PROXY STATEMENT

ABOUT THE MEETING

Why am I receiving this Proxy Statement?

This Proxy Statement contains information related to the solicitation of proxies for use at our 2003 annual meeting of stockholders, to be held on Thursday, May 1, 2003, at 9:30 a.m., Eastern Daylight Savings Time, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This solicitation is made on behalf of our Board of Directors. We, our, us and CarrAmerica refer to CarrAmerica Realty Corporation and its subsidiaries and affiliates. This Proxy Statement, the enclosed form of proxy and the 2002 Annual Report to Stockholders are being mailed to stockholders beginning on or about March 31, 2003.

Who is entitled to vote at the annual meeting?

Only holders of record of our common stock at the close of business on March 7, 2003 are entitled to receive notice of the annual meeting and to vote the shares of common stock held by them on that date at the meeting. Our common stock constitutes the only class of securities entitled to vote at the meeting.

What are the voting rights of stockholders?

Each share of common stock entitles its holder to cast one vote on each matter on which a vote may be taken.

What will constitute a quorum at the annual meeting?

Edgar Filing: CARRAMERICA REALTY CORP - Form DEF 14A

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock outstanding on March 7, 2003 will constitute a quorum, permitting the stockholders to conduct business at the meeting. We will include abstentions and broker non-votes (*i.e.*, shares held by a broker or nominee which are represented at the meeting, but with respect to which the broker or nominee is not voting on a particular proposal) in the calculation of the number of shares considered to be present at the meeting.

At the close of business on March 7, 2003, there were 51,866,220 shares of our common stock outstanding.

How do I vote?

You may vote either by filling out and returning the accompanying proxy card or by filling out a written ballot at the annual meeting.

How are proxy card votes counted?

If the accompanying proxy card is properly signed and returned to us (and not revoked), it will be voted as directed by you. Unless contrary instructions are given, the persons designated as proxy holders on the proxy card will vote FOR the election of the nominee for our Board of Directors named herein, FOR an amendment to the Articles of Incorporation providing for the election of directors annually and as recommended by our Board of Directors with regard to any other matters, or, if no such recommendation is given, in their own discretion.

May I change my vote after I return my proxy card?

Yes. You may revoke a previously granted proxy at any time before it is exercised by filing with our Corporate Secretary a notice of revocation or a duly executed proxy bearing a later date. Additionally, the powers of the proxy holders will be suspended regarding any person who executed a proxy but then attends the meeting in person and so requests. Attendance at the meeting will not, in itself, constitute revocation of a previously granted proxy.

ELECTION OF DIRECTOR

(Proposal 1)

Board of Directors

Our Board of Directors currently consists of eight directors and is divided into three classes, with approximately one-third of the directors scheduled to be elected by the stockholders annually. A. James Clark, a current director of the Company whose term expires at the 2003 annual meeting of stockholders, has informed the Nominating and Corporate Governance Committee of the Board of Directors that he will not seek re-election for personal reasons. Effective as of the 2003 annual meeting of stockholders, the Board of Directors has reduced the size of the Board from eight members to seven, with the class of directors nominated for election to a term expiring in 2006 to consist of one director. Timothy Howard has been recommended by our Nominating and Corporate Governance Committee and nominated by our Board of Directors for re-election as a director with a three-year term expiring in 2006 at the 2003 annual meeting of stockholders. As described in Proposal 2, our Board of Directors has approved and is seeking the approval of the stockholders to an amendment to our Articles of Incorporation providing for the election of directors annually. If elected, Mr. Howard's term as a director will expire at (i) the 2004 annual meeting of stockholders if the Articles of Incorporation of the Company are amended as contemplated by Proposal 2, or (ii) the 2006 annual meeting of stockholders if Proposal 2 is NOT approved, and when his successor is duly elected and shall have been qualified.

Committees of the Board of Directors; Meetings

Among the committees of our Board of Directors are a standing Audit Committee, Executive Compensation Committee, Nominating and Corporate Governance Committee, Conflicts Committee, Executive Committee and Investment Committee. The functions performed by these committees are described below.

Audit Committee. Our Board's Audit Committee assists the Board of Directors in monitoring the integrity and accuracy of our financial statements, our systems of internal controls regarding finance, accounting and legal compliance, our independent auditor's qualifications and independence and the performance of our internal audit function. The Audit Committee is directly responsible for the appointment, compensation and oversight of the work of any accounting firm employed by CarrAmerica (including the resolution of disputes between management and the accounting firm regarding financial reporting) for the purpose of preparing and issuing an audit report or related work, and such firm will report directly to the Audit Committee. In February 2003, the Board of Directors adopted and approved an amended and restated charter of the Audit Committee. A copy of the Audit Committee's amended and restated charter, which more fully describes the scope of the Audit Committee's duties and responsibilities, is attached hereto as Appendix A. All of the members of the Audit Committee must meet the independence, experience and financial literacy and expertise requirements of the New York Stock Exchange, the Sarbanes-Oxley Act of 2002, the Securities Exchange Act of 1934, as amended, and applicable rules and regulations of the Securities and Exchange Commission, as in effect from time to time. Our Audit Committee is currently comprised entirely of directors that meet the independence requirements of the New York Stock Exchange, as currently in effect. Our Board of Directors has determined that each of Andrew F. Brimmer, Timothy Howard and Wesley S. Williams, Jr., all of the members of our Audit Committee, is independent and an audit committee financial expert, as defined by the rules and regulations promulgated by the Securities and Exchange Commission. The Audit Committee met eight times in 2002.

Executive Compensation Committee. The principal purposes of the Executive Compensation Committee are to discharge the Board of Directors responsibilities relating to compensation of the executive officers of the Company; make recommendations to the Board of Directors regarding compensation of the Company's directors; recommend, implement and administer the Company's incentive and equity-based compensation plans; and produce an annual report on executive and Chief Executive Officer compensation for inclusion in the Company's annual proxy statement in conformity with the rules and regulations of the Securities and Exchange Commission. Our Board's Executive Compensation Committee is currently comprised entirely of directors that meet the independence requirements of the New York Stock Exchange, as currently in effect, and all members must continue to meet those requirements as in effect from time to time. In addition, all of the members of the Executive Compensation Committee must meet any other legal requirements relevant to the proper administration of our executive compensation program, including requirements under the federal securities laws and the Internal Revenue Code of 1986. The Executive Compensation Committee met

twice in 2002. The Executive Compensation Committee acted twice by unanimous written consent during 2002.

Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee was established to ensure that the Board of Directors is appropriately constituted to meet its fiduciary obligations to the stockholders and the Company and to develop and recommend to the Board a set of corporate governance principles to assist the Board in fulfilling its corporate governance responsibilities. The Nominating and Corporate Governance Committee also has the authority to consider and make recommendations to the Board of Directors regarding nominees for election as members of the Board of Directors and members of the committees of the Board of Directors. The Nominating and Corporate Governance Committee is willing to consider nominees recommended by stockholders. Stockholders who wish to suggest qualified candidates must comply with the advance notice provisions and other requirements of Section 3.11 of our by-laws. Our Nominating and Corporate Governance Committee is currently comprised entirely of directors that meet the independence requirements of the New York Stock Exchange, as currently in effect, and all of the members of the Nominating and Corporate Governance Committee must continue to meet those requirements as in effect from time to time. The Nominating and Corporate Governance Committee met twice in 2002.

Conflicts Committee. Our Board's Conflicts Committee was created to review and take action with respect to proposed transactions involving CarrAmerica, including one or more of its subsidiaries or affiliates, and in which one or more directors or executive officers of CarrAmerica may have a material direct or indirect, personal or financial interest. The Conflicts Committee met once in 2002.

Executive Committee. Our Board's Executive Committee may exercise the full authority of our Board of Directors, except that the Executive Committee may not amend our charter or by-laws, authorize dividends, adopt a plan of merger or consolidation, recommend to stockholders the sale or lease of all or substantially all of our assets, elect any of our directors, elect or remove any of our officers or establish compensation for any of our executive officers. The Executive Committee did not meet in 2002.

Investment Committee. Our Board's Investment Committee has the authority to approve and authorize expenditures, agreements and other actions relating to the acquisition and/or disposition of assets by us, the incurrence of indebtedness by us or other encumbrances on our assets or other matters treated as capital items and involving less than \$100 million for any single transaction or series of related transactions, so long as such matters are consistent with our annual budget (as to amount and type of transaction). The Investment Committee met six times in 2002.

Our Board of Directors held five meetings and acted six times by unanimous written consent during 2002. None of our directors attended fewer than 75% of the aggregate number of meetings of the Board of Directors held during the period he served on our Board. None of our directors attended fewer than 75% of the aggregate number of meetings of committees of the Board of Directors on which he served during the period of service in 2002, except for Robert E. Torray, who attended approximately 71% of the meetings of committees of the Board on which he served during 2002.

Compensation of Directors

We pay an annual retainer of \$25,000 to directors who are not our employees. Each non-employee director may elect to receive his annual retainer and fees in cash or defer all or any portion of such retainer and fees as described below. We also pay each non-employee director a fee (plus out-of-pocket expenses) for attendance (in person or by telephone) at each meeting of our Board of Directors and for each committee meeting held on a non-Board meeting day. Our Board of Directors

meeting fee is \$1,200 and the committee meeting fee is \$750, except that the committee meeting fee for each Audit Committee meeting is \$1,000. In addition, the chairman of each committee receives an additional annual fee of \$1,000, except that the fee for the chairman of the Audit Committee is \$2,000.

We also compensate our directors through our 1997 Stock Option and Incentive Plan (the 1997 Plan). Each continuing non-employee director receives a grant of 1,000 restricted shares of our common stock immediately following the election of directors at each annual meeting of our stockholders. The shares vest in full on the first anniversary of the date of grant. Both employee directors and non-employee directors are eligible to receive other grants under the 1997 Plan, which grants are provided at the discretion of our Executive Compensation Committee.

Our non-employee directors may elect to defer all or any portion of the retainer and fees paid in cash for service on the Board or any committee thereof in accordance with our Directors' Deferred Compensation Plan, subject to a minimum deferral of \$1,000 per plan year. Each participant may make an annual election to defer compensation for a specified period of years, with a minimum of two years, and/or until termination of service, if sooner. At the time that the participant or such participant's beneficiary becomes entitled to receive payments under the plan, payment will be paid, at the election of the participant or beneficiary, in a lump sum or in annual installments over a period of up to ten years. If no election is made, payments will be made over a period of ten years. The plan establishes the terms for withdrawals from participants' accounts. The Company has the sole right to distribute amounts from accounts established pursuant to the plan if it determines that the deferred elections, the earnings credited to accounts previously deferred or the deferred compensation account balances under the plan could or might result in the Company failing to qualify as a real estate investment trust under the Internal Revenue Code of 1986, as amended.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission and the New York Stock Exchange. Such executive officers, directors and greater than ten percent stockholders are required by the SEC to furnish us with copies of all Forms 3, 4 and 5 they file.

Based on our review of the copies of such forms we have received and on written representations from certain reporting persons that they were not required to file a Form 5 for the fiscal year, we believe that our executive officers, directors and greater than ten percent stockholders complied with the Section 16(a) filing requirements applicable to them with respect to transactions during 2002.

Vote Required and Recommendation

When a quorum is present, the affirmative vote of a majority of the votes present at the annual meeting will be required for the election of a director. A properly executed proxy marked "Withhold Authority" with respect to the election of a director nominee will not be voted with respect to such nominee, although it will be counted for purposes of determining whether there is a quorum. Accordingly, abstentions or "Withhold Authority" votes will have the effect of a vote against the election of the nominee.

Our Board of Directors recommends a vote FOR the nominee named in this Proxy Statement as director to hold office until the expiration of the term for which he has been nominated and until his successor is elected and qualified. Should Mr. Howard become unable to serve for any reason before the annual meeting, our Board of Directors may designate a substitute nominee, in which event the persons designated as proxy holders on the enclosed proxy will vote for the election of such substitute nominee, or may reduce the number of members of our Board of Directors.

APPROVAL OF AMENDMENT TO ARTICLES OF INCORPORATION

TO INSTATE THE ELECTION OF DIRECTORS ANNUALLY

(Proposal 2)

Introduction

Our current system of electing directors to staggered three-year terms has been in place since we completed the initial public offering of our common stock in February 1993. Under this method, currently approximately one-third of our directors are elected annually by our stockholders, dividing our Board of Directors into three classes.

Proposal to Provide for Annual Election of Directors

Our Board is seeking stockholder approval to amend the Articles of Incorporation to eliminate our classified Board and provide for the election of all directors annually, which amendment the Board already has approved. The Board has determined that, if approved by the stockholders, the elimination of classes of the Board should become effective beginning with the 2004 annual meeting of stockholders. If this Proposal 2 is approved by the stockholders, the term of all directors, including those who were elected to serve until 2005 or 2006, will end at the 2004 annual meeting of stockholders, and all directors elected at each annual meeting will be elected for one-year terms, rather than three-year terms. If this Proposal 2 is not approved, the Board will remain classified, and the nominee elected at the 2003 annual meeting of stockholders would hold office until the 2006 annual meeting of stockholders.

In recent years, classified boards like ours have become increasingly unpopular with stockholders. In 2002, Mrs. Evelyn Y. Davis submitted a stockholder proposal requesting that the Company's Board of Directors take actions necessary to instate the election of our directors annually. In excess of 75% of the votes cast at our 2002 annual meeting of stockholders voted in favor of Mrs. Davis' proposal. After careful consideration of the matter and in recognition of the importance of this issue to our stockholders, the Board has determined that it is in the best interests of CarrAmerica and our stockholders to eliminate the classified Board so that stockholders elect all directors annually. The proposed amendment to the Articles of Incorporation will allow stockholders to review and express their opinions on the performance of all directors each year. The Company's directors also believe that a non-classified Board better enables us to meet our goal of ensuring that the Company's corporate governance policies maximize accountability to stockholders. Because there is no limit to the number of terms an individual may serve, the Board believes that continuity and stability of the Board's membership and our policies and long-term strategic planning should not be affected by declassification.

Providing for annual election of directors may enhance the ability of a third party to influence a change in control of the Company. However, the Board has no present intention of proposing additional amendments to the Articles of Incorporation that would impact the ability of a third party to affect a change in control of the Company. This amendment is not being recommended in response to any specific effort, of which the Company is aware, to accumulate the Company's common stock or to obtain control of the Company or its Board of Directors by means of a solicitation in opposition of management or otherwise. In addition, the Board's recommendation of the amendment is not part of a plan by management to adopt a series of such amendments. The Board is proposing the amendment at this time because it believes it is in the best interest of the stockholders of the Company for the reasons stated above.

Proposed Amendment to the Articles Of Incorporation

Our Board has adopted resolutions setting forth a proposal to amend our Articles of Incorporation as described below. The resolution declares that the amendment is advisable and directs that it be submitted to our stockholders for approval. The stockholders will consider the amendment at the 2003 annual meeting of stockholders.

If Proposal 2 is approved by the stockholders, Section 6.3 of our Articles of Incorporation regarding classification of the Board would be deleted and replaced with the following paragraph:

Section 6.3 Election and Term of Directors. The term of each director shall expire at the annual meeting of the stockholders to be held in 2004, the date of which shall be fixed by or pursuant to the By-Laws of the Corporation. At such meeting and each subsequent annual meeting of the stockholders of the Corporation, successors to each of the directors shall be elected to hold office for a term expiring at the next annual meeting of the stockholders, with each director to hold office until his successor shall be elected and qualified. No election of directors need be by written ballot. No decrease in the number of directors constituting the Board of Directors shall shorten the term of any incumbent director.

If this Proposal 2 is approved, we will file an Amendment to the Articles of Incorporation with the State Department of Assessments and Taxation of the State of Maryland and make any changes to the Bylaws that are necessary to reflect the declassification of the Board. If this Proposal 2 is not approved, the Board will remain classified, and the nominee elected at this year's annual meeting would hold office until the 2006 annual meeting of stockholders.

Vote Required and Recommendation

When a quorum is present, the affirmative vote of 2/3 of the shares entitled to vote on such matter shall be required for the approval of the proposed amendment to our Articles of Incorporation. Abstentions or broker non-votes will have the same effect as votes cast against the proposal.

Our Board of Directors recommends a vote FOR approval of the proposed amendment to the Articles of Incorporation.

EXECUTIVE COMPENSATION

The following table provides information on the annual and long-term compensation for our Chief Executive Officer, our four most highly compensated other executive officers and one other executive officer (our Named Executive Officers) for the periods indicated. Each of our executive officers serves until the next annual meeting of stockholders or such officer's earlier resignation or removal.

- (1) Represents the value of grants of restricted stock units made under our 1997 Stock Option and Incentive Plan. The restricted stock units vest ratably over a five-year period, assuming the grantee is still an employee of CarrAmerica or otherwise eligible for vesting on the vesting date. On each vesting date, the grantee receives shares representing 20% of the total number of restricted stock units granted plus an amount equal to the dividends that would have been paid on such shares had the shares been outstanding since the grant date, or the cash equivalent thereof, at our option. The grants of restricted stock units do not entitle the grantees to any current voting rights. The grantees are entitled to dividend equivalent payments (such dividends were \$0.50 per share for each quarter of 2002) under the terms of their restricted stock unit agreements under certain circumstances. In 2002, the Named Executive Officers, other than Mr. Katchuk, exchanged a portion of their restricted stock units into shares of restricted stock. The vesting schedule of the restricted stock was not altered from the vesting schedule for the restricted stock units by the exchange. The grants of restricted stock entitle the grantees to current voting rights. The grantees are entitled to dividend payments (such dividends were \$0.50 per share for each quarter of 2002) under the terms of their restricted stock agreements. As of December 31, 2002, the total holdings of restricted stock units (with one unit deemed equivalent to the value of one share) of the Named Executive Officers and the market value of such holdings based on the last sale price of our common stock on the New York Stock Exchange on December 31, 2002 are as follows: Mr. Katchuk: 43,669 units (\$1,093,908). As of December 31, 2002, the total holdings of restricted stock of the Named Executive Officers other than Mr. Katchuk and the market value of such holdings based on the last sale price of our common stock on the New York Stock Exchange on December 31, 2002 were as follows: Mr. Thomas A. Carr: 22,183 shares (\$555,684); Mr. Hawkins: 16,911 shares (\$423,621); Ms. Dorigan: 15,707 shares (\$393,460); Mr. Riffée: 12,629 shares (\$316,357); and Ms. Madrid: 6,367 shares (\$159,493).

Employment Contracts

Change-in-Control Arrangements. We have entered into change-in-control agreements with each of Thomas A. Carr, Philip L. Hawkins, Karen B. Dorigan, Stephen E. Riffe and Linda A. Madrid. These agreements generally provide that if within three years from the date of a change in control (as defined below), the employment of the executive with CarrAmerica is terminated without cause, or in the event that the executive terminates his or her employment with us based on a change in or diminishment of his or her responsibilities or a reduction in salary, such executive will be entitled to severance pay, including an amount equal to two times the executive's base annual salary and bonus compensation with us. Additionally, the executive will be eligible for certain continued benefits from us during the ensuing two-year period. Each of the agreements with Messrs. Carr and Hawkins initially was in effect until May 6, 2002, and thereafter each agreement was eligible to be extended automatically for additional one-year periods. The agreements with Messrs. Carr and Hawkins were automatically extended for an additional one-year term in May 2002. The agreement with Ms. Dorigan initially is in effect until February 6, 2004, and thereafter may be extended automatically for additional one-year periods. The agreement with Mr. Riffe initially is in effect until April 1, 2005, and thereafter may be extended automatically for additional one-year periods. The agreement with Ms. Madrid initially is in effect until January 29, 2006, and thereafter may be extended automatically for additional one-year periods.

For purposes of each of these agreements, a change in control generally means any of the following events: (i) the consummation of a reorganization, merger or consolidation involving CarrAmerica, unless all or substantially all of the individuals or entities who were the beneficial owners of our voting securities continue to own at least 60% of the outstanding voting securities of the surviving entity in substantially the same proportions as their ownership immediately prior to the transaction and individuals representing at least a majority of the board of directors of the surviving entity were directors of our Board of Directors as of the respective dates of the agreements (including individuals who subsequently become directors whose nomination or election was approved by at least a majority of the directors constituting our Board of Directors as of such dates); (ii) individuals who, as of the respective dates of the agreements, constitute our Board of Directors (including individuals who subsequently become directors whose nomination or election was approved by at least a majority of the directors constituting our Board of Directors as of such dates) cease for any reason to constitute a majority of our Board of Directors; or (iii) the approval by our stockholders of our complete liquidation or dissolution or the sale or other disposition of more than 50% of our operating assets.

Notwithstanding anything to the contrary set forth in any of our filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate SEC filings, in whole or in part, the following Performance Graph, the Report of the Executive Compensation Committee and the Report of the Audit Committee shall not be incorporated by reference into any such filings:

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE

Our Board's Executive Compensation Committee presents this report on our compensation policies as they affected the compensation reported above for our executive officers for fiscal year 2002. In performing its responsibilities, the Committee has had the benefit of reports prepared by our outside compensation consultants. The outside consultants provided information and advice on competitive compensation policies and practices and on the reasonableness of the compensation paid to our executives.

Executive Compensation Philosophy

CarrAmerica's executive officer compensation policies incorporate a variety of objectives. Executive officers are rewarded commensurate with CarrAmerica's performance, and we provide competitive compensation opportunities that recognize individual performance and responsibility in order to assist us in attracting and retaining a highly motivated, performance-oriented executive management team. We believe that the use of such objectives to determine compensation for our executive officers serves as an important part of the foundation for enhancement for our stockholders' value. We implemented our executive officer compensation policies for 2002 with a compensation program based on the total direct compensation package of each executive officer. We evaluated each officer's package as a whole and in terms of two components: an annual component, which includes base salary and a cash bonus opportunity; and a long-term incentive component.

In assessing the competitiveness of CarrAmerica's executive officer compensation, the Committee generally conducts a comprehensive compensation review on a bi-annual basis. In addition, we also conduct interim reviews of long-term incentive compensation. During all of our reviews, we may consider materials brought to our attention by the Company's outside compensation consultants.

In 2002, we conducted an interim review of long-term incentive compensation. In connection with this review, one of the Company's consultants reported on the prevalence and eligibility of long term incentive programs in the real estate industry generally and in general industry companies. The review surveyed 24 publicly-traded real estate companies, including REITs and other real estate companies.

Annual Component

Base Salaries. We established base salary ranges for our executive officers for fiscal year 2002 taking into consideration several factors, including information provided to us during our last bi-annual compensation review regarding the competitiveness of our base salaries, the roles and responsibilities of the individual, the contributions of the individual to our business, the requirements of the individual's job and the individual's prior experience and accomplishments. In addition, we considered general economic conditions as well as our Company's strategic and financial positioning. As a result of our consideration of these factors, we concluded that 2002 annual compensation, including base salaries and targeted cash bonuses as discussed below, for our executive officers would remain consistent with 2001 levels, subject to adjustments for promotions.

Cash Bonuses. We use annual cash bonuses as a primary method of rewarding executive officers commensurate with the Company's performance and individual performance. Early in fiscal year 2002, we established a target bonus amount for each executive officer equal to a percentage of the executive officer's base salary, after review of the proposed targets by the Executive Compensation Committee. The target bonus amounts for the executive officers were equal to 50% to 100% of their base salaries. Payment of the target bonus amounts was to be based primarily on three factors, contingent upon the adequacy of our cash and capital resources: (i) our attainment of a

specific target in terms of funds from operations (FFO) per share; (ii) each officer's achievement of individualized quantitative financial and operational goals related to the activities he or she managed; and (iii) a qualitative component at our discretion after consultation with management. We retain the discretion to increase or decrease annual bonuses in any given year above or below target amounts to take into account extraordinary performance or events. Based upon the factors noted above, cash bonuses actually paid to executive officers for 2002 were paid at 60-72% of target.

Long-Term Incentive Component

In the past, we have used long-term incentive compensation including stock options and restricted stock units to assist in maintaining and improving our corporate performance by meeting certain objectives of our compensation plan design. These objectives have included the alignment of the financial interests of executive officers more closely with those of CarrAmerica's stockholders by increasing share ownership among executive officers. In addition, we use long-term incentive compensation to attract and retain executive talent by ensuring that we are offering competitive executive compensation. In general, we attempt to set total direct compensation for our executive officers competitive with those for executive officers of peer group REITs and, where appropriate, peer group public companies based on market capitalization.

Upon the Executive Compensation Committee's recommendation, our Board of Directors concluded that our long-term incentive opportunities for executive officers should be assessed on an annual basis. The Executive Compensation Committee believes that a compensation mix weighted more heavily towards long-term incentive compensation better aligns the interests of our executive officers at levels with those of our stockholders, because long-term incentive compensation is more closely linked to long-term performance and stock price.

Stock Options and Restricted Stock/Restricted Stock Units. Following our evaluation of the interim review of long-term compensation conducted in 2002, we made strategic adjustments to the expected mix of future restricted stock units and stock options. In making these adjustments, our goal was to balance the types of incentives to both limit the dilutive effect on stockholders and continue to provide appropriate incentives to our executives. Because in prior years the Company had relied primarily on stock options, in 2002, we concluded that the only form of long-term incentive to be afforded to our executive officers would be restricted stock units. After further consideration of this issue in the later part of 2002, we concluded that we would use restricted stock grants rather than restricted stock unit grants for long-term incentive grants.

To encourage our employees to seek long-term appreciation in the value of our common stock, our restricted stock units and our restricted stock vest over a specified period of time. Accordingly, an employee generally must remain with CarrAmerica for a period of years to receive the full economic benefit of a restricted stock unit grant or a restricted stock grant. The Executive Compensation Committee believes that the strategic use of restricted stock grants ensures that our overall long-term incentive compensation payable to our executive officers will continue to be in line with the compensation arrangements that have been implemented by our competitors for executive talent.

Chief Executive Officer Compensation

We have determined that the compensation reported for our Chief Executive Officer for 2002 was substantially in conformity with the policies described above for all of our other executive officers. We, however, generally determine that a greater percentage of the CEO's total compensation should be payable through annual bonus and other incentive compensation, rather than through base salary. For 2002, we granted the CEO a bonus equal to 60% of his target of 100%, reduced primarily

as a result of the Company's FFO performance. Despite very difficult operating conditions, we determined that the CEO continued to be very effective in implementing our strategic plan, developing and retaining our management team, and implementing our capital and business plans during 2002.

Deductibility of Executive Officer Compensation

Section 162(m) of the Internal Revenue Code denies a deduction for compensation in excess of \$1 million paid to certain executive officers, unless certain performance disclosure and stockholder approval requirements are met. Our stock option grants to our executive officers in 2002 are intended to qualify as performance-based compensation not subject to the Section 162(m) deduction limitation. Our restricted stock unit grants in 2002 are subject to the \$1 million deduction limitation because they vest over time and are not considered performance-based within the meaning of Section 162(m). The Executive Compensation Committee believes that a substantial portion of the compensation awarded to our executive officers as annual cash bonuses would be exempted from the \$1 million deduction limitation. The Committee's present intention is to qualify, to the extent reasonable, a substantial portion of each executive officer's compensation for deductibility under applicable tax laws.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has reviewed and discussed the audited consolidated financial statements of CarrAmerica for fiscal year 2002 with CarrAmerica's management, and also has discussed with KPMG LLP, CarrAmerica's independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61. The Audit Committee has received both the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1, and has discussed with KPMG LLP the independence of KPMG LLP from CarrAmerica. In addition, the Audit Committee has considered whether the provision of services by KPMG LLP falling under the heading "All Other Fees" (see "Independent Auditors" below) is compatible with maintaining the independence of KPMG LLP from CarrAmerica (services falling under the heading "Financial Systems Design and Implementation Fees" being inapplicable, as there were no such services provided by KPMG LLP for the last fiscal year). The Audit Committee also amended and restated its charter, a copy of which is attached hereto as Appendix A.

Based on the foregoing, the Audit Committee recommended to CarrAmerica's Board of Directors that CarrAmerica's audited consolidated financial statements for fiscal year 2002 be included in CarrAmerica's Annual Report on Form 10-K for the year ended December 31, 2002.

The following table sets forth information regarding the beneficial ownership of shares of our common stock as of March 7, 2003 for (1) each person known by us to be the beneficial owner of more than 5% of the outstanding common stock, (2) each of our directors and each Named Executive Officer, and (3) all of our directors and executive officers as a group. Unless otherwise indicated in the footnotes, all such interests are owned directly, and the person or entity identified as the beneficial owner has sole voting and investment power. The number of shares reported as beneficially owned by a person represents the number of shares of common stock (including restricted stock) the person holds (including shares of common stock that may be issued upon exercise of options or vesting of restricted stock units that are exercisable or issuable within 60 days of March 7, 2003) plus the number of shares into which Class A Units of Carr Realty, L.P. (including Class A Units of Carr Realty, L.P. that may be issued upon the exercise of options that are exercisable within 60 days of March 7, 2003) and Units of CarrAmerica Realty, L.P. held by the person are redeemable (if we elect to issue shares rather than pay cash upon such redemption). For purposes of the following table, the number of shares of our common stock, Class A Units of Carr Realty, L.P. and Units of CarrAmerica Realty, L.P. deemed outstanding includes 51,866,220 shares of our common stock, 4,403,946 Class A Units of Carr Realty, L.P. and 1,219,048 Units of CarrAmerica Realty, L.P. as well as 94,389 Class A Units of Carr Realty, L.P. and 3,262,719 shares of our common stock issuable upon exercise of options or vesting of restricted stock units exercisable or vesting within 60 days of March 7, 2003. The extent to which a person holds Class A Units of Carr Realty, L.P. or Units of CarrAmerica Realty, L.P. or options to purchase common stock or Class A Units of Carr Realty, L.P. which are exercisable within 60 days of March 7, 2003, rather than common stock, is set forth in the footnotes.
