Alliance's business is managed under the direction of the Board of Directors. The Board delegates the conduct of business to our executive management team.

Our Board of Directors usually meets four times a year in regularly scheduled meetings. It may meet more often if necessary. The Board held four meetings in the fiscal year ended December 31, 2001, referred to as fiscal 2001. During fiscal 2001 all directors, except for Messrs. Executive management, in consultation with the Board of Directors, usually determines the agenda for the meetings. Board members receive the agenda and supporting information in advance of the meetings. Board members may raise other matters at the meetings. The Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, General Counsel and other selected members of senior management make presentations to the Board at the meetings and a substantial portion of the meeting time is devoted to the Board's discussion of these presentations. Significant matters that require Board approval are voted on at the meetings. Board members have complete access to senior management.

Edgar Filing: ALLIANCE IMAGING INC /DE/ - Form DEF 14A

Our Board of Directors currently has three committees, the Executive Committee, the Compensation Committee and the Audit Committee.

Chung, Michelson and Zehner. During fiscal 2001 the Executive Committee held 12 meetings.

Employment and Change of Control Arrangements

We have entered into employment agreements with Mr. Zehner, Ms. Hopping and Mr. Ord. Base compensation under the employment agreement for each of these executives is subject to adjustment by the Board of Directors each year. In addition, Mr. Zehner, Ms. Hopping and Mr. Ord are entitled to

12

receive an annual cash bonus based upon our achievement of certain operating and financial goals, with an annual target bonus amount equal to a specified percentage of their then-current annual base salary (75% in the case of Mr. Zehner, 70% in the case of Ms. Hopping and 50% in the case of Mr. Ord for 2001). Ms. Hopping's cash bonus for 2001 would not be less than 46.2% of her base salary notwithstanding the achievement of these goals. This bonus plan has been adopted and will be administered by the compensation committee of the Board of Directors.

The employment agreements have terms of two years in the case of Messrs. Zehner and Ord and one year in the case of Ms. Hopping. The terms of the employment agreements of Mr. Zehner, Ms. Hopping and Mr. Ord automatically extend by three months on the last day of each quarterly period and will continue to be so extended unless either we or the executive give notice of a desire to modify or terminate the agreement at least thirty days prior to the quarterly extension date. We may terminate Mr. Zehner's, Ms. Hopping's or Mr. Ord's employment at any time and for any reason and Mr. Zehner, Ms. Hopping and Mr. Ord may resign at any time and for any reason. If we terminate the employment of Mr. Zehner, Ms. Hopping or Mr. Ord without cause, or any of them resigns with good cause, the employment agreements obligate us to:

pay any earned but unpaid salary, benefits or bonuses, including a prorated bonus for the year in which the severance occurred;

continue to provide for periods of two years in the case of Messrs. Zehner and Ord, and one year in the case of Ms. Hopping, benefits at least equal to those received prior to severance; and

provide the executive with outplacement services at a cost not to exceed \$25,000.

Additionally, each of Messrs. Zehner and Ord would receive, over time, an amount equal to at least two times his combined then-current annual salary and bonus for the prior year and Ms. Hopping would receive, over time, an amount equal to her combined then-current annual salary for the prior year.

We have also entered into employment agreements with Ms. Ford and Mr. Andruet. Each employment agreement remains in effect until notice of termination is given by either party. Each contract provides that the officer will continue to receive his or her base salary and be entitled to earn bonuses and participate in all benefit plans and programs at levels and pursuant to terms that are substantially consistent with current levels and terms, subject to periodic review and possible increases by our Board of Directors or Compensation Committee. In addition, each contract provides that if the officer is terminated by us other than for just cause, as defined in the agreement, or if the officer terminates his or her employment as a result of a constructive discharge, as defined in the agreement, then the officer will be entitled to a cash severance benefit equal to six months of salary at his or her then current rate of salary, payment of a cash amount based on the officer's historical incentive compensation and extension of the officer's participation in our benefits plan and receipt of a car allowance for six months. If severance were to occur within one year prior to or following a change of control or the officer elects to terminate his or her employment for any reason within one year after a change in control, then each employment agreement provides for a doubled cash severance benefit and further extension of the officer's benefits and car allowance. For the purposes of these employment agreements, a change of control has occurred if:

we transfer all or substantially all of our assets to any person or group;

any person or group becomes the beneficial owner, directly or indirectly, of 35% or more of the total voting power represented by all of our voting stock; or

any person or group obtains the right or power to elect or designate a majority of our Board of Directors.

401(k) Plan

We established a tax deferred 401(k) savings plan in January 1990. Effective January 1, 2001, the 401(k) plan was amended and restated in its entirety. Currently, all employees who are over 21 years of age are eligible to participate after attaining three months of service. Employees may contribute between 1% and 15% of their annual compensation. We match 50 cents for every dollar of employee contributions up to 5% of their compensation, subject to statutory limitations. The rates of pre-tax and matching contributions may be reduced with respect to highly compensated employees, as defined in the Internal Revenue Code of 1986, as amended, so that the 401(k) plan will comply with Sections 401(k) and 401(m) of the Code. Pre-tax and matching contributions are allocated to each employee's individual account, which are invested in selected fixed income or stock managed accounts according to the directions of the employee. An employee's pre-tax contributions are fully vested and nonforfeitable at all times. Matching contributions vest over four years of service. An employee may forfeit unvested amounts upon termination of employment, unless the termination is because of death, disability or retirement, in which case matching contributions vest in their entirety.

Matching contributions made by us pursuant to the 401(k) plan to the named executive officers for the 2001 fiscal year are included under "All Other Compensation" in the Summary Compensation Table.

Stock Option Plans

We have issued stock options to our employees under the following three plans:

The 1999 Equity Plan for Employees of Alliance Imaging, Inc. and Subsidiaries dated November 2, 1999, or the 1999 Equity Plan;

The Alliance Imaging, Inc. 1997 Stock Option Plan dated December 18, 1997, as amended, or the 1997 Option Plan; and

The Three Rivers Holding Corp. 1997 Stock Option Plan dated October 14, 1997, as amended, or the Three Rivers Plan.

The 1999 Equity Plan, the 1997 Option Plan and the Three Rivers Plan are collectively referred to in this proxy statement as the plans. The plans are designed to promote our interests by providing eligible persons with the opportunity to acquire a proprietary interest, or otherwise increase their proprietary interest, in us as an incentive for them to remain in our service.

Types of Options. The Three Rivers Plan provides for the grant of options to our employees that are not qualified as incentive stock options as defined by Section 422 of the Internal Revenue Code. The 1997 Option Plan provides for the grant of options to employees that are either incentive stock options or non-qualified options. The 1999 Equity Plan provides for the grant of options to employees, consultants or other persons with a unique relationship to us or our subsidiaries, and that are non-qualified options.

Options Available and Outstanding. A total of 6,321,500 shares are reserved for issuance under the 1999 Equity Plan, of which 4,274,200 are subject to outstanding options as of December 31, 2001. Currently there are options outstanding to purchase 1,823,270 shares under the 1997 Option Plan and 431,520 shares under the Three Rivers Plan. The 1997 Option Plan and the Three Rivers Plan were amended upon completion of our 1999 recapitalization to provide that no further options would be granted under those plans after November 2, 1999, and there are no additional shares reserved for issuance under those plans. Options under the 1997 Option Plan and the Three Rivers Plan that were not cancelled as part of the 1999 recapitalization remain outstanding subject to the terms and conditions of the 1997 Option Plan, the Three Rivers Plan and the option

agreements under which they were granted, as they have been amended. All options granted under the 1997 Option Plan and the Three Rivers Plan are fully vested and exercisable.

Administration. The Compensation Committee administers each of the plans. The Compensation Committee has authority to select the employees, consultants or others to whom options will be granted under the plans, the number of shares to be subject to those options, and the terms and conditions of the options. In addition, the Compensation Committee has the authority to construe and interpret the plans and to adopt rules for the administration, interpretation and application of the plans that are consistent with the terms of the plans. Options granted under the 1999 Equity Plan become vested and exercisable as determined by the Compensation Committee at the time of the grant, at a price determined by the committee.

Stockholders' Agreement. The options and shares acquired upon exercise of the options are subject to the terms and conditions of stockholders' agreements entered into by the option holders. The stockholders' agreements provide that except for limited exceptions, the option holder may not transfer, sell or otherwise dispose of any shares prior to the fifth anniversary of the grant date. The restricted period for options granted under the 1997 Option Plan and the Three Rivers Plan that were not cancelled upon completion of our 1999 recapitalization began on November 2, 1999.

Amendment. The 1997 Stock Option Plan and the Three Rivers Plan may be amended or modified by the Board of Directors. The 1999 Equity Plan may be amended or modified by the Compensation Committee, and may be terminated by the Board of Directors.

Exercise. Options granted under the plans may be exercised in cash or, at the discretion of the Compensation Committee, through the delivery of previously owned shares, through the surrender of shares which would otherwise be issuable upon exercise of the option, or any combination of the foregoing. In order to use previously owned shares to exercise an option granted under the Three Rivers Plan, the option holder must have owned the shares used for at least six months prior to the exercise of the option.

Change of Control.

Under the 1999 Equity Plan, the Compensation Committee may, in its sole discretion, provide that options granted under the plan cannot be exercised after a change of control, in which case they will become fully vested and exercisable prior to the completion of the change of control. The committee may also provide that options remaining exercisable after the change of control may only be exercised for the consideration received by stockholders in the change of control, or its cash equivalent. A change of control is defined in the 1999 Equity Plan as the:

merger or consolidation of our corporation into another corporation;

exchange of all or substantially all of our assets for the securities of another corporation;

acquisition by another corporation of 80% or more of our then outstanding shares of voting stock; or

recapitalization, reclassification, liquidation or dissolution of our corporation, or other adjustment or event which results in shares of our common stock being exchanged for or converted into cash, securities or other property.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal 2001, Messrs. Chung and Michelson served as members of the Compensation Committee of Alliance's Board of Directors. Both Messrs. Chung and Michelson are officers of KKR. See "Certain Relationships and Related Party Transactions".

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We believe that we have executed all of the transactions set forth below on terms no less favorable to us than we could have obtained from unaffiliated third parties. It is our intention to ensure that all future transactions, including loans, between us and our officers, directors and principal stockholders and their affiliates, are on terms no less favorable to us than those that we could obtain from unaffiliated third parties.

Alliance will address any conflicts of interest and future transactions it may have with its affiliates, including KKR, or other interested parties in accordance with applicable law. Delaware law provides that any transaction with any director or officer or other entity in which any of our directors or officers are also directors or officers, or have a financial interest, will not be void or voidable solely due to the fact of the interest or affiliation, nor because the votes of interested directors are counted in approving the transaction, so long as (i) the material facts of the relevant party and its interest are disclosed to the Board of Directors or the stockholders, as applicable, and the transaction is approved in good faith by a majority of the disinterested directors or by a specific vote of the stockholders, as applicable; or (ii) the transaction is fair to the company at the time it is authorized, approved or ratified.

On November 27, 2000 in connection with the purchase of 53,600 shares of our common stock, Jamie E. Hopping, our president, chief operating officer and director issued a full recourse promissory note to us in the amount of approximately \$300,000 plus interest at an annual rate of 6%. Payment of the note was secured by the shares of common stock purchased. Ms. Hopping repaid the principal amount of \$300,000 along with interest of \$12,131 in full on July 31, 2001 upon the sale of Ms. Hopping's Texas residence. In connection with the sale of Ms. Hopping's Texas residence, we paid fees of \$146,767 to a relocation firm which sold the residence on our behalf and ensured that Ms. Hopping received the appraised value for the residence.

In connection with the KKR acquisition, we entered into an agreement for a \$260.0 million senior subordinated facility with KKR. The net proceeds of the offering of \$260.0 million aggregate principal amount of our 10³/₈% senior subordinated notes due 2011 were used to repay the senior subordinated credit facility. Pursuant to an agreement that was entered into in connection with the KKR acquisition, KKR provides management, consulting and financial services to us and we paid KKR an annual fee of \$650,000 in 2001 in quarterly installments in arrears at the end of each calendar quarter, for these services. In addition, we reimburse KKR and its affiliates for all reasonable costs and expenses incurred in connection with:

the management, consulting and financial services provided by KKR; and

the ownership of our shares of common stock by KKR's affiliates.

Pursuant to a purchase agreement dated as of September 1, 1999 with Alliance Imaging Management, Inc., Acclaim Medical LLC, or "Acclaim", and certain other individuals, we completed the acquisition of Acclaim for the sum of \$500,000 plus warrants to purchase 20% of the equity interest in Acclaim as of August 31, 2001. One of the former members of Acclaim is a child of our chief executive officer. In 2001, we exercised our call right for the outstanding warrants of Acclaim and each of the four original members of Acclaim received \$234,375 in March 2002.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The compensation of Alliance's executive officers is determined by our Compensation Committee (the "Committee") which consists entirely of Messrs. Chung and Michelson. In developing the executive compensation program of Alliance, the Committee has reviewed compensation packages of various peer group companies as well as published compensation data on companies of similar size.

Compensation Philosophy

The primary components of Alliance's executive compensation program are base salary, an annual cash incentive award based primarily on Alliance's performance, and a long term incentive program which consists of grants of stock options. It is the general philosophy of the Board of Directors of Alliance to set base salary and the annual incentive award comparable to the salaries and bonus paid by a selected peer group of

Edgar Filing: ALLIANCE IMAGING INC /DE/ - Form DEF 14A

companies. Through the use of stock options, executive officers have the opportunity to receive total compensation, including base salary, annual incentive award and long term incentives, above the executives of the same peer group of companies. This opportunity depends, in part, on the performance of Alliance's Common Stock. This emphasis on long term incentives is intended to encourage the executives to focus on the growth of Alliance and the value of its Common Stock.

Base Salary

Base salaries for executives are set at levels consistent with the compensation philosophy, and that are considered appropriate in view of the responsibilities of each position. Individual performance is also considered. The Committee approves all salary increases for executive officers.

Annual Incentive Award

The annual incentive award program provides for cash awards to be determined shortly after audited financial results are available each fiscal year. The Committee establishes financial targets as an incentive for superior corporate performance. Each executive has a target award based on a percentage of base salary. The payout of the award to executives is based primarily on the attainment of the financial targets established at the start of the fiscal year and, on a case-by-case basis, the accomplishment of extraordinary achievements during the fiscal year. In the case of the Chief Executive Officer, the President and Chief Operating Officer and the Executive Vice President, Chief Financial Officer, the payout is based 100% on Alliance's overall financial performance targets set annually by the Committee, subject to extraordinary achievements. For the other two Executive Vice Presidents, the payout is based 50% on Alliance's overall financial targets and 50% on the financial targets for the regional operations under their control. Payout to the executives can range from zero to 175% of the target award based on achievement of the financial targets.

Long Term Incentive Plan Compensation

Long term incentives are addressed through grants of stock options. The Committee believes that using stock options as a long term incentive aligns the interests of the officers of Alliance with those of the stockholders. The Committee approves and recommends to the full Board all option grants for executive officers and the guidelines to be used for option grants for other management employees. Individual grants of stock options are made based on level of responsibility and individual performance.

Compensation of Chief Executive Officer

The Committee meets annually to review the performance of Richard N. Zehner, Chairman and Chief Executive Officer of Alliance. In fiscal 2001, the Committee approved a salary increase of 4.0%. Detailed compensation disclosure is contained in the Summary Compensation Table.

17

Tax Treatment of Executive Compensation

Section 162(m) of the Internal Revenue Code imposes a limitation on the deductibility of nonperformance-based compensation in excess of \$1 million paid to named executive officers. The Committee intends that Alliance will generally manage its executive compensation program so as to preserve the related federal income tax deductions.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

During fiscal 2001, the Audit Committee of the Board of Directors consisted of two non-employee directors who met the independence requirements of the New York Stock Exchange listing standards. The Audit Committee operates under a written charter, approved and adopted by the Board, a copy of which is attached to this Proxy Statement as Appendix A.

What are the responsibilities of management, the independent auditors and the Audit Committee?

Alliance's management is responsible for Alliance's internal controls and financial reporting process. Alliance's independent auditors, Deloitte & Touche LLP, are responsible for performing an independent audit of Alliance's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. Pursuant to our Audit Committee's charter, the Audit Committee serves as an independent and objective party to monitor Alliance's financial reporting process and internal control system. The Committee monitors the independence and performance of the independent auditors. The Committee also provides an open avenue of communication between the outside auditors and the Board of Directors.

How does the Audit Committee carry out its responsibilities?

The Audit Committee has convened four times during the year to discuss the interim and annual financial statements and Alliance's internal controls on the financial reporting process.

The Audit Committee reviewed Alliance's audited financial statements for fiscal 2001 and met with both management and Alliance's independent auditors, Deloitte & Touche LLP, to discuss those financial statements. Management and Deloitte & Touche LLP have represented to the Audit Committee that the financial statements were prepared in accordance with generally accepted accounting principles.

The Audit Committee has received from and discussed with Deloitte & Touche LLP its written disclosure and letter regarding its independence from Alliance as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

The Audit Committee has also reviewed and considered whether the provision of other non-audit services by Deloitte & Touche LLP is compatible with maintaining the auditors' independence.

The Audit Committee has also discussed with Deloitte & Touche LLP any matters required to be discussed by Statement of Auditing Standard No. 61.

Based upon these reviews and discussions, the Audit Committee has recommended to the Board that the audited financial statements be included in Alliance's Annual Report on Form 10-K for the year ended December 31, 2001 to be filed with the Securities and Exchange Commission. The Committee has also recommended, subject to stockholder ratification and approval, the appointment of Deloitte & Touche LLP as Alliance's independent auditors for fiscal year 2002.

AUDIT COMMITTEE CHARTER

Purpose

The purpose of the Audit Committee (the "Committee") is to provide assistance to the Board of Directors (the "Board") of Alliance Imaging, Inc. (the "Company") in fulfilling the Board's oversight responsibilities regarding the Company's accounting and system of internal controls, the quality and integrity of the Company's financial reports and the independence and performance of the Company's outside auditor. In so doing, the Committee should endeavor to maintain free and open means of communication between the members of the Committee, other members of the Board, the outside auditor and the financial management of the Company.

The Committee's responsibility is oversight. Management of the Company has the responsibility for the Company's financial statements as well as the Company's financial reporting process, principles and internal controls. The outside auditor is responsible for performing an audit of the Company's annual financial statements, expressing an opinion as to the conformity of such annual financial statements with generally accepted accounting principles, reviewing the Company's quarterly financial statements and other procedures. It is recognized that the members of the Committee are not engaged in the accounting or auditing profession and, consequently, are not experts in matters involving auditing or accounting including in respect of auditor independence. As such, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements fairly present the Company's financial position and results of operation and are in accordance with generally accepted accounting principles and applicable laws and regulations. Each member of the Committee shall be entitled to rely on (i) the integrity of those persons within the Company and of the professionals and experts (such as the outside auditor) from which it receives information, (ii) the accuracy of the financial and other information provided to the Committee by such persons, professionals or experts absent actual knowledge to the contrary and (iii) representations made by management or the outside auditor as to any information technology services of the type described in Rule 2-01(c)(4)(ii) of Regulation S-X and other non-audit services provided by the outside auditor to the Company.

Membership

The Committee shall initially consist of two members of the Board and a third member of the Board shall be appointed to the Committee prior to July 27, 2002. The members shall be appointed by action of the Board and shall serve at the discretion of the Board. Each Committee member shall be "financially literate" as determined by the Board in its business judgment and shall satisfy the "independence" requirements of the New York Stock Exchange. At least one member of the Committee shall have "accounting or related financial management expertise," as determined by the Board in its business judgment.

Committee Organization and Procedures

1. The members of the Committee shall appoint a Chair of the Committee by majority vote. The Chair (or in his or her absence, a member designated by the Chair) shall preside at all meetings of the Committee.
2. The Committee shall have the authority to establish its own rules and procedures consistent with the bylaws of the Company for notice and conduct of its meetings, should the Committee, in its discretion, deem it desirable to do so.
3. The Committee shall meet at least four times in each fiscal year.

4. The Committee may include in its meetings members of the Company's financial management, other members of the Board of Directors, representatives of the outside auditor and other financial personnel employed or retained by the Company. The Committee may meet with the outside auditor in separate executive sessions to discuss any matters that the Committee believes should be addressed privately, without management's presence. The Committee may likewise meet privately with management, as it deems appropriate.

Responsibilities

Outside Auditor

5. The outside auditor of the Company shall be ultimately accountable to the Board and the Committee in connection with the audit of the Company's annual financial statements and related services. The Board, with the assistance of the Committee, has the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the outside auditor (or to nominate the outside auditor to be proposed for shareholder approval in the annual proxy statement.).

6. The Committee shall recommend for approval to the full Board fees to be paid to the outside auditor and any other terms of the engagement of the outside auditor.

7. The Committee shall ensure that the outside auditor prepare and deliver, at least annually, a written statement delineating all relationships between the outside auditor and the Company, consistent with Independence Standards Board Standard 1. The Committee shall actively engage in a dialogue with the outside auditor with respect to any disclosed relationships or services that, in the view of the Committee, may impact the objectivity and independence of the outside auditor. If the Committee determines that further inquiry is advisable, the Committee shall recommend that the Board take any appropriate action in response to the outside auditor's report to satisfy itself of the auditor's independence.

8. If applicable, the Committee shall consider whether the outside auditor's provision of (i) information technology services of the type described in Rule 2-01(c)(4)(ii) of Regulation S-X and (ii) other non-audit services to the Company is compatible with maintaining the independence of the outside auditor.

Annual Audit

9. The Committee shall meet with the outside auditor and management of the Company in connection with each annual audit to discuss the scope of the audit and the procedures to be followed.

10. The Committee shall meet with the outside auditor and management prior to the public release of the financial results of operations for the year under audit and discuss with the outside auditor any matters within the scope of the pending audit that have not yet been completed.

11. The Committee shall review(1) and discuss the audited financial statements with the management of the Company.

(1)

Auditing literature, particularly, Statement of Accounting Standards No. 71, defines the term "review" to include a particular set of required procedures to be undertaken by independent accountants. The members of the Audit Committee are not independent accountants, and the term "review" as used in this Audit Committee charter is not intended to have this meaning. Consistent with footnote 47 of SEC Release No. 34-42266, any use in this Audit Committee Charter of the term "review" should not be interpreted to suggest that the Committee members can or should follow the procedures required of auditors performing reviews of interim financial statements.

12. The Committee shall discuss with the outside auditor the matters required to be discussed by Statement on Auditing Standards No. 61 as then in effect including, among others, (i) the methods

used to account for any significant unusual transactions reflected in the audited financial statements; (ii) the effect of significant accounting policies in any controversial or emerging areas for which there is a lack of authoritative guidance or a consensus to be followed by the outside auditor; (iii) the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditor's conclusions regarding the reasonableness of those estimates; and (iv) any disagreements with management over the application of accounting principles, the basis for management's accounting estimates or the disclosures in the financial statements.

13. The Committee shall, based on the review and discussions in paragraphs 11 and 12 above, and based on the disclosures received from the outside auditor regarding its independence and discussions with the auditor regarding such independence in paragraph 7 above, recommend to the Board whether the audited financial statements should be included in the Company's Annual Report on Form 10-K for the fiscal year subject to the audit.

Quarterly Review

14. The outside auditor is required to review the interim financial statements to be included in any Form 10-Q of the Company using professional standards and procedures for conducting such reviews, as established by generally accepted auditing standards as modified or supplemented by the Securities and Exchange Commission, prior to the filing of the Form 10-Q. The Committee shall discuss with management and the outside auditor in person, at a meeting, or by conference telephone call, the results of the quarterly review including such matters as significant adjustments, management judgments, accounting estimates, significant new accounting policies and disagreements with management. The Chair may represent the entire Committee for purposes of this discussion.

Internal Controls

15. The Committee shall discuss with the outside auditor, at least annually, the adequacy and effectiveness of the accounting and financial controls of the Company, and consider any recommendations for improvement of such internal control procedures.

16. The Committee shall discuss with the outside auditor and with management any management letter provided by the outside auditor and any other significant matters brought to the attention of the Committee by the outside auditor as a result of its annual audit. The Committee should allow management adequate time to consider any such matters raised by the outside auditor.

Other Responsibilities

17. The Committee may meet, as needed, with the Company's Compliance Officer.

18. The Committee shall review and reassess the Committee's charter at least annually and submit any recommended changes to the Board for its consideration.

19. The Committee shall provide the report for inclusion in the Company's Annual Proxy Statement required by Item 306 of Regulation S-K of the Securities and Exchange Commission.

20. The Committee, through its Chair, shall report annually to the full Board regarding the Committee's actions and recommendations, if any.
