PROXY STATEMENT

For the Annual Meeting of Shareowners to be held on October 28, 2009

SOLICITATION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of SPARTON CORPORATION, an Ohio corporation (the Company), of proxies for use at the 2009 Annual Meeting of Shareowners of the Company (the Annual Meeting) to be held at 425 North Martingale Road, Schaumburg, Illinois 60173-2213, at the 425 Executive Conference Center on Wednesday, October 28, 2009, at 10:00 a.m., Local Time, and at any and all adjournments thereof. The cost of solicitation will be paid by the Company. The Company has retained Morrow & Company, Inc. to assist in the solicitation of proxies at an estimated cost of \$7,500, plus expenses, which will be paid by the Company. In addition, officers and employees of the Company and its subsidiaries may solicit proxies personally, by telephone, facsimile or other means, without additional compensation. This Proxy Statement and the form of Proxy are expected to be mailed to shareowners on or about October 1, 2009.

At the meeting, the Company's shareowners will act upon three proposals. The first proposal is the election of three directors, each to serve for a three-year term until the annual meeting held in the year 2012 or until their successors are qualified and elected. The second proposal is the ratification of the appointment of independent auditors. The third proposal is the approval and adoption of the Sparton Corporation 2010 Long-Term Stock Incentive Plan (the 2010 LTIP). The proposals are described in more detail in this Proxy Statement.

OUTSTANDING STOCK AND VOTING RIGHTS

In accordance with the Code of Regulations of the Company, the Board of Directors has fixed the close of business on September 22, 2009 as the record date for determination of shareowners entitled to notice of, and to vote at, the Annual Meeting. Only shareowners of record on that date will be entitled to vote. As of September 22, 2009, the record date for the Annual Meeting, the Company had outstanding 9,951,507 shares of common stock, each entitled to vote at the Annual Meeting. Votes cast at the meeting and votes submitted by proxy are counted by the inspectors of the election, who are appointed by the Company.

Voting by Proxy

If a shareowner is a corporation or partnership, the accompanying proxy card should be signed in the full corporate or partnership name by a duly authorized person. If the proxy card is signed pursuant to a power of attorney or by an executor, administrator, trustee or guardian, the signer's full title should be given and a certificate or other evidence of appointment should be furnished.

You can vote in one of four ways. You can vote by mail, you can authorize the voting of your shares over the Internet, you can authorize the voting of your shares by telephone or you can vote in person at the Annual Meeting.

If you choose to vote by mail, you may vote by completing and signing the proxy card that accompanies this Proxy Statement and promptly mailing it in the enclosed postage-prepaid envelope. You do not need to put a stamp on the enclosed envelope if you mail it in the United States. The shares you own will be voted according to the instructions on the proxy card you mail. If you return the proxy card, but do not give any instructions on a particular matter described in this Proxy Statement, the shares you own will be voted in accordance with the recommendations of the Company's Board of Directors. If you choose to vote by mail, your duly signed proxy card must be received by 11:59 p.m., Central Daylight Time, on October 27, 2009.

Table of Contents

If you choose to vote by telephone or the Internet, instructions for a shareowner of record to vote by telephone or the Internet are set forth on the enclosed proxy card. The telephone and Internet voting procedures are designed to authenticate votes cast by use of a personal identification number that appears on the proxy card. These procedures, which comply with Ohio law, allow shareowners to appoint a proxy to vote their shares and to confirm that their instructions have been properly recorded. If you vote by telephone or the Internet, you do not have to mail in your proxy card, but your vote must be received by 11:59 p.m. Central Daylight Time on October 26, 2009.

Morrow & Company, Inc. may solicit your proxy up to the date and time of the meeting.

If you participate in the Company's 401(k) retirement savings plan (the 401(k) Plan) and hold shares in your plan account, you may give voting instructions as to the number of shares credited to your account as of the record date. You may provide voting instructions (or a change or revocation in voting instructions) to the plan trustee, SunTrust Banks, Inc. (SunTrust), through any of the voting methods described above, except that you may not vote your plan shares in person at the Annual Meeting. Only the trustee of the 401(k) Plan, SunTrust, may vote your plan shares. Your voting instructions (or change or revocation in voting instructions) must be received before 11:59 p.m. Central Daylight Time on October 26, 2009.

If you are not the record holder of the shares you own because they are held in street name by a bank or brokerage firm, your bank or brokerage firm is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your bank or brokerage firm provides you. Many banks and brokerage firms also offer the option of voting over the Internet or by telephone, instructions for which would be provided by your bank or brokerage firm on your vote instruction form. Under the rules of The New York Stock Exchange (NYSE), if you do not give instructions to your brokerage firm, it may still be able to vote your shares with respect to certain discretionary items, but it will not be allowed to vote your shares with respect to certain non-discretionary items. In the case of non-discretionary items, for which no instructions are received, the shares will be treated as broker non-votes.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing a written notice of revocation with the Chairman or Secretary of the Company, at or before the Annual Meeting, (ii) duly executing a subsequent proxy relating to the same shares and delivering it to the Chairman or Secretary of the Company either signed and returned by mail or transmitted using the telephone or Internet procedures at or before the Annual Meeting or (iii) attending the Annual Meeting and voting in person with adequate notification (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Unless revoked, the shares represented by the enclosed Proxy will be voted at the meeting in accordance with any specification made thereon, if the Proxy is returned properly executed and delivered in time for voting. Unless otherwise specified, the Proxy will be voted FOR the election of the three director nominees, FOR the ratification of the appointment of independent auditors and FOR the approval and adoption of the 2010 LTIP.

Management does not intend to present, and does not know of anyone who intends to present, any matters at the meeting to be acted upon by the shareowners not referred to in the Notice and this Proxy Statement. If any other matters should properly come before the meeting, it is the intention of the persons named in the Proxy to vote in accordance with their judgment on such matters.

PROPOSAL 1 ELECTION OF DIRECTORS

Mr. James D. Fast and Mr. James R. Swartwout, current directors whose terms of office expire at the Annual Meeting, and Mr. Cary B. Wood are nominees for election to a three year term expiring in 2012. The nominations were made by the Nominating and Corporate Governance Committee and approved by the Board of Directors.

Mr. James N. DeBoer and Mr. Bradley O. Smith, current directors whose terms of office expire at the Annual Meeting, decided not to stand for re-election. Mr. DeBoer has served as a director since 1971 and Mr. Smith has served as a director since 1998 and was Chairman of the Board of Directors from 2000 through 2008. The Board of Directors would like to express its appreciation to Mr. DeBoer and Mr. Smith for the many contributions that they made to the Company during that time. After the Annual Meeting, each of Mr. DeBoer and Mr. Smith will resign their respective Board committee positions as well.

Given the announcement that Mr. DeBoer and Mr. Smith will not stand for re-election, the class of directors up for election at the Annual Meeting consisted of two directors. To comply with the Company's Code of Regulations, each class of directors must consist of at least three directors. Therefore, the Nominating and Governance Committee recommended to the Board that Cary B. Wood be moved from the class with a term expiring in 2011 to the class being elected for a term expiring in 2012.

Each share of common stock is entitled to one vote for each of the three director positions being filled at the Annual Meeting. A plurality of the votes cast at the meeting is required to elect the nominees as directors of the Company. As such, the three individuals who receive the greatest number of votes cast by the holders of common stock will be elected as directors. Shares not voted at the Annual Meeting, whether by abstention, broker non-vote, or otherwise, will not be treated as votes cast at the meeting.

It is believed that all three nominees are, and will be at the time of the Annual Meeting, available for election; and, if elected, will serve. However, in the event one or more of them is or should become unavailable, or should decline to

Table of Contents

serve, it is intended that the proxies will be voted for the balance of the nominees and for such substitute nominee or nominees as the proxy holders may in their discretion select.

Board Recommendations

The Board of Directors recommends a vote FOR the election of each of the three nominees, Mr. James D. Fast, Mr. James R. Swartwout and Mr. Cary B. Wood. Unless otherwise directed by marking the accompanying proxy, the proxy holders named therein will vote FOR the election of the three nominees.

In the following table, the column Amount and Nature of Beneficial Ownership relates to common shares of the Company beneficially owned by the directors and nominees as of June 30, 2009, unless otherwise described in the footnotes below, and is based upon information furnished by them.

Independent Directors

The listing requirements of the NYSE require that a majority of the members of a listed company's board of directors be independent. The question of independence is determined with respect to every director pursuant to the NYSE

rules. The NYSE rules also require that certain committees be composed entirely of independent directors. The committees covered by this requirement are the Audit, Compensation, and Nominating and Corporate Governance Committees. Based upon NYSE rules, as of the date of this Proxy Statement, nine of the Board's eleven members, a majority, are independent and non-management. All current members of the identified committees are non-management and independent in that those directors do not have a material relationship with the Company directly or as a partner, shareowner or affiliate of an entity that has a relationship with the Company. In making such determinations, the Board considered (i) whether a director had, within the last three years, any of the relationships under Section 303A(2)(b) of the NYSE rules with the Company which would disqualify a director from being considered independent, (ii) whether the director had any disclosable transaction or relationship with the Company under Item 404 of Regulation S-K of the Exchange Act, which relates to transactions and relationships between directors and their affiliates, on the one hand, and the Company and its affiliates (including management), on the other, and (iii) the factors suggested in the NYSE's Commentary to Section 303A(2), such as a commercial, consulting and other relationship, or other interactions with management that do not meet the absolute thresholds under Section 303A(2) or Item 404(a) but which, nonetheless, could reflect upon a director's independence from management. In considering the materiality of any transactions or relationships that do not require disqualification under Section 303A(2)(b), the Board considered the materiality of the transaction or relationship to the director, the director's business organization and the Company and whether the relationship between (i) the director's business organization and the Company, (ii) the director and the Company and (iii) the director and his business organization interfered with the relevant director's business judgment.

Independent Directors

Based on the foregoing, the Company has determined that the following directors are independent:

James N. DeBoer

James D. Fast Chairman, Compensation Committee

Joseph J. Hartnett

David P. Molfenter Chairman of the Board and Chairman, Executive Committee

William I. Noecker Chairman, Audit Committee

Douglas R. Schrank Chairman, Nominating and Corporate Governance Committee

W. Peter Slusser

James R. Swartwout

Lynda J.-S. Yang, M.D.

Meetings of Independent Directors

The Independent Directors schedule meetings in executive sessions without the presence of the Company's management. The Chairman presides over the sessions during the year.

Table of Contents

The Independent Directors met two times during the last fiscal year.

Shareowners wishing to communicate directly with the Independent Directors may send correspondence addressed as follows:

c/o Corporate Secretary
Sparton Corporation
425 N. Martingale Road, Suite 2050
Schaumburg, Illinois 60173-2213

Chairman

Mr. David P. Molfenter has been designated by the directors as the Chairman. The Chairman provides leadership to enhance the Board's effectiveness, preside over meetings of the directors, and serves as a liaison between the Board and management. The Chairman is responsible for determining when to hold, and who shall preside over, executive sessions held by the Independent Directors. If a shareowner, employee, or third party prefers not to communicate directly with the entire Board of Directors or management, communications may be sent to the Chairman, in care of the Corporate Secretary, using the above address.

Shareowner Communications Policy

Shareowners should communicate with the Board of Directors by sending a letter to the Sparton Corporation Board of Directors, c/o the Corporate Secretary, 425 N. Martingale Road, Suite 2050, Schaumburg, Illinois 60173-2213. The Corporate Secretary will receive the correspondence and forward it to the director or directors to whom the communication is directed, unless the communication is unduly hostile, threatening, harassing, illegal, not reasonably related to the Company or its business, or similarly inappropriate. The Corporate Secretary has the authority to discard or disregard any inappropriate communications (other than a proposal submitted pursuant to Rule 14a-8 under the Exchange Act, or any communication made in connection with such a proposal) or to take other appropriate actions with respect to any such inappropriate communications. In addition, the Corporate Secretary is authorized to forward communications that are clearly more appropriately addressed by other departments, such as customer service or accounting, to the appropriate department. The foregoing instructions by the directors to the Corporate Secretary are subject to change by the directors. Additionally, all communications are available to any director who wishes to review them.

Board and Committee Information

The Board of Directors, which had thirteen meetings, including the 2008 Annual Meeting, during the past fiscal year, has standing Audit, Compensation, Executive, and Nominating and Corporate Governance Committees. The Audit Committee met five times during the last fiscal year and is comprised of Messrs. William I. Noecker (Chairman), Joseph J. Hartnett and Douglas R. Schrank. The Audit Committee operates under a written charter and oversees auditing, financial reporting and internal control matters regarding accounting and finance controls. It also selects the firm that the Company retains as its independent auditors and recommends the ratification of their selection by the shareowners. The Audit Committee consults with the independent auditors and oversees their audit and other work. The Audit Committee also consults with the Chairman of the Board, President and Chief Executive Officer, and Chief Financial Officer and oversees those individuals who review the Company's internal controls and compliance with policies. Each member of the Audit Committee is independent, as defined under the NYSE listing standards. The Board has determined that Mr. Noecker, in addition to being independent, is an audit committee financial expert as defined in the Securities and Exchange Commission's (SEC) Regulation S-K, Item 407(d)(5)(ii). Mr. Noecker's relevant financial experience includes that he received his Masters of Business Administration from the University of Michigan in 1973, was licensed as a Certified Public Accountant by the State of Michigan in 1976 and was an accountant at Touche Ross & Co. (now Deloitte & Touche USA LLP) from October 1973 until March 1978. The independent auditors have access to the Audit Committee without any other members of management being present. The Audit Committee met with management and the independent auditors before the announcement of earnings each quarter. The Audit Committee also met with the independent auditors

Table of Contents

without management present on four occasions during fiscal 2009. The Audit Committee also reviewed the annual consolidated financial statements and annual report on Form 10-K and the Audit Committee report in this Proxy Statement before each was filed with the SEC. The functions and qualifications for membership are set forth in its charter, a copy of which is available on the Company's website at www.sparton.com.

The Compensation Committee, which held thirteen meetings during the last fiscal year and is comprised of Messrs. James D. Fast (Chairman), James N. DeBoer, and James R. Swartwout, monitors the remuneration, including stock options, for the Company's executive officers, including the Named Executive Officers and the Key Managers. The Compensation Committee is not authorized to delegate its authority to others, with the exception of the delegation to the Chief Executive Officer of the formulation of proposed compensation amounts to executives and proposed compensation plans and processes. The Compensation Committee does not, as a matter of regular practice, employ compensation consultants to determine the amount or form of executive and director compensation. Management, however, engaged consultants to review awards under both the 2010 LTIP and the STIP (defined under Executive Compensation, below at page 25). The compensation philosophy, the compensation components, and their application as described in the Compensation Discussion and Analysis, which appears below, are generally employed by the Compensation Committee in connection with the compensation for all of the executives of the Company.

The Executive Committee, which is comprised of Messrs. David P. Molfenter (Chairman), Cary B. Wood, Bradley O. Smith, James N. DeBoer and James R. Swartwout met two times during fiscal 2009. With certain limitations, the Executive Committee generally is empowered to act for the full Board of Directors in intervals between Board meetings, with the exception of certain matters that by law may not be delegated. The Executive Committee meets as necessary, and all actions by the Executive Committee are reported at the next Board of Directors meeting.

The Nominating and Corporate Governance Committee, which is comprised of Messrs. Douglas R. Schrank (Chairman), W. Peter Slusser and Lynda J-S Yang, M.D., held seven meetings last fiscal year. The Nominating and Corporate Governance Committee reviews the makeup of the existing Board of Directors and the tenure of its members, consistent with appropriate principles of corporate governance and applicable regulations. The Nominating and Corporate Governance Committee also receives candidate resumes, and considers and recommends candidates for election to the Board consistent with the needs of the Company, regulatory requirements, and the qualifications of the candidates. The Nominating and Corporate Governance Committee has implemented a formal process for consideration of candidates, which is described under *Director Qualifications* below.

The Company's website address is www.sparton.com. Information provided at the website includes, among other items, the Company's Corporate Governance Guidelines, current charters for the Audit, Compensation, Nominating and Corporate Governance, and Executive Committees of the Board of Directors, Board committees and their membership, and the Company's Code of Business Conduct and Ethics. The committee charters are also available in print and can be obtained free of charge by written request directed to the Corporate Secretary at 425 N. Martingale Road, Suite 2050, Schaumburg, Illinois 60173-2213.

All directors other than Dr. Yang attended at least 75% of the aggregate total number of meetings of the Board and committees on which they serve (during the period that each director served). In addition, the directors are expected to attend the Annual Shareowners Meeting. At the Company's fiscal 2008 Annual Meeting, ten of the directors were in attendance. During each of fiscal 2007 and 2008, under the auspices of the Nominating and Corporate Governance Committee, the Board of Directors conducted a program for director education which was facilitated by the National Association of Corporate Directors.

Director Qualifications

The Nominating and Corporate Governance Committee is responsible for reviewing with the Board of Directors, from time to time, the appropriate qualities, skills and characteristics desired for members of the Board of Directors in the context of the current make-up of the Board. This assessment includes consideration of the following summary of minimum qualifications that the Nominating and Corporate Governance Committee believes must be met by all directors, as well as the following considerations for the composition of the Board of Directors as a whole.

Table of Contents

Essential Qualities

Relevant and substantial business experience, with an understanding of what is involved in leading a company

Sound business instincts and judgment, with the ability to make informed and strategic decisions

Professional and personal reputation and integrity consistent with the Company's Code of Ethics

Strong interpersonal skills evidencing the ability to work as part of a group and express views that are both challenging to and supportive of management

Commitment and availability to the Company to perform necessary and desired duties, with the ability to accept accountability for their role in decisions of the Board of Directors

Genuine interest in the Company, its business, and its people, with a willingness to remain committed over a period of several years

Board Composition Considerations

Strategic mix of directors allowing for diverse expertise and experience fitting the specific needs of the Company, now and anticipated in the future

Multiple directors possessing understanding and expertise in the area of accounting and finance

Multiple directors with specific experience and knowledge of the risks and challenges unique to the industry in which the Company operates

Visionaries with the ability to lead, manage change, and assist in the continued growth of the Company

Familiarity and ability to relate to, and deal with, the media and various financial markets

These factors and others are considered useful by the Board of Directors, and are considered in an assessment of the perceived needs of the Board of Directors at a particular point in time.

Process for Identifying and Evaluating Director Nominees

The Board of Directors is responsible for selecting its own members. The Board of Directors delegates the evaluation, selection and nomination process to the Nominating and Corporate Governance Committee, with the expectation that other members of the Board of Directors and management will be requested to take part in the process as appropriate. Once candidates have been identified, the Nominating and Corporate Governance Committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the Nominating and Corporate Governance Committee. Potential candidates for directors are generally suggested to the committee by current Board of Directors members and shareowners, and are evaluated at meetings of the committee. Based on the results of the evaluation process, the Nominating and Corporate Governance Committee recommends candidates for the Board's approval as director nominees for election to the Board of Directors. The Nominating and Corporate Governance Committee also recommends candidates for the Board's appointments to the committees of the Board.

Procedure for Recommendation of Director Nominees by Shareowners

The Nominating and Corporate Governance Committee will consider director candidates who are recommended by shareowners of the Company. As required by Article VIII of the Company's Code of Regulations, to recommend a nominee, a shareowner should write to the Company's Corporate Secretary at 425 N. Martingale Road, Suite 2050, Schaumburg, Illinois 60173-2213. To be considered by the Nominating and Corporate Governance Committee for nomination and inclusion in the Company's Proxy Statement for its 2010 Annual Meeting of Shareowners, a shareowner recommendation for a Director must be received by the Company's Secretary no later than 60 days prior to the Annual Meeting. Any recommendation must include (i) the name and address of the candidate, (ii) a brief biographical description, including his or her occupation for at least the last five years, and a statement of the

Table of Contents

qualifications of the candidate, taking into account the qualification requirements summarized above, (iii) a consent signed by the candidate agreeing to be named in the Proxy Statement and to serve as a Director if elected, (iv) a representation by the nominating shareowner that such shareowner is a holder of record of shares of capital stock of the Company, (v) a representation by the nominating shareowner that such shareowner will continue to hold such shares through the date of the Annual Meeting, and (vi) a representation by the nominating shareowner that such shareowner intends to appear in person or by proxy at the Annual Meeting to nominate the candidate. The Nominating and Corporate Governance Committee may seek additional biographical and background information from any candidate that must be received on a timely basis to be considered by the Nominating and Corporate Governance Committee. Further information regarding shareowner recommendation of director candidates is contained in the Nominating and Corporate Governance Committee Charter, which is available at the Company's website at www.sparton.com.

Assuming the appropriate biographical and background material is provided for candidates submitted by shareowners, the Nominating and Corporate Governance Committee will evaluate those candidates by following the same process, and applying the same criteria, as for candidates submitted by members of the Board of Directors. All director nominees recommended for election at the 2009 Annual Meeting are current members of the Board of Directors.

Board Compensation

For fiscal year 2009, the Company's Independent Directors received an annual base retainer of \$10,000 and \$600 for each regularly scheduled meeting of the Board of Directors attended and the annual meeting, and \$500 for each committee meeting attended and each special meeting of the Board of Directors. Management directors were paid \$500 for each regularly scheduled board meeting attended and each special meeting of the Board of Directors. In addition, directors may be engaged to provide individual consulting services for which they will receive separate compensation. No director provided any such individual consulting services in fiscal 2009.

On June 26, 2009, and effective as of July 1, 2009, the Board of Directors approved an increase in the total compensation payable to the directors as follows: the annual retainer is \$30,000, being \$15,000 in cash payable quarterly and \$15,000 in an annual stock grant (the Annual Grant). The number of shares of stock granted pursuant to the Annual Grant will be determined based on fair market value two days after the annual fiscal year end earnings release. However, for fiscal year 2010 only, the Annual Grant will be valued and delivered two days after the first quarter 2010 earnings are released. The Annual Grants will be awarded under the 2010 LTIP, if approved, and/or the 2001 SIP (defined at page 17, below). The number of shares awarded pursuant to the Annual Grant is limited to 3,000 shares per year. If the value of the 3,000 shares of common stock is less than \$15,000, then the remainder will be paid in cash. For example, if the market price of the Company's common stock on the valuation date is \$2.50 per share, 3,000 shares at that value would be equal to \$7,500 and the remaining \$7,500 would be paid in cash at the time the Annual Grant is made. The increase reflects an elimination of fees for attendance at regular, special and independent Board of Director meetings, and attendance at the annual shareowner meeting. Directors serving on Board committees will be paid \$800 for each regularly scheduled committee meeting, other than the Audit Committee, for which each member will be paid \$1,000 for each regularly scheduled meeting. The higher Audit Committee fees reflect the additional time the committee spends on Company matters. A quarterly retainer in the amount of \$4,000, \$3,000 and \$3,000 will be paid to the Chairman of each of the Audit Committee, Compensation Committee and Nominating and Governance Committee, respectively. After September 18, 2009, the above-described compensation is payable to non-management directors only.

In addition to his directors' fees, which totaled \$26,050 in fiscal 2009, Mr. David P. Molfenter was compensated for services rendered as Chairman of the Board of Directors for a part of fiscal 2009. Such compensation for services as Chairman of the Board totaled \$18,750 for fiscal 2009 (based on the prorated amount of \$30,000 annually). For fiscal 2010, Mr. Molfenter's compensation as Chairman will be increased to an annual retainer of \$60,000, being \$40,000 in cash payable quarterly and \$20,000 in an annual stock grant. The number of shares awarded under Mr. Molfenter's Annual Grant is limited to 4,000 shares per year. If the value of the shares is less than \$20,000, then the remainder will be paid in cash.

The Board of Directors and the Nominating and Governance Committee reviewed the increase to Board of Director compensation in detail. The decision to approve the increase was made after careful review of both the National

Table of Contents

Association of Corporate Directors Compensation Report (2008-2009) (NACD Report) and the recommendations of Watson Wyatt, an independent compensation consulting firm. The NACD Report compiles board compensation information for 324 companies with annual revenues between \$50 million and \$500 million. After giving effect to the increase to director, committee and Chairman compensation, the Nominating and Governance Committee determined, and Watson Wyatt concurred, that the compensation program, including the structure and compensation elements, are reasonable and within market practice. Further, the new compensation program remains 49% below the median for all companies surveyed in the NACD Report, and 13% below the 25th percentile of the companies surveyed.

Additionally, the Nominating and Governance Committee recommended, and the Board of Directors approved, average stock ownership requirements at the June 2009 Board of Directors meeting. The directors are required to achieve a Company common stock ownership target, within five years, of a market value of three times the annual board retainer. The target ownership includes shares paid as a portion of the Board retainer. The Board of Directors is reviewing and considering target stock ownership guidelines for management.

Corporate Governance

The Board of Directors has adopted Corporate Governance Guidelines applicable to the Company. The Nominating and Corporate Governance Committee reviews the Guidelines annually to determine whether to recommend changes to the Board of Directors to reflect new laws, rules and regulations and developing governance practices. The Guidelines address several key areas of corporate governance, including our governance philosophy, director responsibilities, Board composition, Board meetings and committees, director independence, and director compensation. The Guidelines are available on our website, www.sparton.com.

In addition to the Guidelines, the Board adopted charters for the Compensation, Executive, and Nominating and Corporate Governance Committees addressing corporate governance issues. These charters address issues such as independence of the committee members, committee organization and powers, member qualifications, duties and responsibilities, and corporate governance. As of June 30, 2009, all members of the Audit, Compensation, and Nominating and Corporate Governance Committees were Independent Directors. Copies of the charters for each of these committees are located on the Company's website, www.sparton.com. The Company continues to develop and refine its Corporate Governance policies and practices and their place within the committee structure of the Board of Directors.

Code of Ethics

The Sparton Way governs the actions and working relationships of the Company's employees, officers and directors.

The Sparton Way endorses the highest level of ethical standards, along with addressing other issues such as corporate opportunities, confidentiality, and the protection and proper use of corporate assets. The Company also updated its long standing Code of Business Conduct and Ethics in light of current regulatory requirements.

To the extent any waiver is granted with respect to the Code of Business Conduct and Ethics that requires disclosure under applicable SEC rules, such waiver will also be posted on the Company's website, as will any amendment that may be adopted from time to time. The Company's Shareowner Letters, Annual Report, Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, and news releases are also available at the website, or are available, without charge, by contacting the Shareowners' Relations Department at 1-800-248-9579.

Individuals wishing to report improper activities may call the Company's Whistleblower service at 1-866-393-7585. Activities may be reported anonymously if desired.

Relationship with Independent Auditors

The Audit Committee appoints the independent auditors for the Company. Pursuant to the Pre-Approval Policy, the Audit Committee annually reviews and pre-approves the services that may be provided by the independent auditor without obtaining specific pre-approval from the Audit Committee, and such services are considered approved through the next annual review. The Audit Committee revises the list of pre-approved services from time to time based on subsequent determinations. PROPOSAL 3
PROPOSAL TO APPROVE THE SPARTON CORPORATION
2010 LONG-TERM STOCK INCENTIVE PLAN

The Executive Committee Board of Directors has approved, and is submitting for shareowner approval, the 2010 LTIP. The Board believes that the 2010 LTIP is an integral part of the Company's long-term compensation philosophy. The 2010 LTIP is designed to align the interests of employees of the Company selected to receive awards and the directors with those of shareowners by rewarding long-term decision-making and actions for the benefit of the Company. The Company believes that equity-based compensation assists in the attraction and retention of qualified employees and directors and provides them with additional incentive to devote their best efforts to pursue and sustain the Company's superior long-term performance, enhancing the value of the Company for the benefit of its shareowners.

In 1999, the Company's shareowners approved the Sparton Corporation Stock Incentive Plan, as amended in October 2001 (the 2001 SIP). Pursuant to the 2001 SIP, 970,161 shares of stock, stock options or similar equivalent interests were authorized to be granted to key employees and non-employee directors of the Company and its subsidiaries. Of the 970,161 shares permitted to be issued under the 2001 SIP as of June 30, 2009, (i) 324,127 shares are subject to unexercised options or have been granted as restricted shares and (ii) 169,864 shares remain available to be granted under the 2001 SIP.

The Board of Directors believes that the award of stock options and stock grants is a key tool in recruiting and retaining key executives and provides goal congruence with the Company's shareowners. Therefore, the Board of Directors developed and recommends to the shareowners the 2010 LTIP which is further described below. The Board of Directors and the Compensation Committee intends to award the remaining available shares under the 2001 SIP until the expiration of the 2001 SIP in accordance with its terms in 2011.

2010 LTIP

The provisions of the 2010 LTIP are intended to ensure that the tax deductibility of payments under the 2010 LTIP is not limited by Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Under Section 162(m) of the Code, annual compensation in excess of one million dollars paid to a corporation's chief executive officer and the four other highest paid executive officers (Covered Employees) is not deductible by the Company for federal income tax purposes, unless such compensation is considered performance-based compensation. For compensation to qualify as performance-based compensation, certain conditions must be met, including shareowner approval of the material terms of the arrangement under which the compensation is paid. The maximum amount of compensation payable with respect to an award granted under the 2010 LTIP to any award recipient who is a Covered Employee that is denominated as a dollar amount may not exceed five million dollars for any calendar year.

Plan Document

The full text of the 2010 LTIP is included as [Appendix A](#) to this Proxy Statement. The following summarizes the material features of the 2010 LTIP and is qualified in its entirety by the full text of the 2010 LTIP.

Eligible Participants

Any directors, officers and employees of the Company and its subsidiaries and affiliates, as well as prospective officers and employees who have accepted offers of employment, may be selected by the Compensation Committee to become participants in the 2010 LTIP. Presently, the Company estimates that approximately eight directors and ten executive officers would be eligible to receive awards each year under the 2010 LTIP.

Shares Available Under the 2010 LTIP

The maximum number of shares of the Company's common stock that will be available under the 2010 LTIP is 1,000,000. To the extent that any award is forfeited, terminates, expires or lapses without exercise or settlement, the

Table of Contents

shares subject to such awards forfeited or not delivered as a result thereof shall again be available for awards under the 2010 LTIP.

In the event of (i) a stock dividend, stock split, reverse stock split, share combination, or recapitalization or similar event affecting the capital structure of the Company or (ii) a merger, consolidation, acquisition of property or shares, separation, spinoff, reorganization, stock rights offering, liquidation, disaffiliation, or similar event affecting the Company or any of its subsidiaries, the Compensation Committee or the Board of Directors shall make such substitutions or adjustments as it deems appropriate and equitable to (A) the aggregate number and kind of shares or other securities reserved for issuance and delivery under the 2010 LTIP, (B) the various maximum limitations set forth above upon certain types of awards and upon the grants to individuals of certain types of awards, (C) the number and kind of shares or other securities subject to outstanding awards, and (D) the exercise price of outstanding options and stock appreciation rights. Any such adjustment is required to be made in a manner that would be consistent with Section 409A of the Code.

New Plan Benefits

Because awards under the 2010 LTIP are discretionary, no awards are determinable at this time.

Market Value of Common Stock

On September 23, 2009, the latest practicable date the information was available prior to the printing and mailing of this Proxy Statement, the closing price of a share of the Company's common stock on the NYSE was \$3.95.

Administration of the 2010 LTIP

The 2010 LTIP is administered by the Compensation Committee of the Board of Directors, or such other committee of members of the Board of Directors as the Board may designate from time to time. The Compensation Committee is required to have at least two members who qualify as non-employee directors.

The Compensation Committee is authorized to (a) construe and interpret the 2010 LTIP, the rules and regulations under the 2010 LTIP, and all grants under the 2010 LTIP, (b) adopt, amend and rescind rules and procedures relating to the administration of the 2010 LTIP as, in its opinion, may be advisable in the administration of the 2010 LTIP, and (c) except as provided in the 2010 LTIP, make all other determinations deemed necessary or advisable under the 2010 LTIP. The Compensation Committee may, except to the extent prohibited by applicable law or the listing standards of the NYSE, allocate all or any portion of its responsibilities and powers to any one or more of its members or to any other person or persons selected by it, including, without limitation, the Company's Chief Executive Officer. However, the Compensation Committee may not delegate its responsibilities and powers if such delegation would cause an award made to an individual subject to Section 16 of the Exchange Act not to qualify for an exemption from Section 16(b) of the Exchange Act. In addition, it may not delegate its authority with respect to qualified performance-based grants, except to the extent permitted by the performance exception under Section 162(m) of the Code discussed below under Limits on the Company's Deductions.

Types of Awards Under the Plan

The Compensation Committee may grant stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards and other stock-based awards under the 2010 LTIP.

Stock Options

The Compensation Committee may grant stock options qualifying as incentive stock options under the Code (ISOs) and non-qualified stock options. The term of each stock option will be fixed by the Compensation Committee, but may not exceed ten (10) years. The exercise price for each stock option will also be fixed by the Compensation Committee, but may not be less than the fair market value of the Company's common stock on the date of grant. ISOs may only be granted to officers and employees of the Company and corporations connected to it by chains of ownership of voting power representing fifty percent (50%) or more of the total outstanding voting

Table of Contents

power of all classes of stock of the lower-tier entity. Stock options will vest and become exercisable as determined by the Compensation Committee.

An option holder may pay the exercise price of an option in cash, through tender of shares already owned by the option holder, by pledging the proceeds from the sale of shares in connection with the exercise of the option, or by any combination of these methods.

Restricted Stock

The Compensation Committee may also award restricted stock, that is, shares of the Company's common stock, the vesting and transferability of which is subject to such requirements as the Compensation Committee may determine. These requirements may include continued services for a specified period and/or achievement of performance goals. At the discretion of the Compensation Committee, the recipient of restricted stock will be entitled to vote the shares and receive dividends and other distributions, although the Compensation Committee may make any and all dividends and other distributions with respect to restricted stock subject to the same or different vesting conditions as the restricted stock.

Restricted Stock Units

The Compensation Committee may also award restricted stock units, that is, grants representing a specified number of hypothetical shares of the Company's common stock, the vesting of which is subject to such requirements as the Compensation Committee may determine. These requirements may include continued services for a specified period and/or achievement of performance goals. Upon or after vesting, restricted stock units will be settled in cash or shares of the Company's common stock or a combination, as determined by the Compensation Committee. A participant to whom restricted stock units are granted will not have any rights as a shareowner with respect to the units, unless and until they are settled in shares of the Company's common stock, although at the discretion of the Compensation Committee, the recipient of a restricted stock unit award may be entitled to a dividend equivalent right.

Stock Appreciation Rights

The Compensation Committee may grant stock appreciation rights (SARs), with such terms and conditions as are determined by the Compensation Committee. Exercise of a SAR entitles a participant to receive an amount equal to the difference between the fair market value of one share of common stock on the date the SAR is exercised and the grant price, as the case may be, times the number of shares with respect to which the SAR is exercised. The Compensation Committee has discretion to determine whether any SAR will be settled in cash, shares or a combination thereof. SARs expire no more than ten years after the date they are granted.

Performance Awards

Performance awards may be denominated or payable in cash, shares of common stock (including, without limitation, shares of restricted stock), other securities, other awards, or other property. Performance awards confer on the award recipient the right to receive a dollar amount or number of shares upon the attainment of performance measures during a performance period, as established by the Compensation Committee.

Other Stock-Based Awards

Other stock-based awards may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, shares of common stock of the Company (including, without limitation, securities convertible into shares of common stock), as the Compensation Committee deems consistent with the purpose of the 2010 LTIP. They also may be subject to such additional terms and conditions, including performance measures, not inconsistent with the provisions of the 2010 LTIP, as determined by the Compensation Committee.

Table of Contents

Amounts of Options

Because options under the 2010 LTIP are discretionary, no specific grants are determinable at this time.

Cancellation or Suspension of Awards

The Compensation Committee may cancel all or any portion of any award, whether or not vested or deferred, as set forth below. Upon cancellation, the award recipient shall forfeit the award and any benefits attributable to such canceled award or portion thereof. The Compensation Committee may cancel an award if, in its sole discretion, the Compensation Committee determines in good faith that the award recipient has done any of the following:

(i) committed a felony; (ii) committed fraud; (iii) embezzled; (iv) disclosed confidential information or trade secrets; (v) was terminated for cause; (vi) engaged in any activity in competition with the business of the Company or any subsidiary or affiliate of the Company; or (vii) engaged in conduct that adversely affected the Company. The Director Corporate Human Resources, or such other person designated from time to time by the Chief Executive Officer of the Company, shall have the power and authority to suspend all or any portion of any award if that delegate makes in good faith the determination described in the preceding sentence. Any such suspension of an award shall remain in effect until the suspension shall be presented to and acted on by the Compensation Committee at its next meeting.

Transferability of Awards

Awards under the 2010 LTIP will be non-transferable except by will or pursuant to the laws of intestacy.

Termination and Amendment of the Plan

The Compensation Committee or the Board of Directors may amend, alter, or discontinue the 2010 LTIP, but no amendment, alteration or discontinuation shall be made which would materially impair the rights of an award recipient with respect to a previously granted award without such award recipient's consent, except such an amendment made to comply with applicable law, including, without limitation, Section 409A of the Code, stock exchange rules or accounting rules. In addition, no such amendment shall be made without the approval of the Company's shareowners to the extent such approval is required by applicable law or the listing standards of the applicable stock exchange. The Compensation Committee may unilaterally amend the terms of any award previously granted, but no such amendment shall cause a qualified performance-based award to cease to qualify for the exemption under Section 162(m) of the Code or, without the award recipient's consent, materially impair the rights of any award recipient with respect to an award, except such an amendment made to cause the 2010 LTIP or award to comply with applicable law, stock exchange rules or accounting rules.

Tax Withholding

Participants are required to pay to the Company, or make arrangements satisfactory to the Company regarding the payment of, any taxes that are required to be withheld with respect to grants under the 2010 LTIP. Unless otherwise determined by the Company, the legally required minimum withholding obligations may be settled with shares of the Company's common stock, including shares that are part of the grant that gives rise to the withholding requirement.

Summary of Federal Income Tax Consequences

A summary of the federal income tax consequences to individuals who receive stock options under the 2010 LTIP, and to the Company as a consequence of granting options, is set forth below. The discussion is based upon interpretations of the relevant tax laws in effect as of August 2009. The Company does not intend for the summary to constitute tax advice to any recipient of an award under the 2010 LTIP or to any other person. Each individual should seek tax advice with respect to the consequences of participating in the 2010 LTIP from his or her personal tax advisor.

Table of Contents*Non-qualified Stock Options*

An award recipient will not be subject to tax at the time a non-qualified stock option is granted, and no tax deduction is then available to the Company. Upon the exercise of a non-qualified stock option, an amount equal to the difference between the exercise price and the fair market value of the shares acquired on the date of exercise will be included in the holder's ordinary income, and the Company will generally be entitled to deduct the same amount. Upon disposition of shares acquired upon exercise, appreciation or depreciation after the date of exercise will generally be treated by the award recipient as either capital gain or capital loss.

Incentive Stock Options (ISOs)

An award recipient will not be subject to regular income tax at the time an ISO is granted or exercised, and no tax deduction is then available to the Company; however, the recipient may be subject to the alternative minimum tax on the excess of the fair market value of the shares received upon exercise of the ISO over the exercise price. Upon disposition of the shares acquired upon exercise of an ISO, capital gain or capital loss will generally be recognized in an amount equal to the difference between the sale price and the exercise price, as long as the recipient has not disposed of the shares within two years after the date of grant or within one year after the date of exercise and has been employed by the Company at all times from the grant date until the date three months before the date of exercise (one year in the case of permanent disability). If the recipient disposes of the shares without satisfying both the holding period and employment requirements, the recipient will recognize ordinary income at the time of the disposition equal to the excess of the amount realized over the exercise price but, in the case of a failure to satisfy the holding period requirement, not more than the excess of the fair market value of the shares on the date the ISO is exercised over the exercise price, with any remaining gain or loss being treated as capital. The Company is not entitled to a tax deduction upon either the exercise of an ISO or upon disposition of the shares acquired pursuant to such exercise, except to the extent that the recipient recognizes ordinary income on disposition of the shares.

Limits on the Company's Deductions

Section 162(m) of the Code generally places a \$1,000,000 annual limit on a company's tax deduction for compensation paid to a public company's chief executive officer and the other four highest paid officers named in its proxy statement. This limit does not apply to compensation that satisfies the applicable requirements for the performance-based compensation exception (referred to in this proposal as the performance exception), including approval by shareowners of the material terms of the compensation. Approval of the 2010 LTIP by the Company's shareowners will satisfy this shareowner approval requirement, and grants under the 2010 LTIP are intended to satisfy the requirements for the performance exception.

The 2010 LTIP incorporates the provisions required so that stock options and SARs will be qualified performance-based awards. These provisions include allowing such stock options and SARs to be granted only by the Compensation Committee, and requiring that their exercise price be not less than the fair market value of the Company's common stock on the date of grant. Therefore, it is expected that all stock options and SARs granted under the 2010 LTIP will qualify for the performance exception. In addition, the 2010 LTIP gives the Compensation Committee the ability to grant restricted stock, restricted stock units and performance-based awards designed to be qualified performance-based awards. These qualified performance-based awards must be subject to the achievement of performance goals based upon the attainment of specified levels of one or more of the following measures: (a) earnings per share, (b) return measures (including, but not limited to, return on assets, equity or sales), (c) net income (before or after taxes), (d) cash flow (including, but not limited to, operating cash flow and free cash flow), (e) cash flow return on investments, which equals net cash flows divided by owner's equity, (f) earnings before or after taxes, interest, depreciation and/or amortization, (g) internal rate of return or increase in net present value, (h) gross revenues, (i) gross margins or (j) stock price (including, but not limited to, growth measures and total shareowner return). Performance measures may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated and may be based on or adjusted for any other objective goals, events, or occurrences established by the Compensation Committee for a performance period. Such

Table of Contents

performance measures may be particular to a line of business, subsidiary or other unit or may be based on the performance of the Company generally.

Performance measures may be adjusted by the Compensation Committee in its sole discretion to eliminate the unbudgeted effects of charges for restructurings, charges for discontinued operations, charges for extraordinary items and other unusual or non-recurring items of loss or expense, merger related charges, cumulative effect of accounting changes, the unbudgeted financial impact of any acquisition or divestiture made during the applicable performance period, and any direct or indirect change in the federal corporate tax rate affecting the performance period, each as defined by generally accepted accounting principles and identified in the audited financial statements, notes to the audited financial statements, management's discussion and analysis or other Company filings with the SEC.

In granting qualified performance-based awards other than stock options and SARs, the Compensation Committee must establish the applicable performance measures within the time allowed by the performance exception and at a time when achievement of the goals is substantially uncertain, and it must certify the achievement of those goals before the vesting or payment of the qualified performance-based awards. In addition, in order to assure that qualified performance-based awards in fact qualify for the performance exception, the 2010 LTIP provides that (1) except in the event of death, disability, or other events permitted by the performance exception, the achievement of the applicable performance goals may not be waived, and (2) awards may not be amended, and the Compensation Committee may not exercise discretionary authority, in a way that would cause the awards to cease to qualify for the performance exemption.

As one of the factors in its decisions regarding grants under and administration of the 2010 LTIP, the Compensation Committee will consider the anticipated effects of Section 162(m) of the Code. These effects will depend upon a number of factors, including not only whether the grants qualify for the performance exception, but also the timing of executives' vesting in or exercise of previously granted equity awards and receipt of other compensation. Furthermore, interpretations of and changes in the tax laws and other factors beyond the Compensation Committee's control may also affect the deductibility of compensation. For these and other reasons, the Compensation Committee may make grants that do not qualify for the performance exception, and the Company's tax deductions for those grants may be limited or eliminated as a result of the application of Section 162(m) of the Code. Further, if grants vest or are paid on an accelerated basis upon a change in control or a subsequent termination of employment, some or all of the value of that acceleration may be considered an excess parachute payment under Section 280G of the Code, which would result in the imposition of a twenty percent (20%) federal excise tax on the recipients of the excess parachute payments and a loss of the Company's deduction for the excess parachute payments.

Tax Law Affecting Deferred Compensation

It is the current intention of the Company that no grants under the 2010 LTIP will be subject to Section 409A of the Code. However, any grant that is made by the Company that is subject to Section 409A of the Code will comply in all respects with Section 409A of the Code.

Effective Date

The 2010 LTIP will be effective as of the date it is approved by the shareowners. It will terminate on the tenth (10th) anniversary of that date, unless earlier terminated in accordance with its provisions. Awards outstanding as of the date of termination of the 2010 LTIP shall not be affected or impaired by the termination.

Vote Required for Approval

Each share of common stock is entitled to one vote for this proposal. In order to be adopted, this proposal must be approved by the holders of a majority of the outstanding shares of our common stock present or represented by proxy and entitled to vote at the Annual Meeting.

Board Recommendation

The Board of Directors recommends a vote FOR the approval and adoption of the 2010 LTIP.

EXECUTIVE COMPENSATION

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis section of this Proxy Statement (the CD&A) for the fiscal year ended June 30, 2009, which appears below. Based on the review and discussions referred to in the preceding sentence, the Compensation Committee recommended to the Board of Directors that the CD&A be included in this Proxy Statement and be incorporated by reference in the Company s Annual Report on Form 10-K for the fiscal year ended June 30, 2009.

THE COMPENSATION COMMITTEE

James D. Fast, Chairman

James N. DeBoer

James R. Swartwout

Compensation Discussion and Analysis

The Compensation Committee (referred to in this Section as the Committee) is authorized (i) to assist management with compensation policies and programs for the Company s Named Executive Officers and the Key Managers (ii) to review and approve the performance goals established for the Named Executive Officers and the Key Managers; and (iii) to recommend, after considering the results of the executives performance and the Company s profitability, the salaries and incentive bonuses for the Named Executive Officers and the Key Managers.

The Committee is comprised of three Independent Directors. Their responsibilities are carried out pursuant to authority delegated by the Board of Directors and in accordance with the federal securities laws and other applicable laws and regulations. The Committee is governed by a written charter which can be found on the Company s website at www.sparton.com.

Compensation Philosophy

The Company has formulated a compensation philosophy with the objective of fair, competitive and performance-based compensation of its executive officers, including the Named Executive Officers and the Key Managers. The philosophy reflects the belief that the total compensation of the Named Executive Officers and the Key Managers should be aligned with the Company s performance. While the specific programs may be modified from year to year, the compensation philosophy has remained consistent for many years. The Committee seeks to reward performance with cost-effective compensation that aligns employee efforts with the Company s business strategy through adherence to the following compensation policies:

Total compensation should strengthen the relationship between pay and performance by including and emphasizing variable, at-risk compensation that is dependent on achieving specific corporate, business function, and/or individual performance goals.

An element of pay for Named Executive Officers and the Key Managers should be comprised of long-term incentives to align management interests with those of its shareowners.

The incentive components of pay should be weighted toward long-term factors.

Total compensation opportunities should enhance the Company s ability to attract, retain and develop knowledgeable and experienced executives.

Base salary should be targeted at compensation comparable to that paid to executives of similar electronics contract manufacturers.

In devising and maintaining the Company s executive compensation program, the Committee reviews published data relevant to the compensation of executives in publicly owned competitor companies which operate in the

Table of Contents

electronics contract manufacturing industry. The Committee also consults with management, and outside accounting and legal advisors as appropriate. Management utilized compensation consultants during fiscal 2009 as part of its review of the Company's compensation programs and in making recommendations to the Committee for its consideration. The Company engaged Watson Wyatt during fiscal 2008 and fiscal 2009 to review compensation for the directors and approximately 13 executive positions. The Company requested that Watson Wyatt provide benchmark information on compensation for such directors and executives based on similar companies. During fiscal 2009, the review was narrowed to focus on long-term and short-term incentive compensation for the 13 positions (which included approximately 21 employees, including Named Executive Officers and Key Managers) and confirmation of the Nominating and Governance Committee's recommendations on Board compensation. Watson Wyatt provided the Company with benchmark information regarding average bonus amounts for the given positions. Additionally, Watson Wyatt presented the Nominating and Governance Committee with a memorandum commenting on the proposal by said Committee on the proposed Board of Director compensation program and confirming its reasonableness. The Company used the information from Watson Wyatt on executive long-term and short-term incentive compensation in making recommendations to the Committee as to the scope and amount of awards under the STIP (defined under Executive Compensation, below at page 25) and the 2010 LTIP. The Committee's recommendations are subject to approval by the Board of Directors.

Components of Compensation

The key elements of the Company's executive compensation program are base salary, short-term (annual) incentive and long-term incentive compensation. These elements are addressed separately below.

The Committee does not use mathematical formulas exclusively to determine compensation. In setting each component of compensation, the Committee considers all elements of a Named Executive Officer's and Key Manager's total compensation package, including base salary, incentive compensation, and the value of benefits.

Base Salaries

A competitive base salary provides the foundation for a total compensation package required to attract, retain, and motivate the Named Executive Officers and the Key Managers in alignment with the Company's business strategies. The Committee reviews with the Chief Executive Officer and approves, with modifications considered appropriate, his recommendation of the annual base salary for each of the Named Executive Officers (other than the Chief Executive Officer) and the Key Managers on an annual basis, generally in the first quarter of the fiscal year. The Committee independently reviews and sets the base salary for the Chief Executive Officer, subject to the approval of the Board of Directors.

Base salaries are initially premised upon the responsibilities of each Named Executive Officer and Key Manager and may be further adjusted based on industry surveys and related data, and performance judgments as to the past and expected future contributions of the applicable Named Executive Officer and the Key Manager. The Committee reviews each Named Executive Officer's and Key Manager's base salary annually.

Short-Term Incentives***ROCE***

Short-term incentives have been paid pursuant to the Company's Return on Capital Employed (ROCE) Annual Incentive Bonus Plan which is reflective of the Company's goals of relating compensation to corporate performance. This plan permits Named Executive Officers and other key employees to earn additional compensation if return on capital employed meets or exceeds an established goal. The goal is set on an annual basis and is reflective of the Company's business forecasts for the fiscal year. The ROCE metric is calculated using profit before taxes, as adjusted for non-recurring and certain other items, divided by Average Capital Employed which is defined as the total of average accounts receivable excluding inter-company balances, average inventory and average net property, plant and equipment. If the ROCE target is met, or is within allowable deviations, Named Executive Officers and other key employees share in a fund established for the particular class of employee. The employees of the Company's subsidiary, Sparton Medical Systems, Inc. (Sparton Medical), including Duane K. Stierhoff, one of

Table of Contents

the Named Executive Officers, did not participate in the ROCE Plan during fiscal 2009. During the 2008 and 2009 fiscal years, there were no bonuses awarded under the ROCE Plan, as the ROCE plan target goal was not realized. The performance goals for the ROCE incentive bonus compensation plan are prepared annually by the Chief Executive Officer, reviewed and approved annually by the Committee, and presented to the Board of Directors for their review and approval.

The ROCE Annual Incentive Plan has been replaced by the STIP.

STIP

On June 26, 2009, the Board of Directors approved and adopted the Sparton Short-Term Incentive Plan (the *STIP*). The *STIP* does not require shareowner approval. The purpose of the *STIP* is to increase shareowner value and ensure the success of the Company by motivating participants to achieve all defined financial and operating goals and strategic objectives of the business. The *STIP* is further intended to attract and retain key employees essential to the success of the business and to provide competitive compensation programs consistent with market competitive pay practices.

The Committee has been appointed by the Board of Directors to administer the *STIP*. The Committee, with the approval of the Board of Directors, shall select executive or key employees of the Company or its affiliates, including the Company's President and Chief Executive Officer, Chief Financial Officer, Named Executive Officers and Key Managers identified by the Committee to be participants in the *STIP* for any annual performance period. Participation in the *STIP* is in the sole discretion of the Committee, on an annual performance period by annual performance period basis. The first annual performance period for which awards under the *STIP* may be made is the Company's fiscal year ending June 30, 2010.

The Committee, subject to approval by the Board of Directors, shall establish an individual potential award percentage for each participant equal to a percentage of such participant's salary. The Company shall determine and recommend, and the Committee shall, in its sole discretion, approve the performance goals and objectives applicable to any actual incentive award. The requirements may be on the basis of any factors the Committee determines relevant, and may be on an individual, business unit or Company-wide basis. Failure to meet the performance goals and objectives of the annual performance period will result in the participant's failure to earn the actual incentive award, except as otherwise determined by the Committee. Actual incentive award payments will be determined, based on verified achievement levels of established performance goals and objectives for the annual performance period, by the Committee and approved by the Board of Directors.

For each annual performance period, the Committee, subject to approval by the Board of Directors, shall establish an incentive award pool. Payment of each actual incentive award shall be made as soon as practicable as determined by the Committee after the completion of the independent audit and filing of the annual report on Form 10-K for the annual performance period during which the actual performance award was earned. Unless otherwise determined by the Committee, to receive payment of an actual incentive award, a participant must be employed by the Company or any affiliate on the last day of the annual performance period, and, subject to certain exceptions in the event of a participant's death or disability, on the date of payment of the actual incentive award. Actual incentive awards shall be paid from the incentive award pool in cash in a single lump sum.

The Committee may, in its sole discretion, grant an award for an extraordinary individual contribution which substantially benefits the Company but is not reflected in the achievement of a participant's individual goals. The Board of Directors, in its sole discretion, may amend or terminate the *STIP*, or any part thereof, at any time and for any reason. The amendment, suspension or termination of the *STIP* shall not, without the consent of the participant, alter or impair any rights or obligations under any actual incentive award earned by such participant. No award may be granted during any period of suspension or after termination of the *STIP*. The *STIP* will remain in effect until terminated.

The Committee, with the approval of the Board of Directors, has selected certain employees to be participants in the *STIP* for the annual performance period ending June 30, 2010 and has established potential awards for that period. The individual potential award percentages for these participants range from 15% to 85% of a participant's base

Table of Contents

salary. The performance goals and objectives are based upon three components: corporate net income before tax, business unit net income before tax, and measured personal objectives. These components may be weighted separately for each participant. Awards will be payable on a graduated scale ranging from a threshold of 80% of the target award for each component up to a maximum of 200% of the target award for that component. No award for a component is payable if performance is below the threshold. The funds available for award under the STIP for fiscal 2010 are \$1,222,005, assuming a payment of 100% of the target award for each selected participant.

Table of Contents

The potential awards for the Company's Named Executive Officers and Key Managers are as set forth in the following table:

(2) In the 2009 fiscal year, the Company's management was re-structured such that the employment of certain key members of management was terminated and the Key Managers commenced employment with the Company. Certain of the Key Managers may have been included in the definition of Named Executive Officer had they been employed by the Company for the full 2009 fiscal year. As such, the Company has determined to disclose certain information regarding the Key Managers the same as would have been required had they met the definition of Named Executive Officer for the 2009 fiscal year.

Bonuses

The Committee may recommend bonuses in addition to or in lieu of bonuses earned under the plans described above based on the Committee's evaluation of the individual performance and level of responsibility of the Named Executive

Officers and the Key Managers. In determining discretionary annual incentive bonuses for the Named Executive Officers and the Key Managers, the Committee evaluates the Chief Executive Officer's recommendations based on individual performance. The Committee independently evaluates the individual performance of the Chief Executive Officer. The results of those evaluations are used by the Committee to award the short-term incentive bonuses to the Named Executive Officers and Key Managers.

In November 2008 and December 2008, the Company entered into employment agreements with Cary B. Wood and Steven M. Korwin, respectively. The annual short-term mandatory incentive bonuses awarded to Mr. Wood and Mr. Korwin are set forth in the bonus column of the Summary Compensation Table. In 2006, Sparton Medical entered into four-year employment agreements with certain members of the management of that subsidiary, including Duane K. Stierhoff. Mr. Stierhoff's employment agreement provides for annual short-term incentive bonuses based on the financial results of Sparton Medical for the respective fiscal years over the term of the employment agreement. Mr. Stierhoff's bonuses for fiscal 2009 and fiscal 2008 are provided in the bonus column of the Summary Compensation Table.

Long-Term Incentives

2001 SIP

In keeping with the Company's philosophy of providing a total compensation package that includes long-term incentives, a Named Executive Officer's and/or Key Manager's total compensation package may include stock options, restricted stock, stock units and/or cash under the 2001 SIP. These incentives are designed to motivate and reward Named Executive Officers and Key Managers for maximizing shareowner value and encourage the long-term employment of key employees.

When awarding long-term incentives, the Committee considers a Named Executive Officer's and/or Key Manager's overall level of responsibility, Company performance and individual performance criteria, as well as the compensation practices of the peer group of companies used to evaluate total compensation.

The number of shares awarded through stock option grants is based primarily on the per share price on the date of the award. As a result, the number of shares underlying stock option awards may vary from year to year, as it is dependent on the price of the Company's common stock on the date of grant. The size of the award can also be adjusted based on individual factors.

Because the exercise price of these options is equal to or exceeds the fair market value of the Company's common stock as of the close of the stock market on the day preceding the date of grant (as specified in the plan), these stock options will only deliver a reward if the stock price appreciates from the price on the date the stock options were granted. This is intended to focus Named Executive Officers and Key Managers on the long-term enhancement of shareowner value. During fiscal 2009, no stock options were awarded.

It should also be noted that during fiscal 2009, no outstanding stock options were re-priced, on either an individual or collective basis, consistent with the Company's long established policy of not re-pricing stock options, except to avoid the dilutive effect of certain actions such as the declaration of stock dividends as provided in the 2001 SIP.

Table of Contents

The Company annually reviews the long-term incentive elements of its compensation package, including the beneficial and detrimental aspects of particular compensation components such as stock options, to determine the continuing efficacy of such programs.

During fiscal 2008 and 2009, the Company engaged Watson Wyatt to review compensation for the directors and certain executive officers. During 2009, Watson Wyatt focused on long-term and short-term incentive compensation. The Company used the information from Watson Wyatt on executive long-term and short-term incentive compensation in making recommendations to the Committee as to the scope and amount of awards under the STIP and the 2010 LTIP. See pages 13 and 23 above for additional detail with respect to this review by Watson Wyatt.

2010 LTIP

See page 16 under Proposal 3, above, for a description of the Company's 2010 LTIP which has been adopted by the Executive Committee of the Board of Directors, subject to shareowner approval at the Annual Meeting. Notwithstanding the approval of the 2010 LTIP, 169,864 shares under the 2001 SIP will remain available for award until the 2001 SIP expires in accordance with its terms in 2011.

Other Compensation

The Named Executive Officers and the Key Managers receive a variety of modest miscellaneous benefits, the value of which is presented for the Named Executive Officers and the Key Managers under the caption "All Other Compensation" in the Summary Compensation Table. These benefits include the Company's qualified pension plan, matching contributions under the Company's 401(k) Plan and other miscellaneous benefits.

Other Benefit Plans*401(k) Retirement Plan*

The Company maintains a 401(k) Plan that is available to substantially all U.S. employees. Prior to April 1, 2009, the Company matched 50% of each participant's voluntary contribution up to 6% of the participant's compensation and a participant would vest ratably over a 5-year period in the matching contributions. Effective April 1, 2009, the Company notified employees that it would suspend employer contributions to the plan. At the election of the participant, both employer and employee contributions may be invested in any of the available investment options under the plan, which election options include the Company's common stock. However, an employee's total investment in the Company's common stock is subject to a 20% limitation of the total value of the employee's fund balance.

Qualified Defined Benefit Plan

The pension plan, in which certain of the Company's Named Executive Officers and Key Managers participate, is a defined benefit plan covering substantially all of the domestic employees of the Company. The defined benefit plan was amended effective July 1, 2007 to include the employees of Sparton Medical, including Mr. Stierhoff. A cash contribution in the amount of \$79,000 was made during the third quarter of fiscal 2008. Based upon current actuarial calculations and assumptions, the defined benefit plan has met all funding requirements and no pension contribution was required during fiscal 2009. Effective April 1, 2009, the Company notified employees that it would freeze participation and the accrual of benefits in the plan. For fiscal 2010, a cash contribution of approximately \$1,097,000 is anticipated.

The defined benefit plan provides a basic benefit of \$2.25 per month for each year of credited service up to a maximum of \$90 per month. In addition, for those participants who contributed 5% of their monthly compensation (excluding bonuses) per month, the defined benefit plan provides for an additional monthly pension amount equal to 1¹/₂ % of the participant's final five-year average monthly compensation (excluding bonuses) times the participant's years of contributory credited service to a maximum of 30 years. Effective April 1, 2000, the Company amended its defined benefit plan to determine benefits by a cash balance formula. Under the cash balance formula, each participant has a benefit equal to their cash balance account which is credited yearly with 2% of their salary, as well as the interest earned on their previous year-end cash balance. Service under the Company's prior salary based formula was frozen as of March 31, 2000, and the benefit formula amended to calculate the monthly pension based upon the participant's five year average earnings.

Table of Contents

The following table shows the number of years of credited service, if applicable, and estimated annual retirement benefits for the Named Executive Officers and the Key Managers, payable under the defined benefit plan, in specified remuneration and service based classification upon normal retirement at age 65 (or June 30, 2009, if the individual is currently age 65 or older). The assumptions used in calculating the present values are set forth in Note 6 to the Consolidated Financial Statements included in the Company's Form 10-K for the fiscal year ended June 30, 2009. The benefits shown are not subject to any deduction for Social Security or other offset amounts. The maximum amount of annual compensation allowed to be included in determining final average compensation has been limited by federal statute to \$230,000 for 2008 and \$245,000 for 2009. This amount is subject to future adjustment by the Internal Revenue Service.

SECTION 3
STOCK SUBJECT TO THE PLAN

A. Plan Maximums. The maximum number of Shares that may be delivered pursuant to Awards under the Plan shall be One Million (1,000,000). Shares subject to an Award under the Plan may be authorized and unissued Shares or treasury Shares.

B. Rules for Calculating Shares Delivered. Any Shares covered by an Award that has been granted shall be counted as used under the Plan as of the Date of Grant. To the extent that any Award is forfeited, or any Option or Stock Appreciation Right terminates, expires or lapses without being exercised, the Shares subject to such Awards not delivered as a result thereof shall again be available for Awards under the Plan. The following Shares, however, may not again be made available for issuance in respect of Awards under this Plan: (i) Shares not issued or delivered as a result of the net settlement of an outstanding Stock Appreciation Right; (ii) Shares used to pay the exercise price or withholding taxes related to an outstanding Award; or (iii) Shares repurchased by the Corporation on the open market with the proceeds of an Option exercise price to settle an Option.

C. Adjustment Provision. In the event of (i) a stock dividend, stock split, reverse stock split, share combination, or recapitalization or similar event affecting the capital structure of the Corporation (each, a Share Change), or (ii) a merger, consolidation, acquisition of property or shares, separation, spinoff, reorganization, stock rights offering, liquidation, Disaffiliation, or similar event affecting the Corporation or any of its Subsidiaries (each, a Corporate Transaction), the Committee or the Board shall make appropriate substitutions or adjustments to (A) the aggregate number and kind of Shares or other securities reserved for issuance and delivery under the Plan, (B) the maximum limitation set forth in Section 3(A) upon certain types of Awards and upon the grants to individuals of certain types of Awards, (C) the number and kind of Shares or other securities subject to outstanding Awards, and (D) the exercise price of outstanding Options and Stock Appreciation Rights, provided that the aggregate exercise price or aggregate grant price of the Options or Stock Appreciation Rights is not less than the aggregate exercise price or aggregate grant price before the Corporate Transaction. In the case of Corporate Transactions, such adjustments may include, without limitation, (1) the cancellation of outstanding Awards in exchange for payments of cash, property or a combination thereof having an aggregate value equal to the value of such Awards, as determined by the Committee or the Board in its sole discretion (it being understood that in the case of a Corporate Transaction with respect to which stockholders of Common Stock receive consideration other than publicly traded equity securities of the ultimate surviving entity, any such determination by the Committee that the value of an Option or Stock Appreciation Right shall for this purpose be deemed to equal the excess, if any, of the value of the consideration being paid for each Share pursuant to such Corporate Transaction over the exercise price of such Option or Stock Appreciation Right shall conclusively be deemed valid); (2) the substitution of other property (including, without limitation, cash or other securities of the Corporation and securities of entities other than the Corporation) for the Shares subject to outstanding Awards; and (3) in connection with any Disaffiliation, arranging for the assumption of Awards, or replacement of Awards with new awards based on other property or other securities (including, without limitation, other securities of the Corporation and securities of entities other than the Corporation), by the affected Subsidiary, Affiliate, or division or by the entity that controls such Subsidiary, Affiliate, or division following such Disaffiliation (as well as any corresponding adjustments to Awards that remain based upon Corporation securities). Any such adjustments shall be made in a manner that (i) with respect to Awards that are not considered to be deferred compensation within the meaning of Section 409A of the Code as of immediately prior to such adjustment, would not cause such Awards to become deferred compensation subject to Section 409A of the Code and (ii) with respect to Awards that are considered deferred compensation within the meaning of Section 409A of the Code, would not cause such Awards to be non-compliant with the requirements of Section 409A of the Code.

To the extent that any permitted action taken by the Board conflicts with action taken by the Committee, the Board action shall control. The Committee may authorize any one or more of its members, or any officer of the Corporation, to execute and deliver documents on behalf of the Committee.

Except to the extent prohibited by applicable law or the applicable rules of a stock exchange, the Committee may (i) allocate all or any portion of its responsibilities and powers to any one or more of its members and/or (ii) delegate all or any part of its responsibilities and powers to any person or persons selected by it, provided that, the Committee may not delegate its responsibilities and powers if such delegation would cause an Award made to an individual subject to Section 16 of the Exchange Act not to qualify for an exemption from Section 16(b) of the Exchange Act or cause an Award intended to be a Qualified Performance-Based Award not to qualify for, or to cease to qualify for, the Section 162(m) Exemption. Any such allocation or delegation may be revoked by the Committee at any time. All decisions made by the Committee (or any person or persons to whom the Committee has allocated or delegated all or any portion of its responsibilities and powers in accordance with this Plan) shall be final and binding on all persons, including the Corporation, its Affiliates, Subsidiaries, stockholders, Eligible Individuals, Award Recipients, Beneficiaries and other interested parties.

C. Discretion of the Committee. Subject to Section 6(G), any determination made by the Committee or by an appropriately delegated officer pursuant to delegated authority under the provisions of the Plan with respect to any Award shall be made in the sole discretion of the Committee or such delegate at the time of the grant of the Award or, unless in contravention of any express term of the Plan, at any time thereafter. All decisions made by the Committee or any appropriately delegated officer pursuant to the provisions of the Plan shall be final and binding on all persons, including the Corporation, Award Recipients and Eligible Individuals.

D. Cancellation or Suspension of Awards. The Committee may cancel all or any portion of any Award, whether or not vested or deferred, as set forth below in this Section 4(D). Upon cancellation, the Award Recipient shall forfeit the Award and any benefits attributable to such canceled Award or portion thereof. The Committee may cancel an Award if, in its sole discretion, the Committee determines in good faith that the Award Recipient has done any of the following: (i) committed a felony; (ii) committed fraud; (iii) embezzled; (iv) disclosed confidential information or trade secrets; (v) was terminated for Cause; (vi) engaged in any activity in competition with the business of the Corporation or any Subsidiary or Affiliate of the Corporation; or (vii) engaged in conduct that adversely affected the Corporation. The Director Corporate Human Resources, or such other person designated from time to time by the Chief Executive Officer of the Corporation (the Delegate), shall have the power and authority to suspend all or any portion of any Award if the Delegate makes in good faith the determination described in the preceding sentence. Any such suspension of an Award shall remain in effect until the suspension shall be presented to and acted on by the Committee at its next meeting.

SECTION 5

SECTION 6
AWARDS

A. Options. The Committee may grant Options to Eligible Individuals in accordance with the provisions of this subsection subject to such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine to be appropriate.

1. Exercise Price. The exercise price per Share of an Option shall be determined by the Committee; provided, however, that such exercise price shall not be less than 100% of the Fair Market Value of a Share on the Date of Grant of such Option, and such exercise price may not be decreased during the Term of the Option except pursuant to an adjustment in accordance with Section 3(C).

2. Option Term. The Term of each Option shall be fixed by the Committee and the maximum Term of each Option shall be ten (10) years.

3. Time and Manner of Exercise. The Committee shall determine the time or times at which an Option may be exercised, and the manner in which (including, without limitation, cash, Shares, other securities, other Awards or other property, or any combination thereof, having a Fair Market Value on the exercise date equal to the relevant exercise price) payment of the exercise price with respect thereto may be made, or deemed to have been made. The Committee may authorize the use of any form of cashless exercise of an Option that is legally permissible.

4. Employment Status. Except as provided in paragraphs (a) through (d) below or as may otherwise be provided by the Committee (either at the time of grant of an Option or thereafter), an Award Recipient's Options and Stock Appreciation Rights shall be immediately forfeited upon his or her Termination of Employment.

a. Retirement. An Award Recipient's Retirement shall not affect any Option outstanding as of the Termination of Employment due to Retirement other than those granted in the calendar year of Retirement. All Options outstanding as of the Termination of Employment due to Retirement other than those granted in the calendar year of such Termination of Employment shall continue to vest pursuant to the vesting schedule applicable to such Options, and any vested Options outstanding as of the Termination of Employment due to Retirement (including any ISO held by an Award Recipient who is not Disabled) shall continue in full force and effect for the remainder of the Term of the Option. All Options granted in the calendar year of Termination of Employment due to Retirement that have not otherwise vested as of such termination shall terminate upon the date of Retirement.

b. Disability. Upon the cessation of the Award Recipient's employment or service as a director due to Disability, any Option held by such individual that was exercisable immediately before the Termination of Employment due to Disability shall continue to be exercisable until the earlier of (i) the third anniversary of the Award Recipient's Termination of Employment (or, in the case of any ISO held by an Award Recipient who is Disabled, the first anniversary of the Award Recipient's Termination of Employment) and (ii) the expiration of the Term of the Option.

c. Death. Upon the Award Recipient's death (whether during his or her employment or service as a director with the Corporation or an Affiliate or during any otherwise applicable post-termination exercise period, which in the case of an ISO, shall not exceed three (3) months), any Option held by such individual that was exercisable immediately before the Termination of Employment shall continue to be exercisable by the Beneficiary(ies) of the decedent, until the earlier of (i) the first anniversary of the date of the Award Recipient's death and (ii) the expiration of the Term of the Option.

d. Other Terminations of Employment. Upon the Award Recipient's Termination of Employment for any reason other than Retirement, Disability, death or for Cause, any Option

held by such individual that was exercisable immediately before the Termination of Employment shall continue to be exercisable until the earlier of (i) the expiration of the three-month period following the Award Recipient's Termination of Employment and (ii) the expiration of the Term of the Option.

e. Extension or Reduction of Exercise Period. In any of the foregoing circumstances, subject to Section 8, the Committee may extend or shorten the exercise period, but may not extend any such period beyond the Term of the Option as originally established (or, insofar as this paragraph relates to Stock Appreciation Rights, the Term of the SAR Award as originally established). Further, with respect to ISOs, as a condition of any such extension, the holder shall be required to deliver to the Corporation a release which provides that such individual will hold the Corporation and/or Affiliates harmless with respect to any adverse tax consequences the individual may suffer by reason of any such extension.

B. Stock Appreciation Right Awards. The Committee may grant Stock Appreciation Rights to Eligible Individuals in accordance with the provisions of this subsection subject to such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine to be appropriate. The Term of each SAR Award shall be fixed by the Committee and the maximum Term of each SAR Award shall be ten (10) years. A Stock Appreciation Right granted under the Plan shall confer on the Award Recipient a right to receive upon exercise thereof the excess (if any) of (i) the Fair Market Value of one Share on the date of exercise over (ii) the grant price of the Stock Appreciation Right Award as specified by the Committee, which price shall not be less than 100% of the Fair Market Value of one Share on the Date of Grant of the Stock Appreciation Right. Subject to the terms of the Plan, the Committee shall determine the grant price, Term, manner of exercise, dates of exercise, methods of settlement (cash, Shares or a combination thereof) and any other terms and conditions of any SAR Award. The Committee may impose such conditions or restrictions on the exercise of any SAR Award as it may deem appropriate. Except as otherwise provided by the Committee or in an Award Agreement, any SAR Award must be exercised during the period of the Award Recipient's employment or service as a director with the Corporation or Affiliate, provided that the provisions of Section 6(A)(4)(a)-(e) hereof shall apply for purposes of determining the exercise period in the event of the Award Recipient's Retirement, Disability, death or other Termination of Employment.

C. Restricted Stock Awards. The Committee may make Restricted Stock Awards to Eligible Individuals in accordance with the provisions of this subsection subject to such additional terms and conditions not inconsistent with the provisions of the Plan as the Committee shall determine to be appropriate.

1. Nature of Restrictions. Restricted Stock Awards shall be subject to such restrictions, including Performance Measures, as the Committee may impose (including, without limitation, any limitation on the right to vote a Share of Restricted Stock or the right to receive any dividend or other right or property with respect thereto), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise as the Committee may deem appropriate. Subject to the Committee's authority under Section 6(C)(3) below, the minimum Restriction Period with respect to a Restricted Stock Award that is subject to restrictions that are Performance Measures shall be one (1) year, and the minimum Restriction Period with respect to a Restricted Stock Award that is subject to restrictions that are not Performance Measures shall be three (3) years. The Committee may, as of the Date of Grant, designate an Award of Restricted Stock that is subject to Performance Measures as a Qualified Performance-Based Award.

2. Stock Certificates. Restricted Stock Awards granted under the Plan shall be evidenced by the issuance of a stock certificate(s), which shall be held by the Corporation. Such certificate(s) shall be registered in the name of the Award Recipient and shall bear an appropriate legend which refers to the restrictions applicable to such Restricted Stock Award. Alternatively, shares of Restricted Stock under the Plan may be recorded in book entry form.

3. Forfeiture; Delivery of Shares. Except as may be otherwise provided in an Award Agreement, upon an Award Recipient's Termination of Employment (as determined under criteria established by the Committee) during the applicable Restriction Period, all Shares of Restricted Stock shall

be immediately forfeited and revert to the Corporation; provided, however, that the Committee may waive, in whole or in part, any or all remaining restrictions applicable to the Restricted Stock Award. Shares comprising any Restricted Stock Award held by the Corporation that are no longer subject to restrictions shall be delivered to the Award Recipient (or his or her Beneficiary) promptly after the applicable restrictions lapse or are waived.

D. Restricted Stock Unit Awards. The Committee may grant Awards of Restricted Stock Units to Eligible Individuals, subject to Section 8 hereof and such other terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine to be appropriate. A Restricted Stock Unit shall represent an unfunded, unsecured right to receive one Share or cash equal to the Fair Market Value of a Share.

1. Nature of Restrictions. Restricted Stock Unit Awards shall be subject to such restrictions, including Performance Measures, as the Committee may impose, which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise as the Committee may deem appropriate. Subject to the Committee's authority under Section 6(D)(3) below, the minimum Restriction Period with respect to a Restricted Stock Unit Award that is subject to restrictions that are Performance Measures shall be one (1) year, and the minimum Restriction Period with respect to a Restricted Stock Unit Award that is subject to restrictions that are not Performance Measures shall be three (3) years. The Committee may, as of the Date of Grant, designate an Award of Restricted Stock as a Qualified Performance-Based Award.

2. Rights as a Stockholder. An Eligible Individual to whom Restricted Stock Units are granted shall not have any rights of a stockholder of the Corporation with respect to the Share represented by the Restricted Stock Unit Award. If so determined by the Committee, in its sole and absolute discretion, Restricted Stock Units may include a dividend equivalent right, pursuant to which the Award Recipient will either receive cash amounts (either paid currently or on a contingent basis) equivalent to the dividends and other distributions payable with respect to the number of Shares represented by the Restricted Stock Units, or additional Restricted Stock Units with a Fair Market Value equal to such dividends and other distributions, as specified in the Award Agreement. Dividend equivalent rights that the Committee determines are subject to Section 409A of the Code shall be paid or settled in accordance with Section 8 hereof.

3. Forfeiture/Settlement. Except as may be otherwise provided in an Award Agreement, upon an Award Recipient's Termination of Employment (as determined under criteria established by the Committee) during the applicable Restriction Period, all Restricted Stock Units shall be immediately forfeited; provided, however, that the Committee may waive, in whole or in part, any or all remaining vesting requirements or restrictions applicable to the Restricted Stock Unit Award. Subject to Section 11(D) hereof, an Award of Restricted Stock Units shall be settled in Shares as and when the Restricted Stock Units vest or at a later time permitted under Section 8 hereof and specified by the Committee in the Award Agreement.

E. Performance Awards. The Committee may grant Performance Awards (designated as Qualified Performance-Based Awards or not) to Eligible Individuals in accordance with the provisions of this Section 6(E), subject to Section 8 hereof and such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine to be appropriate. A Performance Award granted under the Plan (i) may be denominated or payable in cash, Shares (including, without limitation, Restricted Shares), other securities, other Awards, or other property, and (ii) shall confer on the Award Recipient the right to receive a dollar amount or number of Shares upon the attainment of Performance Measures during any Performance Period, as established by the Committee. Subject to the terms of the Plan and any applicable Award Agreement, the Performance Measures to be achieved during any Performance Period, the length of any Performance Period and the amount of any payment or number of Shares in respect of a Performance Award shall be determined by the Committee.

F. Other Stock-Based Awards. The Committee may grant Other Stock-Based Awards to Eligible Individuals in accordance with the provisions of this Section 6(F), subject to Section 8 hereof and such other additional terms and conditions, including Performance Measures, not inconsistent with the provisions of the Plan, as the Committee shall determine. Other Stock-Based Awards may be denominated or payable in, valued in whole

Table of Contents

or in part by reference to, or otherwise based on or related to, Shares (including, without limitation, securities convertible into Shares), as are deemed by the Committee to be consistent with the purpose of the Plan.

G. General. Except as otherwise specified in the Plan or an applicable Award Agreement, the following provisions shall apply to Awards granted under the Plan:

1. Consideration for Awards. Other than the payment of the exercise price or grant price in connection with the exercise of an Option or Stock Appreciation Right, Awards shall be made without monetary consideration or for such minimal monetary consideration as may be required by applicable law. In no event may any Option or Stock Appreciation Right granted under this Plan be amended, other than pursuant to Section 3(C), to decrease the exercise or grant price thereof, be cancelled in conjunction with the grant of any new Option or Stock Appreciation Right with a lower exercise or grant price, or otherwise be subject to any action that would be treated, for accounting purposes, as a repricing of such Option or Stock Appreciation Right, unless such amendment, cancellation, or action is approved by the Corporation's stockholders.

2. Forms of Payment under Awards. Subject to the terms of the Plan and of any applicable Award Agreement, payments or transfers of Shares to be made by the Corporation or an Affiliate upon the grant, exercise or satisfaction of an Award may be made in such form or forms as the Committee shall determine (including, without limitation, cash, Shares, other securities, other Awards or other property or any combination thereof), and may be made in a single payment or transfer, or in installments, and may be made upon vesting or such later date permitted under Section 8 hereof and specified in the applicable Award Agreement, and, in each case, in accordance with rules and procedures established by the Committee. Such rules and procedures may include, without limitation, provisions for the payment or crediting of reasonable interest on installment or deferred payments.

3. Limits on Transfer of Awards. No Award and no right under any such Award shall be transferable by an Award Recipient otherwise than by will or by the laws of intestacy; provided, however, that, an Award Recipient may, in the manner established by the Committee, designate a Beneficiary to exercise the rights of the Award Recipient and to receive any property distributable with respect to any Award upon the death of the Award Recipient. Each Award or right under any Award shall be exercisable during the Award Recipient's lifetime only by the Award Recipient or, if permissible under applicable law, by the Award Recipient's guardian or legal representative. No Award or right under any such Award may be pledged, alienated, attached or otherwise encumbered, and any purported pledge, alienation, attachment or encumbrance thereof shall be void and unenforceable against the Corporation or any Affiliate.

4. Term of Awards. Subject to any specific provisions of the Plan, the term of each Award shall be for such period as may be determined by the Committee.

5. Securities Law Restrictions. All certificates for Shares or other securities delivered under the Plan pursuant to any Award or the exercise thereof shall be subject to such restrictions as the Committee may deem advisable under the Plan, or the rules, regulations and other requirements of the Securities and Exchange Commission, the New York Stock Exchange, any other exchange on which Shares may be eligible to be traded or any applicable federal or state securities laws, and the Committee may cause a legend or legends to be placed on any such certificates to make appropriate reference to such restrictions.

6. Deferring Awards. Under no circumstances may an Award Recipient elect to defer, until a time or times later than the exercise of an Option or a Stock Appreciation Right or the settlement or distribution of Shares or cash in respect of other Awards, receipt of all or a portion of the Shares or cash subject to such Award, or dividends and dividend equivalents payable thereon.

SECTION 7

QUALIFIED PERFORMANCE-BASED AWARDS

A. Section 162(m) Exemption. The provisions of this Plan are intended to ensure that all Options and Stock Appreciation Rights granted hereunder to any Award Recipient who is or may be a covered employee

Table of Contents

(within the meaning of Section 162(m)(3) of the Code) in the tax year in which such Option or Stock Appreciation Right is expected to be deductible to the Corporation qualify for the Section 162(m) Exemption, and all such Awards shall therefore be considered Qualified Performance-Based Awards and this Plan shall be interpreted and operated consistent with that intention (including, without limitation, to require that all such Awards be granted by a committee composed solely of members who satisfy the requirements for being outside directors for purposes of the Section 162(m) Exemption (Outside Directors)). When granting any Award other than an Option or Stock Appreciation Right, the Committee may designate such Award as a Qualified Performance-Based Award, based upon a determination that (i) the recipient is or may be a covered employee (within the meaning of Section 162(m)(3) of the Code) with respect to such Award, and (ii) the Committee wishes such Award to qualify for the Section 162(m) Exemption, and the terms of any such Award (and of the grant thereof) shall be consistent with such designation (including, without limitation, that all such Awards be granted by a committee composed solely of Outside Directors).

B. Limitation on Amendment. Each Qualified Performance-Based Award (other than an Option or Stock Appreciation Right) shall be earned, vested and payable (as applicable) only upon the achievement of one or more Performance Measures, together with the satisfaction of any other conditions, such as continued employment, as the Committee may determine to be appropriate, and no Qualified Performance-Based Award may be amended, nor may the Committee exercise any discretionary authority it may otherwise have under this Plan with respect to a Qualified Performance-Based Award, in any manner that would cause the Qualified Performance-Based Award to cease to qualify for the Section 162(m) Exemption; provided, however, that (i) the Committee may provide, either in connection with the grant of the applicable Award or by amendment thereafter, that achievement of such Performance Measure will be waived upon the death or Disability of the Award Recipient (or under any other circumstance with respect to which the existence of such possible waiver will not cause the Award to fail to qualify for the Section 162(m) Exemption), and (ii) any rights to vesting or accelerated payment on a Change of Control shall apply notwithstanding this Section 7(B).

C. Maximum Cash Award. For purposes of the Section 162(m) Exemption, the maximum amount of compensation payable with respect to an Award granted under the Plan to any Award Recipient who is a covered employee (as defined in Section 162(m) of the Code) that is denominated as a dollar amount will not exceed \$5,000,000 for any calendar year.

D. Limitation on Action by the Full Board. The full Board shall not be permitted to exercise authority granted to the Committee to the extent that the grant or exercise of such authority would cause an Award designated as a Qualified Performance-Based Award not to qualify for, or to cease to qualify for, the Section 162(m) Exemption.

SECTION 8

SECTION 409A OF THE CODE

It is the intention of the Corporation that no Award shall be deferred compensation subject to Section 409A of the Code, unless and to the extent that the Committee specifically determines otherwise, and the Plan and the terms and conditions of all Awards shall be interpreted accordingly. If the Committee determines that an Award is subject to Section 409A of the Code, then the Award shall be paid or settled only upon the Award Recipient's death, Disability, or Separation from Service, or upon a Change of Control, or upon such date(s) or pursuant to a schedule designated by the Committee, as specified in the applicable Award Agreement, subject to the following provisions:

1. Delay for Specified Employees. Notwithstanding any provision of this Plan or the terms of an Award Agreement to the contrary, an Award that is granted to a Specified Employee and that is to be paid or settled upon such Specified Employee's Separation from Service shall not be paid or settled prior to the earlier of (i) the first day of the seventh (7th) month following the date of such Specified Employee's Separation from Service or (ii) the Specified Employee's death.

2. Distribution in the Event of Income Inclusion Under Code Section 409A. If an Award fails to meet the requirements of Section 409A of the Code, the Award Recipient may receive payment in connection with the Award before the Award would otherwise be paid, provided, however, that the amount

Table of Contents

paid to the Award Recipient shall not exceed the lesser of: (i) the amount payable under such Award, or (ii) the amount to be reported pursuant to Section 409A of the Code on the applicable Form W-2 (or Form 1099) as taxable income to the Award Recipient.

3. Distribution Necessary to Satisfy Applicable Tax Withholding. If the Corporation is required to withhold amounts to pay the Award Recipient's portion of the Federal Insurance Contributions Act (FICA) tax imposed under Code Sections 3101, 3121(a) or 3121(v)(2) with respect to an amount that is or will be paid to the Award Recipient under the Award before the amount otherwise would be paid, the Committee may withhold an amount equal to the lesser of: (i) the amount payable under such Award, or (ii) the aggregate of the FICA taxes imposed and the income tax withholding related to such amount.

4. Delay in Payments Subject to Code Section 162(m). In the event the Corporation reasonably anticipates that the payment of benefits under an Award would result in the loss of the Corporation's Federal income tax deduction with respect to such payment due to the application of Code Section 162(m), the Committee may delay the payment of all such benefits under the Award until (i) the first taxable year in which the Corporation reasonably anticipates, or should reasonably anticipate, that if the payment were made during such year, the deduction of such payment would not be barred by application of Code Section 162(m) or (ii) during the period beginning with the date of the Award Recipient's Separation from Service (or, for Specified Employees, the date which is six (6) months after the date of the Award Recipient's Separation from Service) and ending on the later of (A) the last day of the taxable year of the Corporation which includes such date or (B) the 15th day of the third month following the date of the Award Recipient's Separation from Service (or, for Specified Employees, the date which is six (6) months after the date of the Award Recipient's Separation from Service).

5. Delay for Payments in Violation of Federal Securities Laws or Other Applicable Law. In the event the Corporation reasonably anticipates that the payment of benefits under an Award would violate Federal securities laws or other applicable law, the Committee may delay the payment until the earliest date at which the Corporation reasonably anticipates that making of such payment would not cause such violation.

6. Delay for Insolvency or Compelling Business Reasons. In the event the Corporation determines that the making of any payment of benefits on the date specified under an Award would jeopardize the ability of the Corporation to continue as a going concern, the Committee may delay the payment of benefits until the first calendar year in which the Corporation notifies the Committee that the payment of benefits would not have such effect.

7. Administrative Delay in Payment. In the case of administrative necessity, the payment of benefits under an Award may be delayed up to the later of the last day of the calendar year in which payment would otherwise be made or the 15th day of the third calendar month following the date on which payment would otherwise be made. Further, if, as a result of events beyond the control of the Award Recipient (or following the Award Recipient's death, the Award Recipient's Beneficiary), it is not administratively practicable to calculate the amount of benefits due to the Award Recipient as of the date on which payment would otherwise be made, the payment may be delayed until the first calendar year in which calculation of the amount is administratively practicable.

8. No Award Recipient Election. Notwithstanding the foregoing provisions, if the period during which payment of benefits under an Award will be made occurs, or will occur, in two calendar years, the Award Recipient shall not be permitted to elect the calendar year in which the payment shall be made.

SECTION 9

WITHHOLDING OF TAXES

The Corporation will, if required by applicable law, withhold the minimum statutory amount of Federal, state and/or local withholding taxes no later than the date as of which an amount first becomes includible in the

Table of Contents

gross income of an Award Recipient for Federal, state, local or foreign income or employment or other tax. Unless otherwise provided in the applicable Award Agreement, each Award Recipient may satisfy any such tax withholding obligation by any of the following means, or by a combination of such means: (i) a cash payment; (ii) by delivery to the Corporation of already-owned Shares which have been held by the individual for at least six (6) months having a Fair Market Value, as of the Tax Withholding Date, sufficient to satisfy the amount of the withholding tax obligation arising from an exercise or vesting of an Award; (iii) by authorizing the Corporation to withhold from the Shares otherwise issuable to the individual pursuant to the exercise or vesting of an Award, a number of shares having a Fair Market Value, as of the Tax Withholding Date, which will satisfy the amount of the withholding tax obligation; or (iv) by a combination of such methods of payment. If the amount requested is not paid, the Corporation may refuse to satisfy the Award. The obligations of the Corporation under the Plan shall be conditional on such payment or arrangements, and the Corporation and its Affiliates shall, to the extent permitted by law, have the right to deduct any such taxes from any payment otherwise due to such Award Recipient. The Committee may establish such procedures as it deems appropriate, including making irrevocable elections, for the settlement of withholding obligations with Shares.

SECTION 10

AMENDMENT AND TERMINATION

A. Amendments to and Termination of the Plan. The Committee or the Board may amend, alter, or discontinue the Plan at any time by written consent executed by its members, but no amendment, alteration or discontinuation shall be made which would materially impair the rights of the Award Recipients with respect to a previously granted Award without such Award Recipient's consent, except such an amendment made to comply with applicable law, including without limitation Section 409A of the Code, stock exchange rules or accounting rules. In addition, no such amendment shall be made without the approval of the Corporation's stockholders to the extent such approval is required by applicable law (including Section 422 of the Code) or the listing standards of the applicable stock exchange.

B. Amendments to Awards. Subject to Section 6(G)(1), the Committee may unilaterally amend the terms of any Award theretofore granted, but no such amendment shall cause a Qualified Performance-Based Award to cease to qualify for the Section 162(m) Exemption or, without the Award Recipient's consent, materially impair the rights of any Award Recipient with respect to an Award, except such an amendment made to cause the Plan or Award to comply with applicable law, stock exchange rules or accounting rules. Furthermore, no amendment may be made to a NQSO Award or a SAR Award which would cause the exercise price or the grant price (as applicable) to be less than 100% of the Fair Market Value of one Share as of the Date of Grant except as provided in Section 3(C).

C. Payment of Benefits Upon Termination of Plan. Upon termination of the Plan, the Corporation may settle any outstanding Award that is not subject to Code Section 409A as soon as is practicable following such termination and may settle any outstanding Award that is subject to Code Section 409A in accordance with one of the following:

1. the termination and liquidation of the Plan within twelve (12) months of a complete dissolution of the Corporation taxed under Section 331 of the Code or with the approval of a bankruptcy court pursuant to 11 U.S.C. § 503(b)(1)(A); provided that the amounts deferred under this Plan are included in the Participants' gross incomes in the latest of the following years (or, if earlier, the taxable year in which the amount is actually or constructively received): (i) the calendar year in which the Plan is terminated; (ii) the first calendar year in which the amount is no longer subject to a substantial risk of forfeiture; or (iii) the first calendar year in which the payment is administratively practicable.

2. the termination and liquidation of the Plan pursuant to irrevocable action taken by the Committee or the Corporation within the thirty (30) days preceding or the twelve (12) months following a Change of Control; provided that all Aggregated Plans are terminated and liquidated with respect to each Participant that experienced the Change of Control, so that under the terms of the termination and liquidation, all such Participants are required to receive all amounts of deferred compensation under this Plan and any other Aggregated Plans within twelve (12) months of the date the Committee or the Corporation irrevocably takes all necessary action to terminate and liquidate this Plan and the Committee or

Table of Contents

the Corporation, as the case may be, takes all necessary action to terminate and liquidate such other Aggregated Plans;

3. the termination and liquidation of the Plan, provided that: (i) the termination and liquidation does not occur proximate to a downturn in the Corporation's financial health; (2) the Committee or the Corporation, as the case may be, terminates and liquidates all Aggregated Plans; (3) no payments in liquidation of this Plan are made within twelve (12) months of the date the Committee or the Corporation irrevocably takes all necessary action to terminate and liquidate this Plan, other than payments that would be payable under the terms of this Plan if the action to terminate and liquidate this Plan had not occurred; (4) all payments are made within twenty four (24) months of the date on which the Committee or the Corporation irrevocably takes all action necessary to terminate and liquidate this Plan; and (5) the Corporation does not adopt a new Aggregated Plan at any time within three (3) years following the date on which the Committee or the Corporation irrevocably takes all action necessary to terminate and liquidate the Plan.

SECTION 11

MISCELLANEOUS PROVISIONS

A. Conditions for Issuance. The Committee may require each person purchasing or receiving Shares pursuant to an Award to represent to and agree with the Corporation in writing that such person is acquiring the Shares without a view to the distribution thereof. The certificates for such Shares may include any legend which the Committee deems appropriate to reflect any restrictions on transfer. Notwithstanding any other provision of the Plan or Award Agreements made pursuant thereto, with respect to any Award other than an Award that is subject to Code Section 409A, the Corporation shall not be required to issue or deliver any certificate or certificates for Shares under the Plan prior to fulfillment of all of the following conditions: (i) listing or approval for listing upon notice of issuance, of such Shares on the applicable stock exchange; (ii) any registration or other qualification of such Shares of the Corporation under any state or Federal law or regulation, or the maintaining in effect of any such registration or other qualification which the Committee shall, in its absolute discretion upon the advice of counsel, deem necessary or advisable; and (iii) obtaining any other consent, approval, or permit from any state or Federal governmental agency which the Committee shall, in its absolute discretion after receiving the advice of counsel, determine to be necessary or advisable, and, with respect to any Award that is subject to Code Section 409A, the Corporation shall not be required to issue or deliver any certificate or certificates for Shares under the Plan if the Corporation reasonably anticipates that such issuance or delivery would violate applicable Federal securities laws or other applicable law, provided the Corporation issues or delivers the Shares at the earliest date on which the Corporation reasonably anticipates that such issuance or delivery would not cause such violation.

B. Additional Compensation Arrangements. Nothing contained in the Plan shall prevent the Corporation or any Subsidiary or Affiliate from adopting other or additional compensation arrangements for its employees. Participation in the Plan shall not affect an individual's eligibility to participate in any other benefit or incentive plan of the Corporation.

C. No Contract of Employment or Rights to Awards. The Plan shall not constitute a contract of employment, and adoption of the Plan shall not confer upon any employee any right to continued employment, nor shall it interfere in any way with the right of the Corporation or any Subsidiary or Affiliate to terminate the employment of any employee at any time. No employee, director or other person shall have any claim or right to receive an Award under the Plan. Receipt of an Award shall not confer upon the Award Recipient any rights of a stockholder with respect to any Shares subject to such Award except as specifically provided in the Agreement relating to the Award.

D. Limitation on Dividend Reinvestment and Dividend Equivalents. Reinvestment of dividends in additional Restricted Stock at the time of any dividend payment, and the reinvestment of dividend equivalent rights in additional Restricted Stock Units payable in Shares shall only be permissible if sufficient Shares are available under Section 3 for such reinvestment or payment (taking into account then outstanding Awards). In the event that sufficient Shares are not available, such reinvestment of dividends and dividend equivalent rights shall be made in the form of a grant of Restricted Stock Units equal in number to the Shares that would have been obtained by such reinvestment and the terms of which Restricted Stock Units shall provide for settlement in cash.

E. **Subsidiary Employees.** In the case of a grant of an Award to any employee of a Subsidiary of the Corporation, the Corporation may, if the Committee so directs, issue or transfer the Shares, if any, covered by the Award to the Subsidiary, for such lawful consideration as the Committee may specify, upon the condition or understanding that the Subsidiary will transfer the Shares to the employee in accordance with the terms of the Award specified by the Committee pursuant to the provisions of the Plan. All Shares underlying Awards that are forfeited or canceled shall revert to the Corporation.

F. **Governing Law and Interpretation.** The Plan and all Awards made and actions taken thereunder shall be governed by and construed in accordance with the laws of the State of Ohio, without reference to principles of conflict of laws, except to the extent preempted by Federal law. To the extent that any Award is subject to Code Section 409A, the terms of the Award Agreement and this Plan shall be construed and interpreted in accordance with Code Section 409A and the Regulations and interpretative guidance promulgated thereunder. The captions of this Plan are not part of the provisions hereof and shall have no force or effect.

G. **Foreign Employees and Foreign Law Considerations.** The Committee may grant Awards to Eligible Individuals who are foreign nationals, who are located outside the United States or who are not compensated from a payroll maintained in the United States, or who are otherwise subject to (or could cause the Corporation to be subject to) legal or regulatory provisions of countries or jurisdictions outside the United States, on such terms and conditions different from those specified in the Plan as may, in the judgment of the Committee, be necessary or desirable to foster and promote achievement of the purposes of the Plan, and, in furtherance of such purposes, the Committee may make such modifications, amendments, procedures, or subplans as may be necessary or advisable to comply with such legal or regulatory provisions.

H. **Expenses.** The expenses of the Plan shall be borne by the Corporation.

I. **Acceptance of Terms.** By accepting an Award under the Plan or payment pursuant to any Award, each Award Recipient, legal representative and Beneficiary shall be conclusively deemed to have indicated his or her acceptance and ratification of, and consent to, any action taken under the Plan by the Committee or the Corporation. A breach by any Award Recipient, his or her Beneficiary(ies), or legal representative, of any restrictions, terms or conditions contained in the Plan, any Award Agreement, or otherwise established by the Committee with respect to any Award will, unless waived in whole or in part by the Committee, cause a forfeiture of such Award.

SECTION 12

EFFECTIVE AND TERMINATION

The Plan will terminate on the tenth (10th) anniversary of the Effective Date, unless earlier terminated in accordance with Section 10. 4. Approval by the Corporation's stockholders of a complete liquidation or dissolution of the Corporation.

B. With respect to any Award subject to Section 409A of the Code, the above definition of "Change of Control" shall mean:

1. any one person, or more than one person acting as a group, acquires ownership of stock of the Corporation that, together with stock held by such person or group, constitutes more than 50% of the total fair market value or total voting power of the stock of the Corporation;
