and
Management Proxy Circular
of
IVANHOE MINES LTD.
DATED: March 27, 2009**

IVANHOE MINES LTD.
Notice of Annual General Meeting of Shareholders
May 8, 2009

NOTICE IS HEREBY GIVEN that the Annual General Meeting of shareholders of Ivanhoe Mines Ltd. (the Corporation) will be held on Friday, May 8, 2009, at 9:00 AM local time, in the Presidents Room of the Terminal City Club located at 837 West Hastings Street, Vancouver, British Columbia for the following purposes:

1. to receive the annual report of the directors to the shareholders;
2. to receive the audited consolidated financial statements of the Corporation for the year ended December 31, 2008 and the auditors report thereon;
3. to elect directors for the ensuing year;
4. to appoint auditors for the ensuing year and to authorize the directors to fix the auditors remuneration;
5. to consider and if thought advisable to pass an ordinary resolution authorizing the Corporation to amend and restate the Employees and Directors Equity Incentive Plan (the Incentive Plan) to (i) adopt a rolling plan provision pursuant to which the Corporation would be authorized to allocate for issuance, and issue, up to a maximum of 6.5% of the common shares of the Corporation (Common Shares) issued and outstanding from time to time under the amended Incentive Plan; (ii) increase the maximum number of Common Shares which may be allocated under the Bonus Plan component of the existing Incentive Plan from 3,500,000 Common Shares to 4,500,000 Common Shares; and (iii) make certain other technical amendments to the existing Incentive Plan; and
6. to transact such other business as may properly come before the meeting or any adjournment thereof.

The Board of Directors has fixed March 23, 2009 as the Record Date for the determination of shareholders entitled to notice of, and to vote at, this Annual General Meeting and at any adjournment thereof.

A Management Proxy Circular, Form of Proxy, the Audited Consolidated Financial Statements and Management s Discussion and Analysis for the year ended December 31, 2008 and return envelope accompany this Notice of Meeting.

A shareholder, who is unable to attend the Meeting in person and who wishes to ensure that such shareholder s shares will be voted at the Meeting, is requested to complete, date and execute the enclosed Form of Proxy and deliver it by facsimile, by hand or by mail in accordance with the instructions set out in the Form of Proxy and in the Management Proxy Circular.

Dated at Vancouver, British Columbia, this 27th day of March, 2009.

MANAGEMENT PROXY CIRCULAR

SOLICITATION OF PROXIES

This Management Proxy Circular is furnished to the holders of common shares (shareholders) of IVANHOE MINES LTD. (the Corporation) by management of the Corporation in connection with the solicitation of proxies to be voted at the Annual General Meeting (the Meeting) of the shareholders to be held at 9:00 AM, local time, on May 8, 2009 in the Presidents Room of the Terminal City Club located at 837 W. Hastings Street, Vancouver, British Columbia, and at any adjournment thereof, for the purposes set forth in the Notice of Meeting.

The solicitation of proxies by management will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Corporation. All costs of this solicitation will be borne by the Corporation.

The Board of Directors of the Corporation has fixed the close of business on March 23, 2009 as the record date, being the date for the determination of the registered shareholders entitled to receive notice of, and to vote at, the Meeting (the Record Date).

Unless otherwise stated, the information contained in this Management Proxy Circular is as of March 27, 2009. All dollar amounts are expressed in Canadian dollars (Cdn.\$), United States dollars (US\$) or Australian dollars (A\$) as indicated.

APPOINTMENT OF PROXYHOLDERS

A shareholder entitled to vote at the Meeting may, by means of a proxy, appoint a proxyholder or one or more alternate proxyholders, who need not be shareholders, to attend and act at the Meeting for the shareholder and on the shareholder s behalf.

The individuals named in the enclosed Form of Proxy are directors and/or officers of the Corporation. **A shareholder may appoint, as proxyholder or alternate proxyholder, a person or persons other than any of the persons designated in the enclosed Form of Proxy, and may do so either by inserting the name or names of such persons in the blank space provided in the enclosed Form of Proxy or by completing another proper Form of Proxy.**

A shareholder forwarding the enclosed proxy may indicate the manner in which the appointee is to vote with respect to any specific item by checking the appropriate space. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item is to be left blank. The shares represented by the proxy submitted by a shareholder will be voted in accordance with the directions, if any, given in the proxy.

An appointment of a proxyholder or alternate proxyholders will not be valid unless a Form of Proxy making the appointment, signed by the shareholder or by an attorney of the shareholder authorized in writing, (a Proxy) is deposited with CIBC Mellon Trust Company, by facsimile to (416) 368-2502 or 1-866-781-3111, by mail to P.O. Box 721, Agincourt, Ontario, M1S 0A1, or by hand to The Oceanic Plaza, 1600 1066 Hastings Street, Vancouver, British Columbia, V6E 3K9 or 320 Bay Street, Banking Hall Level, Toronto, Ontario, M5H 4A6, and received by CIBC Mellon Trust Company not less than 48 hours (excluding Saturdays, Sundays and statutory holidays) before the Meeting or the adjournment thereof at which the proxy is to be used.

REVOCATION OF PROXIES

A shareholder who has given a Proxy may revoke the Proxy

- (a) by depositing an instrument in writing executed by the shareholder or by the shareholder's attorney authorized in writing
 - (i) with CIBC Mellon Trust Company, not less than 48 hours (excluding Saturdays, Sundays and statutory holidays) before the Meeting or the adjournment thereof at which the Proxy is to be used,
 - (ii) at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or an adjournment thereof, at which the Proxy is to be used,
 - (iii) with the chairman of the Meeting on the day of the Meeting or an adjournment thereof, or
- (b) in any other manner provided by law.

A revocation of a Proxy will not affect a matter on which a vote is taken before the revocation.

EXERCISE OF DISCRETION

The persons named in the enclosed Form of Proxy will vote or withhold from voting the shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. **In the absence of such direction in respect of a particular matter, such shares will be voted in favour of such matter. The enclosed Form of Proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting.** As of the date of this Management Proxy Circular, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters which are not now known to management should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the named proxies.

VOTES NECESSARY TO PASS RESOLUTIONS

The Corporation's by-laws provide that the quorum for the transaction of business at the Meeting is at least one individual present at the commencement of the Meeting holding,

or representing by Form of Proxy the holder or holders of, common shares carrying, in the aggregate, not less than thirty-three and one-third percent (33-1/3%) of the votes eligible to be cast at the Meeting.

Under the *Yukon Business Corporations Act* (the "YBCA") a majority of the votes cast by shareholders at the Meeting is required to pass an ordinary resolution and a majority of two-thirds of the votes cast at the Meeting is required to pass a special resolution.

Shareholders will also be asked to elect directors and appoint auditors for the ensuing year. If there are more nominees for election as directors or appointment as the Corporation's auditors than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled, all such nominees will be declared elected or appointed by acclamation.

At the Meeting, shareholders will be asked to consider and if thought advisable, pass an ordinary resolution, the full text of which is set out in Schedule B hereto (the "Equity Incentive Plan Resolution") all as more particularly described in this Management Proxy Circular under "Particulars of Matters to Be Acted Upon - Amended and Restated Equity Incentive Plan", authorizing the Corporation to pass an ordinary resolution authorizing the Corporation to amend and restate the Employees and Directors Equity Incentive Plan (the "Incentive Plan") to (i) adopt a rolling plan provision pursuant to which the Corporation would be authorized to allocate for issuance, and issue, up to a maximum of 6.5% of the common shares of the Corporation ("Common Shares") issued and outstanding from time to time under the amended Incentive Plan; (ii) increase the maximum number of Common Shares which may be allocated under the Bonus Plan component of the existing Incentive Plan from 3,500,000 Common Shares to 4,500,000 Common Shares; and (iii) make certain other technical amendments to the existing Incentive Plan.

VOTING BY NON-REGISTERED SHAREHOLDERS

Only registered shareholders of the Corporation or the persons they appoint as their proxies are permitted to vote at the Meeting. Most shareholders of the Corporation are non-registered shareholders ("Non-Registered Shareholders") because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. Shares beneficially owned by a Non-Registered Shareholder are registered either:

- (i) in the name of an intermediary (an "Intermediary") that the Non-Registered Shareholder deals with in respect of the shares of the Corporation (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs, TFSA's and similar plans); or
- (ii) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant.

In accordance with applicable securities law requirements, the Corporation will have distributed copies of the Notice of Meeting, this Management Proxy Circular, the Form of Proxy and the request form (collectively, the "Meeting Materials") to the clearing agencies and Intermediaries for distribution to Non-Registered Shareholders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either be given:

- (a) a voting instruction form **which is not signed by the Intermediary** and which, when properly completed and signed by the Non-Registered Shareholder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a voting instruction form) which the Intermediary must follow. Typically, the voting instruction form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the voting instruction form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for the Form of Proxy to validly constitute a voting instruction form, the Non-Registered Shareholder must remove the label from the instructions and affix it to the Form of Proxy, properly complete and sign the Form of Proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company; or
- (b) a Form of Proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the Form of Proxy, this Form of Proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the Form of Proxy and deposit it with the Corporation, c/o CIBC Mellon Trust Company, The Oceanic Plaza, 1600 1066 Hastings Street, Vancouver, British Columbia, V6E 3K9 or 320 Bay Street, Banking Hall Level, Toronto, Ontario, M5H 4A6.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the shares of the Corporation they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the persons named in the Form of Proxy and insert the Non-Registered Shareholder or such other person's name in the blank space provided. **In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or voting instruction form is to be delivered.**

A Non-Registered Shareholder may revoke a Form of Proxy or voting instruction form given to an Intermediary by contacting the Intermediary through which the Non-Registered Shareholder's common shares of the Corporation are held and following the instructions of the intermediary respecting the revocation of proxies. In order to ensure that an Intermediary acts upon a revocation of a proxy form or voting instruction form, the written notice should be received by the Intermediary well in advance of the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS

The Corporation's authorized capital consists of an unlimited number of Common Shares without par value and an unlimited number of Preferred Shares without par value.

As of March 27, 2009, the Corporation had issued 378,089,424 fully paid and non-assessable Common Shares without par value, each carrying the right to one vote. As of such date, no Preferred Shares were issued or outstanding.

A holder of record of one or more Common Shares on the securities register of the Corporation on the Record Date who either attends the Meeting personally or deposits a Proxy in the manner and subject to the provisions described above will be entitled to vote or to have such share or shares voted at the Meeting, except to the extent that

- (a) the shareholder has transferred the ownership of any such share after the Record Date, and
- (b) the transferee produces a properly endorsed share certificate for, or otherwise establishes ownership of, any of the transferred shares and makes a demand to CIBC Mellon Trust Company no later than 10 days before the Meeting that the transferee's name be included in the list of shareholders in respect thereof.

To the knowledge of the directors and senior officers of the Corporation, the only persons who beneficially own, directly or indirectly, or exercise control or direction over shares carrying more than 10% of the voting rights attached to the outstanding Common Shares of the Corporation, the approximate number of Common Shares so owned, controlled or directed and the percentage of voting shares of the Corporation represented by such shares and the share ownership by the current directors and senior officers of the Corporation as a group are:

Name and Address	Number of Shares Owned, Controlled or Directed	Percentage of Shares Outstanding
Robert M. Friedland Singapore	96,881,622 ⁽¹⁾	25.6%
Directors and Officers as a group ⁽²⁾	97,731,387 ⁽³⁾	25.8%

- (1) Common Shares are held directly (as to 19,810,801 shares) and indirectly through Newstar Securities SRL (as to 30,818,992 shares) and Goldamere Holdings SRL (as to 46,251,829 shares), each company beneficially owned and controlled as to 100% by

Mr. Friedland.

- (2) Common Shares held by the directors and senior officers as a group do not include 8,451,000 unissued Common Shares issuable upon the exercise of incentive stock options.
- (3) Includes 96,881,622 Common Shares held directly and indirectly by Robert M. Friedland.

In addition to the foregoing:

- (a) Rio Tinto International Holdings Ltd., of London, England (Rio Tinto) owns 37,333,655 shares (being 9.9% of the issued and outstanding Common Shares). Pursuant to an agreement dated October 18, 2006 (the 2006 Rio Tinto Agreement), Rio Tinto is obligated to subscribe for an additional 46,304,473 shares upon the completion of certain conditions precedent, including the completion of an investment contract with the Government of Mongolia in connection with the Corporation s Oyu Tolgoi project (the Investment Contract). If such subscription is completed, Rio Tinto would hold approximately 19.7% of the Corporation s issued and outstanding Common Shares. Rio Tinto also holds warrants to purchase up to (i) 92,053,044 shares at prices between US\$8.38 and US\$9.02 per share until two years after the earlier of execution of the Investment Contract and October 27, 2009, and (ii) 1,440,406 shares at a price of Cdn.\$3.15 per share until two years after the earlier of execution of the Investment Contract and October 27, 2009.

On October 24, 2007 Rio Tinto entered into an interim funding arrangement with the Corporation in respect of the Corporation s Oyu Tolgoi copper and gold mining project in Mongolia pursuant to which it provided the Corporation with a convertible credit facility convertible into up to an additional 45,800,000 Common Shares at US\$10.00 per Common Share, and was granted warrants to purchase up to an additional 35,000,000 Common Shares at US\$10.00 per Common Share until October 24, 2012.

If, in addition to completing the second tranche investment, pursuant to the 2006 Rio Tinto Agreement, the loan facility is fully converted and the warrants are fully exercised, Rio Tinto would hold approximately 43.1% of the Corporation s issued and outstanding Common Shares.

Pursuant to the 2006 Rio Tinto Agreement, Rio Tinto is entitled to nominate a person or persons for appointment or election to the Board from time to time in proportion to the percentage of the Corporation s issued and outstanding Common Shares it holds. Mr. Bret Clayton, an executive officer of Rio Tinto, has been nominated as one of management s nominees for election as a Director of the Corporation at the Meeting. See Election of Directors Management Nominees .

Concurrent with the 2006 Rio Tinto Agreement, Rio Tinto and Mr. Friedland entered into a shareholders agreement, whereby Mr. Friedland has agreed to vote or cause to be voted any Common Shares he controls, directly or indirectly, in favour of any transaction contemplated by the 2006 Rio Tinto Agreement.

- (b) Tradewinds Global Investors LLC (Tradewinds), of Los Angeles, California, owns 33,794,530 (8.9%) of the issued and outstanding Common Shares. Tradewinds is an advisory and investment management subsidiary of Nuveen Investments Inc. (NYSE: JNC) (Nuveen) focused on international and global equity investing. Nuveen is a provider of investment advisory services and a distributor of open-end, closed-end and managed account products to affluent, high-net-worth and institutional investors.

- (c) CDP Capital World Markets (CDP), a direct and wholly owned subsidiary of the Caisse de dépôt et placement du Québec (Caisse de dépôt), of Montreal, Québec, owns 30,488,630 (8.1%) of the issued and outstanding Common Shares. Caisse de dépôt is a global fund manager managing funds deposited primarily by public and private pension funds and insurance plans in the Province of Québec, Canada.
- (d) Fidelity Management & Research Company (Fidelity), a wholly-owned subsidiary of FMR LLC, of Boston, Massachusetts, owns 24,168,700 (6.4%) of the issued and outstanding Common Shares. Fidelity is an investment adviser to various U.S. investment companies.

Information relating to Tradewinds, CDP and Fidelity and their parent corporations and subsidiaries are not within the knowledge of management of the Corporation and have been derived from filings with the U.S. Securities and Exchange Commission, and represents the number of Common Shares held by Tradewinds as of February 17, 2009, by CDP as of February 17, 2009, and by Fidelity as of February 17, 2009.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

No person who has been a director or officer of the Corporation at any time since the beginning of its last completed financial year, any proposed nominee for director of the Corporation or any associate or affiliate of the foregoing has any material interest, direct or indirect, in any matter to be acted upon at the Meeting, except as disclosed in this Information Circular.

ELECTION OF DIRECTORS

Term of Office

The Corporation's articles provide that the number of directors of the Corporation will be a minimum of three and a maximum of 12. The term of office of each of the current directors will end at the conclusion of the Meeting. Unless a director's office is earlier vacated in accordance with the provisions of the YBCA, each director elected will hold office until the conclusion of the next annual meeting of the Corporation or, if no director is then elected, until a successor is elected.

Management Nominees

The following table sets out the names of management's nominees for election as directors, their ages, all major offices and positions with the Corporation and any of its significant affiliates each now holds, each nominee's principal occupation, business or employment, the period of time during which each has been a director of the Corporation, the number of Common Shares of the Corporation beneficially owned by each, directly or indirectly, or over which each exercised control or direction, as at March 27, 2009, and the number of options to purchase Common Shares of the Corporation and common shares of the Corporation's publicly traded affiliates held by each as at March 27, 2009.

NOTES:

- (1) The information as to principal occupation, business or employment and shares beneficially owned, controlled or directed by a nominee is not within the knowledge of the management of the Corporation and has been furnished by the nominee.
- (2) Does not include unissued common shares issuable upon the exercise of incentive stock options.
- (3) Mr. Flood served as Deputy Chairman of the Corporation and a member of management until February 15, 2007 and is accordingly considered to be non-independent .
- (4) On May 11, 2007 Mr. Clayton was elected as the nominee Director for Rio Tinto pursuant to the provisions of the 2006 Rio Tinto Agreement (see Voting Shares and Principal Holders), and is considered to be

non-independent
by virtue of the
significant
investment of Rio
Tinto in the
Corporation.

- (5) All non-management Directors, with the exception of Mr. Bret Clayton, are required to beneficially own and hold Common Shares having a market value of at least three (3) times his or her annual cash retainer for as long as they are a Director of the Corporation. These Common Shares may be held either directly in the name of the Director or indirectly in the name of a company controlled by the Director. All current independent Director nominees have met this minimum shareholding requirement except for Ms. Mahler, who joined the board on March 10, 2009, and will be required to meet the requirement by March 10, 2012.

- (6) The Total Market Value of Common

Shares is calculated by multiplying the closing price of the common shares of the Corporation on the Toronto Stock Exchange on March 27, 2009 (Cdn.\$7.31) and March 27, 2008 (Cdn.\$11.04), respectively, by the number of common shares held by the nominee as at the end of the prior year.

- (7) The Exercise Price is the Fair Market Value on the date of approval by the Board of Directors, pursuant to the Employees and Directors Equity Incentive Plan.
- (8) The Value of Unexercised Options is calculated on the basis of the difference between the closing price of the common shares on the Toronto Stock Exchange on March 27, 2009 and the Exercise Price of the options multiplied by the number of unexercised options on March 27, 2009.
- (9) The November 13, 2008 option grant

vests 25% on the first anniversary of the grant, and 25% on each of the three anniversaries thereafter, and will be fully vested on November 13, 2012.

- (10) The Board requested that Mr. Clayton not attend the meeting on September 23, 2008, because the board was discussing a potential transaction with entities associated with Rio Tinto Copper & Diamonds.
- (11) The remaining 100,000 will vest on the earlier of December 31, 2009 and achievement of each of two additional defined development criteria planned for Oyu Tolgoi for 2009.
- (12) Each of Messrs. Friedland, Meredith and Macken voluntarily surrendered options in January, 2009. On January 19, 2009, Mr. Meredith surrendered 1,000,000 options granted

2006 with an
exercise price of
Cdn.\$9.93. The
surrendered
options have been
returned to the
Corporation's
Equity Incentive
Plan and are
available for new
option grants.

(13) The 25,000
unvested options
will vest on May 9,
2009.

(14) Remainder of
300,000 options
granted March 27,
2006. 135,000
options were

exercised April 12, 2007.

- (15) The remaining 75,000 unvested options will vest on the earlier of December 31, 2009 and achievement of each of two additional defined development criteria planned for Oyu Tolgoi for 2009.
- (16) Ms. Mahler was appointed to the board on March 10, 2009.
- (17) Each of Messrs. Meredith, Macken, Hansen and Flood currently serve on the board of directors of SouthGobi Energy Resources Ltd., each of Messrs. Summary of Board and Committee Meetings Held

The following table summarizes Board and Committee meetings held during the year ended December 31, 2008:

Board of Directors	7
Compensation and Benefits Committee	5
Audit Committee	4
Corporate Governance and Nominating Committee	3
Currency Advisory Committee	2

Non-Management Directors	2
Executive Committee	0

During 2008 there were two meetings of the Board and its committees held by teleconference. All of the meetings of the non-management directors were held by teleconference between regularly scheduled Board meetings. There were 21 resolutions passed in writing by the Board, five by the Compensation and Benefits Committee, four by the Corporate Governance and Nominating Committee, and one by the Executive Committee. No resolutions in writing were passed by the Audit or Currency Advisory Committees in 2008. Resolutions in writing must be executed by all of the directors entitled to vote on a matter.

APPOINTMENT OF AUDITORS

Deloitte & Touche LLP, Chartered Accountants, will be nominated at the Meeting for re-appointment as auditors of the Corporation with their remuneration to be fixed by the Board of Directors. Deloitte & Touche LLP have been the Corporation's auditors since January 1995.

Fees billed by Deloitte & Touche LLP and its affiliates during fiscal 2008 and fiscal 2007 were approximately Cdn\$3,330,000 and Cdn\$1,838,000, respectively. The aggregate fees billed by the auditors in fiscal 2008 and fiscal 2007 are detailed below.

<i>(Canadian \$ in 000's)</i>	2008	2007
Audit Fees (a)	\$1,030	\$ 935
Audit Related Fees (b)	\$1,960	\$ 439
Tax Fees (c)	\$ 43	\$ 411
All Other Fees (d)	\$ 297	\$ 53
Total	\$3,330	\$1,838

(a) Fees for audit services billed or expected to be billed relating to fiscal 2008 and 2007 consisted of:

audit of the Corporation's annual statutory financial statements; and

audit of its subsidiaries (SouthGobi Energy Resources Ltd. and Ivanhoe Australia Limited) annual statutory financial statements.

In addition, in 2008 and 2007, fees were paid for services provided in connection with review pursuant to Section 404 of the Sarbanes-Oxley Act of 2002 and the required attestations relating to internal controls.

(b) Fees for audit-related services provided during fiscal 2008 and 2007 consisted of: translation services;

financial accounting and reporting consultations;

reviews of the Corporation's quarterly financial statements; and

comfort letters, consents, and other services related to SEC, Canadian and other securities regulatory authorities matters.

The 2008 audit-related services were substantially higher than those incurred in 2007 due to the incursion of \$1,182,000 relating to services provided in respect of SouthGobi's potential Asian stock exchange listing and \$370,000 relating to services provided in respect of Ivanhoe Australia's initial public offering.

(c) Fees for tax services provided during fiscal 2008 and 2007 consisted of income tax compliance, and tax planning and advice relating to transactions and proposed transactions of the Corporation and its subsidiaries.

(d) The Corporation incurred fees of Cdn.\$297,000 for products and services provided by its principal accountant during fiscal 2008 and 2007 not disclosed in subsections (a), (b) or (c).

Pre-Approval Policies and Procedures

All services to be performed by the Corporation's independent auditor must be approved in advance by the Audit Committee or a designated member of the Audit Committee (Designated Member). The Designated Member is a member of the Audit Committee who has been given the authority to grant pre-approvals of permitted audit and non-audit services.

The Audit Committee has considered whether the provision of services other than audit services is compatible with maintaining the auditors' independence and has adopted a policy governing the provision of these services. This policy requires the pre-approval by the Audit Committee or the Designated Member of all audit and non-audit services provided by the external auditor, other than any *de minimis* non-audit services allowed by applicable law or regulation. The decisions of the Designated Member to pre-approve a permitted service are reported to the Audit Committee at its regularly scheduled meetings.

Pre-approval from the Audit Committee or Designated Member can be sought for planned engagements based on budgeted or committed fees. No further approval is required to pay pre-approved fees. Additional pre-approval is required for any increase in scope or in final fees.

Pursuant to these procedures, 100% of each of the services provided by the Corporation's external auditors relating to the fees reported as audit, audit-related, tax and all other fees were pre-approved by the Audit Committee or the Designated Member.

PARTICULARS OF MATTERS TO BE ACTED UPON

Amended and Restated Equity Incentive Plan

Purpose

The Corporation is also seeking authorization from its shareholders at the Meeting to amend and restate the Corporation's existing Employees' and Directors' Equity Incentive Plan (the Incentive Plan) to: (i) adopt a rolling plan provision pursuant to which the Corporation would be authorized to allocate for issuance, and issue, up to a maximum of 6.5% of the common shares of the Corporation (Common Shares) issued and outstanding from time to time under the Incentive Plan; (ii) increase the maximum number of Common Shares which may be allocated for issuance under the Bonus Plan component of the existing Incentive Plan (the Existing Plan) from 3,500,000 Common Shares to 4,500,000 Common Shares; (iii) to amend the option term and vesting provisions for future options granted under the Amended Plan; (iv) to modify the cashless exercise option provisions to delete the requirement for Board approval; and (v) to make other technical amendments to the Existing Plan (the Incentive Plan Amendment Resolution). The Toronto Stock Exchange (TSX) has approved the proposed amendments to the Existing Plan (the Amended Plan), subject to approval by the shareholders at the Meeting.

The Incentive Plan Amendment Resolution is attached to this Circular as Schedule B and the Amended Plan is attached as Schedule C to this Circular.

Summary of Existing Plan

Overview

The Existing Plan has three components: an Option Plan, which provides for the grant to eligible participants of incentive stock options exercisable to purchase Common Shares of the Corporation; a Bonus Plan, which provides for awards of fully paid Common Shares to eligible participants as and when determined to be warranted on the basis of past performance; and a Purchase Plan, under which eligible participants have the opportunity to purchase Common Shares through payroll deductions which are supplemented by Corporation contributions.

The eligible participants in the Existing Plan include directors of the Corporation or any affiliate, any full time and part time employees (including officers) of the Corporation or any affiliate thereof that the Board determines to be employees eligible for participation in the Existing Plan. Persons or companies engaged by the Corporation or an affiliate to provide services for an initial, renewable or extended period of 12 months or more are eligible for participation in the Existing Plan as the Board determines.

The Existing Plan is administered by the Compensation and Benefits Committee (the Committee) appointed by the Board.

Option Plan

Option Grants

The Option Plan authorizes the Board, on the recommendation of the Committee, to grant options to purchase Common Shares. The number of Common Shares, the exercise price per Common Share, the vesting period and any other terms and conditions of options granted pursuant to the Option Plan, from time to time are determined by the Board, on the recommendation of the Committee, at the time of the grant, subject to the defined parameters of the Option Plan.

Exercise Price

The exercise price of any option granted under the Existing Plan cannot be less than the weighted average price of the Common Shares on the Toronto Stock Exchange for the five days on which Common Shares were traded immediately preceding the date of grant.

Exercise Period and Vesting

Options are exercisable for five years unless otherwise determined by the Board. Options may be earlier terminated in the event of death or termination of employment or appointment. Vesting of options is determined by the Board.

Failing a specific vesting determination by the Board, options automatically become exercisable incrementally over a period of five years from the date of grant, as to one-fifth of the total number of shares under option in each such year. The right to exercise an option may be accelerated in the event a takeover bid in respect of the Common Shares is made.

Blackout Expiration Term

Under the Corporation's Corporate Disclosure, Confidentiality and Securities Trading Policy, trading of the Corporation's securities, including the exercise by directors, officers, employees and certain others of options to purchase Common Shares of the Corporation, is restricted during certain blackout periods. These blackout periods are imposed from time to time by the Corporation in circumstances where material non-public information exists, including periods where financial statements are being prepared but results have not yet been publicly disclosed. Under the Incentive Plan, the expiration of the terms of Options held by Insiders and other plan participants is the later of the original expiry date and a date that is ten business days following the end of such blackout period.

Cashless Exercise

Cashless exercise rights may also be granted, at the discretion of the Board on the recommendation of the Committee, to an optionee in conjunction with, or at any time following the grant of, an option. Cashless exercise rights under the Existing Plan effectively allow an optionee to exercise an option on a cashless basis by electing to relinquish, in whole or in part, the right to exercise the option and receive, in lieu thereof, a number of fully paid Common Shares. The number of Common Shares issuable on the exercise of share appreciation rights is equal to the quotient obtained by dividing the difference between the aggregate fair market value and the aggregate option price of all Common Shares subject to the option by the fair market value of one Common Share.

Financial Assistance

The Board may, in its discretion, but subject to applicable law, authorize the Corporation to make loans to employees (excluding any director or executive officer) to assist them in exercising options. The terms of any such loans include security, in favour of the Corporation, in the Common Shares issued upon exercise of the options, which security may be granted on a non-recourse basis. No such loans are currently outstanding.

Termination or Death

If an optionee dies while employed by the Corporation, any option held by him will be exercisable for a period of 12 months or prior to the expiration of the options (whichever is sooner) by the person to whom the rights of the optionee shall pass by will or applicable laws of descent and distribution. If an optionee is terminated for cause, no option will be exercisable unless the Board determines otherwise. If an optionee is terminated for any reason other than cause, then the options will be exercisable for a period of 12 months or prior to the expiration of the options (whichever is sooner).

Bonus Plan

The Bonus Plan permits the Board on the recommendation of the Committee to authorize the issuance, from time to time, of Common Shares to employees and directors of the Corporation and its affiliates. The criteria for determining if and when such awards should be made and the quantum of such awards is within the discretion of the Board. The Bonus Plan provides for the issuance of a maximum of 3,500,000 Common Shares in respect of bonus awards. Common Shares allocated to the Bonus Plan may be reallocated for issuance under the Option Plan or Purchase Plan and are then no longer available for issuance under the Bonus Plan.

Purchase Plan

Participation Criteria

Participants in the Purchase Plan are full-time employees of the Corporation who have completed at least one year (or less, at the discretion of the Board on the recommendation of the Committee) of continuous service and who elect to participate.

Contribution Limits

The Incentive Plan provides that the Board on the recommendation of the Committee may determine contribution limits for the Share Purchase Plan, subject to a maximum 10% contribution of plan participants' base salaries. The Share Purchase Plan established by the Board provides that, until an eligible participant withdraws or the Board terminates or suspends the Share Purchase Plan, such eligible employee is entitled to contribute up to seven per cent (7%) of his or her annual basic salary to the Purchase Plan in semi-monthly installments. The Corporation (at the discretion of the Board) makes a contribution of up to one hundred per cent (100%) of the employee's contribution on a quarterly basis.

Number of Shares

Each participant receives, at the end of each calendar quarter during which he or she participates in the Purchase Plan, a number of Common Shares equal to the quotient obtained by dividing the aggregate amount of all contributions to the Purchase Plan by the participant, and by the Corporation on the participant's behalf, during the preceding quarter by the weighted average trading price of the Common Shares on the Toronto Stock Exchange during the quarter.

Termination of Employment

If the participant's employment with the Corporation is terminated for any reason, any portion of the participant's contribution then held in trust for a participant pending a quarterly purchase of Common Shares is returned to him or her or to his or her estate.

Transferability

Benefits, rights and options under the Existing Plan are non-transferable and during the lifetime of an Existing Plan participant, may only be exercised by such participant.

Amendment Procedure

The Board, based on the recommendation of the Compensation and Benefits Committee, has the authority and discretion to amend the Incentive Plan and awards granted thereunder without shareholder approval for all matters, including the matters set forth in Section 5.7 of the Incentive Plan, except for those matters requiring shareholder approval. Subject to regulatory approval, shareholder approval will only be required for: (i) an amendment to the aggregate number of Shares that may be reserved for issuance under the Incentive Plan; (ii) an amendment to the aggregate maximum number of Common Shares issuable under the Share Bonus Plan component of the Incentive Plan; (iii) an amendment to the limitations on the maximum number of Shares that may be reserved for issuance, or issued, to Insiders under the Incentive Plan; (iv) an amendment that would reduce the exercise price, or extend the expiry date, of an

outstanding Option granted to an Insider under the Incentive Plan; and (v) an amendment to the amending provisions under the Incentive Plan.

Share Issuance Limits

The aggregate maximum number of Common Shares which the Corporation may, from time to time, issue or reserve for issuance under the Existing Plan is 37,000,000 Common Shares. The aggregate number of Common Shares which the Corporation may at any time reserve for issuance under the Existing Plan to any one person may not exceed five per cent (5%), and to Insiders under the Existing Plan may not exceed ten per cent (10%), of the issued and outstanding Common Shares at such time. The aggregate number of Common Shares that may be issued within any one-year period to Insiders under the Existing Plan shall not exceed ten per cent (10%), and to any one Insider and his or her Associates under the Existing Plan may not exceed five per cent (5%), of the issued and outstanding Common Shares at such time.

Securities Issued and Unissued under the Existing Plan

There are currently 378,089,424 Common Shares of the Corporation issued and outstanding. Since the date of inception of the Existing Plan on June 26, 1996, the 37,000,000 Common Shares authorized for issuance under the Existing Plan have been issued or reserved for issuance as follows:

	Number of Common Shares	% of Issued and Outstanding Common Shares
Common Shares previously issued upon exercise of options under Option Plan ⁽¹⁾	14,164,396	3.7%
Unissued Common Shares upon exercise of options through the cashless exercise ⁽¹⁾	2,039,729	0.5%

There are no entitlements to Common Shares under the Existing Plan which are subject to ratification by shareholders. There are no equity incentive plans which have not been approved by shareholders. As of the date of this Circular, the weighted average exercise price of outstanding options under the Existing Plan is Cdn.\$7.88.

Proposed Amendments

Rolling Plan and Maximum Number of Shares Under the Bonus Plan

The Existing Plan currently provides that the aggregate number of Common Shares that may be issued or reserved for issuance may not exceed 37,000,000 Common Shares. There is currently a balance of (i) 3,253,605 Common Shares available for future grants under the Option Plan and purchases under the Purchase Plan, and (ii) 1,909,104 Common Shares available for issuance under the Bonus Plan (which may be also used for allocations under the Option Plan and Share Purchase Plan).

The Corporation believes that incentive stock options are a valuable mechanism for incentivizing the Corporation's existing employees, attracting new employees and aligning their interests with those of the Corporation's shareholders. To provide the Corporation with the continued flexibility of granting incentive stock options under the Option Plan, the Corporation is seeking approval from the shareholders at the Meeting, as part of the Incentive Plan Amendment Resolution, to delete the fixed limit on the maximum number of Common Shares and replace it with a rolling plan provision. This provision, as set forth in section 5.1 of the Amended Plan attached as Schedule C, provides that the aggregate number of Common Shares which may be reserved for issuance under the Amended Plan (together with all other securities-based compensation arrangements of the Corporation in effect from time to time) shall not exceed 6.5% of the Common Shares outstanding from time to time. This prescribed maximum may be subsequently increased to any other specified amount or percentage provided such increase is authorized by a vote of the shareholders of the Company.

As a rolling plan, the reloading of options would be permitted under the Amended Plan and options that are exercised, surrendered, terminated or expire without being exercised no longer represent Common Shares reserved for issuance under the Amended Plan and therefore would not decrease the number of Common Shares issuable under the Amended Plan. Based on 378,089,424 Common Shares currently outstanding and 14,022,270 Common Shares currently reserved for issuance for options granted but unexercised under the Existing Plan, there would be a total of 10,553,542 unissued Common Shares available for grant or award under the Amended Plan upon adoption of the proposed rolling plan provision (inclusive of the Option Plan, Bonus Plan and Share Purchase Plan). This would represent approximately 2.8% of the Corporation's issued and outstanding common shares after giving effect to such grants or awards.

Pursuant to the rules of the TSX, all unallocated options, rights or other entitlements under rolling plans must be approved by the shareholders of the Corporation every three years.

The Existing Plan currently provides for the issuance of a maximum of 3,500,000 Common Shares (within the overall maximum number of Common Shares issuable

under the Incentive Plan) in respect of bonus awards. Bonus awards are an integral part of the Corporation's compensation policy to reward extraordinary efforts of the Corporation's officers and employees. To date, 883,861 bonus shares have been issued under the Bonus Plan. To provide the Corporation with the flexibility of granting further incentive bonus shares, the Corporation is seeking approval, as part of the Incentive Plan Amendment Resolution, to increase the maximum number of Common Shares of the Corporation issuable under the Bonus Plan component of the Existing Plan to 4,500,000 Common Shares under the Amended Plan.

The proposed new share issuance limits appear as sections 3.2 and 5.1 of the Amended Plan attached as Schedule C to this Circular.

Amendment to Option Terms and Vesting of Options

The Corporation proposes amending the provisions of Section 2.5 of the Existing Plan to provide that option periods for future options granted under the Amended Plan will be seven years under the Amended Plan rather than five years under the Existing Plan, unless otherwise determined by the Board on the recommendation of the Committee. The Corporation also proposes under the Amended Plan unless otherwise determined by the Board on the recommendation of the Committee, up to 25% for future options granted to an optionee under the Amended Plan may be exercised during the option period at any time after the first year of the option period with a further 25% of such option grants becoming exercisable during each successive further year during the option period. These amendments are in keeping with current policy of the Compensation Committee in recommending option grants, although the option terms and vesting remain subject, in all cases, to the discretion of the Board when authorizing the grants.

Cashless Exercise Amendment

Under the Existing Plan, Optionees, at the discretion of the Board, may exercise an option on a cashless basis by relinquishing in whole or in part, the right to exercise the option and receive, in lieu thereof, a number of fully paid Common Shares. The number of Common Shares issuable by way of cashless exercise is equal to the quotient obtained by dividing the difference between the aggregate fair market value and the aggregate option price of all Common Shares subject to the option by the fair market value of one Common Share. For administrative ease, the Corporation proposes amending the cashless exercise provisions to delete the requirement for Board approval for each such cashless exercise.

The proposed amendment to the cashless exercise provision appears on Section 2.6 of the Amended Plan attached as Section C to this Circular.

Other Amendments

Consequential or other technical amendments to the Existing Plan appear in sections 1.1, 2.5, and 5.7 of the Amended Plan which is attached as Schedule C to this Circular.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as disclosed below or elsewhere in this Management Proxy Circular, no insider, director nominee or associate or affiliate of any such insider or director nominee, has any material interest, direct or indirect, in any material transaction since the commencement of the Corporation's last financial year or in any proposed transaction, which, in either case, has materially affected or would materially affect the Corporation.

At the end of 2007 and during the course of 2008, subsidiaries of the Corporation holding the Savage River iron ore project owed approximately US\$5.1 million to Mr. Robert Friedland, Chairman of the Corporation, which indebtedness originated as a result of the December 2000 acquisition by the Corporation of the Savage River project. Following the sale of the Savage River operations in February 2005, repayment of this balance was contingent upon the Corporation receiving proceeds in excess of approximately US\$111 million from the sale of the Savage River operations. In October 2008, the Corporation discharged this obligation to Mr. Friedland by payment of \$4.3 million in final settlement of this obligation.

The Corporation is a party to cost sharing agreements with other companies, in some of which Mr. Friedland has a material direct or indirect beneficial interest. Through these agreements, the Corporation shares, on a cost-recovery basis, office space, furnishings, equipment and communications facilities in Vancouver, Singapore, Beijing and London, and an aircraft. The Corporation also shares the costs of employing administrative and non-executive management personnel in these offices. During the year ended December 31, 2008, the Corporation's share of these costs was U.S \$12.6 million. The companies with which the Corporation is a party to the cost sharing agreements, and Mr. Friedland's ownership interest in each of them, are as follows:

Corporation Name	Robert Friedland Ownership Interest
Ivanhoe Energy Inc.	17.6%

**EXECUTIVE COMPENSATION
COMPENSATION DISCUSSION AND ANALYSIS**

Compensation Committee, Philosophy and Goals

Our Compensation and Benefits Committee (the Compensation Committee) of the Board assists the Board in fulfilling its responsibilities relating to compensation issues and human resources. The members of the Compensation Committee are all independent directors. The Compensation Committee endeavours to ensure that the Corporation has an executive management compensation plan that is both competitive and motivational so that it will help attract, retain and inspire performance of the Corporation's executive management of a quality and nature that will enhance the sustainable growth and success of the Corporation.

The guiding principles for the Corporation's executive compensation philosophy, in approximately an equal level of importance, are as follows:

to align our executives' interests with our shareholders;

to ensure a strong link between compensation levels and performance in relation to our key short- and long-term performance metrics;

to facilitate the attraction, motivation, and retention of high quality executive talent;

to provide fair, transparent, and defensible compensation; and

to encourage and reward high performance.

In applying these principles during this developmental period of the Corporation's growth, the Compensation Committee maintains a degree of flexibility and subjectivity in making compensation recommendations, rather than applying structural objective compensation processes that are appropriate for a company whose major assets are in production.

Recent Modifications to Executive Compensation Programme

The Compensation Committee engages Mercer (Canada) Limited (Mercer) to assist the Corporation with compensation matters and, in 2007, Mercer assisted the Corporation in preparing a model for executive compensation for the Corporation and to provide support to the Compensation Committee in determining compensation for the Corporation's senior officers. This model was approved by the Compensation Committee in October, 2007 and was formally adopted by the Board of Directors of the Corporation in March, 2008. We believe that this model, while formalizing a number of our existing practices, has brought a greater level of structure and integrity to our compensation recommendations.

The Compensation Committee uses market information to determine appropriate salary ranges, target bonus award opportunities, and the target long-term equity incentive award values for each of its five top senior executives positions. Each salary grade is expressed as a range with a minimum, midpoint, and maximum.

For compensation recommendations for 2008, the Compensation Committee set the midpoint for salaries, target bonus award levels, and target annual long-term incentive award values for our executive officer positions at roughly the midpoint for executives in

equivalent positions in our peer comparator group, while retaining the ability to deliver compensation at a higher percentile of the market when performance warrants, through the annual and long-term incentive programs. In setting compensation levels, the Compensation Committee takes into account both an executive's past performance and future expectations for performance.

In September, 2008 the Compensation Committee recognized that in order to meet the objectives of the Corporation's executive compensation philosophy, and in particular to facilitate the attraction, motivation and retention of high quality executive talent, the Corporation should move to target pay positioning, commencing January 1, 2009, for base salary of the President & CEO, Deputy Chairman and Chief Financial Officer at the 75th% percentile rather than at the market midpoint level.

How We Make Compensation Recommendations

The Compensation Committee reviews and recommends the compensation philosophy and guidelines for the Corporation which includes reviewing, for recommendation to the Board, the compensation of senior executive officers and employees, including annual salary and incentive policies and programs. The Compensation Committee bases its recommendations to the Board on its compensation philosophy and on the performance of the individual and the Corporation. The Compensation Committee seeks compensation advice from its compensation consultants to provide support to the Compensation Committee in determining compensation for the Corporation's officers during the course of the year.

The Compensation Committee periodically review the terms of reference for the Corporation's Chief Executive Officer and recommends any changes to the Board for approval. It reviews corporate goals and objectives with respect to the Chief Executive Officer's compensation and leads the Chief Executive Officer review process.

In the fall of each year, the Compensation Committee reviews the total compensation of the President & CEO and the executive officers reporting to the President & CEO, including salaries, target bonus award opportunities, target annual long-term incentive award values, other compensation elements, and other practices related to compensation (e.g., share ownership guidelines). The Compensation Committee then sets each executive's compensation target for the following year. Typically, this involves establishing their salary, annual bonus opportunities and granting long-term equity incentive awards. Regular salary adjustments become effective on January 1 of the following year. The Compensation Committee's recommendations are reviewed and, when deemed appropriate, ratified by the Board. For 2008 compensation, Mercer conducted a review of market executive compensation levels. At the outset of the review, updated background information on the Corporation, the executives' roles and responsibilities, and current compensation philosophy and programs was provided to Mercer by representatives of the Compensation Committee and management. The peer comparator group of companies was reviewed, to confirm whether or not the companies included were still relevant to the Corporation. Mercer then compiled and analyzed market compensation information about the peer comparator companies.

The Compensation Committee works with the President & CEO to evaluate the performance and set the compensation for his position and for other senior executives of the Corporation. The President & CEO presents compensation recommendations for

each of the executive officers, including proposed salary adjustments, target bonus awards and long-term incentive award values. The Compensation Committee determines the appropriateness of the recommendations based on the market data and recommended framework provided by Mercer and its own evaluation of the individuals' past and expected future performance.

Ultimately, recommendations made by the Compensation Committee are the responsibility of the Compensation Committee and may reflect factors and considerations other than the information and recommendations provided by Mercer. The Compensation Committee also considers a variety of qualitative factors, including the business environment in which the Corporation operates. Thus, the compensation of our executives is not determined by any specific formula.

Executive compensation (including the salary ranges, target bonuses, and long-term incentive grants) are reviewed on an annual basis and adjusted in accordance with changes in the market to ensure that our compensation remains competitive and aligns with the Corporation's compensation philosophy and market conditions.

The compensation of the Corporation's senior executives is comprised of three principal components - base salary, annual performance bonuses (in cash or fully paid Common Shares, or a combination thereof) and long term equity incentives. The Corporation does not maintain a pension plan or other long term compensation plan for its senior executives. Eligible employees, including officers, designated by the Board on the recommendation of the Compensation Committee may participate in the Corporation's Share Purchase Plan under the Corporation's Employees and Directors' Incentive Plan.

The following summarizes the primary purpose of each rewards element and its emphasis within the total rewards package:

Base salary - paid in cash and is the fixed amount of compensation for performing day-to-day responsibilities.

Annual Performance Bonus - Annual bonus awards, (paid in cash or Common Shares, or a combination thereof) earned for achieving short-term goals and other strategic objectives measured over the current year. Bonuses are structured to provide competitively based incentives to our executives to drive corporate, business unit, and the individual's performance.

Long-Term Incentive Awards - Granted to retain executives, build executive ownership, and align compensation with achievement of the Corporation's long-term goals, creating shareholder value and achieving strategic objectives as measured over multi-year periods.

In making compensation recommendations in respect of these elements, the Compensation Committee considers both the cumulative compensation being granted to executives from the Corporation as well as internal comparisons amongst the Corporation's executives.

In September 2008, the President & CEO recommended bonus payments for each of the Corporation's senior executive officers for the 2008 fiscal year, as well as salary, target bonus and long term incentive compensation for each of such officers for 2009. The Compensation Committee had Mercer model the proposed levels versus the market. Based on the modeling provided by Mercer, it was determined that the proposed levels were in line with market and our compensation philosophy.

Salary Compensation

Under the Corporation's compensation plan, salary ranges for executive positions for 2008 were based on the market review of compensation levels within the comparator group and a median target pay positioning within their group.

Guidelines for the administration of salaries within the salary ranges are as follows:

New hires would typically be paid a salary between the minimum of the salary range and 90% of the target salary rate.

Employees that consistently meet all job expectations should be paid a salary within 90% and 110% of the target salary rate; and

Employees that consistently demonstrate superior performance should be paid above 110% of the target salary rate.

Under the Corporation's new compensation plan, salaries are reviewed on an annual basis in conjunction with the annual performance review, and salary adjustments for the following year are considered based on a variety of factors, including the individual's performance and contributions, improvements in job proficiency, retention risks and concerns, succession requirements, and compensation changes in the market.

In the third quarter of 2007, the Compensation Committee recommended, and the Board of Directors approved, certain market-related increases to the salaries of executive officers as part of its annual review process, in recognition of the competitive environment for experienced mining executives and in connection with the entering into of certain new employment contracts. These included salary increases commencing January 2008 for John Macken, CEO and President (to US\$635,000), Peter Meredith, Deputy Chairman (to US\$500,000) and Tony Giardini, CFO (to US\$281,426 (Cdn.\$300,000)).

The Corporation's Executive Chairman, Robert Friedland, received no salary, bonus or long-term incentive option grant in 2008.

In the third quarter of 2008, the Compensation Committee recommended, and the Board of Directors approved, salary increases for the year commencing January 1, 2009, which reflect the decision to target base pay for the Corporation's President & CEO, Deputy Chairman and CFO at the 75th percentile of our peer comparator group, the salary of Mr. Macken was increased to US\$714,000, Mr. Meredith to US\$562,000¹ and Mr. Giardini to US\$306,222.44 (Cdn.\$375,000)². Mr. Kirwin's base salary for 2009 was set at US\$330,000, Mr. Garcia's base salary for 2009 was set at US\$450,000 and Mr Woodall's salary for 2009 was set at US\$350,000.

Bonus Compensation

Executive officers are eligible for annual bonus compensation. Annual bonus awards are earned for achieving short-term goals and other strategic objectives measured over the fiscal year. Among the factors considered are the individual's performance and

contributions, improvements in job proficiency and compensation changes in the market, corporate performance, and business unit performance (for certain executives with business unit responsibilities).

Bonuses are structured to provide competitively based incentives to our executives to drive corporate, business unit, and the individual's performance. Corporate performance is assessed relative to overall corporate objectives such as achievement of milestones in connection with the Corporation's Oyu Tolgoi project, expansion, through discovery or acquisition, or both, of additional mineral resources and reserves and performance and value of the Corporation's subsidiaries. Business unit performance is assessed on objectives that relate to the primary functions of the business unit and the key activities that support the broader corporate goals. Individual performance is assessed based on how well the individual has carried out his responsibilities and contributed to the operations and success of his business unit and to the achievement of the Corporation's goals for that year.

Under the annual bonus plan, target awards (as a percentage of base salary) are, based on relevant market data for the peer comparator group and target pay positioning at the market median for total cash compensation (base salary plus annual incentive compensation). Financial and strategic goals are established prior to the beginning of the plan year at the corporate, business unit and individual levels. At or near the end of the year, performance is assessed as follows: target awards will be paid when performance meets expectations, and such awards will be adjusted upwards or downwards where performance exceeds or is less than expectations, respectively. For 2008, target bonus opportunities for the senior executives of the Corporation ranged from 30-75% of salary. For 2008 these target levels were at the market median for similar positions.

The proportion of the annual incentive award for the Corporation's NEOs receiving bonuses in 2008 was allocated among the various components as shown in the table below:

	Position	Proportion of Annual Incentive Award		
		Company Performance	Business Unit Performance	Individual Performance
John Macken	President & CEO	80%		20%
Peter Meredith	Deputy Chairman	80%		20%
Tony Giardini	Chief Financial Officer	50%	20%	30%
Robert Friedland	Executive Chairman	n/a	n/a	n/a
Douglas Kirwin	Executive VP Exploration	30%	40%	30%
Steve Garcia	Executive VP	30%	40%	30%
David Woodall	President, Gold Division	30%	40%	30%

For 2008, the senior executive officers of the Corporation were awarded bonuses as follows: each of Messrs. Macken and Meredith received a cash bonus of US\$550,000, Mr. Giardini received a cash bonus of US\$187,617 (Cdn\$200,000), and Mr. Kirwin received a cash bonus of US\$100,000. Each of Mr. Woodall and Mr. Garcia received bonuses of US\$200,000. Bonus decisions were made subjectively for the 2008 year in September 2008 rather than being contingent upon achievement of specific objectively measured performance metrics or other goals.

Mr. Macken was awarded his bonus in recognition of his leadership skills and personal performance, as well as the significant contributions he made to the Corporation in 2008, particularly his services in leading the team responsible for advancing the design, planning and development for the Oyu Tolgoi project facilities.

Mr. Meredith was awarded his bonus in recognition of his personal performance and the significant contributions he made to the Corporation in 2008, particularly his role as one of the principal negotiators and team leaders of the Corporation's working group seeking an Investment Agreement with the Government of Mongolia, as well as his business development efforts in respect of the Corporation itself and its significant subsidiaries.

Mr. Giardini was awarded his bonus in recognition of his personal performance and his leadership and supervision of the Corporation's entire financial team, as well as for providing vital support and advice as an integral member of our senior management team.

Mr. Kirwin was awarded his bonus in recognition of his personal performance and his leadership and supervision of the Corporation's exploration operations.

Mr. Woodall was awarded his bonus in recognition of his personal performance and his leadership of the Corporation's Kazakhstan project.

Mr. Garcia was awarded his bonus in recognition of his personal performance and his contributions in respect of the planning and development of the Oyu Tolgoi facilities.

Long-Term Incentives Stock Option Awards

An equity incentive component in the form of options is a key part of the executive's overall compensation package, reflecting our belief that stock options offer an effective mechanism for incentivizing management and aligning the interests of our executive officers with those of our shareholders. Since we do not grant incentive stock options at a discount to the prevailing market price of the Corporation's Common Shares, the incentive stock options we grant to our executive officers accrete value only if, and to the extent that, the market price of the Corporation's Common Shares increases, thereby linking equity-based executive compensation to shareholder returns.

The Compensation Committee considers target long-term incentive awards on an annual basis as a percentage of base salary that would be offered to executives. Target long-term incentive awards (as a percentage of base salary) under the plan are based on relevant market data for the peer comparator group and target pay positioning at the appropriate market level for total direct compensation (base salary plus annual and long-term incentive compensation). For 2008, target long-term opportunities for the senior executive officers of the Corporation ranged from 50-200% of salary. For 2008 these target levels were at the market midpoint for similar positions. The dollar value of the long-term incentive award is converted to the appropriate number of stock options at the time of the award, using a valuation methodology and the details of the grant.

The Compensation Committee also considers the current total potential dilution under the plan (i.e., the number of stock options issued and unexercised, full-value share grants outstanding, and the number of shares reserved for the future issuance of equity, expressed as a percentage of common shares outstanding) and market competitive run rate (i.e., stock options and full-value shares/units granted, expressed as a percentage of common shares outstanding) of the Corporation and the peer comparator companies.

The actual award to the executive will be adjusted upwards or downwards, depending on the Compensation Committee's evaluation of each executive officer's ability to influence long-term success of the Corporation, and to provide an incentive to encourage outstanding individual performance and contributions. The Compensation Committee also considers each executive's stock option position, and may, in certain circumstances, grant options with performance-based vesting criteria.

Under the Corporation's new compensation plan, it is intended that new stock option grants will normally have terms of seven years and will be made to executive officers on an annual basis. Vesting of the stock options will generally be based on time, with 25% instalments vesting only on each anniversary of the original date of grant. The Compensation Committee may, in appropriate circumstances, include performance contingent or performance accelerated vesting.

As long term incentives to further encourage their retention and their incentive to continue to provide a high level of performance for the Corporation, in September, 2008 each of Messrs. Macken, Meredith, Giardini, Kirwin, Garcia and Woodall were granted the following number of options to purchase common shares of the Corporation:

Messrs. Macken and Meredith-250,000 options each; and Messrs. Giardini, Kirwin, Garcia and Woodall-150,000 options each. Each of such options is exercisable at a price of Cdn.\$8.35, has a term of five years and will vest as to 25% on the first anniversary of the date on which they were granted, with an additional 25% vesting on each successive anniversary thereof until fully vested.

In November 2008, the Compensation Committee determined that the relatively sudden and significant rapid decline in the trading price of the Corporation's Common Shares then currently being experienced as part of the overall downturn in the equity markets had a strong negative effect on incentivizing and retaining key personnel and that there was a real risk that some of the Corporation's officers and employees could seek to explore other possibly more lucrative employment opportunities. To address this generally, and without repricing any of the options already outstanding, the Compensation Committee proposed that all current officers, employees and non-management directors of the Corporation who held incentive stock options having an exercise price greater than Cdn.\$8.35 would be entitled to receive a supplemental grant of options exercisable at the then current market price, with each such participant receiving a number of new options equal to 30% of their outstanding options with exercise prices greater than Cdn.\$8.35. Each of these new options has a seven year term and will vest as to 25% on the first anniversary of the date of grant and in further 25% increments on every anniversary thereafter until fully vested. On November 13, 2008, the Board approved a total of 2,573,070 of such option grants to the officers, employees and non-management directors of the Corporation at an exercise price of Cdn.\$2.82. Executives of the Corporation participated in this further grant of options as follows: Mr. Macken 900,000 options; Mr. Meredith- 420,000 options; Mr. Giardini-120,000 options; Mr. Garcia-150,000 options; Mr. Kirwin-30,000 options; Mr. Woodall-22,500 options. The Corporation's Executive Chairman did not receive any option grants from the Corporation in 2008.

Peer Comparator Group

A specific comparator group of publicly-traded companies has been developed annually based on research conducted by Mercer and input from the Compensation Committee and management representatives. The selection criteria for the companies included:

Mining companies with significant project development activities underway;

Mining companies with project development and/or operations in complex, international locations; and

Mining companies with a comparable market capitalization.

The list of comparator organizations used for 2008 (and their approximate respective market capitalizations at December 31, 2007, in some cases updated to June 30, 2008 where available at the time of the report prepared by Mercer in 2007) for purposes of establishing the comparator companies was comprised of the following companies:

Comparator Company	Approximate Market Capitalization	
	US\$	Cdn\$*
Cameco Corp.	14,796.3	15,087.8
Kinross Gold Corp.	14,536.6	14,823.0
Agnico Eagle Mines Ltd.	10,780.2	10,992.6
Yamana Gold	10,424.7	10,630.1
First Quantum Minerals	4,754.8	4,848.5
Randgold Resources Ltd.	3,452.0	3,520.0
Silver Wheaton Corp.	3,291.5	3,356.3
Katanga Mining Ltd.	2,635.9	2,687.8
Lundin Mining Corp.	2,381.5	2,428.4
Peter Hambro Mining	1,919.9	1,957.7
Eastern Platinum Ltd.	1,867.5	1,904.3
Centerra Gold	1,011.9	1,031.8

The Compensation Committee compares our executives to the incumbents in the comparator group that appear to be performing similar job functions. Where market data for the functional roles was not available, data was provided on a ranking basis (for the ranking match, the top five executives in the comparator organizations are ranked in order of their total cash compensation from highest to lowest). Our executives are matched to the comparator group executives on the same basis.

Other Elements of Executive Compensation

The Corporation does not provide a pension plan for its executive officers.

Executive officers, once eligible, are entitled to participate in the Corporation's share purchase plan, pursuant to which the Corporation will contribute a sum equal to 50% of such officers' contributions up to a maximum of 7% of base salary. Each of Messrs. Macken, Giardini, Meredith, Garcia and Kirwin participate in the share purchase plan. See Summary Compensation Table for the Corporation below.

* An exchange rate of 1.0197 was used by Mercer for converting \$US to \$Cdn. for purposes of the study.

In addition the Corporation provides a life insurance benefit to each of Messrs. Macken, Meredith, Giardini, Woodall and Kirwin. See Summary Compensation Table for the Corporation below.

In 2008, each of Messrs. Meredith and Giardini received a vacation liability payout. See Summary Compensation Table for the Corporation below.

As part of Mr. Garcia's contractual arrangements, he receives a housing benefit which in 2008 was valued at US\$98,276 and car lease payments which in 2008 was valued at US\$27,099. As part of Mr. Kirwin's contractual arrangements, he receives a housing allowance, which in 2008 was valued at US\$36,000, and certain reimbursement of local taxes, which in 2008 was valued at US\$6,829. See Summary Compensation Table for the Corporation below.

Compensation in relation to Public Company Subsidiaries

National Instrument 51-102 *Continuous Disclosure Obligations* (NI 51-102) requires inclusion of compensation details in respect of income earned from, or in respect of subsidiaries of the Corporation. See Summary Compensation Table for the Corporation (Inclusive of Public Subsidiaries) below.

SouthGobi Energy Resources Ltd.

The Corporation owns, directly and indirectly, 106,804,155 common shares of SouthGobi Energy Resources Ltd. (SouthGobi) as at December 31, 2008, representing 80.2% of the issued and outstanding common shares of SouthGobi as at such date. In March 2006, SouthGobi acquired the Corporation's coal division. The common shares of SouthGobi are listed on the TSX Venture Exchange. While SouthGobi is managed by its own public company board of directors and has its own compensation policies, certain of the officers and directors of the Corporation also serve as officers and/or directors of SouthGobi and accordingly compensation received from SouthGobi is included in this Circular. Mr. Macken, CEO and President, and a director of the Corporation is Chairman of SouthGobi. Mr. Macken does not receive a salary from SouthGobi.

Mr. Meredith, Deputy Chairman of the Corporation is Chief Executive Officer of SouthGobi. Mr. Meredith received salary from SouthGobi during 2008 of US\$153,032. In respect of his responsibilities at SouthGobi, Mr. Meredith also received bonus compensation from SouthGobi of US\$98,357 in recognition of his efforts towards raising capital for SouthGobi and coal mine operations moving into production.

In July 2008, options to purchase common shares of SouthGobi were granted with a five year term and an exercise price of Cdn.\$18.86 to Mr. Meredith (100,000 options), Mr. Giardini (20,000 options) and to Mr. Friedland (250,000 options). In August 2008, options to purchase SouthGobi common shares with a five year term and an exercise price of Cdn\$15.07 were granted to Mr. Macken (50,000 options) and to Mr. Meredith (100,000 options). In November 2008, options to purchase SouthGobi common shares were granted with a five year term and an exercise price of Cdn.\$5.10 to Mr. Macken (40,000 options), Mr. Meredith (75,000 options), Mr. Giardini (20,000 options) and to Mr. Friedland (125,000 options).

The grants of options by SouthGobi were made as long term incentives to further encourage retention and/or as an incentive to provide a high level of performance for the benefit of SouthGobi and, in the case of the November 2008 grant of options, in recognition of the impact on the incentive options of the dramatic decline in overall equity markets.

Ivanhoe Australia Limited

The Corporation owns 259,000,000 of the issued and outstanding common shares of Ivanhoe Australia Limited (Ivanhoe Australia) as at December 31, 2008, representing 82.9% of the issued and outstanding common shares of Ivanhoe Australia as at such date. In August 2008, the Corporation announced the successful completion of Ivanhoe Australia's A\$125 million initial public offering. Ivanhoe Australia sold 62.5 million shares at a price of A\$2 per share and began trading on the Australian Stock Exchange. The offering raised capital for the ongoing exploration and development of Ivanhoe Australia's Cloncurry Project.

While Ivanhoe Australia is managed by its own public company board of directors and has its own compensation policies, certain of the officers and directors of the Corporation also serve as officers and/or directors of Ivanhoe Australia and, accordingly, compensation received from Ivanhoe Australia is included in this Circular.

In recognition of their respective roles in successful public launch of Ivanhoe Australia and as incentive compensation for the future success of that enterprise, certain directors and employees of Ivanhoe Australia and of certain related companies received inaugural performance rights issued by Ivanhoe Australia (Performance Rights) in connection with its public offering. On August 6, 2008 Mr. Macken was granted 500,000 performance rights, Mr. Giardini was granted 50,000 Performance Rights, Mr. Friedland was granted 4,000,000 Performance Rights, Mr. Meredith was granted 500,000 Performance Rights, Mr. Kirwin was granted 1,500,000 Performance Rights and Mr. Woodall was granted 150,000 Performance Rights. Each right entitles the holder to be issued one Ivanhoe Australia common share for each Performance Right held for no payment. The Performance Rights issued vest in four separate tranches (subject to continuing appointment as a non-executive director or as an employee); 25% on September 1, 2008 (but not exercisable to September 1, 2009 because of applicable hold period), 25% on September 1, 2009; 25% on September 1, 2010, and 25% on September 1, 2011. The Performance Rights, and any common shares issued following exercise, are restricted securities and are subject to escrow conditions under which the holder cannot dispose of or otherwise deal with any of the Performance Rights or shares until August 6, 2010.

Other Corporate Policies

While it has not been a formal requirement of the Corporation, the Corporation's senior executives are encouraged to hold a share ownership position in the Corporation. Consistent with market practices and to ensure alignment of the interests of the Corporation's senior executives with shareholders, current guidelines provide that executive officers are encouraged to hold a multiple of their current base salary in Common Shares of the Corporation. In light of market prices and as part of its ongoing review of corporate governance practices, this policy is currently under review.

- (1) The Value of Unexercised in-the-Money Options is calculated on the basis of the difference between the closing price of the common shares of the Corporation on the Toronto Stock Exchange on December 31, 2008, or the TSX-Venture Exchange in the case of SouthGobi Energy Resources Ltd., and the Exercise Price of the options. With respect to the Rights (as defined in footnote (2)) issued to each NEO in Ivanhoe Australia, the Value of Unexercised in-the-Money Options is based upon the closing price of the common shares of Ivanhoe Australia on the Australian Stock Exchange (the ASX) on December 31, 2008 as the rights have an

Exercise Price of nil. If such values for the performance right of Ivanhoe Australia were calculated at the date of this Circular, such values would be lower.

- (2) Concurrent with Ivanhoe Australia's initial public offering on the ASX, performance rights (the Rights) were awarded to, amongst other eligible directors and employees of Ivanhoe Australia and certain companies related to Ivanhoe Australia, each of the Corporation's NEOs, all in accordance with the terms of Ivanhoe Australia's incentive plan (the Plan). Pursuant to the terms of the ASX's listing acceptance letter issued on July 31, 2008, each Right entitles its holder to receive one

(5) Mr. Macken returned 1,000,000 options under this specific grant for cancellation to facilitate the grant of incentive stock options to other employees and service providers of the Corporation and its subsidiaries who are not directors or executive officers of the Corporation. Of this grant, 1,000,000 options remain.

(6) Since December 31, 2008, these options have been returned by the applicable NEO for cancellation to facilitate the grant of incentive stock options to other employees and service providers of the Corporation and its subsidiaries who are not directors or executive officers of the Corporation.

During 2008, the Corporation purchased director and officer liability insurance with an aggregate US\$110 million limit. The total premiums paid by the Corporation in respect of this insurance coverage for the twelve month term were US\$1.51 million.

Termination and Change of Control Benefits Provisions in Employment Contracts

The Corporation's original employment contract as of November 1, 2003 with John Macken, President and CEO was amended and restated as of January 1, 2008. The employment contract provides for an initial base salary, discretionary performance bonuses and stock option grants from time to time if and when awarded by the Corporation, housing benefit and other benefits and entitlements available to the Corporation's other executive officers. Mr. Macken's employment contract provides that: (a) the Corporation may terminate Mr. Macken's employment for cause; (b) the Corporation may terminate Mr. Macken's employment without cause, or upon his disability, in each case upon payment to Mr. Macken of 24 months' base salary together with an amount equal to the average of the two highest value aggregate annual performance bonuses paid to Mr. Macken during the five completed fiscal years of the Corporation preceding the date of termination; and, (c) in the event of a change of control of the Corporation and if, within 24 months thereafter, the employment contract is either terminated by the Corporation other than for cause or disability, or Mr. Macken resigns for good reason as defined in the employment contract, Mr. Macken would be entitled to receive a payment equal to the product of 2.99 times the sum of Mr. Macken's then base salary and the average of the two highest value aggregate annual performance bonuses paid to Mr. Macken by the Corporation during the five completed fiscal years of the Corporation preceding the date of termination. Good reason under the contract includes certain adverse changes in Mr. Macken's status or position in the Corporation, certain adverse changes to his compensation, benefits or employment terms, and acts constituting constructive dismissal at law. In the event of a termination on disability or without cause, or on a change of control followed by a termination or resignation with good reason, all of Mr. Macken's then unvested incentive stock options would vest and all his options would remain exercisable for six months following the date of termination of employment, and certain of Mr. Macken's benefits would continue for 12 months following termination. The Corporation has provided Mr. Macken, a United States citizen and resident, with an indemnity in respect of certain United States excise taxes under Section 4999 of the Internal Revenue Code (*United States*) and certain interest and penalties in the event such excise taxes, interest and penalties were levied on compensation and benefits payable to Mr. Macken following a termination of Mr. Macken following a change of control of the Corporation.

The following is an estimate of incremental payments to Mr. Macken in the above scenarios (a) (c), based on his annual salary as at December 31, 2008, and the value of his options as at December 31, 2008: (a) no further wages, no lump sum payments, and no acceleration of unvested options, for a total of nil; (b) a lump sum based on salary of US\$1,270,000, a lump sum based on historical bonuses of US\$525,000, a benefit amount of US\$30,425, and acceleration of unvested options for an in the money value of US\$330,720, for a total of US\$2,156,145; (c) a lump sum based on salary of US\$1,898,650, a lump sum based on historical bonuses of US\$1,569,750, a benefit amount of US\$30,425, and acceleration of unvested options for an in the money value of US\$330,720, for a total of US\$3,829,545.

The Corporation has entered into an employment contract with Peter Meredith, Deputy Chairman, dated December 18, 2007. The agreement provides for an initial base salary, discretionary performance bonuses and stock option grants from time to time if and when awarded by the Corporation, and other benefits and entitlements available to the Corporation's other executive officers. Mr. Meredith's employment contract provides that: (a) the Corporation may terminate Mr. Meredith's employment for cause; (b) the Corporation may terminate Mr. Meredith's employment without cause or upon his disability upon payment to Mr. Meredith of 18 months' base salary together with an amount equal to the average of the two highest value aggregate annual performance bonuses paid to Mr. Meredith during the five completed fiscal years preceding the date of termination; and, (c) in the event of a change of control of the Corporation and if, within 24 months thereafter, Mr. Meredith's employment contract is either terminated by the Corporation other than for cause or disability or Mr. Meredith resigns for good reason as defined in the employment contract, Mr. Meredith would be entitled to receive a payment equal to the product of 2.99 times the sum of Mr. Meredith's then base salary and the average of the two highest value aggregate annual performance bonuses paid to Mr. Meredith by the Corporation during the five completed fiscal years of the Corporation preceding the date of termination. Good reason under the contract includes material adverse changes in Mr. Meredith's status or position in the Corporation, certain adverse changes to his compensation, benefits or employment terms, and acts constituting constructive dismissal at law. In the event of a termination on disability or without cause, or on a change of control followed by a termination or resignation with good reason, all of Mr. Meredith's then unvested incentive stock options would vest and remain exercisable for six months following the date of termination of employment, and certain of Mr. Meredith's benefits would continue for 12 months following such termination.

The following is an estimate of incremental payments to Mr. Meredith in the above scenarios (a) (c), based on his annual salary as at December 31, 2008, and the value of his options as at December 31, 2008: (a) no further wages, no lump sum payments, and no acceleration of unvested options, for a total of nil; (b) a lump sum based on salary of US\$750,000, a lump sum based on historical bonuses of US\$775,000, a benefit amount of US\$24,835, and acceleration of unvested options for an in the money value of US\$154,336, for a total of US\$1,704,171; (c) a lump sum based on salary of US\$1,495,000, a lump sum based on historical bonuses of US\$2,317,250, a benefit amount of US\$24,835, and acceleration of unvested options for an in the money value of US\$154,336, for a total of US\$3,991,421.

Mr. Giardini was employed by the Corporation on May 1, 2006 as Chief Financial Officer. The employment contract provides for an initial base salary, discretionary performance bonuses and stock option grants from time to time if and when awarded by the Corporation, housing benefit and other benefits and entitlements available to the Corporation's other executive officers. Mr. Giardini's employment contract provides that: (a) the Corporation may terminate Mr. Giardini's employment for cause; (b) the Corporation may terminate Mr. Giardini's employment without cause, or upon his disability, in each case upon payment to Mr. Giardini of 12 months' based salary; and, (c) in the event of a change of control of the Corporation and if, within 24 months thereafter, the employment contract is either terminated by the Corporation other than for cause or disability or Mr. Giardini resigns for good reason as defined in the employment contract, Mr. Giardini would be entitled to receive a payment equal to the product of two (2) times the sum of Mr. Giardini's then base salary and the average of the two highest value aggregate annual performance bonuses paid to Mr. Giardini by

the Corporation during the five completed fiscal years of the Corporation preceding the date of termination. Good reason under the contract includes certain adverse changes in Mr. Giardini's status or position in the Corporation, certain adverse changes to his compensation, benefits or employment terms, and acts constituting constructive dismissal at law. In the event of a termination on disability or without cause, or on a change of control followed by a termination or resignation with good reason, all of Mr. Giardini's then unvested incentive stock options would vest and all his options would remain exercisable for six months following the date of termination of employment, and certain of Mr. Giardini's benefits would continue for 12 months following termination.

The following is an estimate of incremental payments to Mr. Giardini in the above scenarios (a) (c), based on his annual salary as at December 31, 2008, and the value of his options as at December 31, 2008: (a) no further wages, no lump sum payments, and no acceleration of unvested options, for a total of nil; (b) a lump sum based on salary of US\$281,426, a benefit amount of US\$12,330, and acceleration of unvested options for an in the money value of US\$44,096, for a total of US\$337,852; (c) a lump sum based on salary of US\$562,852, a lump sum based on historical bonuses of US\$287,618, a benefit amount of US\$12,330, and acceleration of unvested options for an in the money value of US\$44,096, for a total of US\$906,896.

The Corporation has also had employment contracts with Douglas Kirwin respecting his employment with the Corporation since 1995. His current contract for services as the Corporation's Executive Vice President, Exploration was originally entered into in November 1998 and was renewed in May 2003. Under the contract: (a) the Corporation may terminate Mr. Kirwin's employment for death, disability or cause; (b) the Corporation may terminate Mr. Kirwin's employment without cause on payment of one month's salary multiplied by the number of whole years Mr. Kirwin has been employed by the Corporation; and, (c) in the event of a change of control of the Corporation which has not been approved by the then existing Board, Mr. Kirwin is entitled to terminate his employment within three months of the date of such change of control and to receive a payment equal to three times his annual salary.

The following is an estimate of incremental payments to Mr. Kirwin in the above scenarios (a) (c), based on his annual salary as at December 31, 2008, and the value of his options as at December 31, 2008: (a) no further wages, no lump sum payments, and no acceleration of unvested options, for a total of nil; (b) a lump sum based on salary and years of service of US\$344,167, and no acceleration of unvested options, for a total of US\$344,167; and, (c) a lump sum based on salary of US\$885,000, and no acceleration of unvested options, for a total of US\$885,000.

The Corporation does not have employment contracts with any other of its Named Executive Officers.

Composition of the Compensation and Benefits Committee

During the year ended December 31, 2008, the Compensation Committee was comprised of Messrs. David Huberman (Chair), Kjeld Thygesen, Robert Hanson, David Korbin, Howard Balloch and Markus Faber.

Since the beginning of the most recently completed financial year, which ended on December 31, 2008, none of Messrs. Huberman, Thygesen, Hanson, Korbin, Balloch or Faber was indebted to the Corporation or any of its subsidiaries or had any material

interest in any transaction or proposed transaction which has materially affected or would materially affect the Corporation or any of its subsidiaries. None of the Corporation's executive officers serve as a member of the Compensation and Benefits Committee or Board of Directors of any entity that has an executive officer serving as a member of the Compensation and Benefits Committee or Board of Directors of the Corporation.

Performance Graph

The following graph and table compares the cumulative shareholder return on a Cdn.\$100 investment in Common Shares of the Corporation to a similar investment in companies comprising the S&P/TSX Composite Index, including dividend reinvestment, for the period from December 31, 2003 to December 31, 2008.

The trend in overall compensation paid to the Corporation's executive officers over the past five years has not tracked the performance of the market price of the Corporation's common shares, or the S&P/TSX Composite Index, particularly since 2007.

COMPENSATION OF DIRECTORS

Each non-management director receives Cdn.\$25,000 per annum (from May 7, 2009, Cdn.\$40,000). Mr. David Huberman receives an additional payment of Cdn.\$60,000 per annum for acting as the Lead Director of the Board of Directors (from May 7, 2009, Cdn.\$80,000). Mr. David Korbin receives an additional payment of Cdn.\$25,000 for acting as the Chairman of the Audit Committee. Each Chair of the Compensation and Benefits Committee and the Corporate Governance and Nominating Committee receives

-53-

an additional payment of Cdn.\$15,000 per annum for acting as such. Each non-management director receives a fee of Cdn.\$1,500 for each Board of Directors meeting and each Committee meeting attended in person and, US\$600 for each Director and Committee conference call in which they participate. Fees payable to Rio Tinto's nominee are paid directly to Rio Tinto in accordance with Rio Tinto's corporate policy. Each non-management director (other than the nominee of Rio Tinto in accordance with Rio Tinto's corporate policy) also receives an annual grant of incentive stock options exercisable to purchase up to 25,000 Common Shares of the Corporation (from May 7, 2009, 50,000 Common Shares), such options having a five year term (from May 7, 2009, a seven year term), and fully vesting on the first anniversary of the date of the grant. Each executive director and non-management director is also entitled to be reimbursed for actual expenses reasonably incurred in the performance of his duties as a director.

Directors Share Ownership Provisions

Each existing non-management director, except Mr. Clayton, is required to own Common Shares having a market value of at least three times his or her annual cash retainer and to continue to hold this minimum number of shares for so long as he or she continue to serve as a director. Any new non-management director will have three years after becoming a director to acquire this minimum number of shares.

The following table reflects compensation earned by directors in respect of fiscal 2008 under the compensation arrangements described above.

(1) Messrs. Friedland, Macken and Meredith were members of management in fiscal 2008 and did not receive compensation as directors of the Corporation. Accordingly, the compensation details for Messrs. Friedland,

Macken and Meredith have been excluded from the table, as such information is included in the Named Executive Officer table set forth under the heading *Summary Compensation for the Corporation* .

- (2) The sums represented in the Fees Earned column of this table represent director retainers, fees earned from acting as Chairman of each of the director committees, remuneration for attending meetings and conference calls of the directors.

- (3) The Fees Earned by Mr. Huberman includes the Cdn.\$60,000 retainer for acting as lead independent director, and the separate Cdn\$15,000 retainers for being Chairman of both the Corporate Governance & Nominating Committee and the Compensation & Benefits Committee.
- (4) The Fees Earned by Mr. Korbin include the Cdn.\$25,000 retainer for acting as Chairman of the Audit Committee.
- (5) The Corporation uses the Black-Scholes option-pricing model for determining fair value of stock options issued as at the grant date. The practice of the Corporation is to grant all option based awards in Canadian currency, then convert the grant date fair value amount to U.S. currency for reporting the value of the grants in the Corporation s financials. The conversion rate for each grant is the rate

quoted by the Bank of Canada as its noon spot rate (BOC Rate) on the date the grant is made for each grant in Canadian currency.

The conversion rates for the purpose of the grants to the Directors in the Summary

Compensation Chart above are as

follows: (i) for options granted on May 9, 2008,

US\$1/Cdn.\$1.0061,

(ii) for options granted on

November 13, 2008,

US\$1/Cdn.\$1.2315.

Each of the conversion rates are on the applicable BOC Rate, as supplied by Bloomberg.

- (6) Mr. Clayton's non-management director retainer and fees are paid directly to Rio Tinto.

CORPORATE GOVERNANCE

The Board of Directors considers good corporate governance practices as an important factor in the continued and long term success of the Corporation by helping to maximize shareholder value over time.

Until June 30, 2005, the rules and policies of the TSX required corporations listed on the TSX to disclose their corporate governance practices with reference to a series of guidelines adopted by the TSX for effective corporate governance (the TSX Guidelines).

Following the enactment in the United States of the Sarbanes-Oxley Act of 2002 (the Sarbanes-Oxley Act), the TSX initiated a review of its proposed standards in light of new U.S. legislation and published for public comment proposed amendments to the TSX Guidelines. However, in September 2003 the TSX announced that it would be relinquishing responsibility for setting corporate governance standards to Canadian securities regulators.

In January 2004, the Canadian Securities Administrators (the CSA) announced new rules governing (among other things) the independence, competence and responsibility of audit committees, which rules are substantially similar to those adopted in the United States. These rules are set out in Multilateral Instrument 52-110 (the CSA Audit Committee Rules) and came into force on March 30, 2004. In April 2005, the CSA announced amendments to the CSA Audit Committee Rules designed to ensure the consistency of the definition of independence with that of the New York Stock Exchange's listing standards. These amendments took effect as of June 30, 2005.

The CSA Audit Committee Rules (with which the Corporation is in compliance) require:

- a minimum three-member audit committee comprised solely of independent directors;

- an audit committee charter that specifies certain specific audit committee responsibilities and authority, including, among other things:

- the pre-approval of all audit services and permissible non-audit services; and

- the sole authority to appoint, determine funding for and oversee the outside auditors.

In addition, the CSA first announced, in April 2005, the adoption of Multilateral Policy 58-201 and National Instrument 58-101 (NI 58-101), which each took effect as of June 30, 2005 (collectively, the CSA Corporate Governance Disclosure Requirements). The CSA Corporate Governance Disclosure Requirements replaced the TSX Guidelines and apply to the Corporation's disclosure of its corporate governance practices for the year ended December 31, 2008. These requirements are substantially consistent with the revised corporate governance listing standards of the New York Stock Exchange. The CSA Corporate Governance Disclosure Requirements require the Corporation to make certain prescribed disclosures respecting its particular corporate governance practices and recommend a series of non-prescriptive corporate governance guidelines (the CSA Corporate Governance Guidelines) that Canadian public companies are encouraged to consider in developing their own corporate governance practices.

The Corporation is engaged in an ongoing review of its corporate governance practices against the CSA Corporate Governance Guidelines. The Board intends to consider additional changes to its corporate governance practices with a view to furthering its adherence to the CSA Corporate Governance Guidelines.

The CSA is currently proposing an overhaul of the CSA Corporate Governance Disclosure Requirements (the Proposed Amendments). Specifically, the Proposed Amendments would, if accepted, replace the current comply or explain regime and replace it with an adherence to nine specific high-level corporate governance principles, which issuers would be required to disclose the practices they use to achieve the objectives of each principle. The Proposed Amendments also propose to introduce a more principles-based approach for determining whether a director is independent for audit committee and other board and committee purposes. The bright-line tests in the current definition of independence will be eliminated and leave this determination to the reasonable judgment of the board of directors using CSA guidance on the types of relationships that could affect a director's independence. The Proposed Amendments are open for public comment until April 20, 2009, and after such time and based on the comments received, the CSA will decide the best course of action in respect of the Proposed Amendments. The Board of Directors has implemented several changes in its corporate governance procedures to reflect applicable Canadian and U.S. governance guidelines. As part of those changes the Board:

- (i) approved and adopted a new mandate for the Board;
- (ii) appointed an independent director as lead director, with specific responsibility for maintaining the independence of the Board and ensuring the Board carries out its responsibilities contemplated by applicable statutory and regulatory requirements and stock exchange listing standards;
- (iii) appointed a Corporate Governance and Nominating Committee consisting solely of independent directors;
- (iv) changed the membership of the Compensation and Benefits Committee to consist solely of independent directors instead of a majority of independent directors;
- (v) approved charters for each of the Corporation's Board committees, being the Audit Committee, the Compensation and Benefits Committee and the Corporate Governance and Nominating Committee, formalizing the mandates of those committees;
- (vi) established a management Disclosure Committee for the Corporation, with the mandate to oversee the Corporation's disclosure practices;
- (vii) formalized the Corporation's Corporate Disclosure, Confidentiality and Securities Trading Policy, and Disclosure Controls and Procedures;
- (viii) instituted meetings of non-management Directors by teleconference between regularly scheduled Board meetings;
- (ix) updated, adopted and published a Statement of Values and Responsibilities;

- (x) adopted a formal Code of Business Conduct and Ethics for the Corporation that governs the behaviour of directors, officers and employees;
- (xi) adopted formalized written position descriptions for the Chairman, Lead Director, chair of each Board committee, CEO and CFO, clearly defining their respective roles and responsibilities;
- (xii) adopted a whistleblower policy administered by an independent third party;
- (xiii) formalized a process for assessing the effectiveness of the Board as a whole, the committees of the Board and the contribution of individual directors, on a regular basis; and
- (xiv) adopted a new model for executive compensation for the Corporation.

The Corporation's Common Shares are listed on the New York Stock Exchange (NYSE) and quoted on the NASDAQ Stock Market (NASDAQ) and the Corporation is subject to applicable provisions of U.S. securities laws and regulations relating to corporate governance, which have been the subject of sweeping changes in recent years. Both as part of the Sarbanes-Oxley Act and independently, the SEC has enacted a number of new regulations relating to corporate governance standards for U.S. listed companies. In addition, the NYSE and NASDAQ have implemented numerous rule changes (the NYSE Corporate Governance Rules and the NASDAQ Corporate Governance Rules , respectively) that revise the corporate governance standards for NYSE and NASDAQ-listed companies.

THE CSA Audit Committee Rules, the CSA Corporate Governance Guidelines, the NYSE Corporate Governance Rules, and the NASDAQ Corporate Governance Rules address, among other things, the composition and independence of Boards of directors and Board committees. The CSA Corporate Governance Guidelines are recommendations only and reflect a best practice standard to which Canadian public companies are encouraged to adhere. For example, the CSA Corporate Governance Guidelines recommend that a Board should be comprised of a majority of independent directors. On the other hand, the NYSE Corporate Governance Rules and the NASDAQ Corporate Governance Rules are prescriptive and require that the Board of a NYSE or NASDAQ-listed company be comprised of a majority of independent directors.

Each of the Sarbanes-Oxley Act, the NYSE Corporate Governance Rules, the NASDAQ Corporate Governance Rules and the CSA Corporate Governance Guidelines define independence in a slightly different way. Although a finding of independence remains a matter of judgment and perception based on a particular director's circumstances, the Sarbanes-Oxley Act, the NYSE Corporate Governance Rules, the NASDAQ Corporate Governance Rules and the CSA Corporate Governance Guidelines prescribe certain per se bars to a finding of independence. In addition, there is a heightened independence requirement for members of audit committees under the Sarbanes-Oxley Act, the NYSE Corporate Governance Rules, the NASDAQ Corporate Governance Rules and the CSA Audit Committee Rules.

Unlike the CSA Corporate Governance Guidelines, compliance with the requirements of the CSA Audit Committee Rules relating to the composition of audit committees and the heightened standard of independence for audit committee members is mandatory.

Subject to certain exceptions, including the requirement pertaining to the composition and independence of audit committees, foreign private issuers, like the Corporation, are

exempt from any requirement of the NASDAQ Corporate Governance Rules and the NYSE Corporate Governance Rules which is contrary to a law, rule or regulation of any public authority exercising jurisdiction over such issuer or contrary to generally accepted business practices in the issuer's country of domicile. The Corporation believes that it is in full compliance with all of the applicable requirements of the CSA Audit Committee Rules and all requirements of the Sarbanes-Oxley Act, the NASDAQ Corporate Governance Rules and the NYSE Corporate Governance Rules applicable to foreign private issuers for which no exemption is available. The Corporation also believes that most, but not all, of its corporate governance practices are consistent with the CSA Corporate Governance Guidelines. The Corporation intends to continue its efforts to improve its corporate governance practices in order to make them wholly consistent with the CSA Corporate Governance Guidelines.

Board Composition

The CSA Corporate Governance Guidelines recommend that a majority of the directors of a corporation be independent directors. Under the CSA Corporate Governance Guidelines, the applicable provisions of the NYSE Corporate Governance Rules and the NASDAQ Corporate Governance Rules, an independent director is a director who has no direct or indirect material relationship with the Corporation, including as a partner, shareholder or officer of an organization that has a relationship with the Corporation. A material relationship is one that would, or in the view of the Board of Directors could, be reasonably expected to interfere with the exercise of a Director's independent judgment.

A total of twelve persons have been nominated for election as directors at the Meeting. The Board has determined that if all such nominees are elected, the Board will consist of seven independent directors (as defined in the CSA Corporate Governance Guidelines, the NYSE Corporate Governance Rules and the NASDAQ Corporate Governance Rules) and five non-independent directors, as follows:

Independent Director

Nominees

David Huberman
 David Korbin
 Markus Faber
 Robert Hanson
 Kjeld Thygesen
 Howard Balloch
 Livia Mahler

Non-independent

Director Nominees

Robert Friedland¹
 John Macken¹
 Peter Meredith¹
 Bret Clayton²
 R. Edward Flood³

- (1) Each of Messrs. Friedland, Macken and Meredith are non-independent director nominees in their capacities as senior officers of the Corporation and/or one or more of its subsidiaries and members or former members of management.
- (2) Mr. Clayton, an executive officer

of Rio Tinto Group, is considered to be a non-independent director nominee as a result of the material relationship between the Corporation and the Rio Tinto Group.

- (3) Mr. Flood resigned as Deputy Chairman on February 14, 2007.

The Chairman of the Corporation holds approximately 25.6% and Rio Tinto holds approximately 9.8% of the Corporation's voting securities as of the date of this Management Proxy Circular. The Board has determined that the Corporation currently has seven of twelve directors in David Huberman, Markus Faber, Robert Hanson, Kjeld Thygesen, Howard Balloch, David Korbin and Livia Mahler, all of whom are nominees of

management for re-election as Directors at the Meeting and who are independent as defined in the CSA Corporate Governance Guidelines, the NYSE Corporate Governance Rules and the NASDAQ Corporate Governance Rules of each of the Chairman of the Corporation and Rio Tinto. The Board believes that it includes a majority of directors who do not have an interest in or relationships with either the Corporation or its principal shareholders and which fairly reflects the investment in the Corporation by shareholders other than the principal shareholders.

The directors of the Corporation are satisfied with the size and composition of the Board and believe that the current Board composition results in a balanced representation on the Board of Directors among management and non-management directors, and the Corporation's major shareholder. While the Board functions effectively given the Corporation's stage of development and the size and complexity of its business, the Board, through its Corporate Governance and Nominating Committee, will continue to seek qualified candidates to augment its experience and expertise and to enhance the Corporation's ability to effectively develop its business interests.

Mandate of the Board

Under the YBCA, the directors of the Corporation are required to manage the Corporation's business and affairs, and in doing so to act honestly and in good faith with a view to the best interests of the Corporation. In addition, each director must exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

The Board of Directors is responsible for supervising the conduct of the Corporation's affairs and the management of its business. The Board's mandate includes setting long term goals and objectives for the Corporation, formulating the plans and strategies necessary to achieve those objectives and supervising senior management in their implementation. Although the Board delegates the responsibility for managing the day to day affairs of the Corporation to senior management personnel, the Board retains a supervisory role in respect of, and ultimate responsibility for, all matters relating to the Corporation and its business.

The Board's mandate requires that the Board be satisfied that the Corporation's senior management will manage the affairs of the Corporation in the best interest of the shareholders, in accordance with the Corporation's principles, and that the arrangements made for the management of the Corporation's business and affairs are consistent with their duties described above. The Board is responsible for protecting shareholder interests and ensuring that the incentives of the shareholders and of management are aligned. The obligation of the Board must be performed continuously, and not merely from time to time, and in times of crisis or emergency the Board may have to assume a more direct role in managing the affairs of the Corporation.

In discharging this responsibility, the Board's mandate provides that the Board oversees and monitors significant corporate plans and strategic initiatives. The Board's strategic planning process includes annual budget reviews and approvals, and discussions with management relating to strategic and budgetary issues. At least one Board meeting per year is devoted to a comprehensive review of strategic corporate plans proposed by management.

As part of its ongoing review of business operations, the Board periodically reviews the principal risks inherent in the Corporation's business, including financial risks, through

periodic reports from management of such risks, and assesses the systems established to manage those risks. Directly and through the Audit Committee, the Board also assesses the integrity of internal control over financial reporting and management information systems.

In addition to those matters that must, by law, be approved by the Board, the Board is required under its mandate to approve annual operating and capital budgets, any material dispositions, acquisitions and investments outside of the ordinary course of business or not provided for in the approved budgets, long-term strategy, organizational development plans and the appointment of senior executive officers. Management is authorized to act, without Board approval, on all ordinary course matters relating to the Corporation's business.

The mandate provides that the Board also expects management to provide the directors, on a timely basis, with information concerning the business and affairs of the Corporation, including financial and operating information and information concerning industry developments as they occur, all with a view to enabling the Board to discharge its stewardship obligations effectively. The Board expects management to efficiently implement its strategic plans for the Corporation, to keep the Board fully apprised of its progress in doing so and to be fully accountable to the Board in respect to all matters for which it has been assigned responsibility.

The Board has instructed management to maintain procedures to monitor and promptly address shareholder concerns and has directed and will continue to direct management to apprise the Board of any major concerns expressed by shareholders.

Each Committee of the Board is empowered to engage external advisors as it sees fit. Any individual director is entitled to engage an outside advisor at the expense of the Corporation provided such director has obtained the approval of the Corporate Governance and Nominating Committee to do so.

The Board has adopted a strategic planning process which involves, among other things, the following:

- (a) at least one meeting per year will be devoted substantially to review of strategic plans that are proposed by management;
- (b) meetings of the Board, at least quarterly, to discuss strategic issues;
- (c) the Board reviews and assists management in forming short and long term objectives of the Corporation on an ongoing basis; and
- (d) the Board also maintains oversight of management's strategic planning initiatives through annual and quarterly budget reviews and approvals. The strategic planning process adopted by the Board takes into account, among other things, the opportunities and risks of the business.

In order to ensure that the principal business risks borne by the Corporation are identified and appropriately managed, the Board receives periodic reports from management of the Corporation's assessment and management of such risks. In conjunction with its review of operations, the Board considers risk issues when appropriate and approves corporate policies addressing the management of the risk of the Corporation's business.

The Board takes ultimate responsibility for the appointment and monitoring of the Corporation's senior management. The Board approves the appointment of senior management and reviews their performance on an ongoing basis. The Corporation has a disclosure policy addressing, among other things, how the Corporation interacts with analysts and the public, and contains measures for the Corporation to avoid selective disclosure. The Corporation has a Disclosure Committee responsible for overseeing the Corporation's disclosure practices. This committee consists of the President & Chief Executive Officer, the Chief Financial Officer, the Vice-President & Corporate Secretary and senior Corporate Communications and Investor Relations personnel, and receives advice from the Corporation's outside legal counsel. The Disclosure Committee assesses materiality and determines when developments justify public disclosure. The committee will review the disclosure policy annually and as otherwise needed to ensure compliance with regulatory requirements. The Board reviews and approves the Corporation's material disclosure documents, including its annual report, annual information form and management proxy circular. The Corporation's annual and quarterly financial statements, Management's Discussion and Analysis and other financial disclosure is reviewed by the Audit Committee and recommended to the Board prior to its release.

Meetings of the Board

The Board holds regular quarterly meetings. Between the quarterly meetings, the Board meets as required, generally by means of telephone conferencing facilities. As part of the quarterly meetings, the non-management directors also have the opportunity to meet separate from management. If required, between regularly scheduled Board meetings, a meeting of non-management Directors, chaired by the Lead Director, is held by teleconference to update the Directors on corporate developments since the last Board meeting. Management also communicates informally with members of the Board on a regular basis, and solicits the advice of the Board members on matters falling within their special knowledge or experience.

Board Committees

The Corporation has an Audit Committee, Compensation and Benefits Committee, Corporate Governance and Nominating Committee, Currency Advisory Committee and an Executive Committee.

Audit Committee

The mandate of the Audit Committee is to oversee the Corporation's financial reporting obligations, systems and disclosure, including monitoring the integrity of the Corporation's financial statements, monitoring the independence and performance of the Corporation's external auditors and acting as a liaison between the Board and the Corporation's auditors. The activities of the Audit Committee typically include reviewing interim financial statements and annual financial statements, management discussion and analysis and earnings press releases before they are publicly disclosed, ensuring that internal controls over accounting and financial systems are maintained and that accurate financial information is disseminated to shareholders. Other responsibilities include reviewing the results of internal and external audits and any change in accounting procedures or policies, and evaluating the performance of the Corporation's auditors. The Audit Committee communicates directly with the Corporation's external auditors in order to discuss audit and related matters whenever appropriate.

The Audit Committee currently consists of Messrs. Korbin (Chair), Thygesen and Faber, all of whom are nominees of management for re-election as Directors at the Meeting. The CSA Audit Committee Rules provide for audit committees to consist solely of independent directors. Each of Messrs. Korbin, Thygesen and Faber are independent directors for the purposes of the CSA Audit Committee Rules, the NYSE Corporate Governance Rules and the NASDAQ Corporate Governance Rules, having regard to the heightened independence requirements applicable to audit committee members.

The Board has determined that all members of the Audit Committee are financially literate since each member has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation's financial statements.

Mr. Korbin (a nominee of management for re-election as a Director at the Meeting) has been determined by the Board of Directors to be an Audit Committee Financial Expert, as such term is defined in the U.S. Securities Exchange Act of 1934, as amended. The Corporation believes that Mr. Korbin, a Chartered Accountant with over 30 years experience as an auditor with a major accounting firm is qualified to be an Audit Committee Financial Expert.

The Corporation has adopted an Audit Committee charter which codifies the mandate of the Audit Committee to, and specifically defines its relationship with, and expectations of, the external auditors, including the establishment of the independence of the external auditor and the approval of any non-audit mandates of the external auditor; the engagement, evaluation, remuneration and termination of the external auditor; its relationship with, and expectations of, the internal auditor function and its oversight of internal control; and the disclosure of financial and related information. The Board will review and reassess the adequacy of the Audit Committee charter on an annual basis.

The Audit Committee has regular access to the Chief Financial Officer of the Corporation. The external auditors regularly attend all meetings of the Audit Committee. At each meeting of the Audit Committee, a portion of the meeting is set aside to discuss matters with the external auditors without management being present. In addition, the Audit Committee has the authority to call a meeting with the external auditors without management being present, at the Committee's discretion. Additional information regarding the Audit Committee is located in the Directors and Officers section of the Corporation's Annual Information Form.

Compensation and Benefits Committee

The role of the Compensation and Benefits Committee is primarily to review the adequacy and form of compensation of senior management and the directors with such compensation realistically reflecting the responsibilities and risks of such positions, to administer the Corporation's Employees' and Directors' Equity Incentive Plan, to determine the recipients of, and the nature and size of share compensation awards granted from time to time, to determine the remuneration of executive officers and to determine any bonuses to be awarded.

The Compensation and Benefits Committee currently consists of Messrs. Huberman (Chair), Hanson, Korbin, Thygesen, Faber and Balloch. Each member of the committee qualifies as an independent director for the purposes of the CSA Corporate

Governance Guidelines, the NYSE Corporate Governance Rules and the NASDAQ Corporate Governance Rules.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee is responsible for making recommendations to the Board with respect to developments in the area of corporate governance and the practices of the Board. The Corporate Governance and Nominating Committee has expressly assumed responsibility for developing the Corporation's approach to governance issues. The Committee is also responsible for reporting to the Board with respect to appropriate candidates for nominations to the Board, for overseeing the execution of an assessment process appropriate for the Board and its committees and for evaluating the performance and effectiveness of the Board and its committees.

The Corporate Governance and Nominating Committee of the Board currently consists of Messrs. Huberman (Chair), Hanson, Thygesen, Balloch, Korbin and Faber, all of whom are nominees of management for re-election as Directors at the Meeting. Mr. Huberman is Chair of the Committee, in addition to being the Corporation's Lead Director. Each member of the Committee qualifies as an independent director for the purposes of the CSA Corporate Governance Guidelines, the NYSE Corporate Governance Rules and the NASDAQ Corporate Governance Rules.

Executive Committee

The Executive Committee, which currently consists of Messrs. Friedland, Meredith, Macken and Huberman, was created by the Board to meet as required, between meetings of the full Board. The Executive Committee has authority to approve expenditures of up to US\$10,000,000. Any decisions taken by the Executive Committee must be reported to, and ratified by, the full Board at its next meeting.

Code of Business Conduct and Ethics

The Corporation has adopted a Code of Business Conduct and Ethics applicable to all employees, consultants, officers and directors regardless of their position in the organization, at all times and everywhere the Corporation does business. The Code of Business Conduct and Ethics provides that the Corporation's employees, consultants, officers and directors will uphold its commitment to a culture of honesty, integrity and accountability and the Corporation requires the highest standards of professional and ethical conduct from its employees, consultants, officers and directors. A number of housekeeping amendments to the Code were made in 2007 to clarify consulting and reporting procedures and to recognize the Corporation's whistleblower mechanism. A copy of the Corporation's Code of Business Conduct and Ethics, as amended, has been filed on SEDAR and is available on the Corporation's website (www.ivanhoemines.com). A copy may also be obtained, without charge, by request to the Vice-President and Corporate Secretary, 654 999 Canada Place, Vancouver, British Columbia, Canada V6C 3E1, telephone to (604) 688-5755.

CSA Corporate Governance Guidelines

The Corporation's statement of corporate governance practices with reference to each of the CSA Corporate Governance Guidelines is set out in Schedule A to this Management Proxy Circular.

OTHER BUSINESS

Management of the Corporation is not aware of any matter to come before the Meeting other than the matters referred to in the Notice of the Meeting.

DIRECTORS APPROVAL

The contents of this Management Proxy Circular and its distribution to shareholders have been approved by the Board of Directors of the Corporation.

SCHEDULE A
STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Effective June 30, 2005, the Canadian Securities Administrators adopted National Instrument 58-101 (NI 58-101) and the associated National Policy 58-201 (NP 58-201) which require the Corporation to disclose its corporate governance practices. These new rules replace the former corporate governance guidelines of the TSX.

CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT⁽¹⁾

1. Board of Directors (the Board)

(a) Disclose the identity of directors who are independent.

COMMENTS

The Board has reviewed the independence of each Director on the basis of the definitions in section 1.4 of MI 52-110, as amended, and the applicable provisions of the NYSE Corporate Governance Rules and the NASDAQ Corporate Governance Rules. A Director is independent if he or she has no direct or indirect material relationship with the Corporation, including as a partner, shareholder or officer of an organization that has a relationship with the Corporation. A material relationship is one that would, or in the view of the Board could, be reasonably expected to interfere with the exercise of a Director's independent judgment. The Board has determined, after reviewing the roles and relationships of each of the Directors, that 58% (seven out of twelve) of the nominees proposed by management for election to the Board are independent from the Corporation. The following nominees have been affirmatively determined to be independent by the Board:

David Huberman

David Korbin

Markus Faber

Robert Hanson

Kjeld Thygesen

Howard Balloch

Livia Mahler

This determination was made on the basis that:

- (a) they (and their immediate family members) are not and have not been within the last three years an employee or executive officer of the Corporation;
- (b) they (and their spouse, minor child or step child) are not and have not been within the last three years a partner or employee of the Corporation's external auditors firm;
- (c) they (and their immediate family members) are not and have not been within the last three years an executive officer of an entity of which the Corporation's executives served on that entity's compensation committee;
- (d) they (and their immediate family members) did not receive more than US\$60,000 in direct compensation from the Corporation (exclusive of any remuneration received for acting as a Board or Committee member) during any 12 month period during the last three years;

(e) they and their immediate family members are not a current executive officer of a company that has made payments to, or received payments from, the Corporation for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of US\$1 million or 2% of such other company's consolidated gross revenues; and

(f) they are not a partner in, or a continuing shareholder or executive officer of any for-profit business organization to which the Corporation made, or from which the Corporation received payments (other than those arising solely from investments in the Corporation's securities) that exceed 5% of the Corporation's or business organization's consolidated gross revenues for that year, or US\$200,000, whichever is more, in any of the past three years.

(b) Disclose the identity of directors who are not independent, and describe the basis for that determination.

The Board and Corporate Governance and Nominating Committee have determined, after reviewing the roles and relationships of each of the Directors, that the following five out of 12 nominees proposed by management for election to the Board are not independent from the Corporation as defined in the CSA Corporate Governance Guidelines, the NYSE Corporate Governance Rules and the NASDAQ Corporate Governance Rules:

Robert M. Friedland: Executive Chairman

Peter G. Meredith: Deputy Chairman

John Macken: President and CEO

R. Edward Flood

Bret Clayton

Messrs. Friedland, Meredith and Macken, as senior officers of the Corporation and/or one or more of its subsidiaries and members of management, are considered to be non-independent directors.

Mr. Flood, was a member of management until February 15, 2007, and as a result is considered to be a non-independent director.

In the case of Mr. Bret Clayton, the Board noted his position as an executive officer of the Rio Tinto Group (Rio Tinto) and considered the relationship between Rio Tinto and the Corporation resulting from Rio Tinto 's significant investment in the Corporation, the terms and conditions of the investment agreement between Rio Tinto and the Corporation and the shareholders agreement between Rio Tinto and Mr. Robert Friedland, Executive Chairman of the Corporation, each dated October 18, 2006, and the interim funding arrangement between Rio Tinto and the Corporation dated October 24, 2007. The Board concluded that such relationship was a material relationship within the meaning of the applicable provisions of the CSA Corporate Governance Guidelines, the NYSE Corporate Governance Rules and the NASDAQ Corporate Governance Rules, and accordingly

considers Mr. Clayton to be a non-independent nominee director.

58% or seven of the twelve nominees proposed by management for election to the Board are independent directors as defined in the CSA Corporate Governance Guidelines, the NYSE Corporate Governance Rules and the NASDAQ Corporate Governance Rules.

The directors of the Corporation have reviewed the size of the Board and believe that the current Board size and composition results in a balanced representation on the Board among management, non-management directors and the Corporation's strategic partner, Rio Tinto. While the Board functions effectively, given the Corporation's stage of development and the size and complexity of its business, the Board, through its Corporate Governance and Nominating Committee, will continue to seek additional qualified candidates to augment its experience and expertise and to enhance the Corporation's ability to effectively develop its business interests. In so doing, the Corporate Governance and Nominating Committee will seek candidates that meet all Canadian, U.S. and other standards of independence applicable to the Corporation. The Corporate Governance and Nominating Committee will continue to examine the size and composition of the Board and recommend adjustments from time to time to ensure that the Board continues to be of a size that facilitates effective decision-making. There are currently 12 Directors on the Board. Twelve nominees have been proposed by management for election as Directors at the Meeting. The maximum number permitted under the Corporation's articles of incorporation is 12.

(d) If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.

All directorships with other public entities for each of the nominees are set out next to the individual's name under the heading "Election of Directors Management Nominees" in this Circular.

(e) Interlocking Directorships

All interlocking directorships are set out in footnote (7) to the table under the heading "Election of Directors Management Nominees".

(c) Disclose whether or not the independent directors hold regularly scheduled meetings at which members of management are not in attendance. If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most recently completed financial year. If the independent directors do not hold such meetings, describe what the Board does to facilitate open and candid discussion among its independent directors.

All committees meet without management being present unless the committee specifically requests the presence of one or more such persons.

The Corporate Governance and Nominating Committee, in particular, provides a forum without management being present to receive any expression of concern from a director, including a concern regarding the independence of the Board from management.

During 2008 there were eight Board meetings, five meetings of the Compensation and Benefits Committee, four meetings of the Audit Committee and three meetings of the Corporate Governance and Nominating Committee.

CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT⁽¹⁾

COMMENTS

In addition, meetings of non-management Directors, chaired by the Lead Director, are held, as required, by teleconference to update the non-management Directors on developments since the last Board meeting. Two such meetings were held in 2008. Mr. Peter Meredith, Deputy Chairman of the Corporation, has periodically been invited to participate in these meetings in order to brief the non-management Directors on recent developments.

The results of discussions of all Board committees, and of the meetings of non-management Directors, are communicated to the rest of the Board at its next scheduled meeting, or more promptly, if required, by the committee Chairs to the other Directors and members of management.

(g) Disclose whether or not the chair of the Board is an independent director. If the Board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. If the Board has neither a chair that is independent nor a lead director that is independent, describe what the Board does to provide leadership for its independent directors.

Mr. Friedland currently serves as Chairman of the Board of Directors. The Board is of the view that appropriate structures and procedures are in place to allow the Board to function independently of management while continuing to provide the Corporation with the benefit of having a Chairman of the Board with extensive experience and knowledge of the Corporation's business.

The Board has created the position of lead director, with specific responsibility for maintaining the independence of the Board and ensuring that the Board carries out its responsibilities. Mr. Huberman, who also serves as chair of the Corporate Governance and Nominating Committee and the Compensation and Benefits Committee, has served as the Corporation's Lead Director since 2003. Mr. Huberman does not serve in a similar capacity with any other corporation.

(h) Disclose the attendance record of each director for all Board meetings held since the beginning of the issuer's most recently completed financial year.

A record of attendance by Director(s) at meetings of the Board and its Committees as well as the number of Board and Board Committee meetings held during the financial year ended December 31, 2008, is set out next to each individual's name under the heading "Election of Directors Management Nominees" in this Circular.

2. Board Mandate

Disclose the text of the Board's written mandate. If the Board does not have a written mandate, describe how the Board delineates its role and responsibilities.

The Board has assumed responsibility for the stewardship of the Corporation and has adopted a formal mandate as described in this Circular under the heading "Corporate Governance Mandate of the Board", setting out its stewardship responsibilities.

The mandate of the Board is available on the Corporation's website (www.ivanhoe-mines.com). A copy may also be obtained upon request to the Vice President and Corporate Secretary of the Corporation, 654 - 999 Canada Place, Vancouver, British Columbia V6C 3E1, telephone (604) 688-5755.

3. Position Descriptions

(a) Disclose whether or not the Board has developed written position descriptions for the chair and the chair of each Board committee. If the Board has not developed written position descriptions for the chair and/or the chair of each Board committee, briefly describe how the Board delineates the role and

responsibilities of each such position.

(b) Disclose whether or not the Board and CEO have developed a written position description for the CEO. If the Board and CEO have not developed such a position description, briefly describe how the Board delineates the role and responsibilities of the CEO.

4. Orientation and Continuing Education

(a) Briefly describe what measures the Board takes to orient new members regarding:

- (i) the role of the Board, its committees and its directors, and
- (ii) the nature and operation of the issuer's business

(b) Briefly describe what measures, if any, the Board takes to provide continuing education for its directors. If the Board does not provide continuing education, describe how the Board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors.

COMMENTS

Board committee, CEO and CFO, clearly defining their respective roles and responsibilities. Such position descriptions were reviewed by the Corporate Governance and Nominating Committee and approved by the Board and are subject to annual review by the Corporate Governance and Nominating Committee.

The Corporation takes steps to ensure that prospective directors fully understand the role of the Board and its committees and the contribution individual directors are expected to make, including in particular the commitment of time and energy that the Corporation expects of its directors.

In addition, new directors are provided with a comprehensive information package, including pertinent corporate documents and a director's manual containing information on the duties, responsibilities and liabilities of directors. New directors are also briefed by management as to the status of the Corporation's business. Directors are also encouraged to make site visits to the Corporation's properties.

Management and outside advisors provide information and education sessions to the Board and its committees on a continuing basis as necessary to keep the directors up-to-date with the Corporation, its business and the environment in which it operates as well as with developments in the responsibilities of directors, corporate governance, ethics and compliance.

Presentations are made to the Board from time to time to educate and keep them informed of changes within the

Corporation and of regulatory and industry requirements and standards.

In addition, Directors are encouraged to take courses relevant to the Corporation and its business, particularly with respect to corporate governance and the mining industry, at the Corporation's expense. As an example, Dr. Scott Dunbar, Associate Professor at the Norman B. Keevil Institute of Mining Engineering at the University of British Columbia recently gave a presentation to the directors on the Basics of Mining and Mineral Processing.

All of the Corporation's non-management Directors are members of Canada's Institute of Corporate Directors, whose mission is to foster excellence in directors to strengthen the governance and performance of Canadian corporations. Mr. David Huberman, the Corporation's Lead Director, has completed the Institute's Director Education Program, which reviews governance expectations and promotes best practices in the boardroom. In 2008, Mr. Huberman attended the 12th Annual North American School of Mines which included a visit to the Bagdad copper mine in Bagdad, Arizona.

5. Ethical Business Conduct

(a) Disclose whether or not the Board has adopted a written code for its directors, officers and employees. If the Board has adopted a written code:

- (i) disclose how a person or company may obtain a copy of the code;
- (ii) describe how the Board monitors compliance with its code, or if the Board does not monitor compliance, explain whether and how the Board satisfies itself regarding compliance with its code; and disclose how a person or company may obtain a copy of the code;
- (iii) provide a cross-reference to any material change report filed since the beginning of the issuer's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the code.

COMMENTS

The Corporation has adopted a Code of Business Conduct and Ethics applicable to all employees, consultants, officers and directors regardless of their position in the organization, at all times and everywhere the Corporation does business. The Code of Business Conduct and Ethics provides that the Corporation's employees, consultants, officers and directors will uphold its commitment to a culture of honesty, integrity and accountability and the Corporation requires the highest standards of professional and ethical conduct from its employees, consultants, officers and directors. A number of housekeeping amendments to the Code were made in 2007 to clarify consulting and reporting procedures and to recognize the Corporation's whistleblower mechanism. The Corporation's Code of Business Conduct and Ethics, as amended, has been filed on SEDAR and is available on the Corporation's website (www.ivanhoe-mines.com). A copy may also be obtained, without charge, by request to the Vice President and Corporate Secretary, 654 999 Canada Place, Vancouver, British Columbia, Canada V6C 3E1, telephone to (604) 688-5755.

All Directors and employees are provided with a booklet containing the Corporation's Code of Business Conduct and Ethics and Corporate Securities Trading Policy (which has been translated into other languages as required for use in the Corporation's international operations) and are required to sign a written acknowledgement confirming that they have received, reviewed and understand its contents and agree to abide by the Code.

Corporate supervisors and employees are required to confirm, on an annual basis,

that they have reviewed the Corporation's Code of Business Conduct and Ethics as part of their annual performance appraisal.

The Corporate Governance and Nominating Committee monitors compliance with the Code of Business Conduct and Ethics and also ensures that management encourages and promotes a culture of ethical business conduct.

The Board has not granted any waiver of the Code of Business Conduct and Ethics in favor of a Director or executive officer. Accordingly, no material change report has been required or filed.

(b) Describe any steps the Board takes to ensure directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

The Corporate Governance and Nominating Committee monitors the disclosure of conflicts of interest to the Board by Directors and ensures that no Director will vote or participate in a discussion on a matter in respect of which such Director has a material interest. Committee Chairs perform the same function with respect to meetings of each Board committee.

(c) Describe any other steps the Board takes to encourage and promote a culture of ethical business conduct.

The Corporation has published a Statement of Values and Responsibilities. An updated Statement was approved by the Board on March 11, 2008. It has also developed various corporate policies including Corporate Disclosure, Confidentiality and Securities Trading policies, and a Whistleblower Policy,

administered by an independent third party.

The Corporation encourages participation in education programs for its personnel dealing with matters of corporate ethics and best practices.

During 2008 the Corporate Governance and Nominating Committee met with the Corporation's CEO and CFO to discuss corporate ethics and best practices and were satisfied that they are a focus of the CEO, CFO and throughout the Corporation's international operations.

6. Nomination of Directors

(a) Describe the process by which the Board identifies new candidates for Board nomination.

The Board has a Corporate Governance and Nominating Committee consisting of Messrs. Huberman (Chair), Hanson, Thygesen, Balloch, all of whom are nominees of management for re-election as Directors at the Meeting. All members of the committee are independent directors under the CSA Corporate Governance Guidelines, the NYSE Corporate Governance Rules and the NASDAQ Corporate Governance Rules. Mr. Huberman has been appointed as Chairman of the committee. The full Board determines, in light of the opportunities and risks facing the Corporation, what competencies, skills and personal qualities it should seek in new Board members in order to add value to the Corporation. Based on this framework, the Corporate Governance and Nominating Committee developed a skills matrix outlining the Corporation's desired complement of Directors competencies, skills and characteristics. The specific make-up of the matrix includes such items and experiences as international experience, leading growth orientated companies, mining exploration, diversity, financial literacy, legal knowledge, corporate governance, etc. The Committee annually assesses the

current competencies and characteristics represented on the Board and utilizes the matrix to determine the Board's strengths and identify any gaps that need to be filled. This analysis assists the Committee in discharging its responsibility for approaching and proposing to the full Board new nominees to the Board, and for assessing directors on an ongoing basis.

The Corporate Governance and Nominating Committee has been given the responsibility for developing an evergreen list of potential nominees who the Committee feels would be appropriate to be asked to join the Board if, as and when there are vacancies pending and such persons are available to do so and who complement the current skills matrix. The Committee receives and reviews recommendations from Directors and members of management in determining whether to add the names of new candidates to the list, and has the authority to hire outside consultants to help to identify additional qualified candidates as required.

The Corporation does not have a shareholder with the ability to exercise a majority of the votes for the election of the Board. However, the Chairman of the Corporation holds approximately 25.6% of the Corporation's voting securities as at the date of this Circular and Rio Tinto, which is entitled to nominate a qualified individual or individuals for appointment or

election to the Board in proportion to its shareholdings from time to time, holds approximately 9.8% of the Corporation's voting securities at such date. The Corporation has a majority of directors who do not have an interest in or relationship with either the Corporation, its Chairman or Rio Tinto and, which fairly reflects the investment in the Corporation by shareholders other than the Chairman or Rio Tinto.

The Board seeks to achieve a balanced representation of skilled and experienced independent directors and has determined to continue to seek, through its Corporate Governance and Nominating Committee, additional qualified candidates as required to augment its experience and expertise and to enhance the Corporation's ability to effectively develop its business interests. In so doing, the Corporate Governance and Nominating Committee will seek candidates that meet all Canadian, U.S. and other standards of independence applicable to the Corporation.

The charter of the Corporate Governance and Nominating Committee is available on the Corporation's website (www.ivanhoe-mines.com). A copy may also be obtained upon request to the Corporate Secretary, 654 - 999 Canada Place, Vancouver, British Columbia, V6C 3E1, telephone (604) 688-5755.

7. Compensation

(a) Describe the process by which the Board determines the compensation for the issuer's directors and officers.

The Compensation and Benefits Committee has responsibility for recommending compensation for the Corporation's senior executive officers to the Board. CEO compensation is approved by the Compensation and Benefits Committee. See Report on Executive Compensation .

The Compensation and Benefits Committee periodically reviews and makes recommendations to the Board regarding the adequacy and form of the compensation for non-management Directors to ensure that such compensation realistically reflects the responsibilities and risks involved in being an effective director, without compromising a Director's independence. Directors who are executives of the Corporation receive no additional remuneration for their services as Directors.

All non-management directors receive Cdn.\$25,000 per annum for acting as such (from May 7, 2009, Cdn.\$40,000), with the exception of Mr. Bret Clayton, whose director compensation is remitted directly to Rio Tinto. Mr. David Huberman receives an additional Cdn.\$60,000 per annum for acting as the Lead Director of the Board (from May 7, 2009, Cdn.\$80,000). The Chair of the Audit Committee receives an additional Cdn.\$25,000 per annum, for acting in such capacity. The respective Chairs of the Compensation and Benefits Committee and the Corporate Governance Committee each receive an additional payment of Cdn.\$15,000 per annum for acting as such. Additionally, non-management directors receive Cdn.\$1,500 per in-person Board or Committee meeting attended and US\$600 per Board or Committee conference call in which they participate.

In addition to their cash compensation, non-

management directors (other than the nominee of Rio Tinto in accordance with Rio Tinto's corporate policy) also receive a grant of 25,000 stock options per annum (from May 7, 2009, 50,000 stock options), such options having a five year term (from May 7, 2009, a seven year term) and fully vesting on the first anniversary of the date of the grant.

The Compensation and Benefits Committee comprises five Directors, all of whom have been affirmatively determined by the Board to be independent directors as defined by the CSA Corporate Governance Guidelines, the NYSE Corporate Governance Rules and the NASDAQ Corporate Governance Rules.

The members of the committee have diverse professional backgrounds, with prior experience in executive compensation. None of the members of the committee serve as CEOs or senior executive officers of other public corporations.

The duties and responsibilities of the Compensation and Benefits Committee include the development of a compensation philosophy and policy; evaluating the performance of the Corporation's senior executive officers, reviewing their compensation, and monitoring equity incentive arrangements.

The role of the Compensation and Benefits Committee is primarily to review the adequacy and form of compensation of executive management and the directors with such compensation realistically reflecting the responsibilities and risks of such positions, to administer the Corporation's Equity Incentive Plan, to determine the recipients of, and the nature

and size of share compensation awards granted from time to time and to determine the remuneration of executive management and to determine any bonuses to be awarded. Commencing in 2007, the committee will conduct a formal review of the Corporation's executive compensation on an annual basis and otherwise as required to satisfy itself and the Board that the Corporation's compensation objectives are being met.

The members of the Compensation and Benefits Committee are Messrs. Huberman (Chair), Hanson, Korbin, Balloch, Thygesen and Faber (a member since May, 2008). As of March 10, 2009, Mr. Thygesen resigned from the Compensation and Benefits Committee. Each member of the committee is an independent director for the purposes of the CSA Corporate Governance Guidelines, the NYSE Corporate Governance Rules and the NASDAQ Corporate Governance Rules.

The charter of the Compensation and Benefits Committee is available on the Corporation's website (www.ivanhoe-mines.com). A copy may also be obtained upon request to the Vice President and Corporate Secretary, 654 - 999 Canada Place, Vancouver, British Columbia V6C 3E1, telephone (604) 688-5755.

compensation. They were mandated to provide the review based on compensation levels provided to similarly sized international mining companies. Towers Perrin's fee for its 2004 report was Cdn.\$19,821.

Gurr Lane & Associates were retained in 2005 by the Compensation and Benefits Committee to prepare reports to assist the committee in developing a compensation strategy for the position of President and for the other executive and senior management positions. They were mandated to develop a justifiable compensation strategy which benchmarks such positions in terms of the competitive marketplace of similar-sized international mining companies and, where appropriate, larger operating mining companies. The proposals were intended to address salary, bonus and stock options. Gurr Lane & Associates' fee for the reports was Cdn.\$39,697.

Towers Perrin were retained in 2006 by the Compensation and Benefits Committee to prepare a report on industry standards and best practices relating to change of control provisions in executive employment agreements. Towers Perrin's fee for this report was Cdn.\$10,788.

Mercer (Canada) Limited (Mercer) was retained in 2007 to prepare a model for executive compensation for the Corporation and to provide support to the Compensation and Benefits Committee in determining compensation for the Corporation's officers for the 2007 fiscal year. Mercer's fee for these services was Cdn.\$67,089.

Mercer was retained in 2008 to review the executive compensation plan with the Committee following its inception the previous year and to update the section of

the report on current compensation amongst a peer group of companies. Mercer was also requested to consider and prepare a report for the Committee with respect to director compensation. Mercer's fee for these services was Cdn.\$50,000.

None of the compensation consultants or advisors retained by the Compensation and Benefits Committee have performed other work for the Corporation. The Committee will require any such consultant or advisor to obtain its written approval prior to undertaking any work for management of the Corporation in order to protect the independence of such consultant or advisor.

Recommendations of the Compensation and Benefits Committee to the Board are the responsibility of the committee and may reflect factors and considerations outside of surveys or consultants recommendations.

8. Other Board Committees If the Board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.

In addition to the Audit Committee, the Compensation and Benefits Committee and the Corporate Governance and Nominating Committee, in March 2005 the Board approved the establishment of an Executive Committee, consisting of Messrs. Friedland, Huberman, Meredith and Macken, to meet between formal meetings of the Board as necessary, with authority to approve expenditures of up to US\$10,000,000. No meetings of the Executive Committee were held in 2008; however, the Executive

Committee did consider and pass one consent resolution during 2008.

The Board has also established a Currency Advisory Committee, consisting of Mr. David Korbin, the Chairman of the Audit Committee, Mr. Peter Meredith (the Corporation's Deputy Chairman), Dr. Markus Faber and Mr. Tony Giardini, the CFO, to make recommendations to the CFO on managing the Corporation's currency exposures and to report to the Board on a quarterly basis. The Currency Advisory Committee met twice in 2008.

9. Assessments Disclose whether or not the Board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the Board satisfies itself that the Board, its committees, and its individual directors are performing effectively.

The Corporate Governance and Nominating Committee has the responsibility for developing and recommending to the Board, and overseeing the execution of, a process for assessing the effectiveness of the Board as a whole, the committees of the Board and the contribution of individual directors, on a regular basis. The Corporate Governance and Nominating Committee has developed and is continuing to refine an assessment process for the Board, each of its committees, and the contribution of individual directors.

The Corporate Governance and Nominating Committee has, for the last five years, reviewed and approved a performance evaluation questionnaire that was forwarded to all of the members of the Board of Directors. This questionnaire covers a wide range of issues providing for quantitative ratings and subjective comments and recommendations in each area. In 2004, all Directors assessed the performance of the Board as a whole, its Committees, the Chair of each Committee, and the Lead Director. Issues addressed included Board composition, Board discussion and

the relationship with the CEO, Director orientation and ongoing development, definition of roles and responsibilities, Board and Director evaluation, Director compensation, CEO and management succession, strategic planning and supporting plans, Committees, and the role of the Lead Director. Responses were tabulated and analyzed through independent Board governance consultants, without attribution of comments to individual directors, and a summary report was provided to the Lead Director, and through him, to the Committee and the full Board, with recommendations for improvement where required. In 2005, each Director assessed his own performance. Issues addressed included skills and experience, preparation, attendance and availability, communication and interaction, strategies and plans, business, corporation and industry knowledge, and an overall assessment. Responses were provided to the Lead Director. In 2006, a peer review was completed by the Directors. Each Director was asked to evaluate the contribution of each of the other Directors in the following areas: preparation and availability, accountability and transparency, contribution to strategic planning, oversight of performance and risk, contribution to supervision and relationship with management, contribution to Board internal effectiveness, and overall contribution of the individual Director. Each Director was also asked to comment on what additional skills, experience and information could benefit the Board and how they might be accessed,

what were his and his fellow Directors most recent accomplishments for the Corporation, and what each Director sought to accomplish with his fellow Directors over the next 1-2 years at the Corporation. The Lead Director was provided with a report detailing the average (mean) ratings for all Directors of the portion of the questionnaire dealing with the contribution of individual Directors, and a summary of the responses to the portion dealing with overall Board contribution, on a non-attributed basis. Each individual Director was provided with a confidential report card containing their peers assessment of their contribution. The Lead Director met with each Director to discuss individual and Board performance, and reported the overall results to the Board of Directors.

In each of 2007 and 2008, the Board completed collective, and/or self-assessment and peer reviews, as described above. The Corporate Governance and Nominating Committee intends to continue these processes on a regular basis.

These evaluations showed that the Board, its Committees, the Committee Chairs, the Lead Director and individual Directors were effectively fulfilling their responsibilities.

SCHEDULE B
EQUITY INCENTIVE PLAN RESOLUTION

BE IT RESOLVED, as an ordinary resolution, that:

1. the Amended and Restated Equity Incentive Plan of the Corporation (the **Amended Plan**), as described in, and attached as Schedule C to, the Management Information Circular of the Corporation dated March 27, 2009 which:
 - (a) replaces the maximum limit of Common Shares that may be reserved for issuance under the existing Employees and Directors Equity Incentive Plan (the Existing Plan) with a rolling plan provision that (i) provides that the aggregate number of Common Shares that may be reserved for issuance under the Amended Plan (together with any other securities based compensation arrangements of the Corporation in effect from time to time) shall not exceed 6.5% of the Common Shares issued and outstanding from time to time; and (ii) in respect of which unallocated options, rights or other entitlements under the Amended plan are subject every three years to approval of the Corporation's shareholders as required by The Toronto Stock Exchange;
 - (b) increases the maximum number of Common Shares which the Corporation may issue under the Bonus Plan component of the Incentive Plan to 4,500,000 Common Shares from 3,500,000 Common Shares;
 - (c) amends the provisions of the Existing Plan relating to option terms and vesting for future options granted under the Amended Plan in Section 25 thereof, subject to the discretion of the Board;
