April 5, 2005

Dear Fellow Stockholder:

You are cordially invited to attend the 2005 Annual Meeting of Stockholders of Minerals Technologies Inc., which will be held on Wednesday, May 25, 2005, at 2:00 p.m., at the offices of JPMorgan Chase & Co., 18th floor, Room A, 277 Park Avenue (between 47th and 48th Streets), New York, New York 10017.

At this year's meeting, you will be asked to consider and to vote upon the election of four directors. Your Board of Directors unanimously recommends that you vote **FOR** the nominees.

You will also be asked to ratify the appointment of KPMG LLP as our independent registered public accounting firm for the 2005 fiscal year. The Board continues to be satisfied with the services KPMG LLP has rendered to Minerals Technologies Inc., and unanimously recommends that you vote **FOR** this proposal.

The two items upon which you will be asked to vote are discussed more fully in the Proxy Statement. I urge you to read the Proxy Statement completely and carefully so that you can vote your interests on an informed basis.

Your vote is important! Whether or not you plan to attend the meeting, and regardless of the number of shares you own, your representation and vote are very important and you should vote your shares. Therefore, I urge you to complete, sign, date and return the enclosed proxy card promptly in the accompanying postage prepaid envelope. All stockholders of record, and many street-name holders, may also vote by internet, or by touchtone telephone from the United States and Canada, using the instructions on the proxy card. If you return a signed proxy without marking it, it will be voted in accordance with management's recommendations. You may, of course, attend the Annual Meeting and vote in person, even if you have previously submitted a proxy.

Sincerely,

Paul R. Saueracker
*Chairman, President and
Chief Executive Officer*

This Proxy Statement is printed on paper containing precipitated calcium carbonate ("PCC")
produced by Minerals Technologies Inc.

NOTICE OF THE ANNUAL MEETING OF STOCKHOLDERS

May 25, 2005

The Annual Meeting of Stockholders of MINERALS TECHNOLOGIES INC., a Delaware corporation, will be held on Wednesday, May 25, 2005, at 2:00 p.m., at the offices of JPMorgan Chase & Co., 18th Floor, Room A, 277 Park Avenue (between 47th and 48th Streets), New York, New York 10017, to consider and take action on the following items:

(1) the election of four directors;

(2) a proposal to ratify the appointment of KPMG LLP as the independent registered public accounting firm of Minerals Technologies Inc. for the 2005 fiscal year; and

(3) any other business that properly comes before the meeting, either at the scheduled time or after any adjournment.

Stockholders of record as of the close of business on March 28, 2005, are entitled to notice of and to vote at the meeting.

By Order of the Board of Directors,

Kirk G. Forrest
*Vice President, General Counsel and
Secretary*

New York, New York
April 5, 2005

IMPORTANT

Whether or not you plan to attend in person, please vote by completing and mailing the enclosed proxy. We ask you to mark your choices, sign, date and return the proxy as soon as possible in the enclosed postage prepaid envelope. Alternatively, all stockholders of record, and many street-name holders, can vote by internet, or by touchtone telephone from the United States and Canada, using the instructions on the proxy card. If you return a signed proxy without marking it, it will be voted in accordance with management's recommendations. By promptly submitting a proxy, you will aid us in reducing the expense of additional proxy solicitation.

PROXY STATEMENT

This proxy statement (“Proxy Statement”) contains information related to the annual meeting of stockholders (the “Annual Meeting”) of Minerals Technologies Inc. (the “Company”) to be held at 2:00 p.m. on Wednesday, May 25, 2005, at the offices of JPMorgan Chase & Co., 18th floor, Room A, at 277 Park Avenue (between 47th and 48th Streets), New York, NY 10017. Minerals Technologies Inc. is sending this Proxy Statement and form of proxy to its stockholders on or about April 5, 2005.

**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS
AND THE ANNUAL MEETING**

Why am I being sent these materials?

Ø Minerals Technologies Inc. is sending this Proxy Statement and form of proxy card to its stockholders to ask them to appoint proxies who will represent them at the Annual Meeting of Stockholders. If a quorum does not attend or is not represented by proxy, the meeting will have to be adjourned and rescheduled.

Who is asking for my proxy?

Ø The Board of Directors asks you to submit a proxy for your shares so that even if you do not attend the meeting, your shares will be counted as present at the meeting and voted as you direct.

What is the agenda for the Annual Meeting?

Ø At the Annual Meeting, stockholders will vote on two questions: the election of Paula H. J. Cholmondeley, Duane R. Dunham, Steven J. Golub and Jean-Paul Vallès as members of the Board of Directors, and ratification of the appointment of KPMG LLP as our independent registered public accounting firm. Also, our management will make a brief presentation about the business of Minerals Technologies Inc., and representatives of KPMG LLP will make themselves available to respond to any questions from the floor.

The Board does not know of any other business that will be presented at the Annual Meeting. The form of proxy gives the proxies discretionary authority with respect to any other matters that come before the Annual Meeting, and if such matters arise the individuals named in the proxy will vote according to their best judgment.

How does the Board of Directors recommend I vote?

Ø The Board unanimously recommends that you vote for each of the nominees for director, Paula H. J. Cholmondeley, Duane R. Dunham, Steven J. Golub and Jean-Paul Vallès, and for ratification of the appointment of KPMG LLP to continue as our auditors.

Who can attend the Annual Meeting?

Ø Any stockholder of Minerals Technologies Inc., any past or present employee, and other invitees may attend the Annual Meeting.

Who can vote at the Annual Meeting?

Ø Anyone who owned shares of our Common Stock at the close of business on March 28, 2005, the "Record Date," may vote those shares at the Annual Meeting. Each share is entitled to one vote.

What constitutes a quorum for the meeting?

Ø According to the by-laws of Minerals Technologies Inc., a quorum for all meetings of stockholders consists of the holders of a majority of the shares of common stock issued and outstanding and entitled to vote, present in person or by proxy. On the Record Date there were 20,504,088 shares of common stock issued and outstanding, so at least 10,252,045 shares must be represented at the meeting for business to be conducted.

Shares of common stock represented by a properly signed and returned proxy are treated as present at the Annual Meeting for purposes of determining a quorum, whether the proxy is marked as casting a vote or abstaining.

Shares represented by "broker non-votes" are also treated as present for purposes of determining a quorum. Broker non-votes are shares held in record name by brokers or nominees, as to which the broker or nominee (i) has not received instructions from the beneficial owner or person entitled to vote, (ii) does not have discretionary voting power under applicable New York Stock Exchange rules or the document under which it serves as broker or nominee, and (iii) has indicated on the proxy card, or otherwise notified us, that it does not have authority to vote the shares on the matter.

If a quorum does not attend or is not represented, the Annual Meeting will have to be postponed.

How many votes are required for each question to pass?

Ø The by-laws state that directors are to be elected by a plurality vote of the shares of stock present and entitled to vote, in person or by proxy. All other questions are determined by a majority of the votes cast on the question, except as otherwise provided by law or by the Certificate of Incorporation of Minerals Technologies Inc.

What is the effect of abstentions and broker-non-votes?

Ø Abstentions and broker non-votes as to the election of directors will not affect the outcome of the election of directors. All other questions require a majority of votes cast in order to pass. All votes cast in favor of a given proposal, and all votes cast against it, are added together for a total sum of votes on that proposal. Abstentions and broker non-votes as to the proposal will not affect the outcome, because they will not be included in calculating the number of votes necessary for approval and will not count as votes cast for or against the question.

Who will count the votes?

Ø A representative of our transfer agent, EquiServe Trust Company, N.A., will serve as inspector of election.

Who are Minerals Technologies Inc.'s largest stockholders?

Ø As of January 31, 2005, T. Rowe Price Associates, Inc. owned 6.6%; Franklin Resources, Inc. owned 6.3%; Primecap Management Company owned 6.2%; State Street Bank and Trust Company owned 5.7%; Vanguard Horizon Funds—Vanguard Capital Opportunity Fund owned 5.2% and Manning & Napier Advisors, Inc. owned 5.1%, of our common stock. No other person owned of record, or, to our knowledge, owned beneficially, more than 5% of our common stock.

How can I cast my vote?

Ø You can vote by completing and mailing the enclosed proxy. We ask you to mark your choices, sign, date and return the proxy as soon as possible in the enclosed postage prepaid envelope.

All stockholders of record, and many street-name holders, can also vote by internet, or by touchtone telephone from the United States and Canada, using the instructions on the proxy card.

You can attend the Annual Meeting and vote your shares in person; if you do, you should bring the enclosed proxy card with you as proof of the number of shares you owned on the Record Date.

What if I submit a proxy but don't mark it to show my preferences?

Ø If you return a properly signed proxy without marking it, it will be voted in accordance with management's recommendations on all proposals.

What if I submit a proxy and then change my mind?

Ø If you submit a proxy, you can revoke it at any time before it is voted by submitting a written revocation or a new proxy, or by voting in person at the Annual Meeting. However, if you have shares held through a brokerage firm, bank or other custodian, you can revoke an earlier proxy only by following the custodian's procedures.

Who is paying for this solicitation of proxies?

Ø Minerals Technologies Inc. pays the cost of this solicitation. In addition to soliciting proxies through the mail using this Proxy Statement, we may solicit proxies by telephone, facsimile, electronic mail and personal contact. These solicitations will be made by our regular employees without additional compensation. We have also engaged Morrow & Co., Inc. to assist in this solicitation of proxies, and we have agreed to pay that firm \$4,000 for its assistance, plus expenses.

Where can I learn the outcome of the vote?

Ø The Corporate Secretary will announce the preliminary voting results at the Annual Meeting, and we will publish the final results in our quarterly report on Form 10-Q for the second quarter of 2005.

CORPORATE GOVERNANCE

The Board of Directors has established Corporate Governance Guidelines pursuant to which all members of the Board of Directors are expected to attend the Annual Meeting of Stockholders. The Board has established a code of ethics for the Company's chief executive officer, chief financial officer, and chief accounting officer, entitled Code of Ethics for Senior Financial Officers. The Board has also established a code of business conduct and ethics for directors, officers and employees of the Company entitled Summary of Policies on Business Conduct. The Corporate Governance Guidelines, the Code of Ethics for Senior Financial Officers and the Summary of Policies on Business Conduct are posted on our website, www.mineralstech.com, under the link entitled "Corporate Governance" and are available in print to any stockholder who requests them by writing to Secretary, Minerals Technologies Inc., The Chrysler Building, 405 Lexington Avenue, New York NY 10174-0002.

The Board of Directors met eight times in 2004. Each of the directors attended at least 75% of the meetings of the Board and committees on which he or she served in 2004. At each regular meeting of the Board of Directors, the independent directors meet in executive session outside the presence of the non-independent directors or any member of management. These executive sessions are presided over by the chair of whichever committee of the Board has primary responsibility for the principal matter to be discussed. If no specific topic is proposed for the executive session, then the position of presiding director rotates among the chairs of the Audit, Compensation, and Corporate Governance committees.

The Board has adopted the following categorical standards to guide it in determining whether a member of the Board can be considered "independent" for purposes of Section 303A of the Listed Company Manual of the New York Stock Exchange: A director will not be independent if, within the preceding three years:

- Ø the director was employed by the Company, or an immediate family member of the director was employed by the Company as an executive officer;
- Ø the director or an immediate family member of the director received more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pensions or other forms of direct compensation for prior service (provided such compensation is not contingent in any way on continued service);
- Ø the director was employed by or affiliated with the Company's independent registered public accounting firm or an immediate family member of the director was employed by or affiliated with the Company's independent registered public accounting firm in a professional capacity;
- Ø the director or an immediate family member was employed as an executive officer of another company where any of this Company's present executives served on that company's compensation committee; and
- Ø the director was an executive officer or an employee, or had an immediate family member who was an executive officer, of a company that made payments to, or received payments from, the Company for goods or services in an amount which, in any single fiscal year, exceeded the greater of \$1,000,000 or 2% of the other company's consolidated gross revenues.

In the case of each director who qualifies as independent, the Board is aware of no relationships between the director and the Company and its senior management, other than the director's membership on the Board of the Company and on committees of the Board. As a result of its application of the categorical standards and the absence of other relationships, the Board has affirmatively determined (with each member abstaining from consideration of his or her own independence) that none of the following members of the Board violates the categorical standards or otherwise has a relationship with the Company and, therefore, each is independent: Ms. Paula H. J. Cholmondeley, Mr. John B. Curcio, Mr. Duane R. Dunham, Mr. Steven J. Golub, Dr. Kristina M. Johnson, Mr. Joseph C. Muscari, Mr. Michael F. Pasquale, Dr. John T. Reid, Mr. William C. Stivers and Dr. Jean-Paul Vallès.

Stockholder Proposals

The following are Minerals Technologies Inc.'s procedures for considering stockholder nominations for election to the Board of Directors, as well as other items of business. While the Board has not established any minimum set of qualifications for membership on the Board, it is expected that candidates will have substantial business experience, some familiarity with the industries that Minerals Technologies Inc. serves, and an understanding and appreciation of the responsibilities of a company whose shares are listed on a national securities exchange.

The Corporate Governance Committee will consider nominations of candidates for director, and the Board of Directors will consider other items of business, that are proposed by stockholders. The Company's by-laws describe the procedures that a stockholder must follow to nominate a candidate for director or to introduce an item of business at a meeting of stockholders. These procedures provide that nominations for directors and items of business to be introduced at an annual meeting of stockholders must be submitted in writing to the Secretary of Minerals Technologies Inc. at The Chrysler Building, 405 Lexington Avenue, New York, NY 10174-0002. If intended to be considered at an annual meeting, the nomination or proposed item of business must be received not less than 70 days nor more than 90 days in advance of the first anniversary of the previous year's annual meeting. Therefore, for purposes of the 2006 annual meeting, any nomination or proposal must be received between February 24 and March 16, 2006. With respect to any other meeting of stockholders, the nomination or item of business must be received not later than the close of business on the tenth day following the date of our public announcement of the date of the meeting. Under the rules of the Securities and Exchange Commission, if a stockholder proposal intended to be presented at the 2006 annual meeting is to be included in the proxy statement and form of proxy relating to that meeting, we must receive the proposal at the address above no later than December 6, 2005.

The nomination or item of business must contain:

- Ø The name and address of the stockholder giving notice, as they appear in our books (and of the beneficial owner, if other than the stockholder, on whose behalf the proposal is made);
- Ø The class and number of shares of stock owned of record or beneficially by the stockholder giving notice (and by the beneficial owner, if other than the stockholder, on whose behalf the proposal is made);
- Ø A representation that the stockholder is a holder of record of stock entitled to vote at the meeting, and intends to appear at the meeting in person or by proxy to make the proposal; and
- Ø A representation whether the stockholder (or beneficial owner, if any) intends, or is part of a group which intends, to deliver a proxy statement and form of proxy to holders of at least the percentage of outstanding stock required to elect the nominee or approve the proposal and/or otherwise solicit proxies from stockholders in support of the nomination or proposal.

Any notice regarding the introduction of an item of business at a meeting of stockholders must also include:

- Ø A brief description of the business desired to be brought before the meeting;
- Ø The reason for conducting the business at the meeting;
- Ø Any material interest in the item of business of the stockholder giving notice (and of the beneficial owner, if other than the stockholder, on whose behalf the proposal is made); and
- Ø If the business includes a proposal to amend the by-laws, the language of the proposed amendment.

Any nomination of a candidate for director must also include:

- Ø A signed consent of the nominee to serve as a director, if elected;

- Ø The name, age, business address, residential address and principal occupation or employment of the nominee;
- Ø The number of shares of Minerals Technologies Inc. common stock beneficially owned by the nominee; and
- Ø Any additional information that would be required under the rules of the Securities and Exchange Commission in a proxy statement soliciting proxies for the election of that nominee as a director.

Stockholders and any other interested parties may communicate directly by e-mail with the independent members of the Board at the following address: *independent.directors@mineralstech.com*. The independent members of the Board have direct access to all messages sent to this address; the messages are monitored by the office of the General Counsel of Minerals Technologies Inc. No message sent to this address will be deleted without the approval of the chair of whichever committee of the Board has primary responsibility for the principal subject matter of the message.

COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors has established, and approved formal written charters for, an Audit Committee, a Compensation Committee, and a Corporate Governance Committee. The full texts of the charters of these three committees are available at our website, *www.mineralstech.com*, by clicking on “Corporate Governance” and are available in print to any stockholder who requests them by writing to Minerals Technologies Inc., The Chrysler Building, 405 Lexington Avenue, New York NY 10174-0002, Attn: Secretary.

The Audit Committee

The Audit Committee consists of Mr. Pasquale (Chair), Dr. Johnson, Dr. Reid and Mr. Stivers, who are not employees of Minerals Technologies Inc. The Board of Directors has determined that each of the members of the Audit Committee is independent and financially literate in accordance with the rules of the New York Stock Exchange, as well as being independent under the rules of the Securities and Exchange Commission. The Board has also determined that Mr. Pasquale, Chair of the Audit Committee, is an “audit committee financial expert” for purposes of Section 407 of the Sarbanes-Oxley Act of 2002, and has “financial expertise” for purposes of the rules of the New York Stock Exchange. The Audit Committee met five times in 2004.

The primary duties of the Audit Committee are:

- Ø To assist the Board of Directors in its oversight of (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the qualifications and independence of the Company's independent registered public accounting firm; and (iv) the performance of the Company's internal audit function and independent registered public accounting firm;
- Ø To appoint, compensate, and oversee the work of any registered public accounting firm employed by the Company (including resolution of disagreements between management and the auditors concerning financial reporting) for the purpose of preparing or issuing an audit report or related work. Each such registered public accounting firm shall report directly to the Committee; and
- Ø To prepare the report of the Committee required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement.

In addition to its regularly scheduled meetings, the Audit Committee is available either as a group or individually to discuss any matters that might affect the financial statements, internal controls or other financial aspects of the operations of Minerals Technologies Inc. The Chair of the Audit Committee may be reached directly at the following e-mail address: *audit.chair@mineralstech.com*.

The Compensation Committee

The Compensation Committee currently consists of Mr. Curcio (Chair), Mr. Dunham, Mr. Golub and Mr. Muscari, who are not employees of Minerals Technologies Inc. The Board of Directors has determined that each of the members of the Compensation Committee is independent in accordance with the rules of the New York Stock Exchange. The Compensation Committee met four times in 2004.

The primary duties of the Compensation Committee are:

- Ø To participate in the development of our compensation and benefits policies;
- Ø To establish, and from time to time vary, the salaries and other compensation of the Company's employee-directors and other elected officers; and
- Ø To participate in top-level management succession planning.

The Chair of the Compensation Committee may be reached directly at the following e-mail address: *compensation.chair@mineralstech.com*.

The Corporate Governance Committee

The Corporate Governance Committee currently consists of Dr. Reid (Chair), Ms. Cholmondeley, Mr. Dunham, Dr. Johnson and Dr. Vallès, who are not employees of Minerals Technologies Inc. The Board of Directors has determined that each of the members of the Corporate Governance Committee is independent in accordance with the rules of the New York Stock Exchange. The Corporate Governance Committee met six times in 2004.

The primary duties of the Corporate Governance Committee are:

- Ø The identification of individuals qualified to become Board members and the recommendation to the Board of nominees for election to the Board at the next annual meeting of stockholders or whenever a vacancy shall occur on the Board;
- Ø The establishment and operation of committees of the Board; and
- Ø The development and recommendation to the Board of corporate governance principles applicable to the Company.

The Corporate Governance Committee monitors the composition of the Board to assure that it contains a reasonable balance of professional interests, business experience, financial experience, and independent directors. If the Committee determines that it is in the best interests of the Company to add new Board members, it will consider nominations from several sources, including nominations from sitting members of the Board, search firms and stockholders, made in accordance with the by-laws of the Company. All nominees will be evaluated in accordance with the specific needs of the Board and the Company, as determined from time to time by the Board. The Committee will use its best judgment in recommending to the Board nominees for election, without regard to the source of the nominations.

The Chair of the Corporate Governance Committee may be reached directly at the following e-mail address: *governance.chair@mineralstech.com*.

COMPENSATION OF DIRECTORS

Fees

Each of the directors, other than directors who are officers or employees of Minerals Technologies Inc., receives an annual retainer fee of \$25,000 for serving as a director. Non-employee directors also receive a fee of \$2,000 for each meeting of the Board they attend and \$1,000 for each committee meeting they attend, except that a director who acts as the chair of a committee receives \$1,500 for each committee meeting he or she chairs. Directors also receive

compensation under the plans described below.

Nonfunded Deferred Compensation and Unit Award Plan for Non-Employee Directors

Under the Nonfunded Deferred Compensation and Unit Award Plan for Non-Employee Directors, directors who are not employees of Minerals Technologies Inc. have the right to defer their fees. At each director's election, his or her deferred fees will be credited to his or her account either as dollars or as units which have the economic value of one share of Minerals Technologies Inc. stock. Dollar balances in a director's account bear interest at a rate of return equal to the rate of return for the Fixed Income Fund in the Minerals Technologies Inc. Savings and Investment Plan. If a director elects to have his or her deferred fees credited to his or her account as units, the number of units credited is calculated by dividing the amount of the deferred fees by the closing price of our common stock as of the last business day prior to the date on which the fees would otherwise be paid.

Each non-employee director is credited with 500 units upon first joining the Board and with an additional 500 units each year as of the date of the Annual Meeting of Stockholders. In addition, non-employee directors serving on the Compensation and Corporate Governance committees receive units totaling \$6,000 in value each year, while the Chair of these committees receives units totaling \$9,000 in value each year. Non-employee directors serving on the Audit Committee receive units totaling \$9,000 in value each year, while the Chair of the Audit Committee receives units totaling \$12,000 in value each year.

The units in a director's account are increased by the value of any dividends on our common stock. In the case of cash dividends, the units are increased by a number calculated by multiplying the cash dividend per share times the number of units in the director's account on the related dividend record date and dividing the result by the closing market price of the common stock on the day prior to the dividend payment date. In the case of stock dividends, the units would be increased by a number calculated by multiplying the stock dividend per share times the number of units in the director's account on the related dividend record date.

At the time of the director's termination of service on the Board, the amount held in his or her account is payable in cash only. Based on the director's prior choice to accumulate dollars or units as described above, the director receives either (i) the amount of his or her deferred fees plus accrued interest, or (ii) an amount determined by multiplying the number of units in his or her account by the closing market price of the common stock on the last business day prior to the date of payment. Payments are made in a lump sum or in installments, at the election of the director.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Dr. Vallès, who is a director and former Chairman and Chief Executive Officer of Minerals Technologies Inc., is a member of the Board of Directors of Pfizer Inc. During 2004, Pfizer Inc. made a series of purchases of precipitated calcium carbonate from Minerals Technologies Inc. totaling approximately \$1.5 million. These transactions were entered into by Minerals Technologies Inc. pursuant to arm's-length negotiations in the ordinary course of business and on terms that we believe to be fair.

Mr. Golub, a director of Minerals Technologies Inc., is Managing Director and Vice Chairman of Lazard LLC ("Lazard"). Minerals Technologies Inc. has engaged Lazard to provide investment banking services from time to time with respect to a variety of financial matters. During 2004, Minerals Technologies Inc. paid Lazard approximately \$55,700 for investment banking services in connection with a terminated acquisition. In addition, Lazard acts as our broker in connection with our ongoing program of repurchases of a portion of our outstanding common stock. To obtain this business, Lazard in an arm's-length transaction, agreed to meet a competitive bid structured as a fixed commission on each share repurchased. Payments by the Company to Lazard in connection with such brokerage services were approximately \$14,655 during 2004.

- (h) Based on a statement on Schedule 13G dated February 11, 2005 filed with the Securities and Exchange Commission on behalf of Vanguard Horizon Funds—Vanguard Capital Opportunity Fund, a registered investment adviser.
- (i) Based on a statement on Schedule 13G dated February 9, 2005 filed with the Securities and Exchange Commission on behalf of Manning & Napier Advisors, Inc., a registered investment adviser.
- (j) 163,930 of these shares are subject to options which are exercisable currently or within 60 days.
- (k) 43,862 of these shares are subject to options which are exercisable currently or within 60 days.
- (l) 23,296 of these shares are subject to options which are exercisable currently or within 60 days.
- (m) 13,268 of these shares are subject to options which are exercisable currently or within 60 days.
- (n) 210 of these shares are held in the name of family members, and Mr. Gray disclaims any beneficial interest in those shares. 14,575 of these shares are subject to options which are exercisable currently or within 60 days.
- (o) 190 of these shares are subject to options which are exercisable currently or within 60 days.
- (p) 296 of these shares are subject to options which are exercisable currently or within 60 days.
- (q) 159 of these shares are subject to options which are exercisable currently or within 60 days.
- (r) 319 of these shares are subject to options which are exercisable currently or within 60 days.

(s) 75,757 of these shares are held by Dr. Vallès and his wife as joint tenants, and Dr. Vallès has shared investment and voting power with respect to those shares. 303,097 of these shares are subject to options which are exercisable currently or within 60 days.

* Less than 1%.

As a group, our directors and officers (22 individuals) own 802,080 shares of common stock (including 626,992 shares subject to options which are exercisable currently or within 60 days), representing approximately 3.8% of the common stock, and 74,570 units.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

During 2004, the Company undertook an extensive review of the reports filed under Section 16(a) of the Securities Exchange Act of 1934 on behalf of each individual who was serving as a director or executive officer of the Company, to determine whether all of their reportable transactions in the Company's equity securities were timely reported and to ensure proper reporting of all of their beneficial holdings. The review revealed that there were some transactions under the Company's Nonfunded Deferred Compensation and Unit Award Plan for Non-Employee Directors (the "Plan") that were not timely reported on the directors' behalf. When these transactions were identified, the Company filed late forms. None of these transactions involved a purchase or sale. Each was a non-market transaction relating to the deferral of payments under the Plan in the form of phantom stock units ("PSUs") earned for meeting attendance, or additional PSUs credited to each director's account representing dividend payments on the PSUs in that account, as provided in the Plan. Since conducting the review, the Company has developed new procedures to ensure improved compliance on an on-going basis. The following paragraph lists the late reports filed on behalf of the directors during 2004 and the number of transactions reflected therein as not reported on a timely basis during that or prior fiscal years.

One late report was filed on behalf of Mr. Curcio which covered 11 transactions (including 8 dividend payments in the form of PSUs), with a net increase of 96 PSUs; one late report was filed on behalf of Mr. Dunham which covered 6 transactions (including 5 dividend payments), with a net increase of 18 PSUs; one late report was filed on behalf of Mr. Golub which covered 11 transactions (including 8 dividend payments), with a net increase of 212 PSUs; one late report was filed on behalf of Dr. Johnson which covered 8 transactions (including 7 dividend payments), with a net increase of 24 PSUs; one late report was filed on behalf of Mr. Pasquale which covered 11 transactions (including 8 dividend payments), with a net increase of 81 PSUs; one late report was filed on behalf of Dr. Reid which covered 6 transactions (including 5 dividend payments), with a net increase of 38 PSUs; one late report was filed on behalf of Mr. Stivers which covered 3 transactions (including 2 dividend payments), with a net increase of 16 PSUs; and one late report was filed on behalf of Dr. Vallès which covered 6 transactions (including 5 dividend payments), with a net increase of 24 PSUs.

Based solely on a review of our records and of copies furnished to us of reports under Section 16(a) of the Securities Exchange Act of 1934, or written representations that no such reports were required, we believe that all reports required to be filed by our directors, officers and greater than 10% stockholders, other than those reports described in the paragraph above, were timely filed.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee Report, the Audit Committee Report, references to the independence of directors, and the Stock Performance Graph are not deemed to be "soliciting material" or "filed" with the Securities and Exchange Commission, are not subject to the liabilities of Section 18 of the Securities Exchange Act of 1934 as amended (the "Exchange Act"), and shall not be deemed incorporated by reference into any filings previously made or made in the future by our company under the Exchange Act or the Securities Act of 1933, as amended, except to the extent that Minerals Technologies Inc. specifically incorporates any such information into a document that is filed.

The following report of the Compensation Committee of the Board sets forth the Committee's policies applicable to the executive officers of Minerals Technologies Inc.

This report is provided by the Compensation Committee of the Board of Directors. The members of the Compensation Committee are independent directors who are not employees of Minerals Technologies Inc., and none serves as a member of the compensation committee of any company that has an executive officer who also serves as a director of Minerals Technologies Inc. The members of the Committee satisfy all applicable requirements for a corporation listed on the New York Stock Exchange and are considered

“independent” as that term has been defined by the Exchange.

The primary purpose of the Compensation Committee is to assist the Board of Directors in the discharge of its responsibilities to the stockholders by overseeing: (1) the executive compensation practices of the Company; (2) administration of the Company's compensation and benefits programs for employees and non-employee members of the Board; and (3) the production of an annual report on executive compensation for inclusion in the Company's annual proxy statement. The Committee retains an outside compensation consultant to review and make recommendations regarding the Company's executive compensation programs. In 2004, the Committee held four meetings.

Compensation Philosophy

The Compensation Committee believes that the compensation program for executive officers should reward the achievement of the short-term and long term objectives of Minerals Technologies Inc., and that compensation should be related to the value created for its stockholders.

The following objectives serve as guiding principles for the Committee:

- Ø Provide a competitive total compensation opportunity that allows Minerals Technologies Inc. to attract, retain, motivate and reward highly skilled executives;
- Ø Establish a strong pay for performance culture based on the achievement of key business objectives;
- Ø Provide total remuneration for executives targeted to approximate the third quartile of the marketplace based on the attainment of established performance criteria; and
- Ø Strengthen the linkage between executive and stockholder interests through the usage of equity awards and executive stock ownership.

The three key elements of this program are (1) annual base salary, (2) short-term incentive bonus opportunity, and (3) long term incentives. In establishing market levels of compensation, the Committee utilizes the services of an independent compensation consulting firm. Market levels are determined based on a review of compensation practices at a comparator group of specialty chemical companies, as well as general industry and chemical industry surveys of similar-sized companies.

Base Pay

Base salaries are determined in accordance with the responsibilities of each officer, the officer's tenure in position, performance and market data for the position, though no particular weight is assigned to any one factor. Each employee of Minerals Technologies Inc. receives an annual performance rating. The performance rating of the Chairman, President and Chief Executive Officer is assigned by the Compensation Committee and approved by the Board. The performance ratings of the other elected corporate officers, including those named in the Summary Compensation Table appearing in this Proxy Statement (the "principal executives"), are assigned by the Chairman, President and Chief Executive Officer, subject to review by the Compensation Committee.

Based on Company performance, general business outlook and industry compensation trends, management each year sets a guideline corporate-wide average percentage compensation adjustment for all employees for the coming year. The percentage increase received by a particular employee is determined on the basis of the employee's performance rating and current compensation level within the range established for the employee's position.

Short Term Incentive Payment

The short-term incentive bonus targets for officers are expressed as a percentage of base salary. Depending upon the extent to which the company's performance during the year meets targets established earlier by the Board, a bonus payment ranging from 0% (for performance of less than 85% of targets) up to 150% of base salary (for performance greater than 120%) is available to the Chief Executive Officer. The bonus payments can range from 0% up to 120% of base salary for other principal executives. These payments, which are made in the following year, are shown as the Bonus for each principal executive in the year to which they are attributable in the Summary Compensation Table included in this Proxy Statement. This incentive program is intended to more closely link the principal executives' pay to the success of the Company in the preceding year.

For 2004, this was measured by operating income as compared to target, on a corporate and divisional basis. At the beginning of each year, the Board establishes a target for these factors and sets up a scoring system to measure at year-end the extent to which the targets are met. At year-end, a formula is applied to the scores to determine the level of the incentive payment to be received by the principal executive. The Committee then considers whether there are other factors that should also be taken into consideration in establishing the overall level of compensation of each principal executive. It will, for example, take into consideration actions that have been taken by management to benefit stockholders in the longer term that may have a negative impact on the factors and annual targets established. During 2004, Minerals Technologies Inc. achieved 98.4% of corporate performance targets resulting in incentive payments that were 92% of established targets.

Long Term Incentive

In 2002, the Committee granted performance units vesting on December 31, 2004 at the end of a three-year performance period according to the achievement of pre-established goals. Performance units vest based on average Return on Equity targets and total stockholder return compared to the S&P Midcap 400 Materials Index at the end of the period. Vested performance units are paid out in cash at the end of the performance period. Based on the Company's average Return on Equity and total stockholder return performance for the three-year period ending December 31, 2004, 35.9% of target performance units vested.

A revised long-term incentive program design was implemented in 2003 in place of the Company's prior long term incentive program. The current long-term incentive program's design and objectives are to:

- Ø Provide competitive compensation opportunities that support the business plan of the company;
- Ø Link pay to both business and stock price performance;
- Ø Strengthen the linkage between executives and stockholders through share ownership; and
- Ø Provide stronger retention vehicles for key executives.

Three vehicles were utilized in 2004 as part of the Company's current long term incentive program in conjunction with the Company's 2001 Stock Award and Incentive Plan:

- Ø Stock options;
- Ø Performance units; and
- Ø Performance-accelerated deferred restricted stock units ("DRSUs").

Stock Options

In order to focus executives on future stock price appreciation, stock options with an exercise price equal to the fair market value on the date of grant were awarded on February 25, 2004. These options have a ten-year term and vest in equal installments on each of the first three anniversaries from the date of grant.

Performance Units

In order to focus executives on key long term business performance metrics, performance units were granted in 2004. Performance units vest at the end of a three-year performance period. The value of each performance unit is dependent on the Company's Operating Income growth during the performance period. If performance does not meet minimum threshold levels (75% of target), the unit will be worth \$0. At target performance, a unit is worth \$100 and may be worth up to \$300 at maximum performance levels (greater than or equal to 125% of target). The performance unit value is paid out in cash at the end of the performance period.

Performance-Accelerated Deferred Restricted Stock Units

In order to align executives' interests with stockholders and reward superior performance, the Company granted DRSUs on February, 25, 2004. DRSUs vest in the fifth year after the date of grant. Vesting may be accelerated if the Company's total stockholder return ("TSR") exceeds the S&P Midcap 400 Materials Index. 50% of the DRSUs awarded to the executives may vest two years after the date of grant if the Company's TSR exceeds the TSR of the S&P Midcap 400 Materials Index over the two-year performance period. All DRSUs may vest three years after the date of grant if the Company's TSR exceeds the TSR of the S&P Midcap 400 Materials Index over the three-year performance period.

Share Retention Requirements

To further align the interests of management with the Company's stockholders, the Committee established share retention requirements in connection with the 2004 long term incentive awards. 50% of the after-tax value of stock option exercise proceeds must be held in Company stock for a minimum of five years following exercise. In addition, 50% of any Company stock issued following the vesting of DRSUs must be retained by the recipient for a minimum of five years.

2004 Compensation For The Chief Executive Officer

After careful review of Mr. Saueracker's performance, and pay practices at comparable companies, Mr. Saueracker's annual base salary was raised to \$675,000, an increase of 10.7%, in January 2005. This increase was made in recognition of Mr. Saueracker's strong 2004 performance and reflects that Mr. Saueracker's salary has been well below targeted market levels in prior years, though no particular weight was assigned to any one factor considered by the Committee. Based on 2004 performance against pre-established operating income targets (98.4% attainment), Mr. Saueracker's bonus was \$420,900 (92% of target). In connection with the 2004 long term incentive program, Mr. Saueracker received an equally balanced long-term award value consisting of a stock option grant of 24,600 shares, 4,700 performance units and 8,600 DRSUs. As part of the 2002 performance unit grant previously described, in 2005 Mr. Saueracker received \$104,721 (35.9% of target units) based on the Company's Return on Equity and TSR performance for the three-year period ending December 31, 2004.

In addition, the Committee also reviewed the total compensation program for Mr. Saueracker, including pension benefits and the potential payments due upon termination under various scenarios.

Discretionary Authority Of The Committee

The Compensation Committee believes that the application of the procedures described above will generally result in fair and adequate compensation to each principal executive. However, the Compensation Committee also believes that no arbitrary formula is an adequate substitute for individual judgments in all cases, particularly in determining the value of a principal executive's contribution to the success of the company. Therefore, the Committee may from time to time use its discretion in deviating from the above procedures (including, possibly, modifying the factors discussed above or varying their weighting) to set compensation levels for the principal executives and others that best serve the interests of the company and its stockholders.

Internal Revenue Code Section 162(m)

Internal Revenue Code Section 162(m) and regulations thereunder, which limit the deductibility of certain executive compensation in excess of \$1,000,000, did not result in any disallowance of a deduction for compensation payments made by Minerals Technologies Inc. for the 2004 fiscal year. However, the Committee has determined that, in order to retain the discretion referred to in the previous paragraph; it reserves the right to make compensation payments that in part may not qualify for a tax deduction because of the limitations of Internal Revenue Code Section 162(m).

Performance Graph

This line graph compares Minerals Technologies Inc.'s cumulative total stockholder return with the S&P 500 Index, as a performance indicator for the overall stock market, and our peer group, the S&P Midcap 400 Materials Index, a published industry index.

The starting point for the comparison is a hypothetical investment of \$100 in our common stock and in each of the indexes at the close of the last trading day of 1999. The ending point is the close of the last trading day of 2004, at which time the price of our common stock was \$66.70.

COMPENSATION OF EXECUTIVE OFFICERS

Summary Compensation Table

This table shows the cash and other compensation paid or accrued for services to Minerals Technologies Inc. and its subsidiaries by the Chairman, President and Chief Executive Officer, and by the four other most highly compensated executive officers who held such positions as of the end of 2004 (the “named executive officers”), for the three fiscal years ended December 31, 2004.

Name and Principal Position	Year	Annual Compensation		Long-Term Compensation		All Other Compensation\$(d)	
		Salary(\$)	Bonus\$(a)	Awards			Payouts
				Deferred Restricted Stock Awards Value\$(b)	Securities Underlying Options (number of shares)

- (a) The amounts shown in this column exclude the value of any performance units granted pursuant to Minerals Technologies Inc.'s long term incentive program. Further information about performance units awarded by the Company is set forth under the caption “Long Term Incentive Plan Awards in Last Fiscal Year.”
- (b) The amounts shown in this column as part of 2004 compensation represent the value of Deferred Restricted Stock Units (“DRSUs”) granted to each named executive officer on February 25, 2004, calculated by multiplying the number of DRSUs awarded by \$53.73, the closing price of our common stock on the date of the grant. The number and value of each officer's aggregated DRSU holdings at the end of 2004, calculated by multiplying the number of DRSUs held as of December 31, 2004 by \$66.70, the closing price of our common stock on December 31, 2004, were as follows: Mr. Saueracker, 16,500 DRSUs (\$1,100,550); Mr. Sorel, 6,200 DRSUs (\$413,540); Mr. Massimine, 7,755 DRSUs (\$517,259); Mr. Bouruet-Aubertot 7,300 DRSUs (\$486,910); and Mr. Gray, 4,100 DRSUs (\$273,470). Dividends will not be paid on DRSUs.
- (c) The amounts shown in this column were paid out in 2004 and represent the dollar value of performance units granted to the named executive officers in 2001 under Minerals Technologies Inc.'s long term incentive program.

- (d) The amounts shown in this column as part of the compensation for Messrs. Saueracker, Sorel, Massimine, Bouruet-Aubertot and Gray represent matching amounts contributed on their behalf to the Savings and Investment Plan and the Non-Funded Deferred Compensation and Supplemental Savings Plan.
- (e) Mr. Bouruet-Aubertot became Senior Vice President, Managing Director, Minteq International effective November 25, 2002.
- * None of the named executive officers received perquisites in excess of the lesser of \$50,000 or 10% of combined salary and bonus for fiscal years 2004, 2003 or 2002.

EMPLOYMENT, TERMINATION AND CHANGE-IN-CONTROL ARRANGEMENTS

Employment Agreements

In January 2002, Minerals Technologies Inc. entered into employment agreements with the following individuals for the indicated terms and for not less than the annual base salaries indicated: Mr. Saueracker, 24 months, \$550,000; Mr. Sorel, 18 months, \$265,000; Mr. Massimine, 18 months, \$240,000, in March 2001, with Mr. Gray, 18 months, \$250,000; and, in November 2002 with Mr. Bouruet-Aubertot, 18 months, \$250,000. The term of each of these agreements is extended on the first day of each month for an additional month, unless either the employee or the employer gives the other written notice that the agreement should not be further extended. Each of the named executive officers may also receive salary increases and annual bonuses in amounts to be determined by the Board or the Compensation Committee. The agreements also entitle the named executive officers to participate in employee benefit plans and other fringe benefits that are generally available to our executive employees.

Under the agreements, each named executive officer has agreed to comply with certain customary provisions, including covenants not to disclose our confidential information at any time and not to compete with our business during the term of the agreement and, subject to our continued payment of amounts under the agreement, for two years thereafter. We may terminate the employment agreements before the end of the specified term of employment for “cause” as defined in the agreements.

Severance Agreements

Minerals Technologies Inc. has entered into severance agreements with certain of its executive officers, including each of the named executive officers. The agreements continue through December 31 of each year, and are automatically extended in one-year increments unless we choose to terminate them. If a change in control occurs, the severance agreements are effective for a period of four years from the end of the then existing term. These agreements are intended to provide for continuity of management in the event of a change in control of Minerals Technologies Inc.

If, following a change in control, the executive is terminated by Minerals Technologies Inc. for any reason, other than for disability, death, retirement or for cause (as defined in the agreements), or if the executive terminates his or her employment for good reason (as defined in the agreements), then the executive is entitled to a severance payment of 2.99 times the executive's base amount (as defined in the agreements). The severance payment generally will be made in a lump sum. For a period of up to two years following a termination that entitles an executive to severance payments, Minerals Technologies Inc. will provide life, disability, accident and health insurance coverage substantially similar to the benefits provided before termination, except to the extent such coverages would result in an excise tax being imposed under Section 4999 of the Internal Revenue Code.

The agreements also provide that upon the occurrence of certain stated events that constitute a “potential change in control” of Minerals Technologies Inc., the executive agrees not to voluntarily terminate his employment with Minerals Technologies Inc. for a six-month period.

Under the severance agreements, a change in control includes any of the following events unless approved by the Board: (i) we are required to report a “change in control” in accordance with the Securities Exchange Act of 1934; (ii) any person acquires 15% of our voting securities; (iii) a majority of our directors are replaced during a two-year period; or (iv) our stockholders approve a merger, liquidation or sale of assets.

Stock Award and Incentive Plan

The Stock Award and Incentive Plan provides that all non-vested stock options granted under the plan may, at the discretion of the Compensation Committee, be made immediately exercisable upon the employee's retirement or upon

a change in control of Minerals Technologies Inc. (as defined in the plan).

Retirement Plans

Each of the named executive officers is entitled to benefits under the defined benefit pension plans which we maintain. The Retirement Plan is a tax qualified pension plan which pays retirement benefits within the limits prescribed by the Internal Revenue Code. The Nonfunded Supplemental Retirement Plan is an unfunded, non-tax qualified pension plan which pays retirement benefits in excess of such Code limits. For employees hired prior to January 1, 2002, benefits under the Retirement Plan and the Nonfunded Supplemental Retirement Plan are based upon an annuity equal to the greater of (i) 1.4% of a participant's career earnings or (ii) 1.75% of a participant's career earnings less 1.5% of primary Social Security benefits, multiplied by years of service up to 35 years. For purposes of this formula, a participant's "career earnings" are based on the average earnings for the five highest consecutive calendar years prior to January 1, 1998, and on actual earnings for periods after December 31, 1997. For employees hired after January 1, 2002, benefits under the Retirement Plan and the Nonfunded Supplemental Retirement Plan are based upon a cash balance formula which credits such employees with annual pay credits equal to the employee's pensionable earnings for the year multiplied by 5%. An employee's cash balance account will also receive "interest credits" each year, based on a market rate of interest declared at the end of each year.

Under the Retirement Plan and the Nonfunded Supplemental Retirement Plan, each of the named executive officers would be entitled to the following annual benefits after retirement: Mr. Saueracker, \$201,560; Mr. Sorel, \$143,828; Mr. Massimine, \$108,110; Mr. Bouruet-Aubertot, \$37,177 and Mr. Gray, \$106,148. This assumes that (i) payments will be made in the form of a 50% joint and survivor annuity; (ii) employment will be continued until normal retirement at age 65 (in the case of Mr. Gray, until December 31, 2004); and (iii) creditable compensation will continue at 2004 levels until retirement.

Grantor Trust

In order to secure the benefits accrued under the Nonfunded Supplemental Retirement Plan and the Nonfunded Deferred Compensation and Supplemental Savings Plan (an unfunded, non-tax qualified plan which pays amounts in excess of the limits which the Internal Revenue Code imposes on benefits under our Savings and Investment Plan), Minerals Technologies Inc. has entered into an agreement establishing a grantor trust within the meaning of the Internal Revenue Code. Under the Grantor Trust Agreement, we are required to make certain contributions of cash or other property to the trust upon the retirement of individuals who are beneficiaries of those plans; upon the occurrence of certain events defined as constituting a "Change of Control;" and in certain other circumstances.

Option Grants in Last Fiscal Year

This table provides information on options granted to all of the named executive officers on February 25, 2004. The last two columns of the table show the potential realizable value of the options in each of two hypothetical cases. The first case assumes that the price of the stock increases at a rate of five per cent per year over the term of the options, which, in the case of the February 2004 grants, would result in a price of approximately \$87.78 per share in 2014 and an increase in aggregate stockholder value of approximately \$696 million. The second case assumes that the price of the stock increases at a rate of ten per cent per year over the term of the options, which, in the case of the February 2004 grants, would result in a price of approximately \$139.78 per share in 2014 and an increase in aggregate stockholder value of approximately \$1,765 million. The actual market value of the stock at any future date may, or may not, correspond to any of these hypothetical cases.

	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term	
	Number of Securities Underlying Options/SARs Granted (Number of Shares)(a)	% of Total Options/SARs Granted to Employees in Fiscal Year	Exercise or Base Price (\$/share)	Expiration Date	5%(\$)	10%(\$)
P. R. Saueracker	24,600	9.1%	53.89	Feb. 25, 2014	833,722	2,112,815
J. A. Sorel	8,800	3.3%	53.89	Feb. 25, 2014	298,242	755,804
K. L. Massimine	10,300	3.8%	53.89	Feb. 25, 2014	349,079	884,634
A. F. Bouruet-Aubertot	9,800	3.6%	53.89	Feb. 25, 2014	332,133	841,690
S. G. Gray	6,000	2.2%	53.89	Feb. 25, 2014	203,347	515,321

(a) One-third of the total number of options granted vests on each of the first, second and third anniversaries of the grant date.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table shows the value realized by each of the named executive officers upon exercise of options during 2004, measured using the price of our common stock on the day of exercise, and the value of the options held by each named executive officer at year-end, measured using the average of the high and low trading prices (\$67.05) of our common stock on December 31, 2004.

Shares Acquired on Exercise (number of shares)	Value Realized(\$)	Number of Unexercised Options at Fiscal Year-end (number of shares)		Value of Unexercised In-the-Money Options at Fiscal Year-end(\$)	
		Exercisable	Unexercisable	Exercisable	Unexercisable

Long Term Incentive Plan Awards in Last Fiscal Year

The following table gives information concerning the participation of the named executive officers in the Company's long term incentive plan as governed by the 2001 Stock Award and Incentive Plan. Under this plan, the named executive officers and certain other executives were awarded units whose value will be determined based on a non-discretionary formula which measures our performance over a three-year period using performance goals that were determined by the Compensation Committee and approved by the Board. The formula is based on the target growth in operating income employed over the three-year period. If our performance is below the threshold level set forth in the plan, the value of the units will be zero. To the extent the Company's performance exceeds the threshold performance level, the value of the units will increase up to the maximum amount of \$300 per unit. The plan is also discussed in the Report of the Compensation Committee above.

Name	Number of Units	Performance Period (or Other Period Until Maturation or Payment)	Estimated Future Payouts Under Non-Stock Price-Based Plans(1)		
			Threshold (2)(\$)	Target (3)(\$)	Maximum (4)(\$)
P. R. Saueracker	4,700	January 1, 2004–December 31, 2006	235,000	470,000	1,410,000
J. A. Sorel	1,700	January 1, 2004–December 31, 2006	85,000	170,000	510,000
K. L. Massimine	2,000	January 1, 2004–December 31, 2006	100,000	200,000	600,000
A. F. Bouruet-Aubertot	1,900	January 1, 2004–December 31, 2006	95,000	190,000	570,000
S. G. Gray	1,100	January 1, 2004–December 31, 2006	55,000	110,000	330,000

- (1) The actual value of units that will be paid out at the end of the performance period, if any, cannot be determined because the value of units will be based upon the Company's future growth in operating income. If the Company's performance is below the established threshold performance levels, then the value of the units will be zero. To the extent the Company's performance exceeds the threshold performance level, the units will increase in value.
- (2) The threshold amount of each unit is \$50.
- (3) The target amount of each unit is \$100.
- (4) The maximum amount of each unit is \$300.

ITEM 1—ELECTION OF DIRECTORS

The Board of Directors is divided into three classes. One class is elected each year for a three-year term. This year the Board has nominated Paula H. J. Cholmondeley, Duane R. Dunham, Steven J. Golub and Jean-Paul Vallès, who are now directors of Minerals Technologies Inc., to serve for a three-year term expiring at the Annual Meeting of Stockholders to be held in 2008.

The Board expects that the nominees will be available for election. If one or more nominees should become unavailable, your proxy would be voted for a nominee or nominees who would be designated by the Board, unless the Board reduces the number of directors.

The Board of Directors unanimously recommends a vote FOR election of each of Paula H. J. Cholmondeley, Duane R. Dunham, Steven J. Golub and Jean-Paul Vallès.

Member of the Board of Directors of Citizens' Committee for Children since 2002. Director of Minerals Technologies Inc. since February 2003. Chair of the Corporate Governance Committee and member of the Audit Committee of Minerals Technologies Inc.

ITEM 2—RATIFICATION OF APPOINTMENT OF AUDITORS

The Audit Committee of the Board has appointed KPMG LLP to serve as our independent registered public accounting firm for the current fiscal year, subject to the approval of the stockholders. KPMG LLP and its predecessors have audited the financial records of the businesses that comprise Minerals Technologies Inc. for many years. We consider the firm well qualified.

We expect that representatives of KPMG LLP will be present at the Annual Meeting of Stockholders. These representatives will have the opportunity to make a statement if they wish to do so, and will be available to respond to appropriate questions.

The Board of Directors unanimously recommends a vote FOR ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the 2005 fiscal year.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists the Board of Directors in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and reporting practices of the Company. The Audit Committee operates in accordance with a written charter, which was adopted by the Board. A copy of that charter is attached as Appendix 1 to this Proxy Statement.

As part of fulfilling its oversight responsibility, the Audit Committee reviewed and discussed with management the audited financial statements of the Company, including the audit of management's assessment of, and the effective operation of, internal control over financial reporting, for the fiscal year ended December 31, 2004. In addition, the Audit Committee discussed with the Company's independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees."

The Audit Committee obtained from the independent registered public accounting firm a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors' independence, consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and discussed with the auditors any relationships that may impact their objectivity and independence.

Principal Accounting Fees And Services

The Company incurred the following fees for services performed by KPMG LLP in fiscal years 2004 and 2003:

	2004	2003
	_____	_____
Audit Fees	\$ 2,604,000	\$ 1,410,000
Audit Related Fees	337,500	45,000
Tax Fees	249,500	204,000
All Other Fees	—	2,000
	_____	_____
Total Fees	\$ 3,191,000	\$ 1,661,000
	_____	_____

Audit Fees. Audit fees are fees the Company paid to KPMG LLP for professional services for the audit of the Company's consolidated financial statements included in the Annual Report on Form 10-K, including fees associated with the audit of management's assessment of, and the effective operation of, internal control over financial reporting, and review of financial statements included in Quarterly Reports on Form 10-Q, or for services that are normally

provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements.

Audit Related Fees. Audit related fees are billed by KPMG LLP for assurance and related services that are reasonably related to the audit or review of the Company's financial statements, including due diligence and benefit plan audits.

Tax Fees. Tax fees are fees billed by KPMG LLP for tax compliance, tax advice and tax planning.

All Other Fees. All other fees are fees billed by KPMG LLP to the Company for any services not included in the first three categories.

Pre-Approval Policy. During fiscal year 2004, the Audit Committee established a policy to require that it approve all services provided by its independent registered public accounting firm before the independent registered public accounting firm provides those services. The Audit Committee has pre-approved the engagement of the independent registered public accounting firm for audit services, audit-

related services, tax services and all other fees within defined limits. The percentage of fees paid to KPMG LLP for services that were approved by the Audit Committee in accordance with its pre-approval policy is 100% with respect to fiscal year 2004.

The Audit Committee considered all these services in connection with KPMG LLP's audits of the Company's financial statements, management's assessment of internal control over financial reporting, and the effective operation of internal control over financial reporting for the fiscal years ended December 31, 2004 and 2003, and concluded that they were compatible with maintaining KPMG LLP's independence from the Company in the applicable periods.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the Securities and Exchange Commission.

Michael F. Pasquale, Chair
John T. Reid
Kristina M. Johnson
William C. Stivers
By Order of the Board of Directors,

Kirk G. Forrest
*Vice President, General Counsel and
Secretary*

CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS OF MINERALS TECHNOLOGIES INC.

I. PURPOSE

The primary purposes of the Audit Committee (the “Committee”) are to:

1. Assist the Board of Directors (the “Board”) in its oversight of (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the qualifications and independence of the Company's independent auditor; and (iv) the performance of the Company's internal audit function and independent auditor;
2. Appoint, compensate, and oversee the work of any registered public accounting firm employed by the Company (including resolution of disagreements between management and the auditor concerning financial reporting) for the purpose of preparing or issuing an audit report or related work. Each such registered public accounting firm shall report directly to the Committee; and
3. Prepare the report of the Committee that the rules of the Securities and Exchange Commission (the “Commission”) require be included in the Company's annual proxy statement.

To fulfill these purposes, the Committee shall have the powers and responsibilities enumerated in Sections IV and V, below, and shall be provided by the Company with appropriate funding for (i) compensation of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company; (ii) compensation of any advisers employed by the Committee under item 32 of Article V, below; and (iii) ordinary administrative expenses of the Committee that are necessary and appropriate in carrying out its duties.

II. MEMBERSHIP

The Committee shall be composed of three or more directors as determined by the Board, each of whom shall be independent and free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee. For purposes of determining whether or not a director is independent, the Board shall, at a minimum, apply the standards set forth in Section 303A of the Listed Company Manual of the New York Stock Exchange (the “NYSE Manual”) and Section 301 of the Sarbanes-Oxley Act of 2002 (the “Act”). All members of the Committee shall have a working familiarity with basic finance and accounting practices and must be financially literate, as such qualification is interpreted by the Board, and at least one member of the Committee shall be an “audit committee financial expert” as defined by the Commission. Committee members may enhance their familiarity with finance and accounting by participating in educational programs. No member of the Committee may serve on the audit committees of more than three public companies, including the Committee.

The members of the Committee shall be elected by the Board at the annual organizational meeting of the Board, and at such other times as vacancies may occur, and shall serve until the next annual organizational meeting of the Board or until their successors shall be duly elected and qualified. Unless a Chair is elected by the Board, the members of the Committee may designate a Chair by majority vote of the full Committee membership.

III. MEETINGS

The Committee shall meet at least four times annually, or more frequently as circumstances dictate. As part of its job to foster open communications, the Committee should meet at least annually with management, the director of the internal auditing department, and the independent auditor in separate executive sessions to discuss any matters that the Committee or any of these groups believe should be discussed privately. In addition, the Committee, or at least the Chair, should meet with the independent auditor and management quarterly to review the Company's Form 10-Q and

the matters required to be

A-1

discussed by Statement of Auditing Standards (“SAS”) No. 61, prior to their filing or prior to the release of earnings reports.

IV. GENERAL POWERS

The general powers of the Audit Committee shall be to:

1. Oversee management's maintenance of the reliability and integrity of the accounting policies and financial reporting and disclosure practices of the Company;
2. Oversee management's establishment and maintenance of processes to assure that an adequate system of internal control is functioning within the Company; and
3. Oversee management's establishment and maintenance of processes to assure compliance by the Company with all applicable laws, regulations, and Company policies.

V. SPECIFIC DUTIES AND RESPONSIBILITIES

The specific duties and responsibilities of the Audit Committee shall be to:

1. Hold such regular meetings as may be necessary and such special meetings as may be called by its Chair or at the request of the public accounting firm serving as the Company's independent auditor or of the Company's Controller;
2. Create an agenda for the ensuing year;
3. Review the performance of the Company's independent auditor and retain them, subject to shareholder ratification, if applicable; request from the independent auditor annually, a formal written statement delineating all relationships between the independent auditor and the Company, consistent with the provisions of the Act and the NYSE Manual; discuss with the independent auditor any such disclosed relationships and their impact on the independent auditor's independence; take appropriate action in response to the independent auditor's report to satisfy itself of the independent auditor's independence; and terminate the independent auditor when and if such action shall, in the opinion of the Committee, be appropriate;
4. Review and evaluate the lead partners of the independent auditor team and ensure the rotation of audit partners as required by law;
5. Confer with the independent auditor and the internal auditing department concerning the scope of their examinations of the books and records of the Company and its subsidiaries; review and approve the independent auditor's annual engagement letter; review and approve the Company's internal audit charter, annual audit plans and budgets; direct the attention of the auditor to specific matters or areas deemed by the Committee or the auditor to be of special significance; and authorize the auditor to perform such supplemental reviews or audits as the Committee may deem desirable;
6. Review with management, the independent auditor, and the internal auditing department, jointly or separately as the Committee deems appropriate, significant risks and exposures, audit activities, and significant audit findings, and regularly review with the independent auditor any audit problems or difficulties and management's response thereto;
7. Review the range and cost of audit and non-audit services proposed to be performed by the independent auditor and approve in advance any such services. The authority to pre-approve such services may be delegated to one or more Committee members, who shall report any pre-approved decision to the full Committee at its next regularly scheduled meeting;
8. Report the pre-approval of any permitted non-audit services to management for disclosure in the Company's periodic reports;
9. Make itself available during the course of the audit or at other times, either as a group or individually, to discuss any matters that might affect the financial statements, internal controls or other financial aspects of the operations of the Company or its subsidiaries;

10. Review with the independent auditor any comments on accounting procedures and systems of control and all audit findings at all Company locations subsequent to the completion of the audit; and review with the independent auditor any questions, comments or suggestions they may have relating to the internal controls, accounting practices or procedures of the Company or its subsidiaries;
11. Review with management and the independent auditor the Company's annual audited financial statements (and the independent auditor's opinion with respect to such financial statements), and its quarterly financial statements, including the nature and extent of any significant changes in accounting principles or the application thereof and the matters required to be discussed by SAS No. 61;
12. Make or cause to be made, from time to time, such other examinations or reviews as the Committee may deem advisable with respect to the adequacy of the systems of internal control and accounting practices of the Company and its subsidiaries and with respect to current accounting trends and developments, take such action with respect thereto as it shall deem appropriate;
13. Review the results of audits conducted by the independent auditor and the internal auditors regarding internal controls and other matters relating to the accounting procedures and the books and records of the Company and its subsidiaries, ensure that programs are in place to implement all accepted recommendations made by the independent auditor and the internal auditor, and review the correction of any controls deemed to be deficient;
14. Provide an independent, direct line of communication between the Board, the independent auditor, and the internal auditing department;
15. Review the adequacy of internal controls and procedures related to executive travel and entertainment;
16. Review with appropriate Company personnel the actions taken to ensure compliance with the Company's Summary of Policies on Business Conduct and the results of confirmations and violations of those policies;
17. Review the programs and policies of the Company designed to ensure compliance with applicable laws and regulations, including, but not limited to, the Federal Corrupt Practices Act, and monitor the results of these compliance efforts;
18. Review the Company's procedures to monitor its compliance with applicable loan and indenture covenants and restrictions;
19. Report to the entire Board following the Committee's meetings and activities and inform the Board of any issues that have arisen with respect to the quality or integrity of the Company's financial statements, with respect to its compliance with legal or regulatory requirements, or with respect to the performance of its independent or internal auditors;
20. Maintain minutes or other records of its meetings and activities;
21. Review the powers of the Committee annually and report and make recommendations to the Board on these responsibilities;
22. Conduct or authorize investigations into any matters within its scope of responsibilities and utilizing the assistance of independent counsel, accountants, or other professionals as it may, in its sole discretion, determine to be advisable;
23. Consider such other matters in relation to the financial affairs of the Company and its accounts, and in relation to the internal and external audit of the Company as it may, in its sole discretion, determine to be advisable;

24. Obtain and review, at least annually, a report by the independent auditor describing: (i) the independent auditor's internal quality-control procedures; (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues; and (iii) all relationships between the independent auditor and the Company that would be relevant to a determination of the auditor's independence;
25. Discuss the Company's annual audited financial statements and quarterly financial statements, including the Company's disclosures under "Management Discussion and Analysis of Financial Condition and Results of Operations," with management and the independent auditor;
26. Review disclosures made to the Committee by the Company's CEO and CFO during their certification process for the Form 10-K and Form 10-Q about any significant deficiencies in the design or operation of internal controls and any fraud involving management or other employees who have a significant role in the Company's internal controls;
27. Discuss earnings press releases, including use of "proforma" or "adjusted" non-GAAP information, as well as financial information and earnings guidance provided to analysts and rating agencies;
28. Discuss policies with respect to risk assessment and risk management separately and with management;
29. Meet separately, periodically, with each of management, the internal auditors, and the independent auditor;
30. Establish clear hiring policies for employees or former employees of the independent auditor;
31. Establish procedures for (i) the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, and (ii) the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters;
32. As appropriate, obtain advice and assistance from outside legal, accounting, or other advisers;
33. At least annually, review and reassess the adequacy of this Charter and recommend any proposed changes to the Board for approval, and
34. Conduct an annual review of the Committee's own performance.

This Proxy Statement is printed on paper containing precipitated calcium carbonate ("PCC")
produced by Minerals Technologies Inc.

Appendix I

MINERALS TECHNOLOGIES INC.

Dear Stockholder,

Please take note of the important information enclosed with this Proxy Ballot.

Your vote counts, and you are strongly encouraged to exercise your right to vote your shares.

Please mark the boxes on the proxy card to indicate how your shares should be voted. Then sign the card, detach it and return your proxy vote in the enclosed postage paid envelope. You may also vote your shares by telephone or via the internet. If you choose to vote by telephone or via the internet, you do not need to return the attached card.

If you are a participant in the Minerals Technologies Inc. Savings and Investment Plan, you may direct the Trustee how to vote the shares allocated to your account under the Plan. If you do not direct the Trustee, the Trustee will vote any undirected shares in the same proportion as those for which it has received instructions. As a participant in the Plan, your vote remains confidential.

Your vote must be received prior to the Annual Meeting of Stockholders on May 25, 2005.

Thank you in advance for your prompt consideration of these matters.

Sincerely,

Minerals Technologies Inc.
