Any action may be taken on the foregoing proposals at the Annual Meeting on the date specified above, or on any date or dates to which the Annual Meeting may be adjourned or postponed.

Only stockholders of record of the Company's common stock, par value \$.01 per share, at the close of business on that date will be entitled to notice of and to vote at the Annual Meeting and at any adjournment or postponement thereof.

You are requested to fill in and sign the enclosed form of proxy, which is solicited by the Board of Directors, and to mail it promptly in the enclosed postage prepaid envelope. PROXY STATEMENT FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON WEDNESDAY, JUNE 6, 2001

April 30, 2001

This proxy statement is furnished in connection with the solicitation of proxies

Edgar Filing: ANIKA THERAPEUTICS INC - Form DEF 14A

by the Board of Directors of Anika Therapeutics, Inc., a Massachusetts corporation (the "Company"), for use at the annual meeting of stockholders to be held at the offices of Goodwin Procter LLP, 53 State Street, Boston, Massachusetts 02109 on Wednesday, June 6, 2001, at 10:00 a.m. local time and at any adjournment or postponement thereof (the "Annual Meeting"). At the Annual Meeting, the stockholders of the Company will be asked to consider and vote upon the following matters:

1. The election of two (2) Class II directors of the Company to serve until the annual meeting of stockholders in 2004 and until their respective successors are duly elected and qualified; and
2. Such other business as may properly come before the meeting and any adjournments or postponements thereof.

This proxy statement, the accompanying notice of annual meeting, the proxy card and the Company's Annual Report are first being sent to stockholders on or about April 30, 2001. The Company's Annual Report, however, is not a part of the proxy solicitation material. The Board of Directors has fixed the close of business on April 7, 2001 as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting. Only stockholders of record of the Company's common stock, par value \$.01 per share ("Common Stock") at the close of business on the record date will be entitled to notice of and to vote at the Annual Meeting. As of the record date, there were 9,934,280 shares of Common Stock outstanding and entitled to vote at the annual meeting. Holders of Common Stock as of the close of business on the record date will be entitled to one vote per share.

ALL PROXIES WILL BE VOTED IN ACCORDANCE WITH THE STOCKHOLDERS' INSTRUCTIONS, AND IF NO CHOICE IS SPECIFIED, THE PROXIES WILL BE VOTED "FOR" THE ELECTION OF THE NOMINEES FOR DIRECTOR LISTED IN THIS PROXY STATEMENT. IF OTHER MATTERS ARE PRESENTED, PROXIES WILL BE VOTED IN ACCORDANCE WITH THE DISCRETION OF THE PROXY HOLDERS. A STOCKHOLDER MAY REVOKE ANY PROXY AT ANY TIME BEFORE ITS EXERCISE BY DELIVERY OF WRITTEN REVOCATION OR A SUBSEQUENTLY DATED PROXY TO THE CLERK OF THE COMPANY OR BY VOTING IN PERSON AT THE ANNUAL MEETING. ATTENDANCE AT THE ANNUAL MEETING WILL NOT IN AND OF ITSELF CONSTITUTE REVOCATION OF A PROXY.

The presence, in person or by proxy, of holders of at least a majority of the total number of outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Shares held of record by stockholders or their nominees who do not return a signed and dated proxy or attend the Annual Meeting in person will not be considered present or represented at the Annual Meeting and will not be counted in determining the presence of a quorum. Directors are elected by a plurality of the votes cast if a quorum is present. In a plurality election, votes may only be cast in favor of or withheld from each nominee; votes that are withheld will be excluded entirely from the vote and will have no effect. This means that the two persons receiving the highest number of "FOR" votes will be elected as directors. Where the only matter to be considered at a meeting of stockholders is an uncontested election of directors by plurality, there are no "abstentions" or "broker non-votes" because (i) votes may only be cast in favor of or withheld from each nominee and (ii) shares of Common Stock held by a broker on behalf of a beneficial owner may be voted in the discretion of the broker if it does not receive voting instructions from the beneficial owner.

PROPOSAL 1 ELECTION OF DIRECTORS

The Company's Board of Directors is divided into three classes: Class I, Class II and Class III. Each class of directors serves for a three-year term with one class of directors being elected by the Company's stockholders at each annual meeting.

Edgar Filing: ANIKA THERAPEUTICS INC - Form DEF 14A

Mr. McKay and Dr. Sadow are the Board of Directors' nominees for election to the Board of Directors at the Annual Meeting. The Class II Directors will be elected to hold office until the 2004 Annual Meeting and until their successors are duly elected and qualified. Unless otherwise instructed, the persons named in the accompanying proxy will vote, as permitted by the Amended and Restated By-laws of the Company, to elect Mr. McKay and Dr. Sadow as the Class II Directors.

The election of a director requires the affirmative vote of a plurality of votes cast by the holders of Common Stock entitled to vote on the matter. If either of the Class II Directors become unavailable, the person acting under the proxy may vote the proxy for the election of a substitute.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR ITS NOMINEES.

DIRECTORS' COMPENSATION

During 2000, each director who was not an employee of the Company was entitled to receive a director's fee of \$10,000 and immediately exercisable options for 1,596 shares of Common Stock under the Stock Option Plan. The number of stock options granted was valued at approximately \$10,000 using the Black-Scholes method. In addition, each non-employee director is entitled to be paid \$1,000 for each Board meeting or committee meeting attended in person or regular Board meetings attended telephonically and \$500 for each special Board meeting or committee meeting attended telephonically. All non-employee directors are reimbursed for expenses incurred in attending meetings of the Board of Directors and any committees thereof.

Non-employee directors are also entitled to participate in the Company's 1993 Director Stock Option Plan (the "Director Plan"). In accordance with the provisions of the Director Plan, the period during which options may be granted thereunder expired five years after its adoption, on April 26, 1998 (the "Termination Date"). Under the terms of the Director Plan, each non-employee director who was initially elected to the Board of Directors prior to the Termination Date was entitled to receive an option to purchase 4,500 shares of Common Stock. The outstanding options granted under the Director Plan continue to be governed by the provisions of the Director Plan and any other instrument evidencing such options.

Each option granted under the Director Plan has an exercise price equal to the fair market value of Common Stock on the date of grant. Options granted under the Director Plan become exercisable in equal annual installments over a three-year period, but will automatically accelerate upon a "Change in Control of the Company" (as defined in the Director Plan) which, subject to certain exceptions, shall be deemed to occur in the event that (i) a person becomes the beneficial owner of 20% or more of the combined voting power of the Company's then outstanding securities, (ii) individuals who constituted the Board of Directors on April 26, 1993, and subsequent directors approved by such persons, cease to constitute at least a majority of the Board of Directors, (iii) the Company engages in certain mergers, consolidations or recapitalizations or (iv) the stockholders approve a plan of complete liquidation or an agreement for the sale of all or substantially all of the Company's assets. The term of each option granted under the Director Plan is ten years, provided that, in general, an option may be exercised only while the director continues to serve as a director of the Company or within 90 days thereafter.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

During 2000, the Compensation Committee of the Board consisted of Joseph L. Bower, Eugene A. Davidson, Samuel F. McKay and Steven E. Wheeler, each of whom was a non-employee director. The Compensation Committee approves Company compensation policies and procedures and establishes compensation levels for executive officers.

COMPENSATION POLICIES FOR EXECUTIVE OFFICERS. The Compensation Committee's executive compensation philosophy is: (i) to provide competitive levels of compensation that integrate pay with the individual executive's performance and the Company's annual and long-term performance goals; (ii) to motivate key executives to achieve strategic business goals and reward them for their achievement; (iii) to provide compensation opportunities and benefits that are comparable to those offered by other companies in the pharmaceutical and medical devices industry, thereby allowing the Company to compete for and retain talented executives who are critical to the Company's long-term success; and (iv) to align the interests of key executives with the long-term interests of stockholders and the enhancement of stockholder value through the granting of stock options.

The compensation of the Company's Chief Executive Officer and other executive officers is currently comprised of annual base salary, annual performance incentives in the form of cash bonuses and long-term performance incentives in the form of stock option grants under the Company's 1993 Stock Option Plan, as amended.

The Compensation Committee has determined that base salaries of executive officers should be set at levels that are competitive with those of executives of comparably-sized companies in the pharmaceutical and medical devices industry. In addition, the Compensation Committee believes that it is appropriate to reward performance through a combination of cash bonuses and stock option grants and to provide a competitive compensation package that will enable the Company to attract and retain the executives needed to achieve the Company's business goals.

9

BASE SALARY. Base salaries for executive officers are targeted according to the salaries of employees holding similar offices and having similar responsibilities at comparably-sized companies within the pharmaceutical and medical device industry. Annual salary adjustments for executive officers are determined by evaluating the competitive marketplace, the performance of the Company, the performance of the executive officer and any change in the responsibilities assumed by the executive officer. Salary adjustments are normally determined and made on an annual basis.

CASH BONUSES. The Company's executive officers, including its Chief Executive Officer, are also eligible to earn bonuses. The Company's bonuses provide motivation toward and reward the accomplishment of corporate annual objectives and provide a competitive compensation package that will attract, reward and retain top-caliber individuals. The bonus amounts are based on both Company and individual performance. The Compensation Committee also may grant bonuses for executive retention purposes, taking into account, among other things, general industry practices.

STOCK OPTION GRANTS. Stock options are designed to attract and retain executives who can make significant contributions to the Company's success; reward executives for such significant contributions; give executives a long-term incentive to increase shareholder value; and align the interests of the Company's senior executives with those of its stockholders. In determining whether to grant stock options to executive officers, the Compensation Committee evaluates each officer's performance by examining criteria similar to that involved in fixing cash bonuses. Any such grants also reflect individual performance reviews. The Compensation Committee also may grant stock options for executive retention purposes, taking into account, among other things, general industry practices. Stock options generally have been granted with a ten-year term, vesting in varying installments up to four years after the date of grant, and an exercise price equal to or above the fair market value of the Common

Edgar Filing: ANIKA THERAPEUTICS INC - Form DEF 14A

Stock on the grant date.

In order to achieve the goals described above and to provide certain executives with an equity interest in the Company, on September 11, 2000, the Compensation Committee granted Mr. Engle options to acquire 60,000 shares of Common Stock and each of Messrs. Potter, Ross, Sherwood and Slater options to acquire 30,000 shares of Common Stock, each at an exercise price of \$1.75 vesting in four equal annual installments. In addition, in connection with Mr. Sherwood's promotion, in May, 2000, he was granted an option to acquire 30,000 shares of Common Stock at an exercise price of \$7.625 per share and which vest in four annual installments.

COMPENSATION OF CHIEF EXECUTIVE OFFICER. J. Melville Engle, the Company's President and Chief Executive Officer, receives competitive compensation and regular benefits in effect for senior executives of the Company. In 2000, Mr. Engle received a salary of \$241,800 and aggregate cash bonuses of \$58,365. Mr. Engle's salary and bonus were initially determined pursuant to the terms of his employment agreement and have been adjusted annually in accordance with the philosophies described above. In addition to such cash compensation, as stated above, on September 11, 2000, the Compensation Committee granted Mr. Engle options to acquire 60,000 shares of Common Stock.

AGREEMENTS WITH NAMED EXECUTIVE OFFICERS

Mr. Engle is a party to an employment agreement with the Company. The employment agreement with Mr. Engle commenced September 24, 1996. Under the agreement, Mr. Engle is entitled to an initial annual base salary of \$200,000, a grant of stock options for 250,000 shares of Common Stock vesting in equal installments over four years, plus bonuses and benefits. If Mr. Engle's employment is terminated without cause, the agreement entitles him to severance in the amount of six months base salary and six months medical benefits. In the event of a constructive termination due to a "hostile" change of control, Mr. Engle will receive severance of twelve months salary (and medical benefits) if he is not retained in a substantially equivalent position.

Mr. Engle is also a party to change in control, bonus and severance agreement with the Company, dated June 3, 1999. Under this change of control, bonus and severance agreement, Mr. Engle is entitled to receive certain lump sum payments and other financial benefits in the event of a change in control (as defined in the agreement) of the Company. In the event of a change of control of the Company, Mr. Engle would likely receive an amount, including all periodic payments, in excess of \$100,000.

Each of Messrs. Potter, Ross, Slater and Dr. Sherwood have entered into at-will employment relationships with the Company, the terms of which are evidenced by offer letters from the Company which were countersigned by each officer at the commencement of his employment. Under the offer letters, each of these officers is offered in addition to his respective salary a grant of stock options for 75,000 shares of Common Stock vesting in equal installments over four years,

Edgar Filing: ANIKA THERAPEUTICS INC - Form DEF 14A

plus bonuses and benefits. If the employment of any of these officers is terminated without cause, the offer letter entitles each to severance in the amount of six months base salary and six months medical benefits. These officers are also parties to change in control, bonus and severance agreements with the Company dated June 3, 1999. Under these agreements, each of these officers is entitled to receive certain lump sum payments and other financial benefits in the event of a change in control (as defined in the agreement) of the Company. In the event of a change in control of the Company, and after such change of control, if their employment with the Company is terminated without cause (as defined in the agreement) each officer would likely receive an amount, including all periodic payments, in excess of \$100,000.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee consists of Dr. Bower, Dr. Davidson, Mr. McKay and Mr. Wheeler. None of these individuals is or formerly was an officer or employee of the Company.
