PROXY STATEMENT

This proxy statement contains information related to our 2002 Annual Meeting of Shareholders to be held on May 15, 2002, at 10:00 a.m., local time, at the Hyatt Deerfield located at 1750 Lake Cook Road, Deerfield, Illinois, or at such other time and place to which the annual meeting may be adjourned or postponed. **The enclosed proxy is solicited by our Board of Directors.** The proxy materials relating to the annual meeting are first being mailed on or about April 8, 2002 to shareholders entitled to vote at the meeting.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At the annual meeting, shareholders will act upon the matters outlined in the accompanying notice of meeting, including the following:

to elect the directors for a term to expire at the 2003 Annual Meeting of Shareholders; and

to ratify the appointment of Ernst & Young LLP as our independent accountants.

In addition, our management will report on the performance of PCA during fiscal year 2001, and consider any other matters that properly come before the meeting.

What are the voting recommendations of the Board of Directors?

The Board recommends that you vote your shares:

FOR each of the directors (see page 4).

FOR ratification of the appointment of Ernst & Young LLP as PCA's independent accountants (see page 8).

Who is entitled to vote at the meeting?

Only shareholders of record at the close of business on the record date, March 18, 2002, are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. Except as otherwise required by law, holders of our common stock are entitled to one vote per share on each matter to be voted upon at this annual meeting. A simple majority of the total shares outstanding is required to elect directors and to ratify or approve other items being voted on at this time.

Edgar Filing: PACKAGING CORP OF AMERICA - Form DEF 14A

As of the record date, we had 105,423,918 shares of our common stock outstanding (after deducting an aggregate of 48,200 shares held in treasury).

1

Who can attend the meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend the meeting upon presentation of proper identification. Registration and seating will begin at 9:15 a.m. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Please note that if you hold your shares in "street name" (that is, through a broker or other nominee), you will need to bring a copy of your proxy card or a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the meeting.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of our common stock on the record date will constitute a quorum for our meeting. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

How do I vote?

You can vote on matters to come before the meeting in two ways:

By completing, dating and signing the enclosed proxy card and returning it in the enclosed postage-paid envelope.

By written ballot at the meeting.

Your shares will be voted as you indicate. If you return the proxy card but you do not indicate your voting preferences, the individuals named on the proxy card will vote your shares *for* each of the directors and the ratification of the appointment of Ernst & Young LLP. We are not aware of any other matters to be presented at the meeting; however, the individuals named in the proxy card will vote your shares as recommended by the Board, or if no recommendation is given, in their own discretion, with respect to any other matter that properly comes before the meeting.

What if I vote and then change my mind?

You may revoke your proxy at any time before it is exercised by:

filing with the Secretary of PCA a notice of revocation;

sending in another duly executed proxy bearing a later date; or

attending the meeting and casting your vote in person.

Your last vote will be the vote that is counted.

What vote is required to approve each item?

Edgar Filing: PACKAGING CORP OF AMERICA - Form DEF 14A

Election of Directors. The Board of Directors will be elected by a plurality vote, meaning that the seven nominees who receive the most votes will be elected to the Board of Directors. A properly executed proxy marked "WITHHOLD AUTHORITY" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. The withholding of authority by a shareholder, including "broker non-votes" (*discussed below*), will not be counted in computing a plurality and thus will have no effect on the results of the election of such nominees.

Other Proposals. For each other proposal, the affirmative vote of the holders of a majority of our common stock represented in person or by proxy and entitled to vote at the meeting will be required for approval. A properly executed proxy marked "ABSTAIN" with respect to any such

2

proposal will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a vote against the proposal.

Effect of Broker Non-Votes. If you do not provide your broker or other nominee with instructions on how to vote your "street name" shares, your broker or nominee may not be permitted to vote them. You should therefore be sure to provide your broker or nominee with instructions on how to vote your shares.

If you do not give voting instructions to your broker or nominee, you will, in effect, *be voting against* the appointment of Ernst & Young LLP, unless you appear in person at the annual meeting and vote in favor of these proposals. As discussed above, a "broker non-vote" will have no effect on the outcome of the election of directors.

How are we soliciting this proxy?

We are soliciting this proxy on behalf of our Board of Directors by mail and will pay all expenses associated with this solicitation. Some of the officers and other employees of PCA also may, without compensation other than their regular compensation, solicit proxies by further mailing or personal conversations, or by telephone, facsimile or other electronic means. We will also, upon request, reimburse brokers and other persons holding stock in their names, or in the names of nominees, for their reasonable out-of-pocket expenses for forwarding proxy materials to the beneficial owners of our common stock and to obtain proxies.

3

BOARD OF DIRECTORS

This section gives biographical information about our directors and describes their membership on Board committees, their attendance at meetings and their compensation. This section also sets forth the first proposal on the agenda for the annual meeting.

What is the makeup of the Board of Directors?

Our Second Amended and Restated By-Laws provide that the number of directors shall be set by the Board of Directors. The number of directors is currently seven. The directors serve until the following annual meeting of the shareholders. The shareholders elect all of the members of the Board of Directors each year.

Election of Directors (Item No. 1 on Proxy Card) *For Term Expiring at 2003 Annual Meeting*

The following seven nominees, each of whom currently serves as a director of PCA, are proposed to be elected at this annual meeting to serve for an annual term that will expire at the 2003 Annual Meeting of Shareholders and until their successors are elected and qualified.

The persons named as proxy voters in the accompanying proxy card, or their substitutes, will vote for these nominees for directors, each of whom has been designated as such by our current Board of Directors. If, for any reason not presently known, any of the nominees is not available for election, another person or other persons who may be nominated by the Board of Directors will be voted for at the discretion of the

Edgar Filing: PACKAGING CORP OF AMERICA - Form DEF 14A

proxy voters, unless the Board reduces the number of directors accordingly. Provided a quorum is present in person or by proxy, directors will be elected by a vote of a plurality of the shares voted.

You may vote for or withhold your vote from the Director nominees. The Board of Directors recommends that you vote for all of the nominees listed below.

Brief statements setting forth the age at March 19, 2002, the principal occupation, employment during the past five years, the year in which first elected a director, and other information concerning each nominee appear below.

The Board of Directors unanimously recommends a vote *FOR* the election of each of the director nominees.

How are directors compensated?

PCA does not currently compensate inside directors for serving as a director or on committees of the Board of Directors or pay inside directors any fees for attendance at meetings of the Board. Inside directors are those who also serve as members of management or who are affiliated with PCA's largest shareholder. PCA compensates outside directors \$2,000 per regular meeting attended of the Board of Directors and \$1,000 per meeting attended of any committee of the Board of Directors. All directors are reimbursed for reasonable out-of-pocket expenses incurred in connection with their attendance at Board and committee meetings. Each outside Director also receives an annual grant of options to purchase 7,000 shares of PCA's common stock as additional incentive compensation for service on the Board of Directors. These options are granted at 100% of the fair market value on the date of such grant and vest immediately.

5

How often did the Board meet during fiscal 2001?

The Board of Directors met four times during fiscal 2001. Each member of the Board attended at least 75% of the aggregate of the total number of meetings of the Board and the committees on which he was a member during the portion of the fiscal year that he served as a director or committee member, with the majority of the directors attending 100% of all meetings.

What committees has the Board established?

The Board of Directors has standing Compensation and Audit Committees, each consisting of non-management directors. We do not maintain a standing nominating committee or other committee performing similar functions. The function of nominating directors is carried out by the entire Board of Directors. Our By-Laws, however, provide a procedure for you to recommend candidates for director at an annual meeting. For more information, see page 19 under "Shareholder Proposals and Nominations."

Compensation Committee		

The Compensation Committee includes Samuel M. Mencoff, chairman, Thomas S. Souleles and Rayford K. Williamson. The Committee met three times and conducted all other business by unanimous written consent during the last fiscal year. The purpose of the Committee is to establish and execute compensation policies and programs for PCA's executives and employees. For example, the Compensation Committee recommends the compensation arrangements for senior management. It also determines the allocation of amounts to be paid under PCA's incentive compensation plan and options to be granted under its stock option plan.

Audit Committee

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other PCA filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent we specifically incorporate this Report.

Report of the Audit Committee

The Audit Committee of the Board of Directors is governed by a written charter approved by the Board of Directors. A copy of this charter was included in the April 2001 Proxy Statement. The Audit Committee, composed solely of independent directors of PCA, has furnished the following report on the functions performed by the Committee and its membership:

The Audit Committee oversees PCA's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling the Committee's oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the

clarity of disclosures in the financial statements.

6

The Committee also reviewed with the independent accountants, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgment as to the quality, not just the acceptability, of PCA's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee discussed with the independent accountants their auditors' independence from management and PCA, including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of nonaudit services with their auditors' independence.

In addition, the Committee discussed with PCA's internal auditors and independent accountants the overall scope and plans for their respective audits. The Committee meets with the internal auditors and independent accountants, with and without management present, to discuss the results of their examinations, their evaluations of PCA's internal controls, and the overall quality of PCA's financial reporting. The Committee held eight meetings during fiscal year 2001.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended, subject to shareholder approval, the selection of PCA's independent accountants.

RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS
(Item No. 2 on Proxy Card)

The Board of Directors, upon the recommendation of its Audit Committee, has selected Ernst & Young LLP as PCA's independent accountants for the fiscal year ending December 31, 2002, and has further directed that management submit the selection of independent accountants for ratification by the shareholders at the annual meeting. Ernst & Young LLP has audited PCA's financial statements since PCA's inception in 1999. Representatives of Ernst & Young LLP are expected to be present at the annual meeting. They will have the opportunity to make a statement if they wish to do so and will be available to respond to appropriate questions.

Fees to Independent Accountants

Audit Fees. The aggregate fees paid to Ernst & Young LLP for professional services rendered for the audit of our annual financial statements for the fiscal year ended December 31, 2001 and for the reviews of the financial statements included in our Quarterly Reports on Form 10-Q for the fiscal year were \$299,000.

Financial Information Systems Design and Implementation Fees. None.

All Other Fees. The aggregate fees paid to Ernst & Young LLP for services rendered to PCA, other than the Audit Fees, for the fiscal year ended December 31, 2001 were \$658,900, all of which were primarily internal audit related. Ernst & Young served as PCA's internal audit services outsourced provider during 2001.

The Audit Committee has considered whether the services described under "All Other Fees" above are compatible with maintaining Ernst & Young LLP's independence and has determined that such services have not adversely affected Ernst & Young LLP's independence. PCA entered into an agreement on March 1, 2002, with Jefferson Wells International for internal audit services. This was done after Ernst & Young informed PCA that they would no longer be offering internal audit services to clients for which they also serve as the independent

accountant.

Shareholder Ratification

Shareholder ratification of the appointment of Ernst & Young LLP as PCA's independent accountants is not required by our By-Laws or otherwise. However, the Board is submitting the appointment of Ernst & Young LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the appointment, the Audit Committee and the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board of Directors in their discretion may direct the appointment of different independent accountants at any time during the year if they determine that such an appointment would be in the best interests of PCA and its shareholders.

The Board of Directors unanimously recommends a vote *FOR* the ratification of the appointment of Ernst & Young LLP as PCA's independent accountants for fiscal year 2002.

This table includes estimated benefit amounts from the Pactiv Retirement Plan and the Pactiv Supplemental Executive Retirement Plan of which PCA is a participating employer.

The benefits shown above are based on years of credited participation and the employee's final average compensation, which is comprised of salary and bonus earned during the final 60 full months of employment while covered as a plan participant. These benefits are not subject to any deduction for Social Security or other offset amounts. The years of credited participation for Mr. Stecko, Mr. Sweeney, Mr. Kowlzan, Mr. West and Ms. Davey are 7 years, 10 years and 7 months, 4 years and 7 months, 5 years and 4 months, and 6 years and 2 months, respectively. Refer to the Summary Compensation Table for salary and bonus information for these individuals.

Employment Contracts and Termination of Employment and Change-in-Control Arrangements

Under the terms of letter agreements entered into with Mr. Stecko on January 25, 1999 and May 19, 1999, PCA pays Mr. Stecko a base salary of \$600,000 per annum, subject to increases

approved by the Board, and has agreed to pay Mr. Stecko an annual bonus of not less than \$500,000 with respect to each of the fiscal years 1999, 2000 and 2001, and an annual perquisite allowance of not less than \$60,000 payable in cash. In addition, PCA paid Mr. Stecko a signing bonus payment of \$1 million, the net proceeds of which, under the terms of the letter agreements, were invested in common stock of PCA. If PCA terminates Mr. Stecko without cause, he is entitled to receive an amount equal to three times the sum of his base salary plus the amount of the highest annual bonus paid to him during the previous three year period.

Under the terms of a letter of agreement dated May 19, 1999, PCA established a Supplemental Executive Retirement Plan under which we will provide Mr. Stecko with a supplemental pension benefit calculated on the basis of the following formula: (annual salary + bonus) × (years of service) × (.0167), where "years of service" equals years of service with PCA + five years. The benefit is payable in a lump sum at Mr. Stecko's election, with the lump sum determined using the following factors: the interest rate used will be the annual rate of interest of 30-year Treasury Securities as specified by the IRS for the second calendar month preceding the first day of the plan year during which the annuity starting date occurs and the applicable mortality table described in Revenue Ruling 95-6, 1995-1 CB 80. These benefits are payable upon Mr. Stecko's separation from service but, with respect to benefit commencement prior to age 62, there will be a 4% per year reduction for early payment.

Under the terms of a memorandum from PCA to Mr. Sweeney, dated April 16, 1999, PCA agreed to pay Mr. Sweeney a bonus in the amount of \$500,000 if either PCA terminates Mr. Sweeney before April 12, 2002 for any reason other than for cause or he is still employed by PCA on April 12, 2002. If Mr. Sweeney dies before April 12, 2002, the bonus will be paid to his beneficiaries. Mr. Sweeney agreed to use the after-tax proceeds of this bonus to pay off the outstanding balance, if any, of the loan he received from Morgan Guaranty Trust Company of New York to purchase equity of PCA in June 1999.

Management Equity Agreements

PCA entered into management equity agreements in June 1999 with 125 of its management-level employees, including the Named Executive Officers. Under these agreements, PCA sold 3,132,800 shares of common stock to 113 of these employees at \$4.55 per share, the same price per share at which our largest shareholder purchased equity in the April 12, 1999 transactions. PCA guaranteed bank financing in the amount of \$5,200,000 in the aggregate to enable some of these members of PCA's management to purchase equity under their respective management equity agreements. The amount of bank financing guaranteed by PCA with respect to any employee did not exceed 50% of the purchase price paid by the employee under his or her management equity agreement.

The management equity agreements also provide for the grant of options to purchase up to an aggregate of 6,569,200 shares of PCA's common stock at the same price per share at which our largest shareholder purchased common stock in the April 12, 1999 transactions. These options became exercisable upon completion of PCA's initial public offering.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

The following Report of the Compensation Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other PCA filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent we specifically incorporate this Report.

The Compensation Committee of the Board of Directors is comprised of directors who are not employees. Neither Mr. Menco nor Mr. Souleles was compensated when he served as an officer of

PCA. The Compensation Committee has furnished the following report on executive compensation for fiscal year 2001:

Report of the Compensation Committee on Executive Compensation

Background. This report on executive compensation is furnished by the Compensation Committee of the Board of Directors, which is composed of three non-employee directors, and which is responsible for establishing and overseeing the Company's executive compensation programs.

The Committee determines compensation for executive officers using the same guiding principles that are in place for all PCA associates, a clear focus on paying for performance, and a strong realization of the competitive market place for talented individuals.

In determining the total compensation package for the executives, the Committee relies upon national and industry salary surveys giving consideration to a peer group comprised of Forest and Paper Products companies. The total compensation package for the executives consists of a base salary, an annual incentive, and a long-term incentive in the form of stock option grants.

PCA executives participate in an annual incentive compensation plan designed to reinforce a results oriented management culture. The plan contains financial and non-financial measures. Financial performance targets are established using the Annual Operating Plan. The award pool

established under the plan is equivalent to the sum of the individual target awards. Quantitative factors such as cash management/debt reduction, environmental performance, and safety and health performance can be used to adjust the award pool plus or minus 25% at the discretion of the Board. Qualitative factors such as customer satisfaction and change leadership can be used to adjust the award pool plus or minus 10% at the discretion of the Board. Lastly, at the discretion of the Board, the award pool can be adjusted based on PCA's growth of Total Return to Shareholders as measured against peer companies.

The Company's Long Term Equity Incentive Plan provides, among other things, that stock options and restricted stock awards may be granted to the CEO, executive officers, and other key associates who contribute to the long-term success of the company. Targeted long-term incentive compensation for 2001 was delivered exclusively in the form of non-qualified stock options.

The Committee has considered the provisions of Section 162(m) of the Internal Revenue Code which generally limits the annual tax deductibility of compensation paid to each named executive to \$1 million. To the extent possible, the Committee intends to preserve the federal income tax deductibility, but may choose to provide compensation that may not be deductible if it believes that such payments are in the best overall interests of the Company and its shareowners.

CEO Compensation. The chief executive officer's compensation package is determined using PCA's guiding principles as described above. Mr. Stecko's year 2001 base salary of \$679,178 is slightly lower than the median base salaries paid to individuals in similar positions in similar revenue sized companies. Mr. Stecko's cash compensation (base salary plus annual incentives) is below the 75th percentile of like sized companies, which is consistent with PCA's compensation philosophy of providing annual incentive opportunities that provide reward potential for exceptional performance.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and directors, and persons who own more than 10% of our common stock, to file reports of ownership and changes in ownership with the Securities and Exchange Commission ("SEC"). Executive officers, directors and greater than 10% shareholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file. Based solely upon a review of the copies of such forms furnished to us, or written representations that no Forms 5 were required, we believe that during our preceding fiscal year all Section 16(a) filing requirements applicable to our executive officers, directors and greater than 10% beneficial owners were complied with except for one occasion in which Mr. Holland became a director of PCA and filed a Form 3 three weeks later.

CERTAIN TRANSACTIONS AND RELATIONSHIPS

We believe that all of the transactions set forth below were made on an arms-length basis. All future transactions between us and our officers, directors, principal shareholders and affiliates will be approved by a majority of the board of directors, including a majority of the disinterested directors, and will continue to be on terms no less favorable to us than could be obtained from unaffiliated third parties.

Registration Rights Agreement

Edgar Filing: PACKAGING CORP OF AMERICA - Form DEF 14A

PCA, PCA Holdings LLC and Pactiv Corporation entered into a registration rights agreement under which Pactiv, PCA Holdings and their affiliates and transferees have "demand" registration rights, which entitle them to cause PCA to register their securities of PCA under the Securities Act. Pactiv exercised one of its "demand" registration rights under this agreement in order to effect the registration of its shares of common stock for sale in the public offering of PCA's common stock on January 28, 2000. During 2001, Pactiv sold its remaining ownership in PCA common stock, and no longer is a party to the registration rights agreement. In addition, PCA Holdings and its affiliates and transferees have "piggyback" registration rights, which entitle them to cause PCA to include their securities in a registration in which PCA proposes to register any of its securities under the Securities Act. PCA Holdings and its affiliates are entitled to demand:

- (1) three "long form" registrations on Form S-1, or a similar long form, in which PCA will pay the registration expenses, other than underwriting discounts and commissions,
- (2) an unlimited number of "short form" registrations on Form S-2 or S-3, or a similar short form, in which PCA will pay the registration expenses, other than underwriting discounts and commissions, and
- (3) an unlimited number of "long form" registrations on Form S-1, or a similar long form, in which the requesting holders will pay the registration expenses.

PCA Holdings and its affiliates will have equal priority, before any other holders of PCA's securities, to participate in any registrations of PCA's securities.

Services Agreement

PCA entered into a holding company support agreement with PCA Holdings under which PCA agreed to reimburse PCA Holdings for all fees, costs and expenses, up to an aggregate amount of \$250,000 per year, related to PCA Holdings' investment in PCA. These expenses include PCA Holdings' general operating expenses, franchise tax obligations, accounting, legal, corporate reporting and administrative expenses, and any other expenses incurred by PCA Holdings as a result of its investment in PCA. PCA paid no amounts in fiscal year 2001 under this agreement.

Purchase Supply Agreements

PCA entered into supply agreements with Pactiv and Tenneco Automotive Inc. Under the supply agreements, Pactiv and Tenneco Automotive agreed to purchase a substantial percentage of their requirements for containerboard and/or corrugated products from PCA at the prices charged by PCA to Pactiv and Tenneco Automotive at the closing of the April 12, 1999 transactions and adjusted periodically for market price changes, in accordance with the agreements. As a result of these agreements, Pactiv and Tenneco Automotive represented 5.2% and 0.6%, respectively, of our total net sales for fiscal year 2001.

Transition Agreements

PCA and Pactiv entered into a facility use agreement which provides for PCA's use of a designated portion of Pactiv's headquarters located in Lake Forest, Illinois for a period of up to four years following the closing of the April 12, 1999 transactions. Under the facility use agreement, PCA is

required to pay Pactiv rent plus additional charges for the provision of building and business services. The rent is calculated based on PCA's proportionate square footage usage of the property. PCA paid \$0.9 million to Pactiv in rent in fiscal year 2001 under this agreement, and \$1.0 million for provision of building and business services.

PCA and Pactiv entered into a human resources agreement which, among other items, granted PCA employees continued participation in the Pactiv pension plans for a period of up to five years following the closing of the April 12, 1999 transactions for an agreed upon fee. For salaried employees, PCA will pay Pactiv \$4.0 million in the first and second years, \$6.0 million in the third year, \$8.0 million in the fourth year, and \$10.0 million in the fifth year following the closing date of the April 12, 1999 transactions. For hourly employees, PCA paid Pactiv \$1.2 million per year through December 31, 2000 and then \$4.5 million per year for two additional years. These amounts can be adjusted if there are material increases in the pension costs to Pactiv. The fees paid to Pactiv are expensed ratably throughout the year. PCA intends to adopt its

own retirement plans with respect to its employees sometime in the future.

AUDIT COMMITTEE CHARTER

PCA has established a committee of the board of directors, which will be known as the audit committee. The audit committee shall meet the requirements of the New York Stock Exchange. Audit committee members shall be appointed by the Board. Only independent directors will serve on the audit committee. The independence of the directors includes ensuring that the director is free of any relationship that could influence his or her judgment as a committee member. The independent director is not an officer or employee of the company and is not associated with a major vendor or customer of the company. When PCA audit committee members have doubt about their independence, as when a member of the committee has a short term consulting contract with a major customer or vendor, the member will recuse himself from any decisions that might be influenced by that relationship. All members of the committee shall have a basic understanding of accounting and finance and be able to read and understand financial statements, and a least one member of the committee shall have accounting or related financial management experience.

The primary function of PCA's audit committee is to assist the board in fulfilling its oversight responsibilities by:

1. Reviewing the financial information that will be provided to the shareholders and others; and
2. Examining the systems of internal controls management.

GENERAL RESPONSIBILITIES

- (1) The audit committee provides open avenues of communication among the internal auditors, the independent accountant and the board of directors.
- (2) The audit committee must report committee actions to the full board of directors and may make appropriate recommendations.
- (3) The audit committee has the power to conduct or authorize investigations into matters within the committee's scope of responsibilities. The committee is authorized to retain independent counsel, accountants or others it needs to assist in an investigation, and has funds to complete this work up to the amount approved by the board.
- (4) The committee will meet at least four times each year and more frequently if circumstances make that preferable. The audit committee chairman has the power to call a committee meeting whenever he or she thinks there is a need. An audit committee member should not vote on any matter in which he or she is not independent. The committee may ask members of management or others to attend the meeting and is authorized to receive all pertinent information from management.
- (5) The committee will do whatever else the law, the company's charter or bylaws or the board of directors requires.

RESPONSIBILITIES FOR ENGAGING INDEPENDENT ACCOUNTANTS AND APPOINTING THE INTERNAL AUDITOR

- (1) The audit committee will select the independent accountants for company audits. The committee's selection is subject to approval by the full board of directors. The audit committee also will review and set any fees paid to the independent accountants and review and approve dismissal of the independent accountants.

Edgar Filing: PACKAGING CORP OF AMERICA - Form DEF 14A

- (2) The audit committee will review the appointment, replacement, reassignment or dismissal of the chief financial officer or any other position identified as the manager over the internal audit function within the company.
- (3) The audit committee will confirm and assure the independence of the internal audit function and the independent accountant, including a review of management consulting services provided by the independent accountant and the fees paid for them. If the independent accountant also serves as providing services for internal audits, the audit committee will ensure that the two functions are independent within their organization.
- (4) The audit committee will consider, in consultation with the independent accountant and the chief financial officer, the audit scope and procedural plans made by the internal auditors and the independent accountant.
- (5) The audit committee will listen to management and the primary independent auditor if either thinks there might be a need to engage additional auditors. The audit committee will decide whether to engage an additional firm and, if so, which one.
- (6) The audit committee will make sure that the chief financial officer and the independent accountant coordinate the internal and external audits. The purpose of coordinating these efforts is to assure completeness of coverage, reduce redundancy and use audit resources effectively.

RESPONSIBILITIES FOR REVIEWING INTERNAL AUDITS, THE ANNUAL EXTERNAL AUDIT AND THE REVIEW OF QUARTERLY AND ANNUAL FINANCIAL STATEMENTS

- (1) The audit committee will ascertain that the independent accountant views the board of directors as its client, that it will be available to the full board of directors at least annually and that it will provide the committee with a timely analysis of significant financial reporting issues.
- (2) The audit committee will ask management, the chief financial officer and the independent accountant about significant risk and exposures and will assess management's steps to minimize them.
- (3) The audit committee will review the following with the independent accountant and the chief financial officer:
 - a) The adequacy of the company's internal controls, including computerized information system controls and security.
 - b) Any significant findings and recommendations made by the independent accountant or the internal auditor, together with management's responses to them.
- (4) Shortly after the annual examination is completed, the audit committee will review the following with management and the independent accountant:
 - a) The company's annual financial statements and related footnotes.
 - b) The independent accountant's audit of and report on the financial statements.
 - c) The auditor's qualitative judgements about the appropriateness, not just the acceptability, of accounting principles and financial disclosures and how aggressive (or conservative) the accounting principles and underlying estimates

are.

- d) Any serious difficulties or disputes with management encountered during the course of the audit.
- e) Anything else about the audit procedures or findings that Generally Accepted Auditing Standards requires the auditors to discuss with the committee.

2

- (5) The audit committee will consider and review with management and the chief financial officer and when deemed necessary with the Board of Directors:
 - a) Any significant control findings during the year and management's responses to them.
 - b) Any difficulties the internal auditor encountered while conducting audits, including any restrictions on the scope of their work or access to required information.
 - c) Any changes to the planned scope of management's internal audit plan that the committee thinks advisable.
 - d) The internal audit budget and staffing.
 - e) Whether the internal audit process has complied with the Institute of Internal Auditing's Standards for the Professional Practice of Internal Auditing.
 - f) Any significant misappropriations of PCA funds discovered during the audit year.
- (6) The audit committee will review annual filings with the SEC and other published documents containing the company's financial statements and will consider whether the information in the filings is consistent with the information in the financial statements.
- (7) The audit committee will review the interim financial reports with management, the independent accountant and the chief financial officer before those interim reports are released to the public or filed with the SEC or other regulators.
- (8) The audit committee will prepare a letter for inclusion in the annual report that describes the committee's composition and responsibilities and how the responsibilities were fulfilled.

PERIODIC RESPONSIBILITIES

- (1) Review and update the committee's charter annually. Submit the charter to the Board of Directors for approval and have the document published at least every three years in accordance with SEC regulations.
- (2) Review policies and procedures covering officers' expense accounts and perquisites, including their use of corporate assets, and consider the results of any review of those areas by the internal audit function or the independent accountant.

- (3) Review, with the chief financial officer and the internal auditors, the results of their examination of compliance with the company's code of conduct.
- (4) Review pending and approved legal and regulatory changes that may have a material effect on the organization's financial statements, compliance policies and programs.
- (5) Meet with the chief financial officer, the independent accountant, the internal auditor and management in separate executive sessions to discuss any matters the committee or these groups believe should be discussed privately with the audit committee.
- (6) On at least an annual basis, review with PCA's counsel, any legal matters that could have a significant impact on the organization's financial statements, PCA's compliance with applicable laws and regulations, and inquiries received from regulators or governmental agencies.
- (7) Annually prepare a report to shareholders as required by the SEC. The report should be included in the company's annual proxy statement.
