CGI RAISES CREDIT FACILITY TO \$1.5 BILLION

Montreal, Quebec, August 13, 2007 - CGI Group Inc. (TSX: GIB.A; NYSE: GIB) announced today that it has successfully increased its credit facility to \$1.5 billion from the current \$1.0 billion level. The expanded facility also includes an accordion feature of \$250 million, bringing the facility's potential capacity to \$1.75 billion.

The facility is in the form of a five-year revolver and can be extended annually. The bank syndicate comprises 20 financial institutions located in Canada, the United States, Europe and Asia.

"I'm pleased that this global network of banks continues to demonstrate such a high degree of confidence in our ability to execute our build and buy strategy," said Michael E. Roach, President and Chief Executive Officer. "We were more than able to raise the desired amount of financing, in fact the offering was oversubscribed. This is a significant achievement given the recent volatility of the markets."

The bank syndicate expanded from 17 to 20 financial institutions, and is being led by National Bank of Canada, JPMorgan Chase Bank, N.A. and Caisse centrale Desjardins. The other participants include: Canadian Imperial Bank of Commerce, The Toronto-Dominion Bank, Bank of America, N.A., Caisse de dépôt et placement du Québec, KeyBank National Association, Bank of Montreal, Royal Bank of Canada, ABN AMRO Bank N.V., Wachovia Bank, National Association, United Overseas Bank Limited, Citibank N.A., Bank of Tokyo-Mitsubishi UFJ (Canada), Société Générale, Sumitomo Mitsui Banking Corporation of Canada, Comerica Bank, BNP Paribas and Deutsche Bank AG.

"Our ability to negotiate a larger credit facility on more favorable terms and conditions, and with such a large array of partners globally, demonstrates both the international reach of CGI and the confidence that the market has in our plans for profitable growth. This new credit facility will allow us to accelerate organic growth, generating large outsourcing and systems integration contracts, while continuing to look at acquisitions that meet our criteria of being accretive in the first year," concluded Roach.
