**Section 2 Financial Information****Item 2.02 Results of Operations and Financial Condition.**

Operating Revenues from Continuing Operations for the three month period ended September 30, 2009 deteriorated to \$0.9 million from \$3.0 million for the corresponding period for 2008. This deterioration was attributable to both a decrease in the realized price for oil sold and lower volumes of oil sold at the Ninotsminda Field in Georgia.

The Company reported a Net Loss for the three month period ended September 30, 2009 of \$1.7 million compared to a net loss of \$0.9 million in the corresponding period for 2008. This was attributable to an increase in Operating Loss from Continuing Operations compared to the corresponding period for 2008.

Operating Loss from Continuing Operations for the three month period ended September 30, 2009 increased to \$0.7 million compared to an Operating Income of \$0.2 million in the corresponding period for 2008. This was due to lower Operating revenues from Continuing Operations and increased Direct Project Costs, being offset partially by reduced Field Operating Expenses, Selling, General and Administrative Expenses and Depreciation, Depletion and Amortization.

**The forgoing is qualified by and should be read together with the unaudited preliminary financial statements set forth in Item 7.01 herein.**

**Table of Contents**

Accordingly, such information does not necessarily reflect results of the Company's operations and financial condition that may be reportable after completion of a review or audit and, while management is reasonably confident that such information is materially accurate, such preliminary results may be subject to change and should not be regarded as a definitive report on results of operations and financial condition of the Company as at September 30, 2009 and as at December 31, 2008 and for the fiscal periods then ended. Although these statements have been produced on a best effort basis and management believes they are accurate, they may not be relied upon.**

As previously reported, the Company is currently in default in making interest payments under its outstanding Senior Subordinated Convertible Guaranteed Notes, due September 1, 2009 and its 12% Subordinated Convertible Guaranteed Notes, due June 28, 2010. The Company is also currently in default under the terms of its Settlement Agreement with WEUS Holding Inc ( WEUS ), a subsidiary of Weatherford International Ltd, as reported previously. As also previously reported the Company has commenced a voluntary proceeding seeking relief under the provisions of Chapter 11 of the U.S. Bankruptcy Code ( Bankruptcy Code ) with the United States Bankruptcy Court for the Southern District of New York (the Bankruptcy Court ) on October 28, 2009. The pre-packaged Chapter 11 case is being administered under the caption *In re CanArgo Energy Corporation*, No. 09-16453 (the Chapter 11 Case ). The Bankruptcy Court assumed jurisdiction over the assets of the Company, as of the date of the filing of the bankruptcy petition. The Company will remain in possession of its assets, and continue to manage and operate its business and properties, as debtor-in-possession, subject to the provisions of the Bankruptcy Code and the supervision and orders of the Bankruptcy Court. The Company lacked the resources to timely file the Form 10-Q due on November 16, 2009, without unreasonable effort or expense.
