Executive Summary of Fiscal 2018 Compensation

Fiscal 2018 was a year of continued emphasis on improving operational efficiency and building upon the programs and strategic initiatives implemented in fiscal 2013 and thereafter to position us for the future. Among other things, we continued our multi-year transformation to streamline our company and create the capacity to invest in innovation and new markets for our business in addition to pursuing initiatives that will allow us to better allocate resources and prioritize investment dollars. Our compensation actions and decisions for Fiscal 2018 were selective. Accordingly, we took the following actions with respect to compensation of our executive officers in Fiscal 2018:

When compensation was determined for Fiscal 2018, base salaries for all of our Named Executive Officers were maintained at the same levels used for the year ended July 31, 2017 (“Fiscal 2017”).

As a result of the Compensation Committee’s ongoing review of our executive compensation programs, the Compensation Committee, in consultation with our full Board, worked with management to re-evaluate our annual cash incentive and equity incentive plans for potential changes in an effort to better align the plans with our business mission, strategy and goals for the Company. As a result of this review, the Compensation Committee maintained a broad based management incentive plans and made certain adjustments to the program metrics for our annual incentive plans.

As a result of the IWCO Acquisition, the Company integrated certain IWCO Direct compensation practices into the Company’s compensation framework. Specifically, Mr. Andersen continues to participate in the IWCO Direct 2018 Short-Term and Long-Term Incentive Plans (the “2018 IWCO Incentive Plans”).

All awards under the 2018 MIP (the “Awards”), if any, would be paid in cash. In order to receive an Award under the 2018 MIP, the Participant must have been an employee of the Company in good standing at the time of the Award payment.

Under the terms of the 2018 MIP, Awards to Participants who are direct employees of the Company (“Corporate Participants”) and to employees of the Company’s business units (the “Business Unit Participants”), would be determined based on the achievement of certain performance targets and only after EBITDA Target was been achieved. For Corporate Participants, provided the EBITDA Target was achieved or exceeded, Awards would be determined based on the following performance target components: (a) 50% of the Award would be based on achievement of the EBITDA Target, (b) 35% of the Award would be based on year-over-year revenue growth as defined (c) 15% of the Award would be based on the Participant’s implementation of defined objectives in support of the Company’s strategic plan. For Business Unit Participants, provided the EBITDA Target was achieved or exceeded, Awards would be determined based on the following performance target components: (a) 25% of the Award would be based on the achievement of the EBITDA Target (b) 35% of the Award would be based on the business unit’s Operating Income as defined (c) 25% of the Award would be based on the Participant’s implementation of their defined objectives in support of the Company’s strategic plan, and (d) 15% of the Award would be based on the business unit’s cash conversion cycle as defined. Awards, if any, would be subject to meeting minimum or greater performance results, audited financial results and the approval of the Company’s Chief Executive Officer. The Compensation Committee was responsible for approving Awards to the Chief Executive Officer and his direct management reports.

Under the 2018 MIP, the Award target for Mr. Henderson was set at 100% of base salary and the Award target for Mr. Belardi was set at 60% of base salary. Based on the achievement of the objectives set forth in the 2018 MIP, the percentage of base salary that could be earned by Participants ranged from 3.75% to 200% of base salary. No Awards could made under the 2018 MIP if the EBITDA Target is not achieved.

In determining the EBITDA Target, the Compensation Committee noted that the financial objectives, while feasible to meet, would be challenging to achieve and would require improved performance compared with prior year results. For Fiscal 2018, the Compensation Committee determined that the Company did not meet the EBITDA Target and, accordingly, no Participants received Awards under the 2018 MIP.

IWCO Plans

Mr. Andersen is the only Named Executive Officer who participates in the IWCO compensation plans (the “IWCO Plans”).

IWCO Direct 2017 Management Incentive Plan (the “2017 IWCO MIP”)

The 2017 IWCO MIP, which related to IWCO Direct’s fiscal year ending December 31, 2017 (the “2017 IWCO Plan Year”), was designed to motivate appropriate behaviors that support short-term and long-term growth of shareholder value by rewarding the achievement of financial, business and management goals that are essential to the success of IWCO Direct. The 2017 IWCO MIP covers certain executive officers, executive leadership team members and key managers of IWCO Direct (the “IWCO Participants”), as determined by IWCO Direct’s Chief Executive Officer. All awards under the 2017 IWCO MIP (the “2017 IWCO Awards”) were paid in cash. In order to receive an IWCO Award under the 2017 IWCO MIP, the IWCO Participant must have been an employee of the Company in good standing at the time of the IWCO Award payment.

All Awards under the 2017 IWCO MIP were subject to the achievement of a minimum IWCO Plan Year adjusted EBITDA target (the “2017 IWCO EBITDA Target”) for IWCO Direct. Under the terms of the 2017 IWCO MIP, the 2017 IWCO Awards to IWCO Participants were determined based on the achievement of certain performance targets once the 2017 IWCO EBITDA Target was achieved. Upon achieving or exceeding the 2017 IWCO EBITDA Target, the 2017 IWCO Awards were determined based on the following performance target components: (a) 80% of the 2017 IWCO Award was based on the achievement of the 2017 IWCO EBITDA Target (b) 10% of the 2017 IWCO Award was based on the achievement of an accounts receivable days sales outstanding target as defined and (c) 10% of the 2017 IWCO Award was based on the achievement of defined objectives in support of IWCO’s corporate objectives as defined. The 2017 IWCO Awards were subject to audited financial results and the approval of IWCO Direct’s Chief Executive Officer and IWCO Direct’s Board of Directors.

Under the 2017 IWCO MIP, the 2017 IWCO Award target for Mr. Andersen was 50% of base salary. Under the terms of the 2017 IWCO MIP, no IWCO Awards could be made under the 2017 IWCO MIP if the 2017 IWCO EBITDA Target is not achieved, but 2017 IWCO Awards could exceed the 2017 IWCO Award target if the 2017 IWCO EBITDA Target is exceeded.

In determining the 2017 IWCO EBITDA Target, the financial objectives, while feasible to meet, would be challenging to achieve and would require improved performance compared with prior year results. For the 2017 IWCO Plan Year, the Company exceeded the 2017 IWCO EBITDA Target, met the accounts receivable days sales outstanding target and partially met the defined objectives in support of IWCO’s corporate objectives. Accordingly, Mr. Andersen received a 2017 IWCO Award of 92% of base salary (award of \$656,131) under the 2017 IWCO MIP, which was paid on February 23, 2018.

2018 IWCO Incentive Plans

The 2018 IWCO Incentive Plans, which relates to IWCO Direct's fiscal year ending December 31, 2018 (the "2018 IWCO Plan Year"), is designed to motivate appropriate behaviors that support short-term and long-term growth of shareholder value by rewarding the achievement of financial, business and management goals that are essential to the success of IWCO Direct. The 2018 IWCO Incentive Plans cover the IWCO Participants, as determined by IWCO Direct's Chief Executive Officer. All awards under the 2018 IWCO Incentive Plans (the "2018 IWCO Awards") will be paid in cash. In order to receive the 2018 IWCO Award under the 2018 IWCO Incentive Plans, the IWCO Participant must be an employee of the Company in good standing at the time of the 2018 IWCO Award payment.

The 2018 IWCO Awards under the 2018 IWCO Incentive Plans to IWCO Participants will be determined based on the achievement of certain performance targets. The 2018 IWCO Awards will be determined based on the following performance target components: (a) 63% of the 2018 IWCO Award will be based on the achievement of the 2018 IWCO Plan Year adjusted EBITDA target (the "2018 IWCO EBITDA Target") for IWCO Direct (b) 21% of the IWCO Award will be based on the achievement of defined objectives in support of IWCO's corporate objectives as defined and (c) 16% of the IWCO Award will be based on the achievement of a working capital target as defined. IWCO Awards are subject to the approval of IWCO Direct's Chief Executive Officer and IWCO Direct Board of Directors.

Table of Contents

Under the 2018 IWCO Incentive Plans, the 2018 IWCO Award target for Mr. Andersen is 100% of base salary.

In determining the 2018 IWCO EBITDA Target, the financial objectives, while feasible to meet, will be challenging to achieve and will require improved performance compared with prior year results. No 2018 IWCO Awards have been earned or paid. To the extent a 2018 IWCO Award is earned, approximately 80% of the 2018 IWCO Awards will be paid in calendar year 2019, 10% in calendar year 2020 and 10% in calendar year 2021.

Executive Compensation Objectives

Our executive compensation program is designed to meet the following objectives:

- Attract and retain executive officers who contribute to our success;
- Align compensation with our short-term and long-term strategy and goals; and
- Motivate and reward high levels of performance.

These objectives serve as guiding principles in our compensation program design, and collectively seek to link compensation to overall Company performance, which helps to ensure that the interests of our executives are aligned with the interests of our stockholders.

Our compensation philosophy generally is to set target total compensation (base salary, bonus and long term incentives) at the median for similarly situated individuals at companies we consider to be our peers and competitors for talented individuals and within the general industry and geography (as more fully described below under “Benchmarking”). We also consider the need to account for factors such as tenure, individual performance, and unique characteristics and criticality of the job to the Company, and, as a result, from time to time and for certain individuals, we will exceed or trail the median target.

Our Committee has not adopted any rigid policies or guidelines for allocating compensation between short-term and long-term compensation, between cash and non-cash compensation or among different forms of cash compensation. However, the Compensation Committee is guided by the principle that a substantial portion of the total compensation for our executives should be comprised of performance-based incentives that link to the Company’s financial results.

In determining performance-based compensation, the Compensation Committee believes that the primary measure of the effectiveness of a performance-based compensation plan is whether compensation is being earned commensurate with performance and whether goals are set properly to reward desired performance. In years in which the Company did not meet its financial and operational goals, no amounts were earned under our variable cash compensation plans or performance-based equity programs. For Fiscal 2018, the Compensation Committee determined that we did not meet the performance criteria relating to the financial goals underlying the 2018 MIP and, as a result, none of the executive officers who were eligible to participate in the 2018 MIP received bonuses in accordance with the terms of the 2018 MIP. Because the performance criteria relating to the financial goals underlying the 2017 IWCO MIP was met, executive officers who were eligible to participate in the 2017 IWCO MIP received bonuses in accordance with the terms of the 2017 IWCO MIP.

Table of Contents

Components of Executive Compensation

The principal components of compensation for our executive officers consist of base salary and may also include performance-based annual cash bonus or time based restricted stock or performance-based restricted stock, limited perquisites and other benefits. Each component is described in more detail below. The Compensation Committee engages a compensation consultant from time to time to assist us in determining these compensation levels and to review our executive compensation programs.

Base Salary

Base salary is the fixed component of an executive’s annual cash compensation and supports our compensation objectives to attract and retain talented executives and adequately compensate and reward them for services rendered during the fiscal year. Changes in base salary are typically considered based on an evaluation of individual performance during our annual performance review process. Assessment of individual performance includes achievements and performance of the applicable operating unit or function for which the executive is responsible. In addition, from time to time, adjustments are made to base salaries during the fiscal year in light of promotions, added responsibilities or in reaction to changes in the market for an individual possessing the skills and abilities required by our executives.

The Compensation Committee reviewed the base salaries of our Named Executive Officers and determined that no change in base salary would be made for any Named Executive Officers for Fiscal 2018. Accordingly, the Fiscal 2018 annual base salaries for Mr. Henderson and Mr. Belardi remained unchanged at \$600,000 and \$325,000, respectively. The base salary for Mr. Andersen was \$715,628, which remains unchanged since the closing of the IWCO Acquisition.

Performance-Based Annual Cash Bonus

In most years, the Compensation Committee has established a Management Incentive Plan (or MIP), which provides cash incentives for our non-IWCO executives. As a result of the IWCO Acquisition, the Company has also integrated certain IWCO compensation practices into its compensation objectives. Specifically, Mr. Andersen continues to participate in the IWCO Plans, which provides cash incentives for IWCO Participants. The MIP and IWCO Plans support our compensation objectives by focusing on annual financial and operating results and enabling our target total compensation to remain competitive within the marketplace for executive officers.

Target bonus awards under the MIP are expressed as a percentage of the base salary paid to the non-IWCO executive officer during that plan year. Typically, the Compensation Committee has selected bonus amounts for the executive officers such that the target total cash compensation approximates the median of comparable positions at our peer companies or the general industry. For Fiscal 2018, the target bonuses for our Named Executive Officers who participated in the 2018 MIP and the 2017 IWCO MIP were:

Executive Officer	Target as Percentage of Base Salary (%)
James R. Henderson	100
Louis J. Belardi	60
James N. Andersen	50

MIPs provide for cash payments to executive officers based on achievement of certain corporate financial objectives. Bonus payouts on the financial objectives could range from 0% to 200% of an individual’s target bonus depending on

the Company's actual performance versus the established performance goals. For Fiscal 2018, the Compensation Committee determined that the Company did not meet the EBITDA Target and, accordingly, no Participants received Awards under the 2018 MIP. The 2018 MIP is described in more detail above in the section entitled "*Company and ModusLink Plans.*"

Table of Contents

Target bonus awards under the IWCO Plan are expressed as a percentage of the base salary paid to IWCO Participants during the applicable plan year. Mr. Andersen is the only Named Executive Officer who participates in the IWCO Plans. Because the performance criteria relating to the financial goals underlying the 2017 IWCO MIP was met, executive officers who were eligible to participate in the 2017 IWCO MIP received bonuses in accordance with the terms of the 2017 IWCO MIP. The 2017 IWCO MIP is described in more detail above in the section entitled “*IWCO Plans.*”

Equity Grants

Compensation in the form of equity grants, including stock options, performance-based stock options, time-based restricted stock, performance-based restricted stock, and restricted stock units (“RSU”) have been a key component of our executives’ compensation in the past. Over the past two years however, our emphasis on equity grants has declined. No equity awards were granted to Named Executive Officers in Fiscal 2018 as our compensation objectives for Fiscal 2018 emphasized base pay and cash incentives.

Stock Options

Our equity program for executive officers has periodically utilized stock options, with the size and value of awards based on the executive’s position and market compensation data. In Fiscal 2018, we did not award any stock options to our Named Executive Officers.

Performance-Based Stock Options

Our equity program has periodically utilized performance-based stock options as an additional incentive for our executive officers to increase stockholder value. In Fiscal 2018, we did not award any performance-based stock options to our Named Executive Officers.

Performance-Based Restricted Stock

From time to time the Company’s equity program may grant performance-based restricted stock, pursuant to which executive officers are granted a predetermined number of shares or value of restricted stock in the event that the Company achieves a certain level of financial performance. As the Compensation Committee deems appropriate, performance-based restricted stock will be awarded to align the interests of our executive officers with the interests of investors, rewarding executives for enhancing our stock valuation and serves as a retention vehicle. We did not establish a plan for performance-based restricted stock grants for Fiscal 2018 or grant any performance-based restricted stock in Fiscal 2018.

Restricted Shares

The Compensation Committee may, from time to time, award shares of restricted stock to executive officers at commencement of employment or in recognition of a promotion, added responsibilities, exemplary performance, to address market factors or to serve as a means to retain and motivate management. During Fiscal 2018, no time-based restricted stock was awarded to our Named Executive Officers.

Restricted Stock Units

The Compensation Committee may, from time to time, award RSUs to executive officers at commencement of employment or in recognition of a promotion, added responsibilities, exemplary performance, to address market factors or to serve as a means to retain and motivate management. On October 4, 2017, the Compensation Committee granted 609,137 RSUs to Mr. Henderson and 329,949 RSUs to Mr. Belardi. These awards are described more fully below in the section entitled, “*Potential Payments Upon Termination or Change-in-Control.*”

Table of Contents

Perquisites and Other Benefits

The Compensation Committee believes that the perquisites provided to our executive officers are reasonable and modest compared to the general market. To the extent we offer any perquisites, we do so in order to be competitive with the market. Except for Mr. Andersen who was provided a company car, our Named Executive Officers did not receive executive perquisites in Fiscal 2018. Our Named Executive Officers do, however, receive other benefits that are available to all benefit eligible employees, including a 401(k) matching benefit.

From time to time, we have awarded discretionary cash or equity bonuses based on, for example, exemplary performance or the assumption of additional responsibilities. None of our Named Executive Officers was awarded a discretionary cash bonus in Fiscal 2018.

Assessment of Risk

The Compensation Committee believes that our compensation policies and practices motivate our employees to achieve our corporate objectives and to remain with our Company while avoiding unreasonable risk taking, and that our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on our Company. We believe we have allocated our compensation among base salary and incentive compensation target opportunities in such a way as to not encourage excessive risk taking. In addition, we believe our approach to goal setting, and our bonus plan design that provides for payouts at various levels of performance, further aligns employee and stockholder interests. Also, the multi-year vesting of our equity awards and our share ownership guidelines encourage our employees to have a long-term perspective.

Benchmarking

The Compensation Committee reviews executive compensation relative to marketplace norms on a regular basis and historically has followed a practice of refreshing this data every few years. The Compensation Committee last conducted a comprehensive review of executive compensation working with the Hay Group during the fiscal year ended July 31, 2015 (“Fiscal 2015”). The Hay Group was again consulted in during the fiscal year ended July 31, 2016 (“Fiscal 2016”) in connection with preliminary plan design. The Hay Group was not consulted in Fiscal 2017 and 2018.

With input from the Compensation Committee, the Hay Group recommended a list of comparable companies for compensation comparisons based primarily on the following pre-defined selection criteria:

- (i) Peer Company Size – Sizing factors included revenue, profitability, market capitalization and number of employees, with a greater emphasis on revenue as a correlation to pay levels;
- (ii) Comparable Industry – Companies that operate in the logistics, software and e-commerce/IT transactions services area;
- (iii) Business Model – Supply chain management companies more likely to serve enterprise-level customers and operate in lower margin businesses; and
 - (iv) Executive Talent Sources – Companies with whom we compete for executive talent.

Table of Contents

In early Fiscal 2015, the Compensation Committee worked with the Hay Group to refine our peer group for purposes of assessing our executive compensation. Historically, we identified potential peers using a rules-based process that considered industry, size with respect to revenues, employees, assets, financial and operating characteristics, including operating leverage and EBITDA margin, as well as customer base and end markets served. Our peer group was developed by considering companies identified during such process, and reflected the Company’s evolution to a supply chain management services model.

Given the relatively small number of similar-sized companies operating in our industry, the Hay Group considered a revenue range slightly outside its standard 50% - 200% parameter in an effort to balance the size and scope of the Company’s business within the peer group. As a result of this review, the Compensation Committee removed four companies from the Fiscal 2014 peer group either because the company had recently been acquired (Brightpoint, Inc., GSI Commerce, Inc. and Pacer International, Inc.) or because the former peer’s size was sufficiently different from that of the Company that they should no longer be considered a peer for compensation comparison purposes (Hub Group, Inc.), and added seven companies (CSG System International, Inc., Echo Global Logistics, Inc., ePlus, Inc., Neustar, Inc., Park-Ohio Holdings Corp., Radiant Logistics, Inc. and Virtusa Corp.) to our peer group. Accordingly, effective as of September 2015, the Company’s peer group consisted of the following 15 companies (the “2015 Peer Group”);

- . CIBER, Inc.;
- . Computer Task Group, Inc.;
- . CSG Systems international, Inc.;
- . CTS Corporation;
- . Digital River, Inc.;
- . Echo Global Logistics, Inc.;
- . ePlus, Inc.;
- . Forward Air Corporation;
- . Neustar, Inc.;
- . Park-Ohio Holdings Corp.;
- . Radiant Logistics, Inc.;
- . PC Connection, Inc.;
- . PFSweb, Inc.;
- . ScanSource, Inc.; and
- . Virtusa Corp.

To supplement our proxy peer group data, the Hay Group also provided the Compensation Committee with market survey data from its 2014 General Industry Executive Compensation Report. Only revenue size appropriate cuts of data were used. The Compensation Committee generally considered the market survey data as a broader industry reference to the peer group data.

Table of Contents

In Fiscal 2016, the compensation of Mr. Henderson, our President and Chief Executive Officer at the time, and Mr. Belardi, our Executive Vice President, Chief Financial Officer and Secretary, were determined based on competitive market practice and supported by survey data previously provided by the Hay Group. Survey data focused on total cash compensation at the 50th percentile of the market. On a total pay basis, compensation for Mr. Henderson and Mr. Belardi are at or below the reported market median.

President and Chief Executive Officer Compensation Decisions

In connection with the appointment of Mr. Henderson as President and Chief Executive Officer of ModusLink in March 2016 and of the Company in June 2016, the Board, as noted above, relied on competitive market practice to determine Mr. Henderson's compensation. Mr. Henderson's offer letter (the "Henderson Offer Letter") specifies an annual salary of \$600,000 paid bi-weekly and an annual cash bonus of up to 100% of base salary subject to attainment of short term objectives to be mutually agreed upon. The Compensation Committee did not make any adjustments to Mr. Henderson's salary for Fiscal 2017 or 2018 and accordingly, his annual base salary remained at \$600,000. Mr. Henderson received a bonus of \$720,000 for Fiscal 2017 under the 2017 Management Incentive Plan (the "2017 MIP") Mr. Henderson did not receive a bonus under the 2018 MIP. Mr. Henderson resigned from his position as Chief Executive Officer of ModusLink, effective October 31, 2018, and resigned from his positions as President and Chief Executive Officer of the Company, effective upon the filing of the Original Form 10-K on December 4, 2018.

Warren G. Lichtenstein, the Chairman of our Board, served as the Company's Interim CEO from March 28, 2016, to June 17, 2016. Following Mr. Henderson's resignation, effective December 4, 2018, Mr. Lichtenstein again assumed the additional role of Interim Chief Executive Officer of the Company. On June 17, 2016, the Board appointed Mr. Lichtenstein as Executive Chairman.

Mr. Lichtenstein was not separately compensated for serving as Interim Chief Executive Officer or for serving as Executive Chairman. Mr. Lichtenstein's compensation is set forth on the Director Compensation Table.

Input from Management

In determining the performance criteria and compensation of our executive officers, the Compensation Committee generally takes into account the recommendations of our President and Chief Executive Officer (except as they relate to his own compensation). Typically, our President and Chief Executive Officer will make these recommendations based on his assessment of each executive officer's individual performance as well as his knowledge of each executive officer's job responsibilities, seniority, expected contributions, and his understanding of the competitive market for such executives. Our President and Chief Executive Officer may also attend meetings of the Compensation Committee at which executive compensation matters are addressed, except with respect to discussions involving his own compensation. All decisions with respect to the President and Chief Executive Officer's compensation are made by the Compensation Committee, all of whom are independent members of the Board.

Related Policies and Considerations

Employment, Termination of Employment and Change-In-Control Agreements

Each of our executive officers is an employee-at-will, meaning that his employment may be terminated at any time and for any reason.

Table of Contents

Stock Ownership Guidelines

The Compensation Committee believes that it is appropriate for the executive officers to hold equity in the Company. Under our stock ownership guidelines, the Chief Executive Officer's ownership requirement is set at three times his annual salary and other executive officers' ownership requirement is set at two times their respective annual salaries. All individuals will have five years from the later of the adoption of the guidelines or his or her first appointment as an executive officer to reach these ownership levels. In computing the amounts owned, the Company will consider the value of shares owned outright, unvested restricted stock held by the individual, and in-the-money vested options.

Tax and Accounting Implications

Under Section 162(m) of the Internal Revenue Code, certain executive compensation in excess of \$1 million paid to certain officers of a public company is not deductible for federal income tax purposes unless the executive compensation is awarded under a performance-based plan approved by stockholders. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Compensation Committee has not adopted a policy that all compensation must be deductible. The Compensation Committee intends, to the extent practicable, to preserve deductibility under the Internal Revenue Code of compensation paid to our executive officers while maintaining compensation programs that support attraction and retention of key executives.

Stock options awarded to executive officers under our stock option plans, which were approved by stockholders, and shares of restricted stock awarded under our performance-based restricted stock program are performance-based and are potentially deductible for us. Restricted stock awards that are not performance-based do not qualify for the performance-based exception to Section 162(m) of the Internal Revenue Code, but the Compensation Committee believes that the retention benefit derived outweighs any tax benefit that might otherwise be obtained.

The Tax Cuts and Jobs Act of 2017 ("Tax Act") generally eliminated the ability to deduct compensation qualifying for the "performance-based compensation" exception under Code Section 162(m) for tax years commencing after December 31, 2017. Code Section 162(m) imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to anyone who has ever been the Company's chief executive officer, chief financial officer or one of the three highest compensated officers in any fiscal year beginning after December 31, 2016 (i.e., a "covered employee"). For 2017 and prior taxable years, an exception to this deduction limit applied to "performance-based compensation," such as stock options and other equity awards that satisfied certain criteria. Under the Tax Act, the performance-based pay exception to Code Section 162(m) was eliminated, but a transition rule may allow the exception to continue to apply to certain performance-based compensation payable under written binding contracts that were in effect on November 2, 2017. Because of the fact-based nature of the performance-based compensation exception under Code Section 162(m), the limited availability of guidance thereunder, and the uncertain scope of the aforementioned transition relief, we cannot provide assurance that any awards under the Company's 2010 Incentive Award Plan, as amended (the "2010 Plan"), will qualify for the performance-based compensation exception. The Board and the Compensation Committee will consider the potential impact of Code Section 162(m) on grants made under the 2010 Plan, but reserve the right to approve grants of options and other awards for a covered employee that exceeds the deduction limit of Code Section 162(m).

The compensation that we pay to the Named Executive Officers is expensed in our financial statements as required by U.S. generally accepted accounting principles. As one of many factors, the Compensation Committee considers the financial statement impact in determining the amount of, and allocation among the elements of, compensation. We account for stock-based compensation in accordance with the requirements of the Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("ASC 718") (formerly Statement of Financial Accounting

Standards No. 123R, “Share-Based Payment”).

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Mr. Henderson, our CEO. The pay ratio included in this information is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

For Fiscal 2018, our last completed fiscal year:

- The median of the annual total compensation of all employees of our Company (excluding our CEO) who were employed by us on July 31, 2018 (the last day of our 2018 fiscal year) was \$22,922.07.
- The annual total compensation of our CEO, as reported in the Summary Compensation Table included elsewhere in this Amendment, was \$1,775,542.35, which includes the full fair value at grant date (computed in accordance with FASB ASC Topic 718) of a one-time Henderson Grant of 609,137 RSUs to our CEO valued at \$1,169,543.
- Based on this information, for Fiscal 2018 the ratio of the annual total compensation of Mr. Henderson, our CEO, to the median of the annual total compensation of all employees was 77 to 1.

To identify the median of the annual total compensation of all of our employees, globally, as well as to determine the annual total compensation of our median employee and our CEO, we took the following steps:

1. We determined that, as of July 31, 2018, our global employee population consisted of approximately 1,561 individuals.
2. We selected July 31, 2018, which is within the last three months of Fiscal 2018, as the date upon which we would identify the "median employee" because it enabled us to make such identification in a reasonably efficient and economical manner.
3. To identify the "median employee" from our global employee population, we compared the amount of salary and wages of our employees as reflected in our payroll records.
In order to determine the total compensation of our median employee, we combined all of the elements of employee compensation for Fiscal 2018 for all our employees in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$22,922.07. Included in the median employee's annual total compensation were: the match to the employee's 401(k) retirement plan (if any), the contributions towards pension for international plans (if any), spot bonuses and the different allowances as required by statutory regulations and/or local best practices (if any). Since we do not maintain a defined benefit or other actuarial plan for our employees, our median employee's annual total compensation did not include amounts attributable to these arrangements.
4. With respect to the annual total compensation of our CEO, we used the amount reported in the "Total" column of our Fiscal 2018 Summary Compensation Table included in this Amendment. Included were: base wages, equity grants and the match to the 401(k) retirement plan.
- 5.

Table of Contents**Supplemental CEO Pay Ratio (Excluding the Henderson Grant)**

Excluding the value of the one-time Henderson Grant, the ratio of our CEO's total annual compensation to the median of the annual total compensation of all employees would be 26 to 1.

Potential Payments Upon Termination or Change-in-Control

James R. Henderson

On October 4, 2017, the Compensation Committee approved a one-time grant of 609,137 RSUs to Mr. Henderson (the "Henderson Grant"), which was made under the 2010 Plan and pursuant to a Restricted Stock Unit Agreement (the "RSU Agreement"). The RSUs granted pursuant to the Henderson Grant vest and become non-forfeitable on the earlier of: (i) the first anniversary of the grant date, subject to the recipient's continued employment or services through the first anniversary date; (ii) the recipient's "involuntary separation from service" (within the meaning of Treasury Regulation Section 1.409A-1(n)) with the Company other than for Cause (as defined in the 2010 Plan) and whether or not a Change in Control (as defined in the 2010 Plan) has occurred; (iii) the recipient's "separation from service" (within the meaning of Treasury Regulation Section 1.409A-1(h)) for "Good Reason" (as defined in Section 2(c) of the RSU Agreement) with the Company and whether or not a Change in Control has occurred; (iv) the recipient's separation from service due to a disability (within the meaning of Treasury Regulation Section 1.409A-3(i)(4)); or (v) the recipient's death.

The Henderson Grant vested in its entirety, in accordance with its terms, on October 4, 2018, the first anniversary of the grant date. Following the time-based vesting of the Henderson Grant, Mr. Henderson was no longer party to any agreement that provides for payments or benefits in the event of termination of employment and as a result, he did not receive any termination-related payments as a result of his resignation from the Company effective December 4, 2018.

If the Henderson Grant were to have vested upon a qualifying termination of service on July 31, 2018, the last day of Fiscal 2018, the RSUs granted pursuant to the Henderson Grant would have a value of approximately \$1,291,370 based on the closing price of \$2.12 per share for the Company's common stock on July 31, 2018.

Director Compensation Plan

Members of the Board receive a combination of cash compensation and equity in the form of restricted stock awards, provided they are eligible under the applicable plan. In addition, all of the Directors of the Company receive reimbursement of expenses incurred with respect to attendance at meetings of the Board and meetings of committees thereof, which is not included in the above table.

The Fourth Amended and Restated Director Compensation Plan, adopted December 20, 2015 (the “Director Compensation Plan”), governs cash and equity compensation to eligible Directors. All Directors are eligible to participate in the Director Compensation Plan other than any Director who (i) is an employee of the Company or any of its subsidiaries or affiliates or (ii) unless otherwise determined by the Board, is an affiliate, employee, representative or designee of an institutional or corporate investor in the Company (an “Affiliated Director”).

Under the Director Compensation Plan, each participating Director who serves as a Director during any fiscal quarter receives a payment for such quarter of \$12,500, with a pro rata fee applicable to service for less than a whole quarter; provided, however, that any Director who serves as the non-executive Chairman of the Board during any fiscal quarter receives a payment for such quarter of \$28,750 instead of \$12,500, with a pro rata fee applicable to service for less than a whole quarter. Each participating Director who serves as the chairperson of a committee of the Board during any fiscal quarter receives a payment of \$1,250; provided, however, that the chairperson of the Audit Committee during any fiscal quarter receives a payment of \$2,500, in each such case with a pro rata fee applicable to service for less than a whole quarter. Each participating Director who attends a telephonic meeting of the Board or a committee thereof receives a meeting fee of \$500. Each participating Director who attends a meeting of the Board or a committee thereof, where a majority of the Directors attend such meeting in person, receives a meeting fee of \$1,000. Payment of these fees was temporarily suspended by the Board between May 2016 and August 2017.

In addition, the Director Compensation Plan provides that each Director, other than an Affiliated Director, will receive a restricted stock award for shares of Common Stock with a fair market value equal to \$100,000 on the first business day of the calendar year provided that such Director is serving as a Director on such date (an “Annual Award”). These Annual Awards vest on the first anniversary of the date of grant, provided that the Director remains a director of the Company on the vesting date. Notwithstanding the foregoing, if a Director ceases to be a director due to (i) removal without cause, (ii) resignation upon request of a majority of the Board, other than for reasons the Board determines to be cause, (iii) the failure to be re-elected to the Board either because the Company fails to nominate the Director for re-election or the Director fails to receive sufficient stockholder votes, then, on the day the Director ceases to be a Director, 25% of the Annual Award vests for each full calendar quarter that the Director has served as a Director from and after the award date. The Board temporarily lowered the fair market value of the Annual Awards to \$80,000 and the fair market value of the Annual Awards continues to be \$80,000. The granting of the 2018 Annual Awards was delayed until an amendment of the 2010 Plan was approved by the Company’s stockholder that made enough shares available under the 2010 Plan for such awards.

Controlled Company

As a result of the Preferred Stock Transaction and Warrant Repurchase described below under the section entitled “*Preferred Stock Transaction and Warrant Repurchase*,” SPHG Holdings and its affiliates beneficially own approximately 52.63% of our outstanding shares of Common Stock, which includes shares of Common Stock underlying currently convertible Series C Convertible Preferred Stock of the Issuer (the Preferred Stock). As a result, we are a “controlled company” within the meaning of Rule 5615(c) of the Nasdaq Stock Market Listing Rules. Under the Nasdaq rules, a company of which more than 50% of the voting power for the election of directors is held by an individual, group or another company is a “controlled company” and may elect not to comply with certain Nasdaq corporate governance requirements, including: (i) the requirement that a majority of the Board consist of independent directors; (ii) the requirement that we have director nominees selected or recommended for the Board’s selection, either by a majority vote of only the independent directors or by a nomination committee comprised solely of independent directors, with a written charter or Board resolution addressing the nominations process; and (iii) the requirement that we have a compensation committee that is composed entirely of independent directors with a written charter addressing the committee’s purpose and responsibilities. We currently rely on some of these exemptions. Although our Governance Committee and our Compensation Committee consist entirely of independent directors, we do not currently have a majority of independent directors on the Board.

On December 12, 2018, SPHG Holdings further advised the Company that in addition to not requiring a cash payment on the Notes on the Maturity Date, that SPHG Holdings agrees to either (a) the extension of the Maturity Date to a date later than January 15, 2020, or (b) the issuance of a replacement convertible security with a maturity date later than January 15, 2020.

Preferred Stock Transaction and Warrant Repurchase

On December 15, 2017, the Company entered into a Preferred Stock Purchase Agreement (the “Purchase Agreement”) with SPHG Holdings, pursuant to which the Company issued 35,000 shares of the Company’s newly created Series C Convertible Preferred Stock, par value \$0.01 per share (the Preferred Stock), to SPHG Holdings at a price of \$1,000 per share, for an aggregate purchase consideration of \$35.0 million (the “Preferred Stock Transaction”). The terms, rights, obligations and preferences of the Preferred Stock are set forth in a Certificate of Designations, Preferences and Rights of Series C Convertible Preferred Stock of the Company (the “Series C Certificate of Designations”), which has been filed with the Secretary of State of the State of Delaware.

Under the Series C Certificate of Designations, each share of Preferred Stock can be converted into shares of the our Common Stock, at an initial conversion price equal to \$1.96 per share, subject to appropriate adjustments for any stock dividend, stock split, stock combination, reclassification or similar transaction. Holders of the Preferred Stock will also receive dividends at 6% per annum payable in cash or Common Stock. If at any time the closing bid price of the Company’s Common Stock exceeds 170% of the conversion price for at least five consecutive trading days (subject to appropriate adjustments for any stock dividend, stock split, stock combination, reclassification or similar transaction), the Company has the right to require each holder of Preferred Stock to convert all, or any whole number, of shares of the Preferred Stock into Common Stock. The Preferred Stock is currently convertible into 17,857,143 shares of Common Stock.

The Preferred Stock Transaction was approved and recommended to the Board by a special committee of the Board (the “Special Committee”) consisting of Messrs. Wald, Fenton and Lengyel. Each member of the Special Committee was independent and not affiliated with Steel Holdings GP, which controls the power to vote and dispose of the securities held by SPHG Holdings and its affiliates.

On December 15, 2017, contemporaneously with the closing of the Preferred Stock Transaction, the Company entered into a Warrant Repurchase Agreement (the “Warrant Repurchase”) with Steel Holdings, an affiliate of SPHG Holdings, pursuant to which the Company repurchased for \$100 the warrant to acquire 2,000,000 shares of the Common Stock (the “Warrant”) that the Company had previously issued to Steel Holdings. The Warrant, which was to expire in 2018, was terminated by the Company upon repurchase.

As of December 14, 2017 (prior to the closing of the Preferred Stock Transaction), SPHG Holdings and its affiliates beneficially owned approximately 35.62% of our outstanding shares of Common Stock. Upon closing of the Preferred Stock Transaction and the Warrant Repurchase and following the previously reported equity grants to Messrs. Lichtenstein, Howard and Fejes on December 15, 2017, SPHG Holdings and its affiliates beneficially own approximately 52% of our outstanding shares of Common Stock, and the Company may be deemed to be a controlled company under Nasdaq rules.

Management Services Agreement

On December 24, 2014, we entered into a Management Services Agreement with SP Corporate Services LLC (“SP Corporate”), an indirect wholly owned subsidiary of Steel Holdings, effective as of January 1, 2015 (as amended, the “Management Services Agreement”).

The Management Services Agreement had an initial term of six months. On June 30, 2015, we entered into an amendment that extended the term of the Management Services Agreement to December 31, 2015, and provided for automatic renewal for successive one year periods, unless and until terminated in accordance with the terms set forth therein, which include, under certain circumstances, the payment by the Company of certain termination fees to SP Corporate. On March 10, 2016, we entered into a Second Amendment to the Management Services Agreement with SPH Services, Inc. (“SPH Services”), the parent of SP Corporate and an affiliate of SPHG Holdings, pursuant to which SPH Services assumed rights and responsibilities of SP Corporate and the services provided by SPH Services to the Company were modified pursuant to the terms of the Amendment. Also on March 10, 2016, we entered into a Transfer Agreement with SPH Services pursuant to which we agreed to the transfer to the Company of certain individuals who provide corporate services to the Company. SP Corporate and Partners LLC merged with and into SPH Services, with SPH Services surviving. SPH Services has since changed its name to Steel Services Ltd. (“Steel Services”).

Warren Lichtenstein, our Executive Chairman of the Board, is affiliated with Steel Holdings, and was the Chief Executive Officer of SP Corporate and is now the Interim Chief Executive Officer and Chief Executive Officer of Steel Services. In addition, Glen Kassan, our Vice Chairman of the Board and former Chief Administrative Officer, is also affiliated with Steel Holdings. Under the Management Services Agreement, Steel Services furnishes us with personnel to perform additional services, which include, without limitation:

Services related to corporate treasury functions and financing matters;
Support of M&A functions; and

Legal services, including but not limited to advising the Company on risk management, governance and compliance generally, assisting with public company reporting requirements, advising on investigations and litigation, and advising on major business transactions.

The Management Services Agreement was approved by the Related Party Transactions Committee, a special committee of the Board comprised entirely of independent directors having no affiliation with SP Corporate or its affiliates. Performance of services under the Management Services Agreement by Steel Services and its personnel are now subject to the oversight of the Audit Committee, and the authority of Steel Services and its personnel to incur any obligation or enter into any transaction is subject to the prior approval of the Audit Committee or a prior written delegation of authority of the Audit Committee delivered to Steel Services. In connection with entry into the Management Services Agreement, eight employees of the Company were transferred to SP Corporate, at which time SP Corporate assumed the majority of costs associated with compensating those employees and providing applicable benefits. The services that such persons provide to the Company are provided on a non-exclusive basis. However, pursuant to the terms of the Management Services Agreement, all such persons are required to devote such time and effort as is reasonably necessary to fulfill the statutory and fiduciary duties applicable to them in performing such services.

A third amendment to the Management Services Agreement, effective September 1, 2017 (the “Third Amendment”), reduced the fixed monthly fee paid by the Company to Steel Services under the Management Services Agreement from \$175,000 per month to \$95,641 per month. The monthly fee is subject to review and adjustment by agreement between the Company and Steel Services for periods commencing in Fiscal 2016 and beyond. Additionally, we may be required to reimburse Steel Services and its affiliates for all reasonable and necessary business expenses incurred on our behalf in connection with the performance of the services under the Management Services Agreement, including travel expenses.

The Management Services Agreement provides that, under certain circumstances, we may be required to indemnify and hold harmless Steel Services and its affiliates and employees from any claims or liabilities by a third party in connection with activities or the rendering of services under the Management Services Agreement.

Our Related Party Transactions Committee approved the entry into the Management Services Agreement, the first two amendments to the Management Services Agreement and the Transfer Agreement. The Audit Committee approved the Third Amendment. The Related Party Transactions Committee concluded that by consolidating back office functions and corporate overhead between SP Corporate (now Steel Services) and the Company, the Company likely would achieve cost savings over time. In negotiating and approving the Management Services Agreement, the Related Party Transactions Committee, consisting of Jeffrey J. Fenton, Philip E. Lengyel and Jeffrey S. Wald, each of whom is an independent director as defined by the rules of Nasdaq, considered, among other things, issues such as the scope of the services to be provided by SP Corporate and SPH Services to the Company, the pricing of the arrangement under the Management Services Agreement, and the limits of authority for the outsourced personnel.

Review, Approval or Ratification of Transactions with Related Persons

The Audit Committee reviews all related party transactions on an ongoing basis and all such transactions must be approved or ratified by the Audit Committee. On October 11, 2016, the Board adopted a Related Person Transaction Policy that is administered by the Audit Committee and applies to all related party transactions. The Related Person Transaction Policy was adopted in part to address Auditing Standard No. 18 (Related Parties). The responsibility to review, approve and ratify related party transactions was previously held by the Related Party Transactions Committee from November 20, 2014, until October 11, 2016.

A “related-party transaction” is a transaction that meets the minimum threshold for disclosure under the relevant SEC rules (generally, transactions involving amounts exceeding \$120,000 in which a “related person” or entity has a direct or indirect material interest). “Related persons” include the Company’s executive officers, directors, nominees for directors, 5% or more beneficial owners of our Common Stock, immediate family members of these persons and entities in which one of these persons has a direct or indirect material interest.

During the period between the August 1, 2016 and October 11, 2016, the Related Party Transactions Committee was responsible to review, approve and ratify related-party transactions. The Related Party Transactions Committee reviewed the material facts of any related-party transaction and either approves or disapproves of the entry into the transaction. In the course of reviewing the related-party transaction, the Related Party Transactions Committee considered whether (i) the transaction was fair and reasonable to the Company, (ii) under all of the circumstances the transaction was in, or not inconsistent with, the Company’s best interests, and (iii) the transaction will be on terms no less favorable to the Company than could have been obtained in an arms’ length transaction with an unrelated third

party. If advance approval of a related-party transaction was not feasible, then the transaction was considered and, if the Related Transactions Party Committee determined it to be appropriate, it was then ratified by the Related Party Transactions Committee. No director participated in the approval of a transaction for which he or she is a related party. When a related-party transaction was ongoing, any amendments or changes are reviewed and the transaction was reviewed annually for reasonableness and fairness to the Company.

Table of Contents

Beginning October 11, 2016, under the Related Person Transaction Policy, the Audit Committee reviews the material facts of any related-party transaction and either approves or disapproves of the entry into the transaction or ratification of the transaction. If advance approval of a related-party transaction is not feasible, then the transaction is considered and, if the Audit Committee determines it to be appropriate, it is then ratified by the Audit Committee. No director may participate in the approval of a transaction for which he or she is a related party. When a related-party transaction is ongoing, any amendments or changes are reviewed in accordance with the previous approval granted by the Audit Committee.
