Section 7 - Regulation FD
Item 7.01 Regulation FD Disclosure
A copy of the Companies' (as defined below) below-described press release is furnished as Exhibit 99.1 to this report
Section 8 - Other Events
Item 8.01 Other Events
On June 30, 2015, Louisville Gas and Electric Company ("LG&E") and Kentucky Utilities Company ("KU" and, together with LG&E, the "Companies") issued a press release announcing that the Kentucky Public Service Commission ("KPSC") has approved the unanimous settlement agreement in the Companies' rate increase proceedings. The settlement agreement was previously announced on April 21, 2015. The rate changes become effective on July 1, 2015.
The order provides for increases of \$125 million in the annual revenue requirement associated with KU base electric rates and \$7 million in the annual revenue requirement associated with LG&E base gas rates. The annual revenue requirement associated with base electric rates at LG&E will not increase. No return on equity was established for base rates. The order, however, authorizes a 10% return on equity with respect to the Companies' environmental cost recovery and gas line tracker rate mechanisms. The order also provides for deferred recovery of portions of certain pension-related and certain plant-related costs.

Press Release dated June 30, 2015 of

Louisville

99.1 - Gas and

Electric

Company

and

Kentucky

Utilities

Company.

Statements in this report and the accompanying press release, including statements with respect to future events and their timing, including the Companies' future rates, rate mechanisms or returns on equity ultimately authorized or achieved, as well as statements as to future costs or expenses, regulation, corporate strategy and performance, are "forward-looking statements" within the meaning of the federal securities laws. Although the Companies believe that the expectations and assumptions reflected in these forward-looking statements are reasonable, these expectations, assumptions and statements are subject to a number of risks and uncertainties, and actual results may differ materially from the results discussed in the statements. The following are among the important factors that could cause actual results to differ materially from the forward-looking statements: subsequent phases of rate relief and regulatory cost recovery; market demand and prices for electricity; political, regulatory or economic conditions in states and regions where the Companies conduct business; and the progress of actual construction, purchase or repair of assets or operations subject to tracker mechanisms. Any such forward-looking statements should be considered in light of such important factors and in conjunction with PPL Corporation's, LG&E and KU Energy LLC's and the Companies' Form 10-K and other reports on file with the Securities and Exchange Commission.

#### **SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrants have duly caused this report to be signed on their behalf by the undersigned hereunto duly authorized.
