Item 3.02 Unregistered Sales of Equity Securities

On November 11, 2004, CONMED Corporation (the "Registrant") completed an offering, in private placement, of \$150 million in aggregate principal amount of 2.50% convertible senior subordinated notes (the "notes") due 2024. The issuance included the full exercise of the initial purchasers' option to purchase up to an additional \$25 million of notes.

The notes were offered and sold to qualified institutional buyers in accordance with Rule 144A under the Securities Act of 1933, as amended. The initial purchasers for the offering were UBS Securities LLC, Banc of America Securities LLC, Citigroup Global Markets Inc. and J.P. Morgan Securities Inc.

The notes were sold for cash and the aggregate offering price for the notes was \$150 million and the aggregate initial purchasers' discount for the notes was \$4.5 million.

The notes are convertible into the Registrant's common stock on the terms set forth in the Indenture related to the notes, which is attached hereto as Exhibit 4.1 and incorporated by reference herein, and which are summarized below:

- o The notes are convertible into cash and, if applicable, shares of the Registrant's common stock based on an initial conversion rate, subject to adjustment, of 26.1849 shares per \$1,000 principal amount of notes (which represents an initial conversion price of approximately \$38.19 per share), under certain circumstances.
- o Holders may convert their notes into cash and, if applicable, shares of the Registrant's common stock only under the following circumstances:
 - (1) during any calendar quarter after the calendar quarter ending December 31, 2004, if the closing sale price of the Registrant's common stock for each of 20 or more consecutive trading days in a period of 30 consecutive trading days ending on the last trading day of the immediately preceding calendar quarter exceeds 130% of the conversion price in effect on the last trading day of the immediately preceding calendar quarter;
 - (2) during the 5 business day period after any 10 consecutive trading day period in which the average trading price per \$1,000 principal amount of notes over that 10 consecutive trading day period was equal to or less than 97% of the average conversion value of the notes during that period;
 - (3) upon the occurrence of specified corporate transactions described in the Indenture; or
 - (4) if the Registrant has called the notes for redemption.
- o Upon conversion, holders of notes will receive cash and, if applicable, shares of the Registrant's common stock. The aggregate value (the "conversion value"), of the cash and, if applicable, shares of common stock per \$1,000 principal amount of notes will be equal to the product of:
 - (1) the conversion rate then in effect; and

- (2) the average of the daily volume-weighted average price per share of the Registrant's common stock for each of the 10 consecutive trading days beginning on the second trading day immediately following the day the notes are tendered for conversion.
- o Except as described in the Indenture, the Registrant will deliver the conversion value of the notes surrendered for conversion to converting holders as follows:
 - (1) a cash amount (the "principal return") equal to the lesser of (a) the aggregate conversion value of the notes to be converted and (b) the aggregate principal amount of the notes to be converted;
 - (2) if the aggregate conversion value of the notes to be converted is greater than the principal return, an amount in whole shares (the "net shares"), determined as set forth in the Indenture, equal to the aggregate conversion value less the principal return; and
