The Fund adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements ("FAS 157"), effective January 1, 2008. In accordance with FAS 157, fair value is defined as the price that the Fund would receive upon selling an investment in a timely transaction to an independent buyer in the principal or most advantageous market of the investment. FAS 157 established a three-tier hierarchy to maximize the use of observable market data and minimize the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk, for example, the risk inherent in a particular valuation technique used to measure fair value including such a pricing model and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs are inputs the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized in the three broad Levels listed below.

- o Level 1 - quoted prices in active markets for identical investments
- o Level 2 - other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)
- o Level 3 - significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used as of September 30, 2008 in valuing the Fund's investments carried at value:

Edgar Filing: CORNERSTONE PROGRESSIVE RETURN FUND - Form N-Q

VALUATION INPUTS	INVESTMENTS IN SECURITIES	OTHER FINANCIAL INSTRUMENTS*
Level 1 - Quoted Prices	\$ 90,660,387	\$ -
Level 2 - Other Significant Observable Inputs	8,976,723	-
Level 3 - Significant Unobservable Inputs	-	-
TOTAL	\$ 99,637,110	\$ -

* Other financial instruments include futures, forwards and swap contracts.

The Fund did not have any assets or liabilities that were measured at fair value on a recurring basis using significant unobservable inputs (Level 3) at September 30, 2008.
