This proxy statement, which is first being mailed to shareholders on or about February 3, 2004, has been prepared in connection with the solicitation by the Board of Directors of Esterline Technologies Corporation (the "Company") of proxies in the accompanying form to be voted at the 2004 annual meeting of shareholders of the Company to be held on Wednesday, March 3, 2004, at 10:00 a.m., at the Harbor Club-Bellevue, 777 108

th Avenue NE, Bellevue, Washington, and at any adjournment or postponement thereof. The Company's principal executive office is at 500 108th Avenue NE, Bellevue, Washington 98004.

The cost of this solicitation will be borne by the Company. In addition to solicitation by mail, officers and employees of the Company may, without additional compensation, solicit the return of proxies by telephone, telegram, messenger, facsimile transmission or personal interview. Arrangements may also be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to their principals, and the Company may reimburse such persons for their expenses in so doing. Furthermore, the Company has retained MacKenzie Partners, Inc. to provide proxy solicitation services for a fee of \$5,000, plus reimbursement of its out-of-pocket expenses.

Any proxy given pursuant to the solicitation may be revoked at any time prior to being voted. A proxy may be revoked by the record holder or other person entitled to vote (a) by attending the meeting in person and voting the

shares, (b) by executing another proxy dated as of a later date or (c) by notifying the Secretary of the Company in writing, at the Company's address set forth on the notice of the meeting, provided that such notice is received by the Secretary prior to the meeting date. All shares represented by valid proxies will be voted at the meeting. Proxies will be voted in accordance with the specification made therein or, in the absence of specification, in accordance with the provisions of the proxy.

The Board of Directors has fixed the close of business on January 5, 2004, as the record date for determining the holders of common stock of the Company (the "Common Stock") entitled to notice of and to vote at the annual meeting. At the close of business on the record date there were outstanding and entitled to vote 21,106,090 shares of Common Stock, which are entitled to one vote per share on all matters which properly come before the annual meeting. A plurality of the shares of Common Stock present in person or represented by proxy at the meeting is required for the election of directors. The affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy at the meeting is required for approval of the adoption of the Company's 2004 Equity Incentive Plan. The presence in person or by proxy of the holders of record of a majority of the outstanding shares of Common Stock entitled to vote is required to constitute a quorum for the transaction of business at the meeting. The Common Stock is listed for trading on the New York Stock Exchange.

Votes cast by proxy or in person at the annual meeting will be tabulated by the inspectors of election appointed for the annual meeting. The inspectors of election will determine whether or not a quorum is present at the annual meeting. The inspectors of election will treat abstentions as shares of Common Stock that are present and entitled to vote for purposes of determining the presence of a quorum. Under certain circumstances, a broker or other nominee may have discretionary authority to vote certain shares of Common Stock if instructions have not been received from the beneficial owner or other person entitled to vote. If a broker or other nominee indicates on the proxy that it does not have instructions or discretionary authority to vote certain shares of Common Stock on a particular matter, those shares will not be considered as present for purposes of determining whether a quorum is present or whether a matter has been approved.

ELECTION OF DIRECTORS

Five directors are to be elected at the 2004 annual meeting of shareholders. Three directors will be elected to serve a three-year term expiring at the 2007 annual meeting or until his successor is elected and qualified. The fourth director will be elected to a one-year term that expires after the 2005 annual meeting. The fifth director will be elected to a two-year term that expires after the 2006 annual meeting. The Board of Directors recommends a vote FOR the director nominees named below.

Directors of the Company are elected for three-year terms that are staggered such that one-third of the directors is elected each year. In December 2003, by resolution of the Board of Directors, the number of authorized members of the Board was increased to eleven. The Board appointed Lewis E. Burns and James L. Pierce to fill the vacancies created by the expansion, classified Mr. Burns into the class of directors whose term expires at the 2005 annual meeting and classified Mr. Pierce into the class of directors whose term expires at the 2006 annual meeting. The current directors whose terms expire at the 2004 annual meeting are Richard R. Albrecht, John F. Clearman, and Jerry D. Leitman. Mr. Albrecht will reach the age of 72 prior to 2007. nd birthday.

In addition, E. John Finn and Wendell P. Hurlbut have both advised the Board that they will retire as directors immediately after the conclusion of the 2004 annual meeting. Information as to each nominee and each director whose term will continue after the 2004 annual meeting is provided below. In the election of directors, any action other than a vote FOR the nominee will have the practical effect of voting against the nominee. Unless otherwise instructed, it is the intention of the persons named in the accompanying proxy to vote shares represented by properly executed proxies FOR the election of the nominees named below. The Board of Directors knows of no reason why any of the nominees will be unable or unwilling to serve. - (1) The grants were made pursuant to the Company's Amended and Restated 1997 Stock Option Plan. The exercise price of the options is equal to the fair market value of the Common Stock on the date of grant. The options vest at the rate of twenty-five percent per year on each of the first four anniversaries of the date of grant. The Amended and Restated 1997 Stock Option Plan provides that the aggregate exercise price of the options and the withholding tax applicable upon exercise (up to the 25% tax rate) may be paid through withholding of shares otherwise issuable upon exercise, which shares are valued at the market price per share on the date of exercise, but pursuant to Company policy, officers are not permitted to exercise their stock options through this withholding procedure. All options held by the Named Executive Officers will become immediately exercisable upon the consummation of certain events constituting a "change of control" of the Company, including (i) the acquisition by certain persons of 30% or more of the Company's voting shares, (ii) a merger or consolidation pursuant to which the Company's shareholders do not retain at least 70% of the voting power of the stock of the surviving entity, (iii) certain changes in the composition of the Company's Board of Directors, (iv) the liquidation or dissolution of the Company or (v) the sale of all or substantially all of the Company's assets other than a sale to an entity, at least 70% of the combined voting power of the voting securities of which are owned by the shareholders of the Company in substantially the same proportion as their ownership of the Company immediately prior to such sale.
- (2) These grants were made in December 2002.
- (3) The potential realizable value is based on the assumption that the stock price for the Common Stock appreciates at the annual rate shown (compounded annually) from the date of grant until the end of the ten-year option term, as specified by the SEC. These assumed rates of annual stock price appreciation are specified by the rules of the SEC and are not intended to forecast possible future appreciation, if any, of the Company's stock price. Actual realizable value, if any, on stock option exercises depends on the future performance of the Common Stock as well as the option holder's continued employment with the Company.

- (1) The above awards were made pursuant to the Company's long-term incentive compensation plan which was instituted on November 1, 1999. Awards under the new plan are based on performance with respect to three groups of objectives: *Group I* - target earnings per share growth and target return on shareholders' equity; *Group II* - strategic operating performance objectives, which may be altered from time to time by the Committee; and *Group III* - relative earnings per share and return on equity as compared to a peer group of companies and industries. Each of the three groups of objectives is weighted equally and the plan provides for annual updating of objectives when the Committee deems appropriate. Partial payments are to be made based on performance with respect to each group of targets for each year. See "Compensation Committee Report--Long Term Incentive Plan."

Retirement Benefits

The Named Executive Officers are covered by a tax-qualified defined benefit retirement plan and a Supplemental Executive Retirement Plan ("SERP") which require an employee contribution of 1% of annual compensation. Under the plans, benefits accrue until retirement, subject to a 30-year maximum, with normal retirement at age 65. Under the tax-qualified defined benefit retirement plan, retirees are entitled to receive an annuity computed under a five-year average compensation formula, which includes salary, amounts earned under annual and long-term incentive compensation plans and amounts realized upon exercise of stock options, less expected Social Security benefits. The SERP provides benefits in excess of statutory limits and entitles retirees to receive an annuity computed under a restricted version of the five-year average compensation formula, which excludes amounts earned under the long-term

<PAGE> 11

incentive compensation plan and amounts realized upon exercise of stock options. The retirees may select either a life annuity or one of several alternative forms of payment with an equivalent actuarial value.

The approximate annual annuity payable upon retirement to the Named Executive Officers is shown in the following table. The amounts shown assume retirement at age 65. Benefits are integrated with Social Security based on the career average Social Security wage base in effect in 2003. To the extent the Social Security wage base is increased after 2003, the benefits payable under the retirement plan would be lower than the amounts shown.

As of the end of 2003, the Named Executive Officers had accumulated the following years of credited service: Mr. Cremin, 27; Mr. Barton 1.5; Mr. George, 6; Mr. Kring, 10; and Mr. Larson, 24. Pursuant to an arrangement approved by the Board of Directors, Mr. Cremin receives 1.28 years of credit for each year of service after September 29, 1996, until he ceases to be employed as the Company's Chief Executive Officer or until he reaches age 65 (which will result in Mr. Cremin having 30 years of credited service upon retirement from the Company after attaining age 65).

Termination Agreements

The Company has entered into termination protection agreements with the Named Executive Officers which are designed to induce them to remain in the employ of the Company or any successor company in the event of certain changes in ownership or control by assuring compensation benefits if an officer is terminated "Without Cause" or resigns for "Good Reason," as defined in the agreements. In the event of such termination within two years after a change in ownership or control, the agreements provide for lump sum payments equal to three times the average compensation received during the prior two years, payment of certain legal fees and expenses associated with the termination and insurance benefits for the remainder of the initial two-year period or until other full-time employment is accepted.

Compensation Committee Interlocks and Insider Participation

Wendell Hurlbut, a current member of the Company's Compensation Committee, was previously an officer of the Company. His most recent position was Chief Executive Officer, from which he retired in January 1999.

AUDIT COMMITTEE REPORT

The Audit Committee of the Company's Board of Directors consists of four non-employee directors, each of whom the Board has determined (i) meets the independence criteria specified by the SEC and the requirements of Sections 303.01(B)(3) and other applicable sections of the New York Stock Exchange Listing standards and (ii) is financially literate in accordance with the requirements of Section 303.01(B)(2) of the New York Stock Exchange Listing standards. A copy of the Audit Committee charter is attached to this proxy as Annex A.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The Audit Committee is responsible for overseeing the Company's financial reporting

<PAGE> 12

processes on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements relating to the fiscal year ended October 31, 2003 and discussed with management the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee discussed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters relating to the audit required to be discussed by Statements of Auditing Standards No. 61. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company and received the written disclosures from the independent auditors required by the Independence Standards Board Standard No. 1.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls,

and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended October 31, 2003 for filing with the Securities and Exchange Commission. The Audit Committee and the Board have also recommended the selection of the Company's independent auditors.

INDEPENDENT AUDITOR'S FEES

The aggregate fees billed by Ernst & Young LLP, the Company's independent auditors, in fiscal 2003 and 2002 were as follows:

Services Rendered	Fees	
	2003	2002
Audit services (1)	\$899,796	\$619,277
Audit-related services (2)	-	67,324
Tax services (3)	320,140	490,233
All other services	-	-

-
- (1) Includes professional services for the audit of the Company's annual financial statements, reviews of the financial statements included in the Company's Form 10-Q filings, services that are normally provided by the Company's independent auditor in connection with statutory and regulatory filings or engagements and services that generally only the independent auditor can reasonably provide, such as comfort letters, statutory audits, attest services, consents and assistance with and review of documents filed with the SEC.
- (2) Includes fees associated with assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements. This category includes fees related to assistance in financial due diligence related to mergers and acquisitions and consultation regarding generally accepted accounting principles.
- (3) Includes fees associated with tax compliance, tax advice and domestic and international tax planning. This category includes fees relating to tax planning on mergers and acquisitions, restructurings and other services related to tax disclosure and filing requirements.

<PAGE> 13

The Audit Committee has considered whether the provision of the above services other than audit services is compatible with maintaining Ernst & Young LLP's independence and has concluded that it is.

The Audit Committee has adopted procedures for pre-approving all audit and permissible non-audit services provided by the independent auditor. The Audit Committee may either pre-approve such services without consideration of specific case-by-case services ("general approval") or pre-approve specific services ("specific pre-approval"). Unless a type of service to be provided by the independent auditor has received general pre-approval, it will require specific pre-approval by the Audit Committee. For both types of pre-approval, the Audit Committee considers whether such services are consistent with the SEC's rules on auditor independence. The Audit Committee also considers whether the independent auditor is best positioned to provide the most effective and efficient services, for reasons such as familiarity with the Company's business, people, culture, accounting systems, risk profile and whether the services enhance the Company's ability to manage or control risks and improve audit quality.

All requests or applications for services to be provided by the independent auditor that do not require specific pre-approval by the Audit Committee will be submitted to the Chief Financial Officer and must include a detailed description of the services to be rendered. The Audit Committee will be informed on a timely basis of any such services rendered by the independent auditor. Requests or applications to provide services that require specific pre-approval by the Audit Committee will be submitted to the Audit Committee by both the independent auditor and the Chief Financial Officer and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence. The Audit Committee has designated the Corporate Controller to monitor the services provided by the independent auditor, to determine whether such services are in compliance with the pre-approval policy and to report the results of such monitoring to the Audit Committee on a periodic basis.

COMPENSATION COMMITTEE REPORT

Executive Compensation Principles

The Compensation Committee (the "Committee") is responsible for administering the compensation program for the executive officers of the Company. The Committee is composed exclusively of independent directors who are not eligible to participate in any of the Company's executive compensation programs.

The Company's executive compensation practices are based on principles designed to align executive compensation with Company objectives, business strategy, management initiatives and financial performance. In applying these principles, the Committee has established a program to:

- * Support a performance-oriented environment that rewards performance not only with respect to the Company's annual results, but also with respect to Company performance as compared to that of longer term industry performance levels.
- * Reward executives for long-term strategic management and the enhancement of shareholder value.
- * Attract and retain key executives critical to the success of the Company.

<PAGE> 14

Executive Compensation Program

Each executive's total compensation consists of both cash and equity-based compensation. The cash portion consists of salary, an annual incentive plan and a long-term incentive plan. The equity portion consists of awards under the Company's stock option plans.

Salary:

The Committee determines the initial salary for key executive officers based upon surveys of salaries for positions of comparable responsibility, taking into account competitive norms and the experience of the person being considered. Subsequent salary changes are based upon individual performance or changes in responsibilities. Through the use of external compensation survey data, the Committee targets pay levels for comparable positions in benchmark companies. These benchmark companies include major aerospace and other large corporations, as well as some of the companies in the S&P 500 and Aerospace and Defense Index used in the performance comparison graph in this proxy statement.

Annual Incentive Plan:

Award amounts payable under the annual incentive plan are initially computed at the beginning of the fiscal year based on a "target" award amount (stated as a percentage of the executive's base salary) and the achievement of certain performance measurement goals. The actual award amount can range from 0% to 150% of each executive's "target" award amount.

After "target" award amounts are computed, the Committee may, at its discretion, adjust the actual amount paid to each executive upward or downward by as much as 25% of the greater of the executive's computed award and the executive's target award amount. The ability of the Committee to make subjective adjustments to award amounts reflects the Committee's desire that the performance of the Company measured against the goals established at the beginning of the year reflect as fully as possible the achievements of management. No award may exceed 112.5% of the executive's base salary.

For 2003, the Committee selected earnings per share as the sole performance measurement goal. Award amounts computed under the plan formula ranged from 28% to 56% of base salary. The Committee did not make any discretionary adjustment to the award amounts.

Long-Term Incentive Plan:

The long-term incentive compensation plan covers the four fiscal year period ending in October 2003 and is based on three groups of objectives: *Group I* establishes target earnings per share growth and target return on shareholders' equity; *Group II* establishes strategic operating performance objectives for the Committee to monitor, which may be altered from time to time by the Committee; and *Group III* establishes relative earnings per share and return on equity performance measurements compared to a peer group of companies and industries. Each of the three groups of objectives is weighted equally, and the plan provides for annual updating of objectives when the Committee deems appropriate.

The plan contemplates partial payouts after the close of each fiscal year based on Committee evaluation of performance and based upon certain dollar targets established for each participant at the beginning of each fiscal year. These partial payouts are limited to 150% of base salary for each year an executive receives payments under the plan. For fiscal 2003, no earned payout to a plan participant exceeded 76% of base salary.

Stock Options:

Stock options, in conjunction with target award levels from the long-term incentive compensation plan, provide executives with competitive incentive opportunities. The Committee generally makes awards of stock options

approximately equal in value to the current salary of each senior executive. The Committee regularly reviews each such executive's situation and grants additional options periodically or in connection with promotions. The options are granted with an exercise price equal to the fair market value of the Common Stock on the date of grant and become

<PAGE> 15

exercisable after the expiration of a period of time. Typically each grant vests on an annual basis ratably over four years, and continues to be exercisable until ten years from the date granted. The options provide incentive for the creation of shareholder value over the long term, since the full benefit of the options cannot be realized unless the Common Stock appreciates during the term of the option.

Chief Executive Officer Compensation:

The Committee believes the CEO's compensation should be structured so the payouts from the annual incentive plan and the long-term incentive plan relate closely to the Company's performance. It has followed a policy of providing the CEO with a compensation package which, in addition to base salary, would pay cash incentives of up to 125% of base salary for achieving target Company performance. The Committee has separately reviewed the CEO's salary and participation levels in both the annual incentive plan and long-term incentive plan relative to the Company's fiscal 2003 performance, as measured by the previously established incentive compensation goals described above. In 2003, the CEO's award under the annual incentive plan was \$302,543 (56% of base salary), the earned portion of the long-term incentive plan was \$412,500 (76% of base salary), and the CEO's base salary was \$540,000. In December 2003, the Committee awarded the CEO options to purchase 55,000 shares of the Company's Common Stock at fair market value on the date of grant.

Additional Information:

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to a company's CEO or any of the four other most highly compensated officers. Certain performance-based compensation is specifically exempt from the deduction limit. The Committee generally intends to grant awards under the Company's stock option plans consistent with the terms of Section 162(m) so the awards will not be subject to the \$1 million limit. In other respects, the Committee generally intends to take actions in the future that may be necessary to preserve the deductibility of executive compensation to the extent reasonably practicable and consistent with the Company's ability to provide competitive compensation.

COMMON STOCK PRICE PERFORMANCE GRAPH

The following graph compares the cumulative total return to shareholders on the Common Stock during the fiscal years 1998 through 2003 with the cumulative total return of the Standard & Poor's 500 Stock Index, the Aerospace & Defense Smallcap Index, and the Standard & Poor's Smallcap 600 Index. The cumulative total return on the Company's Common Stock and each index assumes the value of each investment was \$100 on October 31, 1998, and that all dividends were reinvested. The measurement dates plotted below indicate the last trading date of each fiscal year shown. The stock price performance shown in the graph is not necessarily indicative of future price performance.

The closing market price of the Company's Common Stock on the New York Stock Exchange as reported on January 5, 2004, was \$27.38 per share.

APPROVAL OF COMPANY'S 2004 EQUITY COMPENSATION PLAN

The Board of Directors recommends a vote "for" this proposal.

The Board of Directors of the Company is seeking shareholder approval of the Esterline Technologies Corporation 2004 Equity Incentive Plan (the "2004 Plan"), which will replace the Company's Amended and Restated 1997 Stock Option Plan (the "1997 Plan"). The 2004 Plan provides for a broader variety of equity incentive awards than the 1997 Plan, which only permitted grants of nonqualified stock options, and includes updated provisions related to change of control and limitations on the number of shares that may be awarded under certain circumstances.

Up to 1,899,250 shares of Common Stock will be reserved for issuance under the 2004 Plan, all of which were previously reserved for issuance under the 1997 Plan. The Board believes that replacing the 1997 Plan with the 2004 Plan is necessary to enable the Company to continue to attract and retain valuable employees. If the Company's shareholders approve the 2004 Plan, effective upon the receipt of such approval, the 2004 Plan will become effective and the 1997 Plan will terminate.

<PAGE> 17

As of January 5, 2004, 92 of the Company's employees were participating in the 1997 Plan. At that date, options to purchase an aggregate of 1,260,000 shares of Common Stock were outstanding under the 1997 Plan, and 682,000 shares of Common Stock remained available for grant.

A copy of the 2004 Plan, as approved by the Board of Directors of the Company on December 4, 2003, is attached to this proxy statement as Annex B and is incorporated herein by reference. The following description of the 2004 Plan is a summary and does not purport to be a complete description. See Annex B for more detailed information.

If the 2004 Plan as proposed is not approved by the Company's shareholders, awards will continue to be made under the 1997 Plan as in effect, but no awards will be made pursuant to the 2004 Plan.

Description of the 2004 Plan

Purpose

The purpose of the 2004 Equity Incentive Plan is to attract, retain and motivate employees, officers and directors of the Company and its affiliates by providing them the opportunity to acquire a proprietary interest in the Company and to link their interests and efforts to the long-term interests of the Company's shareholders.

Administration - The Compensation Committee

The 2004 Plan is administered by the Compensation Committee of the Company's Board of Directors. The committee consists of at least two members, each of whom is a "non-employee director" as defined for purposes of Section 16 of the Securities Exchange Act of 1934 ("Section 16"), and an "outside director" as defined for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended ("Section 162(m)"). The committee has the authority to administer the plan, including, among other things, the power to select individuals to whom awards are granted, to determine the types of awards and the number of shares subject to each award, to set the terms, conditions and provisions of such awards, to cancel or suspend awards and to establish procedures pursuant to which the payment of any such awards may be deferred. The committee may delegate authority to administer the 2004 Plan with respect

to employees who are not executive officers or directors. The committee may also delegate to one or more of the Company's officers, to the extent permitted by Delaware law, the right to grant awards with respect to employees who are not officers or directors. Any action or determination specifically affecting or relating to an award to a non-employee director must be approved and ratified by the Company's Board of Directors.

Eligibility

Awards may be granted under the 2004 Plan to employees, officers and directors, including non-employee directors, of the Company and its affiliates. Although all employees, officers and directors are eligible to participate under the 2004 Plan, the plan administrator currently intends to grant awards only to officers and key employees, of which there were approximately 100 as of January 5, 2004.

Types of Awards

The 2004 Plan permits the granting of any or all of the following types of awards: (1) stock options, (2) stock appreciation rights, (3) restricted stock and stock units, (4) performance shares and performance units conditioned upon meeting performance criteria and (5) other stock or cash-based awards. In connection with any award or any deferred award, payments may also be made representing dividends or their equivalent.

Stock Options.

Stock options entitle the holder to purchase a specified number of shares of the Company's Common Stock at a specified price, which is called the exercise price, subject to the terms and conditions of the option grant. The exercise price of stock options under the 2004 Plan generally will be at least 100% of the fair market value of the stock for the date of grant, except for certain grants made or adjusted to assume or convert awards in connection with acquisition transactions. The committee will fix the term of each option, but no option under the 2004 Plan will be exercisable more than ten years after the option is granted. Each option will be exercisable at such time or times as

<PAGE> 18

determined by the committee. Options may be exercised, in whole or in part, by payment in full of the purchase price either in cash, delivery of the Company's Common Stock or delivery of other consideration, or by any combination of cash, stock and other consideration as may be determined by the committee. Options may also be exercised by means of a broker-assisted cashless exercise.

After termination of service with the Company or its affiliates, a participant will be able to exercise the vested portion of his or her option for the period of time stated in the option agreement. If no such period of time is stated in a participant's option agreement, a participant will generally be able to exercise his or her option for (i) three months following his or her termination for reasons other than cause, retirement, death or disability and (ii) three years following his or her termination due to retirement, death or disability. If a participant is terminated for cause, all options generally will automatically expire. If a participant dies after termination of service but while an option is still exercisable, the portion of the option that was vested and exercisable as of the date of termination will generally expire on the three-year anniversary of the participant's death. In no event will an option be able to be exercised later than the expiration of its term.

Stock Appreciation Rights ("SARs").

SARs may be granted alone ("freestanding") or in addition to other awards and may, but need not, relate to a specific option granted under the 2004 Plan. Upon exercise of an SAR, the holder is entitled to receive the excess of the fair market value of the shares for which the right is exercised over the grant price of the SAR. The committee may impose any conditions or restrictions on the exercise of an SAR as it deems appropriate, however, under the 2004 Plan the grant price of a freestanding SAR generally will not be less than the fair market value of the Company's Common Stock for the date of grant, except for certain grants made or adjusted to assume or convert awards in connection with acquisition transactions, and the term will not be more than ten years. Payment upon such exercise will be in cash, stock, other property or any combination of cash, stock or other property as determined by the committee. Any related option will no longer be exercisable to the extent the

SAR has been exercised, and the related SAR will generally be canceled to the extent the option has been exercised.

Restricted Stock and Stock Units.

Awards of shares of stock, or awards designated in units of stock, may be granted subject to restrictions, which may be based on continuous service with the Company or its affiliates or the achievement of performance criteria, as determined by the committee. Until the lapse of the restrictions, recipients may not dispose of their restricted stock. Recipients of restricted stock are not required to provide consideration other than the rendering of services or the payment of any minimum amount required by law. Upon termination of employment during the restriction period, all shares of restricted stock still subject to restriction will be forfeited, subject to any exceptions that may be authorized by the committee.

Performance Awards.

Performance awards may be in the form of performance shares, which are units valued by reference to shares of stock, or performance units, which are units valued by reference to property other than stock. Performance criteria relating to any performance award are determined by the committee. Performance awards may be paid entirely or in any combination of cash, stock or other property, in the discretion of the committee. Recipients of performance awards are not required to provide consideration other than the rendering of services or the payment of any minimum amount required by law.

Other Stock or Cash-Based Awards.

The committee is also authorized to grant to participants, either alone or in addition to other awards granted under the 2004 Plan, incentives payable in cash or in shares of Common Stock subject to terms and conditions determined by the committee.

Shares Subject to the 2004 Plan

Number of Shares Reserved for Issuance.

The 2004 Plan authorizes the issuance of up to 1,899,250 shares of Common Stock, all of which were previously reserved for issuance under the Company's 1997 Plan. Shares of Common Stock covered by an award granted under the 2004 Plan will not be counted as used unless and until they are actually issued and delivered to a participant. Shares relating to awards granted under the 2004 Plan that are forfeited, settled for cash or otherwise terminated and shares withheld by or tendered to the Company in connection with the exercise of an option or other award granted under the 2004 Plan or in connection with the satisfaction of tax withholding obligations relating to awards or exercises of options or other awards are available for grant under the 2004 Plan. Awards made or

<PAGE> 19

adjusted to assume or convert awards in connection with acquisition transactions will not reduce the number of shares authorized for issuance under the 2004 Plan. The shares of stock deliverable under the 2004 Plan may consist in whole or in part of authorized and unissued shares, treasury shares or shares purchased in the open market or otherwise. The committee may adjust the aggregate number of shares or the awards under the plan in the event of a change affecting shares of Common Stock, such as stock dividends, recapitalization, reorganization or mergers.

Limitations on Use of Shares Subject to the 2004 Plan.

The committee may not make awards under the 2004 Plan to any single participant in any calendar year that relate to more than 325,000 shares of Common Stock, except that the committee may make a one-time award to a newly hired or promoted participant relating to up to 650,000 shares of Common Stock. The maximum number of shares that may be issued under the 2004 Plan pursuant to awards, other than options and stock appreciation rights, that are not subject to restrictions based on the satisfaction of performance goals or granted in lieu of the payment of performance-based cash incentive awards is 50% of the maximum number of shares reserved under the 2004 Plan. The maximum number of shares that may be issued under the 2004 Plan pursuant to awards, other than options and stock appreciation rights, that contain no restriction or restrictions based solely on continuous employment or services for less than three years (except for termination of employment by reason or death, disability or retirement) is 50% of the maximum number of shares reserved under the 2004 Plan. The maximum number of shares that may be issued pursuant to the exercise of incentive stock options under the 2004 Plan is the total number of shares reserved under the 2004 Plan.

Nonassignability of Awards

Unless the committee determines otherwise, no award granted under the 2004 Plan may be sold, assigned, transferred, pledged or otherwise encumbered by a participant, other than by will, by designation of a beneficiary in a manner established by the committee or by the laws of descent and distribution. Each award may be exercisable, during the participant's lifetime, only by the participant, or, if permissible under applicable law, by the participant's guardian or legal representative.

Term, Termination and Amendment

Unless earlier terminated by the Company's Board of Directors or the committee, the 2004 Plan will terminate on March 3, 2014. The Company's Board of Directors or the committee may generally amend, alter, suspend, discontinue or terminate all or a portion of the 2004 Plan at any time, as long as the rights of a participant are not impaired without the participant's consent, subject to shareholder approval to the extent necessary to comply with applicable law, stock exchange rule or regulatory requirements or, as determined by the committee, to qualify with tax requirements. The committee may amend the terms of any award granted, prospectively or retroactively, but cannot impair the rights of any participant without the participant's consent. The committee may not reprice options or SARs without shareholder approval. Also, generally, no change or adjustment may be made to an outstanding incentive stock option, without the consent of the participant, which would cause the incentive stock option to fail to continue to qualify as an incentive stock option under the Internal Revenue Code.

Performance-Based Compensation under Section 162(m)

The business criteria which the committee may use to set performance objectives for an award of restricted stock, performance shares, performance units or other stock unit awards under the 2004 Plan are the attainment of one or more performance goals established by the committee, based on the attainment of specified levels of one or any combination of the following business criteria of the Company, its affiliates or its business units, as reported or calculated by the Company: return on average common shareholders' equity; return on average equity; total shareholder return; stock price appreciation; efficiency ratio (other expense as a percentage of other income plus net interest income); net operating expense (other income less other expense); earnings per diluted share of Common Stock; operating earnings (earnings before transaction-related expense) per diluted share of Common Stock; net operating earnings (earnings before transaction-related expense) per diluted share of Common Stock; return on average assets; ratio of nonperforming to performing assets; return on an investment in an affiliate; net interest income; net interest margin; ratio of common equity to total assets; regulatory compliance metrics; and customer service metrics. Such performance objectives also may be based on the Company's achievement of specified levels of performance under one or more of the business criteria described above relative to the performance of other corporations.

<PAGE> 20

Company Transaction and Change in Control

Company Transaction.

Under the 2004 Plan, to maintain all of the participants' rights in the event of a Company transaction that is not a change in control or a related party transaction, unless the committee determines otherwise at the time of grant with respect to a particular award:

- * All outstanding awards become fully and immediately exercisable immediately prior to the Company transaction, unless such awards are converted, assumed, or replaced by the successor company. The Company can elect to cash-out options and stock appreciation rights.
- * Performance awards earned and outstanding become payable in full and deferrals or other

restrictions shall remain in effect.

- * If participant's employment is terminated without cause or for good reason following the Company transaction, any awards remaining to be paid will be paid in accordance with the award agreement.
- * If the participant's employment is terminated following the Company transaction, any awards remaining to be paid will be paid in accordance with the payout schedule pursuant to the award agreement.

Change of Control.

Under the 2004 Plan, to maintain all of the participants' rights in the event of a change in control of the Company (as described below), unless the committee determines otherwise at the time of grant with respect to a particular award:

- * Any options and stock appreciation rights shall become fully exercisable and vested to the full extent of the original grant.
- * Any restrictions and deferral limitations applicable to any restricted stock or stock units shall lapse.
- * All performance stock and performance units shall be considered to be earned and payable in full, and any deferral or other restriction shall lapse and such performance stock and performance units shall be immediately settled or distributed.
- * Any restrictions and deferral limitations and other conditions applicable to any other awards shall lapse, and such other awards shall become free of all restrictions, limitations or conditions and become fully vested and transferable to the full extent of the original grant.
- * The committee can provide a cash-out right for options and SARs in connection with a change in control.

Under the 2004 Plan, a Company transaction means the consummation of any of the following:

- * a merger or consolidation of the Company with or into any other company or other entity;
- * a sale in one transaction or a series of transactions undertaken with a common purpose of at least 50% of the Company's outstanding voting securities; or
- * a sale, lease, exchange or other transfer in one transaction or a series of related transactions undertaken with a common purpose of at least 50% of the Company's assets.

Under the 2004 Plan, a related party transaction means a Company transaction pursuant to which:

- * the beneficial ownership of the Company or the resulting company remains the same with respect to at least 70% of the voting power of the outstanding voting securities in substantially the same proportions as immediately prior to such Company transaction;

<PAGE> 21

- * no entity (other than the Company or an affiliate) will beneficially own 30% or more of the outstanding shares of common stock of the resulting company or the voting power of the outstanding voting securities; and
- * the Company's incumbent board will, after the Company transaction, constitute at least a majority of the board of the Company resulting from such Company transaction.

Under the 2004 Plan, a change in control of the Company means the occurrence of any of the following events:

- * an acquisition of beneficial ownership of 30% or more of either (a) the then outstanding shares of common stock of the Company or (b) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors (excluding any acquisition directly from the Company, any acquisition by the Company, any acquisition by any employee benefit plan of the Company, or a related party transaction.
- * a change in the composition of the Company's Board of Directors during any two-year period such that the incumbent board members cease to constitute at least a majority (not including directors whose election was approved by at least two-thirds of the incumbent board).

Other Information

A new plan benefits table, as described in the federal proxy rules, is not provided because all awards made under the 2004 Plan are discretionary. The closing price of the Company's Common Stock, as reported on the New York Stock Exchange on January 5, 2004, was \$27.38 per share.

U.S. Federal Income Tax Consequences

The following briefly describes the U.S. federal income tax consequences of the 2004 Plan generally applicable to the Company and to participants who are U.S. citizens.

Stock Options

Nonqualified Stock Options.

A participant will not recognize taxable income upon the grant of a nonqualified stock option. Upon the exercise of a nonqualified stock option, a participant will recognize taxable ordinary income equal to the difference between the fair market value of the shares on the date of exercise and the option exercise price. When a participant sells the shares, the participant will have short-term or long-term capital gain or loss, as the case may be, equal to the difference between the amount the participant received from the sale and the tax basis of the shares sold. The tax basis of the shares generally will be equal to the greater of the fair market value of the shares on the exercise date or the option exercise price.

Incentive Stock Options.

A participant will not recognize taxable income upon the grant of an incentive stock option. If a participant exercises an incentive stock option during employment or within three months after his or her employment ends other than as a result of death (12 months in the case of disability), the participant will not recognize taxable income at the time of exercise (although the participant generally will have taxable income for alternative minimum tax purposes at that time as if the option were a nonqualified stock option). If a participant sells or exchanges the shares after the later of (a) one year from the date the participant exercised the option and (b) two years from the grant date of the option, the participant will recognize long-term capital gain or loss equal to the difference between the amount the participant received in the sale or exchange and the option exercise price. If a participant disposes of the shares before these holding period requirements are satisfied, the disposition will constitute a disqualifying disposition, and the participant generally will recognize taxable ordinary income in the year of disposition equal to the excess, as

of the date of exercise of the option, of the fair market value of the shares received over the option exercise price (or, if less, the excess of the amount realized on the sale of the shares over the option exercise price). Additionally, the participant will have long-term or short-term capital gain or loss, as the case may be, equal to the difference between

<PAGE> 22

the amount the participant received upon disposition of the shares and the option exercise price increased by the amount of ordinary income, if any, the participant recognized.

With respect to both nonqualified stock options and incentive stock options, special rules apply if a participant uses shares already held by the participant to pay the exercise price or if the shares received upon exercise of the option are subject to a substantial risk of forfeiture by the participant.

Stock Appreciation Rights

A participant will not recognize taxable income upon the grant of an SAR. Upon the exercise of an SAR, a participant will recognize taxable ordinary income equal to the difference between the fair market value of the underlying shares on the date of exercise and the grant price of the SAR.

Restricted Stock Awards

Upon receipt of a restricted stock award, a participant generally will recognize taxable ordinary income when the shares cease to be subject to restrictions in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid to the Company by the participant for the shares. However, no later than 30 days after a participant receives the restricted stock award, the participant may elect to recognize taxable ordinary income in an amount equal to the fair market value of the shares at the time of receipt. Provided that the election is made in a timely manner, when the restrictions on the shares lapse, the participant will not recognize any additional income. When a participant sells the shares, the participant will have short-term or long-term capital gain or loss, as the case may be, equal to the difference between the amount the participant received from the sale and the tax basis of the shares sold. The tax basis of the shares generally will be equal to the amount, if any, paid to the Company by the participant for the shares plus the amount of taxable ordinary income recognized by the participant either at the time the restrictions lapsed or at the time of election, if an election was made by the participant. If the participant forfeits the shares to the Company (e.g., upon the participant's termination prior to expiration of the restriction period), the participant may not claim a deduction with respect to the income recognized as a result of the election.

Any dividends or dividend equivalents arising with respect to shares of restricted stock for which the restrictions have not lapsed generally will be taxable as ordinary income to the participant at the time the dividends or dividend equivalents are received by the participant. Dividends arising with respect to restricted stock after the restrictions have lapsed, or with respect to which the election described in the preceding paragraph was timely made, generally would be subject to a reduced rate of tax under current law.

Stock Unit Awards, Performance Awards and Other Stock or Cash-Based Awards

A participant will not recognize taxable income upon the grant of a stock unit award or a performance award. Generally, upon the distribution of cash or shares to a participant pursuant to the terms of a stock unit award or performance award, the participant will recognize taxable ordinary income equal to the excess of the amount of cash or the fair market value of shares transferred to the participant over any amount paid to the Company by the participant with respect to the award. The tax consequences of other stock or cash-based awards will depend upon the specific terms of each award.

Tax Consequences to the Company

In the foregoing cases, the Company generally will be entitled to a deduction at the same time and in the same amount as a participant recognizes ordinary income, subject to the limitations imposed under Section 162(m).

Tax Withholding

The Company is authorized to withhold from any award granted or payment due under the 2004 Plan the amount of any withholding taxes due in respect of the award or payment and to take such other action as may be necessary to satisfy all obligations for the payment of applicable withholding taxes. The committee is authorized to establish procedures

<PAGE> 23

for election by participants to satisfy their obligations for the payment of withholding taxes by delivery of the Company's stock or by directing the Company to retain stock otherwise deliverable in connection with the award.

SELECTION OF INDEPENDENT AUDITORS

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, generally requires the Company's directors and executive officers to file electronically reports of their ownership of Common Stock and of changes in such ownership to the SEC. SEC regulations also require the Company to identify in this proxy statement any person subject to this requirement who did not file a Section 16 report on a timely basis. Based solely upon a review of such reports furnished to the Company and written representations from the executive officers and directors that no other reports were required, the Company believes that all such reports were filed on a timely basis during fiscal 2003.

ANNEX A

AUDIT COMMITTEE CHARTER

Purpose and Authority

It is the policy of this Company to have an Audit Committee (the "*Committee*") of the Board of Directors to assist the Board in its oversight of (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence and (4) the performance of the Company's internal audit function and independent auditors. In addition, the Committee shall prepare a report as required by the Securities and Exchange Commission (the "*SEC*") to be included in the Corporation's annual proxy statement. The Committee shall also have all authority necessary to fulfill the duties and responsibilities assigned to the Committee in this Charter or otherwise assigned to it by the Board.

As the Committee deems appropriate, it may engage independent counsel, accounting and other advisors to assist the Committee without seeking Board approval. The Company shall provide appropriate funding, as determined by the Committee, for payment of compensation to such counsel and advisors engaged by the Committee pursuant to the preceding sentence.

The Committee, when appropriate, may form and delegate authority to subcommittees and may delegate authority to one or more designated members of the Committee.

Composition, Role and Independence, Meetings

The membership of the Committee shall consist of at least three directors. In the business judgment of the Board, each member shall be financially literate, or shall become financially literate within a reasonable time after appointment. At least one member, in the judgment of the Board, shall have such accounting or related financial management expertise in order to meet the criteria for an "audit committee financial expert" as defined by the SEC. Each member shall meet the independence requirements applicable to audit committee members established by the Board, the SEC and the New York Stock Exchange ("*NYSE*"), as the same may be amended or supplemented from

time to time. The Committee shall maintain free and open communication (including separate private executive sessions at least annually) with the independent accountants, the internal auditors and the management of the Company. In discharging this oversight role, the Committee is empowered to investigate any matter brought to its attention, with full power to retain outside counsel or other experts for this purpose.

No member of the Committee shall serve on more than two audit committees of publicly traded companies, other than the Company, at the same time such member serves on this Committee, unless the Board determines that such simultaneous service would not impair the ability of such member to effectively serve on this Committee. If a Committee member serves on the audit committees of both a public company and a wholly owned subsidiary of such company, such service shall be counted as service on one audit committee, rather than two.

The members of the Committee shall be appointed by the Board on the recommendation of the Nominating & Corporate Governance Committee. The Board may remove any member from the Committee. The Board of Directors shall appoint one member of the Audit Committee as chairperson. He or she shall be responsible for leadership of the Committee, including preparing the agenda, presiding over the meetings, making committee assignments and reporting to the Board of Directors. The chairperson will also maintain regular liaison with the CEO, CFO, the director of internal audit, and the lead independent audit partner.

The Committee shall establish a meeting calendar annually. The Committee may hold such other meetings as are necessary or appropriate in order for the Committee to fulfill its responsibilities. In the absence of a member designated by the Board to serve as chair, the members of the Committee may appoint from among their number a person to preside at their meetings.

Duties and Responsibilities

The Committee's duties and responsibilities include the following, in addition to any duties and responsibilities assigned to the Committee from time to time by the Board:

<PAGE> A-1

Engagement of Independent Auditor

- * Selecting and retaining the independent auditor to audit the financial statements of the Company. The Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the outside auditor for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, with the understanding that the independent auditor shall report directly to the Committee. In so doing, the Committee will ensure that the independent auditor submits at least annually a formal written statement delineating all relationships between the independent auditor and the Company and an affirmation that the auditor is in fact independent, will actively engage in dialogue with the independent auditor regarding any relationships or services that may impact the independent auditor's objectivity and independence, and will recommend to the Board actions appropriate to satisfy itself of the independent auditor's independence.

- * Determining and approving, in its sole authority, the compensation of the independent auditor. The Company shall provide appropriate funding, as determined by the Committee, for payment of compensation to the independent auditor for the purpose of rendering or issuing its audit report and of other ordinary administrative expenses that are necessary or appropriate in carrying out the duties of this Committee.

- * Resolving disagreements between management and the independent accountant regarding financial reporting.
- * Overseeing the independent auditor relationship by discussing with the auditor the nature and rigor of the audit process, receiving and reviewing audit reports, and providing the auditor full access to the Committee (and the Board) to report on any and all appropriate matters.
- * Pre-approving the retention of the independent auditor for all audit and such non-audit services as the independent auditor is permitted to provide the Company and approve the fees for such services other than *de minimis* non-audit services allowed by relevant law in accordance with the procedures set forth on Exhibit 1 attached hereto. The Committee may pre-approve audit and non-audit services by establishing detailed pre-approval policies and procedures as to the particular service; provided that the Committee is informed of each service pre-approved, and that no pre-approval shall be delegated to management. In considering whether to pre-approve any non-audit services, the Committee or its delegates shall consider whether the provision of such services is compatible with maintaining the independence of the auditor.
- * Ensuring that the Committee's approval of any non-audit services is publicly disclosed pursuant to applicable laws, rules and regulations.

Evaluation of Independent Auditor

- * At least annually, evaluating the independent auditor's qualifications, performance and independence, including that of the lead partner.
- * At least annually, obtaining and reviewing a report by the independent auditor describing (i) the firm's internal quality-control procedures; and (ii) any material issues raised by the most recent internal quality-control review, or external review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, relating to one or more audits carried out by the firm and any steps taken to deal with any such issues.
- * At least annually, obtaining and reviewing the letter and written disclosures from the independent auditor consistent with Independence Standards Board Standard No. 1, including a formal written statement by the independent auditor delineating all relationships between the auditor and the Company; actively engaging in a dialogue with the auditor with respect to that firm's independence and any disclosed relationships or services that may impact the objectivity and independence of the auditor; and taking, or recommending that the Board take, appropriate action to satisfy itself of the independence of the outside auditor.
- * Discussing with the independent auditor the matters required to be discussed by Statement of Auditing Standards ("SAS") No. 61, *Communications with Audit Committee*, SAS No. 89, *Audit Adjustments*, and SAS No. 90, *Audit Committee Communications*, all as amended from time to time, together with any other matters as may be required for public disclosure or otherwise under applicable laws, rules and regulations.

- * If appropriate or required by law, ensuring that the independent auditor's lead partner and reviewing partner are replaced every five years. Considering, from time to time, whether a rotation of the independent auditing firm would be in the best interests of the Company and its shareholders.
- * Presenting the Committee's conclusions regarding the performance, qualifications and independence of the independent auditor to the full Board.

Review of Financial Statements and Related Disclosure

- * Reviewing the audited financial statements, the report of the independent auditor thereon, the quarterly financial statements, and the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations" and having the opportunity to discuss questions and concerns with management and the independent auditor. These discussions shall include consideration of the quality of the Company's accounting principles as applied in its financial reporting, including review of estimates, reserves and accruals, review of judgmental areas, review of audit adjustments whether or not recorded, issues encountered during the course of the audit work (including any restrictions on the scope of activities, access to required information and such other inquiries as may be appropriate. Based on the review and discussion of the audited financial statements with management and the independent auditor, its discussions with the independent auditor regarding the matters required to be discussed by SAS No. 61, and its discussions regarding the auditor's independence, the Committee shall make its recommendation to the Board as to the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K.
- * Reviewing with the independent auditor any audit problems or difficulties and management's response, including any restrictions on the scope of the independent auditor's activities or access to requested information, any significant disagreements with management, adjustments noted by the independent auditor but not taken by management, communications between the audit team and the national office, and any management or internal control letters issued or proposed to be issued. Reviewing and discussing with the independent auditor the responsibilities, budget and staffing of the Company's internal audit function.
- * Reviewing and discussing the type and presentation of information to be included in earnings press releases (paying particular attention to any use of "pro forma," or "adjusted" non-GAAP, information), as well as the financial information and earnings guidance provided to analysts and rating agencies. This may be done generally and does not require the Committee to discuss in advance each earnings release or each instance in which the Company may provide earnings guidance.

Periodic Assessments and Review

- * Obtaining and reviewing timely reports from the independent auditor regarding (1) all critical accounting policies to be used, (2) all alternative treatments of financial information within GAAP that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor, and (3) other material written communications between the independent auditor and management, such as any management letter or schedule of unadjusted differences.

- * Reviewing, including with management and the independent auditor, if appropriate, (1) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles, and major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies; (2) analyses prepared by management and/or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including analyses of the effects of alternative GAAP methods on the financial statements; and (3) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures on the financial statements of the Company.
- * Reviewing, including with management and the independent auditor, if appropriate, changes in promulgated accounting and auditing standards that may materially affect the Company's financial reporting practices.
- * Discuss guidelines or policies with respect to risk assessment and risk management, including the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures.

<PAGE> A-3

- * Reviewing any reports by management regarding the effectiveness of, or any deficiencies in, the design or operation of internal controls and any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal controls. Reviewing any report issued by the Company's independent auditor regarding management's assessment of the Company's internal controls.

If a Participant's employment or service relationship with the Company is suspended pending an investigation of whether the Participant shall be terminated for Cause, all the Participant's rights under any Option shall likewise be suspended during the period of investigation. If any facts that would constitute

termination for Cause are discovered after a Participant's Termination of Service, any Option then held by the Participant may be immediately terminated by the Committee, in its sole discretion.

Upon the exercise of an SAR, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying: (a) the difference between the Fair Market Value of the Common Stock on the date of exercise over the grant price by (b) the number of shares with respect to which the SAR is exercised. SECTION 10. RESTRICTED STOCK AND STOCK UNITS

10.1 Grant of Restricted Stock and Stock Units

The Committee may grant Restricted Stock and Stock Units on such terms and conditions and subject to such repurchase or forfeiture restrictions, if any (which may be based on continuous service with the Company or a Related Company or the achievement of any performance criteria, as the Committee shall determine in its sole discretion, which terms, conditions and restrictions shall be set forth in the instrument evidencing the Award.

10.2 Issuance of Shares; Settlement of Awards

Upon the satisfaction of any terms, conditions and restrictions prescribed with respect to Restricted Stock or Stock Units, or upon a Participant's release from any terms, conditions and restrictions of Restricted Stock or Stock Units, as determined by the Committee, and subject to the provisions of Section 13, (a) the shares of Restricted Stock covered by each Award of Restricted Stock shall become freely transferable by the Participant, and (b) Stock Units shall be paid shares of Common Stock or, if set forth in the instrument evidencing the Awards, in a combination of cash and shares of Common Stock as the Committee shall determine in its sole discretion. Any fractional shares subject to such Awards shall be paid to the Participant in cash.

<PAGE> B-10

10.3 Dividends and Distributions

Participants holding shares of Restricted Stock or Stock Units may, if the Committee so determines, be credited with dividends paid with respect to the underlying shares or dividend equivalents while they are so held in a manner determined by the Committee in its sole discretion. The Committee may apply any restrictions to the dividends or dividend equivalents that the Committee deems appropriate. The Committee, in its sole discretion, may determine the form of payment of dividends or dividend equivalents, including cash, shares of Common Stock, Restricted Stock or Stock Units.

10.4 Waiver of Restrictions

Notwithstanding any other provisions of the Plan, the Committee, in its sole discretion, may waive the repurchase or forfeiture period and any other terms, conditions or restrictions on any Restricted Stock or Stock Unit under such circumstances and subject to such terms and conditions as the Committee shall deem appropriate.

SECTION 11. PERFORMANCE STOCK AND PERFORMANCE UNITS

11.1 Grant of Performance Stock

The Committee may grant Awards of Performance Stock and designate the Participants to whom Performance Stock is to be awarded and determine the number of shares of Performance Stock, the length of the performance period and the other terms and conditions of each such Award. Each Award of Performance Stock shall entitle the Participant to a payment in the form of Common Stock, cash or a combination, as the Committee may determine, upon the attainment of performance goals and other terms and conditions specified by the Committee. Notwithstanding the satisfaction of any performance goals, the number of shares to be issued or the amount of cash to be paid under an Award of Performance Stock may be adjusted on the basis of such further consideration as the Committee shall determine in its sole discretion.

11.2 Grant of Performance Units

The Committee may grant Awards of Performance Units and designate the Participants to whom Performance Units are to be awarded and determine the number of Performance Units, the length of the performance period and the terms and conditions of each such Award. Each Award of Performance Units shall entitle the Participant to a payment in the form of Common Stock, cash or a combination, as the Committee may determine, upon the attainment of performance goals and other terms and conditions specified by the Committee. Notwithstanding the satisfaction of any performance goals, the number of shares to be issued or the amount of cash to be paid under an Award of Performance Units may be adjusted on the basis of such further consideration as the Committee shall determine in its sole discretion.

SECTION 12. PERFORMANCE GOALS

12.1 Awards Subject to Performance Goals

Awards of Restricted Stock, Stock Units, Performance Shares, Performance Units and other Awards made pursuant to the Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) of the Code: return on average common shareholders' equity; return on average equity; total shareholder return; stock price appreciation; efficiency ratio (other expense as a percentage of other income plus net interest income); net operating expense (other income less other expense); earnings per diluted share of Common Stock; operating earnings (earnings before transaction-related expense) per diluted share of

Common Stock; net operating earnings (earnings before transaction-related expense) per diluted share of Common Stock; return on average assets; ratio of non-performing to performing assets; return on an investment in an affiliate; net interest income; net interest margin; ratio of common equity to total assets; regulatory compliance metrics; and customer service metrics (the "Performance Criteria"). Performance Criteria may be stated in absolute terms or relative to comparison companies or indices to be achieved during a period of time.

<PAGE> B-11

12.2 Use and Calculation of Performance Criteria

Any Performance Criteria may be used to measure the performance of the Company as a whole or any business unit of the Company. Any Performance Criteria may include or exclude Extraordinary Items. Performance Criteria shall be calculated in accordance with the Company's financial statements or generally accepted accounting principles, or under a methodology established by the Committee prior to the issuance of an Award that is consistently applied and identified in the audited financial statements, including footnotes, or the Management's Discussion and Analysis section of the Company's annual report. The Committee may not in any event increase the amount of compensation payable to a Covered Employee upon the satisfaction of any Performance Criteria.

SECTION 13. OTHER STOCK OR CASH-BASED AWARDS

In addition to the Awards described in Sections 7 through 11, and subject to the terms of the Plan, the Committee may grant other incentives payable in cash or in shares of Common Stock under the Plan as it determines to be in the best interests of the Company and subject to such other terms and conditions as it deems appropriate.

SECTION 14. WITHHOLDING

The Company may require the Participant to pay to the Company the amount of (a) any taxes that the Company is required by applicable federal, state, local or foreign law to withhold with respect to the grant, vesting or exercise of an Award ("tax withholding obligations") and (b) any amounts due from the Participant to the Company or to any Related Company ("other obligations"). The Company shall not be required to issue any shares of Common Stock or otherwise settle an Award under the Plan until such tax withholding obligations and other obligations are satisfied.

The Committee may permit or require a Participant to satisfy all or part of the Participant's tax withholding obligations and other obligations by (a) paying cash to the Company, (b) having the Company withhold an amount from any cash amounts otherwise due or to become due from the Company to the Participant, (c) having the Company withhold a number of shares of Common Stock that would otherwise be issued to the Participant (or become vested in the case of Restricted Stock) having a Fair Market Value equal to the tax withholding obligations and other obligations, or (d) surrendering a number of shares of Common Stock the Participant already owns having a value equal to the tax withholding obligations and other obligations. The value of the shares so withheld may not exceed the employer's minimum required tax withholding rate, and the value of the shares so tendered may not exceed such rate to the extent the Participant has owned the tendered shares for less than six months if such limitation is necessary to avoid a charge to the Company for financial reporting purposes.

SECTION 15. ASSIGNABILITY

No Award or interest in an Award may be sold, assigned, pledged (as collateral for a loan or as security for the performance of an obligation or for any other purpose) or transferred by a Participant or made subject to attachment or similar proceedings otherwise than by will or by the applicable laws of descent and distribution, except to the extent the Participant designates one or more beneficiaries on a Company-approved form who may exercise the Award or receive payment under the Award after the Participant's death. During a Participant's lifetime, an Award may be exercised only by the Participant. Notwithstanding the foregoing and to the extent permitted by Section 422 of the

Code, the Committee, in its sole discretion, may permit a Participant to assign or transfer an Award; provided, however, that any Award so assigned or transferred shall be subject to all the terms and conditions of the Plan and the instrument evidencing the Award.

SECTION 16. ADJUSTMENTS

16.1 Adjustment of Shares

In the event, at any time or from time to time, a stock dividend, stock split, spin-off, combination or exchange of shares, recapitalization, merger, consolidation, distribution to shareholders other than a normal cash dividend, or other change in the Company's corporate or capital structure results in (a) the outstanding shares of Common Stock, or any

<PAGE> B-12

securities exchanged therefore or received in their place, being exchanged for a different number or kind of securities of the Company or any other company or (b) new, different or additional securities of the Company or any other company being received by the holders of shares of Common Stock, then the Committee shall make proportional adjustments in (i) the maximum number and kind of securities available for issuance under the Plan; (ii) the maximum number and kind of securities issuable as Incentive Stock Options as set forth in Section 4.3; and (iii) the number and kind of securities that are subject to any outstanding Award and the per share price of such securities, without any change in the aggregate price to be paid therefore.

The determination by the Committee as to the terms of any of the foregoing adjustments shall be conclusive and binding.

Notwithstanding the foregoing, the issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, for cash or property, or for labor or services rendered, either upon direct sale or upon the exercise of rights or warrants to subscribe therefore, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, shall not affect, and no adjustment by reason thereof shall be made with respect to, outstanding Awards. Also notwithstanding the foregoing, a dissolution or liquidation of the Company or a Company Transaction or Change of Control shall not be governed by this Section 16.1 but shall be governed by Sections 16.2 and 16.3, respectively.

16.2 Dissolution or Liquidation

To the extent not previously exercised or settled, and unless otherwise determined by the Committee in its sole discretion, Options, Stock Appreciation Rights and Stock Units shall terminate immediately prior to the dissolution or liquidation of the Company. To the extent a forfeiture provision or repurchase right applicable to an Award has not been waived by the Committee, the Award shall be forfeited immediately prior to the consummation of the dissolution or liquidation.

16.3 Company Transaction; Change in Control

16.3.1 Effect of a Company Transaction That Is Not a Change in Control or a Related Party Transaction

Notwithstanding any other provision of the Plan to the contrary, unless the Committee shall determine otherwise at the time of grant with respect to a particular Award, in the event of a Company Transaction that is not a Change in Control or a Related Party Transaction:

(a) All outstanding Awards, other than Performance Stock and Performance Units, shall become fully and immediately exercisable, and all applicable deferral and restriction limitations shall lapse immediately prior to the Company Transaction, unless such Awards are converted, assumed, or replaced by the Successor Company. Notwithstanding the foregoing, with respect to Options or Stock Appreciation Rights, the Committee, in its sole discretion, may instead provide that a Participant's outstanding Options shall terminate upon consummation of such Company Transaction and that each such Participant shall receive, in exchange therefore, a cash payment equal to the amount (if any) by which (a) the Acquisition Price multiplied by the number of shares of Common Stock subject to such outstanding Options or SARs (whether or not then exercisable) exceeds (b) the aggregate exercise price for such Options or SARs.

For the purposes of this Section 16.3.1, an Award shall be considered assumed or substituted for if following the Company Transaction the option or right confers the right to purchase or receive, for each Common Share subject to the Award immediately prior to the Company Transaction, the consideration (whether stock, cash, or other securities or property) received in the Company Transaction by holders of Common Stock for each share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares); provided, however, that if such consideration received in the Company Transaction is not solely common stock of the Successor Company, the Committee may, with the consent of the Successor Company, provide for the consideration to be received upon the exercise of the Option, for each share of Common Stock subject thereto, to be solely

<PAGE> B-13

common stock of the Successor Company substantially equal in fair market value to the per share consideration received by holders of Common Stock in the Company Transaction. The determination of such substantial equality of value of consideration shall be made by the Committee and its determination shall be conclusive and binding.

(b) All Performance Stock or Performance Units earned and outstanding as of the date the Company Transaction is determined to have occurred shall be payable in full in accordance with the payout schedule pursuant to the Award agreement. Any remaining Performance Stock or Performance Units (including any applicable performance period) for which the payout level has not been determined shall be prorated at the target payout level up to and including the date of such Company Transaction and shall be payable in full in accordance with the payout schedule pursuant to the Award agreement.

Any existing deferrals or other restrictions shall remain in effect. If the Participant's employment is terminated without Cause following the Company Transaction, any Awards remaining to be paid will be paid in accordance with the employment termination provision of the Award agreement. If the Participant's employment is terminated for good reason (as defined in the Award agreement) following the Company Transaction, any Awards remaining to be paid will be paid in accordance with the payout schedule pursuant to the Award agreement.

16.3.2 Effect of a Change in Control

Notwithstanding any other provision of the Plan to the contrary, unless the Committee shall determine otherwise at the time of grant with respect to a particular Award, in the event of a Change in Control:

(a) any Options and Stock Appreciation Rights outstanding as of the date such Change in Control is determined to have occurred, and which are not then exercisable and vested, shall become fully exercisable and vested to the full extent of the original grant;

(b) any restrictions and deferral limitations applicable to any Restricted Stock or Stock Units shall lapse, and such Restricted Stock or Stock Units shall become free of all restrictions and limitations and become fully vested and transferable to the full extent of the original grant;

(c) all Performance Stock and Performance Units shall be considered to be earned and payable in full, and any deferral or other restriction shall lapse and such Performance Stock and Performance Units shall be immediately settled or distributed; and

(d) any restrictions and deferral limitations and other conditions applicable to any other Awards shall lapse, and such other Awards shall become free of all restrictions, limitations or conditions and become fully vested and transferable to the full extent of the original grant.

16.3.3 Change in Control Cash-Out

Notwithstanding any other provision of the Plan, during the 60-day period from and after a Change in Control (the "Exercise Period"), if the Committee shall so determine at, or at any time after, the time of grant, a Participant holding an Option or SAR shall have the right, whether or not the Option or SAR is fully exercisable and in lieu of the payment of the purchase price for the shares of Common Stock being purchased under the Option, and by giving notice to the Company, to elect (within the Exercise Period) to surrender all or part of the Option or SAR to the Company and to receive cash, within 30 days of such notice, in an amount equal to the amount by which the Acquisition Price per share of Common Stock on the date of such election shall exceed the exercise price per share of Common Stock under the Option or SAR multiplied by the number of shares of Common Stock granted under the Option or SAR as to which the right granted under this Section 16.3.3 shall have been exercised.

<PAGE> B-14

16.4 Further Adjustment of Awards

Subject to Sections 16.2 and 16.3, the Committee shall have the discretion, exercisable at any time before a sale, merger, consolidation, reorganization, liquidation, dissolution or change of control of the Company, as defined by the Committee, to take such further action as it determines to be necessary or advisable with respect to Awards. Such authorized action may include (but shall not be limited to) establishing, amending or waiving the type, terms, conditions or duration of, or restrictions on, Awards so as to provide for earlier, later, extended or additional time for exercise, lifting restrictions and other modifications, and the Committee may take such actions with respect to all Participants, to certain categories of Participants or only to individual Participants. The Committee may take such action before or after granting Awards to which the action relates and before or after any public announcement with respect to such sale, merger, consolidation, reorganization, liquidation, dissolution or change of control that is the reason for such action.

16.5

No Limitations

The grant of Awards shall in no way affect the Company's right to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

16.6 Fractional Shares

In the event of any adjustment in the number of shares covered by any Award, each such Award shall cover only the number of full shares resulting from such adjustment.

SECTION 17. AMENDMENT AND TERMINATION

17.1 Amendment, Suspension or Termination

The Board may amend, suspend or terminate the Plan or any portion of the Plan at any time and in such respects as it shall deem advisable; provided, however, that, to the extent required by applicable law, regulation or stock exchange rule, stockholder approval shall be required for any amendment to the Plan.

Subject to Section 17.3, the Board or the Committee may amend the terms of any outstanding Award, prospectively or retroactively; provided, however, that, to the extent that any such amendment constitutes a "repricing" under applicable law, regulation, stock exchange rule or generally accepted accounting principle, stockholder approval shall be required for such amendment.

17.2 Term of the Plan

Unless sooner terminated as provided herein, the Plan shall terminate ten years from the Effective Date. After the Plan is terminated, no future Awards may be granted, but Awards previously granted shall remain outstanding in accordance with their applicable terms and conditions and the Plan's terms and conditions. Notwithstanding the foregoing, no Incentive Stock Options may be granted more than ten years after the later of (a) the Effective Date of the Plan and (b) the date the stockholders of the Company approve any amendment to the Plan that constitutes the adoption of a new plan for purposes of Section 422 of the Code.

17.3 Consent of Participant

The amendment, suspension or termination of the Plan or a portion thereof or the amendment of an outstanding Award shall not, without the Participant's consent, materially adversely affect any rights under any Award theretofore granted to the Participant under the Plan. Any change or adjustment to an outstanding Incentive Stock Option shall not, without the consent of the Participant, be made in a manner so as to constitute a "modification" that would cause such Incentive Stock Option to fail to continue to qualify as an Incentive Stock Option. Notwithstanding the foregoing, any adjustments made pursuant to Section 16 shall not be subject to these restrictions.

<PAGE> B-15

SECTION 18. GENERAL

18.1 No Individual Rights

No individual or Participant shall have any claim to be granted any Award under the Plan, and the Company has no obligation for uniformity of treatment of Participants under the Plan.

Furthermore, nothing in the Plan or any Award granted under the Plan shall be deemed to constitute an employment contract or confer or be deemed to confer on any Participant any right to continue in the employ of, or to continue any other relationship with, the Company or any Related Company or limit in any way the right of the Company or any Related Company to terminate a Participant's employment or other relationship at any time, with or without cause.

18.2 Issuance of Shares

Notwithstanding any other provision of the Plan, the Company shall have no obligation to issue or deliver any shares of Common Stock under the Plan or make any other distribution of benefits under the Plan unless, in the opinion of the Company's counsel, such issuance, delivery or distribution would comply with all applicable laws (including, without limitation, the requirements of the Securities Act or the laws of any state or foreign jurisdiction) and the applicable requirements of any securities exchange or similar entity.

The Company shall be under no obligation to any Participant to register for offering or resale or to qualify for exemption under the Securities Act, or to register or qualify under the laws of any state or foreign jurisdiction, any shares of Common Stock, security or interest in a security paid or issued under, or created by, the Plan, or to continue in effect any such registrations or qualifications if made.

As a condition to the exercise of an Option or any other receipt of Common Stock pursuant to an Award under the Plan, the Company may require (a) the Participant to represent and warrant at the time of any such exercise or receipt that such shares are being purchased or received only for the Participant's own account and without any present intention to sell or distribute such shares and (b) such other action or agreement by the Participant as may from time to time be necessary to comply with the federal, state and foreign securities laws. At the option of the Company, a stop-transfer order against any such shares may be placed on the official stock books and records of the Company, and a legend indicating that such shares may not be pledged, sold or otherwise transferred, unless an opinion of counsel is provided (concurring in by counsel for the Company) stating that such transfer is not in violation of any applicable law or regulation, may be stamped on stock certificates to ensure exemption from registration. The Committee may also require the Participant to execute and deliver to the Company a purchase agreement or such other agreement as may be in use by the Company at such time that describes certain terms and conditions applicable to the shares.

To the extent the Plan or any instrument evidencing an Award provides for issuance of stock certificates to reflect the issuance of shares of Common Stock, the issuance may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the applicable rules of any stock exchange.

18.3 Indemnification

Each person who is or shall have been a member of the Board, or a committee appointed by the Board, or an officer of the Company to whom authority was delegated in accordance with Section 3 shall be indemnified and held harmless by the Company against and from any loss, cost, liability or expense that may be imposed upon or reasonably incurred by such person in connection with or resulting from any claim, action, suit or proceeding to which such person may be a party or in which such person may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by such person in settlement thereof, with the Company's approval, or paid by such person in satisfaction of any judgment in any such claim, action, suit or proceeding against such person; provided, however, that such person shall give the Company an opportunity, at its own expense, to handle and defend the same before such person undertakes to handle and defend it on such person's own behalf, unless such loss, cost, liability or expense is a result of such person's own willful misconduct or except as expressly provided by statute.

<PAGE> B-16

The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such person may be entitled under the Company's certificate of incorporation or bylaws, as a matter of law, or otherwise, or of any power that the Company may have to indemnify or hold harmless.

18.4 No Rights as a Stockholder

Unless otherwise provided by the Committee or in the instrument evidencing the Award or in a written employment, services or other agreement, no Stock Appreciation or Stock Unit Option shall entitle the Participant to any cash dividend, voting or other right of a stockholder unless and until the date of issuance under the Plan of the shares that are the subject of such Award.

18.5 Compliance With Laws and Regulations

In interpreting and applying the provisions of the Plan, any Option granted as an Incentive Stock Option pursuant to the Plan shall, to the extent permitted by law, be construed as an "incentive stock option" within the meaning of Section 422 of the Code.

18.6 Participants in Other Countries

The Committee shall have the authority to adopt such modifications, procedures and subplans as may be necessary or desirable to comply with provisions of the laws of any countries in which the Company or any Related Company may operate to ensure the viability of the benefits from Awards granted to Participants employed in such countries, to comply with applicable foreign laws and to meet the objectives of the Plan.

18.7 No Trust or Fund

The Plan is intended to constitute an "unfunded" plan. Nothing contained herein shall require the Company to segregate any monies or other property, or shares of Common Stock, or to create any trusts, or to make any special deposits for any immediate or deferred amounts payable to any Participant, and no Participant shall have any rights that are greater than those of a general unsecured creditor of the Company.

18.8 Successors

All obligations of the Company under the Plan with respect to Awards shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all the business and/or assets of the Company.

18.9 Severability

If any provision of the Plan or any Award is determined to be invalid, illegal or unenforceable in any jurisdiction, or as to any person, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or, if it cannot be so construed or deemed amended without, in the Committee's determination, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, person or Award, and the remainder of the Plan and any such Award shall remain in full force and effect.

18.10 Choice of Law

The Plan, all Awards granted thereunder and all determinations made and actions taken pursuant hereto, to the extent not otherwise governed by the laws of the United States, shall be governed by the laws of the State of Washington without giving effect to principles of conflicts of law.

SECTION 19. EFFECTIVE DATE

The effective date (the "Effective Date") is the date on which the Plan is approved by the stockholders of the Company.
