SUMMARY TERM SHEET

Obsidian Enterprises, Inc. is offering to exchange two of our shares of common stock for each outstanding share of common stock (including associated preferred stock purchase rights) of Net Perceptions, Inc. on the terms and subject to the conditions in this Offer to Exchange and the related Letter of Transmittal. The following are some questions you, as a Net Perceptions stockholder, may have and the answers to those questions. You should carefully read this Offer to Exchange and the accompanying Letter of Transmittal in their

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

entirety because the information in this summary term sheet is not complete and additional important information is contained in the remainder of this Offer to Exchange and the Letter of Transmittal.

Who is offering to exchange my Net Perceptions common stock?

We are a holding company headquartered in Indianapolis, Indiana, and have historically invested in and acquired small and midcap companies in basic industries such as manufacturing and transportation. See "Summary - Information about Obsidian Enterprises" on page 6 and "Summary - Information about Net Perceptions" on page 7.

What are you proposing?

We are proposing to acquire voting control of, and ultimately the entire equity interest in, Net Perceptions by offering to exchange all of the outstanding shares of common stock, par value \$0.0001 per share, and the associated preferred stock purchase rights, of Net Perceptions, Inc., for shares of our common stock. We intend to then have Net Perceptions merge with a wholly-owned subsidiary of ours as soon as possible after the completion of the exchange offer. The purpose of the proposed merger would be to acquire all of the shares of Net Perceptions common stock not exchanged in the exchange offer.

What would I receive in exchange for my Net Perceptions shares?

A 1 for 50 reverse stock split of our common stock is effective for shareholders of record at February 16, 2004, which is before the expiration date of this offer.

Under the terms of the exchange offer, you would receive two shares of our common stock (1/25 of a share after the reverse stock split) in exchange for each share of Net Perceptions common stock you tender. See "The Exchange Offer--Consideration to be Paid" on page 31.

Are the shares of Obsidian Enterprises publicly traded?

Our shares are traded on the Over the Counter Bulletin Board. Following the exchange we intend to apply for inclusion on the NASDAQ SmallCap Market and believe that we will satisfy the requirements for inclusion.

Is Obsidian Enterprises's financial condition relevant to my decision to tender shares in the offer?

Yes. If you tender your shares of Net Perceptions common stock, and we accept your tender, you will receive shares of our common stock. You should consider our financial condition before you decide to become one of our shareholders through the exchange offer. In considering our financial condition, you should review the information contained in this prospectus and the documents incorporated by reference in this prospectus, because they contain detailed business, financial and other information about us. See "Where Can I Find More Information" on page 58.

How long will it take to complete the exchange offer and the proposed merger?

We hope to complete the exchange offer and the proposed merger in the first quarter of calendar 2004, or as soon thereafter as possible. The proposed merger must be proposed by the board of directors of Net Perceptions. We expect to complete the proposed merger shortly after we complete the exchange offer if we acquire 90% or more of the outstanding shares of Net Perceptions common stock in the exchange offer. If less than 90% of the shares of Net Perceptions common stock are tendered in the exchange offer, then the proposed merger will require approval of Net Perceptions's shareholders. In that case, we would complete the

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

proposed merger shortly after a special meeting of Net Perceptions's shareholders is held to approve the proposed merger.

What are the most significant conditions to the completion of the exchange offer?

Our offer is subject to several material conditions, which must be satisfied or waived for us to complete the exchange offer. The most significant of these conditions are:

- o there being validly tendered and not withdrawn before the expiration of the offer a number of shares, which, together with the shares then owned by us, represents at least 51% of the total number of shares outstanding on a fully diluted basis (the "Minimum Tender Condition"),
- o Net Perceptions's board of directors taking action which would cause the associated preferred stock purchase rights to be inapplicable to the offer and the proposed merger or our being satisfied, in our reasonable discretion, that the rights have been invalidated or are otherwise inapplicable to the offer and the proposed merger of Net Perceptions and us (or one of our subsidiaries) as described in this prospectus (the "Rights Condition"); and
- o our being satisfied, in our reasonable discretion, that Section 203 of the Delaware General Corporation Law is inapplicable to the merger of Net Perceptions, Inc. and us (or one of our subsidiaries) as described in this prospectus (the "Section 203 Condition").

See "The Exchange Offer--Conditions to the Exchange Offer" beginning on page 42.

How long do I have to decide whether to tender my shares?

You have until the expiration date of the offer to tender. The offer is currently scheduled to expire on February 20, 2004, at 5:00 p.m., New York City time. We have the option to extend the offer and we currently expect that we would extend offer until the principal conditions to the offer, described above, are satisfied. See "The Exchange Offer--Timing of the Exchange Offer" beginning on page 31.

We may elect to provide a "subsequent offering period" for the offer. A subsequent offering period, if one is included, will be an additional period of time beginning after we have acquired shares tendered during the offer during which stockholders may tender their shares and receive the offer consideration. During a subsequent offering period, you may not withdraw any shares you tender and you will receive the offer consideration immediately upon tender of your shares.

Will I be notified if the offer is extended?

Yes. If we decide to extend or are required to extend the exchange offer, we will inform the exchange agent of that fact and we will make a public announcement of the results of the exchange offer and announce the new expiration date, no later than 9:00 a.m., New York City time, on the next business day after the day on which the offer was previously scheduled to expire. See "The Exchange Offer--Extension, Termination and Amendment" beginning on page 31.

How do I tender my shares in the exchange offer?

To tender your shares, you should do one of the following:

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

- o If you hold shares of Net Perceptions common stock in your own name, complete and sign the letter of transmittal and return it with your physical share certificates to StockTrans, Inc., the exchange agent for the exchange offer, at the appropriate address specified on the back cover page of this prospectus before the expiration date of the exchange offer.
- o If you hold your shares in "street name" through a broker, instruct your broker to tender your shares before the expiration date.
- o If your Net Perceptions share certificates are not immediately available or if you cannot deliver your Net Perceptions share certificates and other documents to the exchange agent prior to the expiration of the exchange offer, or you cannot complete the procedure for delivery by book-entry transfer on a timely basis, you may still tender your shares of Net Perceptions common stock if you comply with the guaranteed delivery procedures described under "The Exchange Offer--Procedure for Tendering" beginning on page 33.

Will I have to pay any fees or commissions?

Perhaps. If you are the record owner of your shares of Net Perceptions common stock and you tender your shares of Net Perceptions common stock directly to the exchange agent, you will not have to pay brokerage fees or incur similar expenses. If you own your shares through a broker or other nominee, and your broker tenders the shares on your behalf, your broker may charge you a fee for doing so. You should consult with your broker or nominee to determine whether any charges will apply to you.

How long do I have to withdraw my previously tendered shares?

You may withdraw previously tendered shares of Net Perceptions common stock any time prior to the expiration of the exchange offer, and, following the expiration, you may withdraw any tendered shares at any time until we accept such shares for payment. Once we have accepted shares for exchange pursuant to the offer, all tenders become irrevocable. See "The Exchange Offer--Withdrawal Rights" on page 33.

How do I withdraw my previously tendered shares?

To withdraw your previously tendered shares of Net Perceptions common stock, you must deliver a written or facsimile notice of withdrawal with the required information to the exchange agent while you still have the right to withdraw. If you tendered shares by giving instructions to a broker or bank, you must instruct the broker or bank to arrange for the withdrawal of your shares.

Will the offer be followed by a merger if all the Net Perceptions shares are not tendered in the offer?

If we accept for exchange and exchange at least 51% of the outstanding shares of Net Perceptions on a fully diluted basis, we expect to merge Net Perceptions with a wholly owned subsidiary. If that merger takes place, we will own all of the shares and all remaining stockholders (other than us and stockholders properly exercising their appraisal rights) will receive the stock consideration paid in the offer. See "The Exchange Offer-Dissenters's Appraisal Rights" on page 40.

Will Net Perceptions common stock continue to be publicly traded after the exchange offer and the proposed merger?

Probably not. Thus, if you decide not to tender your shares of Net Perceptions, your shares of Net Perceptions will not be publicly traded. If the

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

proposed merger occurs, Net Perceptions will no longer be publicly owned and its common stock will no longer be publicly traded.

Even if the proposed merger does not occur, Net Perceptions may not continue to be publicly traded. The minimum bid price for shares of Net Perceptions has been less than \$1 since its \$1.50 per share distribution to shareholders as of September 3, 2003. As a result, Net Perceptions is unlikely to meet the requirements for continued inclusion on Nasdaq. While the shares of Net Perceptions might trade in the over the counter markets if they are no longer traded on Nasdaq, if we purchase a large portion of the outstanding shares of Net Perceptions common stock in the exchange offer, there may be so few remaining Net Perceptions stockholders that Net Perceptions may cease making filings with the Securities and Exchange Commission or cease being required to comply with the SEC rules relating to publicly held companies. As a result, there may not be a public trading market for shares of Net Perceptions common stock.

Further, Net Perceptions has also disclosed in its public filings that if its stockholders approve and adopt the proposed Plan of Liquidation, it expects to terminate registration of its common stock under the Securities Act of 1934, which will substantially reduce publicly available information about Net Perceptions.

If I decide not to tender, how will the offer affect my shares?

If you decide not to tender your shares of Net Perceptions, your shares may be affected by the offer. If the offer is successful, we expect to conclude a merger transaction in which all shares of Net Perceptions will be exchanged for the same stock consideration paid in the offer. If the proposed second-step merger takes place, stockholders who do not tender in the offer (other than those properly exercising their appraisal rights) will receive the same stock consideration that they would have received had they tendered their shares in the offer. Therefore, if such merger takes place, the only difference between tendering and not tendering shares in the offer is that tendering stockholders will receive their shares of our common stock earlier. If, however, the merger does not take place and the offer is consummated, the number of stockholders and of shares that are still in the hands of the public may be so small that there will no longer be an active or liquid public trading market (or, possibly, any public trading market) for shares held by stockholders other than us, which may affect the prices at which shares trade. Also, as described above, Net Perceptions may cease making filings with the Securities and Exchange Commission or being required to comply with the SEC rules relating to publicly held companies. See "The Exchange Offer - Effect of the Exchange Offer on the Market for Net Perceptions Shares; Registration Under the Exchange Act" on page 39.

What is the market value of my shares as of a recent date?

On November 12, 2003, the last full trading day before the announcement of our intention to commence the offer, the last reported sales price of Net Perceptions common stock reported on the Nasdaq National Market was \$0.36 per share. On December 12, 2003, the last full trading day before the date of this prospectus, the last reported sales price of Net Perceptions common stock reported on the Nasdaq National Market was \$0.39 per share. Please obtain a recent quotation for your shares before deciding whether to tender.

What are the federal income tax consequences of participating in the offer?

In general, your exchange of shares pursuant to the offer, more likely than not, will be a taxable transaction for U.S. federal income tax purposes and may also be a taxable transaction under applicable state, local or foreign income or other tax laws. You should consult your tax advisor about the tax consequences to you of participating in the offer in light of your particular circumstances.

TO THE STOCKHOLDERS OF NET PERCEPTIONS, INC.:

SUMMARY

This summary provides an overview of the key aspects of the exchange offer. This summary is not complete and does not contain all of the information you should consider before tendering your shares of common stock. You should carefully read all of the information contained or incorporated by reference in this prospectus, including the information set forth in the "Risk Factors" section and our financial statements and related notes.

THE EXCHANGE OFFER (PAGE 30).

Under the terms of the exchange offer, we are offering to exchange two shares (on a pre-reverse split basis) of newly issued common stock, par value \$0.0001 per share, of Obsidian Enterprises, Inc. for each issued and outstanding share of common stock, par value \$0.0001 per share, of Net Perceptions, Inc. (the "Net Perceptions common stock"). The 1 for 50 reverse stock split of our common stock will change the exchange ratio to 1/25 of a share for each share of Net Perceptions common stock. As used in this prospectus, "Net Perceptions common stock" includes the associated preferred stock purchase rights issued pursuant to Net Perceptions's Rights Agreement, dated as of June 1, 2001, between Net Perceptions and Well Fargo Bank Minnesota, N.A. as rights agent (the "Rights Agreement").

You will not receive any fractional share of our common stock in the exchange offer. Instead, you will receive cash in an amount equal to the value of the fractional share of our common stock that you would otherwise have been entitled to receive.

SUBSEQUENT MERGER.

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

Promptly after we complete the exchange offer, we intend to seek to have Net Perceptions complete a merger with a wholly owned subsidiary of ours (the "proposed merger"). We refer to the exchange offer, together with the proposed merger, as the Net Perceptions acquisition. In the proposed merger, each share of Net Perceptions common stock that has not been exchanged in the exchange offer (except for treasury shares of Net Perceptions and shares we beneficially own directly or indirectly for our own account (except shares we hold in a fiduciary capacity)) would be converted into the right to receive the same acquisition consideration as offered in the exchange offer, subject to dissenters' appraisal rights under Delaware law. See "The Exchange Offer--Dissenters' Appraisal Rights" on page 40. Upon completion of the Net Perceptions acquisition, based on the receipt by Net Perceptions shareholders of the total stock consideration, the former Net Perceptions shareholders will own a maximum of 29% of the then outstanding shares of our common stock. See "Purpose of the Exchange Offer; The Proposed Merger"

YOUR RECEIPT OF OUR COMMON STOCK IN EXCHANGE FOR NET PERCEPTIONS COMMON STOCK PURSUANT TO THIS EXCHANGE OFFER MAY BE A TAXABLE TRANSACTION TO YOU (PAGE 37).

In the opinion of our counsel, Barnes & Thornburg, the exchange of shares of Net Perceptions common stock for shares of our common stock pursuant to the exchange offer and the proposed merger (1) will be treated for federal income tax purposes as component parts of an integrated transaction pursuant to a plan, but that (2) the integrated transaction will nevertheless, more likely than not, fail to qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended. Consequently, holders of shares of Net Perceptions common stock generally will recognize gain or loss for United States federal income tax purposes on the exchange of their shares of Net Perceptions common stock for our common stock in the exchange offer and the proposed merger. The gain or loss you may have to recognize generally will be measured by the difference between the cash and the fair market value of our common stock received in the exchange offer and the proposed merger, compared with the exchanging Net Perceptions shareholder's tax basis for the shares of Net Perceptions common stock surrendered in the exchange offer and proposed merger.

OUR OBLIGATION TO COMPLETE THE EXCHANGE OFFER IS SUBJECT TO A NUMBER OF CONDITIONS (PAGE 42).

Our obligation to exchange shares of our common stock for Net Perceptions common stock pursuant to this exchange offer is subject to the following material conditions, any of which we may waive:

- o Tender of more than 51% of the shares of Net Perceptions common stock. Shareholders of Net Perceptions common stock must have tendered enough shares so that, after the completion of the exchange offer, we own a number of shares of Net Perceptions common stock which constitutes at least 51% of the total outstanding shares of Net Perceptions common stock on a fully diluted basis, as though all options or other securities convertible into or exercisable or exchangeable for shares of Net Perceptions common stock had been converted, exercised or exchanged.
- o Rights Inapplicable. The board of directors of Net Perceptions shall have taken action which would cause the rights issued under the Net Perceptions Right Agreement to be inapplicable to the offer and the proposed merger, or the Net Perceptions Rights Agreement shall have been found inapplicable or illegal so the associated preferred stock purchase rights would not be triggered by the exchange offer and the proposed merger.

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

- o Section 203 Inapplicable. We are satisfied, in our reasonable discretion, that Section 203 of the Delaware General Corporation Law is inapplicable to the merger of Net Perceptions, Inc. and one of our subsidiaries as described in this prospectus.

The exchange offer is also subject to other terms and conditions, including that the registration statement filed with the Securities and Exchange Commission relating to the securities to be issued in the exchange offer, shall have become effective. These conditions and the other conditions to the exchange offer are discussed under "The Exchange Offer--Conditions to the Exchange Offer" in this prospectus.

INFORMATION ABOUT OBSIDIAN ENTERPRISES.

Obsidian Enterprises, Inc.
111 Monument Circle, Suite 4800
Indianapolis, Indiana 46204
(317) 237-4122

We are a holding company headquartered in Indianapolis, Indiana, and have historically invested in and acquired small and mid cap companies in basic industries such as manufacturing and transportation. We conduct business through our subsidiaries:

- o Pyramid Coach, Inc., a Tennessee corporation, and Obsidian Leasing, Inc., a Mississippi corporation (collectively "Pyramid"), providers of corporate and celebrity entertainer coach leases;
- o U.S. Rubber Reclaiming, Inc., an Indiana corporation ("U.S. Rubber"), a butyl-rubber reclaiming operation;
- o United Expressline, Inc., an Indiana corporation, operating as United Expressline and Southwest Trailers, a manufacturer of steel-framed cargo, racing ATV and specialty trailers; and
- o Danzer Industries, Inc., a Maryland corporation ("Danzer"), a manufacturer of service and utility truck bodies and accessories and steel-framed cargo trailers.

A change in control and reorganization of Obsidian Enterprises occurred on June 21, 2001. On that date, Timothy S. Durham was elected as our Chief Executive Officer and Chairman of the Board, and we acquired from Obsidian Capital Partners, L.P. ("Obsidian Capital"), Mr. Durham and certain other shareholders all of the shares of the following companies: Pyramid; Champion Trailer, Inc., an Indiana corporation ("Champion"), which we sold in January 2003; and U.S. Rubber. On July 31, 2001, we acquired from Obsidian Capital and Mr. Durham substantially all of the assets of United Acquisition, Inc., an Indiana corporation ("United Acquisition"), which we now operate as United Expressline, Inc. We made all of the acquisitions in exchange for shares of our Series C Preferred Stock ("Series C Preferred Stock") and pursuant to an Acquisition Agreement and Plan of Reorganization by and among us, Danzer, Pyramid, Champion, United Acquisition, U.S. Rubber, Obsidian Capital, Timothy S. Durham and other related parties, dated as of June 21, 2001. Prior to the reorganization, we had engaged, through our wholly owned subsidiary, Danzer, in the fabrication of metal parts and truck bodies for the service and utility markets.

In October 2001, we changed our jurisdiction of incorporation from New York to Delaware and we changed our name from Danzer Corporation to Obsidian Enterprises, Inc. We were originally incorporated in New York in 1987 under the

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

name Affiliated National, Inc. and subsequently changed our name to Global Environmental Corp. and then to Danzer Corporation. See "Where Can I Find More Information?" in this prospectus.

INFORMATION ABOUT NET PERCEPTIONS, INC.

We derived the following information from the publicly available documents of Net Perceptions Inc., a Delaware corporation ("Net Perceptions").

Net Perceptions, Inc.
7700 France Avenue South
Edina, Minnesota 55435
(952) 842-5000

Net Perceptions was incorporated in Delaware in July 1996, and its initial product was shipped in January 1997. Net Perceptions developed and marketed software products to customers in the retail industry to enable those customers to integrate and analyze information about their customers, products and transaction activity to generate specific actions to take to improve their marketing, selling and merchandising effectiveness.

Net Perceptions has sustained losses on a quarterly and annual basis since inception. As of September 30, 2003, Net Perceptions had an accumulated deficit of \$221 million. Its net loss was \$1.7 million in the third quarter of 2003. These losses resulted from significant costs incurred in the development and marketing of its products and services as well as a decline in its revenues since the third quarter of 2000.

On October 21, 2003, Net Perceptions announced that its board of directors had unanimously approved a plan of liquidation (the "Plan of Liquidation"), which Net Perceptions intended to submit to its stockholders for approval and adoption at a special meeting of stockholders to be held as soon as reasonably practicable. Net Perceptions filed a preliminary proxy statement relating to the Plan of Liquidation on Schedule 14A with the Securities and Exchange Commission on November 4, 2003. The key features of the Plan of Liquidation are (i) filing a Certificate of Dissolution with the Secretary of State of Delaware and thereafter remaining in existence as a non-operating entity for three years; (ii) winding up its affairs, including selling its remaining non-cash assets, and taking such action as may be necessary to preserve the value of its assets and distributing its assets in accordance with the Plan of Liquidation; (iii) paying its creditors; (iv) terminating any of its remaining commercial agreements, relationships or outstanding obligations; (v) resolving its outstanding litigation; (vi) establishing a contingency reserve for payment of its expenses and liabilities; and (vii) preparing to make distributions to its stockholders. Although its board of directors has adopted the Plan of Liquidation and has recommended its approval and adoption by its stockholders, Net Perceptions stated that its board would continue to consider and evaluate, consistent with its efforts to maximize stockholder value, viable alternative transaction proposals which it may receive and which it determines are reasonably likely to achieve higher returns to stockholders than liquidation and dissolution in accordance with the Plan of Liquidation, including proposals for the acquisition of the entire company or all or substantially all of its assets.

Net Perceptions continues to service its existing customers and may continue to derive a declining level of revenues from software licenses, software maintenance and professional services relating to existing customers. However, Net Perceptions is no longer actively marketing its products and has not retained any employees to do so. Net Perceptions expects that the size of its customer base will decline and Net Perceptions does not expect that future product or service revenues, if any, will be significant. Net Perceptions anticipates that its operating expenses will continue to decline in 2003, but

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

will continue to constitute a material use of its cash resources. Net Perceptions expects to incur additional losses and continued negative cash flow for the foreseeable future. Net Perceptions does not expect to be profitable as an independent company. See "Where Can I Find More Information?" in this prospectus.

REASONS FOR THE EXCHANGE OFFER (PAGE 29).

We are proposing the exchange offer and the proposed merger because we believe that the exchange offer and the proposed merger will benefit our shareholders, including Net Perceptions shareholders who would become Obsidian Enterprises shareholders by means of the Net Perceptions acquisition. The exchange offer will expand our shareholder base and increase our stockholders' equity. The proposed merger will further expand our shareholder base and further increase our stockholders' equity and will also provide us with cash for our operations and additional possible acquisitions. Our board of directors' reasons for recommending the exchange offer and the proposed merger are set forth in "Reasons for the Exchange Offer" in this prospectus.

OUR PLANS FOR NET PERCEPTIONS (PAGE 30).

We have not determined whether we will continue to operate the remaining business of Net Perceptions or whether we would seek to sell that business or its assets. We plan to use the cash remaining in Net Perceptions after the merger to fund additional possible acquisitions and for working capital purposes.

OUR DIVIDEND POLICY.

We have not historically paid regular cash dividends. The holders of our common stock would receive dividends if and when declared by our board of directors out of legally available funds. The declaration and payment of dividends will depend upon business conditions, operating results, capital and reserve requirements, covenants in our debt instruments and our board of directors' consideration of other relevant factors. We can give shareholders no assurance that we will pay dividends on our common stock in the future. See "Market for the Registrant's Common Equity and Related Stockholder Matters" in our Annual Report on Form 10-K for the fiscal year ended October 31, 2002, which is incorporated by reference in this prospectus.

DIVIDEND POLICY OF NET PERCEPTIONS.

The following description is based on our understanding of Net Perceptions's dividend policy as derived from its publicly available documents.

Net Perceptions has not declared or paid any cash dividends on its common stock since its inception, other than the \$1.50 per share cash distribution to its shareholders of record as of August 18, 2003, and does not intend to pay any cash dividends in the foreseeable future except in connection with the liquidation and dissolution proposed by its board of directors. See "Market for Registrant's Common Equity and Related Stockholder Matters" in the Annual Report of Net Perceptions on Form 10-K for the fiscal year ended December 31, 2002, which is incorporated by reference in this prospectus.

THE EXCHANGE OFFER IS CURRENTLY SCHEDULED TO EXPIRE ON FEBRUARY 20, 2004, (PAGE 31).

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

The exchange offer will expire at 5:00 p.m., New York city time, on February 20, 2004 unless we extend the period of time for which the exchange offer is open.

THE EXCHANGE OFFER MAY BE EXTENDED, TERMINATED OR AMENDED (PAGE 31).

We expressly reserve the right, in our sole discretion, at any time or from time to time, to extend the period of time during which the exchange offer remains open, and we can do so by giving oral or written notice of the extension to the exchange agent. We are not providing any assurance that we will exercise this right to extend the exchange offer, although we currently intend to do so until all conditions have been satisfied or, to the extent permissible, waived. During any extension, all shares of Net Perceptions common stock previously tendered and not properly withdrawn will remain subject to the exchange offer, subject to the right of each shareholder of Net Perceptions to withdraw his or her shares of Net Perceptions common stock.

Subject to the SEC's applicable rules and regulations, we also reserve the right, in our sole discretion, at any time or from time to time:

- o to delay our acceptance for exchange or the exchange of any shares of Net Perceptions common stock, or to terminate the exchange offer, upon the failure of any of the conditions of the exchange offer to be satisfied prior to the expiration date;
- o to waive any condition (other than the conditions that cannot be waived; or
- o to amend the exchange offer in any respect, by giving oral or written notice of such delay, termination or amendment to the exchange agent and by making a public announcement.

We will follow any extension, termination, amendment or delay with a public announcement, as promptly as practicable. In the case of an extension, any related announcement will be issued no later than 9:00 A.M., New York City time, on the next business day after the previously scheduled expiration date. Subject to applicable law (including Rules 14d-4(c) and 14d-6(d) under the Securities Exchange Act of 1934, as amended, which require that any material change in the information published, sent or given to Net Perceptions's shareholders in connection with the offer to exchange be promptly sent to those shareholders in a manner reasonably designed to inform them of that change) and without limiting the manner in which we may choose to make any public announcement, we assume no obligation to publish, advertise or otherwise communicate any public announcement of this type other than by making a release to the Dow Jones News Service, PR Newswire or some other similar national news service.

REPORT OF THE COMPENSATION COMMITTEE

October 31, 2002

COMPENSATION POLICIES

In connection with the change of control and reorganization of the Company that occurred on June 21, 2001 (the "Reorganization"), Timothy S. Durham became Chief Executive Officer and Chairman of the Board of the Company, replacing the former Chief Executive Officer, who resigned on that date. The other executive officers of the Company also were replaced in the Reorganization. In addition, Mr. Durham and the other new executive officers acquired in the Reorganization beneficial ownership of more than a majority of the voting power of the Company's capital stock.

Given the Reorganization, his beneficial ownership interest and the Company's financial concerns, Mr. Durham recommended to the Compensation

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

Committee that he and the other new executive officers receive only nominal salaries for the 2001 fiscal year and that no bonuses or other incentive compensation packages be approved for fiscal 2001. The Compensation Committee adopted Mr. Durham's recommendations. As a consequence, Mr. Durham's total compensation for the more than four months that he served during the 2001 fiscal year was only \$27,404 and none of the other new executive officers received compensation in an amount requiring the compensation to be reported in the Summary Compensation Table.

Mr. Durham made similar recommendations concerning compensation for fiscal 2002 as he had made for fiscal 2001 and the Compensation Committee again adopted his recommendations. Consequently, Mr. Durham received a salary of \$75,000 and no bonus for fiscal 2002 and none of the other executive officers received compensation in an amount that would require their inclusion in the Summary Compensation Table. The amount of compensation paid to Mr. Durham and the other executive officers was not based on the Company's performance.

This report is submitted by the members of the Compensation Committee:

D. Scott McKain

John A. Schmit

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

A number of related party transactions occurred in connection with the Reorganization in 2001. As discussed above, the Reorganization transactions occurred in two parts:

- o On June 21, 2001, we acquired from Obsidian Capital Partners, Mr. Durham and certain other shareholders all of the shares of Pyramid, Champion and U.S. Rubber.
- o On July 31, 2001, we acquired from Obsidian Capital Partners and Mr. Durham substantially all of the assets of United.

Prior to these transactions, DW Leasing, LLC ("DW Leasing"), a company owned by Messrs. Durham and Whitesell, had entered into a number of transactions with Pyramid whereby coaches owned by DW Leasing were operated by Pyramid and the debt on these coaches were cross-guaranteed by DW Leasing and Pyramid. Although we do not own any interest in DW Leasing, the accounts of DW Leasing are included in our financial statements.

The agreements entered into at the time of the Reorganization contemplated that the coaches and related debt would be promptly transferred by DW Leasing to the Company's subsidiary, Obsidian Leasing Co., Inc. ("Obsidian Leasing"). Twenty seven coaches were transferred by DW Leasing to Obsidian Leasing in November 2001 in consideration of the assumption of the related debt. Pyramid continues to operate the remaining seven coaches for DW Leasing pursuant to a management agreement. Prior to the Reorganization described above, DW Leasing and Pyramid were privately owned and structured in a tax-efficient manner. Because of the nature of this structure, transfer of the remaining seven coaches owned by DW Leasing would have adverse tax consequences to the owners of DW Leasing which had not been contemplated in the Reorganization. Accordingly, we have agreed to continue to operate these coaches through DW Leasing. During

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

2002, we received gross revenue of \$674,000 from the coaches operated by Pyramid for DW Leasing and paid fees of \$538,000 to DW Leasing for the use of the coaches.

During 2002 and 2001, Obsidian Capital Partners, LP, the majority stockholder of the Company, advanced funds to the Company. These funds were advanced to fund losses of Champion and to fund the professional fees with respect to the filings with the SEC in connection with the Reorganization in 2001 and closing costs in connection with the Reorganization and the closing of the purchase of United. The maximum amount outstanding during 2002, related to funding of Champion losses and funding professional fees was \$1,290,000 and \$1,275,000 respectively. On April 25, 2002, \$1,290,000 of the amounts advanced was converted to Series C Preferred Stock. On October 24, 2002, \$1,275,000 of the amounts advanced was converted to Series D Preferred Stock.

Mr. Durham owns a 50% interest in Fair Holdings, Inc. ("Fair Holdings"). During 2002, Fair Holdings advanced funds to the Company to fund a debt reduction at Champion and to fund certain professional fees with respect to the filing with the SEC. The maximum amount outstanding in 2002 to Fair Holdings related to debt restructuring at Champion and funding certain professional fees was \$596,000 and \$270,000, respectively. On April 25, 2002, \$596,000 of the amounts advanced was converted to Series C Preferred Stock. On October 24, 2002, \$270,000 of the amounts advanced was converted to Series D Preferred Stock.

In addition to the advances, during the fiscal year ended October 31, 2002, Fair Holdings provided a \$5,000,000 line of credit to Obsidian Enterprises. The maximum amount outstanding in 2002 was \$1,798,000. The line of credit is unsecured, bears interest at 10% per annum and matures in January 2005.

Fair Holdings also has leased certain computer equipment to us on a short-term basis commencing on August 1, 2002. The rental paid in 2002 was \$1,000.

Fair Holdings lent Obsidian Leasing an aggregate of \$1,588,000 in connection with the refinancing of coaches. The maximum amount outstanding during 2002 for this refinancing was \$1,588,000. The loans are ten-year, interest-only loans, subordinate to the bank debt on the coaches and bear interest at 14% per annum.

We sublease our headquarters space from Fair Holdings under a sublease with a monthly rental of \$3,675. Prior to the sublease with Fair Holdings, we sublet space from Obsidian Capital Company and paid \$56,000 to Obsidian Capital Company for its space in 2002.

Fair Holdings leased certain computer equipment to Danzer under a twelve month lease effective August 1, 2002. The aggregate rental due under the twelve month lease is \$8,000.

DW Trailer, LLC, a company owned by Messrs. Durham and Whitesell, has leased a forklift to Danzer under a 38 month lease at \$1,000 per month.

United advanced Obsidian Capital Company \$216,000, as a part of the closing of the purchase of the United transaction. The amount was paid back to United in 2002.

DC Investments, a company controlled by Mr. Durham, lent U.S. Rubber \$700,000 pursuant to a subordinated note which bears interest at 15% per annum with the principal payable in March 2007. The loan was made to permit us to complete the elimination of the interest of SerVaas, Inc. in U.S. Rubber.

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

During 2002, DC Investments purchased the senior secured loans to Champion from the bank which held them. The maximum amount outstanding to DC Investments in 2002 was \$602,000. The loans bear interest at 5.5%.

On October 30, 2002, we entered into a Memorandum of Agreement with Messrs. Durham and Whitesell pursuant to which Champion agreed to sell all of its assets to an entity to be designated by Messrs. Durham and Whitesell subject to the payment by Messrs. Durham and Whitesell of \$1.00 and the assumption by the entity acquiring the assets of all of the liabilities of Champion except for the liability of Champion to Markpoint Equity Growth Fund IV, which was settled by Obsidian Enterprises. This transaction closed on January 30, 2003.

Management believes that the transactions described above were on terms no less favorable to Obsidian Enterprises and our subsidiaries than would have been the case for transactions with unrelated third parties.

In 2002, Net Perceptions incurred a restructuring related charge of \$768,000 consisting primarily of charges relating to employee terminations. See Note 6 to the Net Perceptions Financial Statements.
- 3 At March 31, 2001, Net Perceptions performed an impairment assessment of the goodwill and other intangible assets recorded in connection with the acquisition of KD1. As a result of its review, Net Perceptions recorded a \$75.3 million impairment charge to reduce goodwill and other intangible assets to their estimated fair values. At December 31, 2002, Net Perceptions performed an additional impairment assessment of the remaining goodwill and other intangible assets recorded in connection with the acquisition of KD1. As a result of its review, Net Perceptions recorded a \$6.5 million impairment charge to reduce goodwill and other intangible assets to zero value. SELECTED UNAUDITED CONDENSED PRO FORMA COMBINED FINANCIAL DATA

The following selected unaudited condensed pro forma financial information combines the historical balance sheet data and statements of operations data of Obsidian Enterprises and Net Perceptions after the transaction. The financial information also provides selected unaudited pro forma financial data on the basis of the continuation and non-continuation of Net Perceptions's operations. The unaudited condensed pro forma combined balance sheet data at July 31, 2003 reflects Obsidian Enterprises purchase of substantially all of Net Perceptions's

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

common stock using the purchase method of accounting and assumes the acquisition was consummated as of July 31, 2003. The following unaudited condensed pro forma combined statements of operations for nine months ended July 31, 2003 and the year ended October 31, 2002 give effect to the acquisition of Net Perceptions as if it occurred at the beginning of the periods presented. The weighted average shares outstanding reflect the issuance of an estimated 1,149,374 shares adjusted for the reverse split at the closing of the transaction.

The pro forma adjustments necessary to fairly present the unaudited condensed pro forma combined financial data have been made based on available information and in the opinion of Obsidian Enterprises' management are reasonable. The following financial information should be read in conjunction with the "Unaudited Condensed Pro Forma Combined Financial Statements" on page F-1.

Because no determination has been made by Obsidian's management to either continue operating the remaining business of Net Perceptions or to dispose of it, two separate pro forma presentations of operating data have been prepared. Because Obsidian has not been able to perform any due diligence regarding the fair value of Net Perceptions's operating assets, the pro forma balance sheets under either course of action are not materially different at this time. Therefore, only one pro forma balance sheet has been presented. However, upon completing such due diligence and determining the value of such operating assets, the pro forma balance sheets for either course of action will most likely be materially different. Furthermore, once the final determination is made of the fair values acquired and the final purchase price allocation is made, the pro forma operating data as presented will change and such change could be material.

Accordingly the pro forma loss per share amounts are based on the historical results of Obsidian with pro forma adjustments and include only a portion of the interest income amounts of Net Perception related to its investment portfolio. Pro forma basic and diluted shares used in the calculations are Obsidian historical weighted average shares outstanding plus Obsidian weighted average Series C and Series D preferred shares outstanding on an as if converted basis plus the pro forma shares assumed to be issued in the transaction. In addition, all shares in the pro forma calculations have been adjusted for the Obsidian's reverse split of one new share for each fifty shares held.

FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference in this prospectus contain "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933. Forward-looking statements are based on currently available competitive, financial and economic data and management's views and assumptions regarding future events. Such statements include, but are not limited to (1) statements about the benefits of the Net Perceptions acquisition; (2) statements with respect to our plans, objectives, expectations and intentions and other statements that are not historical facts; and (3) other statements identified by words such as "believes," "expects," "anticipates," "estimates," "intends," "plans," "targets," "projects" and other similar expressions. Forward-looking statements are inherently uncertain. Because those statements are based on expectations and not historical facts, actual results may differ materially from those projected in the particular statements.

Important factors that could cause future results to differ include, but are not limited to, those listed under "Risk Factors" beginning on page 25 and the following:

- o The board of directors of Net Perceptions may fail to recommend the proposed merger;
- o Net Perceptions's shareholders may fail to approve the proposed merger;
- o Competitive pressures may increase significantly and may have an effect on pricing, spending, third-party relationships and revenues;
- o The U.S. legal and regulatory framework may change;
- o Adverse conditions in the stock market, the public debt market and other capital markets (including changes in interest rate conditions) may adversely affect the combined company's activities;
- o The availability of liquidity under our existing lines of credit may be limited;
- o Integration of other acquired or merged businesses may be difficult, time-consuming or more costly than expected;
- o We may not be able to retain key management and employees;
- o We may not be able to meet demand at competitive prices in our coach leasing segment and our trailer and related transportation equipment manufacturing segment;

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

- o We may not be able to successfully develop alternative sources of raw materials in our butyl rubber reclaiming segment; and
- o We may not be able to maintain our relationships with certain significant customers.

These and other matters are difficult to predict, and many are beyond our control, including those we discuss in this prospectus and our filings with the SEC. Accordingly, you should not rely on the accuracy of predictions contained in forward-looking statements. These statements speak only as of the date of this prospectus or, in the case of documents incorporated by reference, the date of those documents. We undertake no obligation to update these statements in the future.

RISK FACTORS

You should carefully read this prospectus as well as the other information included in or incorporated by reference into this prospectus before deciding whether to tender shares of Net Perceptions common stock for exchange pursuant to the exchange offer. You should, in particular, read and consider the following risk factors, including the risks associated with our business and Net Perceptions's business, because these risks will also affect the combined businesses should the proposed merger be completed. Additional risks and uncertainties not presently known to us or Net Perceptions or that we currently believe to be immaterial may also adversely affect us.

RISKS RELATED TO THE EXCHANGE OFFER AND THE MERGER

Net Perceptions may have liabilities that are not fully reflected on its balance sheet.

On November 2, 2001, Timothy J. Fox filed a purported class action lawsuit against Net Perceptions, FleetBoston Robertson Stephens, Inc., the lead underwriter of Net Perceptions's April 1999 initial public offering, several other underwriters who participated in Net Perceptions's initial public offering, Steven J. Snyder, Net Perceptions's then president and chief executive officer, and Thomas M. Donnelly, Net Perceptions's then chief financial officer and currently its president and chief financial officer. The lawsuit was filed in the United States District Court for the Southern District of New York and has been assigned to the judge who is also the pretrial coordinating judge for substantially similar lawsuits involving more than 300 other issuers. An amended class action complaint, captioned *In re Net Perceptions, Inc. Initial Public Offering Securities Litigation*, 01 Cit. 9675 (SAS), was filed on April 22, 2002, expanding the basis for the action to include allegations relating to Net Perceptions's March 2000 follow-on public offering in addition to those relating to our initial public offering.

The amended complaint generally alleges that the defendants violated federal securities laws by not disclosing certain actions taken by the underwriter defendants in connection with Net Perceptions's initial public offering and its follow-on public offering. The amended complaint alleges specifically that the underwriter defendants, with Net Perceptions's direct participation and agreement and without disclosure thereof, conspired to and did raise and increase their underwriters' compensation and the market prices of Net Perceptions common stock following Net Perceptions's initial public offering and in its follow-on public offering by requiring their customers, in exchange for receiving allocations of shares of Net Perceptions common stock sold in its initial public offering, to pay excessive commissions on transactions in other securities, to purchase additional shares of Net Perceptions's common stock in

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

the initial public offering aftermarket at pre-determined prices above the initial public offering price, and to purchase shares of Net Perceptions's common stock in its follow-on public offering. The amended complaint seeks unspecified monetary damages and certification of a plaintiff class consisting of all persons who acquired Net Perceptions common stock from April 22, 1999, through December 6, 2000. The plaintiffs have since agreed to dismiss the claims against Mr. Snyder and Mr. Donnelly without prejudice, in return for their agreement to toll any statute of limitations applicable to those claims; and those claims have been dismissed without prejudice. On July 15, 2002, all of the issuer defendants filed a joint motion to dismiss the plaintiffs' claims in all of the related cases. On February 19, 2003, the Court ruled against the Net Perceptions on this motion.

A special committee of the board of directors of Net Perceptions has authorized the company to negotiate a settlement of the pending claims substantially consistent with a memorandum of understanding negotiated among class plaintiffs, issuer defendants and their insurers. Any such settlement would be subject to approval by the court.

Net Perceptions has stated that it believes that the allegations against it are without merit. However, as this litigation is in an initial stage, we are unable to predict its outcome or its ultimate effect, if any, on Net Perceptions's financial condition or the financial condition of the combined companies following the exchange offer and proposed merger.

On October 29, 2003, a class action lawsuit was filed against Net Perceptions, its current directors and unnamed defendants in the District Court, Fourth Judicial District, of the State Of Minnesota, County of Hennepin captioned Don Blakstad, on Behalf of Himself and All others Similarly Situated, vs. Net Perceptions, Inc., John F. Kennedy, Ann L. Winblad, John T. Riedl and Does 1-25, inclusive, File No. 03-17820. The complaint alleges, among other things, that defendants breached their fiduciary duties of loyalty, due care, independence, good faith and fair dealing and seeks to enjoin the proposed liquidation of Net Perceptions and to recover reasonable attorneys' and experts' fees. Net Perceptions has stated that the defendants believe that the claims in the lawsuit are without merit and intend to vigorously defend them. Any costs and expenses paid by Net Perceptions in connection with, or as a result of, this lawsuit may adversely affect Net Perceptions's financial condition or the financial condition of the combined companies following the exchange offer and proposed merger.

The exchange offer may reduce the liquidity of Net Perceptions common stock and may result in its delisting from the Nasdaq National Market.

The tender of shares of Net Perceptions common stock pursuant to the exchange offer will reduce the number of holders of shares of Net Perceptions common stock and the number of shares of Net Perceptions common stock that might otherwise trade publicly, which could adversely affect the liquidity and market value of the remaining shares of Net Perceptions common stock held by the public. Shares of Net Perceptions common stock are listed on the Nasdaq National Market. The minimum bid price for shares of Net Perceptions has been less than \$1 since its \$1.50 per share distribution to shareholders as of September 3, 2003. As a result, Net Perceptions is unlikely to meet the requirements for continued inclusion on Nasdaq. Our acquisition of shares of Net Perceptions in the exchange offer is likely to reduce the number of round lot holders of Net Perceptions shares and might reduce that number below 300, the minimum for continued listing on the Nasdaq SmallCap market.

Resales of our common stock following the offer to exchange may cause the market price of our stock to fall.

We currently have Series C and Series D preferred stock outstanding.

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

Immediately following the 1 for 50 reverse stock split which will be effective February 16, 2004, we anticipate that all of the Series C and Series D preferred stock will be converted into our common stock. This will increase the shares of our common stock outstanding by approximately 4 times from approximately 720,000 to approximately 2,830,000 on a post-reverse split basis (on a pre-reverse split basis from approximately 36.0 million to approximately 141.6 million). The majority of the shares of our common stock that will be issued on that conversion will be subject to sale by the holders under Rule 144. The availability of these shares for sale together with the shares issued in exchange for the Net Perceptions common stock could have the effect of depressing the market price for our common stock.

The trading price of our common stock may be affected by factors different from those affecting the price of Net Perceptions common stock.

Upon completion of the exchange offer and the proposed merger, holders of Net Perceptions common stock will become holders of our common stock. Our business differs from that of Net Perceptions, and our results of operations, as well as the trading price of our common stock, may be affected by factors different from those affecting Net Perceptions's results of operations and the price of Net Perceptions common stock.

Actions by the current board of directors and management of Net Perceptions could substantially increase the costs of the contemplated transactions.

If the current board of directors of Net Perceptions does not voluntarily take action to satisfy the Rights Condition and the Section 203 Condition, our options would be to abandon the transaction or to request the Delaware Chancery Court to mandate that action. That litigation would be expensive for us and for Net Perceptions and the result would be uncertain.

Further, if we are successful in acquiring 51% or more of the Net Perceptions common stock in the exchange offer, unless the members of the current board of directors propose the merger, we would be required to remove the directors.

These factors and other actions that the current board of directors and management of Net Perceptions may take could substantially increase the cost to us of the transaction and could incur substantial expense for Net Perceptions.

Two of the subsidiaries had obtained waivers or otherwise cured the covenant violations by the close of our fiscal year. We anticipate that we will resolve the covenant violations for the remaining subsidiary with its lender in the near future.

RISK FACTORS RELATED TO OUR BUSINESS

We may not be able to obtain credit to operate our business.

We cannot be certain that we will have sufficient liquidity available under existing lines of credit. Four of our subsidiaries were acquired in highly leveraged transactions. During the year ended October 31, 2003 three of our subsidiaries were in violation of certain requirements and covenants in their debt agreements relating to maintenance of specified minimum ratios and levels of earnings to funded debt and fixed charge coverage. These violations were waived or cured by amendment as of July 31, 2003. We cannot be certain whether we will be able to meet the covenant requirements contained in the debt agreements. Although we have been able to obtain waivers of previous violations, we cannot be certain that we will be able to obtain waivers of such covenants if waivers are needed in the future.

We have relied on borrowing from related parties for a portion of our

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

working capital needs. There is no assurance that the related parties will continue to have the capacity to meet those needs.

There is no assurance that lenders will continue to lend to us. Lenders' criteria for loans change and, if there is a general tightening of credit standards, we may not qualify for credit. Further, if our financial performance deteriorates from the manner in which our various operations have historically performed, our lenders may declare defaults and refuse to advance funds under revolving credit lines. Under these circumstances we may not be able to obtain credit on any terms.

An increase in interest rates would increase our interest expense.

We are exposed to market risk related to changes in interest rates on our debt. Approximately 54% of our primary debt at July 31, 2003, bore interest at a variable rate. An interest rate increase of one percentage point would increase our interest expense over a one-year period by approximately \$222,000 at current debt levels.

Strong competition may adversely affect our business prospects, financial condition and results of operations.

We face strong competitors in our coach leasing segment and our trailer and related transportation equipment manufacturing segment. Our coach leasing business competes with a number of other companies that lease luxury coaches. Our success in the coach leasing segment is dependent upon our ability to meet demand and match the quality and amenities sought after by our target market at competitive prices. Our trailer and related transportation equipment manufacturing segment competes with a number of companies, including a number who are much larger than us and have equal or greater technical and financial resources.

Our butyl rubber reclaiming operations may be adversely affected if we are unable to develop alternative sources of raw materials, or if the price of crude oil falls.

Our butyl rubber reclaiming segment is highly dependent upon the availability of raw materials. We are facing increased competition for raw materials from foreign manufacturers as the supply of the scrap butyl rubber from inner tubes continues to decline. The success of this segment will depend in large measure upon our ability to successfully develop alternative sources of raw materials. The demand for butyl rubber by some of our customers also is closely tied to the price of crude oil, with demand falling as the price of crude oil falls.

Decreases in consumer spending during recessionary periods and unavailability of quality drivers may adversely affect our coach leasing operations.

Our coach leasing segment leases luxury coaches primarily to performers in the entertainment industry. This segment is highly dependent upon the state of the general economy and its effect on entertainment spending. Consumer spending on entertainment tends to decline during recessionary periods when disposable income is low. The availability of quality contract drivers is another factor that affects the success of the coach leasing segment. Although customers generally are responsible for engaging their own drivers, the Company assists customers by suggesting drivers with whom the Company has had experience.

Competative factors in the trailer business may require continued discounting.

During the year ended October 31, 2003, we were forced to offer discounts and other incentives to compete for the sales of trailers which adversely affected our financial results for 2003. While we do not believe that we will be

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

required to offer incentives at the same level in our current fiscal year, there is no assurance that the incentives will not be required.

The economic condition of the telecommunications industry and the bankruptcy of a significant customer has adversely affected our trailer and related transportation equipment manufacturing operations.

A majority of the truck bodies manufactured by the Company have historically been used in the telecommunications industry. The success of the Company's trailer and related transportation equipment manufacturing segment is dependent upon overall economic conditions and in particular on the state of the telecommunications industry. Slightly more than one half of the Company's revenue from the manufacture of service truck bodies, which is part of the Company's trailer and related transportation equipment manufacturing segment, was derived from a single customer who is in bankruptcy and has sold its manufacturing assets to another firm. The loss of this customer has had a material adverse effect on our truck body business.

We may be unable to retain personnel who are key to our businesses.

The success of our operations is dependent on, among other things, our ability to attract and retain highly qualified professional personnel. Competition for key personnel in the various localities and business segments in which we operate is intense. Our ability to attract and retain key personnel, in particular senior officers, is dependent on a number of factors, including prevailing market conditions and compensation packages offered by companies competing for the same talent.

We may not be successful in executing on our acquisition strategy.

A key element of our business plan is the acquisition of additional businesses. There is no assurance that businesses will be available for sale at attractive prices and, once acquired, there is no assurance that we will be successful in integrating those businesses into our operations and operating them on a profitable basis.

We may not be successful in being included on the NASDAQ SmallCap Market

While we plan to apply for initial inclusion of our common stock on the NASDAQ SmallCap Market following the exchange and believe that we satisfy the conditions for initial inclusion, Nasdaq exercises discretion when determining whether to include a security in its markets and there is no assurance that Nasdaq will approve our listing application.

BACKGROUND OF THE EXCHANGE OFFER

From time to time during the past few years, we have considered expanding our operations through acquisitions of other companies.

During the period from approximately February 2003 through October 15, 2003, and prior to their engagement by us, our strategic advisor had held various meetings and conversations with and submitted various proposal to Net Perceptions and its legal and its former financial advisors regarding a possible strategic transaction. Net Perception's either did not respond to or rejected each of these proposals. During this period, one of our affiliates held conversations with our strategic advisor regarding providing financing for our strategic advisor to complete a transaction with Net Perceptions.

On October 21, 2003, Net Perceptions announced its proposed plan of liquidation. On November 10, 2003, we held conversations with our strategic advisor regarding Net Perceptions and engaged them as our strategic advisor on

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

November 12, 2003.

On November 13, 2003, we sent a letter to the board of directors of Net Perceptions indicating our interest in a business combination between Obsidian Enterprises and Net Perceptions. We issued a press release with the text of the letter and filed the press release with the SEC to ensure that Net Perceptions's shareholders were aware of the offer.

During the period from November 13, 2003 through November 24, 2003, we contacted Net Perceptions and were advised that the Board of Directors of Net Perceptions was unable to evaluate our proposal until, among other things, they had engaged a financial advisor. In an effort to advance the negotiations, our Chief Executive Officer proposed meeting with Net Perception's President.

On November 24, 2003, our Chairman met with the President of Net Perceptions and their financial advisor to discuss our interest and proposed terms for a transaction.

During the period from November 24, 2003 through November 30, 2003, our legal and strategic advisors held various conversations with Net Perceptions legal and financial advisors in an effort to confirm the Net Perception's Board of Directors willingness to proceed with a transaction and to negotiate a mutually acceptable transaction structure and definitive documentation. Initially, based on a series of conversations with Net Perception's President and financial advisor, we understood that Net Perception's Board of Directors were prepared to accept an offer that would provide Net Perception's shareholders the opportunity to receive cash in the range of approximately \$0.40 per share or, provided that the cash alternative was also available to the Net Perception shareholders, the opportunity to alternatively receive a combination of cash and our stock or just our stock. Our advisors confirmed orally to Net Perceptions advisors on November 30, 2003, that we were prepared to accept these pricing terms and that we desired to proceed to definitive documentation.

During the period from November 25, 2003 through December 8, 2003, our advisors and Net Perceptions advisors held various conversations. Net Perception's legal and financial advisors stated to our advisors that in order to proceed with a transaction, Net Perceptions would require that (i) we escrow the full amount of the potential transaction value in cash (approximately \$11.2 million) with an acceptable third party and that a traditional financing commitment or a transaction structure we viewed as more customary and providing reasonable certainty as to funding were not acceptable and (ii) that closure of the transaction be a certainty and there be no conditions to closing. Our advisors attempted to negotiate what we viewed as customary and reasonable resolution of these issues, but we were advised by Net Perceptions advisors that various solutions proposed by us were not acceptable to the Net Perception's Board of Directors.

On December 8, 2003, we sent another letter to the board of directors of Net Perceptions with a revised proposal to enter a business combination with Net Perceptions in which we would exchange two shares of our common stock for each share of Net Perceptions common stock. We issued a press release with the text of the letter and filed the press release with the SEC to ensure that Net Perceptions's shareholders were aware of the offer.

After delivering this letter on December 8, 2003, our advisors were again informed by Net Perceptions advisors that the solutions we proposed to address Net Perception's concerns regarding financing and certainty of transaction closure were not acceptable to the Net Perception's Board of Directors.

On December 11, 2003, we issued a press release announcing our plan to make our offer for shares of Net Perceptions common stock directly to Net Perceptions's shareholders.

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

REASONS FOR THE EXCHANGE OFFER

We believe that the proposed combination of Net Perceptions and Obsidian Enterprises presents the opportunity to expand our shareholder base and increase our stockholders' equity. The proposed merger will further expand our shareholder base and further increase our stockholders' equity and will also provide us with cash for our operations and additional possible acquisitions.

We believe that the combination of Net Perceptions and Obsidian Enterprises is in our best interest and in the best interest of our shareholders, Net Perceptions and its shareholders. Accordingly, our board of directors unanimously approved the exchange offer and the proposed merger. In reaching its decision, our board of directors consulted with our management, legal counsel and strategic advisors. Our board of directors considered a number of factors, to which relative weights were not assigned, including the following:

- o The increase in our stockholders' equity as a result of the proposed transaction and the effect of that increase on our ability to have our common stock included for trading on the NASDAQ SmallCap Market,
- o The best interests of Obsidian Enterprises, our subsidiaries and our shareholders including, among other things, the anticipated financial strength of the combined company,
- o The business, operations, financial condition and earnings of Obsidian Enterprises and Net Perceptions on an historical and a prospective basis and of the combined company on a pro forma basis, including the business of the resulting entity and each company's historical stock performance,
- o The financial condition and prospects of Obsidian Enterprises and Net Perceptions, including but not limited to results of operations,
- o Our board's review of Net Perceptions's financial condition,
- o The consideration to be paid to Net Perceptions shareholders in relation to the cash and cash equivalents held by Net Perceptions and the liabilities of Net Perceptions,
- o The consideration to be paid to Net Perceptions shareholders in relation to the uncertain amount and timing of payment to Net Perceptions shareholders under the Plan of Liquidation.

In making its determination, our board of directors did not ascribe any relative or specific weights to the factors that it considered. The foregoing discussion of the factors considered by our board of directors is not intended to be exhaustive, but it does include the material factors considered by the board.

The only information available to us regarding Net Perceptions is information that they have made publicly available. If we conduct due diligence, our beliefs about the benefits of the exchange offer and the proposed merger may change.

There are numerous factors, other than the exchange offer and the proposed merger, that could cause our results of operations, including, among other things, earnings per share, to increase or decrease after the exchange offer and proposed merger. Therefore, we cannot assure you that the anticipated benefits of the combination of Obsidian Enterprises and Net Perceptions discussed in the previous paragraphs will happen. You should read "Risk Factors" beginning on

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

page 25 and "Forward-Looking Statements" beginning on page 24 for a discussion of some of the other factors that could affect our future operations and financial condition.

PLANS FOR NET PERCEPTIONS AFTER THE PROPOSED MERGER

We are making the exchange offer in order to acquire voting control of, and ultimately the entire equity interest in, Net Perceptions. We intend to then have Net Perceptions merge with our subsidiary as soon as possible after completion of the exchange offer. The purpose of the proposed merger would be to acquire all shares of Net Perceptions common stock not exchanged in the exchange offer. In the proposed merger, each then-outstanding share of Net Perceptions common stock would be converted into the same consideration per Net Perceptions share offered in the exchange offer, subject to dissenters' appraisal rights under Delaware law and subject to proration.

We have not determined whether we will continue to operate the remaining business of Net Perceptions or whether we would seek to sell that business or its assets. We plan to use the cash remaining in Net Perceptions after the merger to fund additional possible acquisitions and for working capital purposes.

THE EXCHANGE OFFER

GENERAL

We are making the exchange offer in order to acquire voting control of, and ultimately the entire equity interest in, Net Perceptions. We intend to then have Net Perceptions merge with our subsidiary as soon as possible after completion of the exchange offer. The purpose of the proposed merger would be to acquire all shares of Net Perceptions common stock not exchanged in the exchange offer. In the proposed merger, each then-outstanding share of Net Perceptions common stock, except for treasury shares of Net Perceptions and shares beneficially owned directly or indirectly by us for our own account, would be converted into the same consideration per Net Perceptions share offered in this exchange offer, subject to dissenters' appraisal rights under Delaware law. If we obtain all of the shares of Net Perceptions pursuant to our exchange offer, former shareholders of Net Perceptions would own approximately 29% of the shares of common stock of Obsidian Enterprises.

Our obligation to exchange the consideration described in this prospectus for shares of Net Perceptions common stock pursuant to the exchange offer is subject to the conditions referred to under "Conditions to the Exchange Offer" in this prospectus.

Net Perceptions shareholders who tender shares of Net Perceptions common stock pursuant to the exchange offer will not be obligated to pay any charges or expenses of the exchange agent. We, or another party on our behalf, will pay transfer taxes on the exchange of Net Perceptions common stock pursuant to our exchange offer unless we disclose otherwise in the instructions to the letter of transmittal.

Our offer to acquire Net Perceptions common stock is also an offer to acquire the preferred stock purchase rights associated with the Net Perceptions common stock, as described in the Net Perceptions Rights Agreement. All references to the shares of Net Perceptions common stock include the associated preferred stock purchase rights under the Net Perceptions Rights Agreement, unless we indicate otherwise. In addition, all references to the preferred stock purchase rights include the benefits to holders of those rights pursuant to the Net Perceptions Rights Agreement, including the right to receive any payment due

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

upon redemption of those rights. The procedure for tendering your share purchase rights is described below under "Procedure for Tendering -- Share Purchase Rights."

Currently, we are not offering, as part of the exchange offer, to purchase any Net Perceptions options outstanding and we will not accept tenders of Net Perceptions options. Holders of exercisable Net Perceptions options who wish to participate in the exchange offer may exercise their options and purchase shares of Net Perceptions common stock and then tender the shares in accordance with the exchange offer. In addition, we do not anticipate converting options to purchase Net Perceptions common stock into options to purchase our common stock. The expected treatment of options is subject to change. In particular, if the transaction becomes negotiated, our anticipated treatment of Net Perceptions options may change. If you hold any options to purchase Net Perceptions common stock pursuant to any Net Perceptions Equity Stock Compensation Plan, the terms of that plan will govern whether any unvested options will become exercisable prior to the consummation of the exchange offer.

CONSIDERATION TO BE PAID

You will receive two shares of our common stock for each share of Net Perceptions common stock that you hold that you validly tender and do not properly withdraw. The 1 for 50 reverse stock split of our common stock will change the ratio to 1/25 of a share for each share of Net Perceptions common stock. You will not receive any fractional share of our common stock. Instead, you will receive cash in an amount equal to the value of the fractional share of our common stock that you would otherwise have been entitled to receive.

TIMING OF THE EXCHANGE OFFER

Our exchange offer is scheduled to expire at 5:00 p.m., New York City time, on February 20, 2004. For more information, you should read the discussion below under the caption "Extension, Termination and Amendment."

The term "expiration date" means 5:00 p.m., New York City time, on February 20, 2004, unless we extend the period of time for which the exchange offer is open, in which case the term "expiration date" means the latest time and date on which the exchange offer, as so extended, expires.

EXTENSION, TERMINATION AND AMENDMENT

We expressly reserve the right, in our sole discretion, at any time or from time to time, to extend the period of time during which the exchange offer remains open, and we can do so by giving oral or written notice of that extension to the exchange agent. We cannot assure you that we will exercise our right to extend the exchange offer, although currently we intend to do so until all conditions have been satisfied or, where permissible, waived. During any extension, all shares of Net Perceptions common stock previously tendered and not withdrawn will remain subject to the exchange offer, subject to each shareholder's right to withdraw his or her shares of Net Perceptions common stock. You should read the discussion under the caption "Withdrawal Rights" in this prospectus for more details.

Subject to the SEC's applicable rules and regulations, we also reserve the right, in our sole discretion, at any time or from time to time:

- o to delay acceptance for exchange or the exchange of any shares of Net Perceptions common stock pursuant to the exchange offer, or to terminate the exchange offer and not accept for exchange or exchange

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

any shares of Net Perceptions common stock not previously accepted for exchange or exchanged, upon the failure of any of the conditions of the exchange offer to be satisfied prior to the expiration date,

- o to waive any condition, other than the condition relating to the absence of an order or decree of any court or agency of competent jurisdiction preventing the completion of the exchange offer, and the condition relating to the effectiveness of the registration statement for our shares to be issued in the exchange offer, or
- o to amend the exchange offer in any respect, by giving oral or written notice of such delay, termination or amendment to the exchange agent and by making a public announcement.

We will follow any extension, termination, amendment or delay, as promptly as practicable, with a public announcement. In the case of an extension, the related announcement will be issued no later than 9:00 A.M., New York City time, on the next business day after the previously scheduled expiration date. Subject to applicable law, including Rules 14d-4(d) and 14d-6(c) under the Exchange Act, which require that any material change in the information published, sent or given to Net Perceptions shareholders in connection with the exchange offer be promptly sent to shareholders in a manner reasonably designed to inform shareholders of that change. Without limiting the manner in which we may choose to make any public announcement, we assume no obligation to publish, advertise or otherwise communicate any public announcement of the type described in this paragraph other than by issuing a press release to the Dow Jones News Service, PR Newswire or some other similar national news service.

If we make a material change in the terms of the exchange offer or the information concerning the exchange offer, or if we waive a material condition of the exchange offer, we will extend the exchange offer to the extent required under the Exchange Act. If, prior to the expiration date, we change the percentage of shares of Net Perceptions common stock sought in the exchange or the consideration offered to Net Perceptions shareholders, that change will apply to all holders whose shares of Net Perceptions common stock are accepted for exchange pursuant to the exchange offer, whether those shares of Net Perceptions common stock were accepted for exchange prior to the change. If at the time notice of such a change is first published, sent or given to Net Perceptions shareholders, the exchange offer is scheduled to expire at any time earlier than the tenth business day from and including the date that the related notice is first so published, sent or given, we will extend the exchange offer until the expiration of that ten business day period. For purposes of the exchange offer, a business day means any day other than a Saturday, Sunday or federal holiday and consists of the time period from 12:01 A.M. through 12:00 midnight, New York City time.

If Net Perceptions agrees upon a negotiated merger with us, we may amend or terminate the exchange offer without purchasing any shares of Net Perceptions common stock.

EXCHANGE OF NET PERCEPTIONS SHARES; DELIVERY OF OBSIDIAN ENTERPRISES COMMON STOCK

Upon the terms and subject to the conditions of the exchange offer, including, if the exchange offer is extended or amended, the terms and conditions of any extension or amendment, we will accept, and will exchange, shares of Net Perceptions common stock validly tendered and not properly withdrawn promptly after the expiration date. In all cases, exchange of shares of Net Perceptions common stock tendered and accepted for exchange pursuant to the exchange offer will be made only after timely receipt by the exchange agent of:

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

- o certificates for those shares of Net Perceptions common stock (or a confirmation of a book-entry transfer of those shares of Net Perceptions common stock in the exchange agent's account at The Depository Trust Company, or DTC),
- o a properly completed and duly executed letter of transmittal or a manually signed facsimile of that document, and
- o any other required documents.

For purposes of the exchange offer, we will be deemed to have accepted for exchange shares of Net Perceptions common stock validly tendered and not withdrawn if and when we notify the exchange agent of our acceptance for exchange of those shares of Net Perceptions common stock pursuant to the exchange offer. As soon as practicable after receipt of that notice, the exchange agent will deliver the exchange offer consideration to Net Perceptions shareholders who tendered Net Perceptions common stock. The exchange agent will act as agent for tendering Net Perceptions shareholders for the purpose of receiving from us the exchange offer consideration, including our common stock and any cash to be paid in lieu of fractional shares of our common stock, and transmitting the exchange offer consideration, if any, to such shareholders. You will not receive any interest on any cash that we pay you regardless of any delay in making the exchange.

If we do not accept any tendered shares of Net Perceptions common stock for exchange pursuant to the terms and conditions of the exchange offer for any reason, or if certificates are submitted for more shares of Net Perceptions common stock than are tendered, we will return certificates for such shares of Net Perceptions common stock without expense to the tendering shareholder. In the case of shares of Net Perceptions common stock tendered by book-entry transfer of those shares of Net Perceptions common stock into the exchange agent's account at DTC pursuant to the procedures set forth below under the discussion entitled "Procedure for Tendering," those shares of Net Perceptions common stock will be credited to an account maintained within DTC as soon as practicable following expiration or termination of the exchange offer.

CASH INSTEAD OF FRACTIONAL SHARES OF OBSIDIAN ENTERPRISES COMMON STOCK

We will not issue fractional shares of our common stock pursuant to the exchange offer. Instead, each tendering Net Perceptions shareholder who would otherwise be entitled to a fractional share of our common stock will receive cash in an amount equal to that fraction (expressed as a decimal, rounded to the nearest 0.01 of a share) multiplied by the average of the closing sale prices for a share of our common stock for the ten consecutive trading days immediately preceding the expiration of the exchange offer, as reported in the Over the Counter Bulletin Board. We will adjust the closing sale prices, if necessary, to reflect the 1 for 50 reverse stock split effective February 16, 2004.

WITHDRAWAL RIGHTS

You may withdraw any shares of Net Perceptions common stock tendered pursuant to the exchange offer at any time prior to the expiration date. You may also withdraw your shares at any time after the expiration date until we have accepted the shares for payment. Once we accept tendered shares for exchange, your tender is irrevocable.

For a withdrawal to be effective, the exchange agent must receive from each withdrawing Net Perceptions shareholder a written notice of withdrawal at one of its addresses set forth on the back cover of this prospectus, and such notice

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

must include the Net Perceptions shareholder's name, address, social security number, the certificate number(s) and the number of shares of Net Perceptions common stock to be withdrawn as well as the name of the registered holder, if it is different from that of the person who tendered those shares of Net Perceptions common stock.

A financial institution must guarantee all signatures on the notice of withdrawal in order for the exchange agent to release withdrawn securities. Most banks, savings and loan associations and brokerage houses are able to effect these signature guarantees for shareholders. The financial institution must be a participant in the Securities Transfer Agents Medallion Program, unless those shares of Net Perceptions common stock have been tendered for the account of such a financial institution.

If shares of Net Perceptions common stock have been tendered pursuant to the procedures for book-entry tender discussed under the caption entitled "Procedure for Tendering," any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn shares of Net Perceptions common stock and must otherwise comply with DTC's procedures. If certificates have been delivered or otherwise identified to the exchange agent, the name of the registered holder and the serial numbers of the particular certificates evidencing the withdrawn shares of Net Perceptions common stock withdrawn must also be furnished to the exchange agent, as stated above, prior to the physical release of those certificates.

We will decide all questions as to the form and validity, including time of receipt, of any notice of withdrawal in our sole discretion, and our decision shall be final and binding. None of Obsidian Enterprises, the exchange agent, the information agent, or any other person will be under any duty to give notification of any defects or irregularities in any notice of withdrawal or will incur any liability for failure to give any notification. Any shares of Net Perceptions common stock properly withdrawn will be deemed not to have been validly tendered for purposes of the exchange offer. However, Net Perceptions shareholders may retender withdrawn shares of Net Perceptions common stock by following one of the procedures discussed below under the captions entitled "Procedure for Tendering" or "Guaranteed Delivery" at any time prior to the expiration date.

If you withdraw any of your Net Perceptions common stock, you automatically withdraw the associated share purchase rights. You may not withdraw rights unless you also withdraw the associated Net Perceptions common stock.

PROCEDURE FOR TENDERING

GENERAL

To validly tender shares of Net Perceptions common stock pursuant to the exchange offer,

- o the exchange agent must receive at its addresses set forth on the back cover of this prospectus (1) a properly completed and duly executed letter of transmittal, along with any required signature guarantees, or an agent's message in connection with a book-entry transfer, and any other required documents, and (2) either certificates for tendered shares of Net Perceptions common stock or, if those shares of Net Perceptions common stock are tendered pursuant to the procedures for book-entry tender set forth below, a book-entry confirmation of receipt of that tender, in each case before the expiration date, or
- o you must comply with the guaranteed delivery procedures set forth below under "Guaranteed Delivery."

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

The term "agent's message" means a message, transmitted by DTC to, and received by, the exchange agent and forming a part of a book-entry confirmation, that states that DTC has received an express acknowledgment from the DTC participant tendering the shares of Net Perceptions common stock that are the subject of that book-entry confirmation, that the participant has received and agrees to be bound by the terms of the letter of transmittal and that we may enforce that agreement against the participant.

SHARE PURCHASE RIGHTS

You must tender one share purchase right under the Net Perceptions Rights Agreement, if you hold such a right, for each share of Net Perceptions common stock tendered to effect a valid tender of Net Perceptions common stock, unless the associated share purchase rights have been redeemed or the Net Perceptions Rights Agreement has been amended so the rights would not be triggered by the exchange offer or proposed merger. The rights are currently represented by the certificates for the Net Perceptions common stock and your tender of Net Perceptions common stock prior to the date the share purchase rights become exercisable and transferable will also constitute a tender of the associated share purchase rights. We will not make a separate payment to you for the share purchase rights. When and if the rights become exercisable and transferable, separate certificates representing the rights will be mailed to holders of record of Net Perceptions common stock as soon as practicable, and those separate rights certificates alone will evidence the rights.

If the rights under the Net Perceptions Rights Agreement become exercisable and transferable and Net Perceptions or the related rights agent distributes separate certificates representing the rights to you prior to the time that you tender your Net Perceptions common stock pursuant to the exchange offer, certificates representing a number of rights equal to the number of shares of Net Perceptions common stock tendered must be delivered to the exchange agent, or, if available, a book-entry confirmation received by the exchange agent with respect thereto, for your shares of Net Perceptions common stock to be validly tendered. If the rights become exercisable and transferable and separate certificates representing the rights are not distributed prior to the time shares of Net Perceptions common stock are tendered pursuant to our exchange offer, rights may be tendered prior to the time that you receive the certificates for rights by use of the guaranteed delivery procedure described under "Guaranteed Delivery" below.

If rights certificates are distributed but are not available to you before you tender Net Perceptions common stock pursuant to the exchange offer, a tender of Net Perceptions common stock constitutes an agreement by you to deliver to the exchange agent pursuant to the guaranteed delivery procedures described below, rights certificates representing a number of rights equal to the number of shares of Net Perceptions common stock tendered prior to the expiration of the period to be specified in the notice of guaranteed delivery and the related letter of transmittal for delivery of rights certificates or a book-entry confirmation for rights. We refer to this period as the rights delivery period. We reserve the right to require receipt of such rights certificates, or a book-entry confirmation with respect to such rights, prior to accepting Net Perceptions common stock for exchange.

Nevertheless, we will be entitled to accept for exchange Net Perceptions common stock that you tender prior to receipt of the rights certificates required to be tendered with such Net Perceptions common stock or a book-entry confirmation with respect to such rights and either (a) subject to complying with applicable rules and regulations of the SEC, withhold payment for such Net Perceptions common stock pending receipt of the rights certificates or a book-entry confirmation for those rights or (b) exchange Net Perceptions common

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

stock accepted for exchange pending receipt of the rights certificates or a book-entry confirmation for such rights in reliance upon the guaranteed delivery procedures described below. In addition, after expiration of the rights delivery period, we may instead elect to reject as invalid a tender of Net Perceptions common stock with respect to which rights certificates or a book-entry confirmation for an equal number of rights have not been received by the exchange agent. Any determination by us to make payment for Net Perceptions common stock in reliance upon such guaranteed delivery procedure or, after expiration of the rights delivery period, to reject a tender as invalid, shall be made, subject to applicable law, in our sole and absolute discretion.

BOOK-ENTRY DELIVERY

The exchange agent will establish accounts with respect to the shares of Net Perceptions common stock at DTC for purposes of the exchange offer, and any financial institution that is a participant in DTC will be able to make book-entry delivery of the shares of Net Perceptions common stock by causing DTC to transfer the shares of Net Perceptions common stock into the exchange agent's account in accordance with DTC's procedure for that transfer. However, although delivery of shares of Net Perceptions common stock may be effected through book-entry delivery at DTC, the letter of transmittal, with any required signature guarantees, or an agent's message in connection with a book-entry transfer, and any other required documents, must, in any case, be received by the exchange agent prior to the expiration date, or the guaranteed delivery procedures described below must be followed. We cannot assure you, however, that book-entry delivery of rights will be available. If book-entry delivery of rights is not available, you must tender rights by means of delivery of rights certificates or pursuant to the guaranteed delivery procedure set forth below.

SIGNATURES

Signatures on all letters of transmittal must be guaranteed by an eligible institution, except in cases in which shares of Net Perceptions common stock are tendered either by a registered holder of shares of Net Perceptions common stock who has not completed the box entitled "Special Issuance Instructions" on the letter of transmittal or for the account of an eligible institution.

If the certificates for shares of Net Perceptions common stock or rights, if any, are registered in the name of a person other than the person who signs the letter of transmittal, or if certificates for unexchanged shares of Net Perceptions common stock or rights, if any, are to be issued to a person other than the registered holder(s), the certificates must be endorsed or accompanied by appropriate stock powers, in either case signed exactly as the name or names of the registered owner or owners appear on the certificates, with the signature(s) on the certificates or stock powers guaranteed in the manner we have described above.

METHOD OF DELIVERY

The method of delivery of share certificates and all other required documents, including delivery through DTC, is at your option and risk, and the delivery will be deemed made only when actually received by the exchange agent. If delivery is by mail, we recommend registered mail with return receipt requested, properly insured. In all cases, shareholders should allow sufficient time to ensure timely delivery.

SUBSTITUTE FORM W-9

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

To prevent backup federal income tax withholding with respect to proceeds received pursuant to the exchange offer, you must provide the exchange agent with your correct taxpayer identification number and certify whether you are subject to backup withholding of federal income tax by completing the substitute Form W-9 included in the letter of transmittal. Some Net Perceptions shareholders including, among others, all corporations and some foreign individuals, are not subject to these backup withholding and reporting requirements. In order for a foreign individual to qualify as an exempt recipient, the shareholder must submit a Form W-8, signed under penalty of perjury, attesting to that individual's exempt status.

GUARANTEED DELIVERY

If you wish to tender shares of Net Perceptions common stock or share purchase rights, if any, pursuant to the exchange offer and your certificates are not immediately available or you cannot deliver the certificates and all other required documents to the exchange agent prior to the expiration date or cannot complete the procedure for book-entry transfer on a timely basis, your shares of Net Perceptions common stock or share purchase rights, if any, may nevertheless be tendered, so long as all of the following conditions are satisfied:

- o you make their tender by or through an eligible institution (see "Withdrawal Rights" above),
- o the exchange agent receives, as provided below, a properly completed and duly executed notice of guaranteed delivery, substantially in the form we make available, on or prior to the expiration date, and
- o the exchange agent receives, within three Nasdaq National Market trading days after the date of execution of the notice of guaranteed delivery, the certificates for all tendered shares of Net Perceptions common stock, or rights, if any, or a confirmation of a book-entry transfer of such securities into the exchange agent's account at DTC as described above, in proper form for transfer, together with a properly completed and duly executed letter of transmittal with any required signature guarantees or, in the case of a book-entry transfer, an agent's message, and all other documents required by the letter of transmittal.

You may deliver the notice of guaranteed delivery by hand or transmit it by facsimile transmission or mail to the exchange agent, and you must include a guarantee by an eligible institution in the form set forth in that notice.

In all cases, we will exchange shares of Net Perceptions common stock tendered and accepted for exchange pursuant to the exchange offer only after timely receipt by the exchange agent of certificates for shares of Net Perceptions common stock or rights, if any, or timely confirmation of a book-entry transfer of those securities into the exchange agent's account at DTC as described above, properly completed and duly executed letter(s) of transmittal, or an agent's message in connection with a book-entry transfer, and any other required documents.

APPOINTMENT OF PROXIES

By executing a letter of transmittal as set forth above, you irrevocably appoint our designees as your attorneys-in-fact and proxies, each with full power of substitution, to the full extent of your rights with respect to your shares of Net Perceptions common stock tendered and accepted for exchange by us and with respect to any and all other shares of Net Perceptions common stock and

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

other securities issued or issuable in respect of the tendered and accepted shares of Net Perceptions common stock on or after December 15, 2003. That appointment is effective, and voting rights will be affected, when and only to the extent that we accept your shares for exchange and deposit with the exchange agent our common stock and the cash with respect to fractional shares that comprise the exchange offer consideration with respect to the shares of Net Perceptions common stock that shareholders have tendered. All proxies shall be considered coupled with an interest in the tendered shares of Net Perceptions common stock and therefore shall not be revocable once the appointment is effective. Upon the effectiveness of the appointment, all prior proxies that you have given will be revoked, and you may not give any subsequent proxies, and, if given, they will not be deemed effective. Our designees will, with respect to the shares of Net Perceptions common stock for which the appointment is effective, be empowered, among other things, to exercise all of the Net Perceptions shareholders' voting and other rights as they, in their sole discretion, deem proper at any annual, special or adjourned meeting of Net Perceptions's shareholders or otherwise. We reserve the right to require that, for shares of Net Perceptions common stock to be deemed validly tendered, immediately upon our acceptance for exchange of those shares of Net Perceptions common stock, we must be able to exercise full voting rights with respect to those shares of Net Perceptions common stock. However, prior to acceptance for exchange by us in accordance with terms of the exchange offer, the appointment will not be effective, and we will have no voting rights as a result of the tender of shares of Net Perceptions common stock.

VALIDITY OF TENDERS

We will determine questions as to the validity, form, eligibility, including time of receipt, and acceptance for exchange of any tender of shares of Net Perceptions common stock or rights, if any, in our sole discretion, and our determination shall be final and binding. We reserve the absolute right to reject any and all tenders of shares of Net Perceptions common stock that we determine are not in proper form or the acceptance of, or exchange for, which may, in the opinion of our counsel, be unlawful. We also reserve the absolute right to waive any of the conditions of our exchange offer, other than the condition relating to the absence of an injunction and the condition relating to the effectiveness of the registration statement for our shares to be issued in the exchange offer, or to waive any defect or irregularity in the tender of any shares of Net Perceptions common stock. No tender of shares of Net Perceptions common stock will be deemed to have been validly made until all defects and irregularities in tenders of shares of Net Perceptions common stock have been cured or waived. None of Obsidian Enterprises, the exchange agent, the information agent, or any other person will be under any duty to give notification of any defects or irregularities in the tender of any shares of Net Perceptions common stock or rights, if any, or will incur any liability for failure to give any notification. Our interpretation of the terms and conditions of the exchange offer, including the letter of transmittal and its instructions, will be final and binding.

The tender of shares of Net Perceptions common stock and share purchase rights, if any, pursuant to any of the procedures described above will constitute a binding agreement between us and the tendering shareholders upon the terms and subject to the conditions of our exchange offer and the letter of transmittal.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE EXCHANGE OFFER AND THE PROPOSED MERGER

Our counsel, Barnes & Thornburg, has issued a tax opinion with respect to the exchange offer and the proposed merger. That opinion has been filed with the

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

Securities and Exchange Commission as an exhibit to the registration statement on Form S-4 in connection with the exchange offer. That opinion concludes that the exchange of shares of Net Perceptions common stock for our shares and cash pursuant to the exchange offer and the proposed merger (1) will be treated for federal income tax purposes as component parts of an integrated transaction pursuant to a plan, but that (2) the integrated transaction will nevertheless, more likely than not, fail to satisfy the requirements of reorganization within the meaning of Section 368(a) of the Code, by reason of the failure to satisfy the continuity of business enterprise requirements of Treas. Reg. ss. 1.368-1(d). As a result, the consummation of the exchange offer and proposed merger will be a fully taxable transaction to both the holders of Net Perceptions common stock and to Net Perceptions itself.

LIMITATIONS OF DISCUSSION

The following discussion summarizes the material U.S. federal income tax considerations that are generally applicable to holders of Net Perceptions common stock who exchange their Net Perceptions common stock in the exchange offer and the proposed merger for shares of our common stock and cash in lieu of fractional shares. This discussion is based on currently existing provisions of the Code, existing and proposed Treasury Regulations thereunder and current administrative rulings and court decisions, all of which are subject to change. Any such change, which may or may not be retroactive, could alter the tax consequences of the exchange offer and the merger that are described below. You should be aware that this discussion does not deal with all federal income tax considerations that may be relevant to particular Net Perceptions shareholders in light of their individual circumstances, such as Net Perceptions shareholders who:

- o are dealers in securities,
- o are subject to the alternative minimum tax provisions of the Code,
- o are foreign persons,
- o do not hold their shares of Net Perceptions common stock as capital assets,
- o acquired their shares of Net Perceptions common stock in connection with stock option or stock purchase plans or in other compensatory transactions,
- o hold their shares of Net Perceptions common stock as part of an integrated investment (including a "straddle") comprised of shares of Net Perceptions common stock and one or more other positions, or
- o are subject to the constructive sale or constructive ownership provisions of the Code under Sections 1259 or 1260, respectively, with respect to their Net Perceptions common stock.

In addition, the following discussion does not address the tax consequences of the exchange offer and the proposed merger to any person under foreign, state or local tax laws.

TREATMENT AS AN INTEGRATED TRANSACTION

Steps of an integrated transaction will be aggregated in determining the overall tax consequences of the transaction. See Revenue Ruling 2001-26 (merger preceded by a tender offer), Revenue Ruling 2001-46, Revenue Ruling 67-274, Revenue Ruling 90-95, King Enterprises, Inc. v. United States, 418 F.2d 511 (Ct.

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

Cl., 1969); J.F. Seagram Corp. v. Commissioner, 104 T.C. 75 (1995).

CONTINUITY OF BUSINESS ENTERPRISE REQUIREMENT

Transactions otherwise satisfying the statutory requirements as to form for a qualifying reorganization will nevertheless fail to qualify for reorganization treatment under the Code if the requisite continuity of business enterprise requirement, described in Treas. Reg. ss. 1.368-1(d), is not satisfied. To meet the continuity of business enterprise requirement, the issuing corporation, or members of a qualified group of connected through qualifying ownership to the issuing corporation, must either continue the target corporation's historic business or use a significant portion of the target corporation's historic business assets in a business. If the continuity of business enterprise requirement is not satisfied, reorganization treatment under Section 368 will not be accorded to the transaction.

Obsidian Enterprises was unable to represent to Barnes & Thornburg that either the remaining business of Net Perceptions will be continued or that the remaining business assets of Net Perceptions will be deployed in a trade or business following the tender offer and proposed merger. Moreover, based on disclosures made in Net Perceptions' third quarter 2003 Form 10-Q, it is unlikely that the remaining activities of Net Perceptions would qualify as its "historic business" in any event. Under these circumstances the continuity of business enterprise requirement, more likely than not, will not be satisfied and, as a result, reorganization treatment under Section 368 will not apply to the tender offer and proposed merger.

EFFECT OF FAILURE TO QUALIFY AS A REORGANIZATION TO NET PERCEPTIONS SHAREHOLDERS

Because the exchange offer, combined with the proposed merger, will constitute an integrated transaction, but nevertheless, more likely than not, will fail to qualify as a reorganization, the exchange offer and proposed merger will result in the recognition of taxable gain or loss to each exchanging Net Perceptions shareholder measured by the difference between the cash and the fair market value of our common stock received in the exchange offer and proposed merger, compared with the exchanging Net Perceptions shareholder's tax basis for the shares of Net Perceptions common stock surrendered in the exchange offer and proposed merger. The shareholder would receive a tax basis for our common stock received in the exchange offer and proposed merger equal to the fair market value of the common stock at the time of its receipt and would start a new holding period for such shares.

EFFECT OF FAILURE TO QUALIFY FOR REORGANIZATION TREATMENT TO NET PERCEPTIONS

Net Perceptions will recognize taxable gain or loss on the transfer of its assets to either us or our subsidiary measured by the difference between (A) the sum of the fair market value of our common stock and the value of the liabilities of Net Perceptions assumed by the acquiring entity and (B) the sum of the tax basis of the assets and cash transferred by Net Perceptions in the proposed merger.

Net Perceptions's net operating losses and net operating loss carryforwards will be able to be used to offset any gain recognized by Net Perceptions in the proposed merger, but any remaining net operating losses or net operating loss carryforwards will be extinguished as a result of the exchange offer and proposed merger.

EFFECT ON OBSIDIAN ENTERPRISES OR OUR SUBSIDIARY

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

Neither we nor our subsidiary will recognize gain or loss. Section 1032 of the Code; Treas. Reg.ss.1.1032-3.

The foregoing discussion is not a complete analysis or listing of all potential U.S. federal income tax consequences of the exchange offer and the proposed merger. You are urged to consult your tax advisors concerning the U.S. federal, state, local and foreign tax consequences in your particular circumstances of participation in the exchange offer and/or the proposed merger to you.

EFFECT OF THE EXCHANGE OFFER ON THE MARKET FOR NET PERCEPTIONS SHARES; REGISTRATION UNDER THE EXCHANGE ACT

REDUCED LIQUIDITY; POSSIBLE DELISTING

If the proposed merger occurs, Net Perceptions will no longer be publicly owned and its common stock will no longer be publicly traded.

Even if the proposed merger does not occur, Net Perceptions may not continue to be publicly traded. The minimum bid price for shares of Net Perceptions has been less than \$1 since its \$1.50 per share distribution to shareholders as of September 3, 2003. As a result, Net Perceptions is unlikely to meet the requirements for continued inclusion on Nasdaq. While the shares of Net Perceptions might trade in the over the counter markets if they are no longer traded on Nasdaq, if we purchase a large portion of the outstanding shares of Net Perceptions common stock in the exchange offer, there may be so few remaining Net Perceptions stockholders that Net Perceptions may cease making filings with the Securities and Exchange Commission or cease being required to comply with the SEC rules relating to publicly held companies. As a result, there may not be a public trading market for shares of Net Perceptions common stock.

Further, Net Perceptions has also disclosed in its public filings that if its stockholders approve and adopt the proposed Plan of Liquidation, it expects to terminate registration of its common stock under the Securities Act of 1934, which will substantially reduce publicly available information about Net Perceptions.

STATUS AS MARGIN SECURITIES

The shares of Net Perceptions common stock are presently margin securities under the regulations of the Federal Reserve Board, which has the effect, among other things, of allowing brokers to extend credit on the collateral of shares of Net Perceptions common stock. Depending on factors similar to those described above with respect to listing and market quotations, following completion of the exchange offer, the shares of Net Perceptions common stock may no longer constitute margin securities for the purposes of the Federal Reserve Board's margin regulations, in which event the shares of Net Perceptions common stock would be ineligible as collateral for margin loans made by brokers.

REGISTRATION UNDER THE EXCHANGE ACT

The shares of Net Perceptions common stock are currently registered under the Exchange Act. Net Perceptions can terminate that registration upon application to the SEC if the outstanding shares are not listed on a national securities exchange and if there are fewer than 300 holders of record of shares of Net Perceptions common stock. Termination of registration of the shares of Net Perceptions common stock under the Exchange Act would reduce the information

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

that Net Perceptions must furnish to its shareholders and to the SEC and would make some provisions of the Exchange Act, including the short-swing profit recovery provisions of Section 16(b) and the requirement of furnishing a proxy statement in connection with shareholders meetings pursuant to Section 14(a) and the related requirement of furnishing an annual report to shareholders, no longer applicable with respect to shares of Net Perceptions common stock. Furthermore, the ability of Net Perceptions affiliates and persons holding restricted securities of Net Perceptions to dispose of securities pursuant to Rule 144 under the Securities Act of 1933, as amended, or the Securities Act may be impaired or eliminated. If registration of the shares of Net Perceptions common stock under the Exchange Act were terminated, shares of Net Perceptions common stock would no longer be eligible for Nasdaq National Market listing or for continued inclusion on the Federal Reserve Board's list of margin securities.

PURPOSE OF THE EXCHANGE OFFER; THE PROPOSED MERGER

THE PURPOSE OF THE EXCHANGE OFFER IS TO ACQUIRE VOTING CONTROL OF NET PERCEPTIONS

We are making the exchange offer in order to acquire voting control of, and ultimately the entire equity interest in, Net Perceptions. The exchange offer is intended to facilitate the acquisition of all shares of Net Perceptions common stock. Net Perceptions shareholders will not have dissenters' appraisal rights as a result of the completion of the exchange offer.

UPON COMPLETION OF THE EXCHANGE OFFER WE INTEND TO PROMPTLY PROCEED WITH THE PROPOSED MERGER

As soon as practicable after the completion of the exchange offer and receipt of any additional regulatory approvals that may be required, we intend to merge Net Perceptions with Obsidian Enterprises or a wholly-owned subsidiary. The purpose of the proposed merger is to acquire all shares of Net Perceptions common stock not tendered and exchanged pursuant to the exchange offer. In the proposed merger, each then-outstanding share of Net Perceptions common stock, except for treasury shares of Net Perceptions and shares we beneficially own directly or indirectly for our own account (except for shares we hold in a fiduciary capacity), will be converted into the same consideration per Net Perceptions share offered in the exchange offer, subject to dissenters' appraisal rights under Delaware law.

If we become the owners of at least 90% of the outstanding shares of Net Perceptions common stock, the proposed merger may be completed pursuant to Section 253 of the Delaware General Corporation Law. Under Section 253, a parent corporation owning at least 90% of the outstanding shares of each class of a domestic subsidiary corporation may merge the subsidiary corporation into itself without the approval of the shareholders of the subsidiary corporation but with the approval of the board of directors of the surviving corporation.

DISSENTERS'S APPRAISAL RIGHTS

No dissenters' rights are available in connection with the exchange offer.

Holders of Net Perceptions common stock who do not wish to accept the same amount of consideration in the proposed merger as was paid in the exchange offer, and who still hold their shares of Net Perceptions common stock at the effective time of the proposed merger, will have the right to seek an appraisal and to be paid the "fair value" of their shares of Net Perceptions common stock if they properly demand appraisal of their shares. The amount each holder

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

receives will be judicially determined by the Delaware Court of Chancery and paid to such holder, provided it complies with the provisions of Section 262 ("Section 262") of the Delaware General Corporate Law ("DGCL").

This summary is not intended to be complete. You should read the entire text of Section 262, which is set forth in Annex B to this prospectus. Any Net Perceptions stockholder considering demanding appraisal is advised to consult legal counsel. Appraisal rights, if any, will not be available unless and until the proposed merger or a similar business combination is consummated. Net Perceptions stockholders of record who desire to exercise their appraisal rights must fully satisfy all of the applicable conditions summarized below.

If we acquire at least 90% of Net Perceptions common stock, then the proposed merger will be effected as a short-form merger pursuant to Section 253 of the DGCL, which does not require any vote by the stockholders. In such a case, we, as the corporation surviving such merger, must mail a notice of merger to the Net Perceptions stockholders within ten days after the date such merger is effective. The notice of merger must specify that the proposed merger has become effective and that appraisal rights are available, and must include a copy of Section 262 and any other information required by Section 262. Any stockholder wishing to exercise appraisal rights must mail a written demand for appraisal within 20 days after the date on which the notice of merger was sent.

If we fail to acquire at least 90% of Net Perceptions common stock in the exchange offer, the proposed merger will be effected as a long-form merger, which requires a stockholder vote on the approval and adoption of the merger agreement. A stockholder wishing to dissent in a long-form merger must deliver a written demand for appraisal to the Secretary of Net Perceptions before the taking of the stockholder vote or within 20 days of receipt of notice of the taking of such action by written consent. This written demand for appraisal must be in addition to and separate from any proxy or vote abstaining from or voting against the approval and adoption of the merger agreement. Merely voting against, abstaining from voting, or failing to vote on the merger agreement will not by itself constitute a demand for appraisal within the meaning of Section 262. In the case of a long-form merger, any stockholder seeking appraisal rights must hold the Net Perceptions common stock for which appraisal is sought on the date such stockholder makes demand and must continuously hold such Net Perceptions common stock through the effective time of the proposed merger, and otherwise comply with the provisions of Section 262.

In the case of both a short-form merger and a long-form merger, a demand for appraisal must be executed by or for the stockholder of record, fully and correctly, as such stockholder's name appears on the stock certificates. If shares of Net Perceptions common stock are owned of record in a fiduciary capacity, such as by a trustee, guardian or custodian, such demand must be executed by the fiduciary. If shares of Net Perceptions common stock are owned of record by more than one person, as in a joint tenancy or tenancy in common, such demand must be executed by all joint owners. An authorized agent, including an agent for two or more joint owners, may execute the demand for appraisal for a stockholder of record; provided, however, the agent must identify the record owner and expressly disclose the fact that, in exercising the demand, he is acting as agent for the record owner. A record owner, such as a broker, who holds Net Perceptions common stock as a nominee for others, may exercise appraisal rights with respect to the Net Perceptions common stock held for all or less than all beneficial owners of Net Perceptions common stock as to which the holder is the record owner. In such case the written demand must set forth the number of shares of Net Perceptions common stock covered by such demand. Where the number of shares is not expressly stated, the demand will be presumed to cover all shares of Net Perceptions common stock outstanding in the name of such record owner. Beneficial owners who are not record owners and who intend to exercise appraisal rights should instruct the record owner to comply strictly with the statutory requirements with respect to the exercise of appraisal rights

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

before the date of any meeting of stockholders called to approve the proposed merger in the case of a long-form merger and within 20 days following the mailing of the notice of the proposed merger in the case of a short-form merger.

Stockholders who elect to exercise appraisal rights must mail or deliver their written demands to Net Perceptions. The written demand for appraisal should specify the stockholder's name and mailing address, the number of shares of Net Perceptions common stock covered by the demand and that the stockholder is thereby demanding appraisal of such shares. In the case of a short-form merger, Net Perceptions must, within ten days after the effective time of the proposed merger, provide notice of the effective time of the proposed merger to all stockholders who have complied with Section 262 and have not voted for approval and adoption of the merger agreement. In the case of a long-form merger, stockholders electing to exercise their appraisal rights under Section 262 must not have voted for the approval and adoption of the merger agreement or consented thereto in writing. Voting in favor of the approval and adoption of the merger agreement, or delivering a proxy in connection with the stockholders meeting called to approve the merger agreement (unless the proxy votes against, or expressly abstains from the vote on, the approval and adoption of the merger agreement), will constitute a waiver of the stockholder's right of appraisal and will nullify any written demand for appraisal submitted by the stockholder. Regardless of whether the proposed merger is effected as a long-form merger or a short-form merger, within 120 days after the effective time of the proposed merger, any Net Perceptions stockholder who has complied with the required conditions of Section 262 and who is otherwise entitled to appraisal rights may file a petition in the Delaware Court of Chancery demanding a determination of the fair value of the shares of the dissenting Net Perceptions stockholders. We are under no obligation to and have no present intention to file a petition. Accordingly, it is the obligation of the holders of Net Perceptions common stock to initiate all action to perfect their appraisal rights in respect of their shares within the time prescribed in Section 262.

Within 120 days after the effective time of the proposed merger, any holder of Net Perceptions common stock who has complied with the requirements for exercise of appraisal rights will be entitled, upon written request, to receive from the surviving corporation a statement setting forth the aggregate number of shares not voted in favor of the adoption of the proposed merger and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. The statement must be mailed ten days after a written request therefor has been received by Net Perceptions or within ten days after the expiration of the period for delivery of demands for appraisal, whichever is later.

If a petition for an appraisal is timely filed, and a copy thereof is served upon it, Net Perceptions will then be obligated within 20 days to file with the Delaware Register in Chancery a duly verified list containing the names and addresses of all stockholders who have demanded an appraisal of their shares and with whom agreements as to the value of their shares have not been reached. After notice to those stockholders as required by the Court, the Delaware Court of Chancery is empowered to conduct a hearing on the petition to determine which stockholders are entitled to appraisal rights. The Court may require the holders of the shares of Net Perceptions common stock who demanded payment for their shares to submit their stock certificates to the Register in Chancery for notation thereon the pendency of the appraisal proceeding; and if any stockholder fails to comply with that direction, the Court may dismiss the proceedings as to that stockholder. After determining the holders of Net Perceptions common stock entitled to appraisal, the Court will appraise the Net Perceptions common stock owned by such Net Perceptions stockholders, determining the fair value of such common stock, together with a fair rate of interest to be paid, if any, upon the amount determined to be the fair value.

In determining fair value, the Delaware Court of Chancery is to take into

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

account all relevant factors. In *Weinberger v. UOP, Inc., et al.*, 457 A.2d 701, 712-713 (Del. 1983), the Delaware Supreme Court discussed the factors that could be considered in determining fair value in an appraisal proceeding, stating that "proof of value by any techniques or methods which are generally considered acceptable in the financial community and otherwise admissible in court" should be considered and that a "fair price obviously requires consideration of all relevant factors involving the value of a company." Further, the Delaware Supreme Court stated that in making this determination of fair value a court must consider "market value, asset value, dividends, earnings prospects, the nature of the enterprise and any other facts which were known or which could be ascertained as of the date of merger which throw any light on future prospects of the merged corporation." The Delaware Supreme Court has further construed Section 262 to mean that "elements of future value, including the nature of the enterprise, which are known or susceptible of proof as of the date of the merger and not the product of speculation, may be considered." However, the Court noted that Section 262 provides that fair value is to be determined "exclusive of any element of value arising from the accomplishment or expectation of the merger."

Net Perceptions stockholders who in the future consider seeking appraisal should consider that the fair value of their Net Perceptions common stock determined under Section 262 could be more than, the same as, or less than the consideration paid for such stock in the exchange offer if they do seek appraisal of their Net Perceptions common stock, and that opinions of investment banking firms as to fairness from a financial point of view are not necessarily opinions as to fair value under Section 262. Moreover, we may argue in any appraisal proceeding that, for purposes thereof, the "fair value" of the Net Perceptions common stock is less than that paid in the exchange offer. The cost of the appraisal proceeding may be determined by the Delaware Court of Chancery and taxed upon the parties as the Delaware Court of Chancery deems equitable in the circumstances. Upon application of a dissenting stockholder, the Delaware Court of Chancery may order that all or a portion of the expenses incurred by any dissenting stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorneys' fees and the fees and expenses of experts, be charged pro rata against the value of all Net Perceptions common stock entitled to appraisal. In the absence of such a determination or assessment, each party bears its own expenses. Any Net Perceptions stockholder who has duly demanded appraisal in compliance with Section 262 will not, after the effective time of the proposed merger, be entitled to vote for any purpose the Net Perceptions common stock subject to such demand or to receive payment of dividends or other distributions on such Net Perceptions common stock, except for dividends or other distributions payable to stockholders of record at a date prior to the effective time of the proposed merger.

At any time within 60 days after the effective time of the proposed merger, any former holder of Net Perceptions common stock will have the right to withdraw his or her demand for appraisal and to accept the consideration paid for such Net Perceptions stock in the exchange offer. After this period, such holder may withdraw his or her demand for appraisal only with our consent as the corporation surviving the proposed merger. If no petition for appraisal is filed with the Delaware Court of Chancery within 120 days after the effective time of the proposed merger, stockholders' rights to appraisal shall cease and all stockholders shall be entitled to receive the consideration paid for the same class or series of the exchange offer. Inasmuch as Net Perceptions has no obligation to file such a petition, and we have no present intention to cause or permit Net Perceptions to do so, any stockholder who desires such a petition to be filed is advised to file it on a timely basis. However, no petition timely filed in the Delaware Court of Chancery demanding appraisal may be dismissed as to any stockholder without the approval of the Delaware Court of Chancery, and such approval may be conditioned upon such terms as the Delaware Court of Chancery deems just. Failure to take any required step in connection with the exercise of appraisal rights may result in the termination or waiver of such

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

rights. Appraisal rights cannot be exercised at this time.

The information set forth above is for informational purposes only with respect to alternatives available to stockholders if the proposed merger is consummated. Stockholders who will be entitled to appraisal rights in connection with the proposed merger will receive additional information concerning appraisal rights and the procedures to be followed in connection therewith before such stockholders have to take any action relating thereto. Net Perceptions stockholders who exchange Net Perceptions common stock in the exchange offer will not be entitled to exercise appraisal rights in connection with the exchange offer but, rather, will receive the consideration paid in the exchange offer for such shares. The foregoing summary of appraisal rights of objecting stockholders under the DGCL does not purport to be a complete statement of the procedures to be followed by Net Perceptions stockholders desiring to exercise any available appraisal rights. The foregoing summary is qualified in its entirety by reference to Section 262. The preservation and exercise of appraisal rights require strict adherence to the applicable provisions of the DGCL. See Annex B attached to this prospectus for the full text of the dissenters' appraisal rights provisions of Delaware law.

CONDITIONS TO THE EXCHANGE OFFER

The exchange offer is also subject to a number of conditions, all of which must be satisfied or waived by us prior to the expiration of the expiration of the exchange offer. These conditions are described below:

MINIMUM TENDER CONDITION

We cannot consummate the exchange offer unless, prior to the expiration of the exchange offer, there have been validly tendered and not withdrawn the number of shares of Net Perceptions common stock which represent at least 51% of the total number of outstanding shares of Net Perceptions common stock on a fully diluted basis. On a fully diluted basis means that the total number of outstanding shares is determined as though all options or other securities convertible into or exercisable or exchangeable for shares of Net Perceptions common stock had been so converted, exercised or exchanged as of the date that we accept the shares of Net Perceptions common stock for exchange pursuant to the exchange offer.

RIGHTS CONDITION

See "Comparison of Rights of Holders of Obsidian Enterprises Common Stock and Net Perceptions Common Stock" for a description of the Net Perceptions Rights Agreement. We cannot consummate the exchange offer unless the board of directors of Net Perceptions shall have taken action which would cause the share purchase rights to be inapplicable to the offer and the proposed merger or we have been satisfied, in our reasonable discretion, that the share purchase rights have been invalidated or are otherwise inapplicable to the exchange offer and the proposed merger. This condition may be satisfied in a number of ways, including the following:

- o we could file litigation and be successful in seeking, among other things, invalidation of the rights or the Rights Agreement, or an injunction requiring Net Perceptions's board of directors to redeem the rights. We have not yet filed such litigation.
- o Net Perceptions shareholders could demonstrate significant support for the exchange offer and proposed merger and convince the current board of Net Perceptions to redeem the rights, or the shareholders could

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

replace, the Net Perceptions board of directors with new directors who would, subject to fiduciary duties and successful challenges to the Rights Agreement, take such actions as may be necessary with respect to the share purchase rights so that the share purchase rights would not be triggered by the exchange offer or the proposed merger, or

- o the board of Net Perceptions may otherwise determine that the Rights Agreement is inconsistent with fulfilling their fiduciary duties and redeem the rights or amend the Net Perceptions Rights Agreement so the rights would not be triggered by the exchange offer and the proposed merger.

SECTION 203 CONDITION

Consummation of the exchange offer is conditioned upon our being satisfied, in our reasonable discretion, that Section 203 of the Delaware General Corporation Law is inapplicable to the exchange offer and the proposed merger.

In general, Section 203 prevents an "interested stockholder" (generally, a stockholder owning 15% or more of a corporation's outstanding voting stock or an affiliate or associate thereof) from engaging in a "business combination" (defined to include a merger or consolidation and certain other transactions) with a Delaware corporation for a period of three years following the time on which such stockholder became an interested stockholder unless (i) prior to such time the corporation's board of directors approved either the business combination or the transaction which resulted in such stockholder becoming an interested stockholder, (ii) upon consummation of the transaction which resulted in such stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the corporation's voting stock outstanding at the time the transaction commenced (excluding shares owned by certain employee stock plans and persons who are directors and also officers of the corporation) or (iii) at or subsequent to such time the business combination is approved by the corporation's board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock not owned by the interested stockholder.

The provisions of Section 203 do not apply to a Delaware corporation if, among other things, (i) such corporation amends its certificate of incorporation or bylaws to elect not to be governed by Section 203 by (in addition to any other required vote) the affirmative vote of a majority of the shares entitled to vote; provided that such amendment would not be effective until 12 months after its adoption and would not apply to any business combination between such corporation and any person who became an interested stockholder on or prior to its adoption, (ii) such corporation does not have a class of voting stock that is listed on a national securities exchange, authorized for quotation on Nasdaq or held of record by more than 2,000 stockholders, unless any of the foregoing results from action taken, directly or indirectly, by an interested stockholder or from a transaction in which a person becomes an interested stockholder, or (iii) the business combination is proposed by an interested stockholder prior to the consummation or abandonment of, and subsequent to the earlier of the public announcement or the notice required under Section 203 of, any one of certain proposed transactions which is with or by a person who was not an interested stockholder during the previous three years or who became an interested stockholder with the approval of the corporation's board of directors and is approved or not opposed by a majority of the board of directors then in office who were directors prior to any person becoming an interested stockholder during the previous three years or were recommended for election to succeed such directors by a majority of such directors.

The exchange offer is subject to satisfaction of the Section 203 Condition,

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

which will be satisfied if, among other things, (i) prior to the acceptance for exchange of shares of Net Perceptions common stock pursuant to the exchange offer, the Company Board approves the exchange offer or the proposed merger or (ii) there are validly tendered prior to the expiration date and not withdrawn a number of shares of Net Perceptions common stock which, together with any then owned by us, would represent at least 85% of the shares of Net Perceptions common stock outstanding on the date hereof (excluding shares of Net Perceptions common stock owned by certain employee stock plans and persons who are directors and also officers of the Company).

We reserve the right to waive the Section 203 Condition, although there can be no assurance that we will do so, and we have not determined whether we would be willing to do so under any circumstances. If we waive the Section 203 Condition and exchange shares of Net Perceptions common stock pursuant to the exchange of Net Perceptions common stock or otherwise and Section 203 is applicable, we may nevertheless seek to consummate a merger or other business combination with the Company. We believe we would be able to cause the consummation of such a merger or other business combination if we own a majority of the outstanding shares of Net Perceptions common stock and (i) such merger or other business combination is approved by the board of directors of Net Perceptions and authorized at an annual or special meeting of stockholders of the Company, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding shares of Net Perceptions common stock not owned by us or our affiliates and associates; or (ii) such merger or other business combination occurs after the expiration of three years following the date we became an interested stockholder.

On the other hand, if we waive the Section 203 Condition and exchange shares of Net Perceptions common stock pursuant to the exchange offer or otherwise and are prevented by Section 203 from consummating a merger or other business combination with the Company, we may (i) determine not to seek to consummate such a merger or other business combination, (ii) seek to acquire additional shares of Net Perceptions common stock in the open market, pursuant to privately negotiated transactions or otherwise, at prices that may be higher, lower or the same as the value of our shares of common stock that we are offering to exchange or (iii) seek to effect one or more alternative transactions with or by the Company. We have not determined whether we would take any of the actions described above under such circumstances.

We are hereby requesting that the board of directors of Net Perceptions approves the exchange offer and takes any other action necessary to render Section 203 inapplicable to a merger or other business combination with Net Perceptions. There can be no assurance that the board of directors of Net Perceptions will grant such approval or take such other action.

OTHER CONDITIONS TO THE EXCHANGE OFFER

Notwithstanding any other provision of the exchange offer, we shall not be required to accept for exchange or exchange any tendered shares of Net Perceptions common stock, may postpone the acceptance for exchange or exchange of any tendered shares of Net Perceptions common stock, and may, in our sole discretion, terminate or amend the exchange offer as to any shares of Net Perceptions common stock not then exchanged, if at the expiration date, any of the Minimum Tender Condition, the Rights Condition, the Section 203 Condition or any of the other conditions to the exchange offer set forth in clauses (a) through (k) below has not been satisfied or, in the case of any condition other than the conditions set forth in clauses (a) or (b) below, waived.

The other conditions to the exchange offer are as follows:

- (a) the registration statement of which this prospectus is a part shall

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

have become effective under the Securities Act, and no stop order suspending the effectiveness of the registration statement or a proceeding seeking a stop order shall have been issued nor shall there have been proceedings for that purpose initiated or threatened by the SEC, and we shall have received all necessary state securities law or blue sky authorizations;

- (b) no temporary restraining order, preliminary or permanent injunction or other order or decree issued by any court or agency of competent jurisdiction or other legal restraint or prohibition preventing the completion of the exchange offer, the proposed merger or any of the other transactions contemplated by the exchange offer shall be in effect, and no statute, rule, regulation, order, injunction or decree shall have been enacted, entered, promulgated or enforced by any court, administrative agency or commission or other governmental authority or instrumentality which prohibits, restricts or makes illegal the completion of the exchange offer or the proposed merger;
- (c) there shall not be pending or threatened any suit, action or proceeding by any governmental entity (i) challenging the exchange offer, seeking to restrain or prohibit the completion of the exchange offer or seeking to obtain from Net Perceptions or us any damages that are material in relation to Net Perceptions and its subsidiaries taken as a whole or us and our subsidiaries taken as a whole, (ii) seeking to prohibit or limit the ownership or operation by Net Perceptions or its subsidiaries or us or any of our subsidiaries of any material portion of the business or assets of Net Perceptions or its subsidiaries or us or any of our subsidiaries or to compel Net Perceptions or its subsidiaries or any of our subsidiaries to dispose of or hold separate any material portion of the business or assets of Net Perceptions or its subsidiaries or us or any of our subsidiaries as a result of our exchange offer, (iii) seeking to prohibit us from effectively controlling in any material respect the business or operations of Net Perceptions or (iv) which otherwise is reasonably likely to have a material adverse effect on us or Net Perceptions;
- (d) the class action lawsuit filed against against Net Perceptions, its current directors and unnamed defendants in the District Court, Fourth Judicial District, of the State Of Minnesota, County of Hennepin captioned Don Blakstad, on Behalf of Himself and All others Similarly Situated, vs. Net Perceptions, Inc., John F. Kennedy, Ann L. Winblad, John T. Riedl and Does 1-25, inclusive, File No. 03-17820 shall have been resolved to our satisfaction;
- (e) no change shall have occurred or been threatened in the business, properties, assets, liabilities, capitalization, shareholders' equity, condition (financial or otherwise), operations, licenses or franchises, results of operations or prospects of Net Perceptions or any of its subsidiaries that, in our reasonable judgment, is or is reasonably likely to have a materially adverse effect to Net Perceptions or any of its subsidiaries, nor shall we have become aware of any facts that, in its our reasonable judgment, have or are reasonably likely to have material adverse significance with respect to either the value of Net Perceptions or any of its subsidiaries or the value of the common stock of Net Perceptions to us;
- (f) there shall not have occurred or been threatened (i) any general suspension of trading in, or limitation on prices for, securities on any national securities exchange or in the over-the-counter market in the United States, (ii) any extraordinary or material adverse change in the financial markets or major stock exchange indices in the United States or abroad or in the market price of the shares of Net

- (j) we become aware (i) that any material contractual right of Net Perceptions or any of its subsidiaries has been impaired or otherwise adversely affected or that any material amount of indebtedness of Net Perceptions or any of its subsidiaries has been accelerated or has otherwise become due or become subject to acceleration prior to its stated due date, in each case with or without notice or the lapse of time or both, as a result of or in connection with the exchange offer or the consummation by us or any of our subsidiaries or affiliates of a merger or other similar business combination involving Net Perceptions or (ii) of any covenant, term or condition in any instrument or agreement of Net Perceptions or any of its subsidiaries that, in our judgment, has or may have material adverse significance with respect to either the value of Net Perceptions or any of its affiliates or the value of the shares of Net Perceptions common stock to us or any of our affiliates (including, without limitation, any event of default that may ensue as a result of or in connection with the exchange offer, the acceptance for payment of or payment for some or all of the shares of Net Perceptions common stock by us or our consummation of a merger or other similar business combination involving the Net Perceptions); or
- (k) Net Perceptions or any of its subsidiaries shall have (i) granted to any person proposing a merger or other business combination with or involving Net Perceptions or any of its subsidiaries or the purchase of securities or assets of Net Perceptions or any of its subsidiaries any type of option, warrant or right which, in our judgment, constitutes a "lock-up" device (including, without limitation, a right to acquire or receive any shares of Net Perceptions common stock or other securities, assets or business of Net Perceptions or any of its subsidiaries) or (ii) paid or agreed to pay any cash or other consideration to any party in connection with or in any way related to any such business combination or purchase; which, in our judgment, in any such case, and regardless of the circumstances (including any action or omission by us) giving rise to any such condition, makes it inadvisable to proceed with such acceptance for payment or payment.

The conditions listed above are solely for our benefit and we may assert them regardless of the circumstances giving rise to any of the conditions (including any action or inaction by us). We may waive any of these conditions in whole or in part (other than the conditions set forth in clauses (a) and (b) above). The determination as to whether any condition has been satisfied shall be in our reasonable judgment and will be final and binding on all parties. The failure by us at any time to exercise any of the foregoing rights shall not be deemed a waiver of any right and each right shall be deemed a continuing right which may be asserted at any time and from time to time prior to the expiration of the exchange offer.

Neither we, nor, to the best of our knowledge, any of our directors, executive officers or other affiliates has, since January 1, 2001, had any transaction with Net Perceptions or any of its executive officers, directors or affiliates where the aggregate value of the transaction exceeded \$60,000.

FEES AND EXPENSES

We have retained Acclaim Financial Group Venture III LLC ("AFGIII") to act as our strategic advisor in connection with the exchange offer and the proposed merger. AFGIII will receive reasonable and customary compensation for these services and will be reimbursed for out-of-pocket expenses, including reasonable expenses of counsel and other advisors. We have agreed to indemnify AFGIII and related persons against various liabilities and expenses in connection with its services as the strategic advisor, including various liabilities and expenses under the U.S. federal securities laws.

We have retained Innisfree M&A Incorporated as information agent in connection with our exchange offer. We will pay the information agent reasonable and customary compensation for these services in addition to reimbursing the information agent for its reasonable out-of-pocket expenses. In addition, we have retained StockTrans, Inc. as our exchange agent. Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

We will not pay any fees or commissions to any broker, dealer or other person for soliciting tenders of shares of Net Perceptions common stock pursuant to our exchange. We will reimburse brokers, dealers, commercial banks and trust companies and other nominees, upon request, for customary clerical and mailing expenses incurred by them in forwarding offering materials to their customers.

ACCOUNTING TREATMENT

The proposed merger will be accounted for using the "purchase" method of accounting under U.S. generally accepted accounting principles. Net Perceptions will be treated as the acquired corporation for such purposes. Net Perceptions's assets and liabilities will be adjusted to their estimated fair value on the closing date of the proposed merger and combined with the historical book values of our assets and liabilities. Applicable income tax effects of such adjustments will be included as a component of the combined entity's deferred tax asset or liability. The difference between the estimated fair value of the assets and liabilities (adjusted as discussed above) and the purchase price will be recorded as intangible assets, including goodwill. For further information concerning the amount of intangible assets to be recorded in connection with the proposed merger and any applicable amortization thereof, refer to the Notes to the Unaudited Pro Forma Condensed Combined Balance Sheets.

REGULATORY APPROVALS.

GENERAL.

Based on our examination of publicly available information filed by Net Perceptions with the SEC and other publicly available information concerning Net Perceptions, we are not aware of any governmental license or regulatory permit that appears to be material to Net Perceptions's business that might be adversely affected by our acquisition of shares pursuant to the exchange offer or, except as set forth below, of any approval or other action by any government or governmental administrative or regulatory authority or agency, domestic or foreign, that would be required for our acquisition or ownership of shares pursuant to the exchange offer. Should any such approval or other action be required or desirable, we currently contemplate that such approval or other action will be sought. There is, however, no current intent to delay the purchase of shares tendered pursuant to the exchange offer pending the outcome of any such matter. There can be no assurance that any such approval or other action, if needed, would be obtained (with or without substantial conditions) or that if such approvals were not obtained or such other actions were not taken adverse consequences might not result to Net Perceptions's business or certain parts of Net Perceptions's business might not have to be disposed of, any of which could cause us to elect to terminate the exchange offer without the purchase of shares thereunder. Our obligation under the offer to accept for payment and pay for shares is subject to the conditions set forth in "The Exchange Offer".

STATE TAKEOVER STATUTES

A number of states have adopted laws which purport, to varying degrees, to apply to attempts to acquire corporations that are incorporated in, or which have substantial assets, stockholders, principal executive offices or principal places of business or whose business operations otherwise have substantial economic effects in, such states. Net Perceptions conducts business in a number of states throughout the United States, some of which have enacted such laws. Except as described herein, we do not know whether any of these laws will, by

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

their terms, apply to the offer or any merger or other business combination between us or any of our affiliates and Net Perceptions, and we have not complied with any such laws. To the extent that certain provisions of these laws purport to apply to the offer or any such merger or other business combination, we believe that there are reasonable bases for contesting such laws.

In 1982, in *Edgar v. MITE Corp.*, the Supreme Court of the United States invalidated on constitutional grounds the Illinois Business Takeover Statute which, as a matter of state securities law, made takeovers of corporations meeting certain requirements more difficult. However, in 1987 in *CTS Corp. v. Dynamics Corp. of America*, the Supreme Court held that the State of Indiana could, as a matter of corporate law, constitutionally disqualify a potential acquiror from voting shares of a target corporation without the prior approval of the remaining stockholders where, among other things, the corporation is incorporated, and has a substantial number of stockholders, in the state. Subsequently, in *TLX Acquisition Corp. v. Telex Corp.*, a U.S. federal district court in Oklahoma ruled that the Oklahoma statutes were unconstitutional as applied to corporations incorporated outside Oklahoma in that they would subject such corporations to inconsistent regulations. Similarly, in *Tyson Foods, Inc. v. McReynolds*, a U.S. federal district court in Tennessee ruled that four Tennessee takeover statutes were unconstitutional as applied to corporations incorporated outside Tennessee. This decision was affirmed by the United States Court of Appeals for the Sixth Circuit. In December 1988, a U.S. federal district court in Florida held in *Grand Metropolitan PLC v. Butterworth* that the provisions of the Florida Affiliated Transactions Act and the Florida Control Share Acquisition Act were unconstitutional as applied to corporations incorporated outside of Florida.

If any government official or third party seeks to apply any state takeover law to the offer or any merger or other business combination between us or any of our affiliates and Net Perceptions, we will take such action as then appears desirable, which action may include challenging the applicability or validity of such statute in appropriate court proceedings. If it is asserted that one or more state takeover statutes is applicable to the exchange offer or any such merger or other business combination and an appropriate court does not determine that it is inapplicable or invalid as applied to the offer or any such merger or other business combination, we might be required to file certain information with, or to receive approvals from, the relevant state authorities or holders of shares, and we may be unable to accept for payment or pay for shares tendered pursuant to the exchange offer, or be delayed in continuing or consummating the offer or any such merger or other business combination. In such case, we may not be obligated to accept for payment or pay for any tendered shares. See "The Exchange Offer".

Any merger or other similar business combination that we propose would also have to comply with any applicable U.S. federal law. In particular, unless the shares were deregistered under the Exchange Act prior to such transaction, if such merger or other business combination were consummated more than one year after termination of the offer or did not provide for stockholders to receive cash for their shares in an amount at least equal to the price paid in the offer, we may be required to comply with Rule 13e-3 under the Exchange Act. If applicable, Rule 13e-3 would require, among other things, that certain financial information concerning Net Perceptions and certain information relating to the fairness of the proposed transaction and the consideration offered to minority stockholders in such a transaction be filed with the SEC and distributed to such stockholders prior to consummation of the transaction.

OVER THE COUNTER BULLETIN BOARD

Our common stock trades on the Over the Counter Bulletin Board. Following the exchange we intend to apply for inclusion on the NASDAQ SmallCap Market and

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

believe that we will satisfy the requirements for inclusion.

DESCRIPTION OF OBSIDIAN ENTERPRISES CAPITAL STOCK

The following description of the terms of our capital stock is not meant to be complete and is qualified by reference to our Certificate of Incorporation and certain Certificates of the Designations, Preferences, Rights and Limitations of preferred stock, which are incorporated by reference in this prospectus. See "Where Can I Find More Information?" beginning on page 58.

Obsidian Enterprises is currently authorized to issue 40,000,000 shares of common stock, par value \$0.0001 per share. As of December 12, 2003, 36,007,925 shares of our common stock were issued and outstanding. Our outstanding shares of common stock are fully paid and nonassessable, which means that the stockholders have paid their purchase price in full and we may not ask them for additional funds.

Obsidian Enterprises is authorized to issue 5,000,000 shares of preferred stock, par value \$0.001 per share, in one or more series. We have issued two series of preferred stock: Series C Preferred Stock ("Series C Preferred") and Series D Preferred Stock ("Series D Preferred"). As of October 10, 2003, 4,368,399 shares of our Series C Preferred and 118,688 shares of our Series D Preferred were issued and outstanding.

As a result of action taken at our recent stockholders meeting and by our Board of Directors, we will effect a 1 for 50 reverse stock split effective on February 16, 2004. As a result of the reverse stock split and the amendment to our Certificate of Incorporation, approximately 720,151 shares of our common stock will be outstanding and the number of authorized shares of common stock will be reduced to 10,000,000.

We anticipate that all of the shares of Series C Preferred and Series D Preferred will be converted to shares of common stock immediately following the effectiveness of the reverse stock split on February 16, 2004. As a result we anticipate that immediately after February 16, 2004, we will have 2,832,924 shares of common stock outstanding and no Series C Preferred or Series D Preferred outstanding.

DIVIDEND RIGHTS

The Delaware General Corporation Law provides that dividends may be paid on our common stock and on any class of stock entitled to participate with the common stock as to dividends, but only when and as declared by our board of directors. Holders of Series C Preferred and Series D Preferred are entitled to participate in dividends at the same rate as holders of our common stock.

VOTING RIGHTS

The Delaware General Corporation Law entitles each common stockholder to one vote for each share of common stock held by a stockholder of record. Holders of our common stock do not have the right of cumulative voting for the election of directors or for any other purpose.

Except where the Delaware General Corporation Law requires voting by separate classes, holders of both series of preferred stock and holders of the common stock vote together as a single class. Holders of Series C Preferred and Series D Preferred vote their shares as if they had been converted to common stock, as described below. Accordingly, Series C Preferred has 20 votes per share and Series D Preferred has 175 votes per share.

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

LIQUIDATION RIGHTS

Pursuant to the Delaware General Corporation Law, if Obsidian Enterprises liquidates, dissolves or winds up its business, holders of our common stock are in equal standing with holders of Series C Preferred and Series D Preferred and are entitled to receive all remaining assets available for distribution to shareholders after satisfaction of our liabilities. Holder of Series C Preferred and Series D Preferred participate in any such event as if their shares had already been converted to common stock, as described below.

PREEMPTION RIGHT AND SINKING FUND OR REDEMPTION

Holders of common stock have no preemptive rights to purchase or subscribe for shares of any class, or series thereof, of stock of Obsidian Enterprises. The common stock and both series of preferred stocks are not entitled to any sinking fund or redemption provisions.

CONVERSION PROVISIONS

The common stock is not entitled to any conversion rights. Each share of Series C Preferred Stock is convertible into 20 shares of common stock, at the option of the holder. Each share of Series D Preferred Stock is convertible into 175 shares of common stock, at the option of the holder.

ANTI-TAKEOVER PROVISIONS

We are subject to the provisions of Section 203 of the Delaware General Corporation Law. In general, the statute prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, unless the business combination is approved in a prescribed manner. For purposes of Section 203, a business combination includes a merger, asset sale or other transaction resulting in a financial benefit to the interested stockholder. Under Section 203, an interested stockholder generally is defined as a person who, together with affiliates and associates, owns (or within the three prior years did own) 15% or more of the corporation's outstanding voting stock.

Additionally, our board may, without further actions by our shareholders, from time to time, direct the issuance of additional preferred stock in series and may, at the time of issuance, determine the rights, preferences and limitations of each series. Satisfaction of any dividend preferences of outstanding preferred stock would reduce the amount of funds available for the payment of dividends on our common stock. Holders of preferred stock may be entitled to receive a preference payment in the event of any liquidation, dissolution or winding up of Obsidian before any payment is made to the holders of our common stock. The issuance of preferred stock may render more difficult or tend to discourage a merger, tender offer or proxy contest, the assumption of control by a holder of a large block of our securities or the removal of incumbent management. The board, without shareholder approval, may issue preferred stock with voting and conversion, exchange or other special rights, which could adversely affect the holders of our common stock.

We currently have two series of preferred stock outstanding. As described in detail above, we anticipate that all of the shares of Series C Preferred and Series D Preferred will be converted to shares of common stock immediately following the effectiveness of the reverse stock split on February 16, 2004. As

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

a result we anticipate that immediately after February 16, 2004, we will have 2,832,924 shares of common stock outstanding and no Series C Preferred or Series D Preferred outstanding.

Delaware law and the ability of the board to issue additional preferred stock may have the effect of deterring hostile takeovers or delaying changes in control of our management, which could depress the trading price of our common stock.

COMPARISON OF RIGHTS OF HOLDERS OF OBSIDIAN ENTERPRISES COMMON STOCK AND NET PERCEPTIONS COMMON STOCK

SHAREHOLDER ACTION BY WRITTEN CONSENT

OBSIDIAN ENTERPRISES

Our bylaws provide for action by unanimous written consent of the shareholders in lieu of a meeting.

NET PERCEPTIONS

Net Perceptions's certificate of incorporation and bylaws specifically state that, unless otherwise provided by law, any action required or permitted to be taken by the stockholders must be taken at an annual or special meeting of such stockholders and may not be effected by any written consent.

SPECIAL VOTING REQUIREMENTS

The Delaware General Corporation Code provides that an agreement of merger or consolidation shall be submitted to the stockholders of each constituent corporation at an annual or special meeting for the purpose of acting on the agreement, and further provides that due notice of the time, place and purpose of the meeting shall be mailed to each holder of stock, whether voting or nonvoting, of the corporation at the stockholder's address as it appears on the records of the corporation, at least 20 days prior to the date of the meeting. The notice shall contain a copy of the agreement or a brief summary thereof, as the directors shall deem advisable. At the meeting, the agreement shall be considered and a vote taken for its adoption or rejection. If a majority of the outstanding stock of the corporation entitled to vote thereon shall be voted for the adoption of the agreement, that fact shall be certified on the agreement by the secretary or assistant secretary of the corporation.

OBSIDIAN ENTERPRISES

Our certificate of incorporation is silent regarding approval of plans of merger or share exchange.

NET PERCEPTIONS

Net Perceptions's certificate of incorporation is silent regarding approval by holders of common stock of plans of merger or share exchange.

AMENDMENTS OF CERTIFICATE OF INCORPORATION

The Delaware General Corporation Law provides that after a corporation has received payment for any of its capital stock, it may amend its certificate of incorporation, from time to time, in any and as many respects as may be desired, so long as its certificate of incorporation as amended would contain only such

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

provisions as it would be lawful and proper to insert in an original certificate of incorporation filed at the time of the filing of the amendment; and, if a change in stock or the rights of stockholders, or an exchange, reclassification, subdivision, combination or cancellation of stock or rights of stockholders is to be made, such provisions as may be necessary to effect such change, exchange, reclassification, subdivision, combination or cancellation.

OBSIDIAN ENTERPRISES

Our certificate of incorporation is silent regarding requirements for amending Obsidian Enterprises' certificate of incorporation.

NET PERCEPTIONS

Net Perceptions's certificate of incorporation requires that the affirmative vote of the holders of at least 75% of the voting power of all of the then outstanding shares of the capital stock of Net Perceptions, voting together as a single class, to amend or repeal any provision of the Net Perceptions's certificate of incorporation, except that only a majority of voting power is required to approve an amendment or repeal of the articles of Net Perceptions certificate of incorporation related to the corporation's name, address and nature or business purpose.

AMENDMENTS OF BYLAWS

OBSIDIAN ENTERPRISES

Our certificate of incorporation provides that the board of directors is authorized to alter amend or repeal the bylaws or to adopt new bylaws. Our bylaws further provide that shareholders entitled to vote in the election of directors may amend or repeal the bylaws or adopt new bylaws, and may amend or repeal any bylaws adopted by the board of directors.

NET PERCEPTIONS

Net Perceptions's bylaws provide that the bylaws may be amended, altered, added to, rescinded or repealed at any meeting of the board of directors or of the stockholders, provided that notice of the proposed change was given in the notice of the meeting and, in the case of a meeting of the board of directors, in a notice given no less than twenty-four (24) hours prior to the meeting; provided, however, that notwithstanding any other provisions of the bylaws or any provision of law which might otherwise permit a lesser vote or a no vote, but in addition to any affirmative vote of the holders of any particular class or series of the stock required by the law, the certificate of incorporation or the bylaws, the affirmative vote of the holders of at least eighty percent (80%) of the voting power of the then outstanding voting stock, voting together as a single class, shall be required in order for the stockholders to alter, amend or repeal any provision of the bylaws or to adopt any additional bylaw.

EXERCISABILITY OF NET PERCEPTIONS'S PREFERRED STOCK PURCHASE RIGHTS

The following description of the Rights is based upon publicly available documents. This description does not purport to be complete and is qualified in its entirety by reference to the Rights Agreement which is filed as Exhibit 1 to Net Perceptions's registration statement on Form 8-A12G, filed with the SEC on June 6, 2001.

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

On June 1, 2001, Net Perceptions's Board declared a dividend distribution of one Right for each outstanding share of common stock of Net Perceptions, par value \$0.0001 per share (the "Common Stock"). The dividend was paid to stockholders of record at the close of business on June 14, 2001. As described in the Rights Agreement dated June 1, 2001, between Net Perceptions and Wells Fargo Bank Minnesota, N.A., as Rights Agent, each Right entitled the registered holder to purchase from Net Perceptions a unit consisting of one one-thousandth of a share of Series A Junior Participating Preferred Stock, par value \$0.0001 per share (the "Series A Preferred Stock"). The Rights issued were registered pursuant to ss.12(g) of the Exchange Act on a Registration Statement Form 8-A12G filed with the SEC on June 6, 2001.

The Rights will be evidenced by Common Stock certificates and not by separate certificates ("Rights Certificates") until the earlier of: (i) the close of business on the tenth business day after the first public announcement that a person or group of affiliated or associated persons has acquired beneficial ownership of 15% or more of the outstanding Common Stock (an "Acquiring Person") or (ii) the close of business on the tenth business day following the commencement of a tender or exchange offer the consummation of which would result in a person or group becoming an Acquiring Person. The earlier of such dates is referred to as the "Distribution Date."

As soon as practicable following the Distribution Date, separate Rights Certificates will be mailed to holders of record of the Common Stock as of the close of business on the Distribution Date and such separate Rights Certificates alone will evidence the Rights as of and after the Distribution Date. The Rights will expire on the earliest of (i) June 14, 2011 (the "Final Expiration Date"), (ii) the time at which the Rights are redeemed as described below, or (iii) the time at which Net Perceptions's Board orders the exchange of the Rights.

Following the Distribution Date, and until one of the further events described below, holders of the Rights will be entitled to receive, upon exercise and the payment of \$15.00 per Right (adjusted from time to time as described below, the "Purchase Price"), one one-thousandth of a share of the Series A Preferred Stock.

Unless the Rights are earlier redeemed, following any person becoming an Acquiring Person, each holder of a Right which has not theretofore been exercised (other than Rights beneficially owned by the Acquiring Person, which will thereafter be void) will thereafter upon exercise at the then-current Purchase Price have the right to receive, in lieu of one one-thousandth of a share of the Series A Preferred Stock, Common Stock (or, in certain circumstances as determined by Net Perceptions's Board, cash, other property or securities) having a value equal to the then-current Purchase Price multiplied by the number of one one-thousandths of a share of Series A Preferred Stock to which that person would have been entitled immediately prior to the occurrence of a person becoming an Acquiring Person and divided by 50% of the Current Market Price, calculated by taking the average of the daily closing prices per share of such Common Stock for the thirty (30) consecutive trading days immediately prior to such date. Notwithstanding the foregoing, the Rights shall not be exercisable, following a person becoming an Acquiring Person, until Net Perceptions's right of redemption has expired, as described below.

Similarly, unless the Rights are earlier redeemed, in the event that, after the Share Acquisition Date (as defined below), (i) Net Perceptions is acquired in a merger or other business combination transaction, or (ii) 50% or more of Net Perceptions's consolidated assets, cash flow or earning power are sold, Net Perceptions will make proper provision so that each holder of a Right which has not theretofore been exercised (other than Rights beneficially owned by the Acquiring Person, which will thereafter be void) will thereafter have the right to receive, upon exercise at the then-current Purchase Price, shares of common stock of the acquiring company having a value equal to the then-current Purchase

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

Price multiplied by the number of one one-thousandths of a share of Series A Preferred Stock to which that person would have been entitled immediately prior to the occurrence of a person becoming an Acquiring Person and divided by 50% of the Current Market Price, calculated by taking the average of the daily closing prices per share of such common stock of the acquiring company for the thirty (30) consecutive trading days immediately prior to such date.

At any time after the acquisition by an Acquiring Person of 15% or more of Net Perceptions's outstanding Common Stock and prior to the acquisition by such Acquiring Person of 50% or more of the outstanding Common Stock, Net Perceptions's Board may exchange the Rights (other than Rights owned by the Acquiring Person) in whole or in part, at an exchange ratio of one share of Common Stock per Right.

At any time on or prior to the earlier of (i) the close of business on the tenth day following the date of the first public announcement that an Acquiring Person has become such (the "Stock Acquisition Date") or (ii) the Final Expiration Date, the Company may redeem the Rights in whole, but not in part, at a redemption price of \$0.01 per Right.

The Purchase Price, the number of Rights, and the number of Preferred Stock or other securities or property issuable upon exercise of the Rights are subject to adjustment from time to time, in connection with the dilutive issuance by Net Perceptions as set forth in the Rights Agreement. With certain exceptions, no adjustment in the Purchase Price will be required until cumulative adjustments require an adjustment of at least 1% in such Purchase Price.

No fractional portion of less than integral multiples of one share of Common Stock will be issued upon exercise of a Right and in lieu thereof, an adjustment in cash will be made based on the market price of the Common Stock on the last trading date prior to the date of exercise.

Until a Right is exercised, the holder thereof, as such, will have no rights as a stockholder of Net Perceptions (other than any rights resulting from such holder's ownership of Common Stock), including, without limitation, the right to vote or to receive dividends.

The provisions of the Rights Agreement may be supplemented or amended in any manner prior to the close of business on the Distribution Date without the approval of the Rights holders. After the Distribution Date, the provisions of the Rights Agreement may be amended without the approval of Rights holders only in order to cure any ambiguity, defect or inconsistency, to make changes which do not adversely affect the interests of the Rights holders (excluding the interests of any Acquiring Person), or to shorten or lengthen any time period under the Rights Agreement; provided, however, that no amendment to lengthen the time period governing redemption shall be made at such time as the Rights are not redeemable. Notwithstanding anything in the Rights Agreement to the contrary, the Rights Agreement may not be amended at a time when the Rights are not redeemable.

Series A Preferred Stock purchasable upon exercise of the Rights will not be redeemable. Each share of Series A Preferred Stock will be entitled to a cumulative dividend equal to the greater of \$0.01 or 1,000 times the dividend on Common Stock. In the event of liquidation, the holders of the Series A Preferred Stock will be entitled to a minimum preferential liquidation payment equal to \$1,000 per share, plus an amount equal to accrued and unpaid dividends and distributions thereon. Each share of Series A Preferred Stock will have 1,000 votes, voting together with the Common Stock. In the event of any merger, consolidation or other transaction in which the shares of Common Stock are charged or exchanged, each share of Series A Preferred Stock will be entitled to receive 1,000 times the amount received per share of Common Stock.

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

Because of the nature of the dividend, liquidation and voting rights of the shares of Series A Preferred Stock, the value of one one-thousandth interest in a share of Series A Preferred Stock purchasable upon exercise of each Right should approximate the value of one share of Common Stock.

The exchange offer is conditioned upon, among other things, Net Perceptions's Board redeeming the Rights prior to the issuance of any Series A Preferred Stock, or our being satisfied, in our reasonable discretion, that the Rights have been invalidated or are otherwise inapplicable to the exchange offer and the merger of Net Perceptions and Obsidian (or one of our subsidiaries) as described herein.

Unless the Rights Condition is satisfied, Net Perceptions's stockholders will be required to tender one Right (or, if the Right has been exercised, one one-thousandth of a share of Series A Preferred Stock) for each share of Common Stock tendered in order to effect a valid tender of Shares in accordance with the procedures set forth in Section o. Unless the Distribution Date occurs, a tender of Common Stock will also constitute a tender of the Rights.

Obsidian believes that, under the circumstances of the exchange offer and under applicable law, Net Perceptions's Board has a fiduciary obligation to redeem the Rights (or amend the Rights Agreement such that the exchange offer will not result in Obsidian becoming an Acquiring Person or otherwise trigger a Stock Acquisition Date), and Obsidian is hereby requesting that Net Perceptions's Board do so. However, there can be no assurance that Net Perceptions's Board will redeem the Rights (or amend the Rights Agreement).

NET PERCEPTIONS INFORMATION

Therefore, non-public information concerning Net Perceptions was not available to us for the purpose of preparing this prospectus, and we were not involved in the preparation of that information. We have no knowledge that would indicate that statements relating to Net Perceptions contained or incorporated by reference in this prospectus are inaccurate or incomplete.

We have requested that Net Perceptions provide us with information required for complete disclosure regarding the businesses, operations, financial condition and management of Net Perceptions. We will amend or supplement this prospectus to provide any and all information we receive from Net Perceptions, if we receive the information before our exchange offer expires and we consider it to be material, reliable and appropriate.

In particular, and without limitation, you will not be able to assert claims against Net Perceptions's auditors under Section 11 of the Securities Act for any untrue statement of a material fact contained in Net Perceptions's consolidated financial statements which appear in its Annual Report on Form 10-K for the year ended December 31, 2002 or any omission to state a material fact required to be stated therein.

UNAUDITED CONDENSED PRO FORMA COMBINED FINANCIAL STATEMENTS

The following selected unaudited condensed pro forma balance sheet is derived from the balance sheets of Obsidian Enterprises, Inc. as of July 31, 2003 and Net Perceptions as of September 30, 2003. The unaudited pro forma balance sheets reflect Obsidian's purchase of Net Perceptions using the purchase method of accounting and assumes that such acquisition was consummated as of July 31, 2003. The following unaudited condensed pro forma combined statements of operations for the nine months ended July 31, 2003 and the year ended December 31, 2003 give effect to the acquisition of Net Perceptions as if it occurred at the beginning of the periods presented.

The adjustments necessary to fairly present the unaudited condensed pro forma combined financial data have been made based on available information and in the opinion of management are reasonable. Assumptions underlying the pro forma adjustments are described in the accompanying notes, which should be read in conjunction with this unaudited condensed pro forma combined financial data.

The unaudited condensed pro forma combined financial data is for comparative purposes only and does not purport to represent what Obsidian's financial position or results of operations would actually have been had the events noted above in fact occurred on the assumed dates or to project the financial position or results of operations of Obsidian for any future date or future period. The unaudited condensed pro forma combined financial data should be read in conjunction with the notes hereto and other information included elsewhere in this prospectus.

Because no determination has been made by Obsidian's management to either continue operating the remaining business of Net Perceptions or to dispose of it, two separate pro forma presentations of operating data have been prepared. Because Obsidian has not been able to perform any due diligence regarding the fair value of Net Perceptions's operating assets, the pro forma balance sheets under either course of action are not materially different at this time. Therefore, only one pro forma balance sheet has been presented. However, upon completing such due diligence and determining the value of such operating assets, the pro forma balance sheets for either course of action will most likely be materially different. Furthermore, once the final determination is made of the fair values acquired and the final purchase price allocation is made, the pro forma operating data as presented will change and such change could be material.

Dissenters' Appraisal Rights

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

Delaware General Corporation Law

Section 262 of the Delaware General Corporation Law states:

sec. 262 Appraisal Rights

- (a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to sec. 228 of this title will be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a stock corporation and also a member of record of a nonstock corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words and also membership or membership interest of a member of a nonstock corporation; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in one or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.
- (b) Appraisal rights will be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to sec. 251 (other than a merger effected pursuant to sec. 251(g) of this title), sec. 252, sec. 254, sec. 257, sec. 258, sec. 263 or sec. 264 of this title:
- (1) Provided, however, that no appraisal rights under this section will be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of and to vote at the meeting of stockholders to act upon the agreement of merger or consolidation, were either (i) listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the national Association of Securities Dealers, Inc. or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights will be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in subsection (f) of sec. 251 of this title.
- (2) Notwithstanding paragraph (1) of this subsection, appraisal rights under this section will be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to sec. 251, 252, 254, 257, 258, 263 and 264 of this title to accept for such stock anything except:
- a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

- b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or held of record by more than 2,000 holders;
 - c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a. and b. of this paragraph; or
 - d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a., b. and c. of this paragraph.
- (3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under sec. 253 of this title is not owned by the parent corporation immediately prior to the merger, appraisal rights will be available for the shares of the subsidiary Delaware corporation.
- (c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section will be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.
- (d) Appraisal rights shall be perfected as follows:
- (1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for such meeting with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) hereof that appraisal rights are available for any or all of the shares of the constituent corporations, and will include in such notice a copy of this section. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation will notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

- (2) If the merger or consolidation was approved pursuant to sec. 228 or sec. 253 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within 10 days thereafter shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholder of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

shall be the close of business on the day next preceding the day on which the notice is given.

- (e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) hereof and who is otherwise entitled to appraisal rights, may file a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement will be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) hereof, whichever is later.
- (f) Upon the filing of any such petition by a stockholder, service of a copy thereof will be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by one or more publications at least one week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.
- (g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

comply with such direction, the Court may dismiss the proceedings as to such stockholder.

- (h) After determining the stockholders entitled to an appraisal, the Court shall appraise the shares, determining their fair value exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with a fair rate of interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. In determining the fair rate of interest, the Court may consider all relevant factors, including the rate of interest which the surviving or resulting corporation would have had to pay to borrow money during the pendency of the proceeding. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, permit discovery or other pretrial proceedings and may proceed to trial upon the appraisal prior to the final determination of the stockholder entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.
- (i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Interest may be simple or compound, as the Court may direct. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.
- (j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.
- (k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section,

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal will cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery will be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just.

- (1) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.

Part II. Information Not Required In Prospectus

Item 20. Indemnification Of Directors And Officers.

Section 145 of the Delaware General Corporation Law allows for indemnification of any person who has been made, or threatened to be made, a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative by reason of the fact that he or she is or was serving as a director, officer, employee or agent of the registrant or by reason of the fact that he or she is or was serving at the request of the registrant as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise. In certain circumstances, indemnity may be provided against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement if the person acted in good faith and in the manner reasonably believed by him to be in, or not opposed to, the best interests of the registrant and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. In any proceeding by or in the right of the registrant, no indemnification may be made if the person is found to be liable to the

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

corporation, unless and only to the extent the court in which the proceeding is brought or the Delaware Court of Chancery orders such indemnification.

Section 102(b)(7) of the Delaware Corporation Law provides that a certificate of incorporation may contain a provision eliminating or limiting the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director provided that such provision shall not eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 (relating to liability for unauthorized acquisitions or redemptions of, or dividends on, capital stock) of the Delaware General Corporation Law, or (iv) for any transaction from which the director derived an improper personal benefit.

The Certificate of Incorporation of Obsidian Enterprises provides that we will, to the fullest extent permitted by the Delaware General Corporation Law, as the same exists or may hereafter be amended, indemnify any and all persons we have the power to indemnify under such law from and against any and all of the expenses, liabilities or other matters referred to in or covered by such law. Such indemnification may be provided pursuant to any Bylaw, agreement vote of stockholders or disinterested directors or otherwise, both as to action in his director or officer capacity and as to action in another capacity while holding such office, will continue as to a person who has ceased to be a director, officer, employee or agent, and will inure to the benefit of the heirs, executors and administrators of such a person.

If a claim under the preceding paragraph is not paid in full by Obsidian Enterprises within 30 days after a written claim has been received by us, the claimant may at any time thereafter bring suit against us to recover the unpaid amount of the claim and, if successful in whole or in part, the claimant will be entitled to be paid also the expense of prosecuting such claim. It will be a defense to any such action (other than an action brought to enforce a claim for expenses incurred in defending any proceeding in advance of its final disposition where the required undertaking, if any is required, has been tendered to us) that the claimant has not met the standards of conduct that make it permissible under the laws of the State of Delaware for us to indemnify the claimant for the amount claimed, but the burden of proving such defense will be on Obsidian Enterprises. Neither our failure (including our Board of Directors, independent legal counsel, or our stockholders) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he has met the applicable standard of conduct set forth in the laws of the State of Delaware nor an actual determination by us (including our Board of Directors, independent legal counsel, or our stockholders) that the claimant has not met such applicable standard of conduct, will be a defense to the action or create a presumption that the claimant has not met the applicable standard of conduct.

To the fullest extent permitted by the laws of the State of Delaware as the same exist or may hereafter be amended, a director of Obsidian Enterprises will not be liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director.

[The Company has a directors and officers liability insurance policy that will reimburse the Company for any payments that it shall make to directors and officers pursuant to law or the indemnification provisions of its Restated Certificate of Incorporation and that will, subject to certain exclusions contained in the policy, further pay any other costs, charges and expenses and settlements and judgments arising from any proceeding involving any director or officer of the Company in his or her past or present capacity as such, and for which he may be liable, except as to any liabilities arising from acts that are deemed to be uninsurable.]

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Company pursuant to the foregoing provisions, the Company has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable.

The foregoing statements are specifically made subject to the detailed provisions of the Delaware General Corporation Law and the Certificate of Incorporation of Obsidian Enterprises.

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

The undersigned Registrant hereby undertakes:

- (A) (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933.
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (B) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (C) To respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this form, within one business day of receipt

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form S-4

of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

- (D) To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
- (E) That prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.
- (F) That every prospectus: (i) that is filed pursuant to paragraph (E) immediately preceding, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Securities Act of 1933 and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that, in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
