of the negotiated Consent Order without admitting or denying any charges of unsafe or unsound banking practices. The Consent Order imposed no fines or penalties on the Bank.

In response to the Consent Order and other factors, our Board of Directors implemented additional corporate governance practices and disciplined business and banking principles, including more conservative lending principles. The focus of our management team turned from growth to executing these disciplined business and banking procedures and policies designed to limit future losses, preserve capital and improve operational efficiencies. In addition, the Board of Directors added experienced members to provide further oversight and guidance. These and other efforts were reflected in our results of operations for 2011 and 2010 with lower levels of charge-offs and provision for loan losses, reductions in operating expenses and reduction in balance sheet totals resulting in improvement in our regulatory capital and liquidity ratios. We successfully completed our shareholder rights offering and public offering of common stock in June 2011 resulting in net proceeds of \$20.3 million and contributed \$10.0 million of the proceeds from the stock offering to the Bank retaining the remaining \$10.3 million at the holding company. As of December 31, 2011, the Company's and the Bank's regulatory capital ratios were the highest they have been since December 31, 1999.

As a result of the improvement in our financial condition and results of operations, our implementation of additional corporate governance practices and disciplined business and banking principles, and our compliance with the Consent Order, upon completion of the Bank's 2011 joint examination by the FDIC and OFIR, the FDIC and OFIR terminated the Consent Order effective March 2, 2012.

As of December 31, 2011, the Bank was categorized as "adequately capitalized" as a result of being subject to the Consent Order. However, had the Consent Order been terminated as of December 31, 2011, the Bank would have been categorized as "well capitalized."
