Pennsylvania Real Estate Investment Trust Reports
2003 First Quarter Results
Net Income increased by 33.5%
and FFO increased by 8.4%

Philadelphia, PA, May 14, 2003 Pennsylvania Real Estate Investment Trust (NYSE: PEI) today announced the results for the first quarter ended March 31, 2003. The results were in line with the Company's expectation for the first quarter when it provided guidance for calendar year 2003 on March 6, 2003.

2003 First Quarter Highlights

- o Net income for the 2003 first quarter increased 33.5% to \$5.0 million from \$3.7 million in the 2002 first quarter.
- o Net income per share for the 2003 first quarter increased 28.5% to \$0.30 from \$0.23 in the 2002 first quarter.
- o Funds from Operations (FFO) for the 2003 first quarter increased 8.4% to \$11.5 million from \$10.6 million in the 2002 first quarter.
- o FFO per share for the 2003 first quarter increased by 5.6% to \$0.63 from \$0.60 in the 2002 first quarter.

On March 6, 2003, PREIT announced the signing of a Purchase and Sale Agreement to sell its multifamily portfolio. This pending transaction results in a classification of the properties in the multifamily portfolio as assets held for sale on the consolidated balance sheet and as discontinued operations on the

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 425

consolidated statement of income. The Company's presentation of net operating income (NOI), investment in real estate and mortgage notes within this press release for periods prior to the first quarter of 2003 have been revised to reflect this classification.

- o Combined NOI for 2003 first quarter increased 23.4% to \$17.7 million from \$14.3 million for the 2002 first quarter.

- o Same store NOI for the Company's retail portfolio increased by 4.0% from the 2002 first quarter.

First Quarter Results

Net income for the first quarter ended March 31, 2003 was \$4,977,000, or \$0.30 per share, on 16,545,000 weighted average shares of beneficial interest outstanding, compared to \$3,727,000, or \$0.23 per share, on 15,927,000 weighted average shares of beneficial interest outstanding for the 2002 first quarter. Net income for the first quarter of 2003 included a gain of \$1,191,000 on the sale of land at Crest Plaza Shopping Center, Allentown, PA to Target.

For the first quarter ended March 31, 2003, the Company's total FFO increased 8.4% to \$11,534,000 from \$10,642,000 for the comparable three-month period in 2002. FFO per share was \$0.63 in the first quarter of 2003 as compared to \$0.60 in the first quarter of 2002, an increase of 5.6%. This increase is a result of completed development and redevelopment projects; the acquisition of Beaver Valley Mall; and internal growth in the Company's retail portfolio. A reconciliation of net income to FFO can be found on page 9.

Weighted average shares of beneficial interest/Operating Partnership units outstanding (collectively, shares) increased by 2.6% to 18,308,000 for the quarter ended March 31, 2003 from 17,843,000 for the quarter ended March 31, 2002.

NOI from wholly-owned properties and the Company's proportionate share of partnerships and joint venture properties increased 23.4% to \$17,705,000 for the 2003 first quarter from \$14,347,000 for the 2002 first quarter. This increase is a result of completed development and redevelopment projects; the acquisition of a 30% interest in Willow Grove Park; the acquisition of Beaver Valley Mall; and internal growth in the Company's retail portfolio. A reconciliation of net income to net operating income can be found on page 10.

Portfolio Performance - Retail: Same Store NOI Growth & Occupancy Levels

In the first quarter of 2003, same store NOI for the Company's retail portfolio increased 4.0% over the first quarter of 2002. Same stores NOI growths for the comparable period was primarily driven by higher revenues from the leasing of previously vacant space, lease renewals at higher rents and scheduled rent increases.

The Company has continued its focus on upgrading the merchandise offerings at targeted retail assets. In this vein, during the current quarter the Company gained control of the Ames Department Store at Dartmouth Mall, Dartmouth, MA. The closing of the Ames store was the primary cause of a decrease in the Company's same store occupancy level during the first quarter 2003. Occupancy in the Company's same store retail portfolio decreased to 93.6%, 150 basis points lower than the 95.1% occupancy rate in the first quarter of 2002. The Company's power centers and enclosed malls were 97.5% and 90.0% occupied, respectively, as of March 31, 2003. The Company's same store mall properties reported that sales decreased 1.1% to \$380 per square foot in the trailing twelve months ended March

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 425

31, 2003, from \$384 per square foot for the comparable period ended March 31, 2002.

Portfolio Performance - Multifamily- Discontinued operations: Same Store NOI Growth & Occupancy Levels

In the first quarter of 2003, same store NOI for the Company's multifamily properties decreased 3.2% from the first quarter of 2002. A 2.9% increase in rents offset by an 11.6% increase in vacancies and concessions, resulted in a 1.8% increase in revenues. The revenue increase was offset by a 9.6% increase in operating expenses due primarily to increases in real estate taxes for the Florida portfolio, insurance costs and an increase of \$140,000 in weather related expenses in the first quarter 2003 as compared to the first quarter 2002.

Occupancy in the Company's multifamily portfolio was 93.3% as of the end of the first quarter of 2003, or 100 basis points lower than the 94.3% occupancy level reported in the first quarter of 2002.

Leasing Update

During the 2003 first quarter, the Company executed twenty-two retail leases encompassing 46,802 square feet at an average rent per square foot of \$32.10. New leases for previously leased space accounted for five transactions totaling 6,660 square feet at an average rent of \$42.45, or \$4.69 higher than the average prior rent. Fourteen tenants renewed leases, representing 35,368 square feet at an average renewal rent of \$28.65 per square foot, an increase of \$5.78 per square foot over the rent at expiration. The Company also executed transactions for three formerly vacant spaces totaling 4,774 square feet. The average rent for these formerly vacant spaces was \$43.23 per square foot.

Wal-Mart is currently fixturing their 114,000 square foot store in Northeast Tower Center, Philadelphia, PA. Wal-Mart is expected to open during the second quarter of 2003 with annualized minimum rent of \$6.25 per square foot. With the opening of Wal-Mart, the center will be 100% leased and occupied.

Portfolio Composition

The Company ended the 2003 first quarter with investments in real estate of \$647,184,000, a decrease of \$492,000 from \$647,676,000 in the fourth quarter of 2002. This decrease is primarily a result of the sale of land to Target at Crest Plaza Shopping Center, Allentown, PA.

Strategic Update

Ronald Rubin, Chairman and Chief Executive Officer of PREIT said, "First quarter results reflect continued strength in our retail portfolio as we experienced 8.4% growth in FFO and 5.6% growth in FFO per share. Management is focusing on delivering strong performance from our expanded retail portfolio as we integrate the first four Philadelphia-area shopping malls purchased from The Rouse Company in late April. The purchase of the two remaining Rouse properties is expected to be completed before the close of the second quarter.

Furthermore, the simultaneous announcement this morning of our merger with Crown American Realty Trust positions our company as a leading Mid-Atlantic shopping mall REIT. This merger significantly expands our strategic retail portfolio and provides a greater platform to enhance operating leverage and drive future performance."

Jonathan B. Weller, PREIT's President and Chief Operating Officer commented, "We are focused on expanding our retail portfolio as evidenced by our announced merger with Crown American Realty Trust and the Rouse transaction. In the first quarter, we continued with the redevelopment of Magnolia Mall in South Carolina including the renovation of the mall common areas. We have also purchased the lease for the former Ames Department Store at Dartmouth Mall in Massachusetts, where we will be expanding the gross leasable area to accommodate Filene's as the new anchor tenant. These redevelopment activities will continue to drive future performance for PREIT as we add to and enhance our shopping center assets."

Development Pipeline

The Company had two retail properties under development, totaling 0.8 million square feet as of March 31, 2003. The expected investment in the current development pipeline is \$54,363,000, with \$6,668,000 funded as of March 31, 2003.

Dartmouth Mall

During this quarter, the Company completed a \$1.75 million acquisition of the approximately 93,000 square foot Ames Department Store lease at Dartmouth Mall, Dartmouth, MA. The lease was purchased from Ames Realty II, Inc. out of bankruptcy. The annualized revenues were \$1.42 per square foot including base rent of \$1.09 per square foot. The Company has executed a Letter of Intent for the sale of a pad site to the May Company for the addition of a 140,000 square foot Filene's.

Crest Plaza

During this quarter, the Company sold a parcel of land located at Crest Plaza Shopping Center, Allentown, PA to Target for a purchase price of \$3,200,000. The Company recognized a gain of approximately \$1,191,000 from the sale in this quarter. The Company anticipates that Target will open in the third quarter of 2003.

Line of Credit

As of March 31, 2003, the Company had approximately \$147,574,000 outstanding under the Company's \$200,000,000 revolving line of credit facility. At March 31, 2003 the Company had \$6,538,000 of available borrowing capacity remaining with the existing property collateral pool.

Capital Resources

Edward Glickman, Chief Financial Officer of PREIT commented, "We recently secured from Wells Fargo a \$200 million senior unsecured loan to finance the cash portion of the aggregate purchase price of Cherry Hill Mall, Moorestown Mall, The Gallery at Market East and Exton Square Mall. The facility was comprised of a \$175 million term loan and a \$25 million revolving line of credit. We expect to repay the loan with the cash proceeds from the sale of our multifamily portfolio and additional fixed rate non-recourse debt that will be secured by some of the newly acquired properties and some of PREIT's existing retail properties. This will reduce our leverage to historical levels and enable us to meet our operational and investment goals for the remainder of the year."

Subsequent Events

Today, PREIT and Crown American Realty Trust (NYSE: CWN) announced that they

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 425

have entered into a definitive merger agreement in which Crown will merge into PREIT. The merger will position PREIT as a leading shopping mall REIT in the Mid-Atlantic region. The boards of trustees of both companies have unanimously approved the merger. Reference is made to that Press Release for information concerning the transaction.

On April 10, 2003 PREIT announced that the purchaser of the Company's multifamily portfolio had secured and accepted debt and equity financing commitments in the full amount necessary to close the purchase of the multifamily portfolio. PREIT filed the second amendment to the Purchase and Sale Agreement as an exhibit to a Form 8-K filed on April 10, 2003 with the Securities and Exchange Commission. The sale of the multifamily properties is subject to requisite consents and other conditions.

In the second quarter of 2003, the Company sold its interest in Cambridge Hall Apartments, a 233-unit apartment complex in West Chester, PA to its partner for a price of \$6,700,000, including the assumption of \$2,500,000 in mortgage debt. The partner exercised its right of first refusal at the same price that was specified in the Company's purchase agreement to sell its entire multifamily portfolio. The Company is expected to record a gain of approximately \$4,000,000 in the second quarter of 2003.

On April 29, 2003 PREIT announced that it had completed the acquisition of the first four of the Rouse assets including Cherry Hill Mall, Moorestown Mall, The Gallery at Market East and Exton Square Mall. The properties acquired in this closing total approximately 3.6 million square feet with an aggregate purchase price of \$469 million. The remaining two properties, Plymouth Meeting Mall and Echelon Mall, with approximately 2.0 million square feet and a purchase price of \$79 million are expected to be acquired prior to the end of this quarter.

PREIT is financing the acquisition of the Rouse portfolio through a combination of the assumption of \$277 million of existing non-recourse mortgage debt, the issuance of \$35 million of OP units, a \$175 million term acquisition loan and \$61 million from the anticipated refinancing of PREIT portfolio assets. PREIT obtained the \$175 million acquisition term loan and a \$25 million revolving line of credit from Wells Fargo Bank. It is intended that any net proceeds from the sale of its multifamily portfolio will be applied to repay the Wells Fargo loans. Approximately \$17.8 million of the OP units are expected to be issued in the second quarter of 2004.

2003 and 2004 Forecast

In its March 6, 2003 announcement of the Rouse and Multifamily transactions, PREIT provided FFO guidance of between \$3.16 and \$3.28 per share for calendar year 2003. The calendar year 2003 base case has increased to \$3.39 to \$3.51 per share attributable primarily to the earlier than expected closing of the first four Rouse assets. This base case assumes the acquisition of the remaining two Rouse properties in the second quarter of 2003 and the completion of the multifamily sale in the beginning of the third quarter of 2003. Based on the same assumptions, PREIT estimates calendar year 2004 FFO to be \$3.62 to \$3.74 per share.

PREIT Announces First Quarter 2003 Results

May 14, 2003

Page 6

For modeling purposes it has been assumed that the merger transaction will close at the beginning of the fourth quarter of 2003 with the first full year of combined operations in calendar year 2004. After giving effect to a one-time restructuring charge of approximately \$6.75 million, or \$.30 per share, PREIT estimates FFO for the calendar year 2003 to be \$3.34 to \$3.46 per share.

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 425

Assuming completion of the merger, PREIT expects \$0.64 per share of FFO accretion in 2004 compared to the base case and estimates calendar year 2004 FFO to be \$4.26 to \$4.38 per share.

Dividend Declaration

The Company also announced today that its Board of Trustees has approved a quarterly cash dividend of \$0.51 per share. The dividend will be paid on June 16, 2003 to shareholders and unitholders of record on May 30, 2003. The June 16, 2003 dividend payment will be PREIT's 105th consecutive distribution since its initial dividend paid in August of 1962. Throughout its history, the Company has never omitted or reduced a shareholder dividend.

Definitions

NAREIT defines FFO as income before gains (losses) on property sales and extraordinary items (computed in accordance with GAAP); plus real estate depreciation and similar adjustments for unconsolidated joint ventures after adjustments for non-real estate depreciation and amortization of financing costs. The Company computes FFO in accordance with standards established by NAREIT, which may not be comparable to FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition, or that interpret the current NAREIT definition differently than the Company. FFO does not represent cash generated from operating activities in accordance with GAAP and should not be considered to be an alternative to net income (determined in accordance with GAAP) as an indication of the Company's financial performance or to be an alternative to cash flow from operating activities (determined in accordance with GAAP) as a measure of the Company's liquidity, nor is it indicative of funds available for the Company's cash needs, including its ability to make cash distributions. The Company believes that net income is the most directly comparable GAAP measurement to FFO. The Company believes that FFO is helpful to investors as a measure of operating performance because it excludes various items included in net income that do not relate to or are not indicative of operating performance, such as various non-recurring items, gains on sales of real estate and depreciation and amortization of real estate.

NOI is derived from real estate revenues (determined in accordance with GAAP) minus property operating expenses (determined in accordance with GAAP). NOI does not represent cash generated from operating activities in accordance with GAAP and should not be considered to be an alternative to net income (determined in accordance with GAAP) as an indication of the Company's financial performance or to be an alternative to cash flow from operating activities (determined in accordance with GAAP) as a measure of the Company's liquidity; nor is it indicative of funds available for the Company's cash needs, including its ability to make cash distributions. The Company believes that net income is the most directly comparable GAAP measurement to NOI. The Company believes that NOI is helpful to investors as a measure of operating performance because it is an indicator of the return on investment on the properties, and provides a comparison measurement of the properties over time. NOI excludes general and administrative expenses, management company revenues, interest income, interest expense, depreciation and amortization, income from discontinued operations and gains on sales of interest in real estate.

Page 7

EBITDA is Earnings before interest, taxes, depreciation and amortization. On a property level, EBITDA and NOI are equivalent; however, certain corporate revenues and expenses are added and deducted to/from NOI to derive EBITDA on a company wide basis. Specifically, management company revenues and interest income are added to NOI while corporate payroll and other General and

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 425

Administrative expenses are deducted from NOI to calculate EBITDA. The Company believes that net income is the most directly comparable GAAP measurement to EBITDA. The Company believes that EBITDA helps the Company and its investors evaluate the ongoing operating performance of its properties and facilitate comparisons with other REITs and real estate companies. These measures assist management by providing a baseline to assess property-level results, particularly as the Company acquires or sells assets. The EBITDA measures presented by the Company may not be comparable to other similarly titled measures of other companies.
