PART IV, Item (3) Additional Information:

As a result of reduced levels of net sales for the nine months ended September 30, 2005, coupled with the inclusion of significant, non-recurring other income reflected in the statement of operations for the nine months ended September 30, 2004, net income for the nine months ended September 30, 2005 will be significantly lower than the corresponding last fiscal period, however due to a significant decrease in selling, general and administrative expenses, net income for the three months ended September 30, 2005 should be higher than the corresponding last fiscal quarter.
