PROXY STATEMENT

This proxy statement contains information related to the annual meeting of shareholders of Marriott International, Inc. (the "Company") to be held on Friday, May 4, 2001, beginning at 10:30 a.m., at the J.W. Marriott Hotel, 1331 Pennsylvania Avenue, N.W., Washington, D.C., and at any postponements or adjournments thereof. This Proxy Statement is first being mailed to shareholders on March 30, 2001.

Marriott International, Inc. conducts the lodging, senior living services and distribution services businesses formerly conducted by "old" Marriott International, Inc. ("Old Marriott"), now known as Sodexo Marriott Services, Inc. The Company was spun off as a separate public company from Old Marriott on March 27, 1998 (the "Spinoff").

ABOUT THE MEETING

What is the purpose of the annual meeting?

At the Company's annual meeting, shareholders will act upon the matters described in the accompanying notice of meeting. This includes the election of three directors, ratification of the Company's independent auditors, and consideration of one shareholder proposal. In addition, the Company's management will report on the performance of the Company during fiscal 2000 and respond to questions from shareholders.

Who is entitled to vote?

Only shareholders of record at the close of business on the record date, March 13, 2001, are entitled to receive notice of and to vote at the meeting, or any postponement or adjournment of the meeting. Each outstanding share of the Company's Class A common stock entitles its holder to cast ten votes on each matter to be voted upon.

Edgar Filing: MARRIOTT INTERNATIONAL INC /MD/ - Form DEF 14A

Who can attend the meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend the meeting. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Directions to the meeting, and information on parking, public transportation and lodging, can be found on the back cover of this proxy statement.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of Class A common stock of the Company outstanding on the record date will constitute a quorum. A quorum is required for business to be conducted at the meeting. As of the record date, 244,181,386 shares of Class A common stock of the Company were outstanding. If you submit a properly executed proxy card, even if you abstain from voting, then you will be considered part of the quorum. However, abstentions are not counted in the tally of votes FOR or AGAINST a proposal. A WITHHELD vote is the same as an abstention.

How do I vote?

Sign and date each proxy card you receive and return it in the prepaid envelope. If you return your signed proxy card but do not mark the boxes showing how you wish to vote, your shares will be voted FOR items 1 and 2, and AGAINST item 3.

Can I vote by telephone or electronically?

You may vote by telephone or electronically through the Internet, by following the instructions attached to your proxy card.

The telephone and Internet voting procedures are designed to authenticate votes cast by use of a personal identification number. The procedures, which comply with Delaware law, allow shareholders to appoint a proxy to vote their shares and to confirm that their instructions have been properly recorded.

Can I change my vote after I return my proxy card, or after I vote by telephone or electronically?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised at the meeting. Regardless of the way in which you submitted your original proxy, you may change it by:

- (1) Returning a later-dated signed proxy card;
- (2) Delivering a written notice of revocation to First Chicago Trust Company of New York, P.O. Box 8089, Edison, New Jersey 08818-9355;
- (3) Voting by telephone or the Internet; or
- (4) Voting in person at the meeting.

What are the Board's recommendations?

The Board's recommendations are set forth after the description of each item in this proxy statement. In summary, the Board recommends a vote:

- . FOR election of the nominated directors (see Item 1 on page 8);

Edgar Filing: MARRIOTT INTERNATIONAL INC /MD/ - Form DEF 14A

- . FOR ratification of the appointment of Arthur Andersen LLP as the Company's independent auditors for fiscal 2001 (see Item 2 on page 26);
- . AGAINST approval of the shareholder proposal regarding cumulative voting (see Item 3 on page 27).

2

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors.

What vote is required to approve each item?

For each item, the affirmative vote of the holders of a majority of the shares of Class A common stock represented in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked "ABSTAIN" with respect to any item will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

If you hold your shares in "street name" through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the items to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those items and will not be counted in determining the number of shares necessary for approval for each item. Shares represented by such "broker non-votes" will, however, be counted in determining whether there is a quorum.

Who will count the vote?

Representatives of First Chicago Trust Company of New York, our independent stock transfer agent, will count the votes and act as the inspector of election.

What shares are included on the proxy card(s)?

The shares on your proxy card(s) represent ALL of your shares of Class A common stock, including any shares you may hold through the DirectSERVICE Investment Program administered by First Chicago Trust Company of New York, or if you are a Marriott employee, any shares that may be held in custody for your account by Bankers Trust Company as custodian for the Marriott International, Inc. Employees' Profit Sharing, Retirement and Savings Plan (the "Profit Sharing Plan"). If you have shares in the Profit Sharing Plan and do not vote by proxy, or return your proxy card with an unclear voting designation or no voting designation at all, then Bankers Trust will vote your Profit Sharing Plan shares in proportion to the way the other Profit Sharing Plan participants voted their shares held in the Profit Sharing Plan.

What does it mean if I receive more than one proxy card?

If your shares are registered differently and are in more than one account, you will receive more than one proxy card. To ensure that all your shares are voted, sign and return all proxy cards, or if you choose, vote by telephone or through the Internet using the personal identification number printed on each proxy card. We encourage you to have all accounts registered in the same name and address (whenever possible). You can accomplish this by contacting our transfer agent, First Chicago Trust Company of New York, at (800) 311-4816.

How will voting on any other business be conducted?

Edgar Filing: MARRIOTT INTERNATIONAL INC /MD/ - Form DEF 14A

Although we do not know of any business to be considered at the 2001 annual meeting other than the proposals described in this proxy statement, if any other business is presented at the Annual Meeting, your proxy gives authority to J.W. Marriott, Jr. and Richard E. Marriott to vote on such matters at their discretion.

When are shareholder proposals for the 2002 annual meeting of shareholders due?

The Company's 2002 annual meeting of shareholders is scheduled to be held on May 3, 2002. To be considered for inclusion in the Company's proxy statement for that meeting, shareholder

3

proposals must be received at the Company's offices no later than November 26, 2001. Proposals must be in compliance with Rule 14a-8 under the Securities Exchange Act of 1934 and the Company's bylaws, and must be submitted in writing delivered or mailed to the Secretary, Marriott International, Inc., Department 52/862, Marriott Drive, Washington, D.C. 20058.

In addition, the Company's bylaws require that, if a shareholder desires to introduce a shareholder proposal or nominate a director candidate from the floor of the 2002 annual meeting of shareholders, such proposal or nomination must be submitted in writing to the Company's Secretary at the above address not later than February 3, 2002. The written proposal or nomination must be in compliance with the Company's bylaws. The Chairman of the meeting may refuse to acknowledge or introduce any shareholder proposal or the nomination of any person made later than February 3, 2002, or not in compliance with the Company's bylaws.

Can a shareholder nominate someone to be a director of the Company?

As a shareholder, you may recommend any person as a nominee for director of the Company by writing to the Nominating and Corporate Governance Committee of the Board of Directors, c/o Marriott International, Inc., Marriott Drive, Washington, D.C. 20058. Recommendations must be received by February 3, 2002 for the 2002 annual meeting of shareholders, and must comply with the requirements in the Company's bylaws.

How much did this proxy solicitation cost?

MacKenzie Partners, Inc. was hired to assist in the distribution of proxy materials and solicitation of votes for \$7,500, plus reimbursement of certain out-of-pocket expenses. We also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to shareholders. Proxies will be solicited by mail, telephone, or other means of communication. Solicitation also may be made by directors, officers, and regular employees of the Company not specifically employed for proxy solicitation purposes.

Can I receive future shareholder communications electronically through the Internet?

Yes. You may elect to receive future notices of meetings, proxy materials and annual reports electronically through the Internet. If you have previously consented to electronic delivery, your consent will remain in effect until withdrawn. To consent to electronic delivery:

- . If your shares are registered in your own name, and not in "street name" through a broker or other nominee, fill out the consent form at

Edgar Filing: MARRIOTT INTERNATIONAL INC /MD/ - Form DEF 14A

the Internet site maintained by our transfer agent, First Chicago Trust Company of New York, at www.econsent.com/mar.

Marriott, Jr. waived his vested right to receive post-retirement distributions of cash under the Deferred Plan and Old Marriott Common Stock under the Old Marriott 1993 Comprehensive Stock Incentive Plan (the "1993 Plan"). The payments and stock distributions waived were awarded to Mr. Marriott in 1995 and prior years and were disclosed as required in earlier proxy statements of Old Marriott or of Marriott Corporation. In connection with this waiver, Old Marriott agreed to purchase life insurance policies for the benefit of a trust established by Mr. Marriott. This agreement to purchase life insurance policies has been assumed by the Company. The cost of the life insurance policies to the Company will not exceed the expected after-tax cost to Old Marriott if it had made the payments and stock distributions that were waived by Mr. Marriott. For 2000, the taxable economic benefit to Mr. Marriott as a result of these life insurance policies was \$48,231. Mr. Marriott also received \$38,000 in value of personal financial services and \$25,067 in value of personal use of the Company jet.

Stock Options

The Company did not make a regular offering of options to purchase Common Stock in fiscal 2000. To better allow the Compensation Policy Committee of the Board of Directors the ability to review and recommend a total compensation package for senior executives of the Company, the granting of annual option awards has been moved from November of each year to the following February.

The following table shows information concerning the number of options exercised in Fiscal 2000 and the value of all outstanding options.

REPORT ON EXECUTIVE COMPENSATION BY
THE COMPENSATION POLICY COMMITTEE

The Compensation Policy Committee (the "Committee") is responsible for establishing basic principles related to the compensation programs of the Company and for providing oversight for compensation programs for senior executive officers. The principles include building a strong relationship between shareholder return and executive compensation, providing incentives to achieve both short and long-term goals, and providing an overall level of remuneration which is competitive and reflective of performance. The Committee met five times during 2000. The Chief Executive Officer and other senior executive officers are not present at the meetings unless requested by the Committee.

Compensation Philosophy and Programs

The Committee's objective is to establish a total compensation program for the Company that appropriately balances compensation costs with salaries and incentives sufficient to retain and motivate key executives. Senior human resources management of the Company presents proposals and recommendations on senior executive officer compensation to the Committee for their review and evaluation. To establish compensation levels, the Committee uses data provided

Edgar Filing: MARRIOTT INTERNATIONAL INC /MD/ - Form DEF 14A

by the Company that is obtained from independent consultants. The data reflects compensation practices with companies of approximately Marriott's size (the comparison group) who participate in a variety of compensation surveys. The Committee believes that targeting compensation between median and the 75th percentile of other large companies appropriately reflects the conditions of the labor market for Company executives. Companies in the comparison group may be included in the S&P Hotel/Motel Index used in the performance chart included in this Proxy Statement; however, the comparison group is not made up exclusively of companies used in that Index. As the Company is comprised of both lodging and service lines of businesses and also recruits senior executives from outside the hospitality industry, the Committee believes that the broad-based comparison group is a more appropriate basis for establishing comparable pay programs.

Base Salary

The Company has an executive compensation salary structure approved by the Committee, which includes salary ranges established around a salary grade midpoint. Each position's salary grade range and target bonus opportunity is established based on targeted levels of total cash compensation for similar positions in the survey data. Actual base salaries are set within the prescribed salary range, based on a subjective assessment of factors including tenure, experience, and individual performance. This assessment is not subject to weightings or formulas. Individual annual salary increases reflect the position within the salary range, the merit increase guidelines established by the Company, and individual performance over the prior year. The Committee establishes merit increase guidelines based on survey information of annual salary increase budgets for the comparison group, along with an assessment of the Company's labor costs for management employees.

Annual Cash Incentives

The Company has established the 1998 Comprehensive Stock and Cash Incentive Plan, which is focused on financial objectives. In addition, the Company maintains the Executive Officer Individual Performance Plan, which is focused on human resource and other business requirements, to help motivate the attainment of annual objectives. Under each plan, goals and specific objectives are

18

established for a minimum level, target level, and a maximum level of performance. Senior human resources management of the Company provided the Committee with individual performance objectives for the Chief Executive Officer and each of the other named executives for the Committee's review and input. For each objective, actual performance is measured against these levels in order to determine the actual payment. No payment is made if performance fails to meet the minimum level for a particular objective.

The 2000 incentive plans for the Chief Executive Officer and other senior executive officers included objectives related to Company financial performance, individual performance, customer satisfaction, and lodging growth objectives.

Stock Incentives

The Committee believes that stock ownership by senior executive management is essential for aligning management's interest with that of shareholders. To emphasize this principle, in February 1999, the Company established stock ownership guidelines for the Company's senior management. The guidelines require the top 70 executives in the Company to own a multiple of their

Edgar Filing: MARRIOTT INTERNATIONAL INC /MD/ - Form DEF 14A

individual salary grade midpoint in Company stock. Executives have five years in which to meet this goal.

The Company offers several stock-based incentive programs under the Company's 1998 Comprehensive Stock and Cash Incentive Plan. Through deferred stock incentive awards, approximately 4,500 managers, including the Chief Executive Officer and other senior executive officers, receive an award of shares equal in value to 20% of their annual cash bonus. The award is distributed ratably over a ten-year period or at retirement if so elected by certain levels of management, and is contingent upon continued employment.

In addition, the Company also grants stock options. Stock options are the primary long-term incentive of the Company. The number of shares subject to options granted to each executive officer is related to a guideline number established for each eligible salary grade or level based on the survey data described above. The Committee establishes a competitive range of share awards per eligible position, and individual awards are determined based on a subjective assessment of individual performance, contribution and future potential.

Under the terms of the Company's 1998 Comprehensive Stock and Cash Incentive Plan, awards of restricted stock and deferred stock contracts are also made to key management employees. These awards tend to be relatively infrequent and are used to recognize special performance of key executives or as an employment inducement. The Company considers a number of factors when determining stock grants such as individual performance, the size of competitive long-term awards, key contributions, and previous share grants.

2000 Compensation of the Chief Executive Officer and Reported Executive Officers

The Committee reviewed the 2000 salaries for J.W. Marriott, Jr., and all other executive officers in November 1999. Mr. Marriott received a very modest increase in base pay on January 1, 2000 which resulted in his annual pay rate increasing to \$1,000,000. This salary is within the median range for the comparison group. With the exception of Mr. Sorenson, all other three named executive officers received base salary increases of 4.5% on January 1, 2000. Mr. Sorenson received an 18% base salary increase to better approximate the median of the comparison group.

19

Under the 1998 Comprehensive Stock and Cash Incentive Plan, Mr. Marriott's maximum annual incentive opportunity as a percentage of base salary was 36% based on attaining a corporate cash flow objective and 36% related to earnings per share. Under the Executive Officer Individual Performance Plan, his maximum opportunity was 24% related to individual objectives, 12% on growth objectives, and 12% related to customer satisfaction. In 2000, the Company achieved 105.5% of cash flow objectives and 99.5% earnings per share objectives. Mr. Marriott did achieve the maximum level of performance for corporate cash flow, but did not achieve the maximum level of performance for earnings per share objectives. Mr. Marriott accomplished the majority of his individual objectives and customer satisfaction objectives, and exceeded growth objectives. The aggregate target level of bonus award for Mr. Marriott was 80% and the maximum level of bonus award was equal to 120% of eligible fiscal year salary. The total award payment of \$1,166,600 corresponded to 116.66% of salary. Mr. Marriott's annual cash incentive payment was at the median for the comparison group. From a total cash compensation perspective (base plus bonus), his annual compensation is at the median for the comparison group. In addition, Mr. Marriott received 5,626 shares of Deferred Bonus Stock that was equal in value to 20% of his bonus.

Edgar Filing: MARRIOTT INTERNATIONAL INC /MD/ - Form DEF 14A

The other named senior executive officers are also participants in the 1998 Comprehensive Stock and Cash Incentive Plan. Measures utilized include Company and, in some cases, business-group cash flow, customer satisfaction, lodging rooms growth objectives and individual objectives. The aggregate target payments for other named executives were set at 50% to 60% of salary and the maximum aggregate payments from 80% to 100% of salary. Actual total award payments for 2000 ranged from 76.05% to 95.64% of salary.

Based on outstanding contributions during the year, and to continue to offer a competitive total compensation program, Mr. Sullivan received a deferred stock award in 2000 of 25,000 shares.

To assist in reviewing and evaluating key executives' total compensation packages, the Committee decided to change the grant date of the annual stock option awards from November 2000 to February 2001. The change in date allows the Committee to review all components of compensation for key executives at one time. As a result of the change in date, stock options were not granted to Mr. Marriott and the other named executive officers in 2000.

Impact of Internal Revenue Code Section 162(m)

Under the Omnibus Budget Reconciliation Act of 1993, provisions were added to the Internal Revenue Code under Section 162(m) that limit the tax deduction for compensation expense in excess of one million dollars paid to each of certain executive officers. However, performance-based compensation can be excluded from the limit so long as it meets certain requirements. The Committee believes the 1998 Comprehensive Stock and Cash Incentive Plan satisfies the requirements for exemption under the Internal Revenue Code Section 162(m). Payments made under this Plan qualify as performance-based compensation and constitute the majority of aggregate annual incentive payment for Mr. Marriott and all other named executive officers.

The Executive Officer Individual Performance Plan does not meet the requirement necessary for exemption as performance-based compensation; however, the Committee believes that incentives for performance relative to certain Company objectives, such as personnel planning, customer satisfaction and other non-financial business requirements are relevant and appropriate. For 2000, the annual salary plus the bonus paid to named executive officers other than Mr. Marriott were in each case less than one million dollars after reduction by amounts deferred under the Executive Deferred

20

Compensation Plan. The annual salary plus the bonus paid to Mr. Marriott exceeded one million dollars. The Committee reserves the right to pay non-deductible compensation if it considers that to be in the best interest of the shareholders and the Company. Due to the Company's focus on performance-based compensation plans and continued deferral of compensation by certain executive officers, the Committee expects that the vast majority of compensation paid to the group will be tax deductible.

Summary

The Compensation Policy Committee believes that the compensation programs of the Company are well structured to encourage attainment of objectives and foster a shareholder perspective in management. The Committee feels that the awards made in 2000 were competitive and appropriate and serve shareholders' long-term interest.

SHAREHOLDER RETURN PERFORMANCE GRAPH

The following graph compares the performance of the Company's Class A common stock from the Spinoff of the Company on March 27, 1998 to the end of fiscal 2000, and prior to the Spinoff, the performance of Old Marriott's common stock since December 29, 1995, with the performance of the Standard & Poor's Corporation Composite 500 Index and the Standard and Poor's Corporation Lodging-Hotels Composite Index. The graph assumes an initial investment of \$100 on December 29, 1995, and reinvestment of dividends. In addition, the Sodexo Marriott Services, Inc. shares received in connection with the Spinoff are assumed to be sold on March 27, 1998, and immediately reinvested in the Company's Class A common stock.

The Company believes that this shareholder return information has only limited relevance to an understanding of its or Old Marriott's compensation policies during the indicated periods and does not reflect all matters appropriately considered by it or by Old Marriott in developing their compensation strategies.

CERTAIN TRANSACTIONS

JWM Family Enterprises, L.P. ("Family Enterprises") is a Delaware limited partnership majority owned by J.W. Marriott, Jr., the Chairman and Chief Executive Officer of the Company, and members of his immediate family. Family Enterprises indirectly holds varying percentages of ownership interests in a Courtyard hotel in Long Beach, California, a Residence Inn in San Antonio, Texas, a Fairfield Inn in Anaheim, California, a SpringHill Suites hotel in Herndon, Virginia, a Courtyard hotel in Novato, California, and a Courtyard hotel and a TownePlace Suites hotel in Milpitas, California. Subsidiaries of the Company operate each of these properties pursuant to management agreements with Family Enterprises. In fiscal 2000, the Company received management fees of approximately \$4.5 million, plus reimbursement of certain expenses, from its operation of these hotels. The Company is negotiating to sell a Courtyard hotel

Edgar Filing: MARRIOTT INTERNATIONAL INC /MD/ - Form DEF 14A

under construction in San Francisco, California to an entity partially owned by Family Enterprises for a purchase price of approximately \$81 million. The purchase price will be paid in cash upon purchase. The sale is subject to approval by the Board of Directors of the Company. A subsidiary of the Company will operate the hotel pursuant to a management agreement.

McIntosh Mill Ltd. ("McIntosh Mill") is a Utah limited partnership in which Richard E. Marriott, a director of the Company, has a 40 percent limited partnership interest. McIntosh Mill sold certain parcels of land in Park City, Utah to Marriott Ownership Resorts, Inc. doing business as Marriott Vacation Club International ("MORI"), a subsidiary of the Company, on which MORI has built a mixed-use development, including commercial condominium units and a timeshare resort. McIntosh Mill purchased the commercial condominium units from MORI for a purchase price of approximately \$3.95 million, which is the pro rata share of the total project development and construction costs allocable to the commercial condominium units, less (i) the value of the land allocated to the residential condominium units retained by MORI for its timeshare resort, and (ii) an agreed-upon development fee earned by McIntosh Mill. MORI secured payment of the purchase price with purchase money mortgages on the commercial condominium units. The purchase price was paid in full in August, 2000.

Dr. Henry Cheng Kar-Shun, a director of the Company, together with members of the Cheng family, directly or indirectly owns or leases hotel properties that are operated by subsidiaries of the Company. In fiscal 2000, the Company recognized sales of \$557 million from its operation of these properties. Dr. Cheng serves as Managing Director of New World Development, which is 35.99 percent owned by Dr. Cheng and members of the Cheng family, its affiliates or affiliates of Dr. Cheng. New World Development has indemnified Renaissance Hotel Group N.V. ("RHG"), a subsidiary of the Company, RHG's subsidiaries, and the Company for certain lease and other obligations in connection with the formation of RHG as a hotel management company in 1995, when Dr. Cheng and his family members and affiliates owned a majority of RHG's stock. Under a 1999 agreement with certain affiliates of Dr. Cheng, RHG agreed to provide a limited operating profit guarantee for fiscal years 1999, 2000 and 2001. The Company has paid approximately \$2.3 million under the operating profit guarantee with respect to fiscal year 1999. The Company does not believe that a guarantee payment is required to be made for fiscal year 2000, and the Company may be entitled to recovery of a small portion of the 1999 payment. The balance of any guarantee payments may be recouped to the extent that operating profit targets are exceeded in 2001, 2002 or 2003.

Transactions with Host Marriott Corporation and Crestline Capital Corporation

On October 8, 1993, Old Marriott was spun off as a separate public company from its former parent company, Marriott Corporation (which changed its name to Host Marriott Corporation) ("Host Marriott"). Host Marriott retained the ownership of lodging properties and certain other assets. Old Marriott continued the businesses of lodging management, senior living services, distribution services and certain other businesses.

In December 1998, Host Marriott reorganized its business operations to qualify as a real estate investment trust ("REIT"). In conjunction with its conversion to a REIT, Host Marriott spun off, in a taxable transaction, a new company called Crestline Capital Corporation ("Crestline"); acquired a portfolio of luxury hotels for \$1.5 billion; and completed partnership roll-ups representing new hotel property acquisitions approximating \$650 million. As part of the Crestline spinoff, Host Marriott transferred to subsidiaries of Crestline all of the senior living communities previously owned by Host Marriott, and Host Marriott leased or subleased to these Crestline subsidiaries

Edgar Filing: MARRIOTT INTERNATIONAL INC /MD/ - Form DEF 14A

substantially all of Host Marriott's lodging properties, including the properties acquired in the acquisition and roll-up transactions described above. Host Marriott also assigned to subsidiaries of Crestline the lodging and senior living community management and franchise agreements with the Company. In the case of the lodging agreements, Host Marriott remains obligated under such agreements in the event the lessee fails to perform its obligations thereunder. Effective as of January 1, 2001, a Host Marriott taxable subsidiary acquired the lessee entities for the hotels in the United States and took an assignment of the lessee entities' interests in the leases for the hotels in Canada. In December 2000, the Company acquired, through an unconsolidated joint venture (the Courtyard Joint Venture) with an affiliate of Host Marriott, 120 Courtyard by Marriott hotels.

The Company believes that the transactions described above have not materially changed its business or legal rights as they previously existed with Host Marriott, although there can be no assurance that the new structure will not adversely affect the Company in the future.

At February 28, 2001, J.W. Marriott, Jr. and Richard E. Marriott and their respective immediate family members beneficially owned approximately 6.6 percent and 7.8 percent, respectively, of the common stock of Host Marriott. Richard E. Marriott is the Chairman of the Board of Host Marriott, and J.W. Marriott, Jr. is a director of Host Marriott.

At December 31, 2000, J.W. Marriott, Jr. and Richard E. Marriott and their respective immediate family members beneficially owned approximately 6 percent and 5.7 percent, respectively, of the common stock of Crestline. John W. Marriott III, the son of J.W. Marriott, Jr., is a director of Crestline.

Pursuant to agreements between the Company and Host Marriott, and the Company and Crestline, as the case may be, in 2000 the Company:

- . operated lodging properties leased by Crestline from Host Marriott, which are in turn owned or leased by Host Marriott;
- . operated senior living communities owned by Crestline;
- . guaranteed Host Marriott's performance in connection with certain loans or other obligations; and
- . provided Host Marriott with various administrative and consulting services and a sublease of office space at the Marriott headquarters building.

24

Lodging. The Company recognized sales of \$2,746 million and operating profit (before corporate expenses and interest) of \$235 million in 2000 from its operation of lodging properties owned or leased by Host Marriott and, until December 31, 2000, leased to Crestline. During 2000, Host Marriott also served as the general partner of several unconsolidated partnerships that own lodging properties. The Company recognized sales of \$622 million and operating profit (before corporate expenses and interest) of \$72 million in 2000 from its operation of these lodging properties. The Company also leases land to certain of these partnerships and recognized land rent income of \$26 million in 2000. Prior to the formation of the Courtyard Joint Venture, Host Marriott was a general partner in the unconsolidated partnerships that owned the 120 Courtyard by Marriott hotels. Included above in amounts recognized from lodging properties owned by unconsolidated partnerships are sales of \$345 million, operating profit (before corporate expenses and interest) of \$53 million, and land rent income of \$19 million in 2000.

Edgar Filing: MARRIOTT INTERNATIONAL INC /MD/ - Form DEF 14A

Senior Living Services. During 2000, Marriott Senior Living Services, Inc., a subsidiary of the Company, managed senior living communities owned by Crestline. The Company recognized sales of \$185 million and operating profit (before corporate expenses and interest) of \$3 million from its operation of these communities in 2000.

The Company believes that its lodging and senior living community operating agreements with Host Marriott and Crestline reflect market terms and conditions existing at the time the agreements were entered into, and are substantially similar to operating agreements between the Company and other third parties for facilities of a similar type.

Financing. The Company has provided financing to Host Marriott for a portion of the cost of acquiring properties to be operated or franchised by the Company and may continue to provide financing to Host Marriott or Crestline in the future. In 2000, the Company recognized \$1 million in interest and fee income from loans to Host Marriott. At December 29, 2000, the outstanding principal balance of loans to Host Marriott was \$9 million.

Guarantees. The Company has guaranteed Host Marriott's performance to certain lenders and other third parties. These guarantees were limited to \$12 million at December 29, 2000. The Company has not been required to make any payments under these guarantees.

Administrative Services. The Company also provides certain administrative and consulting services to Host Marriott, and subleases space at its headquarters building to Host Marriott. In 2000, the Company was paid approximately \$3.6 million for these items, including reimbursements. The Company provides similar services to Crestline. In 2000 the Company was paid approximately \$317,000, including reimbursements, for these services.

The Company continues to have the right to purchase up to 20 percent of Host Marriott's outstanding common stock upon the occurrence of certain events generally involving a change of control of Host Marriott. This right expires in 2017, and Host Marriott has granted an exception to the ownership limitations in its charter to permit full exercise of this right, subject to certain conditions related to ownership limitations applicable to REITs generally.

On February 23, 2000, the Company entered into an agreement which was subsequently embodied in a definitive agreement executed on March 9, 2000 and amended on September 23, 2000 to resolve pending litigation involving certain limited partnerships formed in the mid- to late 1980s by Marriott Corporation. The Company, Host Marriott, and certain of their subsidiaries and affiliates

were defendants in these proceedings. Under the agreement, the Company acquired, through an unconsolidated joint venture with affiliates of Host Marriott, substantially all of the limited partners' interests in two limited partnerships that own a total of 120 Courtyard by Marriott hotels, Courtyard by Marriott Limited Partnership ("CBM I") and Courtyard by Marriott II Limited Partnership ("CBM II"). The joint venture was financed with approximately \$200 million in mezzanine debt loaned to the joint venture by the Company and with equity contributed in equal shares by the Company and Host Marriott. The Company's total investment in the joint venture, including the mezzanine debt, is approximately \$300 million. A subsidiary of the Company manages these 120 hotels under long-term agreements. The Company and Host Marriott each paid approximately \$31 million to the limited partners in several other limited partnerships in exchange for dismissal of the complaints and full releases.

Edgar Filing: MARRIOTT INTERNATIONAL INC /MD/ - Form DEF 14A

Two lawsuits are the subject of the settlement. In *Whitey Ford, et al. v. Host Marriott Corporation, et al.*, in the 285th Judicial District Court of Bexar County, Texas, the plaintiff limited partners alleged breach of fiduciary duty, breach of contract, fraud, negligent misrepresentation, tortious interference, violation of the Texas Free Enterprise and Antitrust Act of 1983 and conspiracy in connection with the formation, operation and management of CBM II and its hotels, with additional claims relating to the 1993 split of Marriott Corporation and to the 1995 refinancing of CBM II's indebtedness. In *Robert M. Haas, Sr. and Irwin Randolph Joint Tenants, et al. v. Marriott International, Inc., et al.*, in the 57th Judicial District Court of Bexar County, Texas, the plaintiff limited partners alleged that the defendants conspired to sell hotels to certain partnerships for inflated prices and that they charged the partnerships excessive management fees to operate the partnerships' hotels. The plaintiffs further alleged that the defendants committed fraud, breached fiduciary duties and violated the provisions of various contracts.

ITEM 2--RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Acting upon the recommendation of the Audit Committee, the Board of Directors has appointed Arthur Andersen LLP as the Company's independent auditors for fiscal 2001. Arthur Andersen LLP, a firm of independent public accountants, has served as the Company's independent auditors since the Spinoff in March 1998. Arthur Andersen LLP also served as Old Marriott's independent auditors from October 1993 (when Old Marriott was spun off as a public company) to March 1998. Arthur Andersen LLP will examine and report to shareholders on the consolidated financial statements of the Company and its subsidiaries.

Representatives of Arthur Andersen LLP will be present at the annual meeting, will be given an opportunity to make a statement, and are expected to be available to respond to questions.

The Board of Directors recommends a vote FOR ratification of Arthur Andersen LLP as the Company's independent auditors for fiscal 2001.

26

ITEM 3--SHAREHOLDER PROPOSAL TO ADOPT CUMULATIVE VOTING FOR ELECTION OF DIRECTORS

A shareholder (Ms. Evelyn Y. Davis, Editor, Highlights and Lowlights, Watergate Office Building, 2600 Virginia Avenue, N.W., Suite 215, Washington, D.C. 20037), who owns 400 shares of Class A common stock, has notified the Company of her intention to propose the following resolution at the Annual Meeting:

"RESOLVED: That the shareholders of Marriott International, assembled in Annual Meeting in person and by proxy, hereby request the Board of Directors to take the necessary steps to provide for cumulative voting in the election of directors, which means each stockholder shall be entitled to as many votes as shall equal the number of shares he or she owns multiplied by the number of directors to be elected, and he or she may cast all of such votes for a single candidate, or any two or more of them as he or she may see fit."

In support of the resolution, Ms. Davis has submitted the following statement:

"Many states have mandatory cumulative voting, so do National Banks. In addition, many corporations have adopted cumulative voting. Last year the owners of shares representing approximately 16% of shares voting, voted FOR

this proposal."

"If you AGREE, please mark your proxy FOR this resolution."

The Board, and the Nominating and Corporate Governance Committee, have considered this proposal. The Board recommends that shareholders vote against it for the following reasons:

Each director of the Company currently is elected by the holders of a majority of the voting power of the Company's shares. This permits the directors to administer the affairs of the Company for the benefit of all shareholders. The Board believes that cumulative voting is undesirable because it is directed toward the election of one or more directors by a special group of shareholders. The shareholder or special group electing a director by cumulative voting may seek to have that director represent the shareholder's or group's special interest, rather than the interests of the shareholders as a whole. This partisanship among directors and voting on behalf of special interests could interfere with the effectiveness of the Board, and could be contrary to the interests of the Company and its shareholders as a whole.

The vast majority of states, including Delaware, where the Company is incorporated, do not require cumulative voting. The Company's present method of electing directors is employed by over 89% of companies in the Standard and Poor's 500 Index, and by most companies listed on the New York Stock Exchange. The Board believes that this method is appropriate to ensure that directors will represent all shareholders, and not just a particular group.

The Board recommends a vote AGAINST this proposal.

27

OTHER MATTERS

The Company's management knows of no other matters which may be presented for consideration at the 2001 annual meeting. However, if any other matters properly come before the annual meeting, it is the intention of the persons named in the proxy to vote such proxy in accordance with their judgment on such matters.

Any shareholder who desires a copy of the Company's 2000 Annual Report on Form 10-K may obtain one, without charge, by addressing a request to the Secretary, Marriott International, Inc., Dept. 52/862, Marriott Drive, Washington, D.C. 20058. The Company's copying costs will be charged if copies of exhibits to the 10-K are requested.

AUDIT COMMITTEE REPORT

Edgar Filing: MARRIOTT INTERNATIONAL INC /MD/ - Form DEF 14A

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process. The Company's independent auditors are responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles.

In this context, the Audit Committee has reviewed and discussed with management and the independent auditors the Company's audited financial statements for the three fiscal years ended December 29, 2000. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management. Finally, the Audit Committee has considered whether the independent auditors provision of non-audit services to the Company is compatible with the auditor's independence.

Relying on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the Company's audited financial statements for the three fiscal years ended December 29, 2000 be included in the Company's Annual Report on SEC Form 10-K for the year ended December 29, 2000, for filing with the Securities and Exchange Commission.
