FORM 8-K

Section 1 - Registrant's Business and Operations

Item 1.01 Entry into a Material Definitive Agreement

On September 10, 2004, Trans Energy, Inc. entered into a letter of intent to acquire Arvilla Oilfield Services, LLC, a West Virginia limited liability company. The acquisition was formalize by executing on December 3, 2004 a merger agreement and plan of reorganization by and among Trans Energy, our wholly owned subsidiary Trans Energy Acquisitions, Inc., Arvilla, Inc., and the controlling stockholders of Arvilla, Inc.

## Edgar Filing: TRANS ENERGY INC - Form 8-K

Arvilla's operations were previously conducted as Arrow Oilfield Service Company, a division of Belden & Blake Corporation ("B&B"), a privately held company engaged in the exploration, development and production of oil and natural gas reserve. In June 2004, Clarence E. Smith and Rebecca L. Smith, the controlling stockholders of Arvilla, Inc., acquired Arrow Oilfield Services from B&B and created Arvilla Oilfield Services, LLC as the operating entity. Subsequently, Mr. And Mrs. Smith created Arvilla, Inc. that acquired all the membership interests of Arvilla Oilfield Services in order to facilitate the acquisition by Trans Energy.

Under the terms of the agreement, the acquisition is to be accomplished through a merger of our subsidiary, Trans Energy Acquisitions, with and into Arvilla, Inc., with Arvilla being the survivor of the merger. As consideration, current holders of Arvilla capital stock will receive approximately 1,185,024 shares of post-split Trans Energy common stock. These shares will represent approximately 25% of our total outstanding shares (post-split) following the transaction, including shares to be issued in connection with the separate acquisition of assets from Texas Energy Trust Company. Arvilla will operate as a separate business entity 100% owned by Trans Energy.

On November 29, 2004, our board of directors and stockholders holding a majority of our outstanding common stock approved a one share for 150 shares reverse split of our common stock. The effective date of the split will be established by our board for a date prior to the effective date of the merger agreement with Arvilla. We presently anticipate the split to occur on or about January 13, 2005.

We expect the acquisition of Arvilla to be effective on or about January 14, 2004. Following the merger transaction, we will assume all of the operations, assets and liabilities of Arvilla Oilfield Services. Arvilla is engaged in providing well servicing, workover and related transportation services to independent oil and natural gas producers in the northeast region of the United States. Arvilla performs ongoing maintenance and major overhauls necessary to optimize the level of production from existing oil and natural gas wells and provides certain ancillary services during the drilling and completion of new wells. Arvilla offers its services in Ohio, Pennsylvania, New York, Virginia, Kentucky and West Virginia and employs approximately 103 people.

Typically, Arvilla will provide a well servicing or swab rig, the crew to operate the rig, and such other specialized equipment as may be needed to meet a customer's requirements. Arvilla also owns a fleet of various oilfield equipment and vehicles.
